REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Warren:

I herewith present my second annual report as superintendent of the schools of Warren.

Year 1927-1928

Total enrollment—136
Schools in session—175 days
Percent of attendance—93.05%
Cases of tardiness—299
Visits by members of the board—0
Visits by superintendent—207
Visits by school nurse—57
Visits by citizens and others—240

The above figures show the size of the school and the record of attendance for last year. The number of cases of tardiness was far greater than necessary. It is bad for the school and bad for the child when a pupil comes in late. We want our boys and girls to grow up with a strong sense of responsibility, and the habit of promptness is one of the essential factors in developing this ideal.

This year the enrollment has been 117. The following are the teachers: Village Grammar, Hazel B. Maynard; Intermediate, Helen E. Kemp; Primary, Natalie Smith; Glencliff, Amy B. Morse; East Warren, Cadet from Plymouth Normal School.

The installation of the new adjustable desks and seats in the intermediate room and the painting of the room used as a library upstairs have completed some very desirable improvements in the village school. While this building is in such excellent repair, it would seem an opportune time to consider certain changes at Glencliff. The three greatest needs are a more efficient heater, adjustable desks and seats, and new toilets. I
feel that these would add to the health of the children and thereby improve the work of the school.

Attention of those parents, who will have children old enough to enter school next fall, is called to the vaccination law. This law requires all children attending school to be vaccinated. Exception is made in the case of those who are excused by the Board of Health as physically unfit.

Respectfully submitted,

EDWARD A. JANES
