FAIRFAX HATCH,

Auditors.
**LIBRARIAN'S REPORT**

Number of families taking out books during the year 108. Number of books in circulation 5,891 and 424 magazines. Mr. J. F. Bailey, Miss Emma Rogers, Mrs. H. T. Henderson and Mrs. C. B. Averill have given new books of fiction. 181 new books have been put in circulation since January 1st. An order has been placed, but not received, for the remainder of books. Miss Hester Prescott has presented the American, Good Housekeeping and Pictorial Review magazines. Popular Science, World's Work, Granite Monthly, Child Life, National Geographic, Literary Digest, American Boy, Country Gentleman and Saturday Evening Post magazines are found on the tables. I wish that some action might be taken for the re-cataloguing of the books.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Warren:

I am pleased to present my third annual report as superintendent of the schools of Warren.

Year 1928-1929
Total enrollment—128
Schools in session—175 days
Cases of tardiness—435
Per cent of attendance—91.84
Visits by members of the Board—2
Visits by superintendent—196
Visits by school nurse—67
Visits by citizens and others—382
Cost per pupil in elementary schools—$66.49
Median for state in elementary schools $83.35

The Present Year, 1929-1930

The figures in the above tables largely explain themselves. The excessive number of tardy marks is much to be regretted. I am sure a little more effort on the part of some of the parents and children would very materially lessen this number. It is interesting to note that our cost per pupils in the elementary schools is less than that of half the towns of the state. This is probably due to having so many of the pupils brought
together in one building. Further consolidating would undoubtedly result in more saving with no loss upon the part of the children.

Since last year a number of repairs and improvements have been made. Storm windows at East Warren have made that building more comfortable; while a modern jacketed heater, additional windows, and chemical toilets have bettered conditions at Glencliff. Adjustable desks and seats for Glencliff are the principal need this year.

Comfortable, well equipped, and attractive buildings are a great asset in any school system, but of far greater importance are the knowledge, habits, and ideals which the children receive from their schools. With our trained teachers and school nurse I feel that there is much worth while work being done by our schools. This work can be further aided by the parents if they will see that the children are kept in the best possible physical condition. A proper diet, an abundance of fresh air, and plenty of sleep will do much to keep a child in good health.

Respectfully submitted,

EDWARD A. JANES,

Superintendent of Schools.
