TOWN WARRANT
State of New Hampshire

To the inhabitants of the Town of Gilford in the County of Belknap in said State, qualified to vote in Town affairs:

You are hereby notified to meet at the Gilford Middle High School in said Gilford, on Tuesday, the 11th of March, 1986 at 8 of the clock in the forenoon (poles to open from 8 a.m. to 7 p.m.) to act upon the following articles appearing on the official town ballot; and on Wednesday, the 12th of March, 1986 at 7:00 p.m. for the second session to act upon the remainder of the following subjects:

ARTICLE 1. To choose the necessary Town Officers for the following year.

ARTICLE 2. To see what action the Town will take on the following questions:

Amendment #1. Are you in favor of adoption of Amendment #1 as proposed by the Planning Board for the Town Zoning Ordinance as follows: to change the wording on height restrictions within the Airport District, (Section 5.2.4 (a)) as requested by the Laconia Airport Authority?

Amendment #2. Are you in favor of adoption of Amendment #2 as proposed by the Planning Board for the Town Zoning Ordinance as follows: to require condominium conversions to comply with the current parking regulations within the Zoning Ordinance?

Amendment #3. Are you in favor of adoption of Amendment #3 as proposed by the Planning Board for the Town Zoning Ordinance as follows: to amend the wording of Section 8.5 (Sign Height) to make it clear that measurement of minimum

clearance is from the finished grade to the bottom of the sign.

Amendment #4. Are you in favor of adoption of Amendment #4 as proposed by the Planning Board for the Town Zoning Ordinance as follows: to clarify Section 8.6.1 and eliminate conflicting provisions by amending 8.6.1 (d) and eliminating 8.6.1 (e).

Amendment #5. Are you in favor of adoption of Amendment #5 as proposed by the Planning Board for the Town Zoning Ordinance as follows: to clarify the wording of the ordinance on signs advertising multiple businesses (Section 8.6.2) — Complex Signs) and also to amend that section by simplifying the computation of allowed sign area.

Amendment #6. Are you in favor of adoption of Amendment #6 as proposed by the Planning Board for the Town Zoning Ordinance as follows: to allow total signage under Section 8.6.1 to be either on the building or free-standing or a combination of both at the applicant's choice?

Amendment #7. Are you in favor of adoption of Amendment #7 as proposed by the Planning Board for the Town Zoning Ordinance as follows: to amend Section 8.6.4 (Temporary Signs) by allowing temporary sign permits for up to three 30 day periods, instead of the previous 60 day limitation.

Amendment #8. Are you in favor of adoption of Amendment #8 as proposed by the Planning Board for the Town Zoning Ordinance as follows: to amend Section 8.7 (Signs) by adding language to make it clear that applicants must also comply with the General Provisions (Section 8.3).

Amendment #9. Are you in favor of adoption of Amendment #9 as proposed by the Planning Board for the Town Zoning Ordinance as follows: to

clarify Section 8.7.4 (Signs - Subdivisions) by eliminating the words "from the ground".

Amendment #10. Are you in favor of adoption of Amendment #10 as proposed by the Planning Board for the Town Zoning Ordinance as follows: to amend Section 11.4.7 (a) (Multi-Family Development) by specifying 5 acres as a minimum amount of acreage for multi-family development.

ARTICLE 3. To see what action the Town will take on the following question: "Are you in favor of adoption of Amendment #1 as proposed by the Planning Board for the Town Building Code as follows: to amend the existing Building Code of the Town of Gilford by replacing it with a revised Town Building Code that includes the latest updated editions of the BOCA Code and other national codes?"

ARTICLE 4. To see what action the Town will take on the following question: "Shall we adopt the provisions of RSA 72:37 for the exemption for the blind from property tax? This statute provides that every inhabitant who is legally blind shall be exempt each year from the property tax on a residence to the value of \$15,000."

**ARTICLES 1, 2, 3, AND 4 ARE TO APPEAR ON
THE OFFICIAL TOWN BALLOT**

ARTICLE 5. To see if the Town will vote to raise and appropriate the sum of \$1,479,215 for the purpose of constructing municipal buildings and equipment therefor, to be raised by the issuance of bonds or notes, and to authorize the Selectmen to issue and negotiate such bonds or notes and to determine the terms and conditions in compliance with the provisions of the Municipal Finance Act (Requires $\frac{2}{3}$ vote and written ballot, polls to remain open at least 1 hour after discussion has ended).

ARTICLE 6. To see if the Town will vote to raise and appropriate the sum of \$696,622 for the following purposes:

Account No.	Purpose	Recommended Approp.
233	New Highway Equipment	\$22,700
249	Police Cruiser Replacements	25,000
254	Fire Care Replacement	11,365

ARTICLE 15. To see if the Town will vote to designate the following Town-owned properties as Town Forests under RSA 31:110:

- 1) Tax Map # 2-79.1 (Robert Tilton Land) A tract of land, approximately 130 acres bordering the Gilmanton Town Line in the vicinity of Round Pond.
- 2) Tax Map # 2-84L (Powell Property) A tract of land, approximately 403 acres on Piper and

Whiteface Mountains, bordering the Gilmanton Town Line and the Town-owned “Peverly” property.

ARTICLE 16. To see if the Town will vote to adopt the following ordinance:

An ordinance for the establishment of a Street Numbering System.

Section I. Purpose.

- A. To establish a uniform system of numbering properties.
- B. To promote efficiency in locating properties.
- C. To identify road problems within the community.
- D. To provide more expedient emergency and mail service.

Section II. Parties Affected. All buildings within the corporate limits of the Town of Gilford shall hereafter be identified by reference to the uniform numbering system as promulgated or amended by the Department of Public Works.

Section III. Procedures. All owners of buildings within the corporate limits of the Town of Gilford shall affix designated numerals on their respective buildings, placed conspicuously above or on the side entrance which faces the assigned street.

Such numerals are to be at least three (3) inches in height and of a contrasting color to the building.

If the numbers on the building are not visible from the street then a second set of numbers shall be displayed at the point of entry to the property.

Secondary locations will be mailboxes if available. Otherwise, sign posts will be required. Mailboxes located in remote locations shall also display assigned number.

All existing numbers of property and buildings not presently in conformity with provisions of this ordinance shall be changed to conform to this system within one (1) year of enactment of this ordinance.

Section IV. Numbering System. A street numbering system has been developed for all buildings in Gilford, based on the following process.

- A. The starting point of each street is determined by its main intersection.
- B. The direction of travel (North, South, East and West ONLY) of each street is determined at its starting point.
- C. All buildings and properties on the Left Side of the street will have Even numbers.
- D. All buildings and properties on the Right Side of the street will have Odd numbers.
- E. One odd and one even number will be assigned to each Fifty (50) foot interval from the starting point.
- F. If a building or property frontage has several possible numbers available, then the assigned number will be at the discretion of the Department of Public Works.
- G. Unused numbers will be held for future use to insure against the need for renumbering.
- H. Multi-family dwellings, Mobile Home Parks, Shopping Centers, Malls, Condominium Projects and Cottage Colonies shall be assigned only one number for each entrance, and shall internally number units within, according to the logical pattern as approved by the Department of Public Works.
- I. The internal numbering of buildings in Part H above shall provide a means of identifying individual units with addresses including:

1. Street Address.
2. Building letter or number.
3. Unit letter or number.

Section V. New Buildings & Subdivisions. Whenever a house or structure shall be erected or located in the Town of Gilford, designated numbers shall be fastened upon said buildings as provided by this ordinance. Final approval of an occupancy permit for any structure shall be withheld by the Building Inspector until permanent and proper numbers have been affixed as provided in Section III.

Every subdivision plan submitted to the Planning Board for approval shall show a street or building number of each lot, and these shall be approved as to conformity with this policy by the Department of Public Works.

In all cases, local postal officials, Police and Fire Departments shall be advised of street numbers approved for the subdivision.

Section IV. Penalty. Whoever shall fail to comply with any provisions of this ordinance within one year of enactment, or whoever shall affix to, or display upon a structure any number other than that assigned to it, shall be guilty of a Violation, with penalty not to exceed \$100.00.

ARTICLE 17. To see if the Town will authorize the Selectmen to sell and transfer title to all real estate acquired by the Town by foreclosure of mortgages on property given by land developers as security for road bonds, to such persons and upon conditions as they shall see fit.

ARTICLE 18. To see if the Town will authorize the Selectmen the option of requiring performance bonds, in amounts and upon such terms as they see fit, to timber harvesters, upon filing of "Intent to Cut Permits".

ARTICLE 19. To see if the Town will vote to authorize the Selectmen to apply for, receive, and expend Federal and State Grants, which may become available during the course of the year, and also to accept and expend money from any other governmental unit or private source to be used for the purposes for which the Town may legally appropriate money; provided; (1) such grants and other monies do not require the expenditure of Town funds; (2) that a public hearing be held by the Selectmen prior to the receipt and expenditures of such grants and monies; and (3) that such items be exempt from all provisions of RSA 32 relative to limitation and expenditure of Town monies, all as provided by RSA 31:95-b.

ARTICLE 20. To see if the Town will vote to authorize the Selectmen to do the following:

- (1) to apply for, contract for, and accept State and/or Federal aid relative to disaster;
- (2) to borrow money on the credit of the Town in anticipation of taxes;
- (3) to sell and transfer title to all real estate taken by the Town in default of redemption from any tax sale to such persons and upon such conditions as they shall see fit.

ARTICLE 21. To see if the Town will vote to authorize the Selectmen to sell and transfer title to a parcel of land, $\frac{3}{4}$ + - acres, known as Tax Map #50-620 on Sagamore Road, Gunstock Acres, donated to the Town in 1981 by Arthur & Barbara Crosby, on the terms and conditions that the Selectmen shall see fit.

ARTICLE 22. To see if the Town will vote to amend certain enacted parking ordinances: (Boats, Mooring or Docking of); (Nighttime Parking); (Parking Regulations); (Parking Keller's Shopping Plaza); (Parking Regulations at Lakes Region Plaza); (Parking at Mammoth Mart), by adding the following paragraph:

“The owner or operator of any vehicle issued a parking violation ticket may appeal the matter to the Chief of Police and/or Board of Selectmen within five (5) days of date of issuance. A determination to uphold parking ticket violation will require payment of the fine as stipulated in this ordinance within 7 days after which the matter may be prosecuted in District Court for non-payment.”

Given under our hands and seal this 21st day of February in the year of our Lord, nineteen hundred and eighty-six.

Robert Pomeroy

SCHOOL WARRANT
The State of New Hampshire
1986

To the inhabitants of the School District in the Town of Gilford qualified to vote in district affairs:

You are hereby notified to meet at the Gilford Middle High School in said District on the 18th day of March, 1986, at 7:30 P.M. in the afternoon, to act upon the following subjects:

1. To determine what sum the Gilford School District will vote to raise and appropriate for building renovations to the Gilford Elementary School and building renovations to the Gilford Middle High School, including equipment and furnishings, architectural fees, site development, professional service fees and other items incident to and necessary for said construction on the present school sites.

To determine whether such appropriations shall be raised by the issuance and sale of bonds or notes on the credit of Gilford School District in accordance with the provisions of RSA ch. 33, as amended;

To authorize the Gilford School Board to invest said monies and to use the interest earned thereon for said project;

To authorize the Gilford School Board to obtain state and other aid which may be available; and,

To authorize the Gilford School Board to determine the (A) time and place of payments of principal and interest, (B) the rate of interest, (C) the provisions for the sale of notes and/or bonds and (D) all other matters in connection therewith, or to take other action relative thereto.

2. To determine and appoint the salaries of the School Board and truant officer, and fix the compensation of any other officers or agents of the district.
3. To hear the reports of the Agents, Auditors, Committees and pass any vote relating thereto.
4. To choose Committees in relation to any subject embraced in this warrant.
5. To see if the District will raise and appropriate the sum of \$25,000 as the deficit appropriation for the 1985-86 School District budget.
6. To see what sum of money the district will vote to raise and appropriate for the support of schools, for salaries of school district officers and agents, and for the payment of statutory obligations of the district.
7. To transact any other business which may legally come before this meeting.

Given under our hands and seal this 17th day of February, 1986:

A true copy of Notice: Attest:

John Roche, Chariman
David Bullerwell
Bruce Dietrich
Kathy Francke

Annual Reports
of the town of
GILFORD
New Hampshire

for the year ending
December 31, 1985

Dedication

In Recognition of Service to the Town of Gilford

Phillippe Arel served as the Town Administrator for four years. We extend our thanks for his dedicated service, and we wish him well in his new position as Clerk of Court in the Laconia District Court.

Willard (Bud) Martin served as a member and Chairman of the Gilford Planning Board since the early 1970's. Bud's expertise and guidance through the years has been greatly appreciated, and the Town expresses its thanks and wishes him well in his new ventures.

Jane Tyler worked in the office of the Selectmen for seventeen years. She served as a diligent clerk of resident files, as well as assisting elderly citizens with tax exemption and abatements. The Town wishes Jane much happiness in her retirement.

Activity Reports
of
Officers, Officials
Boards, Committees
and
Commissions

REPORT OF THE SELECTMEN

Development and construction of homes and commercial buildings continued at a record pace. On recommendation of the Planning Board various waivers of road standards incident to this activity were granted by the Selectmen. The appointment of Mr. Charles Adams as Code Enforcement Officer has greatly improved compliance by builders and developers with our Zoning Ordinance.

The acquisition of the Peverly property was finalized on May 2, 1985. The town now has its own resource for sand and gravel as well as an extension of forested area to compliment the so-called Powell property which was acquired in prior years.

The Town Personnel Manual was finally updated by the Board's approval of a revised Sick Leave Policy.

Action was initiated to purchase development rights of the LaBonte, the Sleeper, and the Arthur Tilton Farms. To this end Selectman McGonagle and Administrator Arel conferred in late December with the New Hampshire Commissioner of Agriculture on the possibility of state funding.

The last hurdle on the High Pressure Sodium Street Lights was attained when the Gilford Village District Commission approved the use of these lights in the District. The Selectmen gave its approval to the proposal for this change on June 13, 1985.

One of the most important decisions of the Board was the appointment of a Municipal Building Committee on June 27, 1985. The committee, represented a broad spectrum of town boards, commissions and committees as well as citizen members. By direction of the Board of Selectmen the group was chaired by Mr. Ken Wilson of the Planning Board. The work of the committee has

resulted in an excellent proposal for this much needed facility.

The Board has had numerous discussions, presentations and advice on a retirement plan for town employees not covered by the New Hampshire State Retirement System. It is our aim that the retirement plan will be in place in 1986.

Mrs. Jane Tyler, a long-time, dedicated employee retired in the Fall. The Administrator recommended a reorganization of the Selectmen's Office after Mrs. Tyler's departure. The Finance Office, headed by Mrs. Marie Mora absorbed Mrs. Tyler's Duties, and Kathy Graham was hired to assist Mrs. Mora due to increased activities and workload in the financial area.

A disappointment for the Board was the inability of the Department of Revenue Administration to complete its revaluation of the Town. The revaluation was planned for 1985. The delay in the project was due to manpower shortage and other priorities. We now expect the revaluation to be completed in 1986.

Mr. Phil Arel, Town Administrator, submitted his resignation in December to accept appointment as Clerk of the Laconia District Court. It was with the deepest regret we accepted Phil's leaving; however, he will work for us evenings and Saturdays through the 1986 Town Meeting.

The loss of a talented, professional administrator is very difficult. The Board has advertised for a replacement for Mr. Arel, and it is hoped a decision will be made February next. Our best wishes go to Phil for every success in his new job.

Respectfully submitted,

Thomas T. Weekes, Chairman
Sandra T. McGonagle
Richard L. Richardson

REPORT OF THE TOWN CLERK — TAX COLLECTOR 1985

Again in 1985, we continue to break all our own records. A total of nearly 7 million dollars went through this office in 1985. This figure includes all Town Clerk and Tax Collector's work.

With automobile sales at an all-time high, so are automobile registrations. Nearly 7,000 automobiles were done here, which is an increase of 1,000 in just 2 years.

Uniform Commercial Code filings (a filing made whenever money is borrowed for personal property) have tremendously increased this year. This, too, is a sign of lower interest rates and a flourishing economy.

The Municipal Agent Program, implemented just two years ago, is extremely popular. This being the case, the State continues to increase the duties that can be done on this level. This year, the Department of Safety permitted us to do auto renewals up to six months late for regular license plates, two months late for vanity plates, and issue a five-day temporary plate in some circumstances. It is my understanding that before the close of 1986, we will be involved in the general re-issue of license plates. This program in its infancy has generated nearly \$10,000.00 in revenue for the town.

Taxes are a very busy part of this office. Over 6 million dollars in taxes were collected this year. In December alone, we collected 3.2 million dollars in taxes. This makes for an extremely busy office, especially at the holiday season.

As more homes are hooked to the sewer system, the billing for sewer rents increase here. Sewer rents are mailed in January, April, July and October.

Again this year, 5,000 taxpayer stickers were given out from this office to allow access to the dumps, beach and parking at Glendale docks.

Two years ago, we employed the use of a computer. We are currently using it to capacity. It is used to some degree for resident tax, property tax and redemption of back taxes. We are in the process of developing a program that would be used as a Town Clerk's cashbook. This would eliminate some hand posting now necessary.

In August, I graduated from the three-year Municipal Clerk's Institute. This means that I have now completed all educational requirements to become a certified municipal clerk. This distinction is granted by the International Institute of Municipal Clerks Organization; an organization dedicated to the professionalization of Municipal Clerks. The program is held on the campus of Salve-Regina College in Newport, Rhode Island, and is a 3-year course. Attendance is required for one week in August for 3 years. It is a course of intense study aimed at improving management skills. Not only did I benefit educationally from this course, but formed a strong bond with many Municipal Clerks throughout New England.

I am also pleased to point out that in October I was elected as President of the New Hampshire Tax Collectors' Association. I am very proud to hold this office and represent the Town of Gilford. Gilford has never before had a Tax Collector serve as President of the New Hampshire Tax Collectors' Association.

Respectfully submitted,

Debra E. Eastman
Town Clerk-Tax Collector

REPORT OF THE PLANNING BOARD

The year of 1985 was another very busy year for the Planning Board of Gilford. The Board reviewed a total of ninety-two (92) plans — fifty-nine (59) site plans and thirty-three (33) subdivision plans, creating a total of two hundred twenty-three (223) units within the Town of Gilford (figure includes new lots created and condominium units created). This activity generated a total of \$9,881.12 in fees. (\$1,549.12 in postage reimbursement; \$2,240 in site plan fees; \$5,340 in subdivision fees; and \$752 in reimbursement for recording fees.)

The Planning Board's fee schedule is as follows:

New Site Plan	\$100.00
Amendment/Site Plan	20.00
Sign Site Plan	10.00
Home Occupation	20.00
Bed & Breakfast Site Plan	20.00 per rental unit

Subdivision fees remain the same at \$20.00 per lot or unit created. Postage fees and recording fees are totally reimbursed by the applicant.

The Planning Board wishes to extend their sincere appreciation of the valuable work done by the Site Study Committee, comprised of members of the Fire Department, Police Department, Department of Public Works, and Administrative Assistant to the Planning Board and Zoning Board of Adjustment, who review all items coming before the Planning Board and give technical assessment on each via minutes to the Planning Board members of their weekly Thursday morning meetings.

The Planning Board wishes to thank two very dedicated members, former Chairman Willard G.

Martin, Esquire and former Secretary Parkman Howe, who left the Planning Board in 1985, after serving a combined total of twenty (20) years on the Planning Board. Their absence and expertise will be greatly missed. Carolyn Scattergood and Gordon Weymouth, former alternates, have now become permanent members on the Board and Ned Mulligan, Esquire is a new permanent member with James L. Burke, Esquire, being a new alternate to the Board and Jack Sawyer, former permanent member, who is now an alternate. The new Chairman of the Planning Board is Margaret Birch and the new Secretary is Gordon Weymouth. The Board wishes to extend a warm welcome to its new members and look forward to a productive year in 1986. The Planning Board also wishes to welcome the new Code Enforcement Officer, Charles Adams, who works out of the Department of Public Works, and works very closely with the Planning Board.

The Planning Board office at the Department of Public Works Facility off Route 11-A is open Monday through Thursday, 8:30 A.M. to 1:30 P.M. The office phone number is 524-6294 and anyone wishing to be put on the Planning Board's Monday agenda should notify the Planning Board office no later than Noon the previous Wednesday in order to be reviewed by Site Study Committee on Thursday. The Planning Board meets every Monday evening at 7:30 P.M., at the Department of Public Works facility meeting room off Route 11-A. All interested parties are welcome to attend any Planning Board meeting.

In 1986 the Planning Board will be rewriting the Subdivision Regulations to make them more compatible with the Town's Zoning Ordinance.

The Planning Board thanks the townspeople of Gilford for the opportunity to serve them in the year of

1985 and look forward to serving you in 1986.

Respectfully submitted,

GILFORD PLANNING BOARD

Margaret M. Birch, Chairman

REPORT OF THE OVERSEER OF PUBLIC WELFARE

During 1985, 51 families, representing 129 persons were directly assisted by financial relief, counseling, or information and referral services. Another 26 families, with 33 of their children, were provided service through our matching support for the excellent programs of the Lakes Region Day Care Center on Meredith Center Road (524-1235).

Many of these families, along with others from town, also received State-Federal Welfare Assistance in the form of checks, food stamps, and social services (524-4485). Federal Supplemental Security Income checks have helped some handicapped and older family members (1-224-1938). Belknap County Welfare Assistance has been available in some foster situations and for those families supported by the town over twelve months. The Julia Ladd "for the worthy poor" has been administered by the Trustees of the Trust Funds. An excellent resource list of helping agencies is found on pages 4 and 5 of our 1985 telephone directory or by calling Information Referral (524-8811).

Effective January 1, 1986, the local share of expenses for State mandated Old Age Assistance (OAA), Aid to the Permanently and Totally Disabled (APTD), Court placed Children In Need of Service (CHINS), and Foster Care, will be borne by Belknap County. The trade-off is that the Town will pay Direct Relief expenses for all persons living in Town, regardless of their length of stay. This serves to eliminate the age-old "Settlement Laws."

Some of us continue running out of Energy. For the low to moderate income families, there is a continued Energy Assistance Program at the Belknap County Community Action Center where money is still available (524-5512). The Center also maintains a Food Pantry

for emergencies. Nutritious Meals for Senior Citizens are available at the Laconia Senior Center (524-7689).

Hardships and problems this year have included utility shutoffs, illnesses, unemployment, as well as folks just moving through town.

Happily, there continue to be a number of newly licensed foster families providing emergency and crisis care, along with longer term foster living experiences for some wonderful youngsters. A number of other families, also are State approved to share their homes with handicapped and other adults needing "foster family" living (524-4485).

The Model Welfare Guidelines, 1982 Edition, by the New Hampshire Municipal Association, continues as our basic manual. This, used with understanding and discretion, seems to best express the friendly concern of Gilford's good families "helping neighbors to help themselves."

Again, for any questions, or for a neighbor who might need assistance, please get in touch through the Town Office (524-7438) or at home (293-4990). Let us all continue to share our blessings throughout this year.

Thank you.

William M. Connelly, II
Overseer of Public Welfare

**1985 GILFORD
HEALTH OFFICER'S REPORT**

The following is a tabulation of the work done by the town health officer. Tabulation includes: procedure time, travel time, documentation time and telephone time needed to resolve problems.

Day care inspections and re-evaluations . . .	25.5 hrs.
Health hazard investigations	103 hrs.
Water testings	5 hrs.
Meetings	22 hrs.
Paper work completion	39 hrs.
Total Hours.	194.5

Reimbursements from Selectmen's Office:

Annual stipend	\$350.00
Mileage on my car, 488.7 miles at 17¢ per mile	83.08
Postage, toll calls & supplies	29.33
Water Testing	15.00
State Health Officers Asso. meetings & dues .	34.00
Total reimbursement.	\$511.41

I am appreciative of the citizens of our town who call me when they are aware of situations that may be potential health hazards.

The summer months were very hectic and I try to investigate all complaints as soon as I receive them. Resolution is sometimes slow in coming but no complaint is dismissed lightly.

I can be reached with a message at the Selectmen's office or at my home number in the evening 524-2286.

Respectfully submitted,
Theresa Peters RN
Gilford Health Officer

REPORT OF THE RECREATION COMMISSION

With the ever-increasing growth of the Town of Gilford, recreation is taking on a more essential and demanding role in the community. The year 1985 was a very active and productive one for the Recreation Commission. Existing programs were expanded as well as new programs developed in an effort to create a well-rounded Town recreation program serving all ages.

A variety of programs were offered in 1985, including an arts and crafts program at Gilford Beach; an after-school sports program; a monthly movie program; a summer soccer program; an aerobics exercise program; an adult volleyball program; a children's self-defense program; and three special events, the Halloween Party, the Family Christmas Celebration, and the Easter Egg Hunt. The senior adult group, the Gilford Pairs and Spares, expanded its membership. The group, which started a little over a year ago, took two trips this year: one on board the Mount Washington and the other to Mount Sunapee State Park for the state's "Oktoberfest".

The Recreation Director, as well as members of the Recreation Commission, again served as members of the Gilford Old Home Day Committee. The 1985 theme, "The Great Outdoors", seemed to be very fitting due to the wealth of natural resources and recreational opportunities available in Gilford. The day itself proved to be a tremendous success. Again many thanks to all who contributed to this fun and memorable event.

Gilford Beach once again had a busy and successful season. The beach sticker admission policy again helped to control the steady stream of cars into the beach. The swim lesson program and the swim team were both very popular programs. The 1985 season saw the installation of the new basketball standards and backboards on the

basketball court, as well as the installation of the volleyball standards. Both of these areas were heavily used and enjoyed. A new beach gate, a new storage building at the entrance, and a new merry-go-round were also installed.

The fields were put into good shape for 1985, and much more work will be done to improve them for the coming season. The use of the Village Field continues to grow as well as the use of Stonewall Park due to the increase and expansion of organized programs and leagues.

Again, the Commission wishes to remind the residents of Gilford about Lincoln Park, a small, quiet park which offers a magnificent view of Lake Winnepesaukee and the mountains.

The Commission struggled through another season with the Gilford Ice Rink. Despite revenue from ice rental and recreational skating, the rink still experienced a financial short fall this past season. The uncertainty or lack of guaranteed ice has created this situation. Therefore, the amount of ice time purchased by groups has been decreased considerably. The 1985-86 season sees the rink open on a limited schedule (weekends and school vacations). The Commission hopes this year for some input from the residents of Gilford and a commitment on the part of the Town as to the future of the rink.

Special thanks to the Gilford Community Band for providing us with another summer of enjoyment with their concerts on the Village Field. We wish them well and continued success for next season.

Any and all suggestions that residents may have in regards to programs, activities and facilities are welcomed by the Recreation Commission which meets twice a month at the Wilson House.

The Recreation Director and Recreation Commission have enjoyed serving our town in 1985. With the tremendous support and cooperation of the people of Gilford, we hope to further improve and expand our recreation facilities, activities, and programs for all in 1986.

Respectfully submitted,

Sue King
Parks and Recreation
Director

Recreation Commission:

Jackie Vachon, Chairman
Jim Heyman
Ethie Ritson
Kathy Dupont
Jim Babcock

REPORT OF THE ZONING BOARD OF ADJUSTMENT

During 1985 the Zoning Board of Adjustment heard sixty-eight cases. Of these fifty-four were Variances, seventeen were Special Exceptions and one an appeal from an administrative decision. Also, three rehearings were granted and two denied. Of the fifty-four variances heard forty-four were granted and ten denied. All Special Exceptions were granted. The one appeal from an administrative decision was granted.

During 1983 twenty-seven cases were heard and in 1984 thirty-four cases. The increase in the work load of the Zoning Board of Adjustment indicates the rapid growth of Gilford.

The Zoning Board of Adjustment renders its decisions after careful discussion of the evidence as presented at the hearings in keeping with rules of Zoning Ordinances and laws as interpreted by the Supreme Court.

It is with sincere regret that we acknowledge the resignation of Gary Howard as a member of the Board. Having been a member of the Planning Board the knowledge of that experience to the Zoning Board of Adjustment, which contributed greatly to the deliberations of the Board. We wish Gary the very best in his new endeavors.

Also our appreciation of the effort of our Administrative Assistant in preparing the detailed minutes of our meetings.

To the alternates who are always standing by whenever they are needed, we extend our appreciation.

Zoning Board of Adjustment

Arthur Tilton, Chairman
Richard Ladieu, Vice-Chairman
Archie Simoneau
Robert DeCamp
Douglas Hounsell
Bruce Papps, Alternate
Jeannine Fitzgerald,
Administrative Assistant

REPORT OF THE CONSERVATION COMMISSION

1985 was an active year for the Commission as a whole and for the individual members serving on various civic committees as representatives of the Commission.

Commission responsibilities in which we engaged covered the following activities:

Dredge and Fill Applications. Some 62 applications were processed, with a good many entailing site review, conversation and detailed correspondence with the applicant and the N.H. Wetlands Board. A few required joint meetings with the Planning Board.

Farmland Evaluation. This program has progressed to the stage where the data obtained through our survey were turned over to a special, independent, 8-member committee of townspeople organized by the Commission. This committee entitled, "Land Evaluation and Site Assessment" (LESA Committee) is aided by the Belknap County Conservation District and the Cooperative Extension Service. The goal is to develop a comprehensive, documented, catalog and map of Gilford's individual farmlands in accordance with a rating system to be established by the group.

Forest Management. Kimball Castle Forest has been prepared for White Pine seedlings, and timbering is scheduled for the winter months per the Kimball Castle master plan. The Wilson/Weeks town forest has a master plan under preparation by a state forester. Plans are in progress to designate other tracts as town forests to enable assistance by a state forester.

Membership participation in civic committees include the following committees.

LESA Committee, described above, has two of our members in regular attendance at the bi-weekly meetings, one of whom is the secretary for the group.

Laconia Airport Authority Advisory Committee. This committee stems from the Commission's initial concern for the wetlands and a large aquifer present at the airport site. The Authority's plan for upgrading the airport facilities and developing an industrial complex in the Northwest Quadrant has been the subject of intensive study and environmental impact investigation during the past year. At the request of the Federal Aviation Authority, this committee was formed by the Airport Authority to define the scope of additional studies for the several phases of the plan.

Airport Landing Light Committee. This committee, also formed by the Airport Authority, has been engaged in reviewing various engineering proposals for a landing light system impacting on Lily Pond.

Municipal Building Committee for a new building to house many of the Town's agencies centrally and which will also provide access for the handicapped.

The Gunstock Area Improvement Project Committee.

Our Planning Board member, Margaret Birch, has taken on the additional responsibilities of Planning Board Chairman.

REPORT OF THE GILFORD VILLAGE HISTORIC DISTRICT COMMISSION

1985 ANNUAL REPORT

The Gilford Village District Commission held 8 hearings in 1985:

1. **February** — Village Store requested changing the Ice Cream Parlor to an Insurance Office. This application was denied.
2. **May** — Request to cut trees on School House Hill Road. Convert two chimneys into one on Potter Hill Road. Both applications were approved.
3. **June** — A request to install sodium lighting in the historic district. The board decided to have a public hearing concerning the change in lighting.
4. **July** — The request to install sodium lighting was approved.

Application from Mrs. Francke to restore the Phinney House was approved.

Application from Mrs. Brown to restore the Gray House was approved. Both homes are on Belknap Mountain Road.

5. **August** — Gilford Village Knolls presented their plans for Senior Housing.
6. **September** — A public hearing for Gilford Village Knolls was held. A request for multi-housing was approved.

Potter Hill Road. Request from Mr. Gary Allen to move sun room from front of his house to the south side facing village. Request was approved by the Commission.

7. **November** — A sign for the Gilford Middle-High School was approved.
A fence on the Furnee Property in the Village was approved.
8. **December** — A request to build a home on School House Hill Road was approved.

REPORT OF THE LIBRARY TRUSTEES

The Board knew that they were hiring a competent librarian last March but to their surprise, they also found they had an artist, storyteller, and a good cook! Diane Mitton made the transition smooth and has earned the respect of both staff and patrons.

1985 began a new chapter in the Library Book of Memories. Some of the people we hold dear from past chapters are Dorothy Emilio and Laura Taylor who came to the Library for a social visit last summer. Everyone was delighted to see them and reminisce. Kay Woolston is on the other side of the charge desk now and her visits are looked forward to by Mary, Hope, and Athaline.

The physical plant has lots of new looks. Greenery abounds and thrives with Anita Hewitt's green thumb and watering can. A cozy corner replete with a duo of easy chairs and coffee table welcomes patrons who enjoy a quiet place.

The New Hampshire Room is taking a definite shape with town and state history, genealogy books, pamphlets, and brochures about the Granite State. We hope to make this room a history buff's delight.

One of the most popular spots is the display case on the main floor. A fascinating variety of exhibits have been shared by friends and patrons. We saw Indian artifacts from Paula McDonald; old bottles from Sylvia Cilley and Louisa Fairfield; patriotic dolls made by Mable Walter; a whittled collection of Snow White and her dwarfs belonging to Sylvia and Louisa (that mother-daughter duo again!); handcrafted items by Aileen Jensen; a bridal party crocheted by Mabel Walter; World War I newspapers, in excellent conditions, preserved by Mr. McFarland; exquisite seashells collected by Carolyn Angle; old autographed theater bills from the Lakes Region Playhouse kept by Thea Carter,

a former usher; gorgeous geodes and minerals collected by Reverend Robert Boisvert; opulent owls lent by Ann Heilshorn; and a Christmas special of bears belonging to Anita Hussey. Bob Dustin, a direct descendant of Hannah Dustin, displayed his collection of arrowheads in the children's room. The New Year began with a nostalgic look at Penny Pitou through framed momentos, trophies, and her personal scrapbook.

Books left the Library in several different manners in 1985. Housebound patrons had a delivery service manned by volunteers. Diane and Mary carried children's books to Gilford Beach for the ever popular Story Hour during the summer, and they transported dozens of titles to Lakeshore Park, a residential summer colony.

We are grateful for the dedication displayed by the staff and the continued support of the Friends of the Library. Many of the "nice touches" at the Library are provided by this non-profit, volunteer group.

It has been a year of change and positive proof that the Library is a vital, growing part of the community.

Molly B. Connelly, Chairman
Edward Merski, Treasurer
Mary Chesebrough

LIBRARIAN'S REPORT
GILFORD PUBLIC LIBRARY
1985

1985 saw the retirement of Librarian, Ruth Pratt, after more than twenty years of service in the Gilford Public Library. Mrs. Pratt helped the library to grow to its present fine facility, with a sound collection and strong community spirit.

We have continued with some of the programs already in place, such as the Children's Summer Reading Program which had about 100 children registered, the Wednesday afternoon movies for youngsters, and the Wednesday evening bookmobile and movies at Lake Shore Park. A slightly new twist to our summer program was story hour at the beach. We were rained out several times, but will try again next year.

The loft area has been the scene of three very fine shows, beginning with a beautiful exhibit of early American decorative painting by the students of Suzanne Ackerman, the quilts of Joan Edwards on Old Home Day, and the wall hangings of Allison Erikson in November. Anyone wishing to have an exhibit in the Loft should contact the librarian.

In addition to our loft exhibits, we have had many excellent and varied displays throughout the year, thanks to the efforts of Mary Carter and Molly Connelly, and with special thanks to our wonderful friends who brought in and set up their displays.

During the late fall, we revamped our story hour for preschoolers. TALES FOR TOTS is now held every other Tuesday afternoon at 1:30 and includes stories, games and crafts. It started off slowly, but the numbers are building, and we hope to see many more of the young children with us in 1986.

The Friends of the Library purchased additional shelving and a second easy chair (which has proven to be very popular). They also helped us celebrate Children's Book Week in November by providing entertainment in the person of Donna Marie Ames, a ventriloquist and puppeteer.

For the adults, we continue to strengthen our collection, adding best sellers and updating non-fiction in areas of interest to our readers. One of our immediate goals is to expand our reference collection and to add support material for our Middle-High School patrons.

The Gilford Library has a wonderful staff and I would like to publicly extend my thanks to each of them for their support. They worked especially hard in November to complete an inventory of our collection. Thanks to Mary Chesebrough for long hours of work in building the beautiful shelves in the children's room, and to all the Trustees and the staff for giving me a good first year.

Diane Mitton
Librarian

REPORT OF THE FRIENDS OF THE GILFORD PUBLIC LIBRARY

The Friends of the Library continued its third year of raising funds for needed accessories for the Library. Membership continued to increase. The Friends support was evident in the purchase of additional free-standing shelving in the new adult section and a chair for the reading area.

On March 17th the Friends hosted a reception for retiring Librarian Ruth Pratt, at which Shirley Adamovitch, State Librarian, was the principal speaker.

The series of programs initiated last year was continued. In January, a travelogue was presented by Gary and Lucile Allen. In March, Phil Arel spoke on "Workings of Town Government." May was wine tasting time for the Friends and in November, Donna Marie Ames of Moultonboro, presented a program with puppets in conjunction with Childrens' Book Week.

The popular "Pie and Ice Cream Socials" continued during the summer, as well as on Old Home Day. The annual Christmas Fair was held at the Library on Saturday, December 7th.

The accompanying financial report will attest to the success of the Friends' efforts. The generous donations of time, food, homemade articles and paintings enabled the Gilford Friends to make a substantial contribution to the Library.

1985 GILFORD POLICE DEPARTMENT ANNUAL REPORT

The Town of Gilford experienced an extremely busy year during 1985 with many areas of activity showing double digit percentage increases. Calls For Service went up 15%; Criminal Offenses went up 33% and Personal Injury Accidents went up 27% just to name a few.

All your police employees were pressed to their maximum limit in attempting to provide you with adequate police services during 1985. However we cannot handle a similar increase in activity next year without additional personnel. The number of Court Trials in 1984 was 78 but increased to 230 in 1985, which took officers off the road more than ever before. Because of "Demands" on the police department a number of "Special Services" such as Vacant House Checks, Business and Security Checks, Doors and Windows Secured, etc. had to be cut back as there was no time to provide them.

There should be a number of housing and business developments coming into occupancy throughout Gilford in 1986. We are sure that most towns people are aware of the great increase in the volume of traffic to this area in recent times. The entire Lakes Region has been affected by it! We must be prepared to deal with the increase in residents and visitors to our fair community in the months ahead because with them comes an increase in Emergency Services activities.

Continuing Education is a vital requirement in law enforcement, and 1985 saw every police employee receive specialized training either through our own department classes or from New Hampshire Police Standards and Training Council. We have had several of our officers assist in teaching courses for the Part Time Officers School and assist with Officer Survival courses and DWI classes at the regular officers Academy in Concord.

Your Police Department continues to strive to provide you with cost effective professional Police Services. The support of the various town boards, departments, Selectmen and citizens is a vital ingredient in effective police protection. Your Police Department needs community involvement. When you see something out of the ordinary in your neighborhood, call the police station at 524-5841! We would prefer to respond to find no problem rather than miss out on stopping a criminal act or making an arrest.

The following statistical report is submitted for your study.

1985 ACTIVITY STATISTICS

	1984	1985	+ / -	%
Cruiser Miles Driven	150,566	174,077	+	15.6%
Calls For Service	5,956	6,833	+	14.7%
Criminal Offenses Known	888	1,120	+	26.1%

Property Recovered	\$ 35,077	\$119,092	+	239.5%

Respectfully submitted,

Chief James Martel

REPORT OF THE GILFORD FIRE DEPARTMENT

The Gilford Fire Department experienced the busiest year in calls for service ever.

In 1984 we responded to 579 calls while in 1985 we responded to 800. That is a 38% increase over last year. We feel that the good weather last summer had something to do with it, as it brought record numbers of tourists to our area. We feel the biggest reason is the tremendous growth the town has experienced over the last several years and we do not see this slowing down.

Emergency Calls for 1985:

Structure Fires.....	11
Motor Vehicle Fires.....	7
Grass/Brush.....	64
Chimney Fires.....	40
Mutual Aid.....	50
Fire Alarms.....	100
Calls For Aid.....	126
Ambulance Calls.....	360
Misc. Emergencies.....	39
Bomb Threats.....	1
Boat Fires.....	2
Total Calls.....	800

Fire Prevention Activities:

The services of the Fire Prevention Division has seen a dramatic increase in the assistance provided to the community in 1985.

I feel we have taken a very positive step in the adoption of the National Fire Incident Reporting System. It has been determined that the bulk of the fire problem in

the United States can be characterized as a lot of fires each causing limited damage. Fire departments do a good job of controlling the fires they are called to. The loss per fire is below that of most other industrialized nations. The problem is that so many fires occur, over 2.7 million destructive fires are attended by fire departments each year. Although they get far less attention from the press and the public, 20 times more deaths are caused by fire in this country each year than by floods, hurricanes, tornadoes and earthquakes combined. With the adoption of the National Fire Incident Reporting System, we will have detailed information on fire trends within the community. This provides the basis for targeting fire protection at the worst parts of the fire problem.

With the assistance of the Planning Board, we have proposed that the town adopt the 1985 Life Safety Code. This will be presented to the community at the 1986 Town Meeting.

We continued to provide educational services to the community during the year. Programs on fire safety, fire evacuation procedures, and smoke detector use were presented to over 500 persons, with 1,974 handouts being issued.

A major step that was initiated in late 1984, came to existence in 1985. This was the change over of the fire alarm subscription service. Before the change, all the schools, and most of the town buildings that are equipped with any type of alarm system were connected with a receiving center in the lower part of the state. All alarms left Gilford, went to Manchester and the recipient of the alarm in turn notified Lakes Region Fire Dispatch by way of a long distance phone call. The present system has the alarms from the town buildings tied directly into the Gilford Police Department where

dispatchers are on duty 24 hours per day. What this all means is that the taxpayers will be paying less money for the same services. This could not have been accomplished without the cooperation of the Director of Public Works, the Selectmen, and the School Administrators.

During the year we provided 251 requests for assistance and information. This service covers questions from the community on how to build a fireplace, where smoke detectors should be placed, what type of smoke detector is needed, and the list goes on.

This office examined 183 sets of building plans during the year. These were plans for new single family homes, condominiums, offices, storage buildings, etc. Again this year we attended the weekly meetings on Site Plan Review. During these meetings we reviewed approximately 100 site plans for 223 building lots. This office also attended Zoning Board of Adjustment Meetings as needed for technical assistance.

During the year, there were over 125 complete or partial inspections conducted by the department. The inspections are conducted in new structures, for compliance of construction provisions, in existing structures for compliance to the Fire Prevention Code, and inspections of solid and oil fired heating devices.

As weather conditions allowed, there were a total of 9 fire drills conducted in the elementary and middle high schools. These drills are required by law to test the readiness of the occupants in the event of an emergency and to test the systems for performance.

This office spent many hours during the year on fire investigations. The largest amount of time was devoted to bringing forward the person or persons responsible for the setting of a series of fires on Mt. Belknap.

Fire Prevention Activities:

We have had an all out effort put forth by the firefighters of this department and other departments in extinguishing these fires when they occur. We have had excellent assistance by the Gilford Police Department, and the Belknap County Sheriff's Department in the investigation of these fires. The investigation will continue. We want to thank the Board of Selectmen for aiding us in establishing a reward fund. Should anyone have information concerning these fires, we ask that they contact the Police or Sheriff's Department.

Training:

The responsibilities of the Training Division were divided this year, with the Fire and Rescue Training under the direction of Lieutenant Hayes and the Emergency and Rescue under the direction of Lieutenant Beland.

In 1985 the members of the Gilford Fire Department spent in excess of 1,827 manhours in training. They spent over 1,396 hours in Fire and Rescue Training and over 425 hours on emergency care. It is a great demand on the personnel to train to this extent to maintain their basic skill levels of firefighting, rescue and emergency care. These people are also making the extra effort to learn new techniques and material relating to these emergency services that we provide. Quite often this training is in addition to what is conducted by the Gilford Fire Department Training Division.

During this past year, there were a few areas of specialized training that were concentrated on. One of these such areas is the handling of hazardous materials incidents. With the increased awareness about hazardous materials and increased potential of incident, it has become time for the fire department to prepare to handle one of these potentially catastrophic incidents. Other

areas trained on were rescue skills of repelling high angle rescue and water rescues.

The medical division also had a busy year. A great deal of time was spent by personnel in meeting the annual and bi-annual requirements for certifications of CPR and EMT (Emergency Medical Technicians). Lieutenant Beland also spent a considerable amount of time updating the personnel on new treatment methods and honing their existing skills to a very sharp edge.

The Gilford Fire Department Training Division is looking forward to another busy and productive year on increasing skill levels and certification. We also hope to be able to increase our training library of books, manuals, slide/tape programs and video cassettes. We also aim to increase the number of certified firefighters and EMT's in the upcoming year.

We ask the people who are using our lake to be extra careful, as the number of boaters out there continue to increase.

In 1984 we had 4 emergency calls for our Fire Boat and in 1985 we had 17.

In concluding, we thank the other Town Departments for their assistance and the people of Gilford for their continued support. By no means does this report include all of the jobs asked of and done by this department, all of which we shall continue to do, looking for better and more economical ways of doing things.

Respectfully submitted,

Michael D. Mooney, Chief
(for the Board of Fire
Engineers)

Dr. Willis Hoyt, Chairman
Robert Robertson
Philip LaBonte

REPORT OF TOWN FOREST FIRE WARDEN AND STATE FOREST RANGERS

Between July 1984 and June 1985, we experienced more forest fires throughout our state than in any year in the last 50. Two of the leading causes of the 1,605 fires were children and fires kindled without written permission of a Forest Fire Warden. Both causes are preventable, but only with **your** help.

Please help our town and state forest fire officials with forest fire prevention. Contact your Forest Fire Warden for more information.

Enforcement of a state timber harvest regulation is the responsibility of State Forestry officials. Our state has excellent timber harvest regulations; however, your assistance is needed.

If you know of a logging operation and suspect a state timber harvest law may be violated, call your Forest Fire Warden.

If you own forest land, you will become responsible for the timber tax payment starting April 1, 1986. This is a change in the Timber Tax Law that will impact all forest landowners. Contact your Board of Selectmen for timber tax forms.

FOREST FIRE STATISTICS — 1985

Number of Fires Statewide	1,605
Acres Burned Statewide	1,580
Cost of Suppression	\$246,017
District (Fires)	161
(Acres)	336
Town (Fires)	64
(Acres)	65

Michael D. Mooney
Forest Fire Warden

ANNUAL REPORT OF THE DEPARTMENT OF PUBLIC WORKS

The Public Works Department continues to strive to meet the needs of the Town of Gilford in many different areas.

The Highway Department has been extremely busy maintaining and upgrading Town roads. Shimming, sealing and reconstruction of many roads has been completed. Grading of banks, ditch lines and replacement of deteriorated culverts has been a priority this year.

Snow plow routes are taking longer to complete each year because of new roads which are being added. We expect to be able to maintain the highways as in the past, it just will take a longer time to complete, please bear with us.

The Building Department is still experiencing a tremendous amount of activity. Permits for approximately 70 new residents have been issued along with 55 condominium units. Commercial permits remained constant, while permits for additions and renovations increased substantially. Permit value for new construction will once again be over \$10,000,000.

Municipal sewers are nearly completed. A few short extensions remain to be completed at the Airport and in the Jewett Brook Area. Many of our residents have already connected to the sewer and we are hoping to have most connections completed early this spring. The project has taken quite some time and I wish to thank all of those who have been patient with the inconveniences.

Building Maintenance remains to be a big part of the D.P.W. responsibilities. Planning for a new town building, along with the daily maintenance and repairs, requires a tremendous amount of time. Expanding existing offices and re-wiring have been a priority this year.

The Public Works Department has two (2) new employees. Betty Fisk came aboard in April, 1985 as a receptionist. Betty also handles the majority of the municipal sewers along with numerous other duties. Charles Adams was also welcomed into our department in April of 1985 as the Code Enforcement Officer. Charlie has been extremely busy working with not only the D.P.W. staff, but also with the Planning Board. Both of these new members are to be congratulated for their quality and quantity of a job well done.

Finally, we at the D.P.W. enjoy working with you and hope that you will feel free to contact us any time that we can be of help.

Respectfully submitted,

James R. Presher
Director-Public Works

GILFORD VILLAGE WATER DISTRICT 1985 REPORT

The Gilford Village Water District has had a very busy year. Early in the year the Gilford Village Knolls, Inc. made a request of us to be the supplier of water to their 22 units of Senior Housing that is proposed at the end of Bacon Drive off Belknap Mountain Road. In order for them to obtain FmHa funding the corporation had to meet two of three requirements namely, be within walking distance of goods and services, be on a public sewer system or be on a public water system. As there are no plans for sewerage in the Village area they had to apply to the District in order to be on a public water system.

In mid-year we petitioned Belknap Superior Court for a Special District Water Meeting in order to appropriate funds for the upgrading of the water system so as to improve our supply and pressure. In conjunction with this Gilford Village Knolls agreed to pay the sum of \$10,000 toward the improvements. The expenditures for the upgrading were approved.

In early October the contract to replace 650 feet of two inch main with six inch pipe was signed with Dupont Construction and shortly afterwards the pipe was replaced and the services were cut over. Right after the first of the year Gilford Well Company will drill a new well. We intend to use the new well as our primary water source and our present well as a back-up source. Completion of this work will insure an adequate water supply as well as adequate water pressure.

This upgrading was necessary to correct deficiencies in our system that had been recognized previously by the Commissioners and would have been proposed to an Annual Meeting(s) as funds permitted. With the pay-

ment by Gilford Village Knolls we were able to do the job much sooner. This project should put our system in tip top shape and it is expected that within three years or so we should be able to reduce our water rates.

Residents of the District are encouraged to take an interest in your Water District and to participate by running for an office. It is our pleasure to have served you during 1985.

Wayne E. Snow, Chairman
Carl Dolloff
Richard Fletcher
Gilford Village Water
District Commissioners

REPORT OF TRUSTEES OF TRUST FUNDS

The Trustees of Trust Funds are responsible for overseeing more than 260 individual trust funds, most of which are designated for perpetual care of cemetery lots. A change in the state law several years ago allows the Trustees to combine the proceeds of the funds for the purposes of investment. The Trustees invest the funds and apply the interest to the individual funds.

As a result, only newly created trust funds and additions to existing trusts are listed in the Annual Report. The status of a specific trust fund may be checked at any time by contacting the Trustees.

The costs associated with maintaining cemetery lots are taken from the accrued investment interest, thus assuring that future funds will be available to keep the cemeteries in proper shape.

During the past year, the Trustees continued an ongoing policy of inspecting abandoned cemeteries within the town. Many improvements were made; however, additional repairs are necessary and these we plan to accomplish in the forthcoming year.

Any suggestions or recommendations regarding the beautification of these areas will be appreciated.

Milo F. Bacon, Chairman
George A. Sawyer

AUDITORS' OPINION

We have examined the combined financial statements and the combining, individual fund and account group financial statements of the Town of Gilford, New Hampshire as of and for the year ended December 31, 1984, as listed in the table of contents. Our examination was made in accordance with generally accepted government auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

As described in Note 1B, the combined financial statements referred to above do not include financial statements of the General Fixed Asset Group of Accounts which should be included to conform with generally accepted accounting principles.

In our opinion, except that omission of the General Fixed Asset Group of Accounts results in an incomplete presentation, as explained in the above paragraph, the combined financial statements and the combining, individual fund and account group financial statements referred to above present fairly the financial position of the Town of Gilford, New Hampshire at December 31, 1984, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Our examination was made for the purpose of forming an opinion on the combined financial statements taken as a whole and on the combining, individual fund and account group financial statements. The accompanying financial information listed as supplemental schedules in the table of contents is presented for purposes of additional analysis and is not a required part of the combined financial statements of the Town of Gilford, New Hampshire. The information has been subjected to the auditing procedures applied in the ex-

amination of the combined, combining, individual fund and account group financial statements and, in our opinion, is fairly stated in all material respects in relation to the combined financial statements taken as a whole.

GILFORD SCHOOL DISTRICT MEETING

March 20, 1985

The School District Meeting was called to order at 7:35 p.m. on the above date by the Moderator, David Decker, at the Gilford Middle-High School.

He announced that the High School play, "Our Hearts Were Young and Gay", would be presented the last weekend in March, and that the microphones for the meeting were being operated by the Interact Club.

Mr. Donald Jackson, Yearbook Staff Advisor, was introduced along with students Jennifer Ames, Karen Plamondon and Linda Rossborough, who presented the first Gilford School Citizen of the Year Award from the Yearbook. The first recipient was John Muehlke, who was recognized for his many contributions to the community. The Yearbook article about Mr. Muehlke will be on display at the Middle-High School library and the Gilford Public Library.

The Moderator introduced members of the School Board, administrators of SAU #30 and the schools, Budget Committee Chairman Richard Ray, and the Clerk.

Mr. Decker reported that 470 votes were cast at the election on March 12, 1984, and read the following results:

School Board Member:

John F. Roche	272
Robert D. Pomeroy	218
Edward B. Mulligan IV	197
Beverly A. Wright	190
Write-In: David Scott	1

Moderator:

David R. Decker	409
Write Ins:	
Ray Wixson	1

Peter Millham	3
George Heilshorn	1

Clerk:

Nancy P. Campbell	424
Write In: Linda Keith	1

Treasurer:

Edgar A. Kenney	414
-----------------	-----

The Moderator requested that motions or amendments be put in writing to help with recording the meeting. He also asked that those getting up to speak state their names.

Article 1. The Moderator read Article 1 as follows:

“To determine and appoint the salaries of the School Board and truant officer, and fix the compensation of any officers or agents of the district.”

It was moved by David Bullerwell and seconded by Kathy Francke that the salaries of district officers be set for the coming year as follows:

Moderator	\$ 10.00
District Clerk	10.00
Chairman of the School Board	300.00
Members of the School Board	200.00 each
District Treasurer	1,200.00

There being no discussion, a voice vote was taken. It was in the affirmative, and the Moderator declared the article carried.

Article 2. The Moderator read Article 2 as follows:

“To hear the reports of the Agents, Auditors, Committees and pass any vote relating thereto.”

Mr. Bruce Dietrich moved, and it was seconded by Kathy Francke, that the reports of agents, auditors, committees, and other officers be accepted as printed in

the 1984 Town Report. There being no discussion, a voice vote was taken. It was in the affirmative, and the Moderator declared the article carried.

Article 3. The Moderator read Article 3 as follows:

“To choose Committees in relation to any subject embraced in this warrant.”

The motion was made by Raymond Wixson, and seconded by David Bullerwell, that since there are no committees to be chosen at this time, we pass on to the next article in this warrant. There being no discussion, a voice vote was taken. It was in the affirmative, and the Moderator declared the article carried.

Article 4. The Moderator read Article 4 as follows:

“To see if the District wishes to appropriate \$1,500 or some other figure for the purpose of conducting a feasibility study of withdrawing from School Administrative Unit Thirty.”

John Roche made the motion, seconded by Kathy Francke, that the district raise and appropriate the sum of \$1,500.00 for the purpose of conducting a feasibility study of withdrawing from SAU #30. There being no discussion, a voice vote was taken. Since the chair was uncertain of the vote, a standing vote was taken. Those in favor of the article numbered 76; those opposed, 46. The Moderator declared the article carried.

Article 5. The Moderator read Article 5 as follows:

“To see if the District will raise and appropriate the sum of \$128,700 or some other figure to provide and construct walls, partitions, and other space dividers in the Middle School area at Gilford Middle-High School.”

Kathy Francke moved the article as read. This was seconded by Raymond Wixson.

Mr. Roche opened discussion on Article 5 by crediting Mrs. Francke and Mr. Ayers for their hard work on this project. He mentioned the pamphlets which were available explaining this project. In reply to Dr. Willis Hoyt's inquiry about the School Board's stand on this, Mr. Roche said the Board is 100% behind the proposal which was developed by a cross-section of the community, parents and teachers. Mrs. Ann Swett asked whether these would be permanent walls and was told there is a combination of permanent structured walls and folding walls. Mrs. Swett said she had thought we made it a flexible school originally so it could be changed for teaching and felt the permanent walls make it less flexible. Mr. Ayers said they will be losing a degree of flexibility but feel that the containment of the areas will provide teachers with much more control over the classroom. It will eliminate visual and audio distractions. They would have flexibility with folding walls in order to do large group instruction. Mrs. Swett inquired whether a professional consultant had been used in regard to this and was told they had worked with the State Department and Frank Marinace. They had given the cost estimates. Mrs. Swett stated that she was against it.

It was explained that there would be financial aid from the State for renovations — 30% or 40%, depending upon how they apportion the amount for students from Gilmanton. Mr. Donald Chesebrough asked if we can expend the State money without an appropriation, and Mr. Roche replied we have to appropriate the gross sum, \$128,700.

Mrs. Polly Sanfacon asked if the original architect, Russell, Gibson and von Dohlen, had been contacted for any input. Mrs. Francke said the architects said they built it with the thought that in the future walls could be put in place. Mrs. Sally Rowe inquired about the projected enrollment and how it would affect expansion of the school. Mr. Ayers replied that the projection is that

over the next few years the enrollment will go down. Mrs. Rowe asked if this would comply with the State requirement for square footage and was told with the revision we have, and small classes, we will have ample space. When asked if this is the actual floor plan, the inquirer was told it is a preliminary drawing by the architect. The same person asked how much student input had gone into this planning. When Mr. Ayers replied they worked with parents, staff and School Board, the inquirer asked if there was a reason the students were not consulted. Mr. Ayers said that students had given plenty of input to him. Mrs. Ladieu expressed concern that there was not input from the children who had enjoyed the open concept. She asked if they polled all the staff, and was it unanimous they wanted walls. Mr. Ayers told her they had several meetings with Middle School staff, and the top priority was to eliminate audio and visual distractions. Asked whether an acoustical engineer had been consulted, the answer was that the architect had not consulted an acoustical engineer. That would be in the final design.

Mrs. Walsh asked whether they anticipate building walls in the High School area as well. Mr. Ayers said there was no discussion of walls in the High School, and he did not see himself moving in that direction. The same person asked how the Middle School students will adjust to the open areas of the High School, and was told by Principal Ayers they would adjust well. Dr. Henry Lewis was concerned that the discussion so far had not shown the depth of concern for lack of walls. He felt students and teachers should have a chance to be able to concentrate. Judy Cott, who had been on the committee, felt it would be beneficial to have walls. Anne Eckels, who also was on the committee, advocated walls.

Mrs. Ann Swett asked where all these people were when we were building the school. She said it is a new

group now. Mrs. Swett believed it is very expensive to change it so completely, revamp the heating system and all. Ten years will go by and we may want it open again. Students will have to contend with noise later in life. Mrs. Frances Santos de Dios felt it was a plus to deal with the open walls.

Dr. Hoyt moved the question, and it was seconded by Dr. Wayne Domin. A voice vote was taken on Article 5. It was in the affirmative, and the Moderator declared the article carried.

Article 6. The Moderator read Article 6 as follows:

“To see what sum of money the district will vote to raise and appropriate for the support of schools, for salaries of school district officers and agents, and for the payment of statutory obligations of the district.”

The motion was made by John Roche, seconded by David Bullerwell, that the District vote to raise and appropriate \$4,431,728.00 for the support of schools, for the salaries of school district officers and agents, and for the payment of statutory obligations of the district. Mr. Roche stated that this sum includes the sums which have been appropriated in Articles 1, 4 and 5.

Moderator Decker invited Chairman of the School Board, John Roche, to go over the budget page by page. There were no questions on the revenue page. Mr. Roche mentioned areas of increase in the budget: the contract with the teachers giving a 13% increase the first year and 8% the second and third years; Blue Cross/Blue Shield, and the door is open to change our insurance. He stated that the working part of the budget shows a zero increase, or even a reduction, and the Board is not presenting anything on the floor. The School Board is going along with the Town's Budget Committee. Mr. Richard Ray, Chairman of the Budget Committee, remarked that the Budget Committee had spent a lot of time on the school budget, and it had been

successful in curtailing expenses. While the budget has increased almost \$500,000, it was with two items: salary increase and school walls.

Mr. Roche then proceeded to review the budget. Mr. Donald Chesebrough asked if someone could highlight some of the details of the salary increase. Mr. Roche, Mr. Wixson, and Donald Stephenson discussed the teacher salary increases. Dr. Hoyt said he understood some people who had been overqualified had not been accepted by the school system. Mr. Roche explained that other things than the degree enter into the hiring process and they work on the recommendations of the administrators. Asked if the salary increase would make it more competitive for hiring teachers, Mr. Roche stated they are going after every good teacher they can get. Dr. Hoyt remarked that we would not have any shortage of teachers if we paid them enough.

A question was asked concerning the increase in Special Ed Teachers and decrease in Special Ed tutors. Dr. Craig explained there was a reduced need for aides in the Elementary School. Mr. Thomas Shultz commented that there was an increase in three line items for the new Special Education Coordinator who is divided among those three accounts.

Mrs. Sally Rowe said she did not see the support staff percent of increase, and was told by Mr. Roche it was budgeted at 8%. He said we concentrated on the teachers' salaries — the backbone of the school. When Mrs. Rowe asked if the support staff can live on less than the others, Mr. Roche stated that we are competitive in support staff wages.

Account 1413-110 — Student Activities. Betsy Domin commented that she has been active in the school volunteer program and said \$500 does not cover the Elementary student activities. She made the following motion:

“I move that the amount to be raised and appropriated be changed from \$1,500.00 to \$2,500.00, the additional \$1,000.00 designated for assembly programs in the Elementary School.”

This amendment was seconded by Ann Heilshorn. A voice vote was taken on the amendment. It was in the affirmative, and the Moderator declared the amendment carried.

Nancy Meckstroth stated that it was not an appropriate wage for the School Nurse in the Elementary School — that she should be receiving more. Mrs. Sally Rowe said she thought this also applied to the Middle-High School nurse.

Under Account 2319-37, Contracted Services — School Board, Mr. Wixson spoke. He said that one issue that has not been mentioned this evening is that the School Board recently received a letter from the Gilman-ton School Board requesting dialogue regarding participation in the High School and their need to locate space for their Middle School students. He also stated that as he looked into the future, our relationship with our sister community is of utmost importance. He hoped it would be dealt with in such a way that we may have input through the School Board. There were 1,240 students; now 1,007. The Gilman-ton Board is looking to meet their needs, and the presence of these students is one reason why we can offer the programs we do. We have already voted the \$1,500 for the feasibility study of withdrawing from SAU #30. Some of my colleagues (Mr. Wixson continued) have identified an appropriate issue in terms of our role in the S.A.U. Our voting rights in that environment are at a status quo, and they can be changed. We are in a strategic position. Mr. Ralph Pearson is a Representative to the General Court, and he might be able to improve the percentage of apportionment. Sometimes there are solutions without withdrawing. We do things together in the community. In his

closing remark, Mr. Wixson said there are considerations that are more than money, and he hopes we will look at that broader picture.

Dr. Domin inquired about how the SAU Assessment was figured. Mr. Roche told him it is based on property valuation. The S.A.U. is governed by a seventeen-member board from Laconia, Gilford and Gilmanton. A weighted vote is determined by a different formula. Mr. Roche estimates that our valuation base will continue to grow and in two years, at 18.5%, we could contribute \$179,000. In this S.A.U. budget, the Gilford members did not prevail in the decision to put in the \$45,000 computer for the S.A.U. office. Laconia and Gilmanton assessments are down this year.

Marie Bruns made the following motion to amend:

“I move that the total budget be increased in the amount of \$6,000.00 and that the amount be added to account 2124-113, the school nurses salary account.” The motion was seconded. Mr. Chesebrough said he had nothing against increasing the salaries of any support personnel, and he felt that these people are going to be forced to unionize. While he supported the nurses, he also supported the other support personnel. He suggested we could not go through the whole meeting raising everybody’s salary \$2,000 or \$3,000. Justine White observed that the Middle-High School nurse has been there 11 years, and her salary next year will still be less than a beginning teacher. Mr. Peter Millham suggested there was a question on the legal effect of this motion. His understanding was that the School Board determines the salaries of its employees. Mr. Decker said the vote of the District Meeting is not necessarily binding; it would be up to the Board. Mr. Wixson remarked that the Board has been led by the wishes of the District in the past. Dr. Domin agreed with Mr. Chesebrough, and thought the School Board ought to look into the whole problem and see if we are in line with the region and do

it for everybody. He recommended that we turn down this amendment and the School Board study the support staff salaries. Dr. Francke said the School Board had negotiated this budget for this year and the Budget Committee had approved it. Kenneth Wilson moved the question. This was seconded by Jack Stephenson. A voice vote on the amendment was taken. The amendment was defeated.

Mark Schaefer inquired about #2310-890, Other Expenses — School Board, and was told it was lower this year because last year they needed money for hiring a new Elementary principal. This account is also used for advertising.

Mrs. Beverly Wright asked whether educational TV was used in the High School, and was told by Mr. Ayers that it is. She also mentioned that she was hearing a lot about the computer controversy between the Gilford and Laconia Boards, and asked why it is in the current year's budget. Mr. Poole responded that the problem with the computer is that it is not adequate to do the work. They decided to buy the computer this year because we had the Superintendent opening and had that money left for the computer. Mr. Roche remarked that the Gilford Board does not think using the surplus is appropriate.

Sue Leach inquired about account 2410-810 — Dues and Professional Books — and was told by Mr. Roche it included membership in the N.H.I.A.A. and other professional organizations.

Nancy Meckstroth commented that the salaries for three custodians at the Elementary School amount to \$44,240. The School Nurse is making less than one-third of this figure. Mr. Chesebrough said the custodians work a full year.

Mr. Roche said that Blue Cross/Blue Shield has had huge increases in the past few years. Part of this increase

of \$77,422 makes up for a shortfall last year of about \$50,000. We hope it will be a negligible increase for the coming year.

Mrs. Gail Tapply said she would like to ask that this budget be available at Town Meeting so that there would be time to look it over. She was told that there was a hearing and that this was the 7th draft of the budget.

Sue Leach asked how many handicapped children there are. Mr. Roche said there are 81 in the Elementary, Middle and High Schools, with varying degrees of disability or handicaps.

Mr. Decker asked if there was any further discussion of any aspect of the budget. He read Article 6 as amended, as follows:

“To see if the District will vote to raise and appropriate \$4,432,728.00 for the support of schools, for salaries of school district officers and agents, and for the payment of statutory obligations of the district. This sum includes the sums which have been previously appropriated in Articles 1, 4 and 5 of this warrant.”

A voice vote was taken. It was in the affirmative, and the Moderator declared the article carried.

Mr. Roche presented a plaque to Mr. Wixson who is leaving after six years of service to the Town and thanked him for all he had done for the children and the voters of the Town.

Article 7. The Moderator read Article 7 as follows:

“To transact any other business which may legally come before this meeting.”

Mr. Wixson moved that since there is no other business to come before this meeting, we adjourn. This was seconded by Bruce Dietrich. A voice vote was

taken. It was in the affirmative, and the Moderator declared the article carried.

The meeting adjourned at 10:00 p.m.

Respectfully submitted,

Nancy P. Campbell
Clerk

REPORT OF THE SCHOOL BOARD CHAIRMAN

Stagnant or Complacent are two words which are **not** used to describe the Gilford School Board. During 1985 the School Board and Administration have addressed and continue to address many educational issues that remove the Gilford School District from the stagnancy and complacency which cripples so many Public School systems.

School Administrative Unit Thirty - Only after exhaustive research by the School Board and eleven members of the public was the question of Gilford's independence from SAU #30 brought to conclusion at a Special School District Meeting in October when the voters of the district decided the question.

The past year has also brought to conclusion the appointment of Frank Poole as Superintendent of SAU #30 by the SAU Board.

Curriculum Development — Work has been underway since May to develop a Kindergarten thru Grade 12 curriculum that will ensure that any curriculum decisions are made with a total educational program for the students, either at the elementary, middle or high school levels.

Middle School Wall Project — After voter approval last March, the Middle School Wall Project was brought to fruition. The bulk of work was completed over the summer months which has resulted in an improved learning atmosphere for our sixth, seventh, and eighth grade students.

Elementary School Facilities — With the successful conclusion of the Middle School Walls Project, the administration and School Board took a respite on Middle/High School facility improvements and concentrated our attention to the elementary school facilities.

Beginning last April, a committee has been studying the essential improvements necessary in the elementary school. With the support of the Budget Committee, the School Board has endorsed a comprehensive package of improvements to the elementary school for the voter approval. Most importantly, the proposal brings the elementary school into compliance with modern day Life Safety codes and Energy Conservation. These improvements also address required access to all areas of the school by all people.

Special Education — The advent of Gilford's own Special Education Coordinator, Maureen Baldwin, during the past year has brought its own rewards both to our educationally handicapped child and to the effective control of taxpayers' funds.

The rewards of everyone's efforts, (parents, elementary school volunteers, the Parent Advisory Committee, the Boosters Club, Board members, Teachers Administration and all those organizations too numerous to mention in this small space) who lend an active hand in Gilford's progress and support of education are continuously demonstrated by the facts:

- 1) Gilford Elementary School rated 1A by the State Board of Education. Only 12 percent of New Hampshire's elementary schools have rated in this highest possible rated category.
- 2) Athletic programs for both Girls and Boys have seen Gilford High School represented in all sports in the State Play-offs.
- 3) Academically, 60+ percent of our graduating seniors pursue higher education.
- 4) Increased enrollments in the Area 8 Vocational Education provide an opportunity to learn a trade prior to the students' entrance into the workforce.

On behalf of the Gilford School Board and students, thank you for your support in 1985; but please continue your efforts in 1986 and do not permit stagnancy or complacency to enter the Gilford School System.

Respectfully submitted,

John R. Roche

REPORT OF THE GILFORD MIDDLE HIGH SCHOOL PRINCIPAL

Over the past year, Gilford Middle High School has seen a number of changes, both in facilities and program. The support of our School Board and community in recognizing the need to provide a more structured environment for our Middle School students has resulted in the completion of a major renovation to that area, as important additional staff has allowed for exclusive teaching teams for each grade level. As a result, we have seen the Middle School program blossom this year. This is one of the steps we have taken to strengthen the academic program for the Middle School. As our teams work together, more will follow.

At the High School level, we have experienced some growing pains with the increase in student numbers. This has been comfortably accommodated due, in part, to the resourcefulness of our guidance department and adaptability of our teaching staff. As the year continues, we formulate plans for what is anticipated to be the largest high school student body in the school's history. Watching our enrollment carefully, we contemplate the district's future building and staff needs.

Your school continues to hold a high rating within the state and region. Once again, our extra curricular programs, athletics, newspaper, yearbook, music and drama, have placed in the top positions among schools in New Hampshire. At the same time, close to one-half of our student body is involved in these extra curricular activities at any time during the year. These accomplishments are due to the dedication and energy of our staff. Unlike many schools, we are fortunate in having nearly all of our extra curricular sponsors on staff.

One additional change that our school will be facing is that of increasing requirements by the State Board of Education. Within the next two years, we will be chang-

ing our curriculum to meet the state requirements in health, consumer economics and computer science, while continuing to strengthen our established instructional program. Some of the curricular areas we are presently studying are: the writing program, advanced studies, foreign language, preparatory programs for vocational studies and science.

The support our school has received from our community is appreciated. Increasing numbers of parents and community members have assisted us either in the volunteer program or as resources in the classroom. Although our school has many pressing issues, including curriculum revision, accommodation of increased enrollment and implementation of state mandates, we are in a posture that positively reflects the educational needs of students in today's world.

Students entering higher education	64	=	59%
Students entering work force			
including undecided	30	=	28%
Students entering military	14	=	13%
Total	108	=	100%

Sincerely,
Richard W. Ayers
Principal

REPORT OF THE ELEMENTARY PRINCIPAL

I am pleased to submit to the citizens of Gilford my annual report as Principal of the Gilford Elementary School.

The Gilford Elementary School is proud of the accomplishments of its students. Throughout the school year students have had an opportunity to participate in a variety of special activities and programs at all grade levels.

Programs for talented students have been expanded this year to include special art programs and the publication of a literary journal. The Enrichment Committee continues to meet on a regular basis to assess program needs, to recommend new programs and to evaluate the effectiveness of those already in place.

School administration has been studying the impact of proposed changes to elementary school standards. The Gilford Elementary School is presently rated in the top 12% of elementary schools in the state that either meet or exceed minimum standards. Some changes will be required if we are to maintain this rating under the revised standards.

I am encouraged by the recent State Board decision that will again allow for release time for inservice programs for staff. The state declared a moratorium on early release days for the 1985-86 school year, but has reversed its decision after hearing much protest from districts throughout the state.

The Gilford Elementary School Volunteer Program continues to be recognized as one of the exemplary programs in the state. Co-coordinators Georgine Keroack and Cathy Ladieu have done an outstanding job of organizing this corps over the past two years. I applaud their efforts and the commitment of all school volunteers who have assisted teachers and students throughout the year.

The need for maintenance, handicapped code compliance, lifesafety code compliance, and some renovation of the elementary school has been a primary focus of the School Board and Budget Committee over the past two years. Several areas are in need of immediate attention and I hope that the voters of the school district will act favorably in support of the monetary commitment required to provide funding to accomplish the upgrading of our physical plant.

Emphasis on curriculum and program coordination with the Middle High School is continuing. Progress has already been made in the areas of guidance services and special education.

The Readiness Program, introduced last year, has been most successful. We recognize that many children show a need for further development and experiences prior to participating in a formal first grade. The Readiness Class is designed to meet the needs of these children.

I thank my teachers, support staff, S.A.U. Office Personnel and parents for their continued support.

Respectfully submitted,

Michael E. Tocci
Principal

Gilmanton —	2,505.00
Gilford —	9,585.00

ACCOUNTANT'S REPORT ON FINANCIAL PRESENTATION

We have examined the combined financial statements and the combining fund and account group financial statements of the Gilford School District as of and for the year ended June 30, 1985, as listed in the accompanying table of contents. Our examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

As described in Note 1B, the combined financial statements referred to above do not include financial statements of the General Fixed Asset Group of Accounts, which should be included to conform with generally accepted accounting principles.

In our opinion, except that omission of the General Fixed Asset Group of Accounts results in an incomplete presentation as explained in the above paragraph, the combined financial statements and the combining fund and account group financial statements referred to above present fairly the financial position of the Gilford School District at June 30, 1985 and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Our examination was made for the purpose of forming an opinion on the combined financial statements taken as a whole. The combining fund and account group financial statements and supplemental schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the combined financial statements of the Gilford School District. The information has been subjected to the auditing procedures applied in the examination of the

combined financial statements and, in our opinion is stated fairly in all material respects in relation to the combined financial statements taken as a whole.

Carri — Plodzik — Sanderson

July 26, 1985

TOWN OF GILFORD
LETTER OF FINDINGS AND RECOMMENDATIONS
DECEMBER 31, 1984

In addition to our annual certified examination and audit, we will continue to recommend bookkeeping and internal control procedures intended to improve Town operations. Some of our past recommendations have been implemented while others remain to be considered in the future.

All accounting and finance procedures of the Town constitute the system of internal control for the safeguarding of its assets. Reliance should not wholly be made upon the function of examination and audit. The duties and responsibilities of governing officials and management constitute a most important part of internal control. Although financial procedures involving municipalities are incorporated in State Statutes and others adopted through local ordinances, a greater portion of financial procedures have been formulated over the years to assist in good internal control. Without constant review, especially in governmental operations, a gradual erosion may occur in the centralized accounting, receiving and treasury functions so important to proper internal control.

The following findings and recommendations should be reviewed again for improving the financial accounting and recordkeeping of the Town.

A. Need for Complete General Ledger System and Monthly Financial Reporting

The financial reports being generated for management consist of basically cash receipt and disbursement journals that do not currently meet the full requirements of a general ledger (double-entry)

system. We recommend the implementation of a complete general ledger system and monthly reporting system for all funds. At the present time, many of the funds are intermingled on a single revenue and expenditure report. We recommend that all the various funds of the Town be segregated with each having its own balance sheet, revenue and expenditure report. This will enable Town management to be aware of the financial position of each fund on a current basis.

B. Treasurer's Records

The Treasurer should prepare and remit monthly reports to the Selectmen's office on a timely basis. The Treasurer should also prepare the bank statement reconciliations and communicate with the Bookkeeper to determine if they are in agreement with the Town records. Any discrepancies or errors detected should be corrected immediately and not allowed to accumulate indefinitely. The Treasurer's and Bookkeeper's records should be in agreement at the end of each month.

C. Need for Adequate Staffing Level of Accounting Personnel

We want to continue to stress the need for the Town to acquire the services of an experienced accountant to be responsible for continually monitoring the accounting functions. Among other things, the individual would be responsible for:

1. Reviewing and appraising the soundness, adequacy and applications of accounting, financial and operating controls.
2. Ascertaining the extent of compliance with established policies, plans and procedures, to include State and Federal statutes where applicable.

3. Ascertaining the extent to which the Town's assets are accounted for and safeguarded from losses of all kinds.
4. Supervising the various clerical aspects of the accounting functions, including bookkeeping and responsibility for preparing periodic financial reports.
5. Ascertaining the reliability of accounting and other data developed within the organization.
6. Modernizing the accounting system, when necessary.

D. Publication of Report of Audit (R.S.A. 71-A:21)

Our examination disclosed that our comments and recommendations for the fiscal year ended December 31, 1983 were not included in the annual Town Report for 1984, as required by the following R.S.A.

“A written or printed report of every completed audit shall be made to the proper local officials including a summary of the findings and recommendations of the auditors and a copy of such summary shall be published in the next annual report following the fiscal year in which the audit was completed.”

“If such summary of findings and recommendations is not so published the commissioner, at the expense of the town affected thereby, may cause such summary to be separately published and distributed or published in a newspaper having a general circulation in said town.”
