SELECTMEN'S REPORT

Once again your Board of Selectmen is pleased to report on the activities and accomplishments of the past year.

The year 1969 saw many projects started and completed. The colonial light fixtures voted at last year's town meeting were installed on the Common. A number of dead or dying trees were removed on the Common and new trees planted in their place. Town roads in the village center were resurfaced and an automatic sander was purchased for the Highway Department.

The roof of the town hall was repaired and the interior of the hall was cleaned and painted. The Selectmen are most appreciative of the assistance furnished by members of the Woman's Study Club in selecting an attractive color scheme.

The installation of runway lights and beacons at the Whitefield Regional Airport was completed and the lights placed in operation in October. Two additional lots at the industrial park area were leased to Miles Pond, Inc.

The inventory phase of a Comprehensive Planning Program for the six towns of Dalton, Northumberland, Lancaster, Jefferson, Whitefield and Stratford was begun in October by the firm of William Dickson Associates and your Selectmen met with their representatives on several occasions to assist in the Whitefield portion of the inventory.

Complete reappraisal of the land and buildings within the town was begun by the State Tax Commission at the close of the year and their team of appraisers is now working out of an office set up in the Darling Block.

At the request of the White Mountains Regional School Board the Selectmen are attending discussions on the future needs of the regional high school and the budget requirements for 1970.

Your Selectmen have participated in many meetings and conferences pertaining to the vital problems of air and water pollution control. The deadline for air pollution control, i.e., the closing down of open burning dumps, has been extended to July 1975 for towns of less than 2500 population. In the meantime we are investigating various solutions to this problem. Water pollution control continues to be the most pressing problem confronting Whitefield, since federal funding does not back up federal insistence that remedial action must be completed by a deadline established by the State of New Hampshire. In the case of Whitefield the deadline is July 1970. The initial survey and planning work has been completed and you will find an article in the warrant and on your ballot to vote for raising the necessary funds for the construction planning. The state advises that the best way for municipalities to keep on a pollution control schedule is to enter into a prefinancing program and such projects initiated without federal aid would be eligible to apply for federal money later on a "reimbursement" basis.

Last, but by no means least, on the list of pending programs is the problem of ambulance service. In August all of the area funeral directors notified all the towns in the area that ambulance service would terminate on December 31, 1969. One of the compelling reasons for this move was the recent legislation governing the regulation and licensing of ambulance services which makes it too costly for funeral directors to handle. Out of concern for the town Mr. Woodburn has offered to continue providing ambulance service, provided there is a subsidy from the town to assist in the cost of maintaining this service. An article in the war-

rant covers this. Since this will only be a temporary arrangement your Selectmen must now look into the matter of how best to provide ambulance service for Whitefield in keeping with the rules and regulations enacted by the State of New Hampshire.

We are most appreciative of the continued confidence and cooperation of our fellow citizens and the willingness you have shown to act on the very necessary programs confronting our community.

Sincerely,

E. DEAN SPAULDING
Chairman

DIVISION OF MUNICIPAL ACCOUNTING STATE TAX COMMISSION

Concord, New Hampshire

February 13, 1970

Board of Selectmen Whitefield, New Hampshire

Gentlemen:

Submitted herewith is the report of an examination and audit of the accounts of the Town of Whitefield for the fiscal year ended December 31, 1969, which was made by this Division in accordance with the vote of the Town. Exhibits as hereafter listed are included as part of the report.

One of the enclosed audits must be given the Town Clerk as

part of the permanent records.

SCOPE OF AUDIT

Included in the examination and audit were the accounts and records of the Board of Selectmen, Treasurer, Tax Collector, Town Clerk, Library Treasurer, Municipal Court, Trustees of Trust Funds, Cemetery Association and Regional Airport.

FINANCIAL STATEMENTS

Comparative Balance Sheets: December 31, 1968-December 31, 1969: (Exhibit A-1)

Comparative Balance Sheets as of December 31, 1968 and December 31, 1969, are presented in Exhibit A-1. As indicated therein, the Net Debt decreased by \$2,115.44 in 1969.

Analysis of Change in Financial Condition: (Exhibit A-2)

An analysis of the change in financial condition of the Town during the year is made in Exhibit A-2, with the factors which caused the change indicated therein.

Comparative Statements of Appropriations and Expenditures-Estimated and Actual Revenues: (Exhibits A-3 and A-4)

Comparative statements of appropriations and expenditures, estimated and actual revenues for the fiscal year ended December 31, 1969, are presented in Exhibits A-3 and A-4. As indicated by the budget summary, Exhibit A-4, a net overdraft of appropriations of \$8,795.63, less a revenue surplus of \$824.67, resulted in a net budget deficit of \$7,970.96.

Summary Statement of Receipts and Expenditures: (Exhibit B-1)

A summary statement of receipts and expenditures for the fiscal year ended December 31, 1969, made up in accordance with the uniform classification of accounts, is included in Exhibit B-1. Proof of the Treasurer's balance as of December 31, 1969, is indicated in Exhibit B-2.

Municipal Court: (Exhibit E)

A statement of the account of the Municipal Court for the fiscal year is included in Exhibit E.

Departments and Agencies:

Statements of various special Town accounts are presented in Exhibits F, H-1, H-2, I-1 and I-2.

Statement of Long Term Indebtedness: (Exhibit J)

A statement of outstanding long term indebtedness as of December 31, 1969, showing annual debt service requirements, is contained in Exhibit J.

AUDIT PROCEDURE

The accounts and records of all town officials charged with the custody, receipt and disbursement of public funds were examined and audited in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as were considered necessary in the circumstances.

Verification of uncollected and unredeemed taxes was made by mailing notices to delinquent taxpayers as indicated by the Collector's records. The amounts of uncollected and unredeemed taxes as indicated in this report are therefore subject to any changes which may be necessitated by the return of verification notices.

GENERAL COMMENTS

Current Surplus:

The current surplus (excess of total assets over current liabilities) decreased by \$7,966.96 from \$8,116.28 to \$149.32 as shown herewith:

Total Assets Current Liabilities	December 31, 1968 \$229,129.41 221,013.13	December 31, 1969 \$286,094.11 285.944.79	
Current Surplus Surety Bonds:	\$ 8,116.28	\$ 149.32	

It is recommended that the Town Treasurer's surety bond be increased from \$23,000.00 to \$24,000.00.

Conclusion:

The provisions of Chapter 184 of the Laws of 1955, require that this report or the summary of findings and recommendations (letter of transmittal) shall be published in the next annual report of the Town.

We extend our thanks to the officials of the Town of Whitefield for their assistance during the course of the audit.

Yours very truly,
O. MAURICE OLESON

Certificate of Audit

This is to certify that we have examined and audited the accounts and records of the Town of Whitefield for the fiscal year ended December 31, 1969.

Our examination was made in accordance with generally accepted auditing standards and accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

In our opinion, the Exhibits included herewith reflect fairly the financial condition of the Town as of December 31, 1969, and the results of operations for the fiscal year ended on that date.

Respectfully submitted,

O. MAURICE OLESON

The trustees and librarian wish to thank the many friends who have contributed books, magazines and papers to the library during the past year. They are all greatly appreciated and have been a help to the visitors to the library. Special thanks is extended to the Colbys who provide us each week with a copy of the Courier as they have done for several years, and to Mr. F. Robert Taylor who continues to keep us supplied with many fine books each year. Two books have been given in memory of Mrs. Harriett Tryon, and another in memory of Mrs. Susan Trickey. These will be put into circulation shortly. We are most appreciative of all these valuable donations to the library.

National Book Week was observed in April and Children's Book Week in November. A number of new books were on display on both these occasions and put into circulation the following week. More than 100 children of the second, third and fourth grades visited the library during Children's Book Week. They signed the guest book and received a note book, pencil and bookmark.

All holidays were observed and the library was closed only two sessions because of extremely bad weather.

With the end of a decade the ending of Medicare at Morrison Hospital becomes a reality on March 1, 1970. Since 1903 Morrison Hospital has served the medical needs of the Whitefield community. It will still operate as the Morrison Hospital although those who participate in the Medicare program will not be able to have their bills paid by Medicare at the hospital as an inpatient. Our diagnostic x-ray, laboratory, and emergency room are all fully staffed and will continue to function as well as a limited number of hospital beds. Our Geriatric Unit will increase in size and we will be able to accommodate many more of those citizens who desperately need this vital service.

The Health Insurance for the Aged Program (title XVIII of the Social Security Act) has forced Morrison Hospital to withdraw from the Medicare Program. The Program demanded we comply with regulations which were humanly impossible to comply with.

During 1969 five additional Geriatric beds were added to our Geriatric unit at Morrison Hospital. During the coming year a new 5 bed Geriatric Ward will be opened and, we trust, several more additional beds will become available for Geriatric care.

In January 1970 we were very happy to be informed that the Morrison Hospital had been named as one of the beneficiaries in the will of Mrs. Catherine Neus.

During the past year several major repairs were made at the hospital. A new main water line was installed and the jet over the front of the hospital was replaced. The front part of the roof was reshingled as well as the portecochere.

The high standard of patient care will be continued at Morrison Hospital and all of our services will be available. Let us hope that the 70's will be more generous to us and that Morrison Hospital will be able to fulfill all of its obligations to the community as it has in the past.

WILLIAM R. DEUTSCH Administrator Morrison Hospital

WHITEFIELD POLICE DEPARTMENT

To the Board of Selectmen:

I hereby submit my thirteenth annual report as your Chief of Police.

During 1969 a total of 234 cases were brought before the Whitefield Municipal Court. This figure includes 34 arrests which were made by State Police, Safety Services and Fish and Game officers. The 200 arrests made by the Whitefield Police Department are listed as follows:

Motor vehicle violations totalled 116: 12 driving while intoxicated, 1 reckless operation, 28 speeding, 6 operating without valid license, 1 operating motorcycle without headgear, 12 yellow line violations, 1 following too closely, 1 failure to dim lights, 4 uninspected vehicles, 10 stop sign violations, 19 unsafe tires, 3 operating without lights, 1 improper backing, 4 operating after license suspended, 4 unregistered vehicle, 1 failing to yield right-of-way, 1 unsafe vehicle, 7 throwing rubbish on the highway.

Criminal offenses totalled 86: 40 minors in possession of alcoholic beverage, 2 disorderly conduct, 3 petty larceny, 12 drunkenness, 1 burglary, 1 possession of narcotic drug, 2 knowingly being present where narcotic drug was unlawfully kept, 7 derisive words, 1 fraudulent check, 6 procuring beer or liquor for minors, 1 taking boat without authority, 4 assault. Juvenile Cases—4.

1969 was probably one of the worst years in the history of the town for traffic related accidents. The police department investigated 82 accidents during the year. Three fatalities resulted in a loss to the town of one of

its most respected elder citizens, a fine young teen-aged boy, and an infant boy. The sorrow of their respective families was shared by the entire town. The members of your police department will continue to do their best in directing traffic and patrolling the highways in an effort to keep accidents to a minimum. As you will note, the arrest index was up in the enforcement of the traffic laws.

The misuse of drugs is a matter of grave concern to parents, school authorities, local and state police. To alert the public to this creeping menace a seminar was held at the White Mt. Regional High School and a pamphlet concerning different types of drugs, their symptoms and how to recognize them, was printed and issued throughout the area by the combined efforts of the Whitefield and Lancaster police departments.

During routine check of business establishments by the night officers, doors and windows were found unlocked or open 189 times. These were secured by the officers. 110 persons in need of gas were assisted by night officers.

Late in 1969 we started enforcement of the N. H. Junk Car statute and several persons who were in violation of this law have complied. As a result a number of junk cars have been removed to the junk yard where they belong.

Officer Guy E. LaLonde was promoted to Sergeant. He has proved to be a capable and conscientious officer and his alertness has resulted in the solving of several crimes. Two special officers, Ray Wetherbee and Wendell Whittum, were added to the department. Both of these officers are 28 years of age and the average age of the department is 32 years—making it one of the youngest in the area.

In December an extension of the police department telephone was installed in the office of the N.H. Department of Public Works and Highways. This office transmits to our cruiser via the radio and has direct communication with the state police. This arrangement will provide the town with 24-hour telephone coverage and the prompt relay of messages to the cruiser.

WHITEFIELD REGIONAL AIRPORT COMMISSION

Despite the lack of regularly scheduled airline service, activity at the Whitefield Regional Airport continued at a high level in 1969, as from June to January, 2406 people arrived and 2214 departed.

Since the dedication in 1966, yearly general aviation air traffic has shown a steady growth, the FAA Air Traffic Control Center at Nashua recording a 286% increase in instrument (bad weather) traffic. Airplanes equipped to fly in bad weather generally represent corporate and airline aircraft ranging in cost from \$40,000 and upwards to the \$1,000,000 price tag on Englehardt Industries Jet Commander, a frequent visitor to the Regional facility.

At the present time five airplanes representing a cost of \$140,000 are based at the airport, including Timberland Machines' Twin Engine Aztec, which made 369 flights during 1969.

The outstanding event of the year was the completion of the lighting system which received the full approval of FAA and state inspectors on October 7th. To pay for this, \$70,000 was appropriated; the Federal Government providing half, and the State of New Hampshire and the local communities one quarter each.

Activation of this long worked-for project provided a tremendously increased capability for air operations into the North Country and a major enhancement in safety. By this achievement Whitefield Regional joined the select group of major New Hampshire airports providing safe operations twenty-four hours per day.

For the second year in succession, unusually heavy snowfall and freak storms placed excessive demands on town, state and other agencies concerned with snow removal, and the Regional Airport was severely affected. Taxpayers may, however, take satisfaction through the fact that the Town was warmly commended by the State Aeronautics Commission for its successful efforts in keeping the airport well plowed and sanded. In these endeavors much credit must be accorded to Timberland Machines for contributing manpower, equipment and money, the use of which is gratefully acknowledged.

The absence of regularly scheduled airline service caused great disappointment throughout the Region and Airport Manager George Graber recorded between 300 and 400 telephone calls from prospective users. Negotiations for the resumption of service have been underway for several months and your Commission is very hopeful that these will lead to a successful conclusion.

In the 1969 legislative session, \$22,000 was appropriated for a new navigational aid for Whitefield Regional Airport, but due to technical difficulties the project has been delayed. State and federal engineers are continuing work on the problem which when successfully solved will greatly lower the effective ceiling and further improve the safety factor. In the next session of the legislature, bills will be introduced to provide state aid to approved airports for snow removal and lighting, and obviously the enactment thereof will be of great benefit to Whitefield Regional.

Your Commission is very much aware of the burden which the Whitefield taxpayers have carried to develop and maintain this Regional facility and have been and will continue to be alert for other sources of income. Last year's contributions from Timberland Machines have been previously acknowledged. For the coming year Timberland Machines has already sent a check for \$1,000. Our good neighbors in Jefferson have contributed \$400, and as this report goes to press we are informed that the Lancaster Budget Committee unani-

mously approved the inclusion of an item of \$1,000 in the town warrant, for the Regional Airport.

Such support is most gratifying and is indicative of the increasing awareness of the tremendous importance of this airport to the economic progress of all the eleven towns whose help made the realization of a dream come true. For it was the vision of Frank S. Dodge who foresaw many years ago the need for a major airport in this area and gave the land to make it possible.

With the anticipated multi-million-dollar Bretton Woods development in Carroll, the reactivation of the Kilkenny project in Lancaster and Jefferson, the continuing expansion at Dalton Mountain and other evidences of economic growth and progress, your Commission believes that your Regional Airport has been and will continue to be a major factor, and our efforts will be concentrated in the direction of improvements in services and management for the benefit of all.

PUBLIC RELIEF

1969 was an expensive year for the town as we had many obligations for which we were liable. \$1,504.52 of the welfare expenditures was for the board and care of a mentally disturbed individual at the Coos County Hospital. The town was liable for his care for one full year, at the end of which time he became a county charge.

Whitefield can be proud of the fact that we have always taken care of needy residents and it is one of the few towns which has participated in the Surplus Food program since its inception. There are towns in the area which have not instituted such a program because of the amount of work connected with it. It requires approximately ten hours a month for the Police Department to handle the distribution of Surplus Food, and this is exclusive of the very involved paper work and record keeping which is handled by the Selectmen's office.

We are asking for \$1,500.00 in the budget this year, \$1,000 for town poor and \$500 for aid to soldiers, in the hope that it will be sufficient since at this time we have no known costly liabilities.

We have again refrained from publishing the names of welfare recipients but taxpayers who wish to inspect the records and see precisely where the money is being spent are welcome to do so.

> R. THOMAS GAGE Supervisor of Public Welfare

NEW HAMPSHIRE STATE DEPARTMENT OF HEALTH AND WELFARE

To the Citizens of the Town of Whitefield:

During the year 1969, 67 visits were made in the community. These visits are classified as follows:

Antepartum	4	Health Promotion	3
Arthritis	8	Health Supervision	21
Cardiac	6	Mental Health	3
Cerebral Vascular Accident	2	Orthopedic	8
Diabetes	1	Sight Conservation	1
Health Conferences	10		

Two children are being followed in the Crippled Children's Clinic in Berlin, and two children are being followed at the Pediatric-Cardiac Clinic in Lancaster.

Six immunization clinics were held this year, and 555 immunizations were administered by Dr. deVillafane.

To be in harmony with the life forces of today's world, the accent of our efforts must fall on involvement. Action takes place at home. It is here that ideas are born and programs are carried through. The joint efforts of individual members of the community are needed for an accurate appraisal of the gaps between services and needs in the community. Viewed in this light, responsible citizens from all walks of life should come together and take action to improve community health. Local action moves concern into action.

Our social and cultural aspirations have risen to the point where the best in medical care is considered a right for all rather than a privilege for a few.

Your local health council has done a commendable job this year, and I urge you to support their efforts as they strive to bring better health care to the citizens. Your local nurse, Mrs. Kathryn Barton, R.N., is a dedicated and efficient nurse, who has given unselfishly of her time and energy to provide a high quality of care and to promote the program for the best interests of the community.

I wish to express my gratitude for the cooperation extended by the Citizens of Whitefield during the past year, and it has been a pleasure to serve you.

Respectfully submitted,

ELEANOR D. KENNEY, R.N. Public Health Nurse, District 2 N. H. State Department of Health

PUBLIC HEALTH NURSING ACTIVITIES

- 1. The Public Health Nursing Service was initiated on 1 April 1969 in Whitefield under the aegis of the Lancaster Public Health Nursing Service Committee.
- 2. During the period, 1 April to 31 December 1969, a total of 328 visits were made in the community, as follows:

Arthritis	56	Diabetes	31
Cancer	41	Postpartum	16
Cardiovascular disease	49	Well child	48
Cerebrovascular accident	69	Other	18

- 3. The Public Health nurse has devoted two half-days, each week, to her duties in Whitefield. It has been necessary, however, to respond to calls from patients during the evening hours, on weekends and holidays. Many patients have required close attention at times when other qualified medical assistance was not available.
- 4. A total of 387 immunizations were accomplished at three clinics, under the direction of Dr. J. A. deVillafane.
- 5. The Public Health nurse attended 32 conferences with doctors during the period and 5 meetings with the Whitefield Public Health Nursing Committee.
- 6. All observations indicate that the nursing program has been very successful. It is apparent that many more elderly and sick persons desire to participate in the program. If full consideration were to be given to the requirements of all authorized and deserving persons, it would be necessary to expand the current program. Such an expansion would require the services of a registered nurse for a nominal 20-hour week, with occasional overtime, and an increased budget. Consideration should be given to the establishment of a supply source, from which necessary health items could be loaned to the sick and chronically disturbed patients.

REPORT OF THE FOREST FIRE WARDEN AND DISTRICT CHIEF

The 1969 Fire season was a quiet one in this area. Frequent rains kept the danger to a minimum and there were few violations. Your Forest Fire Warden's job would be easier if everyone understood the State laws that govern the kindling of outdoor fires. A synopsis of these laws follow:

Fire Permit

Fire permit is needed for all outdoor fires in or near woodland anytime the ground is not covered with snow. This includes household waste burning, even if in an incinerator, grass burning, garden trash as well as brush burning. Such burning is restricted by regulation to be prior to 9:00 a.m. and after 5:00 p.m.

Exceptions

Commercial or industrial burning is allowed anytime under normal conditions with permission of the District Chief and a permit from the Fire Warden.

Camp or cooking fires are allowed on your own property with permission of the Fire Warden. On another's property with written permission of the landowner and permission of the Fire Warden. The Warden can forbid

such fires if in a hazardous area. Permits for cooking fires in the White Mountain National Forest can be obtained from the Laconia Office or at the Ranger Stations. Permits are not required in public camp or picnic grounds where fireplaces have been built for this purpose.

Penalties

- 1. For kindling a fire without a permit. Maximum of \$200.00 fine; or imprisonment for not more than 60 days.
- 2. For kindling a fire by any means wilfully or recklessly that shall endanger woodlands the maximum fine is \$500.00 or one year's imprisonment.
- 3. For failure to totally extinguish a camp or cooking fire before leaving it, the same penalties as in (1) above.
- 4. For dropping inflammable material in or near woodland, maximum fine of \$25.00.

Fire prevention is a personal matter and a good habit. Keep our town free from smokes in 1970.

WHITE MOUNTAIN COMMUNITY SERVICES, INC.

Summary of the activities of the WMCS organization in the Whitefield area during the year 1969:

- 1. As the White Mountain Community Services organization becomes better known throughout our area we find the calls for its services continually increasing.
- 2. 1969 has been by far the busiest year insofar as requests for help from Whitefield are concerned. Using 1967 as the base year we learn that there has been an increase of 262% in the number of individuals referred to the WMCS for assistance during 1969. This is a continuation of a trend starting in 1968 when there was an increase of 187% in referrals from Whitefield.
- 3. Whitefield is one of the twenty-two towns in this area who contribute to the support, and receive the benefits from, the White Mountain Community Services, Inc. All of the towns involved are asked to support the WMCS to the extent of providing \$1 per inhabitant of the town. By far the great majority of these towns provide this support.
- 4. The White Mountain Community Services works in close cooperation with our schools, our community nurses, the clergy of our communities, our local courts, Welfare Dept., and our Police.
- 5. Because of the nature of the work done by the professional people who work with the WMCS (psychiatrists, psychologists, professional social workers) it is not possible to point directly to specific cases where help has been provided.

- 6. The people in Whitefield who are familiar with the work done by the WMCS are convinced that supporting this organization is one of the best possible uses of tax dollars. It can be considered as a type of insurance which repays its premium many times over.
- 7. The Town of Whitefield is currently represented on the board of directors of the WMCS by:

REV. MICHAEL GRIFFIN BARTLETT McKINNEY RICHARD P. FRENCH

PROGRAM OF THE WHITE MOUNTAINS REGION ASSOCIATION

1969 (32nd Year)

Printed and distributed 270,000 folders promoting the White Mountains Region.

Received and answered in our office 7,490 inquiries from people interested in the region.

Continued to develop whitewater canoeing through canoeing programs and races held on the Androscoggin and Saco Rivers.

Proposed and established a commission representing both public and private interests to govern the Summit of Mt. Washington.

Worked to restore the State of New Hampshire promotional budget.

Assisted in securing an appropriation for the Bedell Covered Bridge Park in Haverhill.

Assisted the 4-H Club program through presentation of annual awards.

Wrote 38 news releases, mainly to inform people in the region of important economic issues.

Wrote 4 magazine articles.

Successfully promoted more funds for better rehabilitation services for the north country.

Posted the annual Fall Foliage tours for the 21st season.

Formed a bi-state study committee to study the many proposals concerning the Connecticut River Basin.

Assisted the office of Industrial Development in securing data for industrial development.

Assisted the proposed Crawford Notch Steam Railroad with promotional work.

Went on record favoring the preservation of the Lincoln Airport and participated in meetings regarding the interstate highway in Franconia Notch.

Pioneered and promoted the concept of long distance trails for snowmobile use.
