REMARKS

The Selectmen found the culvert on the Dakin Road in bad shape, no railing, and very narrow road bed, so we had the road agent repair it.

The Emergency Relief Unemployed money had to be put on the Chesham to Roxbury road as it was the only road in town that had a mail route on class V roads.

Mr. E. Baker was appointed foreman and he built a very efficient and satisfactory road.

EMMETT E. HAZEN,  
District Treasurer.
REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Roxbury:

I herein submit my eleventh annual report as superintendent of schools.

If I were to express in a few words a philosophy of education with a psychological background, it would recognize (1) the human mind as the most unique, delicately poised and wonderful mechanism the world has ever known; (2) that its stimuli are obtained through the so-called "Windows of the Soul" often called our common senses; (3) that its products are the conceptions, ideations and thoughts resulting from a coalition and cooperation of mental activity, righteous feeling and the power of discrimination between right and wrong.

To recognize these fundamental truths and provide the best environment for their healthy function and development is a problem of public education.

Not only must we develop the so-called skills in our schools but also those fundamental requisites essential to the highest type of American citizenship. This implies the cooperation of the school, the home and the church.

The condition of business is sometimes called the corner stone of our educational structure. Therefore, we can be more optimistic than we were one year ago. The indices of the business world are on the up-grade. Let not the schools lag behind.
PROMOTIONS

The following numbers of promotions in respective grades were made in June:

Grades,  I  II  III  IV  V  VI  VII  VIII
         2  0  1  2  3  0  4  3

The above promotions were made on the following points: regularity of attendance, term rank, standard tests, and regular examinations given by the teacher.

Stanford’s Achievement Tests were given; one at mid-year and one in June. The Otis Standard Graduation examination for elementary schools Form D was given to the eighth grade.

In these tests, all the pupils maintained creditable standing in their respective grades.

Miss Marion Russell, the teacher, maintained her former reputation for efficiency in instruction, methods of teaching and in accomplishment of required work. The morale of the school has been good and the co-operation of parents excellent.

HEALTH ACTIVITIES

Dr. L. G. Hildreth, school physician, examined 15 pupils with the following results:

Defective vision,  2
Defective hearing,  1
Defective teeth,  1
Diseased tonsils,  4

Number of defects corrected:
Defective teeth,  3

In conclusion, I wish to thank the school board, teachers and parents for their co-operation and support.

Respectfully submitted,
FREDERICK T. JOHNSON,
Superintendent of Schools.
