MINUTES

1979 TOWN MEETING

The 1979 Lee Town Meeting was called to order by Deputy Moderator George Nugent, in the absence of Town Moderator Dale Swanson, on Tuesday, March 13th at 10:00 a.m. in the Lee Town Hall.

Article 1: To choose all necessary Town Officers for the ensuing year.

Selectman for three years:

Shirley M. Clark** 227 votes
(unopposed)

Auditors for one year (vote for two)

Aaron Chadbourn** 235 votes
Cynthia M. Taylor** 245 votes

Library Trustee for three years (vote for one):

Beryl Banks 55 votes
Ann P. Hatch** 209 votes

**Trustee of the Trust Fund for three years
(vote for one)**

Charles Hartnett** 236 votes
(unopposed)

**Advisory Budget Committee for three years
(vote for two):**

Elizabeth Parks** 240 votes
Donovan VanOsdol** 203 votes

There was a total vote cast of 294, including 5 absentee ballots.

ARTICLE 2: To see if the Town will vote the change in the Zoning Ordinance pertaining to gravel pits as proposed by the petition of Develan E. Whaley and at least twenty-four other registered voters of the town.

****Article 2 is lost. Yes, 118; No, 171.**

ARTICLE 3: To see if the Town will vote to rescind the provisions for RSA 72:43-b and 43-c and amendments thereto for granting exemptions on real estate for residents sixty-five years of age or over. (By petition of Robert M. Emerson and at least nine other registered voters.)

****Article 3 is lost. Yes, 101; No 186**

ARTICLE 4: To see if the Town will vote to adopt the provisions of RSA 72:62 for a property tax exemption on real property equipped with a solar energy heating or cooling system, which exemption shall be in an amount equal to the cost of the solar energy heating or cooling system, and not to exceed \$10,000. (By petition of William M. Baum and at least 9 other registered voters.)

****Article 4 is lost. Yes, 107; No, 165.**

ARTICLE 5: To see if the Town will reaffirm its vote to combine the office of the Tax Collector with the office of Town Clerk.

****Article 5 is passed. Yes, 220; No, 66.**

ARTICLE 6: To see if the Town will vote to adopt the provisions of RSA 31:94-a, 94-c, and 94-d, which provide for the orderly conversion of the Town's fiscal year from a calendar year to an accounting year running from July 1 to June 30th of the following year; and which further provide for an initial eighteen month accounting year to facilitate the conversion.

Mrs. Clark made a substitute motion: "To see if the Town will vote to authorize the Selectmen to further investigate the advantages and disadvantages of shifting the Town's fiscal year from the calendar year to an accounting year, running from July 1 to June 30th, also to investigate alternative ways of reducing the amounts necessary to be borrowed in anticipation of taxes."

Mr. Dennis seconded the substitute motion. Mrs. Clark explained why the Selectmen felt this is a good idea and ways it could be accomplished. Slides were shown, with a good deal of discussion about our surplus and how it could be used to facilitate this change, where our tax dollars go, etc. They would, however, like one more year to investigate this idea.

****Article 6, substitute motion, is passed.**

ARTICLE 7: To see if the Town will vote to authorize the continued accumulation of surplus for the purposes of assisting the mandated (under Article 6) conversion of the Town's fiscal year.

Mrs. Clark again made a substitute motion to go along with Article 6: "To see if the Town will vote to authorize the continued accumulation of surplus for the purposes of assisting in the conversion of the Town's fiscal year and reducing the amount of money necessary to be borrowed in anticipation of taxes."

Mr. Dennis seconded this substitute motion. Mrs. McCabe brought up the matter of fairness to new people moving into town, as well as people leaving town and who should bear the brunt of accumulating surplus. Mr. Ford explained the Budget Committee was aware of these substitute motions and not opposed to them.

***Article 7, substitute motion, is passed.**

ARTICLE 8: To see if the Town will vote to raise and appropriate such sums of money as may be necessary to defray the town charges for the ensuing year for general government including: town officers' salaries, and expenses, election and registration, town buildings' expenses, employees' retirement and social security, building inspector's salary and fees, police department, fire department, conservation commission, insurance, planning and zoning, legal expenses, health and vital statistics, town dump, town highway department, general expenses of the highway department, public library, public welfare of town poor and old age, assistance, Memorial Day and Old Home Day, cemeteries and abandoned cemeteries, dog care and salary, debt service for interest on temporary loans, bulk gas, town reports, recreation and contingency fund.

Mr. Ford moved that the town raise and appropriate the sum of \$202,933.00 to defray the town charges for the ensuing year; and Mr. Dennis seconded. This year's appropriation was compared to last year's, showing an increase in the operating budget of 7%. Then followed a lengthy discussion of various sections of the budgets, especially the Highway Department, the appropriation for Town Poor, Police Department, Oyster River Youth Association. Many minutes were spent discussing, tax rate, capital reserve funds, school taxes, with the final outcome being that the tax rate could not be set now as there were still so many unknown factors. Finally Mr. Sackett moved the question and Mr. Hurley seconded.

****Article 8 is passed.**

ARTICLE 9: To see if the Town will vote to raise and appropriate the sum of twenty-five thousand, five hundred dollars (\$25,500) for the purpose of the reappraisal of all the taxable property within the town.

Mrs. Clark moved and Mr. Dennis seconded this motion. Mrs. Clark explained that there have been some complaints about the assessments in town and she also

explained the computer program the town could be on which would keep us at 100% evaluation all the time. Mr. Bradshaw had some questions about this and just how it would work. Mrs. Clark talked about the increasing difficulties in assessing property, with odd-shaped homes, solar heating, etc. Mr. Dennis added that mobile homes were also an assessing problem. Considerable discussion followed, including Mr. Cathcart stating that he felt new home owners had an unfair burden tax-wise and that property owners could always use the current use exemption. Then followed some discussion of Current Use. Finally Mr. St. Jean moved the question.

****Article 9 is lost. Yes, 77; No, 82**

ARTICLE 10: To see if the Town will vote to raise and appropriate the sum of \$5,000.00 to be deposited with the Trustees of the Trust Funds as capital reserve for fire department equipment.

Mr. Dennis moved, Mrs. Clark seconded this article. Mr. Dennis explained that this was being proposed in anticipation of the time when a new fire engine was needed for some major repairs. Then the pros and cons of bond issues and capital reserves were discussed, with valid arguments on both sides, until the question was moved.

****Article 10 is passed.**

ARTICLE 11: To see if the Town will vote to raise and appropriate the sum of \$10,000 to be deposited with the Trustees of the Trust Funds as capital reserve for highway equipment.

Mr. Dennis moved, Mrs. Clark seconded Article 11. This article was proposed for the same reasons as Article 10, in anticipation of major repairs or purchases. Mr. Keniston brought up the fact that later on in the warrant was an article for money for Hough repairs and he thought it would be wise to eliminate one of these articles.

****Article 11 is lost, with a show of cards.**

ARTICLE 12: To see if the Town will vote to raise and appropriate the sum of \$10,000 to be deposited with the Trustees of the Trust Funds as capital reserve for the construction, renovation, and improvement of town buildings, offices, facilities and attendant grounds. (Recommended by the Town Building Committee.)

Mr. Ford moved this article and Mr. Dennis seconded. Mr. Ford explained some of the activities of the Building Committee this past year and some of the reasons why they were recommending this warrant article. Since no definite plans have been made as yet as far as construction and/or renovations, they felt it would be wise to start saving some money. Some general discussion followed, including a motion to table, which in turn resulted in a lengthy debate. Mrs. Clark explained that since reevaluation had been voted down previously and since they were going to propose taking that money from Revenue Sharing funds, perhaps now funds for Article 12 could be taken from Revenue Sharing.

****Article 12 is passed.**

ARTICLE 13: To see if the Town will vote to raise and appropriate the sum of \$1,500.00 for the Lee Conservation Commission.

Moved by Mr. Dennis and seconded by Mrs. Clark. Mr. Dennis explained that this money would be put aside to be used in the future if some appropriate piece of land became available. The budget of the Conservation Commission was discussed at length, as well as the advisability of this article.

****Article 13 is passed, with a show of cards.**

ARTICLE 14: To see what sum of money the Town will vote to raise and appropriate to purchase the former John Gund property on Wednesday Hill for recreation, conservation, or other public uses, said property being 11.8 acres and listed in Strafford County Registrar of Deeds, Book 1010, page 8.

Mr. Ford moved that Article 14 be passed over as Wednesday Hill had already been sold. Seconded by Mr. Dennis.

****Motion to pass over Article 14 is passed.**

ARTICLE 15: To see if the Town will vote to authorize the Selectmen to reimburse Chief Brian Burke for legal expenses incurred in a civil action against him arising out of actions taken while performing his official duties as Chief of Police and to raise and appropriate the necessary sums for such legal expenses.

Mrs. Clark moved and Mr. Dennis seconded this article. Mrs. Clark told us that this event occurred prior to our passing the indemnification authorization last year and court action was brought last fall. The selectmen feel it only fair to reimburse Mr. Burke for court expenses. Various alternatives were proposed, but it was finally agreed that the Chief of Police does not get a large salary and should be reimbursed.

****Article 15 is passed.**

ARTICLE 16: To see if the Town will vote to authorize the Board of Selectmen to act as Trustees or Agents of the Town to receive from the Trustees of the Trust Funds, pursuant to RSA 35:3 and 15, the sum of \$13,571.00 and to expend such sum for the Town's share in the 1979 capital construction costs and attendant expenses of the Lamprey Regional Solid Waste Cooperative, such expenditures to be taken from the capital reserve fund established to defray the costs of complying with State requirements banning open dump burning pursuant to RSA 125:78 & ff.

The article was moved by Mr. Ford and seconded by Mr. Dennis.

Mr. Ford explained this would be our first year's payment to the Lamprey Regional and talked some about the group and how the regional cooperative would even-

tually work. Mrs. McCabe proposed an amendment to this, regarding the withdrawal of Capital Reserve funds, explaining that departments sometimes withdraw their funds right after Town Meeting and consequently might lose some interest. However, Mrs. Clark explained that legally the article had to be worded as it was but that the Selectmen would promise not to withdraw funds until needed. Mrs. McCabe withdrew her motion.

****Article 16 is passed.**

ARTICLE 17: To see if the Town will vote to authorize the Board of Selectment to act as trustees or agents of the Town to receive from the Trustees of the Trust Funds, pursuant to RSA 31:3 and 15, the sum of \$10,000 and to expend such sum for the repair of the front-end loader (Hough).

Moved by Mr. Dennis, seconded by Mrs. Clark. Mr. Dennis explained that the Hough was in need of some repairs, perhaps, and this is just an estimate, \$10,000 worth, but a new Hough would cost us around \$60,000. Mr. Keniston amended the motion, suggesting that rather than drawing the \$10,000 from the Trust Fund and then putting it back, that we just raise the \$10,000. Mr. Dennis seconded the motion. After considerable debate about trust funds, etc. the amended motion: To see if the Town will vote to raise and appropriate the sum of \$10,000 to expend such sum for the repair of the front-end loader.

Show of cards resulted in a tie vote, with a request for a recount.

****The amendment to Article 17 is passed.**
Yes, 73; No, 65.

ARTICLE 18: To see if the Town will vote to raise and appropriate the sum of \$681.43 for construction of Class V Highways under the provisions of TRA so-called. (The State will contribute the sum of \$4,542.86.)

Mr. Dennis moved, Mr. Ford seconded and Mr. Dennis stated they did not know, at this point, what roads would receive the work.

****Article 18 is passed, with a show of cards.**

ARTICLE 19: To see if the Town will vote to appropriate the estimated sum of \$7,052.64 for the construction or reconstruction of Town roads (RSA 241:15, Additional Highway Subsidy to towns and cities.)

Mr. Dennis moved and this article was seconded. This is extra money from the State and we have to vote to spend it.

****Article 19 is passed.**

ARTICLE 20: To see if the Town will vote to raise and appropriate the sum of \$1,500.00 for the repair and improvements to the Town Hall.

Mrs. Clark moved, Mr. Ford seconded this article. Mrs. Clark described the conditions in the Town Hall, especially on cold winter days, explaining that storm windows were needed, as well as a more efficient heating system.

****Article 20 is passed.**

ARTICLE 21: To see if the Town will vote to raise and appropriate the sum of \$1,316 for the Oyster River Home Health Association.

Moved by Mr. Dennis, seconded by Mrs. Clark, with no discussion.

****Article 21 is passed.**

ARTICLE 22: To see if the Town will vote to raise and appropriate the sum of \$500 for the Newmarket Health Center.

Mr. Ford moved, Mr. Issa seconded and Mr. Ford stated that this had been approved by the Advisory Budget Committee.

****Article 22 is passed with no further discussion.**

ARTICLE 23: To see if the Town will vote to raise and appropriate the sum of \$2,966.00 for the Durham Ambulance Corps.

Mr. Ford amended this to read: "To see if the Town will vote to raise and appropriate the sum of \$1,656.00 for the Durham Ambulance Corps." He explained that the original article had included an amount to be placed in a Capital Reserve fund toward the eventual purchase of a new ambulance, but that Durham and Madbury had removed their share for this purpose and it was felt that Lee should do the same.

****Article 23, substitute motion, is passed.**

ARTICLE 24: To see if the Town will vote to raise and appropriate the sum of \$1,469.00 for the Strafford Regional Planning Commission.

Mr. Chadbourn moved and Mr. Dennis seconded this article. Mr. Chadbourn, Lee's representative to the Strafford Regional Planning Commission, urged everyone to vote for this feeling it is very important.

****Article 24 is passed.**

ARTICLE 25: To see if the Town will vote to raise and appropriate the sum of \$100 to the Seacoast Regional Development Association.

Moved by Mr. Dennis, seconded by Mrs. Clark.

****Article 25 is lost, through a show of cards.**

ARTICLE 26: To see what sum of money the Town will vote to raise and appropriate for the construction of a sidewalk on Mast Road (Route 155), extending in both

directions one-half mile from the Mastway Elementary School, said sidewalk providing a safe passage for children walking to and from school. (By petition of Michael E. Farrell and at least nine other registered voters.)

Jean Farrell amended this motion to read: "That the Town create a study committee and raise and appropriate \$600 in funds to investigate the feasibility of constructing sidewalks along Mast Road, said sidewalks providing a safe passage for children walking to and from school; said committee would consist of seven members appointed by the Selectmen and instructed to report to the 1980 Town Meeting." This substitute motion was seconded by Mrs. Banks.

Several questions were raised, including the manner in which the land would be acquired, whether there was a preliminary estimate of the cost.

Mr. Stoakes suggested the study be extended to include the entire town, and there was some debate as to whether sidewalks were necessary.

****Article 26, substitute motion, is passed.**

Yes, 65; No, 62.

ARTICLE 27: To see if the Town will vote to appropriate and authorize the withdrawal from the Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972 for use as set-offs against budgeted appropriations for the following specific purposes and in amounts indicated herewith or take any other action hereon:

Repairs and improvements to the Town Hall	\$1,500.00
Revaluation (Reappraisal)	<u>13,275.32</u>
	\$14,775.32

Mrs. Clark amended this motion, since revaluation was voted down this amount would be reallocated. The amended motion is as follows: "\$10,000 to be used as a Capital Reserve fund, replacing that to be raised by taxes

under Article 12 and subject to the same conditions. Repairs and improvements to the Town Hall: \$4,775.32.”

Mr. Dennis seconded the amended motion, followed by discussions of capital reserves, revenue sharing, etc. Mr. Dalton wondered if it was wise to spend \$5,000 for repairs to the town hall, when there will be a major renovation later on. Mrs. Clark again explained the need for some immediate repairs to the Town Hall, especially in the way of insulation and heat. Brian Burke spoke in favor of doing anything we can to make the building safer and more comfortable.

****Article 27, substitute motion, is passed.**

ARTICLE 28: To see if the Town will vote to appropriate and authorize the withdrawal from the Anti-Recessionary fund the sum of \$158.00 for use to offset a portion of the budgeted appropriation for Town Officers’ Expenses.

Mr. Dennis moved, Mrs. Clark seconded. Mr. Dennis explained that this is money already received — we have to vote to spend it.

****Article 28 is passed, with no further discussion.**

ARTICLE 29: To see if the Town wishes to consider authorizing the Selectmen to appoint a Highway Agent, who under the direction of the Selectmen, shall have charge of the construction, maintenance, and repair of all Town highways and bridges and the maintenance and repair of all sidewalks within the Town, except as provided in the laws pertaining to state aid for highways and bridges and Town road and bridge aid, and shall have authority to employ the necessary men and equipment, and purchase timber planks, and other materials for construction and repair of such highways and bridges.

Mrs. Clark moved, Mr. Dennis seconded. Mrs. Clark explained that this was put in on the advice of our present

Road Agent, in anticipation of the time when he is no longer Road Agent. This method should eliminate the possibility of someone becoming road agent in a "popularity contest" and the town ending up with someone perhaps not qualified or without the necessary equipment. Mr. Chadbourn suggested leaving out the words "to consider" and just giving the Selectmen the necessary authorization now.

Mr. Chadbourn amended the motion to read as follows: "To see if the Town wishes to authorize the Selectmen to appoint a Highway Agent when the current Highway Agent's term of office expires, who under the direction of the Selectmen, shall have charge of the construction, maintenance and repair of all Town highways and bridges and the maintenance and repair of all sidewalks within the Town, except as provided in the laws pertaining to state aid for highways and bridges and town road and bridge aid, and shall have authority to employ the necessary men and equipment, and purchase timber planks, and other material for construction and repair of such highways and bridges." Mr. Granger seconded.

This article caused a lengthy debate until a motion was made and seconded to end the debate.

****Article 29 is passed, as amended.**

ARTICLE 30: To see if the Town will vote to require that the Selectmen, before disposing of real property, the title to which has been acquired by Tax Collector's deed, first consult with the Conservation Commission to recommend if the retention of such real property would be in the best interests of the town as provided in RSA 80:42-a, subject to final ratification of the next annual or a special town meeting. (By petition of Robert LeBlanc and at least nine other registered voters.)

Mr. Ford moved this article and it was seconded by Mrs. Roberts. Mr. Ford explained that this was purely ad-

visory, not a mandatory thing, and would simply require the Selectmen to consult the Conservation Commission.

****Article 30 is passed.**

ARTICLE 31: To see if the Town will vote to provide workers' compensation coverage for eligible employees by participating in the New Hampshire Municipal Association Self-Funded Workers' Compensation Program, and to authorize the Selectmen to take such action in furtherance of this vote as may be necessary.

Mrs. Clark moved, Mr. Dennis seconded. Mrs. Clark explained that this is a proposal where towns have gotten together and formed a municipal association which would hopefully result in cheaper Workman's Compensation.

****Article 31 is passed.**

ARTICLE 32: To see if the Town will vote to authorize the Selectmen to sell by sealed bid property acquired through Tax Collector's deeds.

Mr. Dennis moved, Mrs. Clark seconded.

****Article 32 is passed with a minimum of discussion.**

ARTICLE 33: To see if the Town will vote to authorize the Selectmen, at their discretion, to allow selective cutting on the town woodlot by residents under proper supervision.

Mrs. Clark moved this article and it was seconded by Mr. Dennis. Mrs. Clark went on to explain that it had been suggested by Mr. Cathcart, who also volunteered to supervise. The plan was to have the County Forester come in, mark trees to be cut, and then interested townspeople could come in under Mr. Cathcart's supervision and cut down the trees for firewood. Mr. Jenkins indicated there might be a question with the insurance and

also, whether or not the County Forester is authorized to do this type of marking. He also indicated it would be a difficult job for Mr. Cathcart. Mrs. Roberts agreed that the County Forester would not be able to do this type of marking. Mr. Weyrick agreed with Mr. Jenkins that there were problems involved with this type of program and recommended that the Selectmen work closely with the Conservation Commission.

****Article 33 is passed.**

ARTICLE 34: To see if the Town will vote to authorize the Selectmen to sell surplus equipment, valued at over \$300, at public auction or by sealed bids and after being offered at public auction, to sell such property valued at less than \$300 at private sale.

This article was moved by Mr. Dennis and seconded by Mrs. Clark. Mr. Dennis explained that it is too expensive to sell items valued at less than \$300 at sealed bids. Mr. Barney suggested an alternative to this which involved public notices and ads in local papers, but Mr. Dennis explained that we have so few items for sale, probably not more than one item a year.

****Article 34 is passed.**

ARTICLE 35: To see if the Town will vote to authorize the Selectmen to accept on behalf of the Town monies, gifts, legacies, investments, and services; and to accept any Federal or State funds which may become available during 1979. Further, to see if the Town will vote to authorize the Selectmen to make application for said funds and then to expend the same for the purpose designated within applicable federal or state regulations.

Mrs. Clark moved, Mr. Dennis seconded this article, and Mrs. Clark explained that this allowed the selectmen to accept these funds or grants.

****Article 35 is passed.**

ARTICLE 36: To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of taxes.

Mr. Dennis moved, Mr. Ford seconded.

****Article 36 is passed with no discussion.**

ARTICLE 37: To transact any other business which may legally come before this meeting.

Mr. Ginsberg, with apologies for the late hour, had a further motion to make in regard to Lee's recreation program: "I move that the Town ask the Selectmen to set up a committee to study existing recreation programs for the children of Lee and to make recommendations to the Selectmen about the use of the town appropriations to the Recreation Commission for those youth programs; that the committee shall have five members, a representative of the Selectmen, a representative of the Recreation Commission, a representative of the Advisory Budget Committee and two residents at large. The committee shall make recommendations to the Selectmen concerning the overall purposes of youth recreation, the best way to run a good program for the town and the best use of any money appropriated by the town.

Mr. St. Jean seconded this motion. Mr. Ginsberg went on to explain that there might be some problems and uncertainties with the way the Oyster River Youth Association's program is being run and perhaps this would bring the people in Lee into closer contact with that program, as well as Lee's own recreation program.

****Mr. Ginsberg's motion, under Article 37, is passed.**

Motion made to adjourn — motion passed at 11:30 p.m.

Respectfully submitted,

Joseph F. Issa
Lee Town Clerk

COMPARATIVE STATEMENT OF APPROPRIATIONS AND EXPENDITURES 1979 FISCAL YEAR

Acct.	Appropriation	Expended	Prior Years' Liability
Town Officers' Salaries	\$ 13,100.00	\$ 11,010.40

Abandoned Cemeteries	300.00	114.47	
Cemeteries	2,500.00	2,536.10	
Legal	1,500.00	1,500.00	54.10
Regional Associations	1,469.00	1,469.00	
Social Security & Ret.	5,000.00	4,680.54	
Trustees of Trust Funds	15,000.00	15,000.00	
Bulk Gas	5,500.00	2,031.11	
Building Inspector	1,300.00	1,236.00	
Master Planning			16,049.27
Interest on Loans	3,500.00	4,447.92	
Tax Maps			17,006.59
Repairs to Equip.	10,000.00	8,090.00	
Town Bldgs. Improvements ...	4,975.32	3,781.36*	
Repairs to Fire Engine			9,405.70
Sidewalk study com.	600.00*		
Lamprey Solid Waste Coop ...	13,571.00	13,571.00	
TOTAL	\$260,931.89	\$243,557.78*	\$ 42,927.70

*This figure should be adjusted to include liabilities being carried over into the 1980 fiscal year; those liabilities include:

Balance of Highway appropriation	\$ 3,116.90
Balance of Recreation Commission	476.50
Balance of Old Age Assistance	892.75
Balance of improvements to Town bldgs.	1,193.96
Balance of sidewalk study	<u>600.00</u>
	\$ 6,280.11

Thus, the adjusted total for 1979 expenditures (this includes liabilities as well as actual expenditures) is

EXPENDED	\$ 243,557.78
ENCUMBERED	<u>6,280.11</u>
	\$ 249,837.89

The net result is that the municipal budget in 1979 has a surplus of:

TOTAL AMOUNT APPROPRIATED	\$ 260,931.89
TOTAL AMOUNT EXPENDED OR	
ENCUMBERED	<u>249,837.89</u>

SURPLUS IN 1979 APPROPRIATIONS

BUDGET	\$ 11,094.00

REPORT OF THE SELECTMEN

During the past year, many much needed repairs and improvements have been made to the Town Hall and the library. Cupboards, shelves and other storage areas have been built for the Selectmen's office, the police department, and the library. The police department and the Selectmen's office were given fresh coats of paint.

The Town Hall has been partially reroofed and painted and part of the library building has been painted. Two new entryways have been built on the Town Hall and inside storm windows have been installed to help retain heat and make the building more usable. The floor in the large room has been refinished and new removable voting booths have been constructed.

The Selectmen's Office has moved into the large room in the Town Hall until some further building program is voted by the Town. The Building Committee has been studying the space problem with an eye to the future needs of Lee. The current move, although temporary, has resulted in a much more efficient operation.

The Town Clerk/Tax Collector's office is in the process of being moved from Mr. Issa's home into the former Selectmen's office so that Town Offices and records will now be in one place.

These improvements have been made at a minimal cost to the Town. Part of the improvements were done by a former resident with carpenter skills who required financial assistance. The rest of the work has been done by the B.E.R.T. program. B.E.R.T. is a federally funded program designed to train young people for jobs. The Town has to provide the materials, but the labor is free.

There is now an up-to-date filing system in the Selectmen's office which means that any information the Town may have had is now readily available. (We would also like to request that any former Town official or em-

ployee who may have any material pertaining to the Town to drop it off at the Selectmen's office.)

The tax mapping project is virtually completed at a cost less than anticipated due to using C.E.T.A. funding. The master plan is well along due to the efforts of the Sounding Board, Strafford Regional Planning, and C.E.T.A. funding.

The Selectmen have vigorously enforced the Town ordinances which has resulted in many court cases. Most of the cases were settled out of court, and the Town has collected \$7,500.00 in penalties.

Projects for this year include the revaluation of all taxable property in the Town (in compliance with an order issued by the board of Taxation), continuing the program of remodeling, repairing, and renovating town buildings, completing the tax maps and the master plan, and updating and improving the efficiency of the town's accounting procedures.

Shirley M. Clark
Wallace E. Dennis
Joseph P. Ford

BOARD OF SELECTMEN

PROCEDURE FOR CURRENT USE ASSESSMENT

Since the Town has been ordered to be reassessed by the State and all property for the current tax year will be assessed at fair market value, many owners of larger tracts of land may wish to apply for Current Use Assessment. The purpose of the Current Use Law is to encourage the preservation of open space.

IN GENERAL: Anyone owning ten acres or more of land, not including that occupied by buildings, yards and ground, may qualify. In some cases smaller tracts may qualify. In either case, certain State criteria must be met.

PROCESS: An application for current use assessment must be filled out and submitted to the Selectmen together with a map of the property by April 15th. The Selectmen determine whether the land meets the criteria and either grant or deny the application. If granted, the current use assessment must be applied for each subsequent year.

The Selectmen must notify the applicant of their decision by July 1. If granted, the Selectmen must file a record of this with the registry of deeds by August 1.

If the application is denied, the applicant may appeal to the State Board of Taxation.

WHAT HAPPENS: Once it has been determined that the land meets the statutory requirements the land is taxed at its current use value - not at its fair market value.

The assessed value for this land depends on the category of the land and the range of values as set by statute, by the Current Use Advisory Board.

The Use assessment continues even if the land changes owners as long as the use does not change.

The person (owner) changing the *use* of the land, for example, changing it from woodland to building lots, has to pay a penalty to the Town of Lee of 10% of the fair market value at the time the change is made.

A change from one agricultural use to another, for example, from a cleared field to a woodlot, generally would be permitted without a penalty but the assessment might change.

DISADVANTAGES: Once land is placed under current use assessment it cannot be taken out without paying the penalty even if the use is not changed.

Land under current use assessment must be left open to the public and cannot be posted.

Current use criteria may be changed by statute.

ALTERNATIVE: You may wish to apply for a discretionary easement instead.

NOTE: This is intended only as a brief summary for your convenience and does not contain a condensation of all the information in the statute. The Selectmen recommend that anyone considering this change should read the statute RSA 79:A. We do not give legal interpretations.

Application blanks and further information may be obtained at the Selectmen's Office.

SELECTMEN'S REPORT OF EXPENDITURES

TOWN OFFICERS' SALARIES

Selectmen's salaries	\$3,000.00	
Treasurer's salary	1,000.00	
Town Clerk/Tax Collector's salary	2,000.00	
Town Auditors	200.00	
Fees:		
Town Clerk	\$2,193.40	
Tax Collector	1,186.50	3,379.90
Deputy Town Clerk/Tax Collector	1,430.50	
	TOTAL	\$11,010.40

TOWN OFFICERS' EXPENSES

Salaries:		
Administrative	\$10,200.00	
Clerical	2,760.57	\$12,960.57
Postage & mailings		1,023.53
New equipment		550.18
Repairs & maintenance		979.43
Printing		627.82
Legal notices		70.29
Redemptions		141.00
Dues		335.28
Telephone		568.71
Travel & conference		274.80
Office supplies		994.73
Property tax (maintenance & update)		632.22
Reference materials		82.50
	TOTAL	\$19,241.06

Wages represent gross amount earned. In addition to providing the funds to operate the Town Office, this budget item also covers some of the costs of the Town Clerk/Tax Collector's Office. Such costs include postage, printing, conference, office supplies, dues, redemptions, reference material, new equipment, and repairs to equipment. Since the Town Clerk/Tax Collector's office is in his home, the Town does not pay for the office space, electricity, and telephone used in running his office.

ELECTION & REGISTRATION

Town Report (including distribution)	\$2,122.17
Election Officials' salaries (including supervisors' sessions)	655.75
Custodial (for Town meeting)	42.00

Notices and supplies	61.84	
Ballots	232.80	
Election Day dinner	40.00	
		<hr/>
	TOTAL	\$3,154.56

This budget item was overexpended by \$54.56. Salaries represent gross amounts earned, FICA is not withheld on election officials who earn less than fifty dollars (\$50.00) in a quarter.

TOWN HALL & OTHER BUILDINGS

Custodial	\$ 199.00	
Heating fuel (5,799.7 gallons)	3,274.15	
Supplies (cleaning & maintenance)	183.22	
Repairs to building	383.82	
Electricity (including caution lights)	1,415.34	
		<hr/>
	TOTAL	\$5,455.53

This budget item was overexpended by \$155.53. This account covers the costs of running the Town Hall building, the old fire station, and the library. The overexpenditure in this account is caused by the tremendous increase in the cost of electricity.

CONTINGENCY FUND

Fire & liability insurance on properties acquired thru Tax Collector's deeds	\$1,541.00	
Recording fees	16.50	
		<hr/>
	TOTAL	\$1,557.50

POLICE

Salaries:		
Chief	\$13,538.00	
Special officers	14,100.90	
Secretarial	1,212.43	28,851.33
Office supplies & printing		1,141.14
Dues		106.00
Travel & Conference		229.44
Uniforms		699.84
Equipment (including repairs)		1,930.76
Cruiser maintenance		1,852.77
Gas:		
Bulk	\$2,166.97	
Credit card	1,711.61	3,878.58
Telephones		1,404.67
Dispatch service		1,748.00
		<hr/>
	TOTAL	\$41,842.53

Salaries represent gross amounts earned. This budget item was overexpended by \$971.53.

FIRE

Salaries:		
Chief	\$600.00	
Volunteers	956.00	\$1,556.00
Telephone (including red network)		497.91
New equipment		1,236.00
Repairs to equipment		1,866.58
Repairs to physical plant		360.10
Electricity		325.57
Heating fuel (2,152.5 gallons)		1,264.41
Gasoline		588.98
Gorest Fires		47.72
Dues		130.00
Supplies		35.00
		<hr/>
TOTAL		\$7,908.27

Salaries represent gross amounts earned.

PLANNING AND ZONING

Secretarial	\$1,469.81	
Postage	589.54	
Legal notices	322.65	
Office supplies	85.37	
Printing	80.50	
Recordings	185.00	
		<hr/>
TOTAL		\$2,732.87

Wages represent gross amounts earned. This budget item was overexpended by \$332.87. \$1,390.72 of the amount spent was reimbursed to the Town thru fees paid. See Treasurer's Report.

INSURANCE

Worker's compensation	\$3,115.00	
Fire & liability	2,009.00	
Fleet policy	1,804.00	
Health insurance	924.07	
Bonds for Town officials	488.00	
		<hr/>
TOTAL		\$8,340.07

This budget item was overexpended by \$125.07.

DAMAGES BY DOGS

Dog officer's salary	\$ 300.00
Care, calls, and disposal	380.00

Supplies	2.06	
Travel	3.75	
		<hr/>
	TOTAL	\$ 685.81

HEALTH DEPARTMENT

Health officers salary	\$ 200.00	
Oyster River Home Health Association	1,316.00	
Newmarket Health Center	500.00	
Durham Ambulance Corps	1,656.00	
		<hr/>
	TOTAL	\$3,672.00

Salary represents gross amount earned.

CONSERVATION COMMISSION

1979 payment	\$1,550.00	
		<hr/>
	TOTAL	\$1,550.00

VITAL STATISTICS

Fees paid to Town Clerk	\$ 27.50	
		<hr/>
	TOTAL	\$ 27.50

REGIONAL SOLID WASTE FEASIBILITY STUDY

Town of Durham	\$ 288.13	
		<hr/>
	TOTAL	\$ 288.13

The Town's participation in this study was authorized by a vote of the 1977 Town Meeting. Our total share of the cost of the study was \$1,615.13, the bulk of which was paid in the 1977 fiscal year. The funds to pay this account had been held over from the 1978 fiscal year as a liability of the Town. See Financial Statement, Balance of Special Appropriations, 1978 Town Report.

The regional feasibility study was the forerunner of the Lamprey Solid Waste Cooperative.

SOLID WASTE DISPOSAL (TRANSFER STATION)

Operator's wages	\$ 3,640.82	
Hauling Contract	6,135.00	
Electricity	687.60	
Telephone	120.00	

Repairs to equipment	188.20
Use of sanitary landfill	8,661.84
	<hr/>
TOTAL	\$19,433.46

Wages represent gross amount earned. This budget item was over-expended by \$183.46.

TOWN ROAD MAINTENANCE (WINTER AND SUMMER)

Wages	\$ 1,674.00
Hired equipment	13,622.75
Sand and gravel	1,316.95
Asphalt	8,582.38
Road signs	527.50
Salt	4,217.77
	<hr/>
TOTAL	\$29,941.35

Wages represent gross amount earned. Of the \$29,941.35 spent on road maintenance, \$10,894.63 was reimbursed to the Town by the State of New Hampshire thru the Highway Subsidy Program. See Treasurer's Report.

A total of \$15,701.72 was spent on winter road maintenance (plowing, sanding, salting, and snow removal); the remaining balance \$14,239.63 was spent on summer maintenance.

GENERAL EXPENSES OF THE HIGHWAY

Fuel oil	\$ 465.86
Blades & cutting edges	2,051.35
Repairs to equipment	422.59
Parts	2,604.45
Street signs & markings	24.50
Labor/wages	244.00
	<hr/>
TOTAL	\$5,812.75

Wages represent the gross amount earned. In 1979, a total of \$38,871.00 was raised and appropriated for town road maintenance and general expenses of the highway. Of that amount \$35,754.10 was expended in fiscal 1979. The remaining balance (\$3,116.90) has been carried over into fiscal 1980 and has been designated for roadside improvements. See Financial Statement, Balance Sheet, Other Liabilities.

ADDITIONAL HIGHWAY SUBSIDY

Wages	\$ 440.00
Hired equipment	3,251.65
Materials	2,985.15
Sand and gravel	52.20
	<hr/>
TOTAL	\$6,729.00

All wages represent gross amount earned. These funds were used to complete the reconstruction and widening of High Road, including the replacement of the I-beams in the bridge over the North River and the tarring of a portion of the road. The improvements to the road were authorized by a vote of the Planning Board following a public hearing on June 20, 1979. Planning Board approval was necessary because High Road has been designated as a scenic road.

The original state estimate as to the amount of Additional Highway Subsidy the Town would receive in fiscal 1979 was \$7,052.64. this was the amount appropriated by Town Meeting. In reality, the Town received \$6,730.14 or \$322.50 less than the original estimate. The \$1.14 balance in this account will be spent in fiscal 1980.

TOWN ROAD AID

1979 payment	\$ 681.43
	<hr/>
TOTAL	\$ 681.43

LIBRARY

Repairs to furnace	\$ 68.00
Wages:	
Librarian	\$2,568.81
Asst. Librarian	841.65
Custodial	200.43
	<hr/>
Quarterly payments	2,682.00
Balance of '78 appropriation	123.47
Balance of '79 appropriation	220.11
	<hr/>
TOTAL	\$6,704.47

Wages represent gross amounts earned. The \$123.47 paid to the Trustees in 1979 was the remainder of the 1978 Library appropriation. See 1978 Town Report, Financial Statement, Balance Sheet, other Liabilities of the Town.

TOWN POOR

General Relief:

Fuel	\$ 947.63	
Food	311.46	
Rent	396.00	
Electricity	189.35	
Medical	9.00	
Labor	2,597.50	\$4,450.94
Payments to Social agencies		988.27
		<hr/>
TOTAL		\$5,439.21

During the past year, the Town assisted ten separate families. Some of the assistance was given in the form of direct relief; some was given in return for labor; some was given to individuals and/or families whose income was not sufficient to meet the drastic increase in home heating costs.

The Town is required by statute to provide aid to an individual or family when the individual or family is unable to support himself and his family provided that the individual has settlement in the Town and provided that need can be shown. The amount and kind of relief furnished by the Town depends upon the circumstances of the persons requiring it. However, Town assistance is only given on a temporary short-term basis and is intended to provide emergency relief to cover the period of time from the onset of need until the acceptance of the applicant into a long-term relief program sponsored either by the state or by the county.

OLD AGE ASSISTANCE

Administrative charge	\$ 17.25	
OAA Local Share	90.00	
		<hr/>
TOTAL		\$ 107.25

The Old Age Assistance Program is a state administered program which provides assistance for the care of elderly persons in nursing homes. The bulk of the revenue for this program comes from the federal government. Since the federal funds do not cover the entire cost of operating the program, the additional funding is contributed jointly by the Towns and the State, with each contributing half of the necessary monies. The Town, of course, contributes only when a resident of the Town is being assisted through the program. Above and beyond what monthly contributions the Town makes, the State assesses an administrative charge to each participating Town.

In 1979, only \$107.25 was spent of the appropriation of \$1,000.00. The balance of this appropriation (\$892.75) has been carried over into the

1980 fiscal year because the State is approximately three months behind in its billings. Thus, at the end of 1979, the Town had an outstanding bill. This bill was not received until 1980, and will be paid in 1980 with 1979 funds. See Financial Statement, Balance Sheet, Other Liabilities.

MEMORIAL DAY AND OLD HOME DAY

Memorial Day	\$ 58.74
Old Home Day	194.39
	<hr/>
TOTAL	\$ 253.13

The expenditure for Memorial Day covers the costs of the purchase of American flags, which are annually placed on the graves of veterans in observance of Memorial Day.

Old Home Day is the annual Town picnic (held on the second Saturday of July). The decision to sponsor the picnic was an outgrowth of the Bicentennial celebration and was authorized by the adoption of a resolution by the 1977 Town Meeting.

RECREATION COMMISSION

Care of Town Park	\$ 251.50
Oyster River Youth Association	2,620.00
Maintenance of rec. facilities	23.00
Special programs	49.00
	<hr/>
TOTAL	\$ 2,943.50

Special programs include the exercise classes and the yoga classes sponsored by the Recreation Commission; participants in the special programs paid a registration fee. See Treasurer's Report. The balance of this account has been held over into fiscal 1980 to repair the soccer and ballfield. See Financial Statement, Other Liabilities, Balance Sheet.

ABANDONED CEMETERIES

Wages	\$ 94.49
Mileage	11.48
Gas & oil (for mowers)	8.50
	<hr/>
TOTAL	\$ 114.47

Wages represent gross amounts earned.

CEMETERIES

Wages	\$ 2,111.91
Mileage	180.08
New equipment	198.78
Repairs to equipment	22.83
Gas & oil	22.50
<hr/>	
TOTAL	\$2,536.10

Wages represent gross amounts earned. The Town's reimbursement rate for mileage is \$0.15 per mile. The expenditure for gas and oil is for the fuel used in the lawnmowers. This budget item was overexpended by \$36.10.

LEGAL EXPENSES

Attorney's fees	\$ 1,522.50
Expenses	31.60
<hr/>	
TOTAL	\$ 1,554.10

The attorney's fees is the amount paid to the law firm representing Chief Brian Burke in a civil suit pending in Strafford County Superior Court. The civil action against him stems from actions taken while performing his official duties as Chief of Police. The 1979 Town Meeting voted to reimburse Chief Burke for his legal expenses associated with this case; the payments were made in accordance with this vote. The remaining balance in this account from previous years has been carried forward into fiscal 1980. See Financial Sheet, Balance Sheet, Other Liabilities.

REGIONAL ASSOCIATIONS

Strafford Regional Planning Commission .	\$ 1,469.00
<hr/>	
TOTAL	\$ 1,469.00

TAXES BOUGHT BY THE TOWN

(TAX SALE)

1979 Tax Sale on the levy of 1978	\$53,533.88
<hr/>	
TOTAL	\$53,533.88

This figure includes taxes, interest, and costs to the date of the sale.

DISCOUNTS, ABATEMENTS AND REFUNDS

Overpayments ('78 taxes)	\$ 47.99
Refunds (auto registration)	45.00

Overpayments ('79 taxes)	75.49
Yield Tax Bond refund	125.00
Refunds — '75 levy	400.00
Abatements	989.10
Interest paid on abatements	12.13
<hr/>	
TOTAL	\$ 1,694.71

SOCIAL SECURITY AND RETIREMENT

Town's share of police retirement	\$ 1,036.23
Town's share of FICA contribution	3,644.31
<hr/>	
TOTAL	\$ 4,680.54

The Town's contribution to FICA (social security) is 6.13% of gross wages and salaries paid.

TRUSTEES OF THE TRUST FUNDS

Fire Equipment	\$ 5,000.00
Building fund	10,000.00
<hr/>	
TOTAL	\$ 15,000.00

The ten thousand dollars (\$10,000.00) paid to the Trustees of the Trust Funds for the building fund was reimbursed to the Town from the special revenue sharing account as per a vote of the 1979 Town Meeting. See Revenue Sharing Report and also see Treasurer's Report.

BULK GAS

5,550.00 gallons unleaded gasoline	\$ 4,198.08
<hr/>	
TOTAL	\$ 4,198.08

A breakdown of the bulk gas figures follows. 3,413.3 gallons of gasoline were pumped by the state police. The cost of this gas (\$2,539.50) was reimbursed to the Town by the state. The Town of Madbury also purchased 128.3 gallons of gasoline at a cost of \$95.78. See Treasurer's Report and also see Financial Statement, Balance Sheet, Accounts owed the Town.

The Lee Police Department pumped 3,032.9 gallons at a cost of \$2,166.97. This amount has been charged to the Police Department's account. Therefore, the adjusted gas is \$2,031.11 This figure is the amount shown as an expenditure in the Receipts and Payments section, the Comparative Statement of Appropriations and Expenditures, the Summary of Payments, and in the Posted Budget.

Since the account had a credit of more than five hundred dollars (\$500.00) at the beginning of fiscal 1979, the total cost of the three indi-

vidual accounts exceeds the total amount paid. The total number of gallons pumped (6,516.6) exceeds the amount purchased (5,550.00); the difference is the amount of gasoline on hand at the beginning of the year.

BUILDING INSPECTOR

Salary	\$ 625.00	
Fees	611.00	
		<hr/>
	TOTAL	\$ 1,236.00

In addition to his salary, the Building Inspector receives one half of the fees he collects. The fees are remitted to the Treasurer and deposited in the General Fund. See Treasurer's Report.

MASTER PLANNING

Wages (CETA)	\$ 13,502.01	
Health Ins. (CETA)	833.27	
Town's share of FICA (CETA) ...	827.33	\$ 15,162.61
Resource materials	148.41	
Office supplies	187.42	
Mapping project	310.83	
Consulting fees	240.00	
		<hr/>
	TOTAL	\$ 16,049.27

In addition to the \$3,500.00 raised and appropriated at the 1978 Town Meeting for the purpose of developing a master plan, the Town received a \$30,000 grant through Title VI of the CETA program in October, 1978. The grant permitted the hiring of individuals to assist in developing the plan. The original grant was due to expire at the end of September, 1979; it was, however, extended for a six month period or through March, 1980. To facilitate bookkeeping, expenditures from the grant are charged to this account and then reimbursed to the Town. Thus, the \$15,162.61 shown here as expended is also shown as income. See Treasurer's Report. Also see Financial Statement, Balance Sheet, Accounts due the Town.

The CETA funds expended and reimbursed to the Town do not affect the monies (\$3,500) raised and appropriated by the Town. In fiscal 1978, the town spent \$248.99 of the Town appropriation. The remaining balance (\$3,251.01) was carried into the 1979 fiscal year as a liability (see 1978 Town Report, Financial Statement, Balance Sheet, Balance of Special Appropriations). Of the \$3,251.01 available in 1979, \$886.66 was expended, leaving a balance of \$2,364.35 which has been carried over into fiscal 1980. See Financial Statement, Balance Sheet, Balance of Special Appropriations.

The consulting fees were paid to Strafford Regional Planning Commission for its assistance in overseeing the mapping project.

INTEREST ON DEBT

Paid on tax anticipation notes	\$ 4,447.92
TOTAL	\$ 4,447.92

This budget item was overexpended by \$947.92.

TEMPORARY LOANS

Tax anticipation	\$150,000.00
TOTAL	\$150,000.00

TAX MAPS

Wages (CETA)	\$8,840.00	
Town's share of FICA (CETA) ..	521.00	\$ 9,361.00
Wages		3,924.11
Second installment on contract		3,000.00
Resource material		532.95
Equipment		111.40
Office supplies		76.93
TOTAL		\$17,006.39

The development of the property tax maps has been an ongoing project, which was begun in 1978. The project is now nearly complete. The money (\$20,000.00) to fund the project was raised and appropriated by the 1977 Town Meeting. \$10,747.63 of the Town appropriation comes from the special revenue sharing account. In addition to the twenty thousand dollar Town appropriation, a CETA grant was awarded to the Town to provide manpower assistance to the project. The initial grant was for one year, but has been extended for an additional nine months or thru March, 1980. Expenditures from the grant are charged to this account and reimbursed to the Town. See Treasurer's Report, grants from the U.S. government. Also see Financial Statement, Balance Sheet, Accounts Owed the Town.

At the beginning of fiscal 1979, there was a total of \$15,536.41 remaining in this account. \$7,645.39 of this amount was expended in 1979 and \$6,284.04 of this amount was reimbursed to the Town from the special revenue sharing account. See Treasurer's Report on Revenue Sharing.

The remaining adjusted balance (\$7,891.02) has been carried over into fiscal 1980 and is shown as a liability of the Town. See Financial Statement, Balance Sheet, Balance of Special Appropriations.

REPAIR OF HOUGH

Overhaul of Hough	\$8,090.00
TOTAL	\$8,090.00

The work completed on the Hough included the overhaul of the engine, starter, alternator, regulator, hydraulic system, the brakes and the radiator. The Hough was also steam cleaned and painted.

REPAIRS TO 1966 FIRE ENGINE

(1978 LIABILITY)

Repair and overhaul of truck	\$ 8,240.50
Equipment for the truck	1,650.20
TOTAL	\$9,405.70

REPAIRS AND IMPROVEMENTS TO TOWN BUILDINGS

(1979 REVENUE SHARING)

Lumber & materials	\$ 3,092.34
Electrical work	182.72
Paint and brushes	310.90
Misc. items	104.90
Labor & mileage	90.50
TOTAL	\$3,781.36

The remaining balance of this appropriation (\$1,193.96) has been carried over into the 1980 fiscal year as a liability of the Town. See Financial Statement, Balance Sheet, Unexpended but committed Revenue Sharing Funds. Also, see Treasurer's Report on Revenue Sharing. See Selectmen's report to the town for a synopsis of the repairs and improvements completed in 1979.

— TOWN WARRANT —
STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Lee, County of Strafford, State of New Hampshire, qualified to vote in Town affairs:

YOU ARE HEREBY NOTIFIED TO MEET AT
THE LEE TOWN HALL ON TUESDAY, THE
ELEVENTH DAY OF MARCH, 1980 TO ACT ON
THE FOLLOWING SUBJECTS:

(Polls will be open from 10:00 a.m. to 7:00 p.m.)

1. To choose all necessary Town Officers for the ensuing year.
2. To see if the Town will vote the changes in the Zoning Ordinance pertaining to the Commercial Zone as proposed by the petition of at least twenty-five registered voters of the Town on behalf of W.W. Cheney Inc. and the changes in the Zoning Ordinance pertaining to gravel pits and hazardous waste as proposed by the Planning Board.
3. To see if the Town will vote to adopt the provisions of RSA 654:34-a which enables voters to apply for a change of party affiliation during the regular office hours of the Town Clerk.

Articles 4 through 34 will be taken up at the Mastway School on Wednesday, the twelfth day of March, 1980 at 7:30 p.m.

4. To see if the Town will vote to adopt the provisions of RSA 31:94-a, 94-c, and 94-d, which provide for the orderly conversion of the Town's fiscal year from a calendar year to an accounting year running from July 1 to June 30th of the following year; and which further provides for an initial eighteen month accounting year to facilitate the conversion.

5. To see if the Town will vote to authorize the continued accumulation of surplus for the purposes of assisting the mandated conversion of the Town's Fiscal Year.

6. To see if the Town will vote to adopt the provisions of RSA 76:15-a which provides for the semi-annual collection of property taxes.

7. To see if the Town will vote to raise and appropriate such sums of money as may be necessary to defray the Town charges for the ensuing year for general government, including Town Officers' salaries and expenses, election and registration, Town buildings' expenses, employees' retirement and social security, Building Inspector's salary and fees, Civil Defense, Police Department, Fire Department, Conservation Commission, Insurance, Planning and Zoning, Legal Expenses, Health and Vital Statistics, Transfer Station, Town Highway Department, General Expenses of the Highway Department, Public Library, Public Welfare of Town Poor and Old Age Assistance, Memorial Day and Old Home Day, Cemeteries and Abandoned Cemeteries, Dog Care and Salary, Debt Service for interest on temporary loans, Bulk Gas, Town Reports, Recreation, Reappraisal, and Contingency Fund.

8. To see if the Town will vote to raise and appropriate the sum of five thousand dollars (\$5,000) to be deposited with the Trustees of the Trust Funds as Capital Reserve for Fire Department Equipment.

9. To see if the Town will vote to raise and appropriate the sum of ten thousand dollars (\$10,000) to be deposited with the Trustees of the Trust Funds as Capital Reserve for Highway Equipment.

10. To see if the Town will vote to raise and appropriate the sum of one thousand five hundred dollars (\$1,500) for the Lee Conservation Commission.

11. To see if the Town will vote to authorize the Board of Selectmen to act as trustees or agents of the Town to

receive from the Trustees for the Trust Funds, pursuant to RSA 35:3 and 15, the sum of twelve thousand, nine hundred, sixty-nine dollars (\$12,969) and to expend such sum for the Town's share in the 1979 Capital Construction Costs and attendant expenses of the Lamprey Regional Solid Cooperative, such expenditures to be taken from the Capital Reserve Fund established to defray the costs of complying with State requirements banning open dump burning pursuant to RSA 125:78.

12. To see if the Town will vote to authorize the Board of Selectmen to act as Trustees or agents of the Town to receive from the Trustees of the Trust Funds pursuant to RSA 35:3 and 15, the sum of at least ten thousand dollars (\$10,000) plus any interest earned on this principle and to expend such sum for the renovation, repairs and improvements of the old fire station and attendant grounds for the purpose of converting the building into a Police Station and other office space and further to see if the Town will vote to raise and appropriate the sum of six thousand, two hundred dollars (\$6,200) for the renovation, repairs, and improvements of the old fire station and attendant grounds for the purpose of converting the building into a Police Station and other office space.

13. To see if the Town will vote to raise and appropriate the sum of six thousand, eight hundred dollars (\$6,800) for the purpose of purchasing a new Police Cruiser.

14. To see if the Town will vote to raise and appropriate the sum of two thousand, six hundred dollars (\$2,600) for the purchase of an eight thousand (8,000) gallon underground fuel tank.

15. To see if the Town will vote to raise and appropriate the sum of two thousand, eight hundred dollars (\$2,800) for the purchase of new police radios (50% of this amount would be reimbursed to the Town through a Federal Grant).

16. To see if the Town will vote to raise and appropriate the sum of five thousand dollars (\$5,000) for repairs and improvements to Town Buildings and attendant grounds.

17. To see if the Town will vote to raise and appropriate the sum of six hundred, seventy-one dollars and forty-eight cents (\$671.48) for construction of Class V Highways under the provisions of TRA so-called (the State will contribute the sum of four thousand, four hundred seventy-six dollars and fifty-three cents (\$4,476.53).

18. To see if the Town will vote to appropriate the estimated sum of nine thousand, eighty-eight dollars and seventy-five cents (\$9,088.75) for the construction or reconstruction of Class IV and V Highways under the provisions of RSA 241:15 (additional highway subsidy).

19. To see if the Town will vote to raise and appropriate the sum of one hundred fifty dollars (\$150.00) for the Strafford County Community Action Program.

20. To see if the Town will vote to raise and appropriate the sum of five hundred dollars (\$500.00) for the Newmarket Regional Health Center.

21. To see if the Town will vote to raise and appropriate the sum of one thousand, eight hundred thirty-two dollars (\$2,183.00) for the Oyster River Home Health Association.

22. To see if the Town will vote to raise and appropriate the sum of two thousand one hundred eighty-three dollars (\$2,183.00) for the Durham Ambulance Corps.

23. To see if the Town will vote to raise and appropriate the sum of five thousand nine hundred twenty dollars (\$5,920.00) for Lee's share of the purchase price of two new ambulances by the Durham Ambulance Corps.

24. To see if the Town will vote to raise and appropriate the sum of one thousand, five hundred seventeen dollars (\$1,517.00) for the Strafford Regional Planning Commission.

25. To see if the Town will vote to appropriate and authorize the withdrawal from the Revenue Sharing Fund established under the provision of the State and Local Assistance Act of 1972 for use as setoffs against budgeted appropriations for the following specific purposes and in amounts indicated herewith or take any other act hereon.

Appropriation	Amount
Repairs, Improvements to Town Building & Attendant Grounds	\$5,000.00
Police Cruiser	6,800.00
Transfer Station Operation	570.70

26. To see if the Town will vote to authorize the Selectmen to reconvey to the immediate prior owners the Anne L. Parsons and Herbert Goodridge property (of which the Town has received and recorded a tax collectors deed for 1975 taxes at the Strafford County Registry, Book 1037, Page 647), as to which difficulty exists in proving necessary seasonable legal or statutory notice) on payment to the Town of all property and other taxes and other debts owed by such prior owners to the Town on June 12, 1980, including interest, costs, charges, and reasonable fees and expenses as determined in the discretion of the Selectmen.

27. To see if the Town will vote to authorize the New Hampshire Housing Commission to operate in the Town of Lee, in the State of New Hampshire, and further to authorize the said New Hampshire Housing Commission to sponsor a project, for elderly/low income persons under Section 8 of the U.S. Housing Act of 1937 as amended, for any of the following accommodations or a combination thereof: (a) existing standard housing 5 dwelling units; (b) substantially rehabilitated housing 5 dwelling units; (c) newly constructed housing 5 dwelling units; the total amount of the foregoing not to exceed 15 dwelling units.

28. To see if the Town will vote to authorize the Selectmen to transfer tax liens and convey property acquired by the Town by tax collectors deed, by public auction, or advertised sealed bid, or in such other manner as determined by the Selectmen as justice may require.

29. To see if the Town will vote to authorize the Selectmen to accept on behalf of the Town monies, gifts, legacies, investments, and services, and to accept any Federal or State funds which may become available during 1980. Further, to see if the Town will vote to authorize the Selectmen to make application for said funds and then to expend the same for the purpose designated within applicable Federal or State regulations.

30. To see if the Town will vote to authorize the Selectmen to sell surplus equipment valued at less than three hundred dollars (\$300) at private sale and to sell surplus equipment valued at more than three hundred dollars (\$300) at public auction or by advertised sealed bids and after being offered through public auction or sealed bid, if property remains unsold, to sell the remaining property through private sale.

31. To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of taxes.

32. To see if the Town will vote to enact the following ordinance:

Pursuant to RSA 147:26-a and RSA 149:1, a dumping fee of five dollars (\$5.00) will be charged for a permit for the disposal of septic system waste or sewerage in the Lee Solid Waste Disposal Area.

A permit for the disposal of such waste must be obtained from the Town Office; said permit must carry the written endorsement of the resident of Lee whose septic system waste or sewerage is being disposed of.

Before the truck or vehicle transporting the waste will be allowed to discharge its contents in that area of the

Town's Solid Waste facilities designated for the disposal of the contents of septic systems, the endorsed permit must be presented to the transfer station operator.

The use of the septic system disposal area is limited to residents of the Town of Lee.

33. To see if the Town will vote to request the Representative(s) to the General Court to propose legislation to amend RSA 208:3 to include the Town of Lee such that "wild deer shall not be taken by the use of any firearm, other than a shotgun loaded with a single ball or loose buckshot, muzzle loading rifle, or bow and arrow."

34. To transact any other business which may legally come before this meeting.

GIVEN UNDER OUR HANDS AND SEAL THIS
EIGHTEENTH DAY OF FEBRUARY IN THE
YEAR OF OUR LORD, NINETEEN HUNDRED
EIGHTY.

SHIRLEY M. CLARK
WALLACE E. DENNIS
JOSEPH P. FORD

Selectmen of Lee

ARTICLE 2

PROPOSED

ZONING AMENDMENT

ARTICLE II

Text of Proposed Zoning Amendments:

I. Are you in favor of the adoption of Amendment #1 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

ARTICLE X

Disposal and Storage of Waste Matter

A. Depositing, storage, burial or disposal of waste matter is prohibited in all zones within the Town of Lee except as follows:

1) Disposal pursuant to the operation of any municipal or regional waste facility duly authorized by the Town of Lee;

2) Household waste originating on or for use on the property on which it is deposited or stored;

3) Agricultural waste originating on or for use on the property on which it is deposited or stored;

4) At any private disposal site approved by the Planning Board upon finding, after public hearing, that it does not constitute a nuisance or be injurious to the public health and the environment or be detrimental to adjacent properties and providing it shall comply with all applicable rules and regulations promulgated by the State Bureau of Solid Waste Management, the State Division of Public Health Services, and the U.S. Environmental Protection Agency.

B. Unless otherwise specified, the words and terms used in this article shall be defined by reference to the same words or terms in appropriate state statutes or regulations.

II. Are you in favor of the adoption of Amendment #2 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

ARTICLE IX

Earth Removal Regulations

GENERAL

The purpose of this article is to cope with the recognized safety hazards which open excavations create; to preserve our natural assets of soil, water, forests, and wildlife; to maintain aesthetic features of our environment; to prevent land and water pollution; to promote soil stabilization; and to control any excavation that may create a safety or health hazard to the public or to adjacent property owners, or be detrimental to the immediate neighborhood or to the Town.

EXCAVATION PERMIT REQUIRED

Before any excavation (except one to which these regulations are inapplicable, see section on exemptions) is commenced or expanded, the owner of the property of his designated agent shall obtain a written permit therefor from the Planning Board. Application for said permit shall be submitted on a form provided by the Planning Board. Said application shall be submitted to the Planning Board and the Conservation Commission along with an *Excavation Site Plan*, a *Restoration Plan*, and such other information and/or documents as the Planning Board may require.

The Planning Board shall require that the appropriate maps be prepared by and bear the seal of a land surveyor or engineer licensed by the State. If in the judgement of the Planning Board the scale or the nature of the excavation justifies it, the Board may waive the requirement that the maps be prepared by a licensed land surveyor or engineer.

EXEMPTIONS

The provisions of this article and the requirement to obtain a permit shall apply to all excavation, grading, filling, or removal of earth from any lot except when incidental to or in connection with;

- 1) The lawful construction or alteration of a structure

or the lawful construction or alteration of a parking lot or way, including a driveway, on a portion of the premises where such removal occurs;

2) Agricultural or silvacultural activities, normal landscaping or minor topographical adjustment.

Excavation operations under this article conducted solely by or in behalf of the Town of Lee shall be excluded only from the requirement that a permit be obtained. All other requirements shall apply.

PROHIBITED PROJECTS

The Planning Board shall not grant a permit:

1) Where an excavation is proposed below road level within fifty (50) feet of any highway right-of-way unless such excavation is for the purpose of said highway.

2) For an excavation within fifty (50) feet of the boundary of an abutter, or within ten (10) feet of an abutting property line providing that said abutter submits written approval to the Planning Board; adjacent pit owners may join pits in order to make one continuous pit providing that all parties concerned submit written approval to the Planning Board;

3) For excavation within one hundred (100) feet of an existing or proposed residential structure (for which a building permit has been issued) unless, adequate screening is provided and the affected abuter(s) submits written approval to the Planning Board;

4) When the excavation is prohibited by other applicable local or state law;

5) When the excavation would create conditions which would be unduly hazardous or injurious to the public health or welfare;

6) Where existing visual barriers in the buffer zone would be removed, except to provide access to the excavation site;

7) Where the excavation would substantially damage a known aquifer, so designated by the United States Geological survey;

8) When an excavation is planned beneath or adjacent to inland surface waters in such a manner that a permit is required from the Water Supply and Pollution Control Commission, the Special Board on Dredge and Fill, the Water Resources Board, or other state or federal agencies with jurisdiction over the premises; but the Planning Board may approve the application when all necessary permits have been obtained and submitted to the Board;

9) Where the project cannot comply with the restoration provisions of this article.

STANDARDS AND CONDITIONS FOR OPERATION

A. All excavation, grading, filling, or removal of earth shall be completed in accordance with the maps and plans as approved by the Planning Board and within the exterior limits thereon.

B. Truck access to the lot and work area shall be so arranged as to minimize traffic hazards on the street and to avoid nuisance to the residents of the neighborhood.

C. No processing machinery shall be erected or maintained on any lot within three hundred (300) feet of any residential lot line and such machinery shall be removed from the lot upon expiration of the permit.

D. No material shall be stockpiled or located outside the permit area.

E. Dust control measures shall be taken when deemed necessary by the Planning Board to protect the surrounding property.

F. A visual vegetative, topographical, or other such barrier as determined by the Planning Board shall be maintained in the buffer zones between surrounding streets, highways, commercial, and/or residential land uses and the excavation site.

G. Whenever the excavation material is to be used in the construction or modification of a Class I, II, III, IV, or V highway a pit agreement between the owner, the contractor, and the governmental unit shall be executed. A copy of the pit agreement shall be submitted to the Planning Board for acceptance. Excavation shall not proceed until the Board has accepted the pit agreement and has been placed in an assured position that the excavation site will be restored in conformance with this article.

H. The applicable New Hampshire statutes and regulations pertaining to forest practice and timber harvesting shall apply to the removal of all vegetative cover at the excavation site.

I. Incremental reclamation shall be performed throughout the entire excavation operation.

J. Prior to the removal of material from a new excavation site, topsoil material shall be stripped and stored for site restoration use when the project is completed.

K. Depending on the proposed reuse of the affected area the following criteria shall govern the final depth of the excavation;

Reuse	Depth of Final Excavation
Buildings	Eight (8) feet above annual high water table or conforming to the original grade prior to any disturbance of the earth.
Vegetation	Two (2) feet above annual high water table or conforming to the original grade prior to any disturbance of the earth.
Pond	Must comply with the Strafford County Conservation District's recommendations and guidelines in effect at the time of restoration.

RESTORATION

Within twelve (12) months after the expiration date on the permit of the completion of the excavation, whichever comes first, the owner of the excavation site shall restore or cause to be restored the area affected by the excavation to meet the following conditions.

1) Except for exposed rock ledge, arable soil shall be spread on all areas that present a severe erosion hazard, limed, fertilized, seeded with grass, mulched with suitable material or otherwise maintained until the ground has been stabilized with a dense vegetative cover, and there exists no danger of erosion. On areas not subject to potentially severe erosion other suitable vegetation such as grasses, shrubs, and trees may be established.

2) Said area shall be evenly graded to slopes not to exceed one (1) foot of rise to two (2) feet of horizontal distance, or one (1) foot or rise to three (3) feet of horizontal distance if the excavation occurs within one hundred (100) feet of an abutting property line. The required slope may be modified by the Planning Board where rock ledge makes steeper slopes possible or to a lesser degree if necessary for soil stability, safety, or reasonable reuse and development of the lot.

3) All debris and loose boulders not incorporated into the improvement of the lot shall be buried or removed from the lot.

4) Any standing bodies of water created in the excavation project as may constitute a hazard to the public health and/or safety shall be eliminated unless the Planning Board specifies different restoration.

5) All restoration shall be performed in compliance with the Strafford County Conservation District's recommendations and guidelines in effect at the time of restoration.

PERMITS

A. An application fee will be paid by the applicant to cover the costs of the hearing, posting and mailing of

notices, and site inspections; said fee may include a restoration inspection fee if a permit is issued.

B. Permits shall be issued for a period of twenty-four (24) months. A copy of the permit shall be prominently posted at the excavation site or the principle access thereto. Said permit shall not be assignable or transferable without the written consent of the Planning Board.

C. A permit must be renewed within thirty (30) days prior to the expiration date of said permit. Provided there exists no violations of the current permit, that incremental restoration has been performed and the excavation has not gone beyond the plans originally submitted, extensions will be granted. The renewal application should identify and adjust all information contained in the original application that is no longer effective for the renewal period.

D. When the scope of a project for which an excavation permit has been issued is proposed to be altered so as to affect either the size or location of the excavation, the rate of removal, or the plan for restoration, the owner shall submit an application for amendment of this excavation permit. Said application shall be subject to approval in the same manner as provided for an excavation permit.

EXISTING OPERATIONS

A. Excavation operations in existence as of August 24, 1979 shall be excluded only from the requirement that a permit be obtained. All other requirements shall apply including the submitting to the Planning Board an *Excavation Site Plan*, a *Restoration Plan*, and such other information and/or documents as the Planning Board may require.

B. Said operations may continue until abandoned for more than twelve (12) consecutive months. However, unless specifically authorized by a permit:

1) The depth of the excavation shall not be increased below the grade of the lowest point excavated on the effective date of this article; or

2) The total horizontal area of the excavation shall not be increased as of the effective date of this article.

ADMINISTRATION AND ENFORCEMENT

A. Prior to the Planning Board approving an application for an excavation permit or an application for an amended permit, a public hearing will be held upon fourteen (14) days due notice in a local newspaper having a circulation within the Town and notices posted in at least three public places, and all abutters of record are notified by certified mail.

B. The Planning Board shall require the applicant to file with the treasurer a performance bond or other such surety in a form acceptable to the Planning Board in such an amount as the Planning Board deems sufficient to ensure faithful performance of the work in accordance with the provisions of this article.

C. If in the opinion of the Planning Board special assistance is required to ensure that the provisions of this article are being carried out, a professional engineer or surveyor or other qualified persons with appropriate specialized knowledge shall be retained by the Planning Board to make such investigation and determination as may be necessary from time to time. The cost of such services may be billed to the applicant/operator. The performance bond required in the above paragraph shall serve as surety for any such amounts due.

D. In order to ascertain if there is compliance with this article, a permit issued hereunder, or an order issued hereunder, the Planning Board may enter upon any land which there is reason to believe an excavation is being conducted or has been conducted since the effective date of this article.

E. The Town may enter upon any excavated land where restoration has not been accomplished according to the restoration plan and cause the restoration to be done. The cost of such restoration shall be paid by forfeiture of the surety bond.

F. Administration and enforcement procedures not included within this article shall conform with RSA 155E Sections 6 through 11.

PENALTY

Whoever violates any provision of this article, a permit issued hereunder, or a valid order issued hereunder shall be guilty of a misdemeanor if a natural person, or guilty of a felony if any other person.

III. Are you in favor of the adoption of Amendment #3 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Amendment #3 would amend Article III by deleting the following section and relettering the remainder of the Article.

C. The removal of clay, sod, loam, sand or gravel is permitted either for private sale or use, provided that all excavating handling, processing, and storage facilities shall be removed and the area regraded or otherwise covered to assure that the premises are left in a safe and sightly condition and protected against erosion.

IV. Are you in favor of the adoption of Amendment #2 as proposed by the Planning Board for the Town Zoning Ordinance as follows:

Amendment #2 would amend Article II (Definitions) to include definitions necessary to or pertaining to the additional proposed amendments on gravel pits and waste disposal. The new definitions are as follows:

1. **ABUTTER.** Any person who owns land within 200 feet of the boundaries of the land under consideration. A way, as defined in RSA 259:1XXXV, shall not be considered to be a barrier, but shall be included in the distance requirement for purposes of determining whether a person is an abutter.

2. **AQUIFER.** A geological formation composed of rock or sand and gravel that contains significant amounts of potentially producible, potable water.

3. **BUFFER ZONE.** The area between the excavation site and a highway right-of-way and/or abutting property line.

4. **EARTH.** Sand, gravel, rock, soil, loam, topsoil, and clay.

5. **EARTH REMOVAL.** Any grading, filling, excavating or other alteration of the earth's surface where natural or man made ground cover is destroyed and which may result in a health or safety hazard or contribute to erosion and/or sediment pollution.

6. **EXCAVATION.** A land area which is used, or has been used for the commercial taking of earth, including all slopes.

7. **EXISTING OPERATION (EARTH REMOVAL).** Any earth removal operation in use as of August 24, 1979. Any pit/operation from which no earth has been removed for six months prior to this date will not be considered an existing operation/pit.

8. **EXISTING PIT.** Any land area up to and including the total horizontal area and depth at lowest point actually excavated as of August 24, 1979.

9. **FRONTAGE.** Length of the lot bordering on the public right-of-way or water. However, water frontage may not be used to satisfy road frontage requirements; and road frontage may not be used to satisfy water frontage requirements.

10. PIT AGREEMENT. A formal agreement between the excavation site owner and the contractor describing the procedure for material excavation and restoration.

11. RESTORATION - RECLAMATION. Restoring land that has been excavated to a productive or useful state.

12. SEASONAL. Refers to less than 183 days in any one calendar year.

13. VISUAL VEGETATIVE OR TOPOGRAPHICAL BARRIERS.

Visual Vegetative Barrier. A natural or man established planting of trees and/or shrubs.

Visual Topographical Barrier. A natural or man established ridge or berm covered so as to prevent erosion.

14. WASTE OR WASTE MATTER. Any matter consisting of garbage; refuse; radioactive or nuclear material; sludge from a waste treatment plant, or air pollution control facility; other discarded or abandoned material, including solid, liquid semi-solid, or contained gaseous material resulting from industrial, commercial, mining, and agricultural operations, and from community activities; or any matter defined as "hazardous" or potentially harmful by the State Bureau of Solid Waste Management, the State Division of Public Health Services, or the U.S. Environmental Protection Agency.

V. Are you in favor of the adoption of Amendment #5 as proposed by the petition of at least 25 registered voters of the Town of Lee for the Town Zoning Ordinance as follows:

Amendment #5 would amend Article VI, Section B (1) to read as follows:

There shall be between the edge of the nearest right-of-way and the extreme front of any building or parking area, a depth of 125 feet or more.

VI. Are you in favor of the adoption of Amendment #6 as proposed by the petition of at least 25 registered voters of the Town of Lee for the Town Zoning Ordinance as follows:

Amendment #6 would amend Article VI, Section C to read as follows:

All commercial buildings constructed in this zone shall have a site plan including entrances and exits approved by the Planning Board. The site review will stipulate that no trees with a diameter of 8 inches or larger in the setback area shall be cut or otherwise removed, other than those required for sight distance, exit and entrance. Each site will only be allowed one entrance per 1,200 feet per land owner.

VII. Are you in favor of the adoption of Amendment #7 as proposed by the petition of at least 25 registered voters of the Town of Lee for the Town Zoning Ordinance as follows:

Amendment #7 would amend Article I to increase the size of the Commercial Zone by changing the following sentence (describing the commercial zone) to read as follows:

Also running south of the junction of Routes 4 and 125 to Steppingstone Road and extending 800 feet to the east and west of the Route 125 right-of-way continuing southerly to the Mitchell Road and extending 800 feet to the west of the Route 125 right-of-way.

ANNUAL REPORT OF THE CONSERVATION COMMISSION

In April the Conservation Commission hosted one of six public meetings in southeastern New Hampshire designed to raise the awareness of area citizens on the subject of private property rights and the protection of privately held land. The meeting, organized by the Society for the Protection of New Hampshire Forests, was well attended and provided a forum for the presentation of several points of view on that controversial subject.

Tom Neff, former member of the Commission and a registered professional forester, volunteered to prepare an evaluation of the town forest. His report, provided at no charge to the town, will be of help to town officials in their effort to plan effectively for the future management of the forest.

The Commission provided scholarship aid to David Kelsey to attend the New Hampshire Youth Conservation Camp at Hillsboro, operated by the Society for the Protection of New Hampshire Forests.

Meetings were held in the late summer and fall, which focused on the possible formation of a Lamprey River Watershed Association. Participating were representatives of several towns in the Lamprey River Basin from Raymond to Newmarket.

Commission members completed annual visits to areas for which the Commission has responsibility:

James Farm Tract
Mastway Hiking Trail
Little River Tract
Granger Drive Easement

The Commission responded to a request by the Selectmen and made recommendations for the handling of tax-forfeited properties.

The wetlands inventory report is being drafted and prepared for distribution. When completed it will provide a very useful tool in assisting town officials in planning for development and resource protection, while giving townspeople a beneficial insight to wetlands and the need for enlightened wetlands management.

Respectfully submitted,

Robert LeBlanc, *Past Chairman*
Richard Weyrick, *Chairman*

Books, totaling \$617.57, were purchased at the end of December. However, the bill was not received until after the first of the year; therefore, the large Cash on Hand at the end of the year.

REPORT OF THE LIBRARIAN

This year the library personnel were busier than ever, circulating 10,325 books, to 1906 adults and 1,075 children. Also, 250 magazines, 27 jigsaws, 20 patterns, 10 records, and 5 miscellaneous items were borrowed. The Bookmobile made three visits and left 4,074 books. We borrowed one hundred books through inter-library loan from the New Hampshire State Library and various other libraries, for patrons who requested books we do not have. These books were for home or school study, or novels to read.

824 books, both hard cover and paperback, were added to the library collection this year. 451 of these were purchased and 373 were gifts. The Library subscribes to seven magazines and 10 subscriptions are donated. 331 books were discarded. There are many discarded books for sale in the library.

In the spring, the 9th annual Art Exhibit was held, honoring National Library week. The Little Red Wagon came in August and put on a show. These shows are always well attended and thoroughly enjoyed by all ages.

For the third year in a row, the State Library awarded the Town of Lee Library a certificate "in recognition of your meeting qualification standards under the Statewide Library Development Program."

Claire Webb, assistant librarian, completed another of the eight required Public Library Technique courses at the University of New Hampshire.

Ann Hatch has been the Lee Library delegate to the District Area Council for ten years, seldom missing a meeting. This year the librarian and trustees were able to attend two meetings, one in Rochester and one in

Wolfboro. The librarians and trustees also went to two Library Public Relations Seminars.

The New Hampshire Library Council Spring Conference, which included the New Hampshire Library Trustees Association Annual Meeting, was attended by the full board and both librarians, as was the New Hampshire Library Trustees Association, Fall Conference. Mrs. Hatch has been the Central DAC representative to the N.H.L.T.A. board for two years, and was elected secretary of the association at the annual meeting in May. She has attended nine board meetings during the past year.

Mrs. MacDonald attended five meetings of the Oyster River Librarians and two meetings of the Seacoast Librarians and Media Services. She is a member of the Literary Outreach Committee of the Oyster River School District funded under Title IV C.

ANNUAL REPORT OF THE LEE POLICE DEPARTMENT

During the period of January 1, 1979 to December 31, 1979, the department covered 1,156 incidents requiring a report and police action. This is a decrease over the number covered during 1978. Areas classified as Misdemeanors, Violations, and General Service decreased in 1979 over the same period of time in 1978.

The area classified as Felonies showed an increase during the 1979 period. The number of Felonies increased from 29 during 1978 to 47 during 1979. The number of hours of time spent on juvenile work has also increased. During 1979 a total of 675 hours were spent on criminal investigations and an additional 797 hours on administrative tasks. Many of the administrative tasks were in the area of juvenile work.

Energy has been a problem for the police during 1979, just as it has been a problem for the individual. The cost of energy has increased at an astronomical rate during the year. The department decreased its consumption by 8% during 1979, yet the cost far exceeded what we had anticipated when we budgeted. We anticipate another 8% decrease in gallons consumed this year, yet we have no knowledge of how much a gallon of gas will cost by the end of 1980.

I would like to take this opportunity to thank Bruce Binnie for his service to the Town and the department. Bruce is the only department member to help out during the weekdays. He takes calls and answers complaints all those times that I am sick, in court, taking evidence to the State Lab, already on a call, when I need assistance, when I am taking compensatory time, when I am in school, on vacation, and the many other countless times that I am tied up. Very rarely does Bruce put in for any type of pay when he gives his time to answer calls or do some

form of police function. For the many hours he has donated to the Town and the many times he has helped me, I wish to thank him.

Following is a break down of the activity of the department during the year 1979.

Chief of Police

REPORT OF THE LEE PLANNING BOARD

The Lee Planning Board received applications for fifteen subdivisions in 1979. All but one of these has been approved, creating twenty-one new building lots in the Town of Lee. Eleven site reviews were conducted by the Planning Board. Three of these resulted in new commercial enterprises in Town. These are the Lance Corporation on Route 155, the White Mountain Tool Company on Route 125 and Oliver Pump Company on Route 125.

The Planning Board received on petition to amend the Lee Zoning Ordinance. This petition was signed by twenty-five residents on behalf of the Cheney Companies. This petition concerns rezoning Route 125 to increase the Commercial Zone. The Planning Board is proposing two new articles to the Town Zoning Ordinance. The first concerns the regulation of Earth Removal Operations (Gravel Pits); the second concerns the dumping and storage of solid waste matter. These amendments will be on the ballot for the March 1980 Town Meeting.

Development of the Master Plan has been progressing steadily. The mapping project has been completed with a total of thirteen maps depicting topography, resources and soil conditions of the Town. A citizens' Sounding Board has been formed for the purpose of obtaining residents' input into the Town Master Planning Project. The Sounding Board has been divided into subcommittees for the purpose of exploring details of various aspects to the Town's Natural Resources, existing land use and possible future development.

The Planning Board wishes to thank Paul Bishop for his years of service to the Board, both as a member and as chairman. Russell Valentine has now assumed the position of Chairman of the Planning Board and Natalie Allan, the position of secretary. Robert Moynihan has been appointed as a new member of the Board.

Due to the increasing work load of the Planning Board and the Zoning Board of Adjustment, a part-time secretary has been hired to handle the clerical duties of the two Boards.

REPORT OF THE ZONING BOARD OF ADJUSTMENT

The Zoning Board of Adjustment held thirteen public hearings on various applications in 1979. Of these, there were five requests for dimensional variances; two involved sign sizes. Antonio's Restaurant (July 5, 1979) and Krazy Kone Restaurant (May 9, 1979) were granted variances. Three requests involved variances for frontage or setback requirements. Thomas McCabe (May 24, 1979), Stanley Oliver (July 5, 1979) and Donald Toy (November 1, 1979) were granted dimensional variances.

The Board received four requests for special exceptions to the Zoning Ordinance to permit operation of a commercial enterprise in a residential zone. Exceptions were granted to Lance Corporation (April 2, 1979) and conditionally to Richard Saulnier of Lee Service Center (July 5, 1979) and Mark Ruddy of Great Bay Enterprises (December 5, 1979). Johanna Booth Miner was conditionally granted a special exception on November 15, 1979 to permit expansion of her existing daycare facility.

Conditional approval was granted to Harold Emerson Sr. on October 9, 1979 for a variance to Article 7 Section 2 of the Zoning Ordinance to permit temporary use of a trailer for living quarters on his property on Old Nottingham Road,

Two applications were received for variances to Article 4 Section A of the Zoning Ordinance to allow establishment of a second residence on a single lot. William Baum (January 25, 1979) and Durham Land Corporation (September 20, 1979) were denied these requests. A case against the Town of Lee and the variance because it did not meet the specifications set forth in Article 2, Section R of the Ordinance.

On November 1, 1979, Douglas MacRae was granted an appeal from an administrative decision to the conditions of the Lee Building Codes. A second appeal to the requirements of the Building Codes is scheduled to be heard in January from Chester Cole.

LAMPREY REGIONAL SOLID WASTE COOPERATIVE REPORT TO MEMBER TOWNS

Since our report to you at the time of your 1979 Town Meeting, the Cooperative, through the strong efforts of its representative members from each town, has made outstanding progress.

In May of 1979 the Cooperative obtained bids from pre-qualified suppliers of incinerator-energy recovery systems for the design, manufacture, and installation of three 36-ton-per-day incinerators and two integrated boiler systems for the production of steam to be sold to the University of New Hampshire, to supply a portion of their steam requirements in lieu of the conventional oil-produced heating medium. Consumat Systems, Inc., of Richmond, Virginia, was awarded the contract for the complete incineration-energy recovery portion of the project. This company is the largest and most advanced one of its kind known to us in the United States, with an excellent record of quality and performance. Their contract calls for a step or a phased schedule of delivery and installation towards a start-up date scheduled for late spring of 1980. They have continuously maintained the established timetable and we anticipate no problem in meeting start-up dates, weather and acts beyond their control permitting.

In mid-summer, upon completion of a major contract involving the relocation of the entire University of New Hampshire Power Supply & Transformer System to make way for the Cooperative's plant, a contract was awarded to Griffin Construction Company, Inc., for the site development and building construction portion of the project. This contract was developed in close coordination and for integration with Consumat's work to the end that all elements of both projects be completed as required to place the plant in operation efficiently and economically in the best interest of the Cooperative. Al-

though the site development contract was delayed approximately three weeks by serious unanticipated foundation problems, every effort by the contracting party and the Cooperative's management is expected to effect sufficient completion of the project to meet the scheduled start-up operation.

Although every effort was made by the Cooperative to anticipate the overall costs of the project, a number of events have occurred which have increased the capital costs of the project since the original estimates were made in late '77 and early '78. Two towns joined the Cooperative (Epping and Rollinsford), giving us an increased tonnage of waste to be handled. To provide the capacity to accept the estimated refuse generated by the 12 towns, to build in a growth reserve capacity, and at the same time maintain a safety stand-by incinerator for maintenance and emergency purposes, the Cooperative specified three 36-ton-per-day incinerators rather than the three 25-ton units on which the original estimates were based. With bids taken on all elements of the project during mid-year 1979, virtually at the height of the national inflationary spiral, all costs have substantially increased. As a result, the estimated capital cost of all elements of the project is now estimated to be approximately 3.3 million dollars. Despite this major increase in capital costs, the Cooperative, through judicial management and investment of available funds, has been able to move ahead on its scheduled plan for construction of the plant, with only the additional bonding of \$450,000. This additional capital investment, which the Town of Durham is being asked to loan the Cooperative, as in the case of the initial bond issue, has been offset completely by the increase in the price of fuel oil and the resulting estimated increase in revenues returned from the sale of steam, such that no increase in the tipping fee is projected. In fact, with reasonable control on the operating costs of the plant, any increase in the price of oil could improve the tipping fee (cost per ton of refuse handled) for each town. While a \$10 per ton tipping fee has been

used in projecting your town's share for budgeting purposes for the last six months of 1980, when we expect to be burning your refuse, the Cooperative does not expect any increase in this cost per ton if oil prices stay as they are, or increase.

Continuing inspections are being made of the facilities being produced by Consumat, and we are confident that the units which we have selected will perform in accordance with our planned production program. Although our system is designed to handle all types of residential waste, including glass, the Cooperative members voted unanimously to encourage the removal of glass at its source, either through recycling or local disposal as land fill. Glass is nonproductive as a source of heat and in fact does detract from the heat quality of the refuse burned, and it is estimated that there may be a net savings to all of the communities in the Cooperative to remove the glass and dispose of it locally rather than to transport it to the Cooperative's plant, process it as a part of the tonnage cost, and then dispose of it. The Cooperative's staff is working with the member towns to assist in such a program wherever possible.

The Directors of the Cooperative wish to express their deep appreciation for the assistance given its efforts by the officers and staff of the University System, and the University of New Hampshire, as well as the officers and staff of all the cooperating towns. Every effort will be made through continuing correspondence and news releases to keep all of the residents of the twelve towns informed of the progress in the development of their solid waste disposal and energy recovery plant.

Lamprey Regional Solid

Waste Cooperative

REPORT OF THE LEE BUILDING INSPECTOR

During the past year, there was a total of forty-six building permits issued for new buildings, alterations, and remodeling. Included in this total are the twenty-two (22) permits issued for new residential structures. The twenty-two permits issued for new residential structures is two less than the maximum number allowed under the provisions of the planned growth amendment adopted in March, 1978.

A breakdown of the permits follows:

Type	No.	Estimated Cost of Construction
New residential structures ..	22	\$ 1,010,000.00
Garages	6	27,075.00
Alteration	4	16,400.00
Solar panel installation	1	2,500.00
Barns	3	55,000.00
Sheds	2	3,500.00
Additions	5	18,190.00
Chimney	1	2,200.00
Business (Vet Clinic)	1	30,000.00
Swimming pool	1	9,220.00
TOTAL	46	\$ 1,174,085.00

Although the total number of permits issued is down by ten from last year, the number of permits issued for new dwellings is only one less than the number issued last year for this type of permit. It also co-incides with the yearly average number of permits issued for new homes over the course of the last five years (1975-1979).

Respectfully submitted,

Gerald W. Preston,
Building Inspector

REPORT OF THE LEE RECREATION COMMISSION

The Recreation Commission during the past year sponsored Betty Poulton's highly successful exercises classes. Many thanks to you, Betty. We hope that at some point they will be resumed. Also Donna Bucar led yoga classes, which were also very well attended. The Staigers, Jim and Rena, led cross-country ski tours as well as offering classes for beginner skiers.

The Lee Recreation Commission is looking forward to a very active year in 1980. There will be cross-country classes and tours offered once again by the Staigers and we hope to see a successful year of skating at our local rink. Plans are being made for a small toddler park in the Lee Recreation Field to offer a place for the small fry in the town to gather and play!

The LRC. meetings agenda's will be posted at the town hall and the library, previous to the meeting. All interested people are invited to attend. We're open to requests and suggestions and would like to hear from the Towns-people!

Respectfully Submitted,

The Lee Recreation Commission

James Staigers
Ray Marshall
Christine Burke
Phil Ginsburg
Elaine Dolph

REPORT OF THE STRAFFORD REGIONAL PLANNING COMMISSION

Part of the work of the Strafford Regional Planning Commission is to anticipate future problem needs of the region, and then to gather information relevant to those needs so that solutions to the problems can be designed. The Commission also addresses problems which may have intermunicipal impact.

Among the Commission's major efforts and accomplishments during 1979 in several programmatic areas of regional import are work in the water resources management field, work in the field of energy conservation and alternative sources of energy, promotion of the economic development for the region, historic preservation, solid waste management and coastal zone management.

In addition to these areas of concern, the commission also conducted educational programs of region-wide interest and increased communications among the several municipalities. As part of these activities the commission staff revised and distributed a 1979 update to *Open Space Handbook*; published three newsletters and a legislative supplement; issued several memoranda to municipal officials and interested parties concerning such items as EDA Section 304 grant application eligibility, EPA Technical Assistance Teams, federal flood insurance changes, 1980 Town Meeting calendar for zoning amendments; reported on Refuse-Derived Fuel Technology for the county commissioners; co-sponsored joint workshops with the Strafford County Conservation District and the Strafford County Cooperative Extension service on farmland preservation; met with the southern Maine Regional Planning Commissions to discuss issues of mutual interest concerning the Salmon Falls River and Piscataqua River Basin, and co-spon-

sored with the Strafford-Rockingham Regional Council a workshop focusing on the housing market in south-eastern New Hampshire.

The other major part of the Commission's work is the assistance provided to towns directed at the specific needs and the resolution of local problems. Since SRPC is a community-based organization, its member communities help develop the local assistance portion of the commission's work. Commissioners and a staff member meet with local officials/selectmen, planning board members, conservation commissioners to decide what projects should be pursued during a particular year.

Because it is frequently difficult for municipal officials to anticipate what problems or issues may arise locally during the year, the regional planning staff must be capable of responding to ad hoc requests for assistance to communities. Such assistance may be rendered in the form of meetings with municipal officials; it may involve correspondence or memoranda regarding state legislation or federal grant programs; or it can be as simple as providing population data over the phone or involve several hours of research to review the status of a program or proposal.

In 1979, the Commission provided the following services to the Town of Lee:

- Helped prepare and draft a *Community Profile* Booklet.

- Helped with the preparation and editing of a companion booklet entitled *Lee's Natural Resources*.

- Helped initiate the Sounding Board and provided research assistance on an ongoing basis on such topics as elderly housing and road standards.

- Helped review draft Excavation Control and waste Disposal Control ordinances, obtaining legal opinion on the latter.

- Completing cultural resources survey and inventory of town.

Strafford Regional Planning Commission Financial Report

Fiscal '79 was the last year that the Strafford Regional Planning Commission maintained an independent operating budget. The SRPC is a member of the Strafford-Rockingham Regional Council, which this year voted to combine the operating budgets of its four offices (three regional planning commissions and the Council itself) into one, and maintain only one set of books. books.

It should be carefully noted, however, that local funds contributed to any regional planning commission by its constituent members are spent entirely within the region in which they originated.

Sources of SRPC local funds were as follows in the current year.

Dover	\$ 0
Durham (½ its dues assessment)	2,000
Lee	1,469
Madbury	716
Middleton	566
New Durham	1,444
Newmarket	2,645
Northwood	1,973
Nottingham	1,344
Rollinsford	1,624
Somersworth	7,274
Strafford County	5,000
<hr/>	
TOTAL LOCAL FUNDS	\$26,055

Fiscal '80 Operating Budget¹

Personnel & Fringe Benefits	\$ 43,850
Consultants & Subcontracts	300
Allocation of Administration Costs ²	15,720
Rent	4,706

Utilities	360
Telephone	2,200
Office Supplies, Postage	1,000
Professional Supplies	1,220
Equipment Rental	2,900
Travel & Expense	1,800
TOTAL	\$ 74,056

¹The money in this budget is allocated to 16 categories of projects in an Overall Program Design which is set up on a three-year basis and adjusted annually or semi-annually.

²The Strafford Regional Planning Commission, as a member of the Strafford Rockingham Regional Council, shares one Executive Director and one Executive/Councilwide Bookkeeper equally with the other two regional planning commission members. Thus, the FY '80 Agency Administration costs includes one-third of their salaries (\$11,450), plus one-third FICA and Blue Cross/Blue Shield Benefits (\$785), and one-third of their office supplies, travel expenses, utility and telephone costs, and rent (\$2,750). It also includes the Strafford Regional Planning Commission insurance costs (\$385).

REPORT OF THE NEWMARKET REGIONAL HEALTH CENTER

The Newmarket Regional Health Center has made great strides in 1979 towards improving services for the residents of Lee. The number of people utilizing the services offered by the Center continues to grow at a rapid rate. Over 20,000 rides were provided by the Senior Citizen Transportation Service in 1979, an increase of 5,000 rides over the previous year. Following our move to a new and expanded facility, our utilization of medical services has increased 38% over the 1978 utilization level. In addition to the medical services provided by the Center, there has also been a significant increase in preventive and community health services.

In November of 1978, the Center moved its base of operations from its crowded second floor location on Main Street to a newly-renovated building on 14 Elm Street. The building is ideal, being centrally located with ample parking space for patients and staff. All of the Center's services are located on the first floor, and are easily accessible to handicapped individuals through the use of a wheelchair ramp. The medical clinic has expanded to include four fully-equipped examination rooms (three adult and one pediatric), separate laboratory facilities, and a counseling room, receptionist's station, and extra waiting room space.

The Center's medical services are provided by Sarah Oxnard, M.D., Mr. Michael Lewis, a Registered Physician's Assistant, and Ann Morgan, a Nurse Practitioner. The medical team also includes a nurse and a Health Aide who performs the bulk of laboratory procedures at the Center, both of whom assist the physician and physician's assistant. The Center's Community Health Workers work closely with Medical Staff to ensure the appropriate continuity of care for its diverse patient population. In addition, they coordinate preventive screening

clinics to detect potential health hazards, hold information workshops open to the public, and act as a liason between the medical provider and the patient. To make a medical appointment, call the Center at 659-3106 or toll-free at 1-800-582-7279.

The Senior Citizen Transportation Service provides regularly scheduled bus service for the elderly of Lee and other area communities. Transportation to medical and dental care, social services, food and clothes shopping, and day-long excursions to social events are but a few of the many activities available to seniors. To find out more about the Senior Citizen Transportation Program, or to arrange a ride for a senior citizen, call the program at 659-2424 or 1-800-582-7279.

The Newmarket Regional Health Center wishes to express its deepest appreciation for the continuing support given by the town of Lee.

REPORT OF THE OYSTER RIVER HOME HEALTH ASSOCIATION

The Oyster River Home Health Association is a medicare certified, voluntary, nonprofit organization which serves the four towns of Durham, Lee, Madbury and Newmarket. It is governed by a Board of Directors composed of five directors from each town.

Home health services are provided by the agency's professional staff which is composed of six registered nurses, a registered physical therapist and a registered occupational therapist, who work under the direction of the patient's physician. The staff maintains its professional competence through a continuing educational program.

In addition to the Care of the Sick Program, the agency provides a comprehensive Maternal Child Health Program which includes:

1. CHILD HEALTH CONFERENCES. Clinics held twice a month providing free physical examinations and innoculations for children up to first grade age. Clinics are staffed by Agency nurses and by Joanna Munger, M.D. and Judith Hallisey, Pediatric Nurse Practitioner.

2. DENTAL SCREENING CLINICS. Semi-annual dental prophylaxis for children 3 - 6 years who are enrollees in Well Child Conference. Examinations by State Dental Bureau Hygienists and referral to local dentists.

3. NEW BORN VISITS. Free home visits to every newborn to provide guidance to new mothers.

4. ASSISTANCE IN STAFFING OF THE FOLLOWING: State clinics, pre-school Vision and Hearing, Pediatric Cardiac and Orthopedic clinics.

5. SCHOOL SERVICES. Assistance to school nurses for special projects as requested.

Additional services provided by the Agency:

1. TUBERCULOSIS CONTROL. Monitoring of patients as directed by the New Hampshire Department of Communicable Diseases.

2. FOUR-IN-ONE SCREENING. Adult screening program held yearly in cooperation with the Newmarket Health Center.

3. ADULT HYPERTENSION SCREENING CLINICS. Held at request of a variety of organizations.

4. NEW HAMPSHIRE COUNCIL ON AGING. Patients over 60 years of age are eligible for free Occupational Therapy and Social Work visits if there is a need and no insurance coverage.

Funding for the Agency comes from patient fees (Medicare, Medicaid, private insurance and private payment), a grant from the Bureau of Maternal Child Health, donations, bequests and Town Appropriations. Town monies are utilized for matching funds for the Maternal Child Health Program grant and meet the costs of other preventive programs. As no one in need is denied services because of inability to pay, town funds are used to make up the difference between actual visit cost and what a patient can afford to pay. In the fiscal year ending June 30, 1979, this amount of fee scaling doubled. In the first half of this fiscal year, the amount scaled is about two thirds of the total budgeted for the year.

In May 1979, Medicare certification was received for the addition of occupational therapy services. The Agency is in the planning stages of applying for similar certification for Home Health Aides. The addition of a nurse's aide will allow us to offer greatly expanded personal care services, the cost of which would in many cases be paid by patient insurance.

Agency growth continues to be demonstrated by an increase in patient visits made and services offered.

Agency offices in the Durham Town Hall are open Monday thru Friday 8:00 to 4:00 p.m. Anyone desiring services can call 868-5055.
