### REPORT OF LIBRARY TRUSTEES

---

The records of the library for the past year show an increased patronage and prove that it continues to be a source of instruction and entertainment to the public. It now contains 4,900 volumes, of which 46 have been added during the past year, most of them by purchase. There is still need of more young peoples' books and more extensive book rebinding. Circulation, 1,620 volumes. Gifts of current magazines are acceptable.

The income of the library was materially increased last November by the receipt of \$40 interest on the trust fund of \$1,000 received from the estate of the late Edwin N. Pettis. The library has been well cared for during the past year by Misses Doris and Ruth Nelson, who have jointly had it in charge and whose courtesy and willing helpfulness have been much appreciated.

We trust there will be many more years of usefulness and prosperity for this institution.

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

---

To the members of the School Board, Goshen, N. H.

As far as financial affairs are concerned, conditions have not changed materially from last year. I would recommend that you re-read my previous report.

Both of our teachers of last year resigned, and we have replaced them with inexperienced teachers at a lower salary. This was provided for in the budget which was adopted at the 1932 district meeting.

In the budget for this year, the only apparent place for a reduction is in the salary of the superintendent of schools, and this has been made. On the other hand, because of an increased number of pupils who will go to high school, it is necessary to increase the appropriation for tuition by \$300.

The "depression" has continued. It reminds me of the state of mind of people who "enjoy poor health." If everyone would stop talking about it, and buy in the usual manner, the depression would cease. Of course, we are all waiting for bargains, and by the time the bargains appear, we have no money to take advantage of them. So long as this frame of mind continues, we can have no prosperity.

The only reason I have mentioned this is because we are now getting to the point where we want to stop buying good schools. We can get along without shoes without any particular danger, because we can get them later, but if we stop having schools for a few years, the children will keep right on growing up, and it will be too late to do anything about it. I hope no such attitude will appear in Goshen.

We have an interesting condition in Goshen this year, in that there is not a single pupil in the first grade.

Educationally your schools are doing well. Tests still show that your children are well up to standard. Interest on the part of the pupils is sustained and active. I have a feeling that the next generation of adults will be better able to cope with present day problems than is the generation of which we are a part.

Respectfully submitted,

F. A. MORRIS, Supt.
