REPORT OF SUPERINTENDENT OF SCHOOLS

Progress has been made during the school year in our efforts to restore the school property to first class condition. At the East School, better coat room facilities were provided, dark shades were installed for darkening the room when film strips was used and the school grounds were rough graded. Two pieces of playground equipment have been installed to provide the children with an opportunity for constructive activity. At the Center School a set of six swings has been installed. While playground equipment is primarily for entertainment, its use also teaches pupils to learn to consider others and share with others.

I consider it unfortunate that funds were not provided at the last session of the legislature for adequate support of schools from the state level. The formula adopted, apportioned aid on the basis of the number of pupils in attendance and the equalized valuation of local property but insufficient money was voted to meet the full needs under the formula.

Both of our teachers have taken extension work in methods of improving reading this year and efforts are being made to increase skills in the three r's. Scholars supplies are adequate and most of the textbooks in use are new.

In the face of rising costs it should be of interest to the community to note that the Sullivan schools could be closed and all pupils transported to the Wells Memorial School in Chesham, at a total savings of \$2,000 per year.

CHARLES L. BOWLBY,
Supt. Schools.

REPORT OF THE MUSIC SUPERVISOR

I herein submit my report concerning the elementary music program in the school. The aim of the music program is to develop a love and appreciation of good music and the desire to participate spontaneously in group work, both vocal and instrumental. A comprehensive course is given, starting with rote singing in the first grade and covering the prescribed fundamentals in each grade through the eighth. An opportunity is given for each pupil to play in a rhythm band in the lower grades and in a tonette band in the intermediate grades. Folk dancing also is part of the music program as well as is music appreciation.

A Christmas program was presented at the town hall in which all eight grades took part. The upper grades gave a program at a parent-teachers meeting and at graduation. Both the tonette band and rhythm band have been featured as part of these programs and it is hoped that these bands will continue to grow and benefit the pupils.

The pupils are enthusiastic and appreciative of all phases of the music program. I find the record library available in the Union office, to be of real benefit to the pupils of the schools.

Sincerely,
AZALEA WILSON,
Elementary music supervisor.
