# WHICH IS YOUR STORE?

---

IF one merchant advertises to sell you a \$15.00 suit of clothes for \$10.00, and another one says he is selling you a \$12.00 suit for \$10.00, and WE tell you we will sell you a \$10.00 suit for \$10.00, which store will you take a chance with? Our experience has been that we have had to pay for about what we get. If we show you a suit of clothes and ask you \$15.00 for it, it will not be a \$20.00 suit, nor will it be a \$14.00 suit, but the very best suit that can be sold for \$15.00.

We are proud of our business, we like our customers, and we have tried to make them like us by using them as we like to be used, and above all giving them honest value for their money.

WE WANT NEW CUSTOMERS. ❀ DON'T  
YOU WANT SOME OF OUR CLOTHES?

## “For Three Score and Ten Years”

**Corey Quality** Has had a well defined significance throughout the whole state of Maine, and its meaning has been and is understood in many other and distant states.

In the Corey Store when a salesman says a thing is so and so, the customer or visitor accepts the statement without question, because for seventy years the policy of the house has not varied. That settled policy has been to tell the customer actual facts every time and to have no goods that were not well worth the prices asked for them.

To give an idea of the comprehensiveness of our range in values of various staples in our line, we quote a few prices right here.
