The town holds in trust the following funds, the income of which is to be used for the purposes specified below:

The Mark W. Fuller bequest of \$2000.00, drawing interest at 6 per cent. The income to be used, first, in keeping in suitable condition the Fuller plat in the cemetery between the Upper and Lower Villages; the balance to be used for the benefit of the inhabitants of the town. The town voted to use the balance for the Fuller Public Library.

The Sarah C. Fuller bequest of \$1000.00 to the Fuller Public Library, subject to the same conditions as the Mark W. Fuller bequest, excepting that the First Selectman of the town shall visit the Fuller plat four times each year, forever.

The Abby C. Mordo bequest of \$100.00, drawing interest at 4 1-2 per cent., the income to be paid to the Methodist church at Hillsboro Center, annually.

The Caroline M. Burnham bequest of \$200.00, the income to be used to forever keep in suitable condition the Dr. A. C. Burnham plat in the Deering cemetery.

The Sarah Taggard bequest of \$100.00 to forever care for her plat in the cemetery between the Upper and Lower Villages and keep the same in suitable condition.

The estate of Maria Travis, \$100.00, the interest to be appropriated to keeping in repair for all time the burial lot of her late father and mother, Mr. and Mrs. James Baldwin.

By the will of the late Abney Symonds the town has received \$2633.98, the income of which *shall be used annually toward paying the yearly expenses of the town and for no other purpose.*

The Mary E. M. Smith bequest of \$50.00, the town to expend the income of the same in maintenance and care of her burial lot and that of her deceased husband, Jerry Smith.

The Catherine W. Bascome bequest, \$100.00, to forever keep in suitable condition her burial plat in the Lower Village cemetery, so-called.

We publish these, so that each incoming Board of Selectmen may know what their duties are concerning the funds that have been bequeathed to the town, enabling them to comply with their requirements.

Report of the Selectmen,

FOR THE YEAR ENDING FEB. 15, 1902.

TO THE CITIZENS OF HILLSBOROUGH:

Obedient to a custom long ago established, we herewith present to you our annual report.

In so doing we have in almost all cases, followed in the footsteps of those who long ago preceded us, changing nothing because it is old and establishing nothing because it is new; but confining ourselves to a simple government, administered with rigid economy, with perfect honesty, regardless of our political beliefs and with due regard to the rights and welfare of you all.

During the past year we have had many expenses that were not taken into consideration when the appropriations were made. Notably so in the Board of Health department. The maintenance of this department can never be anticipated, but has to be attended to when it comes.

So it is with our Highway department, taking into consideration our severe storms. Also as nearly all of our old wooden bridges have had to be replaced with new stringers and plank, it has increased the cost of maintaining the highways, several hundred dollars more than it otherwise would have cost.

The bridge at the foot of Mill hill, so-called, will have to

be repaired or rebuilt during the coming summer. At this time and until the water can be shut off, so that a thorough examination can be made, no estimate can be made as to what this expense will be.

We were instructed at our last annual town meeting to sell the town farm and such other property of the town belonging thereto. This we have done and have applied the proceeds of that sale, after paying all expenses of sale, to the payment of our town debt, amounting to \$2527.79 to so apply. [See account of sale in this report.]

On July 20th, your Tax Collector, J. Frank Sullivan, having resigned, we appointed in his stead, Amos A. Wyman. He needs no words of praise from us, as his report hereto attached, speaks volumes for itself.

Our expenses for school supplies, as you will see, have more than doubled this year, caused to a certain extent by old bills due last year not being paid. This is not a good business principle and should not be so.

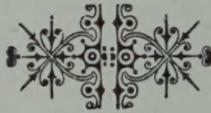

Last year no appropriation was made for sidewalks, as it was thought to be unnecessary, and what repairs have had to be made have been done by the highway agent and the expense is included in his account.

There have been several requests that a sidewalk be laid at the Upper Village, which would not be a very expensive affair. Ordinarily this could have been done by the highway department at not much extra expense. As our expenses were in different ways exceeding the appropriations that were made, it was thought best to not this year so build, and besides, no appropriation was made for this purpose.

In summing up the different items of expense this year, compared with last, and which was taken as a basis in making the appropriations, that for school supplies has cost \$471.52 more than last year; for street lighting it has cost \$269.65 more than the appropriation on account of addi-

tional time covered. On Board of Health account, \$570.96 more than one year ago; on Highway account \$863.02 more than one year ago; making a total of \$2174.95 for these four items alone, besides some other old bills due last year, that were not presented for payment. We have reduced our assets and unavailable assets, for the reason that our town farm and furnishings are not now available for that purpose, and we have also reduced our outstanding notes a much larger amount, and also our net town debt, besides having in the treasury a sum of money sufficient for any ordinary expense, until the taxes are again assessed and collected.

In laying down the duties entrusted to us, we wish to thank you all for the confidence you have reposed in us and the pleasures we have found in being associated with you, and the many words of advice given us in the discharge of those duties.

Annual Report.

Respectfully submitted by

FRANK M. PARKER,
LEON E. ANNIS,
ALBERTO H. HEATH,

Report of the Board of Health.

To the Selectmen and Citizens of Hillsborough, N. H.

During the year contagious and infectious diseases have been reported to the board as follows: Smallpox, typhoid fever, scarlet fever and measles. The houses in which the contagious diseases occurred were quarantined at once and in every instance the disease was confined to these houses, although in one family there were five cases of smallpox, and with the exception of two weeks, the house was quarantined from Feb. 22d to May 9th.

Vaccination, which in accordance with the Public Statutes, "shall be enforced by the Board of Health" has not been overlooked and we believe all the scholars of the village schools have been successfully vaccinated, though probably there are some in the town districts who have not been and we would call their parents' attention to this matter, as they must be dropped from the schools unless the law is complied with.

The surroundings of Loon Lake, our water supply, have been inspected from time to time and are in good sanitary condition.

There have been twenty-one applications made for connection with the sewer, and of these seven have been connected.

The trustees gratefully acknowledge the receipt of books from the late Mrs. Westcott of Boston, Dr. G. P. Conn of Concord, the State of New Hampshire, and the generous gift of money from the Hillsboro Woolen Mill Co.

As the card catalogue can be used only by those who can call at the library, the trustees propose to issue at intervals during the year, for home use, lists of all new books, with card numbers, these being in effect supplementary catalogues.

Treasurer of Special School District.

It will be remembered that when the appropriation was made last year, the subject of free tuition had not been settled. Therefore no allowance could be made for tuition. This fact together with the absence of the drawing a part of the year has made the balance on hand \$190.67 more than last year.

We, the undersigned, auditors of the Special School District in the town of Hillsborough, hereby certify that we have examined the accounts of the treasurer of said district and find the same correct with proper vouchers.

Report of Board of Education.

TOWN DISTRICT.

FOR THE YEAR ENDING FEBRUARY 15, 1902.

In presenting this customary report it is a pleasure to be able to state that a good degree of progress has been made, and although there has been instances of partial failure, the schools, as a whole, are in excellent condition.

The money raised by town and district has been judiciously expended, giving the district thirty weeks schooling, besides doing some repairs and paying other necessary bills. A new stove has been purchased, which added to the bills for incidentals.

The district has been wise and liberal in its appropriations for the support of the schools, and we trust that this spirit of munificence will continue. We think that those who vote against raising money for school purposes vote a much larger per cent. out of their own interests than their tax would be, besides robbing the children.

Ignorance may be bliss, in some instances, but certainly "Knowledge is power," and it is far cheaper to educate our children at home, and better, for many reasons. The energy that it requires to get a living in New Hampshire develops a courage that tells for a lifetime. Then give the youth a chance, that they may maintain the already well-earned

reputation that New Hampshire is a good state to emigrate from.

It has been the aim of the School Board to raise the standard of the schools. To do so, there are certain necessary essentials, among which are good teachers, good books, a regular attendance of the pupils, and a unity of effort.

The parents should co-operate with the teacher and School Board, and see that their children are in school every day unless sickness prevents. In no way will their efforts be more fully appreciated and they will find that their children have increased interest in school work.

At no time has there been so fine a set of school books at the command of our children as now. The supplementary reading is especially commendable. It has been said that "the first four years of school should be spent in learning to read and the remainder of the time in reading to learning."

In conclusion we tender our sincere thanks to all for past favors and for the interest manifested in the welfare of our schools.

Respectfully submitted,

LIZZIE S. TUTTLE,
JAMES M. RAY,
ORRIN S. HUNTLEY,

Board of Education.
