REPORT OF THE SELECTBOARD

2020 was a year like no other. Little did we all know we would be thrust into a global pandemic that resulted in a totally new way of conducting town business. We cannot be prouder of our hard working and dedicated employees who have met this unprecedented challenge with professionalism, exceptional problem-solving skills, and an attitude of “what can we do to help”.

While the whole world wrestled with the unknown, we were able to work closely with all our department heads to make contingency plans for an alternate budget that would allow some flexibility if the town’s revenue streams were severely impacted by the pandemic. All departments and committees came together to prioritize projects, purchases and equipment upgrades. Their willingness to roll up their sleeves and recreate the wheel was a true team effort that enabled us to meet budget and cash flow challenges. Annual department reports detail the significant projects completed and critical services provided throughout town.

Although we were able to come through 2020 with relatively little revenue loss, the future remains unknown as the pandemic has severely hampered the NH tourist industry, which is a major source of shared revenue for most NH municipalities.

Fortunately, the Town was able to secure federal funding from the CARES act that has allowed us to minimize the effects of the pandemic on the internal working of the Town. We can now operate all meetings virtually through Zoom, we upgraded our phone system to Voice Over IP, and we were able to purchase air purifiers for the times when we still must meet in person. Our Town Administrator, Jonathan, was instrumental in getting the technology vetted and in place in a short amount of time.

Our first responders and health department were instrumental in getting the latest virus information out to the townspeople and town employees. With the proper precautions taken we are happy to report we had no incidents of virus transmission because of town functions. We all understand the interruptions this has caused. The fireworks were not able to happen, Old Home Days were postponed until 2021, no summer camp or swim lessons, and the meetinghouse and town offices were closed to functions. The fact that we had no widespread transmissions is well worth the interruptions for the sake of all our safety.

We were also able to continue setting up our new accounting software that will increase the efficiency of our financial reporting and minimize our expenses for our annual audits. We are looking forward to getting fully implemented in the coming year.

Our Capital Improvement Committee was hard at work developing a plan for our short and long term capital needs. This has been a daunting task and the committee dove in and produced a workable plan that provides for our capital needs while spreading the cost out over a reasonable period of time. Their continued hard work is much appreciated. We look forward to working with them over the next several years to help flatten the expenses, and subsequently the tax rate.

One of the biggest challenges of the year has been getting an understanding of our cash flow needs. After emergency expenses from past years placed a significant strain on our fund balance, we have been able to rebuild the fund balance and are getting a better understanding of the combination of cash and other assets that make up the “fund balance”. One of our most significant challenges is our school payment of just over \$371,000 each month which equates to 4.4 Million a year from Hancock to the School District. The school board does not allow flexibility in our payments so we have 2 options for covering payments at the time of year when we’re waiting for tax revenue to come in. We can carry a slightly larger fund balance to cover the June and November payments, or take out tax anticipation notes (TANs). TANs are expensive and cumbersome; we feel it is in the best interest of the town to carry a slightly higher fund balance to ensure a smooth cash flow.

The 2021 Town Meeting will be different than any past Town Meeting and, hopefully, any future Town Meeting. We will be holding a series of hearings for public input on the proposed budget and warrant. After the first hearing the Selectboard will review all comments and input and decide if there should be changes made to the budget and warrant. The second hearing will be held to let everyone know what the final budget and warrant will be. Voting will then occur on the second Tuesday in March at the Hancock Elementary School. We will have in person voting set up in the Great Room, just like in November. There will also be an area for drive up voting for those that do not feel comfortable entering the Elementary School.

The Selectboard had set a budget goal of \$0 increase over the 2020 operating budget. We are happy to report that the overall budget increase is just \$7,700 over the 2020 budget. The biggest driver to the overage is the fact that 2021 has 53 pay periods, as compared to 52 on most years. Had this been a normal 52 pay period year we would have been under our 2020 budget. We were also able to refinance some of our long-term debt for continued savings. We understand the difficulties that the pandemic has placed on many of our residents, we have prepared a fiscally responsible spending plan that minimizes large increase yet prevents us from sliding backwards with our infrastructure and equipment needs.

We are hoping 2021 brings back Old Home Day, Summer Fireworks, and summer cookouts and concerts. We once again want to thank all our hard working employees, committee members and volunteers for making Hancock the special place that we all call home.

Hancock New Hampshire Budget Advisory Committee

2021 Final Report

The Hancock NH Budget Advisory Committee (BAC) was reactivated this year by Town Moderator, Ric Haskins. The BAC is comprised of town residents, appointed by the Town Moderator, and is independent of the Selectboard and town officials. The Hancock BAC is purely an advisory committee per RSA 32:24.

The BAC members began their review in July 2020 and met, as a group, over 17 times over the following months. Two of those meetings were with the Selectboard (10/26/20, 12/14/20). The minutes of each of these meetings are posted on the town website at hancocknh.org.

The BAC reviewed all aspects of the budget, being mindful of the balance required in considering the needs of the town departments, the town employees, and taxpayers, as well as ensuring fiscal responsibility.

Department heads were invited to meet with the BAC to review and offer insights or explanations of their department's budget or requests. The BAC met with Jonathan Coyne: Town Administrator; Tyler Howe: Maintenance, Highway, and Solid Waste Disposal; Tom Horne: Police; Tom Bates, John Pirkey, Mark Thompson: Fire; Rita Klug: Cemeteries; Jen Booth, Debra Coyne: Beach, Parks, and Recreation; Allison Kerwin, Dave Drasba, Phil Brown: Conservation; Rich Lefebvre, Dave Drasba, Tom Shevenell: Capital Improvements; Tim Theberge, Jim Frederickson: Con-Val SAU.

The BAC would like to acknowledge the time that they took to review and explain their budgets and appreciates the information they provided in addition to their professionalism and collaboration.

This is a final report of recommendations and support/non-support of warrant articles and the overall budget, which will be decided at the February 27 and March 3, with voting on March 9, 2021 Hancock Town Meetings.

After review and discussion, the BAC identified some areas of concern and noted these to the Selectboard. These areas were also of concern to the Selectboard and were addressed. Per Selectboard guidance all departments strove to maintain a zero percent increase.

In addition, attached to this document is a consensus of the current warrant articles to be discussed and voted on at the Hancock Town Meetings noted above. The BAC has indicated in this document whether they recommend, do not recommend, or have no opinion on each article. The full report is attached.

The BAC would like to thank the Selectboard, and all town employees and volunteers, who have assisted the committee in their review of the budget and related financial items. It has been enlightening and an honor to serve the town in this matter.

Respectfully Submitted,

The 2021 Hancock Budget Advisory Committee

TOWN OF HANCOCK
MINUTES OF ANNUAL MEETING
MARCH 10 AND MARCH 14, 2020

On March 10 at 8:00 a.m., Moderator Richard Haskins opened the Town of Hancock's annual Town Meeting by reading from the Town Warrant:

Town of Hancock
New Hampshire
Warrant
2020

The inhabitants of the Town of Hancock in the County of Hillsborough in the state of New Hampshire qualified to vote in Town affairs; you are hereby notified and warned to meet at the Hancock Town Office Building on Tuesday the 10th day of March 2020 at eight o'clock in the forenoon until seven of the clock in the afternoon to vote on ballot of Town Officers and other matters requiring ballot vote; and to meet at said Hancock Meetinghouse in said Hancock on Saturday the 14th day of March 2020 at nine o'clock in the forenoon, to act upon the following subjects:

Article 01 To Choose Town Officers

To choose all necessary Town Officers for the ensuing year.

The voters present voted to forego reading the balance of the Warrant at that time and the polls were declared open until 7:00 p.m. At 7:00 p.m., Moderator Haskins declared the polls closed. A motion was made and seconded to adjourn until 9:00 a.m. on Saturday, March 14, 2020 at the Hancock Meeting House. The motion carried by voice vote and the meeting was adjourned to Saturday March 14th at 9am at the Hancock Meeting House.

Pursuant to RSA:40:4, on March 14, 2020, at 7:30 a.m. in the lobby of the Hancock Meeting House, Moderator Haskins consulted with the Selectboard, department heads and the emergency management director with the regard to the COVID-19 circumstances. The decision was made not to postpone the Town Meeting, and to hold it in the upper level of the Meeting House where additional social-distancing could be better exercised.

Moderator Haskins called the reconvened meeting to order in the upper level of the Hancock Meeting House on Saturday, March 14, 2020 at 9:00 a.m. At Moderator Haskins' request, Selectboard member John Jordan led the assembly in reciting the "Pledge of Allegiance."

Moderator Haskins then announced that he would attempt to conduct the meeting as quickly as possible, but assured that he would not step on anyone's right to be heard. He also acknowledged concerns expressed by some townspeople about the COVID-19 virus and that although the meeting was being held, the location was purposefully moved into the upper level of the building in order to provide the opportunity for more separation between attendees, and all attempts were being made to limit personal, face-to-face contact.

Moderator Haskins announced that the Ballot Clerks for the Meeting would be Bob and Marie Fogg and Linda Coughlan. He introduced Selectboard members John Jordan, Laurie Bryan, and Kurt Grasset; Town Administrator Jonathan Coyne; Town Clerk and Clerk of the Meeting Carolyn Boland; Supervisors of the Checklist Roberta Bell, Robin Mose, and Kathy Anderson. Also Department Heads Fire Chief Tom Bates; Police Chief Andrew Wood; Director of Public Works Tyler Howe; Town Administrative Assistant Linda Coughlan; Library Director Amy Markus, Representative to the CONVAL School Board, Tim Theberge; and Jon GrosJean, Director of Emergency Operations.

Moderator Haskins announced the names of those to receive Recognition Certificates, to be given out later:

Deb Sampson	Cemetery Trustee	1 year
Carolyn Boland	Town Clerk	3 years
Robin Mose	Checklist Supervisor	5 years
Sonja Mucha	Common Commission	5 years
Ellena Weston Zimmerman	Planning Board	11 years
Ellena Weston Zimmerman	Conservation Commission	10 years
Henry W. Drury	Memorial Day Committee	13 years
Kenneth H. Davis, Sr.	Memorial Day Committee	35 years
Howard Weston	Memorial Day Committee	28 years

Moderator Haskins took a moment to thank John Jordan for "his generous contribution of his attention and energy to the betterment of this community." On behalf of the Selectboard, Laurie Bryan then presented Jordan with a gift to use in his planned cross country travels: a compass with a magnifying glass so that he could find his way home in case his GPS failed, and a jar of his favorite Peppermint Patties. She also thanked him sincerely for his true caring for the community, evidenced by the number of hours he had put in during his 12 years on the Selectboard.

The Moderator then proposed a set of Rules of the Meeting, which included that all wishing to speak come to the microphone in front of the room and state their name, that all Amendments be put in writing, and that motions to amend an Amendment would not be entertained. The Rules were accepted by voice vote.

Voice-without-Vote privileges were granted by voice vote to Police Chief Andrew Wood, Director of Public Work Tyler Howe, and Jacqueline Roland of the Grapevine Avenue A organization.

Next, he asked Town Clerk Carolyn Boland if the Town Warrant was posted at least seven days before the meeting in the Post Office and the Hancock Town Building. She responded that it was and handed him the original Warrant. He then proceeded to read the following from the Town Warrant

TOWN OF HANCOCK
NEW HAMPSHIRE
WARRANT
2020

The inhabitants of the Town of Hancock in the County of Hillsborough in the State of New Hampshire qualified to vote in Town affairs; you are hereby notified and warned to meet at the Hancock Town Office Building on Tuesday the 10th day of March 2020 at eight o'clock in the forenoon until seven of the clock in the afternoon to vote on ballot of Town Officers and other matters requiring ballot vote; and to meet at said Hancock Meetinghouse in said Hancock on Saturday the 14th day of March 2020 at nine o'clock in the forenoon, to act upon the following subjects:

Article 01 To Choose Town Officers

To choose all necessary Town Officers for the ensuing year.

Here are the results of the elections held Tuesday, March 10, 2020:

424 ballots were cast, 6 absentee ballots were counted.

At the start of the day we had 1345 voters on the checklist.

We received and accepted 3 new voter registration forms.

At the end of the day we had 1348 voters on the checklist.

We had 31.4% voter participation.

The results from the ballots cast are as follows:

Moderator - Richard Haskins, 379

Selectman - Jeffrey Brown, 394

Town Clerk - Carolyn Boland, 175/ Joan Joseph, 222

Common Commissioner – Mary Seebart, 394
Library Trustee – Alison Rossiter, 391
Trustee of Trust Funds – David Huntington, 386
Checklist Supervisor – Annemarie Powers Algozzine, 388
Water Commissioner – Jeffrey Wilder, 402

Treasurer- There were 17 names written in. They are all credible. The largest count of votes for those names was 4. That person has been contacted and has declined the opportunity. The next highest count was 2. All have not been contacted yet. The Selectboard will pursue finding a candidate for appointment as best they can.

We will now return to the agenda as adjourned from Tuesday with Article 2.

Article 02 Operating Budget

To see if the Town of Hancock will vote to raise and appropriate the sum of \$2,687,353 for general municipal operations inclusive of Water Department Operations. This article does not include appropriations contained in special or individual articles addressed separately. The Selectboard recommends this article. (Majority vote required)

The Article was moved as follows by John Jordan and seconded by Laurie Bryan:
I move that the Town of Hancock raise and appropriate the sum of \$2,687,353 for general municipal operations inclusive of Water Department Operations.

Speaker John Jordan said that the proposed budget was an increase of \$127,996 over last year. \$90,617 of this was due to increased debt service for Duncan Road repairs and purchase of a backhoe and new fire truck voted at last year's town meeting. Other items of note were \$40,600 for the resurfacing of Middle Road, Tannery Hill Road, Sargent Camp Road, and School Street, all of which are only in "fair" condition and a \$16,000 increase for the Transfer Station costs, chiefly due to an increase in hauling fees.

Revenues from the sale of town property are up due to the expected sale of the ten-wheeler and Building and Grounds van, but revenues from other sources are down about \$109,000.

Jordan said that no money had been used from the unassigned fund balance to reduce the tax impact because the fund balance does not allow it at this time. He added that there was a reduction in utility assessments of \$1.8 million as a result of a State-wide lawsuit, and the town was expecting an increase in assessment of \$1,000,000 due to new construction and a new town-wide re-assessments this next year.

Dave Carney asked about the impact of the loss of \$1.8 million on utility assessments on the tax rate, and how much the law suit cost the town in legal fees. He said he felt it was foolish to spend \$94,000 in legal fees to save the town approximately \$2,000.

John Jordan clarified that the \$94,000 in legal fees included \$90,000 in abatements paid to the utility company.

The question was voted by voice vote, and passed unanimously at 9:24 a.m.

Article 03 Highway Equipment Lease

To see if the Town of Hancock will vote to authorize the Selectboard to sell the 2019 ten-wheel Kenworth truck and enter into a five (5) year lease agreement in the amount of \$194,000 for the purpose of leasing two (2) 2020 19,500 LB GVW trucks with dump bodies, plows and controls.

This lease agreement contains an escape clause. The first payment of \$42,620 to be paid in 2021. The Selectboard recommends this article. (Majority vote required)

The Article was moved as follows by Kurt Grasset and seconded by John Jordan:
I move that the Town of Hancock authorize the Selectboard to sell the 2019 ten-wheel Kenworth truck and enter into a five year lease agreement in the amount of \$194,000 for the purpose of leasing two 2020 19,500 LB GVW trucks with dump bodies, plows and controls. This lease agreement contains an escape clause. The first payment of \$42,620 to be paid in 2021.

Speaker Kurt Grasset explained that when the ten-wheeler was purchased, it was believed that it would save extra time, particularly in the northwest part of town. It saved some time, but not as much as expected. For example, when spreading gravel on our 25 miles of dirt roads with the dump body extended, it is 20 feet in the air, and most of our trees are not 20 feet in the air. Also, the size and weight makes it take longer to plow. For example, on Prospect Hill, the widest of the roads it was used on, it took 45 minutes to plow, while a 19,000 pound truck only takes 20 minutes. Extra time often means more overtime paid to operators. There is not enough room for it to turn around, so residents have complained about having to back up for it, sometimes long distances in a snowstorm.

Tyler Howe did a review of what is needed and when. Part of the plan is to purchase these two trucks. One will be fitted with a front plow, a wing, and a sander, the other with a front plow and a sander. The rest of the plan includes using the pickup to replace the old white van and selling the van. Going forward, the plan is to work with the Capital Improvement Committee to develop a replacement plan for the future.

He also said that more extensive operator training was being mandated for this type of vehicle, and training could no longer be provided in-house. An operator would have to go to school to get the CDL license required. He said this was an opportune time to maximize the amount received from the sale, as the mileage is still low, and that the price has been set by the Board at \$200,000 to \$210,000.

Moderator Haskins read a letter that he had received from Molly Miller of Old Dublin Road, chair of the Hancock Road Committee. She said that she fully supported use of the smaller trucks, and felt that it would help to preserve the nature of the roads. She approved the purchase of trucks that were the proper size to maintain the existing roads, rather than making the roads larger to suit the trucks.

Ben Billings spoke, saying that he felt the Article would cost the town more money because the smaller trucks have approximately one-half the life-span of the ten-wheeler and he thinks it is premature to make the decision now. He suggested that the ten-wheeler be repaired and we use the equipment we have more effectively.

Kurt Grasset explained that the days of holding on to a six or ten-wheeler for a long time are gone. The electronics now used aren't sealed up against salt and sand, and in general the life spans are shorter, with the electronics needing to be replaced after 7 or 8 years.

David Bedard of Prospect Hill said that we "hired Tyler Howe, an excellent Road Agent," and he had watched him plow Prospect Hill with a smaller truck in "record time." He said Tyler is a "hands on guy" who has done extensive work on what trucks are appropriate for our roads and that he fully supports Tyler.

Dave Carney said that he fully supports the Selectboard and their choice, and thanked them for choosing an excellent Road Agent. He also said that the town needs a Budget Advisory Committee, and that there was still not one this year. He suggested that a future Town Meeting consider voting for a Budget Committee that would be independent of the Selectmen for three

years, and that would allow anyone who wants to serve.

Moderator Haskins responded, saying that he accepted that the fact that a Budget Advisory Committee didn't get appointed was his fault. He admitted that he didn't get to it until late when many people were not available to serve but that he now had a long list of people who are willing to serve.

David Bedard spoke, saying that Haskins made the same statement last year and that the ten-wheeler wouldn't have been purchased if there was a Budget Advisory Committee.

Jon GrosJean spoke, saying that he was at the meeting where the purchase of the ten-wheeler was discussed, and thought the purchase seemed like a good idea at the time, but it hasn't worked out as expected, so he thought we should let the Road Agent decide what he needs.

The question was voted by voice vote, and passed at 9:50am.

Article 04 Salt and Sand Mix Building

To see if the Town of Hancock will vote to raise and appropriate the sum of \$25,000 for the purpose of constructing a salt and sand mix building at the Department of Public Works. The Selectboard recommends this article. (Majority vote required)

The article was moved as follows by Laurie Bryan and seconded by Kurt Grasset: I move that the Town of Hancock raise and appropriate the sum of \$25,000 for the purpose of constructing a salt and sand mix building at the Department of Public Works

Speaker Laurie Bryan described this as the Highway Department building that was in the back against the tree line, and said it had been condemned and cannot be used. The proposal is to rebuild the structure, which is used to keep the winter sand dry so that no clumps form to clog up the spreader. The building work will be done in-house.

The question was voted by voice vote and passed unanimously at 9:53am.

Article 05 Bridge Capital Reserve

To see if the Town of Hancock will vote to raise and appropriate the sum of \$7,000 to be added to the Bridge Capital Reserve Fund previously established. The Selectboard recommends this article. (Majority vote required.)

The Article was moved as follows by John Jordan and seconded by Laurie Bryan: I move that the Town of Hancock vote to raise and appropriate the sum of \$7,000 to be added to the Bridge Capital Reserve Fund previously established.

Speaker John Jordan said that the fund currently contains \$3,000.00 and that it is one of the most useful of the town's Capital Reserve funds, allowing the town to rebuild the Hunt's Pond Bridge and the Longview Road Bridge when it was needed without having to borrow or wait for funds from the State Bridge Program. We now need to build it back up. We'd like to add more than \$7,000 this year, but the budget doesn't allow it at this time.

Dave Carney said that the Capital Reserve Funds are one of the most important things presented at Town Meeting, and asked why we don't build it back up because all bridges will fail at some time and it would be excellent fiscal management.

John Jordan said the Selectboard felt we didn't have the money right now, but hoped to add \$10,000 to \$20,000 next year.

Dave Carney moved an Amendment to the Article to increase the amount to \$15,000, and Sharon Gordon seconded the Amendment.

Laurie Bryan said that the Selectboard was trying to wait for the Capital Improvement Committee, which is coming together to try to better balance the long-term funding. She agreed that there should be \$15,000 to \$20,000 or more in the account, but it was a matter of how to get there in terms of the tax rate and the overall Town needs.

Kurt agreed with Laurie, saying that as a Department Head he's had the benefit of using the funds for repairs, giving the example of being able to get the Hunt's Pond bridge up and running quickly. He thought our only red-listed bridge, on Middle Road, could be made passable with \$20,000 if necessary.

Tim Theberge said he is a big fan of Capital Reserve Funds as a way to manage both funds and risk. He said he had recently learned that the town, not the Army Corps of Engineers, owns the "massive structure that crosses Windy Row" and was "terrified by" the thought the Town might have to pay to replace it at some time.

Moderator Haskins then read the proposal to amend the Article, such that it would read: To see if the Town of Hancock will vote to raise and appropriate the sum of \$15,000 to be added to the Bridge Capital Reserve Fund previously established.

The Amendment was voted by voice vote and passed.

Discussion turned to the Article as amended. As there were no further comments, Moderator Haskins asked if the body was ready for the question, and hearing no objection, read the Amended Article as follows:

To see if the Town of Hancock will vote to raise and appropriate the sum of \$15,000 to be added to the Bridge Capital Reserve Fund previously established.

The Amended Article was voted by voice vote and passed at 10:00am.

Article 06 Meetinghouse Capital Reserve

To see if the Town of Hancock will vote to raise and appropriate the sum of \$6,000 to be added to the Meetinghouse Capital Reserve Fund previously established. The Selectboard recommends this article. (Majority vote required.)

The Article was moved as follows by Kurt Grassett and seconded by Laurie Bryan:
To see if the Town of Hancock will vote to raise and appropriate the sum of \$6,000 to be added to the Meetinghouse Capital Reserve Fund previously established.

Kurt Grassett said that the Fund was set up after the renovations to the building and provides funds for repairs as items come up. Dave Drasba, who did an incredible amount of work for the building on behalf of the Town, did a 15 year cost analysis of the building needs considering inflation and the needs of the Town. Grassett said that if we increase the amount added to the Reserve in slow steps, we should be in good shape for the next 10-15 years.

David Bedard said we did good job years ago and it looks lovely. He asked for clarification on who owns the building, the Town or the Church, and do we get any money in terms of rental fees, insurance, etc.

Kurt Grasset replied that it was joint ownership between the Town and the Church, neither has a majority. There is a committee that represents both Town and Church, and there is a guiding document that determines who pays what percent of the maintenance to ensure that the Town is not burdened by caring for space that is doesn't use. The documents are available for review.

Neil Cass, the Church Council Chair for the Hancock Congregational Church, said there is an 1852 agreement stating how things are to be shared. This Agreement was amended during the renovations to make it very clear who is responsible for what. There is a joint committee that meets regularly to address issues, and the Church includes money for its share in its budget. He used the cracked plaster currently being repaired as an example of items paid for by the Church.

The question was voted by voice vote and passed unanimously at 10:07am.

Pause

Moderator Haskins announced that there would be a 15 minute pause while the newly elected Town Officials who were present would be sworn in by Town Clerk Carolyn Boland.

When the Meeting continued, Moderator Haskins announced that the town was in need of volunteers for a variety of committees, and asked that people with an interest stop by the town office or send an e-mail or call to Jon Coyne.

He also said that he had received a written Maple Syrup Report provided by Mark Thompson. He read a portion of it aloud in the interest of time, but indicated that the full version would be included in the minutes and published in the upcoming Hancock Happenings.

The full Maple Syrup Report is included below:

Maple Syrup Report 2020, as received from Mark Thompson:

It's year two without Bill (Eva), and his guidance was missed very much last year. We tried to do things like before, but somehow it was not the same. However, I'd like to think I learned a lot more than sugaring from him. For instance, he was always trying new ideas. So, we made some minor changes and survived our first year. This year we are continuing where we left off. Weather is always the biggest factor when it comes to sugaring. Sixty degrees in January was a little more than the normal January thaw. Combined with lower than normal snow cover in the woods and little frost in the ground, the stage was set for an earlier season.

We tapped the first weekend in February, probably two weeks after the "sweetest sap run" (again). Oh well, we weren't ready anyway. We've spent many days looking for leaks and repairing our sap lines. Squirrels, deer, coyotes and bear create all sorts of problems. There have been many sunny days, with bright blue skies overhead and bearable temperatures making working in the woods very enjoyable. Even with temps in the low 20's in February, the sun felt warm.

Our first boil was February 24th this year (3-1/2 weeks earlier than last year) and we have collected and boiled a number of times since. So far, our total is about 220 gallons of syrup. By comparison, last year we totaled 260 gallons. Sap sugar content has been below 2% since the first run. Fairly low, but consistent with what other sugar makers are saying. Most say they've made between half and 2/3's of their average crop, although Bascom's (the state's largest producer) is reporting a little over a third of their normal crop (17,000 gallons made so far).

Without the help of friends and family, making maple syrup would be difficult and a lot less fun.

We have achieved most of the goals we set for ourselves this year. The support and help from my brother-in-law Don Eva, friend John Pirkey, and my wife have again made this year possible. Others stop by to lend a hand, and community support over the past year has been heartwarming.

We are now about 3-weeks into our "official" sugaring season. Old timers say the season usually runs about 6 weeks. I'm keeping an eye on the tell-tale signs--buds swelling and the presence of moths are said to be signs that the season is winding down. Moths have been out for a couple of weeks now and some birds (like red-winged blackbirds) have been near my feeders earlier than I can remember. Bud's on the lilacs are just starting to show signs of expanding, but fortunately the maples don't seem to be changing yet.

Meteorologists are predicting conditions favorable to sap runs this weekend and into next week, so I'm optimistic we'll be making a fair amount more syrup. The season has been good so far, and even if we just make a few more gallons I'm proud of our effort and syrup produced and will call this year another success.

Moderator Haskins then proceeded to Article 7 at 10:26am.

Article 07 Grapevine Community Resource Center

To see if the Town of Hancock will vote to raise and appropriate the sum of \$5,000 for the purpose of funding The Grapevine Family & Community Resource Center programs and services. This amount represents the Town of Hancock's portion of the funds needed to support The Grapevine, a nonprofit service organization; or take any other action relating thereto. This amount to be raised by general taxation. The Selectboard recommends this article. (Majority vote required)

The Article was moved as follows by Laurie Bryan and seconded by Kurt Grasset:
I move that the Town of Hancock vote to raise and appropriate the sum of \$5,000 for the purpose of funding The Grapevine Family & Community Resource Center programs and services. This amount represents the Town of Hancock's portion of the funds needed to support The Grapevine, a nonprofit service organization; or take any other action relating thereto. This amount to be raised by general taxation.

Speaker and Hancock resident Melissa Gallagher, Director of the Grapevine, said that the Grapevine had been serving the community for 23 years, and provided services to 170 residents of Hancock in the last year. Some of the services provided were:

- Early childhood enrichment and parent support
- Case management and intensive support
- Tax preparation and financial counseling
- Community wood bank
- Avenue A
- Home visits
- Service exchange and tool lending
- Support group for grandparents raising grandchildren

Moderator Haskins also mentioned a letter he had received from Hancock resident who wrote to say how much she appreciated the services provided by the Grapevine.

The question was voted by voice vote and passed unanimously at 10:31am

Article 08 Grapevine Avenue A Program

To see if the Town of Hancock will vote to raise and appropriate the sum of one thousand dollars (\$1,000) for the purpose of funding The Grapevine Family and Community Resource Center Avenue A programs and services. This amount represents the Town of Hancock's portion of funds needed to support The Grapevine Ave A program, a nonprofit service organization; or take any other action relating thereto. This amount to be raised by general taxation. The Selectboard recommends this article. (Majority vote required)

The Article was moved as follows by Laurie Bryan and seconded by Kurt Grasset: I move that the Town of Hancock vote to raise and appropriate the sum of one thousand dollars (\$1,000) for the purpose of funding The Grapevine Family and Community Resource Center Avenue A programs and services. This amount represents the Town of Hancock's portion of funds needed to support The Grapevine Ave A program, a nonprofit service organization; or take any other action relating thereto. This amount to be raised by general taxation.

Jacqueline Roland, Coordinator of Avenue A said that last year Hancock residents, 25 of them teens, participated in all Avenue A programs, which focus on Creative Expression, Social Development, and Career and Life Skills. Avenue A also coordinated with the Hancock Library and participated in the Martin Luther King Celebration.

Tim Theberge read a letter from his daughter Abby describing how the Teen Writers' Group Avenue A has helped her with her growth as an author and in finding friends, how it provided support during a recent tragedy in the community, and provides year round a place where teens can feel safe and comfortable, as well as help year-round with things like food if they need it, hygiene products, and warm clothes if needed. She said that Avenue A provides a second home for many students and perhaps a first home for even more. She asked that the Town support the request for funds.

The question was voted by voice vote and passed unanimously at 10:35am

Article 09 Community Volunteer Transportation Company

To see if the Town of Hancock will vote to raise and appropriate the sum of \$500 for the purpose of funding The Community Volunteer Transportation Company programs and services for the people of Hancock and the Greater Contoocook Valley area. This amount represents the Town of Hancock's portion of the funds needed to support Contoocook Valley Transportation Company, a nonprofit service organization; or take any other action relating thereto. This amount to be raised from general taxation. The Selectboard recommends this article. (Majority vote required)

The Article was moved as follows by Kurt Grasset and seconded by John Jordan: I move that the Town of Hancock vote to raise and appropriate the sum of \$500 for the purpose of funding The Community Volunteer Transportation Company programs and services for the people of Hancock and the Greater Contoocook Valley area. This amount represents the Town of Hancock's portion of the funds needed to support Contoocook Valley Transportation Company, a nonprofit service organization; or take any other action relating thereto.

Jeff Reder of Hancock, a volunteer driver for the Community Volunteer Transportation Company for four years, said that they provide rides for those who can't drive themselves. He said there is no Uber or Lyft here to take people to a doctor's appointment or the supermarket.

Sharon Gordon said that going forward, Community Volunteer Transportation Company would likely get little or no support from the Monadnock United Way, and so next year they should ask

for what they need.

Jeff said he appreciated the support, but they were aware that they weren't the only ones coming before the towns.

Melissa Gallagher said that the most requests for help they get at the Grapevine are for housing and rides, and CVTC is the only organization filling this need that is really important in this rural area.

Gallagher moved to amend the Article's request to \$1,000.00. The motion was seconded by Jeff Reder.

Dave Carney asked if there was a website where people could sign up for rides, and Reder said yes, it was CVTC.org.

Erik Spitzbarth said that the people were operating on emotionality level and were more generous with taxpayer money than on a personal level. He said he thought it must go to admin expenses because the drivers are volunteers.

Reder explained that it does go for administrative expenses and that drivers are volunteers except for a stipend (approximately \$0.41 per mile) for mileage.

The question of the amendment was moved and voted upon by voice vote and passed.

Moderator Haskins then read the Amended article as follows:

I move that the Town of Hancock vote to raise and appropriate the sum of \$1,000.00 for the purpose of funding The Community Volunteer Transportation Company programs and services for the people of Hancock and the Greater Contoocook Valley area. This amount represents the Town of Hancock's portion of the funds needed to support Contoocook Valley Transportation Company, a nonprofit service organization; or take any other action relating thereto.

The question was voted by voice vote and the Moderator ruled that it passed, although not unanimously, at 10:50.

Article 10 Independence Day Fireworks Display

To see if the Town of Hancock will vote to raise and appropriate the sum of \$7625.00 for the purpose of funding a fireworks display on or about July 3, 2020 and authorize the withdrawal of \$7625.00 from the Fireworks Expendable Trust Fund created for that purpose. The Selectboard recommends this article. (Majority vote required)

The Article was moved as follows by John Jordan and seconded by Laurie Bryan:

I move that the Town of Hancock raise and appropriate the sum of \$7625.00 for the purpose of funding a fireworks display on or about July 3, 2020 and authorize the withdrawal of \$7625.00 from the Fireworks Expendable Trust Fund created for that purpose.

Jon Coyne spoke to the Article, saying that the intent is to fund the fireworks this year from the Fireworks Expendable Trust Fund, which was funded by donations. In the past, the Fireworks display has been funded through general taxation or from the Fund Balance. The Selectboard felt that was not appropriate this year, or moving forward. The amount available in the Fireworks Fund will be used this year, and the amount received from donations this year will determine if we have a fireworks display going forward.

There were no other comments or suggestions.

The question was voted by voice vote and passed unanimously at 10:53am.

Article 11 Moderator Haskins announced that Article 11 was a petition article, and that the Selectboard was required to put it on the Warrant as they received it. They did that, but would be reading a motion that is different, which will be discussed after that. Moderator Haskins proceeded to read the Warrant Article as published:

Article 11. Adopt Solar Exemption (Petition)

To see if the Town will vote to adopt the provisions of RSA 72:61, RSA 72:62 and RSA 72:64 inclusively, which provide for an optional property tax exemption from the property's assessed value, for property tax purposes, for persons owning real property, which is equipped with solar energy systems intended for use at the immediate site. Such property tax exemption shall be in the amount equal to 100% of the assessed value of qualifying equipment under these statutes. (Majority vote required)

The following was read by John Jordan and seconded by Laurie Bryan:

I move that the Town vote to adopt the provisions of RSA 72:61, RSA 72:62 and RSA 72:64 inclusively, which provide for an optional property tax exemption from the property's assessed value, for property tax purposes, for persons owning real property, which is equipped with solar energy systems intended for use at the immediate site. Such property tax exemption shall be in the amount equal to 100% of the assessed value of qualifying **solar energy system** equipment under these statutes. (*Jordan emphasized the bold words and said they were the change for the Article as originally published*)

Speaker Michelle Russell introduced herself as a former member of HEAT, the Hancock Energy Advisory Team, whose goal was to conserve energy and further energy efficiency and renewable energy in Hancock. At that time they discussed a solar exemption, but the Selectboard didn't feel it was necessary because they didn't assess solar at all. In NH there are no formal guidelines for Realtors® or assessors. One hundred thirty-six towns have adopted a policy to assess but not tax solar energy systems, and eighty-six, including Peterborough, have no formal policy and neither assesses nor taxes them.

Dave Carney said he thinks the Article is well-intentioned but limited as most solar systems now make enough energy to sell it back to the grid and the wording needs to be thought out more.

Michelle Russell said the wording, provided by the Office of Strategic Initiatives, agrees with a net metering system that produces the amount of energy to be used on the site. It may produce more in the summer and send it back to the grid, to be used at a later date. It was meant to include residents, homeowners and small business owners, not supply a commercial power plant as a whole.

Neil Cass proposed an amendment that might help clarify. He moved to amend the wording to read, "equal to 100% of the assessed value up to \$50,000 of qualifying solar energy system under these statutes. The motion was seconded by David Bedard. Cass explained that RSA 72.61 as amended Jan 1, 2020 includes both net metering and group metering. That brings up the question of whether it opens it up to larger facilities, such as commercial or big neighborhood facilities. His proposal would limit that.

Moderator Haskins asked the Selectboard and Jonathan Coyne how residential vs. commercial would be limited. Coyne replied that RSA 72.61 through 64 inclusive have references that limit net metering to 3 vendors or less.

Cass said that attorneys have advised that that might not be adequate, and suggested a limit

on the amount of assessed value.

Erik Spitzbarth said that as people using a net metering system receive subsidies and then sell power to the grid, the people who don't have those systems will have to pay more,

Tom Faber said that he feels the original article as recommended by the State contains all that is needed, and that solar represents a way to take the load off power plants which use natural gas and fossil fuels. He also said he has solar power.

Hunt Dowse said he has solar power and doesn't think we need the Amendment. He feels the RSAs cover the issue.

Neil Cass said the RSAs may protect, but he spoke with municipal attorneys who felt it may not, and Dowse withdrew his objection to the \$50,000 limit.

Betsy Villaume asked for clarification that the tax exemption applied only to equipment owned by the home owners, not to leased equipment.

Moderator Haskins said he did not know how the assessor would know that, and that his understanding was that it was the intent of previous Selectboards that these systems were not to be taxed. There is a different assessor now who does assess them, and they are now showing up on the tax rolls. He believes the assessor is assessing them at \$500 per panel.

Neal Cass said that the owner of the property that a system sits on is completely responsible for the taxes.

David Bedard said that we all don't have homes that can benefit from solar, just as all don't have a view that is taxed. He said that if you are fortunate enough to be able to have solar power and get extra income from net metering, a tax on \$500 per panel is negligible.

The Moderator then read the proposed amended article as follows:

All those in favor of amending the Article to include the words "up to \$50,000" in the position before the words, "solar energy system" signify by saying "Aye".

The voice vote being unclear, he asked the ballot clerks to review a show of hands, and they indicated that the Amendment passed.

Mary Covington said she felt the subject was too complex to make a decision at this time and should be postponed to next year and a committee should take it up.

Dave Carney asked about the impact on the tax rate and Jon Coyne replied that it was approximately \$350,000 of valuation, or about one-quarter of a penny per thousand on the overall tax rate. He also said that the subject was very complex and people needed more information, and he submitted a "Move to Table" motion. David Bedard seconded the motion.

Hunt Dowse spoke to the "Move to Table" motion, saying that in the past Moderator Dick Amidon did not allow a motion to table, but said that the body should either vote something up or vote something down and then move on. Dowse said that we should defeat the motion to table and he thought that we could talk it through and he thought it could be resolved.

Neal Cass also spoke against tabling the motion.

Kenyon MacLeod said we should put aside the motion to table in order to allow him and others the opportunity to speak to the Article.

The Motion to Table was voted by voice vote and failed to pass.

Discussion returned to the Article. Kenyon Macleod said he thought the Article was premature and that he thought it should wait a year until we could make an informed decision.

Melody Russell said she felt it was time to be brave and make a contribution to encourage solar for us and our children. She said that her daughter, Michelle Russell, had researched the issue thoroughly both for the Town and the Hancock School Board and asked that we go forward with

this.

Peri Chickering spoke as someone who has solar power and drives a 2003 Prius and takes these issues seriously, but is not in favor of the Article. She said it warranted a lot more thought, particularly as a community so we could make a clear decision about what is best for everybody.

George Kidd called the question and a majority agreed to move the amendment.

A voice vote was taken and the amendment passed.

Moderator Haskins read the amended motion as:

Move that the Town vote to adopt the provisions of RSA 72:61, RSA 72:62 and RSA 72:64 inclusively, which provide for an optional property tax exemption from the property's assessed value, for property tax purposes, for persons owning real property, which is equipped with solar energy systems intended for use at the immediate site. Such property tax exemption shall be in the amount equal to 100% of the assessed value up to \$50,000 of qualifying **solar energy system** equipment under these statutes.

The Article as Amended was voted with a show of hands. The ballot clerks counted and determined that it passed: 41 Yeas to 37 Nays at 11:36 a.m.

Article 12 Martin Luther King Day Celebration (Petition)

To see if the Town of Hancock will vote to sponsor an annual Martin Luther King Day celebration.

The Article was moved as follows by Laurie Bryan and seconded by John Jordan:
I move that the Town of Hancock vote to sponsor an annual Martin Luther King Day celebration.

Moderator Haskins said he had received letters from a number of people, and read a letter from one of them, Harriet DiCicco, of 55 Old Hancock Road. The contents of her letter is as follows:
This warrant is at the request of the Hancock Community Conversations about Race Group which started 18 months ago. As a member of this group, I support this warrant.

Martin Luther King, Jr. Day is a nationwide holiday honoring Dr. King and his life long commitment to those essential American values which we all hold dear - freedom, equality, justice, dignity. He worked tirelessly to make those values a reality for all people no matter their race, creed or color.

As with two other events which the Town of Hancock sponsors - Memorial Day and Old Home Days - this is another opportunity for us to come together as a community, as a town and affirm our beliefs and values in what we feel is important and what we want our children to know is important.

The town sponsorship does not result in any additional town expenditures. As a sponsored event, the MLK Jr event falls under the general insurance umbrella which is already in the town budget.

The event is organized by members of the Community Conversations about Race Group. This past January was our second annual event and we had an estimated 90 persons there. It was truly a community event with participants of all ages, including our elementary school students and teenagers from Avenue A. The feedback from the community was extremely positive.
Signed - Harriet DiCicco, 55 Old Hancock Road.

Steve Schuch said he was present at the Hancock Community Conversation About Race

program for Martin Luther King Day in January and saw the way the community came together. He said they wanted the Town to sponsor the event so that the Town's (insurance) umbrella would cover it and they wouldn't have to buy another policy.

Moderator Haskins then read a portion of the letter from Robin Gregg supporting the Article. The contents of her letter is as follows:

I write in support of the warrant article requesting that the Town of Hancock sponsor the Hancock Martin Luther King, Jr. Day event next year, January 2021.

I have lived in Hancock for over twenty years, and participating in the planning of this event and attending it for the past two years has made me feel so happy about our town and the people who live here. It has been so satisfying to see our townspeople supporting the recognition of an individual such as Dr. King as well as supporting the ideals of racial equality and social justice that King and many other civil rights activists fought for with nonviolent resistance and brave, strong collective action.

I hope that the voters at Town Meeting will support our request for town sponsorship of this event. Martin Luther King, Jr. Day is a national holiday, like July 4 and Memorial Day, two other national holidays supported by the town.

In addition, our town has always seemed to me like a place where people feel a strong sense of belonging. The town's sponsorship of Martin Luther King, Jr. Day would send an important message about the kind of town we live in. It would send the message that we in Hancock believe in American ideals such as "liberty and justice for all."

I hope that you will vote to support this request. ...

Signed, Robin Gregg, 8 Pickering Farm Road

John Jordan advised that if the town sponsored the event, it would become subject to the provisions of RSA 91:A, the Right to Know Law. All meetings would have to be in public places, posted publicly ahead, and minutes publicly available.

Erik Spitzbarth said he agrees with John and that he needed clarification of what the word "sponsor" means and what liabilities and costs might be incurred.

Moderator Haskins asked how much the Insurance Rider cost, and Steve Schuch answered \$120.00.

Moderator Haskins then read a portion of a letter from Mary Meyers:

I am not attending Town Meeting as I have a cold and because of COVID-19. I want to voice my support for the article asking the town to sponsor Martin Luther King Day.

Signed, Mary Meyers

David Bedard moved to Amend the Article to include Columbus Day, Labor Day and President's Day as well as Martin Luther King Day and Erik Spitzbarth seconded.

The Motion to Amend was voted by voice vote and failed to pass.

Dave Carney asked if the Selectmen were willing to take on the responsibility for training the committee for RSA:91:A. Laurie Bryan said that if the town voted for the Article, the Selectboard would appoint a committee and go over the Right to Know parts that go with it.

Tim Theberge said that he is the local Cub Scout Master for 35 scouts in Cub Scout Pack 8, and if the real question was the need for an insurance rider, he proposed that the event be held in cooperation with the Cub Scouts. It would engage the scouts in a civic event, which is a

requirement for them, and the event would be covered by the B.S.A. insurance rider.

The question was voted by a show of cards. The ballot clerks counted and determined that the question failed with a count of 38 Yeas to 42 Nays.

Article 13 Baseball Special Revenue Fund

To see if the Town of Hancock will vote to raise and appropriate the sum of \$435 for the purpose of purchasing baseball equipment and doing maintenance to the baseball fields; with said funds to come from the Baseball Special Revenue Fund established for this purpose at the 1997 Town Meeting. The Selectboard recommends this article. (Majority vote required)

The Article was moved as read by Kurt Grasset and seconded by Laurie Bryan.

The question was voted by voice vote and passed unanimously at 11:56 a.m.

Article 14 Recreation Special Revenue Fund

To see if the Town of Hancock will vote to raise and appropriate the sum of \$1,887 for the purpose of repairs and replacement of recreational facilities with said funds to come from the Recreation Special Revenue Fund established for this purpose at the 1997 Town meeting. The Selectboard recommends this article. (Majority vote required)

The Article was moved as read by Laurie Bryan and seconded by Kurt Grasset.

The question was voted by voice vote and passed unanimously at 11:59 p.m.

Article 15 Highway Special Revenue Fund

To see if the Town of Hancock will vote to raise and appropriate the sum of \$1,574 for the purpose of repairs and replacement of town highway equipment with said funds to come from the Highway Special Revenue Fund established for this purpose at the 1999 town meeting. The Selectboard Recommends this article. (Majority vote required)

The Article was moved as read by John Jordan and seconded by Laurie Bryan.

The question was voted by voice vote and passed unanimously at 12:00 p.m.

Article 16 History Special Revenue Fund

To see if the Town of Hancock will vote to raise and appropriate the sum of \$3,144 for the purpose of preservation and storage of the town's archival records with said funds to come from the History Special Revenue Fund established for this purpose at the 1993 town meeting. The Selectboard Recommends this article. (Majority vote required)

The Article was moved as read by John Jordan and seconded by Laurie Bryan.

The question was voted by voice vote and passed unanimously at 12:01 p.m.

Article 17 Police Special Revenue Fund

To see if the Town of Hancock will vote to raise and appropriate the sum of \$5,403 for the purpose of repairs and replacement of police equipment with said funds to come from the Police Special Revenue Fund established for this purpose at the 1993 town meeting. The Selectboard Recommends this article. (Majority vote required)

The Article was moved as read by Laurie Bryan and seconded by John Jordan.

The question was voted by voice vote and passed unanimously at 12:02 p.m.

Article 18 To Accept Town Reports

To see if the Town of Hancock will vote to accept the 2019 reports of the Town Officials, agents and committees, and to accept the 2018 auditor's report. The Selectboard recommends this Article.

The Article was moved as follows by John Jordan and seconded by Laurie Bryan:
I move that the Town of Hancock vote to accept the 2019 reports of the Town Officials, agents and committees, and to accept the 2018 auditor's report.

John said that there was a note in the Auditors Report about determining the Town's obligation under the State Retirement Fund. There is only one person retired from the Town under this program, and determining the future obligation would require an Actuarial Report which would cost \$5750 to prepare. The Selectboard did not feel that it was worth the investment in that report.

The question was voted by voice vote and passed unanimously at 12:05 p.m.

Article 19 Transact any other business

To transact any other business that may legally come before said meeting.

Tim Theberge gave a brief update from the Telecommunications Committee - approximately 75% of the town already has access to high speed internet - but they are still working with Consolidated and COMCAST to improve access for the rest of the town.

Alisha Davis was concerned that there is no Recreation Committee currently in place and asked how that may impact the upcoming summer season. Laurie Bryan from the Selectboard explained that some of summer activities have been setup thanks to some of last year's volunteers. They will be advertising in the Hancock Happenings for the committee vacancies and employment opportunities.

Mary Covington - Showed some slides from the Telecommunications Committee and said that she would be arranging with Jonathan Coyne's help to put them the Town's website.

Sarah Laeng-Gilliatt spoke about maintaining the wonderful community fabric that is present in our town and as such wanted to point out the positive things that can come from the COVID-19 crisis about to befall us. She explained that there is a sign-up list available for people to identify resources or concerns that can be shared with our Welfare Officer, Linda Coughlan. Her concern is to be sure that all people's needs are met in the coming months. Linda expressed her gratitude for any assistance and volunteers.

Bog Fogg explained why the town clock's bell strikes before the hour. Bob served as the Agent of the Town Clock for 50 years, starting in 1965. He explained that many years ago, he received a request from Bill Hanson asking if he could make the clock strike just a little bit before the hour so that he could turn on

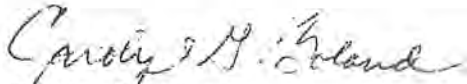

his radio or TV in time to hear the news on the hour. Bob said that he had been making the clock strike early ever since. Bob also shared that now that his son Bobby Fogg Jr. is the Agent of the Town Clock, and is also following that tradition. A warm round of applause followed.

Mary Covington moved to adjourn the 2020 Town of Hancock Annual Town Meeting and Lauren Carney seconded the motion.

The motion was voted by voice vote and passed unanimously!

Moderator Haskins then declared the 2020 Town of Hancock Annual Town Meeting adjourned at 12:15:p.m.

Respectfully submitted

Carolyn G. Boland
Town Clerk

Town of Hancock

New Hampshire

2021 Warrant

The inhabitants of the Town of Hancock in the County of Hillsborough in the state of New Hampshire qualified to vote in Town affairs; you are hereby notified and warned to meet at the Hancock Elementary School on Tuesday the 9th day of March 2021 at eight o'clock in the forenoon until seven of the clock in the afternoon to vote on ballot of Town Officers and other matters requiring ballot vote to act upon the following subjects:

Article 01 To Choose Town Officers

To choose all necessary Town Officers for the ensuing year.

Article 02 Pre-Requisite Question on Alternative Ballot

To see if the Town will vote to approve the optional meeting procedure as outlined in House Bill (HB) 1129. If this optional procedure is not approved by a simple majority, all other warrant articles shall be deemed disapproved. However, the election of officers and action on other items on the Official Ballot will be effective. Selectboard recommends this article. (Majority vote required)

Article 03 Operating Budget

To see if the Town of Hancock will vote to raise and appropriate the sum of \$2,695,136 for general municipal operations inclusive of Water Department Operations. This article does not include appropriations contained in special or individual articles addressed separately. Selectboard recommends this article. Budget Advisory Committee recommends this article. (Majority vote required)

Article 04 Lease New 22,500 GVW Dump Truck with Plow

To see if the Town of Hancock will vote to authorize the Selectboard to enter into a three-year lease agreement in the amount of up to \$118,000 for the purpose of leasing a new 22,500 GVW dump truck with plow; first payment to be made one year from closing. This lease agreement contains an escape clause. Selectboard recommends this article. Budget Advisory Committee recommends this article. (Majority vote required)

Article 05 Purchase & Outfit New Police Vehicle

To see if the Town of Hancock will vote to raise and appropriate a sum of up to \$55,000 for the purpose of purchasing and outfitting a new police vehicle and to authorize the Selectboard to sell or trade-in the 2011 Ford Crown Victoria and 2013 Ford Explorer. Of this amount \$14,000 is to come from the Police Special Detail Revolving Fund, created by Article 14 in 2016, to offset equipment outfitting expenses; the balance of \$41,000 to come from general taxation. Selectboard recommends this article. Budget Advisory Committee recommends this article. (Majority vote required)

Article 06 Full Statistical Revaluation

To see if the Town of Hancock will vote to raise and appropriate the sum \$32,000 for the purpose of conducting a Full Statistical Revaluation in order to meet the constitutional and statutory requirement that assessments are at full and true value at least as often as every fifth year. A Full Statistical Revaluation was last performed in 2016. Selectboard recommends the article. Budget Advisory Committee recommends this article. (Majority vote required).

Article 07 Slope Stability Evaluation

To see if the Town of Hancock will vote to raise and appropriate the sum of up to \$11,900 for the purpose of performing preliminary geotechnical engineering services for and evaluation of the Old Dublin Road slopes in the vicinity of 45 Old Dublin Road. Selectboard recommends this article. Budget Advisory Committee recommends this article. (Majority vote required)

Article 08 Bridge Capital Reserve

To see if the Town of Hancock will vote to raise and appropriate the sum of \$15,000 to be added to the Bridge Capital Reserve Fund previously established. Selectboard recommends this article. Budget Advisory Committee recommends this article. (Majority vote required.)

Article 09 Meetinghouse Capital Reserve

To see if the Town of Hancock will vote to raise and appropriate the sum of \$7,000 to be added to the Meetinghouse Capital Reserve Fund previously established. Selectboard recommends this article. Budget Advisory Committee recommends this article. (Majority vote required.)

Article 10 Grapevine Community Resource Center

To see if the Town of Hancock will vote to raise and appropriate the sum of \$5,000 for the purpose of funding The Grapevine Family & Community Resource Center programs and services. This amount represents the Town of Hancock's portion of the funds needed to support The Grapevine, a nonprofit service organization; or take any other action relating thereto. This amount to be raised by general taxation. Selectboard recommends this article. Budget Advisory Committee recommends this article. (Majority vote required)

Article 11 Grapevine Avenue A Program

To see if the Town of Hancock will vote to raise and appropriate the sum of \$1,000 for the purpose of funding The Grapevine Family and Community Resource Center Avenue A programs and services. This amount represents the Town of Hancock's portion of funds needed to support The Grapevine Ave A program, a nonprofit service organization; or take any other action relating thereto. This amount to be raised by general taxation. Selectboard recommends this article. Budget Advisory Committee recommends this article. (Majority vote required)

Article 12 Community Volunteer Transportation Company

To see if the Town of Hancock will vote to raise and appropriate the sum of \$500 for the purpose of funding The Community Volunteer Transportation Company programs and services for the people of Hancock and the Greater Contoocook Valley area. This amount represents the Town of Hancock's portion of the funds needed to support Contoocook Valley Transportation Company, a nonprofit service organization; or take any other action relating thereto. This amount to be raised from general taxation. Selectboard recommends this article. Budget Advisory Committee recommends this article. (Majority vote required)

Article 13 Acceptance of Dedicated Streets

To see if the Town of Hancock will delegate to the Selectboard the authority to accept dedicated streets pursuant to RSA 674:40-a. This delegation of authority would be limited to those streets that the Planning Board has approved following subdivision, site plan or street plats approval. The Selectboard may accept these streets as town roads or "public highways" after holding a public hearing. Selectboard recommends this article. (Majority vote required)

Article 14 NH Resolution for Fair Nonpartisan Redistricting

(BY PETITION) To see if the Town will vote to urge that the New Hampshire General Court, which is obligated to redraw the maps of political districts within the state following the federal census, will ensure fair and effective representation of New Hampshire voters without gerrymandering. Additionally, to ask the Town of Hancock to urge the NH General Court to carry out the redistricting in a fair and transparent way through public meetings, not to favor a particular political party, to include communities of interest, and to minimize multi-seat districts. If approved, the record of the vote for this article shall be transmitted by written notice from the selectboard to Hancock's state legislators, within 30 days of the vote.

Article 15 Baseball Special Revenue Fund

To see if the Town of Hancock will vote to raise and appropriate the sum of \$164 for the purpose of purchasing baseball equipment and doing maintenance to the baseball fields; with said funds to come from the Baseball Special Revenue Fund established for this purpose at the 1997 Town Meeting. Selectboard recommends this article. Budget Advisory Committee Recommends this article. (Majority vote required)

Article 16 Highway Special Revenue Fund

To see if the Town of Hancock will vote to raise and appropriate the sum of \$806 for the purpose of repairs and replacement of town highway equipment with said funds to come from the Highway Special Revenue Fund established for this purpose at the 1999 town meeting. Selectboard Recommends this article. Budget Advisory Committee Recommends this article. (Majority vote required)

Proposed Budget

Hancock

For the period beginning January 1, 2021 and ending December 31, 2021

Form Due Date: **20 Days after the Annual Meeting**

This form was posted with the warrant on: 2/11/2021

Article 17 History Special Revenue Fund

To see if the Town of Hancock will vote to raise and appropriate the sum of \$3,234 for the purpose of preservation and storage of the town's archival records with said funds to come from the History Special Revenue Fund established for this purpose at the 1993 town meeting. The Selectboard Recommends this article. Budget Advisory Committee Recommends this article. (Majority vote required)

Article 18 Recreation Special Revenue Fund

To see if the Town of Hancock will vote to raise and appropriate the sum of \$1,987 for the purpose of repairs and replacement of recreational facilities with said funds to come from the Recreation Special Revenue Fund established for this purpose at the 1997 Town meeting. Selectboard recommends this article. Budget Advisory Committee Recommends this article. (Majority vote required)

Article 19 Police Special Revenue Fund

To see if the Town of Hancock will vote to raise and appropriate the sum of \$8258 for the purpose of repairs and replacement of police equipment with said funds to come from the Police Special Revenue Fund established for this purpose at the 1993 town meeting. Selectboard Recommends this article. Budget Advisory Committee Recommends this article. (Majority vote required)

Article 20 To Accept Town Reports

To see if the Town of Hancock will vote to accept the 2020 reports of the Town Officials, agents and committees, and to accept the 2019 auditor's report. Selectboard recommends this Article.

Article 21 Transact any other business

To transact any other business that may legally come before said meeting.

GOVERNING BODY CERTIFICATION

We certify and attest that on or before February 22, 2021, a true and attested copy of this document was posted at the place of meeting and at the Town Offices and that an original was delivered to Town Clerk.

INDEPENDENT AUDITOR'S REPORT

To the Members of the Board of Selectmen
Town of Hancock
Hancock, New Hampshire

We have audited the accompanying financial statements of the governmental activities, major funds, and aggregate remaining fund information of the Town of Hancock as of and for the year ended December 31, 2019, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our unmodified and adverse audit opinions.

Summary of Opinions

<u>Opinion Unit</u>	<u>Type of Opinion</u>
Governmental Activities	Adverse
General Fund	Unmodified
Water Fund	Unmodified
Permanent Fund	Unmodified
Aggregate Remaining Fund Information	Unmodified

Basis for Adverse Opinion on Governmental Activities

As discussed in Note 15-B to the financial statements, management has not recorded the long-term costs of retirement health care costs and obligations for other postemployment benefits for the single employer plan in the governmental activities. Accounting principles generally accepted in the United States of America require that those costs be recorded, which would increase the liabilities, decrease the net position and increase the expenses of the governmental activities. The amount by which this departure would affect the liabilities, net position, and expenses on the governmental activities is not readily determinable.

*Town of Hancock
Independent Auditor's Report*

Adverse Opinion

In our opinion, because of the significance of the matter described in the "Basis for Adverse Opinion on Governmental Activities" paragraph, the financial statements referred to above do not present fairly the financial position of the government-wide financial statements of the Town of Hancock, as of December 31, 2019, or the changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Unmodified Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of each major fund and aggregate remaining fund information of the Town of Hancock as of December 31, 2019, and the respective changes in financial position and the respective budgetary comparison for the general and water funds for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Change in Accounting Principle

As discussed in Note 2-C to the financial statements, in fiscal year 2019 the Town adopted new accounting guidance, Governmental Accounting Standards Board (GASB) Statement No. 84, *Fiduciary Activities*. Our opinions are not modified with respect to this matter.

Other Matters

Management's Discussion and Analysis – Management has omitted a Management's Discussion and Analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by the missing information.

Required Supplementary Information – Accounting principles generally accepted in the United States of America require that the following be presented to supplement the basic financial statements:

- Schedule of the Town's Proportionate Share of Net Pension Liability,
- Schedule of Town Contributions – Pensions,
- Schedule of the Town's Proportionate Share of the Net Other Postemployment Benefits Liability,
- Schedule of Town Contributions – Other Postemployment Benefits,
- Notes to the Required Supplementary Information

Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information - Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Hancock's basic financial statements. The combining and individual fund schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

*EXHIBIT C-2
TOWN OF HANCOCK, NEW HAMPSHIRE
Reconciliation of the Balance Sheet - Governmental Funds to the Statement of Net Position
December 31, 2019*

Amounts reported for governmental activities in the Statement of Net Position are different because:		
Total fund balances of governmental funds (Exhibit C-1)		\$ 2,687,737
Capital assets used in governmental activities are not current financial resources, therefore, are not reported in the governmental funds.		
Cost	\$ 11,083,129	
Less accumulated depreciation	<u>(4,711,342)</u>	
		6,371,787
Pension and other postemployment benefit (OPEB) related deferred outflows of resources and deferred inflows of resources are not due and payable in the current year, and therefore, are not reported in the governmental funds as follows:		
Deferred outflows of resources related to pensions	\$ 75,112	
Deferred inflows of resources related to pensions	(95,033)	
Deferred outflows of resources related to OPEB	3,754	
Deferred inflows of resources related to OPEB	<u>(1,701)</u>	
		(17,868)
Interfund receivables and payables between governmental funds are eliminated on the Statement of Net Position.		
Receivables	\$ (21,388)	
Payables	<u>21,388</u>	
		-
Long-term revenue (taxes) is not available to pay current-period expenditures, and therefore, is deferred in the governmental funds.		59,501
Allowance for uncollectible property taxes that is recognized on a full accrual basis, but not on the modified accrual basis.		(27,000)
Interest on long-term debt is not accrued in governmental funds.		
Accrued interest payable		(14,497)
Long-term liabilities are not due and payable in the current period, therefore, are not reported in the governmental funds.		
Notes	\$ 1,283,704	
Capital leases	281,633	
Compensated absences	56,930	
Accrued landfill postclosure care costs	112,500	
Net pension liability	444,588	
Other postemployment benefits	<u>62,530</u>	
		(2,241,885)
Net position of governmental activities (Exhibit A)		<u>\$ 6,817,775</u>

The Notes to the Basic Financial Statements are an integral part of this statement.

EXHIBIT C-4
TOWN OF HANCOCK, NEW HAMPSHIRE
Reconciliation of the Statement of Revenues, Expenditures, and
Changes in Fund Balances - Governmental Funds to the Statement of Activities
For the Fiscal Year Ended December 31, 2019

Net change in fund balances of governmental funds (Exhibit C-3)		\$ 362,246
Amounts reported for governmental activities in the Statement of Activities are different because:		
Governmental funds report capital outlays as expenditures, while governmental activities report depreciation expense to allocate those expenditures over the life of the assets.		
Capital outlay expenditures exceeded depreciation expense in the current year, as		
Capitalized capital outlay	\$ 631,894	
Depreciation expense	<u>(562,258)</u>	
		69,636
The net effect of various miscellaneous transactions involving capital assets (i.e., sales and disposals) is to decrease net position.		(40,779)
Transfers in and out between governmental funds are eliminated on the Statement of Activities.		
Transfers in	\$ (8,000)	
Transfers out	<u>8,000</u>	
		-
Revenue in the Statement of Activities that does not provide current financial resources is not reported as revenue in the governmental funds.		
Decrease in deferred tax revenue	\$ 13,280	
Decrease in allowance for uncollectable taxes	<u>3,000</u>	
		16,280
Proceeds from issuing long-term liabilities provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the Statement of Net Position. Repayment of long-term liabilities is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the		
Issuance of notes	\$ (650,246)	
Repayment of note principal	177,672	
Repayment of capital leases	<u>89,849</u>	
		(382,725)
Some expenses reported in the Statement of Activities do not require the use of current financial resources, and therefore, are not reported as expenditures in governmental funds.		
Decrease in accrued interest expense	\$ 2,181	
Increase in compensated absences	(14,625)	
Increase in accrued landfill postclosure care costs	(25,000)	
Net change in net pension liability, and related deferred outflows of resources and deferred inflows of resources	1,113	
Net change in other postemployment benefits liability, and related deferred outflows of resources and deferred inflows of resources	<u>9,532</u>	
		<u>(26,799)</u>
Changes in net position of governmental activities (Exhibit B)		<u><u>\$ (2,141)</u></u>

Water System Upgrade loan through Mascoma Bank, 10 year term at 2.75%. Final payment in Oct. 2028.

Prepared by,

William Flatley, Acting Treasurer

REPORT OF THE TRUSTEES OF TRUST FUNDS

In 2020 the trust funds for the town maintained their value along with average stock market returns for an income oriented portfolio. The conservative investment asset allocation of approximately 40% equities and 60% bonds and cash helps insure that the portfolio value will fluctuate less than the overall stock market and that the portfolio will provide stable long-term income for the beneficiaries of the trust funds. Due to low interest rates in recent years, income for beneficiaries has lessened while expenses have remained the same or increased for those receiving funds from the trusts. To keep returns reasonable, our equity investments continue to be centered on strong dividend paying stocks to offset low interest rates.

The requests for distributions from the funds have been fairly consistent this year as in the past several years. The elementary school, library, cemeteries and fire department are the main beneficiaries of the trust funds each year. The Hancock Elementary School requested funds for a circus residency as well as a request for tables for the main room at the school. The Library requested their monthly withdrawal from the trust funds to help offset operating expenses while the cemetery trust funds once again supported the annual maintenance cost of the cemeteries. The Fire Department requested distribution from the Helen Brown Funds to purchase ten new portable radios to arrive in 2021. The trustees oversee several capital reserve funds designated for specific town expenses. Funds from the Meetinghouse, Bridge and Concert capital reserve funds were distributed. The Water Department established a new capital reserve fund for its future expenses.

Hancock residents have been generous in the past by making bequests to the trust funds for the benefit of the town and its residents. Without the support of the trust funds either taxes would be higher or certain needs would go unanswered. If you would like to discuss making a contribution to an existing fund or the establishment of a new fund for a town beneficiary, please get in touch with one of the trustees.

The trustees would like to thank the Selectboard, the Town Office staff as well as the other boards, commissioners and town departments for the cooperative way that all decisions regarding these funds are reached every year.

Leonard H. Dowse, Jr. Chair

David S. Huntington, Jr.

Paul W. Faber

REPORT OF THE TOWN TAX COLLECTOR

Our town sends out property tax bills semi-annually; the first bill is typically due by July 1 and the second bill by December 1 to cover the tax fiscal year of April 1 – March 31. The first property tax bill is an estimated bill based on the previous year's tax rate; and typically, half of your prior year's annual taxes. The second bill generated is based on the new tax rate set by the Department of Revenue in the fall. This new rate is applied to the current assessed value of your property as of April 1st.

My office hours are Thursday from 9:00 AM to 4:30 PM. There is a lock box in front of the Town Offices that you may drop your tax payment in. Tax payments may also be dropped off Monday through Friday to my Deputy Tax Collector, Linda Coughlin, in the Selectmen's office.

Please call or email with questions or concerns relative to the payment and collection of property, timber yield, current use change, and excavation taxes. General information related to property taxes is posted on the town website. I look forward to assisting and being of service to you in 2021.

You can view, print, and pay your property taxes on-line via the link available on our town website, www.hancocknh.org. On line payments can be made via ACH (Automated Clearing House) for a \$.095 fee per transaction, or via Credit/Debit Card with a surcharge of 2.95% of the payment amount.

The 2020 property tax rate set by the Department of Revenue was apportioned as follows:

Town	\$ 7.60
Local School	\$15.47
State School	\$ 2.01
<u>County</u>	<u>\$ 1.14</u>
Total Tax Rate	\$26.22 per \$1000.00 of assessed property value

Respectfully submitted,

Ann Charbonneau

Tax Commitment Verification

2020 Tax Commitment Verification - RSA 76:10 II

Description	Amount
Total Property Tax Commitment	\$6,515,772
1/2% Amount	\$32,579
Acceptable High	\$6,548,351
Acceptable Low	\$6,483,193

If the amount of your total warrant varies by more than 1/2%, the MS-1 form used to calculate the tax rate might not be correct. The tax rate will need to be recalculated. Contact your assessors immediately and call us at 603.230.5090 before you issue the bills. See RSA 76:10, II

Commitment Amount	\$6,516,120.
Less amount for any applicable Tax Increment Financing Districts (TIF)	-
Net amount after TIF adjustment	\$6,516,120.

Under penalties of perjury, I verify the amount above was the 2020 commitment amount on the property tax warrant.

Tax Collector/Deputy Signature: *Ann M. Charbonneau* Date: 11/12/20

Requirements for Semi-Annual Billing

Pursuant to RSA 76:15-a

76:15-a Semi-Annual Collection of Taxes in Certain Towns and Cities - I. Taxes shall be collected in the following manner in towns and cities which adopt the provisions of this section in the manner set out in RSA 76:15-b. A partial payment of the taxes assessed on April 1 in any tax year shall be computed by taking the prior year's assessed valuation times 1/2 of the previous year's tax rate; provided, however, that whenever it shall appear to the selectmen or assessors that certain individual properties have physically changed in valuation, they may use the current year's appraisal times 1/2 the previous year's tax rate to compute the partial payment.

Fund Balance Retention

Enterprise Funds and Current Year Bonds	\$97,218
General Fund Operating Expenses	\$7,320,274
Final Overlay	\$317

DRA has provided a reference range of fund balance retention amounts below. Please utilize these ranges in the determination of the adequacy of your municipality's unrestricted fund balance, as currently defined in GASB Statement 54. Retention amounts, as part of the municipality's stabilization fund policy [1], should be assessed dependent upon your governments own long-term forecasts and special circumstances. Please note that current best practices published by GFOA recommend, at a minimum, that "...general purpose governments, regardless of size, maintain unrestricted fund balance in their general fund of no less than two months of regular general fund operating revenues or regular general fund operating expenditures." [2],[3]

REPORT OF THE FIRE DEPARTMENT

Since our last annual town meeting the Covid-19 pandemic has impacted all of our lives and has now given us a new standard for the way we interact with each other. The personnel at the Hancock Fire Department know this all too well. We have updated our response and in-station protocols to include proper PPE, social distancing, personal hygiene, and sanitizing our apparatus and equipment. As first responders we were included in the initial group to have access to the vaccine roll-out. While we have changed the way we respond to emergency calls for the citizens of Hancock we want to make sure everyone knows the members of the Hancock Fire Department are always there for you, day and night, 24/7/365. Our goal is to provide the highest level of care through fire prevention education, fire suppression, emergency medical services, and non-emergency activities for our residents and visitors.

The Hancock Fire Department is an all-volunteer call department consisting of twenty-three Firefighters and Emergency Medical Technicians (EMT's) that respond to all types of situations throughout the year. We are alerted to an emergency in town through a paging system that provides us with information about the nature and location of the call. This happens by way of notification from our dispatch center, Southwest New Hampshire Fire Mutual Aid based in Keene. When our pagers activate and the tones sound we stop what we were doing and respond to the fire station. If you have ever been around one of our members when this happens you will witness our dedication in action. One moment we're there and the next moment we're gone. I'm sure every one of our members can tell you a story about missing dinner, a family gathering, or a good night's sleep.

2020 was a busy year at the fire department. We responded to 219 incidents which represents a total of 1,887 working hours. Of those responses a basic breakdown follows:

- Fire Response – 63 calls,
- EMS – 116 calls,
- Rescue, including motor vehicle accidents – 17 calls, and
- Mutual Aid to neighboring towns – 23 calls.

Training accounted for 633 hours and various activities, such as meetings, and other duties accounted for 300 hours. This doesn't include the many hours members spent at the station performing other general activities that aren't recorded. Because of the Covid -19 pandemic, training hours were reduced along with some meetings. We were still busy even with that reduced schedule as we were just trying to keep our members safe and healthy. In-house training as well as remote training is very important to us. We need to be proficient at what we do so we can serve you at the highest standards. Our Captains coordinate our fire and rescue training while our Paramedic oversees our EMS training.

The town of Hancock is indeed fortunate to have the number of trained personnel available for a small town. Many of our firefighters are Academy trained to a basic Firefighter 1 level with some of those being Firefighter 2 and beyond. We have 7 EMT's, 3 AEMT's and 1 EMT-P. I would say that 75% of our department has members that are currently Nationally Registered or have previously been trained to the EMT or First Responder level. We can deliver pre-hospital care that is more advanced than it has ever been.

As always we dealt with the usual calls for fire alarms, wires down, lift assists, and ill subjects. The one item that really stood out was the number of responses for CPR calls. We responded to eight throughout the year with seven of those happening within three months. That is more than the last 4 years combined! Most of these calls happened during the nighttime hours. It is physically demanding

REPORT OF THE FIRE DEPARTMENT - PAGE TWO

and mentally draining to go from a deep sleep to light speed in a matter of moments. I can't say this was because of the Covid pandemic but it was definitely out of the ordinary.

Like many volunteer organizations, the fire service continues to face many challenges. Recruitment and retention of members continues to be a major concern for many small volunteer departments. When I started my volunteer fire career some 40 odd years ago there was usually a waiting list of members in the community ready to serve their neighbor. Now days it's hard to find these people, especially younger residents. We are always looking for men and women willing to make the commitment and join our group of emergency response professionals.

We truly appreciate the many donations we receive throughout the year. Your support allows us to update and replace the expendable items we use. This last year we purchased a new scoop stretcher as well as many items used for rescue and firefighter safety.

Hancock would not be the Town it is if it were not for the cooperation of all departments that is unmatched in any other area community. A special thanks goes out the Hancock Police Department, Hancock DPW, and everyone at the Town Office. We also want to recognize the Hancock Fire Department Auxiliary. They are truly an important component of who we are and what we do. On behalf of the Firefighter's, EMTs, and Officers of the department, I would like to thank the citizens of Hancock for their continued support. We strive to be well-equipped, well-trained, and ready to face the tasks placed before us.

Report of Forest Fire Warden and State Forest Ranger

This year we experienced challenging wildfire conditions which led to deep burning fires in remote locations that were difficult to extinguish. Your local fire departments and the Division of Forests & Lands worked throughout the year to protect homes and the forests. The statewide system of 16 fire lookout towers continues to operate on high fire danger days. The towers' fire detection efforts are supplemented by the NH Civil Air Patrol when the fire danger is especially high.

Many homes in New Hampshire are located in the wildland urban interface, which is the area where homes and flammable wildland fuels intermix. Every year New Hampshire sees fires which threaten or destroy structures, a constant reminder that wildfires burn more than just trees. Homeowners should take measures to prevent a wildfire from spreading to their home. Precautions include keeping your roof and gutters clear of leaves and pine needles, and maintaining adequate green space around your home free of flammable materials. Additional information and homeowner recommendations are available at www.firewise.org. Please help Smokey Bear, your local fire department, and the state's Forest Rangers by being fire wise and fire safe!

Between COVID-19 and the drought conditions, 2020 was a unique year. The drought conditions led to the need to have a Proclamation from the Governor, which banned much of the outdoor burning statewide. This, along with the vigilance of the public, helped to reduce the number of serious fires across New Hampshire. However, the fires which we did have burned deep and proved difficult to extinguish due to the lack of water. While the drought conditions have improved, we expect many areas of the state to still be experiencing abnormally dry and drought conditions this spring. For this reason, we ask everyone to remember Smokey's message about personal responsibility and follow his ABC's: **Always Be Careful** with fire. If you start a fire, put it out when you are done. **"Remember, Only You Can Prevent Wildfires!"**

As we prepare for the 2021 fire season, please remember to contact your local Forest Fire Warden or Fire Department to determine if a fire permit is required before doing ANY outside burning. Under State law (RSA 227:17) a fire permit is required for all outside burning, unless the ground is completely covered with snow. Fire permits are also available online in most towns and may be obtained by visiting www.NHfirepermit.com. The burning of household waste is prohibited by the Air Resources Division of the Department of Environmental Services (DES). You are encouraged to contact the local fire department for more information. Safe open burning requires your diligence and responsibility. Thank you for helping us to protect New Hampshire's forest resources. For more information, please contact the Division of Forests & Lands at (603) 271-2214, or online at www.nh.gov/nhdf/. For up to date information, follow us on Twitter: [@NHForestRangers](https://twitter.com/NHForestRangers)

2020 WILDLAND FIRE STATISTICS

(All fires reported as of December 01, 2020)

Year	Number of Wildfires	Wildfire Acres Burned	Number of Unpermitted Fires*
2020	113	89	165
2019	15	23.5	92
2018	53	46	91
2017	65	134	100
2016	351	1090	159

*Unpermitted fires which escape control are considered Wildfires.

CAUSES OF FIRES REPORTED

(These numbers do not include the WMNF)

Arson	Debris Burning	Campfire	Children	Smoking	Railroad	Equipment	Lightning	Misc.
4	22	21	4	3	1	4	10	44

*Miscellaneous includes power lines, fireworks, electric fences, etc...

REPORT OF THE HANCOCK PLANNING BOARD

In 2020 the Planning Board experienced a slow year as no land was subdivided but we executed a number of lot line adjustments and consulted with landowners and others to discuss preliminary planning proposals and to advise on questions concerning the application of the zoning ordinance.

Much of the lack of activity can be attributed to the arrival of Covid-19 requiring the Planning Board to temporarily suspend all but necessary operations until a safe means of holding meetings was in place. The town offices were equipped with devices and software allowing video and audio conferencing in the Caverly Meeting Room. Tables and chairs were arranged to provide required social distancing for small numbers of participants. With these protocols in place, we were able to hold meetings virtually via Zoom and teleconference which allowed participants to choose between an in person or remote option. Covid has brought many new people to town but has yet to lead to subdivision applications.

As 2020 drew to a close long-time member and current chair, Rich LeFebvre tendered his resignation as a member of the Planning Board which began in 2007. With the Master Plan complete and CIP revitalized toward completion in 2121 he felt it was time to move on.

Respectfully submitted,

Rich LeFebvre, Chairman

2020 REPORT OF THE HANCOCK CIP COMMITTEE

Hancock's Capital Improvements Program (CIP) Committee took on a substantial amount of work for 2020. The plan agreed by members was to make a new inventory of all town capital assets using data collected from previous town auditors, department heads and outside organizations such as the Southwest Regional Planning Commission. The inventory would list all known capital assets, its current value, acquisition cost (if known) and the expected remaining useful life of the asset. No sooner had the committee commenced its work when the COVID pandemic disrupted our work which forestalled work until members found a way to proceed while complying with the Emergency Orders issued by the Governor.

The CIP Committee members proceeded to collect historical, current and projected capital asset data which they provided to Tom Shevenell who graciously agreed to collate and build spread sheets to manage the complex financial data into usable reports. His acumen and dedication greatly enhanced committee members work.

The asset inventory was completed in so far as most assets were identified and catalogued into a comprehensive spreadsheet. The next task was to assign a value for each item, an estimated useful life and project a replacement date and cost. To help make this process more efficient a new requisition form was developed for department heads to use that provided needed information for the Selectboard and CIP Committee to track capital assets going forward. The CIP Committee's expectation was to arrive at a total cost for the town to maintain its capital infrastructure which would help understand annual revenue needs and budgeting process. With this information shared among all town purchasers a more effective and efficient funding strategy could be achieved by the Selectboard.

As budget season drew closer the CIP Committee met with town department heads and Selectboard to offer a capital asset replacement priorities report for 2021 and then 2022-2026. These reports were submitted to the Select board for their review and made available to town residents. A copy of the 2020 CIP Annual Update Report can be found at the CIP Committee site on the town website at (<https://www.hancocknh.org/capital-improvements-program-committee/pages/annual-updates>).

As the year drew to a close Rich LeFebvre informed the CIP Committee members and the Selectboard that he was resigning from the CIP Committee after serving since 2007. Rich noted that he gained much pleasure from working with many board members over the years but felt it was time to step down.

REPORT OF THE DEPARTMENT OF PUBLIC WORKS

It could be my role as the Director of Public Works, but when driving through different towns I can immediately determine whether a city or town has a productive, well organized Public Works Department. To many, it may be the sense that the town you live in or drive through is a 'nice' town or a 'beautiful' town, to others it may just be an enjoyable walk along a well-maintained path on a perfect morning. Directing Public Works is a house-keeping adventure on a huge scale - On any given day we may be repairing roads, digging for burials, repairing equipment, cutting brush, assisting the Transfer Station or repairing a water main. Employees of DPW are to be commended for their 2020 accomplishments and continued dedication to the maintenance of our infrastructure. The diversity and can-do approach as evidenced this year have been extremely appreciated. Major projects included:

- *Sweeping all asphalt roads
- *Major pruning along Main Street, Pine Ridge cemetery, Hillside cemetery and various roadsides
- *Ditching 22.6 miles of town roads equating to 5,795 yards of material
- *Cleaned and inspected all catch basins, Cleaning of 75% of all town culvert inverts
- *Reconstructed several failing culverts and basins
- *Paving Sargent Camp road & Chip stone treatment to School street & Middle road.
- * Replacement of five failing water line gate valves, a six-inch check valve and one fire hydrant
- *Graded all Gravel roads including the Fire Department & Transfer Station areas
- * Responded to the Windy Row bridge needs to successfully keep it open
- *Annual roadside mowing, Annual hauling of winter sand, Annual gravel road overlay Program
- *Sand blasting and painting of three DPW dump truck bodies to extend the life span
- *Introduced RAS (Recycled asphalt shingles) to the gravel roads & continued the application of Safe Bind

In addition to the above, there are many other somewhat less glamorous tasks; We get calls to remove dead animals on the road, respond to calls for roadside dumping, and Water line repairs. We were also able to inspect all the DPW & FD vehicles in house thanks to our PT mechanic. We applied to UNH to have the engineering done on Norway Hill free of charge and were approved. The capstone students presented their designs in December to the BOS. The DPW as

REPORT OF THE DEPARTMENT OF PUBLIC WORKS – PAGE TWO

always is dedicated in serving the Town in emergencies of all kinds. Whether ice storms or winter blizzards, the team always responds on time, 24-hours-a-day, seven days a week, to insure the safety to school buses, emergency vehicles, and the general public. I would like to thank the DPW team, the many people and subcontractors who assisted us throughout the year, especially as we dealt with budget cuts and were in the midst of a pandemic. The support of the citizens of Hancock through their tax dollars is gratefully received. Community support and pride in the services provided are the greatest motivators for our members. We also recognize and thank the families of Department members who adjust to the many hours put in, often at inconvenient times, and continue to support the commitment of the members of the Department. Lastly, I would like to invite anyone that has questions or concerns to reach out to us.

Faithfully Submitted,

Tyler Howe, Director of Public Works

REPORT OF THE HANCOCK TRANSFER STATION

In 2020 the residents of Hancock took 146.54 tons of material out of the waste stream by recycling. There was a 3.95% increase in the deposit of recyclable materials in 2020 from 2019. These efforts saved the Town \$16,852.10 in solid waste disposal costs. The Town received \$3,706.03 in revenue from the sales of recyclable commodities and \$2,890.00 in scrap metal income. The following is a breakdown of those commodities;

RECYCLABLE MATERIAL	2019 AMOUNT RECYCLED	2020 AMOUNT RECYCLED
Aluminum	2.40 Tons	2.80 Tons
Tires	239- Each	132-Each
Fibers- Mixed Paper	44.66 Tons	48.03 Tons
Cardboard	25.11 Tons	24.74Tons
Glass	57.01 Tons	59.74 Tons
# 1 Plastic	.99 Tons	2.64 Tons
#2 Plastic	7.58 Tons	5.11 Tons
Steel Cans	3.21 Tons	3.48 Tons
TOTAL TONNAGE	140.96	146.54

The Facility took in 422.66 tons of municipal solid waste (MSW) which is a 14.95 % increase from 2019, 73.76 tons of demolition materials and 12 boxes of florescent bulbs. We did not receive enough batteries to qualify for a pickup. Although we had to stop recycling some items for a short time due to COVID-19 we still recycled **146.54 TONS** of material. The swap shop also had to close due to COVID-19. The swap shop group will monitor the pandemic situation with the BOS and reopen when they deem safe to do so.

Thank you for your recycling and reusing efforts!

Respectfully submitted,

Tyler Howe

Director of Public Works.

Northeast Resource Recovery Association

"Partnering to make recycling strong through economic and environmentally sound solutions"

Hancock, NH

Congratulations for being such active recyclers!

Below please find information on the positive impact your recycling has had on our environment.

The recyclable materials listed below were sent to market to be remanufactured into new products through your non-profit recycling organization, the Northeast Resource Recovery Association.

Recyclable Material	Amount Recycled In 2020	Environmental Impact! Here is <u>only one</u> benefit of recycling materials rather than manufacturing products from virgin resources
Aluminum Cans	5,609 lbs.	Conserved enough energy to run a television for 570,996 hours!
Paper	72 tons	Saved 1,237 trees!
Plastics	15,488 lbs.	Conserved 11,616 gallons of gasoline!
Steel Cans	3.1 gross tons	Conserved enough energy to run a 60 watt light bulb for 180,856 hours!
Tires	1.6 tons	Conserved 1.1 barrels of oil!

Avoided Emissions:

Recycling uses much less energy than making products from virgin resources, and using less energy means fewer greenhouse gases emitted into the atmosphere.

*By recycling the materials above, you have avoided about **283 tons** of carbon dioxide emissions. This is the equivalent of removing **60 passenger cars** from the road for an entire year.*

REPORT OF THE HANCOCK CEMETERY TRUSTEES

Introduction

Instead of an anticipated “firm footing”, as stated in last year’s annual report, we were thrown off balance before the cemeteries had even opened in 2020, by the arrival of the COVID 19 pandemic. Now everyone had to work under the new and restrictive COVID guidelines imposed by NH State authorities. Mask wearing, social distancing, and limits to the size of gatherings all impacted the operation and progress of cemetery business. Our monthly Trustee meetings and access to cemetery records in the Town Offices were subject to restrictions. We did not meet in March or April, conducting business by telephone and email only. Families of the deceased had to adjust or postpone gravesite services and receptions. The Hancock church was closed to indoor services and events. The Hancock Inn was also closed to events.

Accomplishments

Nevertheless, with cooperation on all sides, eight interments were requested, planned, and successfully completed in compliance with the new guidelines. With indoor activities limited, the Trustees, Sexton, and DPW staff addressed the usual and varied needs of maintaining the cemeteries – grass cutting, tree pruning or removal, and considerable pruning of overgrown plants on the cemetery grounds and at gravesites. While trees and shrubs grew, drought conditions dried out a portion of Hillside Cemetery leaving unsightly areas with no vegetation at all. Repair of this area will be expensive, but is a maintenance goal for the next two or three years. Due to potential drainage issues as well as vehicle access, the Amidon Annex Cremation Only project, next to Hillside Cemetery, is on hold for the present.

2021 Goals

Sexton Howe proposed a cremation only section at the lower end of Hillside Cemetery which was approved by the Trustees for possible construction beginning next year. We made considerable progress toward revision of the Cemetery Rules and Regulations.

Basic maintenance of our cemeteries can be accomplished with current funding from sales, interment fees, and current Trust Funds, but monument repair, road

REPORT OF THE HANCOCK CEMETERY TRUSTEES – PAGE TWO

repair, or other projects may require additional funding resources. The Trustees intend to explore options and plan accordingly.

2020 Interments (8 total)

<i>Norway Plain</i>	1 Full	
<i>Hillside</i>	4 Full	03 Ash

2020 Lot/Plot Sales (4 total)

<i>Norway Plain Cremation Section</i>	Purchase 01	Forfeit 02
<i>Hillside</i>	Purchase 03	Full plots

***With deep appreciation to *Trustee Roberta Nylander* for sharing her invaluable skills, her extensive knowledge of Hancock’s history, and her steadfast commitment to the town she loves.**

Term completed March 2021.

The Trustees are now welcoming inquiries in regard to accepting a Trustee term.

The Cemetery Trustees

Roberta Nylander (2021)

REPORT FROM THE NORWAY POND COMMISSION

Studies of Norway Pond have continued in 2020 despite the COVID pandemic. We modified and limited our studies so research could be conducted within the CDC recommended safety protocols. That said, we completed our 4th year of studies to understand of the pond's ecology.

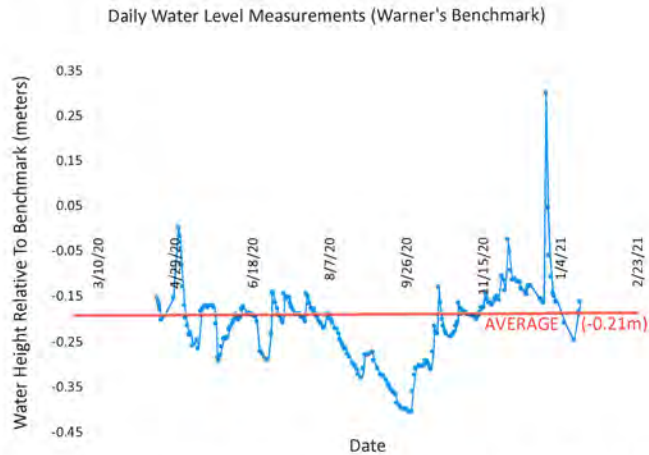

The 3rd Annual Norway Pond Symposium was held at and co-sponsored by the Harris Center on February 29th, 2020. Public attendance totaled 56, including 36 Hancock residents. Research presented included: (1) what we are learning about the formation of the pond and surrounding terrain; (2) how the pond sediments can help us understand the pond's evolving ecosystem and historic past; (3) what we learned from our first season of cyanobacteria monitoring; and (4) how can we systematically monitor the health of the ecosystem into the future.

The Commission, collaborating with the Harris Center, continued our cyanobacteria monitoring program. Karen Seaver sampled bi-weekly June through September looking for changes in pigments associated with cyanobacteria and providing samples to H. Marie Lawrence for identifying plankton life. Last year we saw no blooms. This year, Karen detected a cyanobacteria event on August 17th during routine monitoring. Bright electric-blue clumps and flecks of cyanobacteria were observed in patches attached to aquatic vegetation and suspended in the water column. The Selectboard and NHDES were immediately notified. NHDES issued an "Alert" that day. Marie confirmed we were dealing with cyanobacteria (*Oscillatoria*). NHDES then collected samples and on August 20th we received notice the concentration of cyanobacteria at the beach was only 500 cells/mL (less than the 70,000 cells/mL bloom limit). Our event was not a bloom so the NHDES did not issue an "Advisory" that would have closed the pond to recreational activities.

Dick Warner conducted his 15th year of water quality monitoring through the New Hampshire Department of Environmental Services Volunteer Lake Assessment Program (VLAP). Because of the COVID-19 pandemic, sampling was reduced from monthly to only July and September this year. This program was initiated in 1994 under the auspices of the Norway Pond Commission active at that time. VLAP continues to provide a long-term record of water quality of the pond and Moose Brook.

Tom Faber continued his water level project. Data loggers were installed again at Warner's dock. Water level and temperature data were logged every 15 minutes from April 17th through November 11th. Because of his work, researchers from the University of North Carolina selected Norway Pond be a field validation site in their research using satellites to monitor the impact of climate change on water levels in lakes around the world (www.locss.org). You may have seen their staff gauge near the town beach. We also have used the period measurements to check our data loggers. This past fall Tom expanded the monitoring of water temperature in the pond by installing a monitoring system that includes 4 temperature data loggers at 1-meter depth intervals and a water level data logger on the buoy anchor. This system has been designed to collect data over the winter under the pond ice. In the spring you will see a surface float as the system will continue to monitor water temperature and water level throughout the spring, summer and fall. The 2020 data are currently being analyzed and a report is planned in 2021. The figure below presents those observations on how the pond level has varied due to the drought and periodic rain events.

REPORT FROM THE NORWAY POND COMMISSION

The Commission has continued monitoring how winter ice is formed to better understand the impacts of groundwater and surface water flow into the pond during this time of year. This year we have not seen the exciting ice rings (see last year's Town Report cover) but have taken a closer look at ice features thanks to drone flights by Swift Corwin and Woody Huntington and frequent shoreside photographs by Dan Henderson and Tom Shevenell. We continue working with ice experts to understand why we see or don't see various ice features as the ice is formed.

The Commission facilitated a \$3,585 grant from the Hancock Improvement Association for the continuation of research on the long core collected from the pond. (We thank very much those who donated to HIA's Norway Pond Fund to make this research possible.) These funds are being used by Dr. Lisa Doner, Plymouth State University, to address the following questions: (1) Was Norway Pond a mesotrophic waterbody 3,000 years ago? (2) Have human influences changed the trophic status of the pond? (3) Have environmental influences changed the trophic status of the pond? and, (4) Do the sediments identify changes in climate over the last 3,000 years?

Because of the pandemic, the Committee took over E. Coli bacteria monitoring at the beach from NHDES. Jack McWhorter collected E. Coli bacteria samples once a month in June and July, and then weekly through August and into early September. Weekly monitoring was because 40-50 transient Canada geese were spending the night on the pond and particularly like the beach area. The bacteria results were all well below the recommended limit of 88 colonies per 100mL.

The only project to be rescheduled in 2020 because of the pandemic, was the BioBlitz, a project in collaboration with the Harris Center and funded by the UNH Extension Service. We are hoping to participate in a Statewide NH BioBlitz in September 2021, and conduct our BioBlitz in June 2022.

Anyone interested in helping us out on citizen scientist research projects on Norway Pond, please contact Tom Shevenell at tcshevenell@gmail.com

Submitted by the Norway Pond Commission,

Tom Shevenell, Chair
Richard Warner

Jack McWhorter, Conservation Commission Representative
Laurie Bryan, Selectboard Representative

REPORT OF THE CONSERVATION COMMISSION

The Town of Hancock's Conservation Commission is a dedicated group of active volunteers whose responsibilities include managing the town's Natural Resources Inventory, monitoring conservation easements, reviewing wetland and timber permits, and planning events including clean-up days and trail work. These and all other additional duties assigned by the Board of Selectmen or required by RSA 36-A are the work of the Commission.

The Commission is able to thrive thanks to the number of committed volunteers who contribute to the ongoing work. In 2020, we welcomed Miles Stahmann to the Commission, and Jeff Brown replaced John Jordan as the Selectboard Representative.

In 2020, the Commission worked with consulting forester, Laura French, from Meadowsend Consulting Company, to explore ways to actively manage some of the Town's forestland. Following numerous discussions and site visits, the Town now has a comprehensive forest management plan for the Walcott Forest, which presents various options for managing the Town's natural resources including its recreational trails and its timber resources. In addition, preliminary forest assessment reports were completed for the Prospect Hill and Juggernaut Pond properties. These documents provide the Town with options for responsibly managing its forestland for a variety of purposes including recreation, wildlife, forest health and revenue generation. With a sustainable source of revenue, the Commission anticipates future opportunities to improve recreation infrastructure and enhance wildlife habitat on several Town properties. The Commission looks to seek additional input from Town residents as it considers the implementation of some of the Walcott Plan's recommendations, a major priority of the Commission in 2021. In the coming year, the Commission also hopes to have an updated forest management plan for the Prospect Hill property, staying in compliance with the terms of a conservation easement and providing the Town with management options here, as well.

The past year has seen a rise in volunteerism in the outdoors. Commission members and Trails Committee volunteers have helped to reopen the Walcott Forest's extensive trail system, clear sections of the Prospect Hill trail, and improve visitor access and signage at the Elmwood Junction property. Through an Eagle Scout project carried out by Sigmund Winiacki and his local Boy Scout troop in early 2020, new interpretive panels were installed along the old railroad lines running through the Elmwood Junction property, and trails were cleared. This project, which was conducted in partnership with the Harris Center for Conservation Education, was partially funded by the Commission. Visitation to the Elmwood property, and many others, was noticeable up in the past year as people found ways to recreate safely and maintain social outings in the outdoors – just one highly-visible illustration of the many important aspects of local land conservation and stewardship.

In lieu of public hikes and other events, the Harris Center launched a hiking challenge initiative which featured several Town properties. The Commission hopes to continue this strong partnership later this year through offering jointly-hosted outings to Town properties, if and when safe conditions permit.

REPORT OF THE CONSERVATION COMMISSION – PAGE TWO

The Commission again contracted with the Harris Center to complete the monitoring of several Town conservation easements – privately-held protected lands – and the Commission members monitored the Brown (Valley Farm) easement off Middle Road.

The Commission is also responsible for reviewing wetland permits and protecting the water quality of Town resources. The commission continued to monitor the periodic water quality testing of Norway Pond, in partnership with the Norway Pond Commission, which hosted a Symposium in February. The Commission also continued its annual contribution to the Nubanusit Lake Host Program, which allows for the inspection of boats before launching into the lake and after exiting. The lake host personnel have been trained to detect aquatic invasive species, which can be detrimental to the natural resources of lakes and expensive to manage, if gone unnoticed. Of the 3,835 boats inspected, six samples were sent to NHDES for testing; thankfully, no invasive species were confirmed.

Members attended the (virtual) annual meeting of the NH Association of Conservation Commissions’ in 2020, of which the Commission is a member, bringing new tools and ideas back to the Commission to help increase its effectiveness and reach.

A major focus of the Commission is to engage townspeople to enjoy and use the large amount of diverse conserved acreage in town. All residents should pick up a brochure ‘Eight Great Hikes of Hancock’, which is available for sale for \$1 at Town Hall. Join the Commission for a meeting or consider volunteering to help with trail clearing. We hope to get safely back to some events and other fun, meaningful and engaging activities such as the annual Roadside Cleanup Day, which was postponed in 2020. Stay tuned to Hancock Happenings for details.

Jeff Brown, Selectboard Representative

REPORT OF THE COMMON COMMISSION

The common commission got off to a slow start in the spring due to Covid restrictions but by early summer went full steam ahead. Our town trees were what we spent most of our time on. Many trees on Main Street needed some professional tree help so bids were put out and Swift Tree LLC submitted and was awarded the bid and promptly did the work and it looks amazing. Many thanks to Swifty. Many trees on Main Street have been in decline and we are doing what we can to ensure their beauty and safety be it through cabling, limb removal and even tree removal. A replacement planting plan has been put in place and will commence in 2021. Meanwhile, the DPW is assisting us with the light pruning and other grounds work.

The lawns at the common are on a liming schedule and we are trying to get them to look their best but the decision was made that during drought years they would not be watered and we just let them go dormant.

The DPW has also been fixing the fountain. The fountain itself was cleaned and repainted. The basin has been resurfaced and painted and this will keep it good for many years.

Two new granite benches were installed at the war memorial park and the teak benches around town were cleaned and sealed due to a generous donation from Bruce Gardner.

Many thanks go to Tyler at DPW for letting us use his men for the tree work and the use of their office space for our meetings.

Respectfully submitted,

Common Commission

David Drasba
Mary Carol Seebart

REPORT OF THE HANCOCK LIBRARY TRUSTEES

Bizarre. Extraordinary. Abnormal. Idiosyncratic. Aberrant. Freakish. Unheard-of. Unparalleled.

The year 2020 has sent us to the thesaurus in hopes of finding a synonym for the seriously overused word “unprecedented.” Let’s just say it wasn’t the year any of us expected. Luckily, the library staff, led by Library Director Amy Markus, proved remarkably resourceful. In the face of restrictions brought on by the COVID-19 pandemic, they continued to offer a range of services to the Hancock community.

During the initial lockdown, the library provided entryway pickup of books and other media, instituting a protocol for decontaminating returned materials before placing them back in circulation. The library boosted its Wi-Fi signal so that town residents could sit in their cars in the back parking lot or on Maine Street and access the internet on their laptops and tablets.

Once the governor approved limited operation, the library established policies for hand-sanitizing, maximum occupation, and masking and social-distancing, and traffic flow to create the safest environment possible for patrons who wanted to enter the building. Pickup in the entryway continued for those who preferred not to come inside.

Changes in programming have been even more dramatic. Here, Amy and Children’s Librarian Karen Dunham got creative. All indoor in-person events had to be canceled, though some have been presented in alternate formats, including online art exhibits and virtual Zoom meetings for groups that meet regularly to, for instance, practice their French language skills, among others.

In place of events like talks, readings, story times, and the various activities that go along with the children’s summer reading program, Amy and Karen have been offering an array of safe alternatives, some virtual and some “take-out.” Here are just a few:

- Virtual Story Time and Science with Miss Karen (both via You Tube)
- Crafts to Go (for adults), including make your own wreath, make an origami star, and grow a narcissus from a bulb
- Virtual Book Club
- Outdoor dog agility demo
- Story Walk for kids
- Fairy house building for kids

Alternative programming will continue through 2021 until it’s safe to return to normal operations. Many thanks to our patrons and to the Friends of the Hancock Town Library for all of their support while we’ve been negotiating a (we hope) once-in-a-lifetime pandemic. We all look forward to a 2022 that’s unprecedented!

Hancock Town Library Trustees

Alison Rossiter, Chair

Jane Eklund, Secretary

Kary Shumway, Treasurer

REPORT OF THE LIBRARY DIRECTOR

Information helps you to see that you're not alone. That there's somebody in Mississippi and somebody in Tokyo who all have wept, who've all longed and lost, who've all been happy. So the library helps you to see, not only that you are not alone, but that you're not really any different from everyone else. There may be details that are different, but a human being is a human being.
--Maya Angelou

What. A. Year. January to mid-March went along as usual. Tuesday Academy and Great Decisions met regularly in the Daniels Room, as did two yoga classes, the cookbook book club (Hancockers!), the Mah Jongg players, the French conversation group, Poetry & Pie nights, and other regularly scheduled programs. Who can forget the night 73 people showed up for Susie Spikol's Woolly Mammoth program (co-sponsored with the Harris Center)? Packed in like sardines in the Daniels Room. Can you imagine that now? No masks, cheek by jowl, happy to sit quietly together to learn without gazing at a small screen. It was a wonderful evening. In mid-March we wrote a Pandemic Policy and shut down the building while permitting entryway pickup of books and other materials. But with uncertainty about whether COVID-19 could spread via books we quickly closed that down as well. We went online with Storytime and Science Experiments for children. The Literary Peeps Dioramas were featured on our website, Facebook, and Instagram instead of in person. We got WIFI extenders so that people could sit outside the building and jump online 24/7. We sponsored an At-Home-Community Howl (heard all over town) and started doing Craft-To-Go kits as well as linking to some fabulous online content out there (who doesn't love the Otter Cam at the Georgia Aquarium?). At the end of June we re-opened with limited numbers of people permitted in the building (10), masking and hand-sanitizing required. We still offered entryway-only pickup and home delivery for those who preferred that option. By this time the science was showing us that it was not primarily spread through touch so though we continued to quarantine materials for 3 days we no longer wiped them down with bleach. Finally, in September interlibrary loan (having been shut down since March, causing much consternation among local researchers and writers) returned and was enthusiastically embraced by many patrons who could now request books themselves online via the state library's site. The only in-person program we were able to host was an outdoor event with *Aim High Canines* at Moosebrook Park where on a sunny, warm October Saturday townspeople turned out (socially distanced around the field and masked) to watch the agility and grace of Haeleigh Hyatt's Border Collies and Great Dane. We were giddy with sociability, happy to wave at people we hadn't seen in months. The year ended with our annual Holiday Wreath-Making program becoming a Craft-To-Go Kit thanks to the hard work of Megan Dodge and a popular Winter Garden Kit-to-Go thanks to artist Melody Zahn Russell. The pandemic may have changed how we did things but it didn't shut us down completely. You'll see this when you review the numbers for 2020.

The Hancock Town Library owns 18,591 physical materials in the library building with thousands more accessible to our patrons digitally via NHOVerDrive (audiobooks, ebooks, and magazines) and Kanopy (streaming movies). In 2020, we added 946 items and weeded 1,238.

REPORT OF THE LIBRARY DIRECTOR – PAGE TWO

We have 1,389 patrons of whom 113 are non-residents who pay \$20 per year for a Hancock Town Library card.

Once again we would like to honor our top borrowers, not by name but by the amount of money saved. The top five patrons are all parents of small children and the family who saved the most saved \$8,090.08! As a community, patrons of the library saved the tidy sum of \$211,953.35 by borrowing from the library.

In 2020 we circulated 17,564 items which includes 877 downloadable audiobooks, 1,176 downloadable ebooks, 22 downloadable magazines, and 1,137 streaming movies. We loaned 258 items and borrowed 479 through the state's interlibrary loan service in 2020 even though it was shut down for six months.

The library's three available (spaced at least six feet apart) public computers were used 542 times. That number does not include the many people accessing our WIFI outside of the building.

The Daniels Room, shut down since mid-March, was used 28 times by six outside groups serving 415 people. The library sponsored 28 different programs which met 110 times serving 1,139 people.

Karen Dunham, hired in mid-January 2020 as our new Children's Librarian, used her creativity to great effect during the pandemic. There were 124 programs serving 1,211 children and teens. From Fairy Gardens to Storywalks to Stuff-Your-Own-Puppy to Gingerbread Houses-To-Go as well as very popular Virtual Teen Iron Chef competitions, she kept everyone's interest piqued. She also hosted popular online Science Experiments and Storytimes on our newly created Hancock Town Library YouTube channel.

The Friends of the Hancock Town Library could not hold their annual book sale in August of 2020 due to the pandemic. The loss of their most lucrative fundraiser of the year did not stop them from pivoting quickly to a mask fundraiser instead. EAT SLEEP READ – Hancock Town Library masks can be seen all over town and raised enough, combined with generous donations from townspeople to the annual appeal letter, to keep them afloat. Thanks to all who bought a mask or gave a gift to the Friends. The contributions from the Friends enable the library to offer many of the things we've come to expect from a public library. We couldn't do it without them.

Thanks to all – patrons, staff, trustees, and volunteers – who have supported the library throughout the pandemic of 2020. You make it all possible.

Respectfully submitted,

Amy Markus
Library Director

REPORT OF THE POLICE DEPARTMENT

It should go without saying that 2020 was an extremely challenging year for all of us. The Hancock Police Department began the year with hopeful optimism as Officer Prior returned to Active Duty, and for a short time we were fully staffed. Sadly, the COVID-19 pandemic arrived as did new realities of social distancing and mask wearing.

We made many changes to maintain compliance with the Governor's emergency orders and protect the health and safety of our community. We enacted new COVID-19 policies and remodeled the front entrance of the police station. This remodel created a vapor barrier between visitors to the building and our staff members and allowed for more physical space to socially distance in the lobby area. We also purchased computer equipment that enabled our ability to video conference. We would like to thank those volunteers who donated their time and talents to help us accomplish our goals. It proves that community spirit is alive and well in Hancock!

Despite some successes, more challenges followed. Officer Prior's injuries proved to be insurmountable. His recovery could only go so far, and after numerous consultations with physicians and surgeons, he chose to retire from law enforcement. We wish him success in his future aspirations, and we are grateful for his service.

Officer Prior's retirement created yet another staffing shortage within the PD. Schedules were rearranged, and our part-time officers stepped in to fill the void. Officers Minichiello, McCarron, and Eneguess took additional shifts and ensured that there was no disruption in services to the town. I really commend these officers for all that they do, especially in times of need!

We functioned in this capacity until early September when Chief Wood submitted his resignation to the Board of Selectmen. Chief Wood's announcement had huge impacts on both the department and the town. With his departure, it was immediately evident that the town needed to retain the services of a Prosecuting Attorney.

Our first action was to formalize an agreement with the Antrim Prosecutor Group; a consortium of towns who share the services of Attorney Michael Beausoleil. Attorney Beausoleil's addition to our team has been a tremendous success. His knowledge of the judicial systems in both the Jaffrey and Hillsborough District Courts has ensured that the due process rights of our citizens have been protected. The pandemic has significantly affected judicial processes throughout the State of New Hampshire but with Attorney Beausoleil at the helm, we have navigated the challenges successfully.

Our team lost another valuable member when Officer McCarron announced his retirement in October. He served as a Police Officer for 28 years and stated simply that his time had come. Officer McCarron was well liked within the department and we were sad to see him leave.

Officer Kristopher Fox was hired in September as a Part-Time Officer and converted to a Temporary Full Time Officer in October. Officer Fox came to us from the Swanzey Police

REPORT OF THE POLICE DEPARTMENT – PAGE TWO

Department where he received numerous accolades. Sadly, his tenure proved to be short. He was heavily recruited by area towns and ultimately accepted a position as Patrol Sergeant with the town of Winchester NH.

In early December, I accepted an offer from the Board of Selectmen to become the Chief of Police. I am honored to serve in this capacity. I would like to thank Chief Wood for his efforts to ensure a smooth transition. I wish him well in the future.

We have set goals for 2021. Specifically, we intend to hire both full and part time officers and return to full staffing. In time we intend to increase our visibility on the roads and provide more effective speed enforcement. Efforts to purchase radar signs are underway! Our commitment to Community Relations remains high, and we have resumed our internship program with ConVal High School. We look forward to the upcoming year as we are eager to re-establish relationships with the residents of our town!

We have an open-door philosophy here at the PD and welcome comments and feedback. See you soon!

Respectfully submitted,

Thomas Horne
Chief of Police.

REPORT OF THE HANCOCK HISTORIC DISTRICT COMMISSION

Dear Fellow Hancock Residents,

Looking back in this past year, it is evident that COVID 19 played a hand in the inability of the Hancock Historic District Commission to do business as usual and in a timely manner. The Commission applauds the Town administration for their diligence in setting up Zoom capacities so that we could be back in business by July.

At this moment I can't seem to find any better way to describe the Hancock Historic District and the work of the Hancock Historic District Commission than what I set forth for all of you last year, and so at the risk of being redundant, I quote the following:

“As has been stated in other Town Reports, the Hancock Historic District Commission is made up of interested town residents appointed by the Select Board to carry out the Town of Hancock's desire to protect and preserve a certain section of the town designated as the Historic District. Historic District Ordinances were created by the town and voted upon at town meeting. These govern the work of the HHDC. These specific ordinances drive the determinations of the HHDC. The Hancock Historic District Commission members work diligently to carry out the directives of the residents of the Town of Hancock.”

Hancock's Historic District draws its character from, as Howard Mansfield has stated in Summer Over Autumn, “Main Street has a finely modulated haphazardness, a gentle dynamism that I've come to think of as asymmetry within symmetry. The street establishes an easily read rhythm and then surprises us with its variations. The Hancock Historic District is not just Main Street. It encompasses much more area than that visible as one progresses down Main Street. However, as demonstrated by responses to the HHDC survey from a few years ago, there are specific buildings, structures, and qualities that are held as the essence of the CHARACTER of our town.”

Over the past year, the Hancock Historic District Commission has worked to carry out the mandates of the Town of Hancock thru implementation of the ordinances that guide the work of the commission.

The Commission has:

- Provided consultation on six proposed projects
- Oversaw the completion three application projects
- Provided full deliberation with public participation to one project which was withdrawn.

Sincerely,

Nancy E. Macalaster
Chair, Hancock Historic District Commission

SCHEDULE OF TOWN PROPERTY

December 31, 2020

Town hall, office lands and buildings U9-11, U9-18, U4-19	1,951,400

REPORT OF THE WELFARE OFFICER

In New Hampshire, every town is required to have a welfare officer that is governed by state statute. The basic local welfare duty is described in RSA 165:1. Administering local welfare is a challenging endeavor with applicants seeking financial help with things such as stopping an eviction, keeping the lights and heat on, putting food on the table and many other basic needs. The applicants are required to complete an application form and provide all necessary information needed to make a determination of eligibility that is consistent with the town's welfare guidelines. Any cash, real property and personal property as well as future assets (IRA's, retirement funds etc.) are included in consideration of the application. Local guidelines contain a standard of need which is a calculation of what the municipality determines is the actual cost of the basic necessities of live.

In 2020, \$7,629.90 was expended for welfare on behalf of qualified applicants. This figure was up from last year's figure of \$2,797.00 but lower than what has been expended in the last few years. I believe the figure would have been higher if not for the Unemployment Insurance Relief and Stimulus checks sent out during the COVID-19 outbreak. Finding affordable housing in the area continues to be a problem. Four families received assistance in 2020.

To apply for help with utility and heating costs, you can call Southern New Hampshire Services at the Peterborough office at 924-2243. For information regarding what other state or local resources are available or to request an application for assistance, you may contact the Town Office.

The Grapevine in Antrim and the River Center in Peterborough offer community members the opportunity of applying for any of the Family Assistance Programs (Food Stamp Benefits, Cash Assistance, Child Care Assistance, and Medical Assistance including Healthy Kids and Medical Coverage for Pregnant Women, Medicare Buy-In) and NH Department of Health and Human Services.

Another initiative led by United Ways of New Hampshire is 2-1-1 NH which is an easy to remember telephone number that connects callers, at no cost, to information about critical health and human services available in their community. Residents in NH can contact 2-1-1 NH toll-free by dialing 2-1-1. This information is also available on our town website by clicking on Emergency Management.

Respectfully submitted,

Linda Coughlan
Welfare Officer

REPORT OF THE HEALTH OFFICER

2020 proved to be a most challenging year for our country and New Hampshire due to the COVID pandemic. Our small town had experienced around 21 cases at the end of the year. Our residents are to be commended as they maintained social distancing as well as wearing masks in order to keep fellow residents safe. This year has been especially difficult for those who have felt isolated by not seeing family members and being confined to their homes.

The initial batches of COVID-19 vaccine were available in mid-December and allocation for all phases will continue into 2021. If any resident needs assistance with signing up for the vaccine please contact me at the town office at 525-4441. We all hope that COVID-19 will be contained in 2021 as vaccines become available and that the town will once again celebrate Old Home Day, Memorial Day, July 4th activities, Summer Concerts and all of the gatherings that we cherish.

The New Hampshire Department of Environmental Services (DES) has requested that municipalities in NH urge owners of residential wells to test the water quality of their wells. According to DES, drinking water from private wells in NH may sometimes contain contaminants such as radon and arsenic, which can occur naturally in our state's bedrock at levels that can pose health risks. Other contaminants find their way onto the land from human activities. Even typical residential activities, such as the use of fertilizers and pesticides, fueling of lawn equipment and disposal of household chemicals can contaminate the ground when done improperly. This is why taking measures to protect your well from contamination is so important. A water quality test, by a competent laboratory can assure that your family is protected. Water quality testing will reduce needless health risks to residents and water quality.

Results of testing will reveal the level at which any of the tested substances were found in your water sample. The DES web site has fact sheets concerning all common water quality problems and their solutions. For information please contact the Drinking Water and Groundwater Bureau at (603)271-2513 or visit the web site at www.des.nh.gov.

Respectfully submitted,
Linda Coughlan, Health Officer

REPORT OF THE ZONING BOARD OF ADJUSTMENT

The Board of Adjustment is authorized to hear applications in the areas of: Special Exceptions, as specified in the Hancock Zoning Ordinance, Variances and Appeals from Administrative Decisions, and Equitable Waivers of Dimensional Requirements

In 2020 the following appeals were heard at a public hearing:

Special Exceptions

Michael & Nancy Driscoll.....July 8th, 2020
Article 15.6.9 Home-Based Business – Application Withdrawn

Equitable Waiver of Dimensional Requirements Granted

Mary Covington..... August 26th, 2020
Equitable Waiver of Dimensional Requirements

Variances Granted:

Barry & Monique Tanner..... January 8th, 2020
Article 5 Section 5.6.3.2 Side and Rear Setbacks

Ted & Melissa Jarest..... June 24th, 2020
Article 10.4 Septic System

- Alison Rossiter, Chair
- Hunt Dowse, Vice-Chair
- Jon GrosJean
- Jeff Reder
- Dave Anderson
- Ellen Moran
- Paul Hertneky, Alternate
- Kipp Miller, Alternate
- Kurt Grassett, Selectboard Liaison

REPORT OF THE HANCOCK WATER COMMISSIONERS

Hancock's water system flowed a total of 22,230,800 gallons during the 2020 calendar year.

The elevation of Juggernaut Pond is such that water flows by gravity and without the use of pumps to all of our 200 water customers. When power goes out, Hancock water customers still have water.

The commissioners planned the replacement of various gate valves and hydrants in 2020, and much of this work was completed. Some of the gate valves and hydrants on the system are well over 50 years old. One of the planned gate valve replacements was at the bottom of Norway Hill. This work became much more involved than expected. In addition to the faulty gate valve, an underground check valve and other fittings and piping in proximity to the gate valve were found to be leaking. The gate valve was replaced as well as the check valve. Another valve that was on the line that goes down Forest Road was also replaced. The valves and piping were put inside a vault with a manhole so that future access would be possible.

With the great work of Hancock's highway crew, and Gordon Services of Jaffrey, all this work was completed with little interruption in service. Due to the additional time and expense of these repairs and impact on the Water Commission Budget, it was determined that other planned repairs would have to wait until 2021.

It was an extremely dry summer with drought conditions continuing into November. The water level at Juggernaut Pond was at an extremely low level. In July, the commissioners requested voluntary water conservation measures be implemented by the town water customers. The response was great with daily water usage dropping from as much as 200,000 gallons a day to under 100,000 gallons a day or lower. Later in the watering season it did become necessary to impose an outdoor watering ban as usage started to creep back up. Late season rain and early snow brought levels back to normal.

Looking forward into 2021 we will be completing work that was planned for 2020. Two members of the D.P.W. are in the process of obtaining their water distribution licensure which will allow more in-house repairs to the system. The commissioners are looking into the cost and feasibility of installing water meters which would base water rent billing on usage vs. the current and long standing "per fixture" method. This discussion is in the early stages and much research is required on installation, monitoring and methods of funding.

Respectfully submitted,

Joel Chandler

Sean Kerwin

Jeff Wilder, Chair

THE GRAPEVINE FAMILY & COMMUNITY RESOURCE CENTER

The Grapevine's mission is *to promote family and community health and well-being through education, support and the sharing of resources*. The Grapevine has served our community for nearly 25 years and remains committed to seeking new program and resource opportunities, responding to ongoing needs and keeping its doors and programs open to all.

From July 1, 2019 to June 30, 2020, The Grapevine served **1,452** children, youth and adults at the center and in the community including **112*** residents of Hancock. This included emergency financial and basic needs assistance to several families during the COVID pandemic. We provide important programs and services to Hancock residents including home visiting, financial, legal and emotional support to grandparents parenting (and other kinship caregivers), parent & child programming, Information & Referral and case support for intensive needs, our Learning Vine preschool, access to our emergency wood bank, special trainings and programs for youth, parents and caregivers, free tax preparation with Larry Schwartz and more. This year, we also supported 3 Hancock families with emergency grocery and gas purchases with special COVID relief funding.

COVID-19 Related Impact

With the COVID-19 shutdown beginning in March 2020, the Grapevine was quick to adapt and move programs, supports and services to a remote format. Increased outreach and coordination with local schools, hospitals and other agencies resulted in more families receiving help. Between March and June of 2020, the Grapevine offered nearly 250 hours of virtual programs and supports and Avenue A offered nearly 200 hours of virtual programs for teens.

Funding & Volunteers

The Grapevine's funding sources are sustainable and diverse. In Fiscal Year 2019/20. approximately 22 percent of our funding came from program contributions, 32 percent from foundation grants, 15 percent from local towns, 13 percent from individual donations, 12 percent from local business, and 6 percent from special events. The Grapevine does not receive direct state or federal funding (this year, due to COVID we did receive special one-time grants through the Federal CARES Act program and the State of NH special Non-Profit Relief Fund.) A full listing of donors and volunteers as well as our 2019-20 Year in Review can be found at www.grapevinenh.org

We are grateful to the Town of Hancock for the funding support provided to The Grapevine.

**Please note FY 2019-20 statistics collection was impacted by COVID 19 related changes and is likely an underrepresentation of actual numbers served.*
