Due from the county,	100 00

	\$1152 08

Which leaves the indebtedness of the town,	\$3429 47
The selectmen of last year reported the indebtedness of the town	2403 97
They also reported all other outstanding claims aside from Edgerly's & Towle's,	\$100
And we have paid claims that were then outstanding to upwards of	\$200
Being one hundred dollars more than was reported, which would increase that indebtedness	100 00

	\$2503 97

Which being taken from our indebtedness makes an increased indebtedness the present year	\$925 50
--	----------

It must be apparent to every one conversant with the town affairs that the town has had two sources of expenditure more than ordinary expenses. They have had to build a new road at West Epping, laid out by the county commissioners, in September, 1856, which cost the town, including land damages on building the road	1144 44
The town has also paid, for perambulating town lines, the sum of	53 13

Making for those two items the sum of	\$1197 57
