# ANNUAL REPORTS OF THE TOWN OFFICERS

### TOWN OF STODDARD

NEW HAMPSHIRE For the fiscal year ending June 30, 2013

# THIS ANNUAL REPORT IS DEDICATED IN MEMORY OF

Louis GrandPre'

Shannon Sarcione

Joan Zelasny

#### WE DEDICATE THIS TOWN REPORT IN MEMORY OF

#### LOUIS "LOU" GRANDPRE' ~ 1933-2013

Lou lived in many places around the country during his growing-up years and throughout his career in construction and supervision, but when he came to Stoddard he settled here as his home. And in making it his home he soon set about lending his experience and knowledge to making it a better home for everyone. In 1988, as a member of the School Committee, he worked for several years to develop the plan for school enlargement that won voter approval in 1990, resulting in the facility that has served the town to the present day.

In 1994 Lou was elected to the Board of Selectmen, where he served for 17 of the next 19 years, bringing his experience in construction and estimating to bear on the town's needs for municipal facilities and roads. His value to the town in that capacity was never more apparent than at the annual town meetings. It was a rare occasion when a voter would ask a question concerning any item in the budget that Lou couldn't answer by leading us

through the budget process to reassure us that the costs were based on fact and not guesswork.

Along the way Lou also found time to serve on the Cemetery Commission, on the Building Committee, as President and then Treasurer of the Hidden Lake Association, and often as Selectman representative to the Planning Board. Lou's contributions will be reflected in the town for many years to come.

#### SHANNON SARCIONE ~ 1973-2013

Shannon was born May 7, 1973 and lived in Stoddard all his life. Shannon attended James Faulkner Elementary School and graduated from Keene High School. From there he attended Unity Collage. After college he started his career in the fire service. Shannon was a Career Level Firefighter and Captain for the Fire Department, Deputy Warden and Special Deputy Warden for the State of New Hampshire.

Shannon became a sawyer instructor for the State of New Hampshire. He had pride in himself as he served this community. He enjoyed hunting and fishing alongside his son, Hayden, and family members. He was a wonderful father and son, always having an open door to his friends.

We will never forget his unique smile.

#### **JOAN ZELASNY** ~ **1947-2013**

The Town mourns the loss early this year of Joan Zelasny. Joan served the Town as the Animal Control Officer, Treasurer for fourteen years and two terms as a Selectman.

#### SELECTMEN'S ANNUAL REPORT

The past year has been a very eventful year. During the renovation project to the Town Hall and Gould House we lost long time selectman, Lou GrandPre' from the Board of Selectmen and our architect Rick Monahon. We also lost Shannon Sarcione who was a long time member of our Fire Department, and former Selectman Joan Zelasny. The first part of 2013 has been difficult and we offer our prayers and condolences to their families and friends. They will all be missed. With the passing of Louis GrandPre' the Board was faced with finding someone to appoint to fill the selectman's position until our next meeting in May. Former selectman, and present Compliance Officer Harry Power offered to serve and was appointed. We thank Harry for his help.

At the close of last year's Town Meeting, you, the voters, had approved commencing repairs on the Town Hall to protect and stabilize the building. A more ambitious proposal to place offices beneath it and do outside repairs was defeated. The vote was clear that saving the building was a worthwhile goal but enlarging it was not. At the time of our 2012 Annual Meeting we were also aware that the New Hampshire Department of Labor had cited us for numerous workplace violations centered on the inadequacy of our facilities. What we did not realize at that time was how fast they would move to seek compliance.

To achieve that compliance we were required to move the Town Clerk into a public building that met DOL standards, and also bring our other office functions into compliance. To achieve compliance we chose to use our existing assets, the Town Hall and Gould House. At the same time we had to also address accessibility standards and fire code violations in addition to the labor board complaints. Prior to addressing the State Fire Marshall's life safety issues, structural, electrical and fire proofing had to to be completed before the Gould House could be used for even basic storage. Despite these costs this was the most economical solution to achieve the desired results. Funding for much of the work on the Gould House and the Clerk's office in the Town Hall was approved by the Department of Revenue Administration, which allowed us to expend an additional \$66,000 above our approved budget during the current year, from our undesignated fund balance. This was not reflected in the tax rate for 2012. The Department of Labor violations have been lifted and we are in full compliance.

Compliance with the DRA violations does not mean that we have nothing left to do. To complete the work begun we are now proposing additional building improvements over the next two years, but in much smaller bites. This effort will center on meeting all fire and ADA codes. The 2012 work on the Town Hall has already begun to have a significant payback with much lower heating fuel costs during the past Winter. The Gould house main floor provides us with adequate offices for our daily functions and the new clerk's office in the Town Hall fits well. The Gould House basement is now available as a clean records storage area and as this report is being written the forty-foot storage container in the rear of the parking area is empty and awaiting pickup. We hope you will take time to stop by and see the offices.

#### SELECTMEN'S ANNUAL REPORT continued

During 2012, we have also experienced excessive legal costs, especially concerning the cell tower proposal for Mellville Hill, over looking Granite Lake. It is our hope that this issue will be resolved in the near future.

For the Fiscal Year 2013-2014 our proposed warrant, including all proposed capital expenses is \$9,501 more than what was approved at the 2012-2103 Annual Meeting. Some of the new items we propose include protective vests for our police officers and extrication equipment for Fire & Rescue. Keeping the proposed budget to less than one percent increase (0.0082%) has been a goal of ours and we ask for your support at the Town Meeting

We wish to extend our sincere thanks to all those that volunteer to serve on the various Boards and Committees, without whose assistance we could not smoothly function. A special thanks to our Fire & Rescue, Fire Warden, Emergency Management and Police Department for their efforts to make us all safer. It is also fitting that we thank all of you, our citizens, for your support and help with all that we do.

Sincerely,

John Halter, Chairman Board of Selectmen

#### PLANNING BOARD REPORT

This past year, the planning board has worked on two ordinances. The first had to do with future construction of telecommunication towers. The planning board attempted to draft an ordinance that would have been a compromise for those who wanted to keep our skyline natural and the general public who wish to have cell service in the town.

The ordinance and its restrictions grew dramatically. When presented to council, the draft was far too restrictive which would have opened up possibilities for litigation. The decision was made not to send the ordinance for public vote.

The second ordinance had to do with increasing lot sizes on future lots in both residential and rural zones. This ordinance was drafted by myself as a response from taxpayers to control future growth and to keep development in check. This ordinance would have only effected large parcels that were not subdivided. Any empty lots that were zoned and subdivided under the current regulations would have been grandfathered. There were several other options that were visited before the draft was made. Growth management ordinances and moratoriums on building would not pass legal muster. There were some vague concerns from council that prompted a few on the board to baulk at this ordinance. The end result was that time had run out for debate and the ordinance did not go for public vote.

There is one underlying issue that is affecting this board and others in town. That issue is personal activism. The telecommunication ordinance was over done to appease a small minority who do not want any telecommunication towers in their back yards. The majority of voters want cell phone service and the FCC requires that technology cannot be hindered for the personal preference. Fighting telecommunication companies is costly and the result is that the town will lose. There has to be reasonable compromise from both parties. The same can be said for the lot increase. A developer or someone who wants to sell their parcel as an investment by subdivision creates a negative impact on infrastructure, emergency services, and increases the tax burden on all of us.

As we close out our year, I would like to ask town residents to become more involved in town affairs. You need not run for office or go to every meeting. Simply stay informed make sure you are heard. Without everyone taking ownership of our town, we will be consumed by the few who have their own short term vision. Remember to support those who wish to be public servants, not representatives of a group or personal agenda. The decisions made by your elected officials will impact your life in this town.

Robert Fee Chairman, Stoddard Planning Board

#### TOWN CLERK'S REPORT

The Town Clerk's office has gone through a great deal of changes in this year. After over 35 years of service to our town, Joan Reed has retired from the office. Also as an end of an era, the office has been moved into the Town Hall. So the last Town Clerk office in the State of New Hampshire, has left a privately owned building. Thank you to all who helped on our move. The transition went very smoothly and quickly. Our new office is a wonderful work space.

We now have the capability to do boat registration renewals along with the other business we have traditionally conducted. Now when you renew a boat registration, a portion of the fee will be retained by the town.

Our hours of operation, phone and contract information has not changed nor the email address for the office. All of that information is available from the Town Web page and is also listed in the Town Report.

Again thank you to all who have helped during this transition and we look forward to many years of continued service to our townspeople.

Respectfully submitted,

Linda Clark Stoddard Town Clerk

#### POLICE DEPARTMENT REPORT

2012 has been yet another great year for the Stoddard Police Department. We are very fortunate to have acquired a new animal control officer and would like to welcome Margo Santoro to our team. Margo has been very busy this year jumping right into her new position handling all animal control calls in a timely and thorough manner. We would like to remind all Stoddard citizens that all dogs must be kept on a leash and licensed by April 30<sup>th</sup>.

As in the past years we have continued to stay busy with calls for service. 69.23% of all of our business comes from calls for service. Eight arrests were made this year, including one juvenile. Continued increase of patrol has benefitted the safety of our citizens. Burglaries are down this year due in large part to our increased visibility while patrolling. Over 183 motor vehicle stops were made this year, the majority being on Kings Highway and Route 123. We would like to remind everyone that these roads continue to be an issue when it comes to speed and safety. Please keep in mind that with the warmer weather come bikers, motorcyclists, pedestrians and animals. I would like everyone to be safe.

We would like to thank the Town of Stoddard for the purchase of our new cruiser, a 2013 Ford Police Interceptor. This new cruiser is smaller and much more fuel efficient. This year we are requesting the funds to purchase new bullet proof vests. The last time this equipment was purchased was in 1986, it is recommended by the Department of Safety that these be updated every 5 years. Because of the increase in shootings involving police officers and civilians around the country, we now feel that steps need to be taken to increase officer safety.

As always, our department continually is seeking out other funding sources. This year, our department was awarded the Homeland Grant to purchase a new portable radio valued at \$3,232.24. Our department now has a total of three portable radios making it much easier to stay in constant contact with dispatch.

We would like to thank the citizens of Stoddard for their continued support and assistance. If there is ever an emergency, please call 911. You can also contact dispatch directly by calling (603) 355-2000. For any non-emergency issues, please call the Stoddard Police Department at (603) 446-3597.

Respectfully Submitted,

David Vaillancourt, Constable/Police Chief

#### STODDARD EMERGENCY MANAGEMENT REPORT

Stoddard Emergency Management exists to work with the local emergency services (Fire, Police, road agent etc.) to prepare for, respond to and recover from medium to large scale emergencies that affect a significant population in the Town of Stoddard. The Emergency Management Team monitors State emergency communications, establishes co-ordination with State Emergency Operations Center and communicates with the public thru radio and television outlets. The Emergency Management Team meets periodically to update our preparedness.

Preparation includes establishing and maintaining an "Emergency Operations Plan", a "Hazards Mitigation Plan" and a plan to co-ordinate with Statewide Emergency Operations Center as needed.

Response to emergencies is done by following the established plans and opening the local Emergency Operations Center when necessary. Co-ordination of Safety Services is conducted from the EOC. Recovery from an emergency includes co-ordination with state and local authorities to repair damage due to the emergency event, determine the criteria for closing the EOC, collection of municipal costs for submission to State or Federal emergency reimbursement if approved.

During the past year we experienced one event where the Emergency Management Team declared an emergency. This was in response to the forecasts for and the eventual event of **Tropical Storm Sandy**. Two days prior to the arrival of Sandy the Emergency Management Team met and made preparations for the storm. We reviewed lessons learned from prior storms and implemented pre storm steps as determined necessary. Fortunately Sandy was not a major storm in Stoddard. A few localized power outages due to lines down were the most significant effect of the storm.

Again lessons learned were reviewed. Emergency response vehicles and personnel were constrained by the need to cordon off areas where live wires were down on rt 123. The Emergency operations center was constrained by limited connection to the State EOC as well as limited connection to National Weather Service bulletins. The Stoddard Emergency Management Team has subsequently:

- enhanced communications capability by improving the antenna on the roof of the Falkner School (the EOC) and purchase of a portable antenna to be used in the event the primary antenna fails.
- purchased a dedicated laptop to be used to monitor NOAA and National Weather Service notifications in addition to State and Federal Emergency communications
- purchased emergency roadway signs to be used during emergencies to notify citizens of roadway hazards, closures and detours due to storm or severe emergencies.

During 2012 the Emergency Management Team held regular meetings with regional planning officials to conduct the required 5 year review and update the Towns "Hazard Mitigation Plan." The resulting plan is now approved by local and regional officials and is submitted to National FEMA for final approval. Approval of the Emergency Operations Plan and the Hazard Mitigation Plan qualifies Stoddard for Federal Grants and reimbursements under emergency declarations.

#### STODDARD FIRE AND RESCUE REPORT

On February 4, 2013 Captain Shannon Sarcione passed away from a logging accident. Captain Sarcione was a 20 year distinguished member on the department, a career level Fire Fighter, Deputy Warden for the town of Stoddard, a State of N. H. Certified Sawyer and a Special Deputy for the State of N.H. Forest and Lands. During Captain Sarcione's distinguished career he and other members of our department were awarded the Lawrence A. Voltz award for heroism in the line of duty, for saving the life of a town resident. Captain Sarcione's memorial service was held on Saturday, February 9, 2013 in the middle of a blizzard, that

didn't stop about 325 people from attending. At the service Captain Sarcione was bestowed the Honorary rank of Fire Chief. The Stoddard Fire & Rescue department would like to thank everyone for their thoughts, prayers and support during this difficult time.

A Thank You to the numerous members of our community that assisted with Shannon's memorial service, especially Debbie Smith who coordinated the food and serving of the food and those members of our community brought food to the service.

Thank you to the Fire and Rescue members and their families during this difficult time. Your professionalism and dedication is greatly appreciated.

Congratulation to Wally Weaver whom has reached a mile stone of 45 years of dedicated service to the Town Stoddard on the Fire & Rescue Department. Wally had held different officers positions and to rank as the Fire Chief over his career.

The Stoddard Fire and Rescue department call volume for the January to December 2012 timeframe were: 38 fire, 68 medical, 20 motor vehicle accidents, 3 mutual aid calls, for a total of 129 calls for 2012. This is the highest number of incidents in the history of the department. The previous highest call volume was in 2005, responding to 115 incidents. Our department also utilized the services of the Dart helicopter five times during 2012. One incident we has two helicopters that transport patients to Dartmouth Hospital in Lebanon, N.H.

A dry hydrant was installed at the Dead Brook Rd and Rt123N. A dry hydrant is a water source used too draft water. We plan on up grading the dry hydrant on RT123N by Pitcher Mt. farm this summer. We are also investigating installing dry hydrants at Cold Spring Pond and Island Pond.

Respectfully submitted,

Chief P.J. LaMothe

#### FOREST FIRE WARDEN REPORT

Last year we had numerous fires around the town. The largest one being on Turtle Rock Road that brought in around 13 towns for manpower due to the terrain we were working in and the temperature that day. The forest was a bit dryer last year than previous years. Campfires in other areas contributed to fires that were difficult to extinguish. These fires were from people having campfires without permits and in remote areas. I ask everyone to be alert to fires in your area and if you see anything unusual to please contact Fire Mutual Aid and report it.

As you know we lost a very special person in an accident who was a Deputy Warden for the town of Stoddard. Shannon Sarcione dedicated himself not only to the Fire Department but also to the Division of Forest and Lands. Shannon was a Forest Firefighter level 1, a State Training Officer for sawyers and a well known person throughout the state. Shannon was very much involved in the building of the new brush truck and keeping the equipment in working order. Shannon also was a Special Deputy Warden who helped train new firefighters to become Wildland Fire fighters. His passion and dedication to our community and Fire Department will be truly missed.

Please make sure that you have a proper Fire Permit when lighting any outside fires.

Respectfully Submitted,

Joseph Sarcione Forest Fire Warden

#### STODDARD COMPLIANCE OFFICER REPORT

Most folks believe the economy is still in a precious position; however, the level of activity in Stoddard from additions to homes, along with sheds, garages, and new home construction still exceeds any of our surrounding sister towns. At this writing, April 15, 2013, there were 20 Building Permits issued and Stoddard's Fiscal year ends June 20, 2013, and spring is usually the busiest for Building Permits! There were at least 7 folks who built without a permit and after contacting them...all have complied! The town is authorized...thru state law...to issue a fine of \$275 per diem from the time the violation is detected. None has been levied to date and I'm hopeful we can avoid that fine in the future.

There were other violations along with written complaints which have been satisfied except two Court Cases still pending.

I receive many phone calls and emails with questions on zoning, etc. I will always try to return your call or email as quickly as possible and look at your permit so there is no delay in what you propose. There are many forms available that you can download from Stoddard's website along with the complete Community Planning Ordinance.

#### STODDARD BUILDING COMMITTEE CHAIRMAN'S REPORT

#### **Mission Statement:**

The Building Committee will, through research and study, and collaboration with other town officials, boards and other committees, recommend to the Selectmen plans for future buildings, improvements, and additions to existing buildings and the maintenance of all town properties.

Following a short period of inactivity the Building Committee was called back into session by the Chairman in August of last year. At that time the new committee recognized that the electorate, by their no budget vote at town meeting, and the Board of Selectmen by their spoken no confidence at a Selectmen's meeting in July 2012, that there would be no capital projects requiring the involvement of the Building Committee.

The Stoddard Building Committee continued to meet on the second and fourth Thursdays of each month from August 2012 until October 2012. The Committee met to consider how it could fulfill its charter according to its' mission statement.

We recognized that there was no forward planning in place for major maintenance of Town Buildings. This major maintenance includes items such as exterior painting, roofing, heating system replacement and window replacement among others.

The Stoddard Building Committee then undertook a review of every town building (with the exception of Town Hall and Gould House renovations of which were being directed by the Selectmen who did not require Building Committee input) to forecast the future needs and estimated future costs for these major maintenance items. The result of these building reviews and estimated future costs of major maintenance items have been compiled looking 20 years into the future.

A Warrant Article establishing a fund for these future expenditures along with first year funding requirements will be presented to voters at town meeting 2013.

This work was primarily completed by the end of October 2012.

From October 2012 until April of 2013 regular meetings of the Building Committee were scheduled. Unfortunately, for a variety of reasons, the nine-member committee was unable to assemble a Quorum of five members for any of these meetings and no further official meetings were called to order.

#### TRUSTEE OF TRUST FUNDS REPORT

The Report of the Trust Funds included in this Town Report itemizes the current balance of each account in the custody of the Trustees from July 2012 to March 2013. At the end of this Fiscal Year (July 1, 2012 – June 30, 2013) this report will be updated as required by the State of New Hampshire to reflect the condition of investments in a fiscal year. The following is to give information in regard to the activities that have occurred in respect to these funds.

<u>Three Year Step CDs</u> - The two investments (one for the Cemetery Funds and one for the Parks and Recreation Fund) are now earning 1.98% and will expire on April 1, 2013. Three more investments (all for the school) are currently earning 1.34% and will expire on August 12, 2013. Considering the low interest rates now available, the Trustees will endeavor to reinvest these funds at the best possible interest.

Previously the Emerson and Ruth McCourt Mt. Stoddard Road Cemetery Fund was co-mingled with the Cemetery Funds. On advice from the Auditor, these funds have now been transferred to a Money Market Account. This account is designated only for the repair and maintenance of headstones in the Mt. Stoddard Road Cemetery.

Investments for the School remain steady since no funds have been withdrawn from these accounts. The Educational Fund set up to issue awards to Honor Roll students from Stoddard attending Middle and High School in Keene will now be depleted and any balance will be distributed to the top four High Honor Roll Students for the last four years after all outstanding checks have been cleared.

The Granite Lake Village account to fund the repair of their dam continues to grow. The Park and Recreation Fund also continues to earn interest. Both accounts were reinvested at a higher rate this past year.

The newest fund to be invested is the Stoddard Rocks/Sweetwater Trust funds. The Stoddard Rocks funds raised from taxation has been invested in a Money Market account. The Sweetwater Trust funds are invested in a long term interest bearing CD.

The State of NH only requires the Trustees of Trust to hold public meetings once a year. The Trustees met on August 18, 2012 at the Stoddard Town Hall. Members of the public are invited to attend. Notices of meetings and subsequent minutes are posted at the Town Hall, Post Office and Town Clerk's office.

#### DAVIS PUBLIC LIBRARY REPORT

This has been another good year. We have enjoyed the addition of many new patrons. Our collection continues to grow with great new bestsellers and an expanding DVD section.

Our collection is completely on the new computer checkout system. Items can be scanned and checked in and out quickly. We can see who has an item out and when it is due. This system gives us the ability to oversee and maintain our collection that we have never had before. Of course

the Internet is still available within the Library during library hours and 24/7 in the parking lot.

As you may know we have had many turnovers in our staff this past year. Kelly Taylor, the Library Director, left and Sarah Galligan, the Library Assistant, took over as Director. Sarah has also recently stepped down to take a full time position elsewhere. Lauren Rettig, Sarah's Library Assistant, is becoming our new Director and is in the process of hiring a new assistant. We certainly wish all well in their endeavors and hope the library continues to run smoothly for our patrons.

The children's summer reading program had twenty participants and Lauren is in the process of planning another great program for this upcoming summer.

The adult book club has run continuously this year and they have read some amazing books. Leigh Fosberry works very hard by helping select, pick up, and return the books to the Keene Library. Leigh keeps all the participants informed through the Internet. Everyone is invited to join the book club and may do so by going to the library and picking up a copy of the book. Many thanks to Leigh!

Many, many thanks also go to the Friends of the Davis Library. This year they have once again paid for our participation in NH Downloadable Book Consortium, which provides library members with free access to thousands of audio and e-books. These books can be checked out and downloaded to most e-readers and mp3 players, which are also available to be checked out at the library if you don't own one.

#### DAVIS PUBLIC LIBRARY REPORT continued

The Friends have also sponsored a Book for Babies program for new infants in town, several interesting speakers, a book pal reading program in conjunction with the James Faulkner Elementary School, Trick-or-Trick night, and are currently working on a new phone directory for the town. They have purchased a globe, a new computer, an I-pad, a camera and a car adapter for the mp3 players. They also purchased passes for the McAuliffe-Shepard Discovery Center, the Mariposa Museum, the Strawberry Banke Museum, and the Cheshire Children's Museum this year. Contributions have also been made to the Children's Literacy Program and NH Humanities Council.

All this is made possible by donations to the Friends in addition to fundraising. A tag sale was not run this year due to a lack of space to store items. Please continue to support the Friends of the Library book sale and their other fund raisers so they can continue to give their time and money in support of the library. They enhance our library and save the town much money with their efforts.

#### CONSERVATION COMMISSION REPORT

2013 proved to be a very busy and transformative year for the conservation commission. Here is a quick (and sometimes not so quick) year in review:

<u>In April:</u> the town signed an MOU with the Forest Society to use a portion of Pickerel Cove property for a trail head parking lot; kiosk, and trail connector to the new town forest; On April 28th, 2012, the con com filed a motion to Intervene in the Application of Antrim Wind Energy, LLC regarding their effort to place an industrial wind farm on Tuttle Hill, Antrim (see more on this below);

<u>In June:</u> the con com members and Loveland Forestry along with Land Contractors cleared the parking lot site and built the 5+/- car parking lot off Shedd Hill Rd. (between Dodge Farm Rd. and the Marina);

<u>In July:</u> the con com kicked off Olde Home Days with a Friday night showing of the documentary "*Green Fire*" (a film on the life of Aldo Leopold, conservationist, forester, and author of "*Sand County Almanac*") with 25 people attending; Andorra Forest donated a cord of firewood for the annual cordwood for conservation raffle, with all 3 commissioners helping out, along with long-time summer residents Cathy and Ernest Getty. We raised \$1,027 for the town forest stewardship fund. The 2012 cordwood raffle winner was Jane McDermott of Center Pond. Mill Village Store owners Dale & Debbie Smith sold a lion's share of the tickets and are credited with making this effort such a financial success.....thank you!! Work was conducted and completed in cutting out the 3,500 foot connector trail linking the new trail head parking lot with the trails to Pioneer Lake and Stoddard Rocks by commission members and volunteers Ernest Getty, Marshall Barrett, Mark & Geri Bailey. Land Contractors performed the repair work to the Pioneer Lake dam, with work being inspected and approved by the NH Dam Bureau engineers. They did a stellar job. John Lightbody helped in overseeing the project on behalf of Sweet Water Trust, along with other stewardship activities.

<u>In September:</u> Don Healy's company Visual Graphics Systems, Inc. completed the printing of the all weather map and text for the new trailhead kiosk. Scott Semmens did the map work and Geoff Jones prepared the text.

<u>In October:</u> the town took official title and deed to the new 732~acre town forest. Stoddard Rocks & Pioneer Lake now belong to the town of Stoddard; George Preston and Geoff Jones installed the new trail kiosk. Geri Bailey and Gayle Looby marked the trail with yellow paint. The conservation commission spent considerable time and effort as an Intervener in the Antrim Wind Energy project that was slated for Tuttle Hill. The project, if successful, would have resulted in 10 500-foot tall wind mills being erected along a 4 mile section of Tuttle Hill and Willard Mountain, fragmenting a 12,900 acre forested block that contains some of the highest ranked wildlife habitat in NH and undermined the scenic values of this area.

The following is a summary (sent to the states Site Evaluation Committee) of the Stoddard Conservations concerns and recommendations, regarding the proposed Antrim Wind Energy proposal for Tuttle Hill, Antrim, NH:

#### **Salient Facts:**

- 1. The town of Stoddard has 21,431 acres (63% of the town) in conservation land, which physically connects with over 40,000 acres of conservation lands in the abutting towns of Antrim, Hancock, Gilsum, Harrisville, Marlow, Gilsum, Washington, and Windsor. This remarkable regional land protection effort has involved six regional, state, and national land trusts and conservation organizations including the *Harris Center*, *NH Audubon*, *Society for the Protection of NH Forests*, *The Nature Conservancy*, *Sweet Water Trust*, *and Trust for Public Lands over a 30+ year span*;
- 2. The 1,700 acre Robb Reservoir, located in southeastern Stoddard along the Antrim/Stoddard town line (was the NH 2006 #1 Forest Legacy project in the state) abuts the proposed AWE site to the west;
- 3. The proposed AWE wind farm is a part of a 12,994 acre unfragmented forest block that the NH Fish & Game Department <u>Wildlife Action Plan</u> has classified as having the highest ranked wildlife and ecological habitat in the state; lies in the Quabbin to Cardigan corridor (a multistate effort to protect lands that have high wildlife and conservation values); and has been identified in the Town of Antrim's Open Space Conservation Plan;
- 4. Many of the seasonal and year round residents of Stoddard choose to live here because of the scenic, undeveloped countryside that provides the green, scenic backdrop to their homes;
- 5. Allowing an industrial wind farm to be placed on Tuttle Hill ridge is inconsistent with the SEC statutory requirements under RSA 162-H:16 which states: "(c) Will not have an unreasonable adverse effect on aesthetics, historic sites, air and water quality, the natural environment, and public health and safety."
- 6. Tuttle Hill area is a marginal wind generation site, hence the proposed 500-ft of the wind towers.
- 7. The proposed conservation easements with four private landowners to protect 685 acres that is part of the AWE application is inadequate, as they do not preclude future residential development of the ridgeline along with ancillary forestry and agriculture buildings; they do not include the largest property on the ridge that is location of four of the 10 turbines; they do not protect against permanent fragmentation of the Willard-Tuttle ridge after the life of the project. (The 11th hour addition of an additional 123 acres, while an improvement, still does not offset the negative wildlife impacts, that this project poses).
- 8. The Stoddard conservation commission is comprised of 2 professional foresters and 1 high school science teacher, who collectively have over 90 years worth of applied natural resource experience. It is our opinion that the AWE project will result in habitat fragmentation that will negatively impact the conservation and habitat values of the land hosting the project, but also on the adjacent conservation lands, of which Stoddard is a key stakeholder. We do not agree with <u>and challenge</u> the Oct. 11, 2012 testimony of wildlife biologists Dana Valleau and Adam Gravel that the proposed AWE Industrial Wind Farm project "will not fragment the habitat of the 12,994 acre unfragmented forest, because the project will occupy a relatively small slice within a much larger landscape". It will have long-term negative impacts.

#### What the Scientists & Experts Tell Us:

If you are ecologically and environmentally literate, you see the damage everywhere. In lieu of comprehensive state and federal standards, this damage can only be lessened one land use decision at a time, by informed decision makers. Please consider what the experts are telling us:

Conversion of forestland to non-forest uses (fragmentation) and the ensuing loss of habitat has been identified as a major threat that needs to be addressed by preventing further loss through good planning and by finding alternative, less ecologically damaging sites. This alarm has been sounded by the following renowned individuals and organizations;

- a. The NH Fish & Game Wildlife Action Plan identifies a strategy for "minimizing the human footprint on the state's natural habitats" and encourages land use decision makers throughout the state to protect these habitats through good planning and by finding alternative, less intrusive sites;
- b. According to internationally renowned biologist and Pulitzer Prize author, Dr. E. O. Wilson (Harvard University professor for over 5 decades and author of more than twenty books), the greatest threat to life on planet earth comes from habitat fragmentation and invasive species invasions through human development;
- c. The 1993 Society of American Foresters "Task Force Report on Sustaining Long-Term Forest Health & Productivity" identified the need to "maintain the biological and physical integrity of the forest" if they are to remain ecologically and economically viable;
- d. Aldo Leopold, forester, wildlife biologist, conservationist made the observation: "What avail are forty freedoms without a blank spot on the map";
- e. Henry David Thoreau said: "In wildness lies the preservation of the world".

#### The Stoddard CC Primary Recommendations:

The Stoddard conservation commission respectfully requests that the SEC deny the AWE permit to built an industrial wind farm on Tuttle Hill, for all of aforementioned and following reasons:

1. Allowing the wind farm to be permitted on this site will be in direct conflict with the requirements in 162-H:16, so the certificate should not be granted.

If natural resource professionals, land trusts, conservation organizations and state natural resource agencies do not heed the aforementioned warnings, and defend the conservation values of an important area like Tuttle Hill, WHO WILL?

2. The SEC is comprised of department heads and/or representatives from three state agencies: NH Fish & Game; NH Division of Forest & Lands; NH Division of Parks & Recreation, whose collective responsibility is to conserve, manage, and protect the states' natural resources. We challenge them to follow their own advice as outlined by the WAP and their respective agency's missions AND <u>defend the core wildlife habitat and conservation values of this large unfragmented forest block by voting against this project.</u>

#### The Stoddard CC Alternative Recommendations:

If the SEC approves of the AWE permit to build the proposed wind farm, the Stoddard conservation commission respectfully requests the following:

- ✓ Remove towers 9 and 10 from the project;
- ✓ Strengthen the proposed conservation protection of this area by expanding the acreage under the proposed conservation easements, to include all of the landowners whose land this project will be sited on;
- ✓ Strengthen all proposed and ensuing conservations easements by prohibiting any development, residential or otherwise.

#### Threat to NH Scenic Values & Rural Values??

As the state tries to find alternative forms of renewable energy, the hills and ridgelines of NH will come under increasing pressure to host these facilities. While some folks might welcome wind farms on the scenic landscape of NH as forms of "kinetic art with values that far outweigh the visual impact" others will lament that it will leads to habitat fragmentation and an "aesthetic famine" in the state, that once touted "Scenic" on its license plates.

We implore the SEC and the state to adopt a strong set of siting guidelines that will help prioritize where these facilities will be located, without compromising or undermining the conservation and scenic values of this state.

The proposed May 29, 2007 Guidelines were a good start. They should be strengthened and adopted!

Respectfully submitted,

Geoffrey T. Jones

Stoddard Conservation Commission, chair

In October, the Stoddard Selectmen sent a letter of support regarding the concerns raised by the SCC. Conservation commission chair, Geoff Jones was required to testify twice before the state's Site Evaluation Committee (SEC). Dr. Fred Ward used the SCC's Intervener status as a vehicle to address numerous concerns he had regarding meteorological data and noise impacts.

In early February, 2013, after 3 days of deliberations, members of the Site Evaluation Committee found the project would have an "unreasonable adverse effect" on the aesthetics in the region and denied the wind farm! This decision was unprecedented!

#### **2013 Planned Projects**

- We plan to work on the trails going to Stoddard Rocks and around Pioneer Lake. We need trail volunteers. If you would like to be added to the e-mail list for trail workers, contact Geoff Jones by phone (446-3439) or better yet: email me at geoffreytjones@gmail.com
- Hold the 3rd annual "Cordwood for Conservation" to raise money for the annual stewardship fund for Pioneer Lake/Stoddard Rocks. You can make a tax deductible gift with a donation to the Town of Stoddard/Town Forest Stewardship Fund c/o the Selectman.
- Have a Grand Opening of the trail on Olde Home Days Weekend......with other field trips to follow.
- Follow us on the town website
- Establish a town forest advisory committee
- We need new members for both the conservation commission and the advisory committee. If interested, contact Geoff Jones by phone (446-3439) or email me at geoffreytjones@gmail.com

Respectfully submitted, Geoff Jones, chair Scott Semmens, vice chair Paul Crosby, secretary

#### ZONING BOARD REPORT

This fiscal year has not allowed for a resolution of the proposed AT&T cell tower on Melville Hill. We are in Federal Court because AT&T has charged that the Town of Stoddard and the ZBA violated the FCC "shot clock" regulation. The issue was submitted to Judge LaPlante for Summary Judgment a year ago, but only recently did Judge LaPlante respond that the court could not render a decision based on the material submitted for Summary Judgment. He recommended either a trial or a "Stipulated Record" be submitted by both sides by April 12. In consultation with Attorney Jeff Spear of Orr & Reno, the ZBA and the Board of Selectmen have requested a Stipulated Record judgment. A trial would incur much more expense.

There have been 2 appeals of ZBA decisions, which have been delayed because the appellants have to identify new attorneys. Matthew Serge of Upton & Hatfield is the attorney for the ZBA for all legal issues except for the cell tower issue.

The ZBA is charged with making decisions for special exceptions and variances within the parameters of the Community Planning Ordinances. (CPO) These ordinances should be examined on some regular basis for changes needed to both retain the rural character of the Town and provide for businesses which add to the tax base.

Things to remember when planning waterfront addition or changes:

- A buffer zone of 50 feet from the high water mark must be left undisturbed to reduce siltation into the water.
- Additions of buildings, decks and other alterations may have other restrictions. Consult the Community Planning Ordinances for definitive information. They are on the Stoddard web site.
- "Grandfathered" does not mean you are exempt, but instead you may need a variance before proceeding with any alterations.
- A State Shoreland Permit is required for many alterations on the waterfront. Please obtain the permit before applying to the ZBA. More information is available @ www.des.nh.gov/espa

#### **CEMETERY COMMISSION REPORT**

There were many changes in our cemeteries this past year. Considerable tree work has been done. A large elm tree was removed from the new Town Cemetery, a large maple was removed from Robb Cemetery and two memorial trees were replaced due to severe damage by deer during the winter.

Resignations were received and accepted from Commissioners Louis Grand Pre and Charlotte Pratt. The new Commissioners are Edmond Saleski and Barbara Dougeneck.

A new caretaker was hired for Old Dow Cemetery, Jesse Pollard of Stoddard. Jesse has done an outstanding job. Thank you Jesse.

However, Jesse gave his resignation April 3, 2013. He is needed at home while his wife continues her education.

David Young is no longer caretaker for New Dow, New Town, Stevens and Robb Cemeteries. James Curnutte of Stoddard will be the caretaker of these cemeteries starting May 1, 2013.

Our cemeteries are once again in good and caring hands.

When visiting your loved ones in our cemeteries, please feel free to call to our attention your suggestions for improvement. We appreciate your caring and concerns.

Respectfully

Mary Lou Stymest, Chair Edmond Saleski Barbara Dougeneck

#### HEALTHCARE, HOSPICE AND COMMUNITY SERVICES

# Report to the Town of STODDARD 2012/13 Annual Report

In 2012/13, Home Healthcare, Hospice and Community Services (HCS) continued to provide home care and community services to the residents of Stoddard. The following information represents activities in Stoddard during the past twelve months.

#### **Service Report**

#### Services Offered

#### Services Provided

| Nursing                        | 231 Visits  |
|--------------------------------|-------------|
| Physical Therapy               | 189 Visits  |
| Occupational Therapy           |             |
| Medical Social Work            |             |
| Home Health Aide               | 60 Visits   |
| Chronic Care                   | 1,039 hours |
| Health Promotion Clinics       | 12 Clinics  |
| Child Health and Prenatal Care | 11 Hours    |

Prenatal and well child care, hospice services and regularly scheduled "Nurse Is In" clinics, including foot care, are available to residents. Town funding partially supports these services.

HCS also offers the Age In Motion program in Stoddard; ten week sessions are held in the spring and fall. AIM is an exercise program designed primarily for older adults. AIM promotes exercise for balance, flexibility, and to build strength, preventing falls and enhancing older residents' ability to stay independent. Home Healthcare, Hospice and Community Services also sponsors the monthly Friendly Meals for senior citizens at the Stoddard Town Hall. No town funding is involved in the Friendly Meals program.

#### **Financial Report**

The actual cost of all services provided in your fiscal year 2012/13 with all funding sources is \$155,475.00. These services have been supported to the greatest extent possible by Medicare, Medicaid, other insurances, grants and patient fees. Services that were not covered by other funding have been supported by the town's appropriation.

For fiscal year 2013/2014, we request an appropriation of \$800.00 to be available for home care services and \$1,200.00 for the Age In Motion program in Stoddard.

For information about HCS services, residents may call (603) 352-2253 or visit www.HCSservices.org

#### HIGHLAND LAKE UNIFIED ASSOCIATION

The Highland Lake Unified Association is a non-profit organization dedicated to establishing an awareness, understanding and appreciation of Highland Lake and the responsibilities associated with preserving the environment of the lake.

The association is responsible for the volunteer water collection and testing by the state (see the 2012 report from William Bearce, chairman of the water testing committee) and weed watch programs and the highly successful Lake Host Program which is entering its twelfth (12) year. The volunteer water collection team use their own fishing boats and the volunteer weed watch team use their canoes, kayaks and other small boats to cover the lake looking for invasive plants.

During the 2012 boating season the lake hosts examined over 2400 boats and trailers both entering and leaving the two (2) public boat ramps during twelve (12) weekends and included ten (10) fishing tournaments.

We are now preparing for the 2013 boating season and will be seeking additional funding. New Hampshire Lakes Association is trying to obtain funding for The Lake Host Program but with no Federal or State funding they have to rely on private grants. This being so, further cuts are expected in our allotment this year. Without the Lake Host Program Highland Lake is open to infestation by invasive species of plants making the lake inhabitable for fish and other plant life. With such an infestation there would be no boating, fishing or swimming. Eradication of milfoil and other invasive species is extremely expensive. The Lake Host Program is the first line of defense.

During 2012, with the help of the town of Stoddard providing \$6,000.00 (six thousand), the town of Washington \$500.00 (five hundred), road association's donations, and the generosity of our members we were able to cover the program for the season. Thank you all for your generosity.

I wish everyone a good 2013 summer on Highland Lake.

Sincerely,

Joseph P. Van Schaick President

#### 2012 WATER QUALITY ON HIGHLAND LAKE

A warmer than normal winter, along with very little snow cover, gave us an early ice out on the first day of spring. Even with the lack of snow, the lake level returned to normal after the work was completed on the dam. The Loons have returned, as well as both male and female bald eagles being seen at the north end of the lake. A large flock of common mergansers (a fish-eating diving duck with a crested head and a long beak notched like a saw blade) was seen. We also observed several ducks and clocks of geese. It was also noted, that the weed growth was starting to form.

The sampling event occurred on June 20, 2012, with an annual visit by the DES. The event and the sample results showed good clarity and all parameters were within range. Our secchi-disk reads will be sent to Kent State for the annual secchi-disk records for lakes throughout the country.

The second sampling occurred on July 29, 2012 with similar results. Water clarity was getting better and weed growth worse, due to the hot weather and minimal rain fall.

The third and final sampling occurred on September 3<sup>rd</sup>, 2012 with the lake down eight (8) inches and tributary flow very low due to the lack of rain. The water clarity showed continuous improvement, but the weed growth was becoming a problem due to abundant grasses and clumps formed from boat traffic cutting the weeds.

Water samples were collected at the following locations, North and South deep spots, and tributaries from the North inlet, Barden Pond Brook, Pickerel Cove, Carr Brook, Rice Brook, Kennedy Brook and Dead Brook. The deep spots were sampled for dissolved oxygen, acid neutralizing capacity, chlorophyll-A and clarity using the secchi-disk. The North and South deep spots, along with tributary events were sampled for pH, conductivity, phosphorus and turbidity. Initial results show the lake to be in good shape.

The DES )NH Department of Environmental Services) records all of the parameters, and a book is produced yearly showing trends and the overall health of Highland Lake. The brook will be available for Highland Lake Unified Association Annual Meeting.

Respectfully submitted by the Sampling Committee,

William Bearce, Chairman Water Testing Committee

Granite Lake Village District

#### GRANITE LAKE VILLAGE DISTRICT ANNUAL MEETING REPORT

#### State Of New Hampshire

John Halter, moderator, called the meeting to order at 9:06 A.M. April 20,2013 and read the warrant as follows:

To the inhabitants of the Granite Lake Village District in the towns of Nelson and Stoddard NH, located in Cheshire County who are qualified to vote in Village District Affairs, you are hereby notified that the annual meeting of the Granite Lake Village District will be held at the Chapelby-the-Lake in Munsonville, NH, Saturday, April 20, 2013 at 9:00 A.M. to act on articles 1-6 including election of officers.

**Article 1.** To choose one commissioner for a term of three years and to see who the inhabitants of the District will elect for the offices of auditor, treasurer, moderator, clerk, each for a term of one year. Nominated for commissioner, Brian Pratt; auditor, John Halter; treasurer, Barbara Ropiecki; moderator, John Halter; clerk, Sally Ripley. The article was appropriately moved and seconded - vote was affirmative.

**Article 2.** To see if the District will vote to raise the sum of \$5,000. to add to the *Capital Reserve Fund for dam maintenance/repair/ replacement established Dec.* 2008.

Phil Hamilton explained that sometime soon the facing will need to be jackhammered off—the dam and new concrete put on. The current footings will not permit another layer. Phil said he thought it would cost about \$35.000. Barbara Ropiecki said we have \$25,512.15 in capital reserve already. The article was appropriately moved and seconded - vote was affirmative.

**Article 3.** To see if the District will vote to appropriate the sum of \$2,000.(from last year's budget surplus) to design and build a safe walkway over the dam for the purpose of helping in raising/lowering the flashboards. Leonard commented that someone could get up on it and fall in the water; John Halter assured him that it is beyond the fenced area. The article was appropriately moved and seconded - vote was affirmative.

**Article 4.** To see if the District will vote to raise and appropriate the sum of \$1700. to defray Village District expenses. Barbara summarized the various fees (NH Municipal Assoc, \$400., Dam registration \$400., Chapel \$300, brush cutting \$50.) and office needs. The article was appropriately moved and seconded-vote was affirmative.

*Article 5.* To see if the District will vote to raise and appropriate that sum of \$750. to pay for liability insurance for one year.

Barbara said that's what it has been for several years and that once again, the amount has been locked in for 3 years. The article was appropriately moved and seconded- the vote was affirmative.

**Article 6.** To see if the District will vote to hold it's annual meeting on April 19, 2014 at 9:00 A.M. at the Chapel-by-the-Lake in Munsonvile, NH. The article was appropriately moved and seconded.- the vote was affirmative.

A vote to adjourn was moved and seconded and voted affirmative. meeting over about 9:30 A.M.

Sally Ripley reminded Phil to speak about lowering the lake earlier in the fall. Phil spoke about the need to bring the water level down earlier so that the lake trout eggs would not get left up on shore when the water went down. The group of landowners appeared to approve, and the board left the decision to be made how much to lower the lake to the Fish and Game Dept. and the dam bureau. The F&G Dept wants 12" left on the spillway and the dam bureau wants the water level at the level of the spillway.

Respectfully submitted,

Sally Ripley, Clerk
