Increase of indebtedness during the year,	642 99
	\$ 7,585 80

For the last two years the town has raised no money to defray town charges or to apply on debt and interest and consequently the town debt has increased, and your Auditor would respectfully recommend that money enough be raised to provide for \$2,000 of bonds maturing July 1st, 1886.

The undersigned has examined the books and accounts of the Selectmen and Treasurer and finds them correct.

OSCAR C. HATCH, Auditor.

REPORT

OF

The Superintendent of Schools

FOR

The Year Ending March 1st, 1886.

GENTLEMEN: It gives me great pleasure to render to you at this time a brief report of the conduct of the schools in the several districts which have been so generally satisfactory. As will be seen by reference to the table of statistics there have been 346 weeks of school in the several district, making an average of nearly 25 weeks in each districts, the smallest number of weeks being 15 in districts No. 1 and 18, and the greatest in district No. 5, where there were 33 weeks. In the selection of the teachers the district prudential committees have exercised good judgement in most cases and consequently the schools have been generally successful, having made good progress in their studies and the government has been very good.

If we should tell the people of this town that they lacked proper interest in the welfare of the schools they would probably resent it as a false accusation, and therefore we do not propose to make such a statement, but it is a fact that in this town as in all others parents know too little about the methods of instruction and discipline employed in their various schools and there is not that sympathy and co-operation between parents and teachers which is so essential to the highest success, and we hope that parents everywhere will ere long wake up to a realization of the fact that frequent visits are a great encouragement and stimulus to both teacher and scholars.

The attendance has been excellent in all the schools during the past year and this accounts in a great measure for their excellence.

THE SEVERAL SCHOOLS.

DISTRICT NO. 1.

In this district Bertha M. Buck taught the spring term with fair success, the scholars making quite good progress in their studies.

A fall and winter term of eight weeks was taught by Philip J. Hartley, of Lancaster, who kept a good school, although his experience had been limited.

DISTRICT NO. 2.

This district has been particularly fortunate in the selection of teachers and as a consequence their schools have been excellent throughout the year. Kate Q. Dow taught the first term, and the only trouble was that she tried to accommodate too many classes at first, but after this was rectified, her work was simplified, and her success was excellent.

Miss Nellie M. Curtis taught the second term with most excellent success both in discipline and instruction and she gave universal satisfaction.

DISTRICT NO. 3.

Miss E. Lillian Bliss taught the spring term, meeting with good success and accomplishing much excellent work.

In the Fall Ella M. Clough took charge of the school and taught a successful term of ten weeks.

For the Winter term Miss Alice Powers was engaged and as in all her schools she proved herself an excellent teacher.

DISTRICT NO. 4.

Alice Powers taught two terms here meeting with success in both which would place her in the front ranks of teachers if her reputation were not already established.

The winter school under the instruction of Rollie K. Laughlin was also a profitable one and with a little more experience Mr. Laughlin will make a fine teacher.

DISTRICT NO. 5.

Miss Nellie M. Curtis opened the year with a term of eight weeks, and her scholars had to learn as she governed them strictly and kept them busily at work. The progress was good.

In seven weeks scholars fairly get started and as the second term kept only seven weeks Miss Mary E. French hardly had time to do herself justice. The scholars made fair progress.

Miss Evelyn A. Wells finished the year with a term of eighteen weeks to the entire satisfaction of scholars and parents. She is one of our best teachers.

DISTRICT NO. 6.

Affie A. Russell taught the fall term of nine weeks with fair success, her greatest fault being lax discipline, this interfering somewhat with the success of the school.

Miss Nellie A. Cleasby taught the fall and winter terms with excellent success, the discipline being good and her methods of instruction first-class, so that both terms were very profitable.

DISTRICT NO 7.

Stella S. Lang taught both terms here giving perfect satisfaction to all. Her order was good and under her tuition the classes made good progress.

DISTRICT NO. 10.

In this district Nellie E. Farr taught two terms being entirely successful in her efforts to make them as profitable as possible to all concerned.

DISTRICT NO. 11.

Ida M. Whitcomb who taught both terms of school in this district proved herself one of the best young teachers in town, meeting with excellent success.

DISTRICT NO. 12.

Mary E. Carpenter, although a young and inexperienced teacher when she began here, met with good success, her scholars improving fast under her instruction.

DISTRICT NO. 13.

Miss Kate Astle taught a fall term of eight weeks, meeting with good success in her efforts to maintain order and instruct her classes.

Miss Clara Blodgett taught the first nine weeks of the winter term with excellent results, when she left to accept a position in the village schools and Wm. A. Allison was engaged for five weeks which were profitable to all.

DISTRICT NO. 14.

This was the largest school in town and the attendance throughout the year was fair, but not quite what it should have been. Miss Florence M. Young taught here throughout the entire year, and being an old teacher the results were very satisfactory.

DISTRICT NO. 18.

The school year here consisted of two short terms, both taught by Miss Carrie J. Lewis, and although this school was small, it was an excellent one Miss Lewis being a good teacher.

DISTRICT NO. 19.

Miss Whitcomb taught the first term here with good success and Mrs. A. M. Higgins closed the year with a fall term of ten weeks, having changed her name but not her methods of teaching.

 ROLL OF HONOR.

DISTRICT NO. 1.

Geo. O. Linwood, Myrtle M. George, Millie A. Palmer, Lena Nurse, Mattie S. Bedell.

DISTRICT NO. 2.

Carrie M. Pollard, Willard L. Goss, Eddie A. Towne, George W. Smith, Rennie C. Elliot.

DISTRICT NO. 3.
