## “CHANGING TIMES”

### *A Message from the Selectmen*

The passing of Charles Austin Morgan, on January 1, 1962, marked the end of a long career in a stage of history in New London not likely to be repeated. Mr. Morgan typified those generations of men who made their living from the soil, worked hard, were proud of their homes, their lands, their cattle, and of their town, whose early growth depended so much upon the efforts of devout gentlemen of Charles Morgan's character.

His great-great grandfather, Capt. John Morgan, built his home on the first clearing of a white man in “Alexandria Addition”, now New London, on King Hill. The Town Warrant for 1782 called upon all “freeholders and inholders” to meet at the house of Capt. John Morgan, where it was voted to raise “twenty hard dollars for town charges, twelve dollars for school, and seventy-five dollars for highways, work at three

*Headed for Potter Place*

shillings per day”.

Charles was born at his father's farm in "Low Plains" in 1879 and lived there throughout his entire life, a bachelor, with his two sisters, Miss Lucy and Miss Lizzie Morgan. With farming, lumbering, and a real love of the land his interest and source of livelihood, Charles Morgan continued to add to the herd of pure-bred Devon cattle started by his father, Austin Morgan, in 1867, and to add to his land holdings. He and his brother, Walter, owned a combined total of 5,000 acres, as Charles became New London's largest landholder. Mr. Morgan's Devons were his particular pride and joy, and he tended them with loving care. Although this breed slowly lost its popularity in recent years, the Morgan herd continued as one of the leading herds of pure-bred Devons in New England, at times numbering over seventy head. Their widespread horns, extending to four feet, or more, in mature oxen, and their sleek, dark red coats made them a spectacular sight in pasture, or when Charles drove them down what is now Route #11 to summer pasture in Elkins.

While Charles Morgan held no public office, he did his share of road work, particularly of "breaking the roads" in winter — rolling the snow with huge, horse-drawn rollers — to pack the snow for the only transportation of the time, sleighs and wagons.

New London had many fine forefathers, many before Charles Austin Morgan, many contemporaries of his, some in later years. We mention Mr. Morgan as an outstanding example, and as a symbol of that interesting and important era which has passed.

\* \* \* \* \*

The year 1961 marked a high point of progress in New London in two fields, education and community effort. These achievements will no doubt be mentioned elsewhere in our Town Report, and are not truly in our "Selectmen's Report". We cannot but speak highly, however, of the continued and accelerated growth of Colby Junior College with its new Science Building, plans for a new gymnasium and Physical Education Building, renovation of Colgate Hall and added dormitory facilities. The addition to our own Central School, under active construc-

tion, is something we may all be proud of. "King Ridge" has surpassed the most optimistic forecasts of its planners. While our good neighbor, Sutton, may claim it (and TAX it!) we still think of it as New London. In its short time of operation, so far, the enthusiastic comments of skiers from far and near, and the stimulus to business activity in New London, give evidence of the wisdom of the originators, The New London Outing Club, and of the many individuals whose countless hours of time and financial support through the purchase of stock in Outing Club, Inc., have made possible this fine addition to our area.

This year, the Selectmen thought you might be interested in some comparisons between the year just passed and ten years ago. The many departments of the town have reported their activities elsewhere in this Town Report, so we make no enlargement on their progress. We do wish to say that our Board feels fortunate that so many townspeople give of their time to the various committees, boards and departments needed to operate our "small town" today. Many serve with no pay, some with partial pay, and some as full-time employees, but all serve with the interest of New London at heart.

Some highlights from our records:

		1951	1961
Total assessed valuation subject to tax		\$2,949,029.	\$4,005,095.
Exemption to Veterans		59,950.	90,350.
Included in above figures:	1951	1961	
Cows	(325)	(205)	39,450.    15,375.
Horses	(40)	(43)	3,725.    3,000.
Sheep and goats	(81)	(5)	750.    25.
Fowl	(7370)	(17,609)	8,895.    3,520.
Tractors, non-farm use			4,400.    13,850.
Boats of taxable value	(8)	(186)	1,850.    16,125.
Taxpayers, by groups:			
Residents			67,630.    136,300.
Non-residents			33,480.    82,925.
Colby Junior College (included above)			9,083.    23,528.
Public Service Co. (included above)			4,458.    9,520.
Dividends and Interest Tax			8,565.    23,090.
Town auto permits			5,600.    13,850.
Tax Rate			35.    56.

Total valuations, 1961	\$4,005,095.
Total valuations, 1960	3,897,006.
Net gain in taxable valuation, 1961	\$ 108,089.
Net gain in taxable valuation, 1960	163,956.
Estimated gain in taxable valuation, 1962	85,000.
(from building permits issued)	

Building Permits for 1961:

- 10 year-round dwellings
  - 2 summer dwellings
  - 8 private garages, workshops or boathouses
  - 4 commercial buildings
  - 16 additions and alterations to private dwellings
  - 7 additions and alterations to commercial buildings
  - 2 signs
  - 3 requests denied
- 
- 49 issued, substantially the same as the previous year

While the Selectmen must account for \$299,219.33 for 1961, the amounts to be raised and appropriated are determined by you residents who exercise your privilege of voting at Town Meeting. THE BUDGETS FOR THE SCHOOL DISTRICT AND FOR THE TOWN are prepared under the jurisdiction of the Budget Committee of nine registered voters, one School Board member and one Selectman member. IT IS DISAPPOINTING THAT SO FEW PEOPLE ATTEND THE OPEN BUDGET MEETING to consider the budget. This year we had a record low — 2 ladies and 1 gentleman — who did not have to attend in an official capacity. Perhaps this indicates confidence on your part in your Budget Committee and your Town Department Heads and Officers.

# THE STATE OF NEW HAMPSHIRE

## TOWN WARRANT

To the Inhabitants of the Town of New London in the County of Merrimack in said State, qualified to vote in Town Affairs:

[L. S.]

You are hereby notified to meet at Whipple Memorial Hall in said New London on Tuesday, the thirteenth day of March, next at ten of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

This sum to include:

Town Officers' Salaries	\$5,000.00
Town Officers' Expenses	2,600.00
Election and Registration	450.00
Municipal Court	500.00
Town Hall Expenses	3,000.00
Social Security, Town share	1,100.00
Health Officer, Expenses & Salary (\$100.00)	350.00
Vital Statistics	150.00
Legal Expenses	150.00
Town Welfare	1,200.00
Old Age Assistance (25% of total)	1,500.00
Highway Department, General Expenses	2,000.00
Town Dump maintenance	1,600.00
Parks and Public Property	150.00
Interest	1,000.00
Planning and Zoning Board Expenses	250.00

FOR A TOTAL OF

\$21,000.00

To see if the Town will vote to raise and appropriate the following sums of money for the purposes specified, for the ensuing year:

Article

3	Police Department	\$4,800.00
4	New London Hospital, including \$300 for Town Welfafre cases	5,000.00
5	Sewer Department (25% of actual cost)	1,772.84
6	Cemetery Commission	925.00
7	Town History Committee	200.00
8	Information Booth (submitted by petition) [Budget Committee approves \$400.00]	875.00
9	Lake Sunapee Board of Trade, advertising (submitted by petition)	600.00
10	Dartmouth-Lake Sunapee Regional Association, advertising [Budget Committee approves \$200.00]	400.00
11	Band Concerts [Not approved by Budget Committee]	800.00
12	Band Stand Construction (submitted by petition) [Not approved by Budget Committee]	1,000.00
13	Memorial Day Observation, paid to American Legion Post #40	150.00
14	Hydrant Service, New London Water Precinct	1,550.00
15	Highway Department, Maintenance of Town Highways	27,600.00
16	Highway Department, Improvement and re-surfacing	7,000.00
17	Highway Department, Sidewalks and Curbs	1,000.00

18	Highway Department, Equipment Fund	5,000.00
19	Highway Department, Town Road Aid, Town's share	679.03
	(State to contribute \$4,526.87)	
20	Shade Tree Care, including Blister Rust Control	1,100.00
21	Street Lights	4,200.00
22	Tracy Memorial Library, maintenance	5,000.00
23	Tracy Memorial Library, Building re- pair and improvement	5,500.00
24	Civil Defense	1,588.00
25	Fire Department	4,500.00
	(Fire Department requests \$7,300.00)	
	[Budget Committee approves \$4,500.00]	

26. To see if the Town will vote to discontinue as a Town Highway, that portion of the road known as King Ridge Ski Road beginning at the point of its intersection with King Hill Road and extending nine hundred feet (900') Southerly to the Sutton Town Line, with the land included for said road reverting to the "Outing Club, Inc."

27. To consider at public hearing in open meeting the Zoning Ordinance recommended by the Planning Board to the Annual Town Meeting of 1958 and to ratify and confirm the action of the 1958 Annual Town Meeting adopting said zoning ordinance (the legality of which has been questioned because the published notice was 4 days late).

28. To see if the Town will vote to adopt the following amendments to the Town Zoning Ordinance, as recommended by the Planning Board:

1. Under Article III, ADD Section H, to read: "In all districts, if any proposed business use of property is such as to attract vehicles, adequate space shall be provided on the property to accommodate such vehicles".

2. Under Article III, Section D, ADD “A permit must be obtained before the erection or placement of a sign”.
3. Under Article IV, Section A-3, INSERT “and other home occupations of a similar nature” so that Section A-3 will read: “Residences may be used to house such customary uses by the owner or tenant as offices for doctor, engineer, architect, lawyer, real estate and insurance, or other recognized profession, excluding veterinarian; or such home occupations as hairdressing or dress-making AND OTHER HOME OCCUPATIONS OF A SIMILAR NATURE, excepting that the number of persons employed at any one location shall not number more than two persons in addition to the owner or tenant”.
4. Under Article VI, DELETE Section A-10.
5. Under Article VI, Section 9-a, ADD: “The frontage on designated commercial streets shall be not less than the width of the land required for the structure thereon”.
6. Under Article VIII, Section C-1, ADD the word “Sign”, so that Section C-1 shall read: “After passage of this ordinance, it shall be unlawful to erect, relocate any building, sign or structure, or alter the bulk of any building, without first obtaining a building permit from the Board of Selectmen or Inspector of Buildings”.
7. Under Article IX, ADD Section H, as follows: “Permit, in the Rural-Agricultural District, within a residence or an accessory building, the operation of antique shops or craft shops including the manufacture of craft products, which, as proven at a public hearing, will meet the following requirements:
  1. Shall conform to the General Provisions of Article III.
  2. Shall be in harmony with, and not offensive to, the surrounding owners from lights, noise, odors or unsightliness.

3. No merchandise or materials for its manufacture shall be stored or displayed outside of the dwelling or accessory building.
4. Such uses permitted shall be incidental to the use of the property as a residence by the owner or tenant.
5. Not more than two persons shall be employed at the location in addition to the owner or tenant.”
8. Under Article XIV, Section A, ADD the word “private”, so that Article XIV, Section A shall read: “Right of way means and includes all town, state and federal highways, rights of way public or private and the land on either side of same as covered by the Statutes to determine the widths of the rights of way”.
9. Under Article XIV, Section F, ADD the word “private”, so that Section F shall read: “Frontage means the length of the lot bordering on the public or private right of way”.

POLLS OPEN FROM 10:00 A.M. to 6:00 P.M.

Given under our hands and seal, this 19th day of February, in the year of our Lord nineteen hundred and sixty-two.

GERALD C. PRESCOTT,  
RICHARD W. CHATELLIER,  
Selectmen of New London, N. H.

A true copy of Warrant — Attest:

GERALD C. PRESCOTT,  
RICHARD W. CHATELLIER,  
Selectmen of New London, N. H.

# REPORT OF THE BUDGET COMMITTEE

To the Voters of New London:

In accordance with the Municipal Budget Laws of New Hampshire, the New London Budget Committee has prepared the town and school budgets for the current year, which are herewith submitted to you in this report.

The committee held one public meeting and two closed meetings to discuss the proposed articles in the budgets.

Respectfully submitted,

ROBERT G. SAWYER,

1962 Budget Committee Chairman

# BUDGET OF THE TOWN OF NEW LONDON, N. H.

Estimates of Revenue and Expenditures for the Ensuing Year January 1, 1962, to December 31, 1962, Compared with Estimated and Actual Revenue, Appropriations and Expenditures of the Previous Year January 1, 1961, to December 31, 1961.

†Highway and Fire Department equipment only. Does not include Sewer Commission, Water Precinct or School Bonded Debt retirement.

**REPORT OF THE TRUST FUNDS  
OF THE TOWN OF NEW LONDON, N. H.  
ON DEC. 31, 1961**

There are 223 Cemetery Trust accounts for the care of individual Cemetery Lots; each in a separate Savings Bank Book and earning 4% interest. The principal in these Savings Accounts totals \$20,280.32 and the unspent earnings \$4,425.12, making a total of \$24,705.44 in the Cemetery Trust Funds. This indicates an average value of \$110.78 for each of the 223 Trust Accounts.

The Tracy Memorial Library has the support of three Trust Funds, i.e. The Jane A. Tracy Fund, The Sarah and Elizabeth Brown Trust Fund and The Ann Mary Jelly Trust Fund, which together contributed a total of \$5,673.78 in earnings during the past year. Incidentally, every year this income from earnings has increased, since it was first established.

There are eight investment trusts in our accounts and all cash capital gains from them are placed in the uninvested savings of that particular Trust Fund, for Capital Gains are a return of principal and are NOT income. These uninvested funds are all earning 4% interest and this interest is turned over to the Library, as earned income.

It is interesting to note that the original Tracy Fund principal of \$100,000.00 has increased to \$101,544.67 in the past eleven years due to accumulations of cash Capital Gains and the original principal has a market value of \$173,668.00 today.

The total value at cost, of all trust funds, both invested and uninvested, within our care, is \$131,218.08. These investments produced a cash income of \$6,804.48 for an average return of 5.18%.

TRUST FUNDS FOR CARE OF CEMETERY LOTS

Date of Creation	Name of Trust Fund	Balance of Principal at End Year	Balance of Income Begin-ning Yr.	Income During Year	Expended During Year	Balance Income End Yr.

## AUDITOR'S REPORT

To the Citizens of the Town of New London, N. H.:

We have examined the financial statements of the Selectmen, Town Treasurer, Tax Collector, Town Clerk, Road Agent, Cemetery Commission, Sewer Commission, Library Treasurer and Trustee of the Trust Funds. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

In our opinion the financial statements present fairly the financial position of the aforementioned accounts as at December 31, 1961, and the results of their operation for the year then ended, in conformity with generally accepted municipal accounting principles applied on a basis consistent with that of the preceding year.

William H. Corsner & Co.

## NEW LONDON WATER SYSTEM PRECINCT

Organized in 1925, The New London Water System Precinct started serving water to residents of the Precinct and a few customers outside the Precinct in 1926. Since the water mains are located both in Springfield and New London, the utility is free of certain restrictive regulations by the Public Utilities Commission.

The system developed from the merger of two separate systems; one, owned and operated by Henry W. Kidder of Twin Lake Villa in Springfield, and the other by Charles E. Shepard of New London. All the rights and property of these two systems were acquired for token payments of approximately \$3,000.00 to Henry W. Kidder and \$2,500.00 to Charles E. Shepard. Thus the system started as a community project, where the interest of the system as a whole dominates all its activities.

The responsibility for the conduct of the affairs of the Precinct is lodged in the hands of the Commissioners, who over the years have made their decisions on the basis of the welfare of the Precinct as a whole rather than to any pressure group. To date this situation has been maintained despite periodic attempts to upset the procedure. The rights of the voters are maintained in their choice of the Commissioners to manage the affairs and they have seen fit, thus far, to let them manage the affairs of the Company. The voters still have the final say in the raising of funds for capital improvements. The wisdom of this attitude on the part of the voters is amply demonstrated by the record of the Precinct. It started out with a bond issue of \$80,000.00, all of which was paid off and on the time originally agreed upon. In 1952 another bond issue of \$100,000.00 was issued at 2.2% to mature in 1970. The payments of \$5,000.00 per year on this issue have also been met, and on time. In 1958 an issue of \$30,000.00 was sold at 3% and these maturities of \$3,000.00 are being met, and on time. In 1961 an issue of \$125,000.00 of bonds was sold at an interest rate of 3.6% with graduated maturities to keep the amount due in any year within our cash flow and leave a balance for future financing should an emergency arise. The cash referred to above is the amount of earnings after

interest depreciation and all operating costs plus the annual depreciation charge. This amounts to between fourteen and fifteen thousand dollars per year. We have a surplus of earnings over all the costs of the Precinct to date of \$150,527.12. The rates for water today are the same as when the Precinct started operations in 1926. The rates then were considered high, but no one complained because it meant so much to have a reliable supply of good soft water. No one at that time was worried for fear his neighbor would use a little more water than he did without paying extra for it.

Since the water was first turned on, no one in the Precinct has ever been without water, except while repairs were being made, and the condition of the watershed around Morgan Pond has been vastly improved and is growing better all the time.

We have some 60,000 feet of mains 6" and over in diameter. Of this only 9,000 feet are wood. However, we are still faced with necessity of increasing the capacity of the reservoir and have some two and three inch pipe which should be replaced with six inch in order to provide hydrant service. Our financial requirements still loom large, but there should be no difficulty in meeting them within the framework of the present rate structure provided we hold to the principles passed on by the originators, Charles E. Shepard and Henry W. Kidder, and keep the Precinct free of politics.

Note 5: Earnings of company since incorporation, and is invested in additions and improvements.

## NEW LONDON PLANNING BOARD REPORT

Members of the New London Planning Board met frequently during the year 1961 to consider and make recommendations on plats for real estate developers.

During the year nine meetings were held to study, make recommendations, and approve the following plats:

1. Gay Farm Acres (Kirk and Bewley)
2. Birch Acres (continuation of Kirk development on Pleasant Street)
3. Cable Development (Little Lake Sunapee)

A special town meeting was held on July 25 in response to a petition urging that residential lot size in rural-agricultural areas be enlarged to a minimum of 300' and two acres in area, or 87,120 square feet. The Planning Board felt that the original Article 5, Section E of the Zoning Ordinance concerning required lot size in the rural agricultural area is still adequate and did not recommend the proposed amendment brought in by petition. The town voted to make no changes in the required lot size of 150' minimum frontage and 35,000 square feet in area.

During the course of one zoning hearing, the legality of our zoning ordinance was challenged; our Board therefore requested the selectmen to seek legal counsel on the validity of our ordinance. We were advised that all was in order except that the newspaper notice concerning the Public Hearing held at Town Meeting, March 11, 1958, lacked four days of the required fifteen days. Therefore an article appears in the town warrant this year requesting the voters to ratify the vote taken in 1958.

In addition to this ratification, you will find some proposed amendments to our present zoning ordinance. These changes are largely a matter of clarification and corrections of omissions in the original zoning ordinance. Mr. Irving Dodge served as chairman of the sub-committee on revisions and consulted with members of the zoning board before drawing up the proposed amendments.

Members of the Planning Board for the year 1961 have been: Arthur Little, Chairman; Richard Chatellier, Wayne K. Wheeler, Oscar Colburn, Irving Dodge, Ellis Heath and Mary C. Barrett.

Respectfully submitted,

MARY C. BARRETT, Secretary

## ZONING BOARD OF ADJUSTMENT

The Zoning Board of Adjustment heard four appeals during the year 1961.

Appeal #9—Arthur Prescott, re: variance — appeal granted

Appeal #10—C. W. Hallett, re: Interpretation of Zoning Ordinance. Selectmen's interpretation sustained — appeal denied

Appeal #11—Henry W. Kidder III, re: variance — appeal granted

Appeal #12—Lake Sunapee Country Club, re: variance — appeal granted.

Membership of the Board was as follows: James E. Bewley, Chairman; Clarence Granger, Vice Chairman; Mary C. Barrett, Secretary; Frank Butler, and Maurice E. Shepard..

Percy M. Thurston, John Cable and Ellis K. Heath were replacement members on the C. W. Hallett appeal.

Respectfully submitted,

JAMES E. BEWLEY, Chairman

## CIVIL DEFENSE

### REPORT FOR 1961

To the Residents of New London:

This report is being written from our newly constructed Civil Defense Emergency Control Center in the Town Hall. The interior, although quite small and confining, will serve as the nerve center in event of a Nuclear War or during other emergencies. The shelter walls and ceiling have a greater protection factor than any other I know in this area. If Radiation comes into our area, Civil Defense assistance can be still carried out.

It will be of interest to some to know how the Control Center would be used in event of a nuclear attack. To best

understand this, one should know the contents of its interior. First of all, you should know that it would be operated 24 hours a day during an emergency. It will be manned by men who are thoroughly briefed on every phase of Civil Defense. If you make a call for assistance you may feel confident that it will reach you as soon as possible.

As I sit here at the desk I can reach to my right and call our Radiological stations to find out what the Radiation danger is to our area in event of a Nuclear War. By using the same radio I could direct cars with mobile radios to go to the assistance of our residents during a hurricane or we can maintain direct contact with the hospital if the telephone service is wiped out for days. If blood is urgently needed, this same Control Center may pass the word if telephone service fails.

On my left, I am able to call the State Civil Defense Headquarters. Beneath the bench there is a generator that will insure these communications if our power fails. Before me is a telephone and a list of persons we would need to reach during an emergency: local, area, and State personnel. If the telephone remains in service, we can speed up our operation by using both radio and telephone.

During the past year Clarence Gay and I took a week of our vacation to take advantage of Civil Defense training courses necessary to do our jobs more efficiently. The courses were given at the Eastern Civil and Defense Mobilization Training Center in Brooklyn, N. Y. It should be noted that few towns our size have taken advantage of these very important courses. New London sent two representatives.

We have received many requests for information about Fallout Shelters. We have answered these requests personally, sometimes requiring two hours for a family. As a result, there are many shelters being built, both openly and without public knowledge. Survival is still an individual responsibility even though our government is making a shelter survey of our Nation. New London will not receive much of this assistance, if any, because we do not have the buildings that would answer the requirements.

Many persons await the results of this survey. During the next few months New London C. D. will be laying the ground work for these government surveyors. We know that our buildings do not answer the requirements but the survey must be taken anyway. We have a special problem inasmuch as we are living in a Summer Recreation Area.

Our 1962 Civil Defense objective is to organize and equip a Rescue crew that could be called upon during emergencies. We will send two persons to school to take training in this important service. We will test and retest our new equipment, and leaders, to make certain that both are ready to be called into instant service if the need arises. We hope that such may never come to pass.

New London Civil Defense is now well equipped with most of the essentials needed. We should not stop here, however, because there are many other things needed to increase our community's chance of survival. We are taking the lead for towns our size; the others will soon follow.

The money voted to be spent for Civil Defense purposes at the last Town Meeting has purchased and equipped our Civil Defense Center. We hope that the taxpayers of New London feel their money is well spent.

Respectfully submitted,

WATSON B. JOHNSTON, Director

## INFORMATION BOOTH

### Report for the Summer of 1961

The New London Information Booth opened July 3 and closed September 2 after a most successful season. During the hours of 9 to 5, 1,831 cars, 76 telephone calls, 4 bicycles, 1 motorbike and 1 house trailer stopped at the booth for information on a wide variety of subjects. The total number of people helped at the booth was 6,297.\* There were 27 states and the District of Columbia represented, and three provinces of Canada.

As an experiment we kept the booth open until six o'clock for the last two weeks to assist people in finding accommodations. However, we found that the added expense and time spent were not worth while as most of the people had found accommodations earlier in the day.

This year we kept a weekly record of accommodations available in the New London area. The list greatly aided us in answering questions for this type of information. Each week we had a listing of the special events as well as the regular events. The list put out by the Sunapee Board of Trade helped visitors to our area to know the events in advance. We would like to urge all organizations, or individuals, planning events of public interest, to notify us so that we may pass the information along, for our mutual advantage.

The questions answered at the booth were many and varied. They included things to do, places to stay, as well as a navigation map of Lake Sunapee, stamp collectors, square dances and where to find a good sea-food dinner!

Many of the questions asked were for places where people lived and we are compiling a revised town directory to aid us in answering these questions. We thank the Selectmen of New London for the opportunity of serving in the Information Booth this summer.

Respectfully submitted,

EVELYN D. MESSER and JOY BARTON

NOTE:—The Selectmen wish to thank Mrs. Messer and Miss Barton for a job well done!

---

\*This represents an increase of nearly 50% over last year. It is very encouraging to us, and we feel it is added evidence of the growth of our area.

# WHITE PINE BLISTER RUST CONTROL

## Town of New London

### FINANCIAL STATEMENT — 1961

1961 Town appropriation		\$150.00
Town funds expended	\$150.00	
Cooperative aid to town, State of N. H.	430.48	
	<hr/>	
TOTAL EXPENDITURE		\$580.48
Area worked, 1961		1,418 acres
Currant and gooseberry bushes destroyed		506

### Comments

A visit with Kenneth Flewelling, Forester, brought forth some interesting sidelights on "Pine Blister Rust" that we pass along:

White Pine is the tree susceptible to this killing disease, and since this tree makes up 50% of the forest area in New Hampshire, control is important.

New London has 14,000 acres of land with White Pine growth of suitable density to be concerned about, with 7,000 acres in the potential disease zones.

The disease is spread by a carrier bush, either Gooseberry or Currant, not from tree to tree, and it is these bushes which are sought out and destroyed. The yellow tags you see along the road are for your information only. These are sample diseased trees, and will die over a period of 5 to 15 years. Property owners may destroy them, or leave them as they are, but they become more unsightly as they gradually die.

New London has been pretty well treated on a thorough basis "once over". This year's appropriation request is lowered to \$100.00 of Town money, plus an amount added by the State, and will continue annually from a preventive and check-up basis. Greatest disease areas are in swampy and wet areas, that section on Stony Brook Road opposite the St. Andrew's Chapel and another section near Pleasant Lake having been very dense with disease carrying shrubs.

R. W. C.

# AN APPEAL FROM YOUR FOREST WARDEN

In these days of constantly rising taxes and wages, any unnecessary expense is an added burden on everyone's pocket-book — yours and mine. Forest fires cost money and damage our valuable woodlands. Lightning sets some forest fires, but we have no control of lightning. Children cause many fires. Ninety-eight percent of our forest fires result from human carelessness — our carelessness. This, we — you — and I can do something about.

When we require you to obtain a permit for out-of-doors burning or forbid you to burn on days of high fire danger or set up regulations — hours, etc., governing the use of the town dump, we are simply protecting your and the town's interests.

The ever present threat of forest fires is the concern of all of us; the responsibility for preventing them is ours and the costs of extinguishing are ours. We can do something about this problem, by being aware of and alert to the danger and by cooperating with your warden.

Do the things that are required of you —

1. Follow the warden's directions.
2. Secure the required burning permit.
3. Keep your fires under control.
4. Completely extinguish your fires before leaving them.
5. See that your children are properly cautioned.

## 1961 Fire Record

Number of fires .....	0
Number of acres burned .....	0
Number of permits issued .....	34

GERALD GROSS, District Fire Chief

MERLE C. GAY, Forest Fire Warden

## REPORT OF THE FIRE DEPARTMENT

The New London Fire Department with Laurence Spaulding as Chief, reports the following for 1961:

### Officers

Captain	Lloyd Heath
1st Lieutenant	Edward Todd
2nd Lieutenant	Robert Lull
3rd Lieutenant	Harry Barrett
Clerk	Kenneth Butler

### Fires

1 grass fire	3 faulty wiring
1 chimney fire	3 town dump
2 car fires	

There were no serious fires and, due to the excellent maintenance of the town dump, no forest fire threats in the immediate vicinity. Our department was not called to assist in any out of town fires in 1961.

Although no outstanding purchases were made for equipment this year, the time is coming when the 1937 Chevrolet truck will need to be replaced.

The Department is grateful to the townspeople for their cooperation in our fire prevention efforts.

## MUNICIPAL COURT

In 1961 the New London Municipal Court considered 104 cases. These were divided as follows: Criminal cases 101; Juvenile cases, 2; Small claims cases, 1. The total number of cases handled was the largest in history, considering the fact that the Court was not functioning from February 2 through June 2, owing to the absence of the Justice from the United States.

During 1961 the Administrative Committee on Municipal Courts published a careful study entitled **The Municipal Courts of New Hampshire: A Survey of Local Justices in the Granite State**. The work of the New London Court will be compared with the recommendations of this study, and every effort made to comply with them.

J. DUANE SQUIRES, Municipal Judge

1 February 1962

## REPORT OF BAND CONCERT COMMITTEE

At the Spring Town Meeting it was voted to have music in the form of band concerts on the village green, for which an appropriation of \$800 was approved. It was decided that Monday evenings would be the logical night, since the Barn Players were idle this night.

Bob Hall, of Concord, an experienced band leader, was contacted and a written contract was secured for fourteen (14) musicians to play one and one-half (1½) hours, with a ten minute break in the middle of the program on each performance night.

The first concert was on the evening of Tuesday, July 4th, held in back of the Parish House, during and after the barbecue. The following Monday evening concerts were held on an improvised band stand on College property across the street from the Drug Store. Deadline was 6:00 p.m. for each engagement, in the event of bad weather, in order that contacts could be made with the musicians if a postponement was necessary. The final concert was confronted with bad weather, so it was held the following Sunday evening, as Hall was busy on the Monday.

There were seven (7) concerts in all, payment by the Town was for five (5) and two (2) were furnished by the Musicians' Union, gratis, a custom in this area.

The Committee wishes to acknowledge assistance rendered by the following: Colby College, Kidder's Garage, Harold Welch, Irving Dodge, Dwight Braley, Virginia Hall (flowers), Helen Kitchin (flowers), Bob MacMichael, Leon Bickford, Ed Dexter, Guy Kimball, Jerry Sprague and the New London Boy Scouts.

Respectfully submitted,

ALFORD B. F. B. TUNIS, Chairman

## TRACY MEMORIAL LIBRARY

### ANNUAL REPORT

A report of the year's work of the library shows an interesting increase in the circulation of children's books, and in reference work this past year.

The circulation figures on books and magazines are as follows:

Adult fiction .....	5,234
Juvenile fiction .....	8,451
Adult non-fiction .....	2,952
Juvenile non-fiction .....	1,416
Adult magazines .....	1,011
Juvenile magazines .....	51
	total 19,115

There have been 12,584 visitors to the library during the year.

All calls for inter-library loans have been answered promptly, and this library has borrowed 488 books from the Extension Division of the State library for supplementary reading. The majority of the above books were borrowed for use in the Children's Room.

This year the library has purchased 144 adult books and 152 juvenile books, and we have received as gifts 83 adult and 29 juvenile books. The magazines on the reading table now number 51, with three daily and two weekly newspapers.

We have had steady requests for special loans of books: Fernald library, 15; Wilmot Schools, 264; N. L. Central School, 184; Garden Club, 13; Sunapee, 10; summer tutors, 6; Kindergarten, 22, and Nursery School, 25. The call for pictures from our files has resulted in the loan of 276 to various school rooms. There have been 705 requests for reference material, mostly for theme work, which have been answered by our library, or, if necessary, borrowed from the shelves of the State Library.

The auditorium is used for meetings of the Woman's Club, the annual Hospital Board, and special displays in observance of National Library and Book Week. The committee room is popular for small meetings, which average twice each week.

The outside of the building was given a coat of colonial-yellow paint and the rain gutters cleaned and repaired during the summer. The elm and maple trees were sprayed twice, by Edward Sawyer, hoping to arrest the spread of the Dutch Elm Disease. A floor brush and polisher, and seal for the linoleum floors, were purchased for the janitor's use. The new storm door attracts much favorable comment from all. The gardens

have bloomed profusely under the constant care of Mr. Braley, and the old shrubbery has been removed from the northeast corner of the garden.

The New London Service Organization has continued their gifts of military books with the following: "Seven Men at Day-break", by Burgess; "Wake Island Command", by Cunningham; and "PT 109", by Kennedy. These books are popular with the teen-age boys and ex-service men of New London.

At their May meeting, the New London Woman's Club voted to present two juvenile books to the library. The books chosen by the committee and librarian were "The Incas" and "The Mayas", which are histories of these interesting but little known tribes. Both books proved to be popular additions to our Vacation Reading Club shelves, and used extensively by all the members during the summer months.

During the year several lists of newly acquired books have been published in weekly newspapers. Thus the librarian has endeavored to bring to the attention of the community recent and interesting additions to the book stock.

In March, Mrs. A. T. Kirk retired from the Board of Trustees, and Mrs. Waldo Woodward took her place. The Board and Staff greatly enjoyed their associations with Mrs. Kirk, and certainly missed her wise counseling. The Trustees, headed by the chairman, Mrs. Edwin Hubbard, have convened faithfully each month to pay all bills, to listen to the reports of the librarian and treasurer, and to administer the affairs of the library.

Under the direction of their leader, Mrs. Philip Parker, the New London 4-H Club set up an exhibit, in March, consisting of the club charter, project leaflets, and winning awards of the club members. This was in observance of 4-H Week.

In February, the librarian addressed the students of Miss Spaulding's classes in child management at the Gordon Auditorium. She discussed with them the work which our library is doing in its Children's Hour on Saturday afternoons. Each week, three girls were assigned, from these classes, to help in the children's room and to gain experience in working with small children as part of their class work. We have instructed and entertained 816 children this year on Saturdays. The college

girls have been a real help to us, and we greatly appreciate their assistance.

During the week of April 17-22, the annual observance of National Library Week was held, with displays in the auditorium of the development of automotive engineering prepared by Vincent Wickham. By courtesy of Major G. J. Cricenti, Grenier Air Force Base, we were loaned survival kits, a parachute, and airplane models for the week. One evening two officers from the Bedford Tracking Base showed the movie, "T plus Infinity", and discussed the preparation and launching of the Explorer satellite. Over three hundred persons attended the library events, and the door prizes were won by Mrs. Earle Clark and Roger Kidder.

On May 11th, the librarians attended the New Hampshire Library Association conference held in North Conway. Both agreed that it was a day well spent, in listening to new methods in library science, and in visiting the displays of new books and library supplies and materials.

Eighty-three local and summer children enrolled in the Vacation Reading Club in July and August. The theme for this year's reading was "Famous American Indians", and was a most happy choice, proving the most popular subject of all. Diplomas and awards were given at the party for all members on August 26th, at the end of the course. Winners were Robert Hill, with 106 books read, and Donna Heath with 94 books. Members of the New London Players entertained the forty-two children present.

A collection of original Currier and Ives prints was on loan for exhibit August 3-19. Assembled by an insurance company, and obtained through the courtesy of A. T. Kirk Agency, the exhibition was officially opened by Mrs. Hubbard, chairman of the Board of Trustees, and Mrs. Ray, head librarian. This display attracted much attention from our summer visitors and proved a most popular one.

A Civil War exhibit, sponsored by the New London Historical Society, was opened from July 10th-August 1st. On display were letters and diaries of Civil War soldiers, with pictures of local men, and their discharge papers. Many interested persons took advantage of this opportunity to examine several priceless

specimens exhibited in the auditorium.

Mrs. Willis Ames has been assisting at the desk while the regular librarians were on vacation. Mrs. Robert Martin has proved to be a valuable addition to our staff on Saturday afternoons during children's hour.

A change in hours at the library began on October 1, 1961, and was announced by the head librarian. The new hours were for the use of the general public as well as offering greater facilities to the students at the Central school. The change will remain in effect throughout the school year, and should be of special help to the pupils who depend on school bus transportation each day, but who find it difficult to visit the library during school study periods.

In October, the Association of New Hampshire Historical Societies met at the library for an all-day meeting. The association conducted its annual meeting during the morning session, and the afternoon feature was the talk given by Mrs. Charlotte Ford Morrison on "Planning a Bi-Centennial Observance". Members of the New London Society served as host to the meeting which terminated in a tour of the library and the Old Academy Building.

Observance of National Children's Book Week began on Nov. 13th through the 18th with displays of new adult and juvenile books. Other exhibits included old penny banks loaned by W. F. Kidder and H. D. Swift; United States coins and bills by Lloyd Littlefield; historical maps, and articles made in the Children's Room. Featured that week were the puppet play, "Hansel and Gretel", and a film, "Moose Baby", borrowed from the State Library. The appreciation of the Board and Staff is extended to John Stohrer for use of the projector, and to Dwight Braley for operating it. Children from the schools of New London, Wilmot and Springfield made special visits to the library that week. Everyone was invited to attend Open House on Thursday evening, the film was shown, and refreshments served to all. The largest attendance was recorded this year, with 623 persons visiting the exhibit. The Trustees and Staff are grateful to all who contributed to the interest and assistance of this project.

On December 4th, the head librarian was invited by Mrs.

Clyde Coleord, head of the English Department at Sunapee High School, to speak to her library class on classifying and cataloging of library books. This group is interested in building up, conducting, and arranging their new school library. The librarian was treated to an inspection tour of the library, and refreshments were served to all by the girls in the class.

The Christmas season finds our library ablaze with lights, heralding the joyous event, and welcoming everyone to the world of books.

HELEN S. RAY, Librarian

## 1961 FINANCIAL REPORT

### Tracy Memorial Library and Tracy Memorial Building

#### Income—

NEW LONDON  
SERVICE ORGANIZATION, INC.  
1961 ANNUAL REPORT

Four military books were given to the Tracy Memorial Library, to be placed on the Veterans Book-Shelf which we maintain there. This year's additions were, "Seventeen At Day-break", "Wake Island Command", "P.T. 109" and "But Not In Shame".

Again this year two High School students were sponsored by us to the University of New Hampshire at their training school in United States Government. These were a New London girl, Frances Peterson, to Girl's State and a New London boy, William Brown, Jr., to Boy's State.

Our seven green benches were put out for public use

during the Summer and at the end of the season were taken up for Winter storage.

The bronze marker for the Veterans Athletic Field at the High School has not been set out, for we are still awaiting word from the school authorities as to an appropriate location.

All New London Gold Star mothers were remembered on Memorial Day, as in past years, with plants or flowers. This has become a tradition with our Service Organization.

During the past year a new Trust Fund was started to be known as the "Scholarship Trust Fund". The principal to date is \$100.00.

Our Annual Gift of \$100.00 was sent to the New London Hospital, as a further contribution to their Finance Committee Fund. The principal of this fund now amounts to \$1,957.00.

The usual gift of \$5.00 from our Kneeland Parshley Fund was sent to the Elkins Church for the Annual Children's Christmas Party.

Miss Julia Todd, for the Service Organization, addressed and sent out Christmas Greetings with a dollar bill enclosed, to all New London folks still in the service of Uncle Sam.

The loans of Earl Burns and Richard Lull were paid in full during the past year. There still remain three loans to servicemen on which no payments were made during the past year.

The Expense Trust, which is our checking account, received a cash gift of \$50.00 during the past year.

HELEN S. RAY, Clerk

#### TRUST FUND ASSETS

Veterans Trust Fund	\$1,701.04

## REPORT OF THE TOWN HEALTH OFFICER

The town health officer wishes to call to the attention of all residents, new and old, that the state and local sanitation laws already in print cover very effectively and thoroughly the problem of disposal of waste matter.

Property owners whose houses are not connected with the town sewage system should have in effect or should construct adequate leaching bed run-offs in association with their present cesspool or septic tank. Waste run-off, even from basement drains, particularly if such run-off contains soap or detergent matter, should not be allowed to drain into the open, if it is possible to avoid this. New homes under construction or those which shall be built in the future should, of course, have adequate run-off facilities built in at the time of construction. This is particularly important in housing development areas where many homes are being built in fairly small areas. It is essential that run-off of any type not be drained into roadside gutters nor be dumped onto the surface of the land in such a manner that it will find its way fairly directly into nearby streams or swamps. The rules governing this sort of thing are, as I mentioned above, complete and explicit. It is merely a matter of notifying one and all that they are explicit and that they will be enforced much more strictly in the future than they have been in the past.

The rules concerning open dumps should also be heeded by all our residents. There is a town dump and this alone should be used for disposal of refuse. Any old dumps which are no longer being used should be properly covered by means of bulldozing a trench and pushing the refuse into it and covering it with fill. This is the only acceptable means of closing out a dump.

JOHN H. OHLER, M.D.

# NEW LONDON HOSPITAL ASSOCIATION

## REPORT FOR 1961

During the fiscal year ending September 30, 1961, New London Hospital was again made an Accredited Hospital by the Joint Commission on Accreditation of Hospitals, for a three-year period. This standard of efficiency was obtained through the faithful efforts of the Nursing Staff, the Anesthesia Dept., Laboratory and X-ray Departments, Physical Therapy Dept., Dietary, Central Supply, Housekeeping and Engineering Departments all working under the able leadership of Mrs. Murray H. Sargent, Hospital Administrator; and through the efforts of our fine Medical Staff of twelve members whose names follow:

### Medical Staff

Chief of Staff	William P. Clough, M.D.
President	Anne A. Wasson, M.D.
Vice-President	John H. Ohler, M.D.
Secretary	Warren L. Franz, M.D.
Treasurer	Alfred E. Sears, D.M.D.
Lynn S. Beals, M.D.	Francis H. Nolin, M.D.
James B. Brown, D.M.D.	John A. Walker, M.D.
Donald W. Clark, M.D.	Arthur F. Wright, M.D.
Mather Cleveland, M.D.	

Hospital Day, under the expert guidance of Co-Chairmen Guy F. Williams and Ernest E. Welch, Jr., contributed a net profit of \$14,826.85. An increase of \$2 a day in room rates would be necessary to secure this same amount of income to the Hospital.

As always, the Hospital Aid Association has continued its loyalty and support during the year. Generous amounts of food, supplies, and money were received on Donation Day. The Summer Residents Committee contributed several items of modern equipment to the Hospital during the year.

Contributions in services and money from the residents of New London and the surrounding communities actively served by the hospital are too numerous to mention individually.

but every one is vital to the operation of the hospital. Appropriations from the towns of Andover, Bradford, New London, Newbury, Springfield, Sunapee, Sutton, and Wilmot added \$6,450 to hospital income.

During the year, Dr. Donald Clark was unanimously appointed to the Active Medical Staff by the Board of Directors. Dr. Oliver S. Hayward resigned from the Medical Staff to join the Government Cancer Research Program. Mrs. Bradley Dewey resigned as Chairman of the Summer Residents Committee and Mrs. O. J. Grassi became her successor. Under Mrs. Dewey's able leadership since 1937, the Committee has raised more than \$100,000 for new equipment in our Hospital. Twelve new Memorial Funds were established this year and many other existing funds were increased. Endowment Funds at the end of the fiscal year totaled \$136,433.09, representing an increase of \$7,590 over the previous year; \$6,340 of this increase was by gifts and \$1,250 was by income added to principal. Additions to the plant during the year amounted to about \$2,000.

Hospital services for the year included: 91 babies born; 728 surgical operations; 2,951 X-rays; 18,591 Lab tests; 1,199 physical therapy treatments; 2,449 accident cases treated; 40 deaths; 7,287 adult in-patient days; 647 newborn patient days. Cost per patient day was \$37.30, which was \$4.20 more than income received per patient day. The most rapidly growing part of the Hospital is the Out-Patient Department, creating a definite lack of space in that area.

The Board of Directors meet the third Tuesday of each month at the Hospital. The following Officers and Directors have served on the Board for 1961:

President	Eliot B. Foot (Sutton)
Vice-President	Joseph O. Fleming (Georges Mills)
Treasurer	James H. Cave (Wilmot)
Secretary	Mrs. Carl D. Hill

Directors, Term Expiring December 31, 1961

Guy Williams	J. Duane Squires
Amos Johnson (Andover)	Robert Whitman

Directors, Term Expiring December 31, 1962

Charles Hemenway                      Henry Kidder, II (Springfield)  
Roy A. Messer (Bradford)              Merle Rich (Newbury)

Directors, Term Expiring December 31, 1963

Mrs. Willis Ames                      Edwin H. Keith (Sutton)  
Frank Cricenti                      Mrs. R. Selden Rose (Wilmot)

Mrs. Robert Sawyer (represents Hospital Aid Association)  
Mrs. Henry M. Lyons (represents Summer Residents Committee)  
(Sunapee)

Dr. John Ohler, term ending December 31, 1961, is Medical Staff  
Liaison Officer.

Mrs. Murray H. Sargent, Hospital Administrator, attends all  
Board meetings.

The Board appreciates the efforts of all friends of the  
Hospital who have contributed services or money, individually  
or as a group, during this 43rd year (third year in the new  
building) of New London Hospital.

Respectfully submitted,

MRS. CARL D. HILL, Secretary

## HOSPITAL AID ASSOCIATION

### ANNUAL REPORT 1960-1961

President — Mrs. Robert Sawyer  
Vice President — Miss Doris Phillips  
Secretary — Mrs. Russell Dimmick  
Treasurer — Mrs. Jack Cable

The New London Hospital Aid Association held nine  
monthly meetings from October 5th, 1960, through June 4th,  
1961, with an average attendance of 40 members. The many  
committees kept the members active with their various projects.

The organization raised funds in many ways such as: mem-  
bership drive, rummage sale, donation day, renting pillows at  
the New London Barn Playhouse, and new this year, the selling  
of an engagement calendar with local scenes.

The volunteer workers at the hospital are still very gener-  
ous with their services and such an asset to the hospital.

The association climaxed their meetings for the season by having a luncheon at the Edgewood Inn — Rachel Sargent, Administrator of the New London Hospital, gave an interesting statistical and financial report covering a ten year period.

Respectfully submitted,

MARGARET DIMMICK, Secretary

## THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the Town of New London qualified to vote in District affairs:

You are hereby notified to meet at the Central School in said District on the eighth day of March, 1962, at 8 o'clock p.m. to act upon the following subjects:

Article 1. To choose a Moderator for the ensuing year.

Article 2. To choose a Clerk for the ensuing year.

Article 3. To choose a Member of the School Board for the ensuing three years.

Article 4. To choose a Treasurer for the ensuing year.

Article 5. To choose one or more Auditors and such other Officers and Agents as the voters may judge necessary.

Article 6. To hear the reports of Agents, Auditors, Committees or Officers chosen and pass any vote relating thereto.

Article 7. To see what sum of money the District will raise and appropriate for the support of schools, for the salaries of School District Officials and Agents, and for the payment of statutory obligations of the District, and to authorize the application against said appropriation of said sums as are estimated to be received from the state equalization fund, and other state sources, together with other income; the School Board to certify to the Selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the Town.

Article 8. To see if the District will vote to authorize the School Board to expend any money received from the investment of any part of the proceeds from the Bond Issue authorized on March 9, 1961, for equipment, furnishings, and other expenses of the Building Program.

Article 9. To see if the District will vote to authorize the School Board to make application for and to accept, on behalf of the District, any or all grants or offers for educational purposes which may now or hereafter be forthcoming from the State of New Hampshire and/or United States.

Article 10. To transact any other business that may legally come before this meeting.

Given under our hands at said New London this 15th day of February, 1962.

# FINANCIAL REPORT OF THE NEW LONDON SCHOOL DISTRICT

## (REGULAR ACCOUNT)

For the Year Endinig June 30, 1961

### RECEIPTS

FEDERAL AID: National School Lunch	\$ 1,511.06
STATE AID: Building Aid	2,700.00
LOCAL TAXATION: Current Appropriation	†113,748.00
FROM SOURCES OTHER THAN TAXATION:	
Elementary School Tuition	\$ 1,470.00
Secondary School Tuition	25,570.69
Other (Dr. Tr. \$360.00. Sale of Supplies \$100.00. Title III \$298.83)	758.83
	<hr/> 27,799.52
TOTAL RECEIPTS	\$145,758.58
Cash on Hand Beginning of Year, July 1, 1960	1,289.03
	<hr/>
GRAND TOTAL	\$147,047.61

### PAYMENTS

#### ADMINISTRATION:

Salaries of District Officers	\$ 410.00
Superintendent's Salary (local share)	*1,568.27
Tax for Statewide Supervision	474.00
Salaries of Other Administrative Personnel	1,778.20
Supplies and Expenses	1,202.56

#### INSTRUCTION:

Principal's and Teachers' Salaries	78,871.50
Books and Other Instructional Aids	2,049.05
Scholars' Supplies	3,438.77
Salaries of Clerical Assistants	1,080.00
Supplies and Other Expenses	2,122.99

OPERATION OF SCHOOL PLANT:

Salaries of Custodians	5,182.50
Fuel or Heat	3,402.86
Water, Light, Supplies and Expenses	2,634.00

MAINTENANCE OF SCHOOL PLANT:

Repairs and Replacements	4,487.78
--------------------------	----------

AUXILIARY ACTIVITIES:

Health Supervision	2,567.82
Transportation	6,760.00
Tuition	304.60
Special Activities	1,778.45
School Lunch (Federal & District Funds only)	‡1,511.06

FIXED CHARGES:

Retirement	5,975.17
Insurance, Treas. Bonds and Expenses	2,304.50

CAPITAL OUTLAY:

Land and New Buildings	769.36
New Equipment	3,741.38

DEBT & INTEREST:

Principal of Debt	9,000.00
Interest on Debt	1,426.00

TOTAL PAYMENTS FOR ALL PURPOSES \$144,840.82

Cash on Hand at End of Year, June 30, 1961 †2,206.79

GRAND TOTAL \$147,047.61

†An additional amount of \$6,116.96 is due the School District on the 1960-61 appropriation.

‡\$1,511.06 of this amount was the Federal reimbursement.

\*Newport \$3,853.40, Sunapee \$1,230.12, Springfield \$257.21, Croydon \$141.00, State of New Hampshire \$2,500.00.

# REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of New London:

I submit herewith my fourteenth annual report as Superintendent of Schools.

This year it seems appropriate to concentrate on the major building expansion program of the New London Schools — now well under way.

Some important steps in the Building Program:

## **March 9, 1961**

The Annual District Meeting authorized the expansion of the Central School Plant and voted to issue \$493,000.00 in bonds for this purpose by a count of 183 to 88.

## **April-June, 1961**

The architectural firm of Alfred T. Granger Associates of Hanover worked with the School Board and Building Committee in deciding building details and prepared final working drawings and specifications for bidders.

## **May 19, 1961**

Minimum wage rates — as required by Statute on public buildings — were established for the New London project by Robert M. Duvall, Commissioner of Labor.

## **May 24, 1961**

\$493,000.00 of New London School District bonds, dated June 1, 1961, were sold to Kidder, Peabody Company at an interest rate of 3.4% — authenticated by First National Bank of Boston with legal approval of Storey, Thorndike, Palmer & Dodge.

## **June 6, 1961**

Building plans were approved by the New Hampshire Department of Education — qualifying the project for 30% of the cost from State Building Aid Funds.

### **June 8, 1961**

Following an appeal by the New London School Board on the minimum wage rates established for this project, and a hearing before the Appeal Board of the Department of Labor on June 5, 1961, minimum wage rates were substantially lowered in each of the contested categories.

### **June 20, 1961**

Construction bids were publicly opened with R. E. Bean Co., Inc., of Keene, low bidder.

### **July, 1961**

The Whittemore land was purchased for \$12,000.00.

### **July 7, 1961**

Contract for building construction was signed with R. E. Bean Co., Inc., in the amount of \$415,524.00.

### **January 15, 1962**

Construction was estimated to be half completed.

### **August 5, 1962**

Substantial completion date as set down in contract.

### **September, 1962**

Occupancy for 1962-63 School Year.

## **BUILDING PROGRAM — FINANCES**

In addition to the bond issue of \$493,000.00, two sources of additional revenue will make it possible to provide several desirable services — not included in the original building estimate.

1. Re-investment of parts of the funds received from the bond issue in short-term U. S. Treasury Bills will yield slightly in excess of \$5,000.00 in additional funds.
2. Approval by the New Hampshire Department of Education of the furnishings in the two new Science Laboratories as a National Defense Education Act — Title III project. \$5,275.00 will be received by New London from N. D. E. A. sources.

In anticipation of this additional revenue, it was possible to provide for connecting the heating system of the present Central building with the new boiler room. One heating system, using heavy oil, will supply the entire plant. This should result in both economy and efficiency.

It now appears probable that it will be possible to provide the electronic equipment for a Language Laboratory. This would provide facilities much needed in present-day training in the aural-oral method of instruction.

## CONCLUSION

Placing a new school plant in operation next September and the accompanying re-organization will doubtless produce some minor problems and difficulties. I hope that students, parents, and school personnel will accept any temporary inconveniences with the understanding that our ultimate objective is to provide a better educational offering for the young people of New London.

Respectfully submitted,

GORDON B. FLINT, Superintendent of Schools

## REPORT OF TEACHER CONSULTANT

Departing from the usual format of reporting in a variety of activities connected with this position, I should like to devote my remarks to only one area of the curriculum which has, during recent years, taken on new importance and shifts of emphasis — MATHEMATICS.

Much has been written in this field, and many groups and researchers have experimented with subject matter beyond that found in standard arithmetic texts, demonstrating that pupils can learn with enjoyment and understanding much more mathematics than that to which they have been traditionally exposed.

It is true that the results of standardized tests have shown

that we "measure up" quite well in terms of national norms, but it is also true that these measures are based almost entirely on computational efficiency rather than a deeper understanding of the structure, power, and beauty of mathematics. It is not, therefore, out of a sense of failure that we take a closer look at this important subject, but rather out of a sense of duty and responsibility to our young people in this rapidly advancing technological age.

During the first semester of the school year, it was most encouraging, and much to the credit of our school system, to see a number of elementary and secondary teachers attend, on a voluntary basis, a series of math meetings under the leadership of Mr. George Cunningham, Director of Mathematics Education from our State Department of Education. Here, they received first-hand experience in the newer approaches to this subject, recognizing at times that some of the "new" ideas were only a new language for ideas already known. Emphasis was given to the idea that the properties of numbers were as important as the actual computation with numbers; that the nature of the operations with numbers was as important as the answers obtained; and that mathematics can be fascinating to many people not only because of its utility, but also because it presents opportunities to create and discover.

The effect of changes already realized in Junior and Senior High School math has, and will continue to influence the elementary school curriculum and there is sufficient reason to expect that a major change will take place in the elementary arithmetic program within the next few years. We believe that our Union #43 Math Study Group was a significant first step in becoming familiar with some of these inevitable changes. New text books in math are reflecting these changes, but much is still in the study and experimental stage, and many publishers have not yet plunged into a complete series for all levels. They have, however, made available supplementary and enrichment material which will strengthen present programs.

A new mathematics guide for New Hampshire schools, tentatively developed at a special week-long conference last April, is now being reviewed, edited, and will receive wider

distribution throughout the state by next year. This will reflect much of the "modern" trend and will be a stimulus for local school systems to improve the mathematics curriculum.

In summary, it might be said that our brief look into "newer" approaches to mathematics education is but a period of readiness for what is to come. As studies and research now going on throughout the country continue to show success, we can expect that within a few relatively short years, (1) a much higher level of mathematics will be taught at all grade levels, (2) that arithmetic programs will incorporate many new topics not generally found in the traditional school curricula, (3) the precision of the language and vocabulary of mathematics will give way to greater thinking, understanding, and learning.

Respectfully submitted,

ALPHONSE J. SOUCY, Teacher Consultant

## REPORT OF THE PRINCIPAL TO SUPERINTENDENT GORDON B. FLINT

Dear Mr. Flint:

I submit herewith my annual report as Principal of New London Central School.

The ever changing needs of our graduates as they continue their education in post-secondary schools or enter the various fields of employment are becoming increasingly important to those who have the privilege of working with them. In order to cope with the necessary changes in the many areas of education in the school of today, there has to be a never-ending study of these areas if the best possible solution of the needs of the young people will be found and used in planning the program of the school.

This past year the School District of New London took an important step toward meeting one of these needs. The new building and the alterations in the present buildings will make it possible for the first time to have single elementary grades, the necessary classroom space for the high school, a school library, and rooms for specialized areas such as the language laboratory, adequate science laboratories, homemaking, indus-

trial education, music, commercial, art, guidance, mechanical drawing and physical education.

All this though, is only the beginning. As the number of pupils increases and as the demands from the outside increase the number of services demanded from the school increases also. Without any further study, two of these needs are apparent — a librarian and a guidance director.

I hesitate to label one of these needs more important than the other since I realize both of them are important.

A school library is a must if the pupils are to be given the educational opportunities so necessary today. The library alone however, even though it may have all the necessary books and reference materials in it, is not enough. The services of a librarian, and it might be a part-time librarian at first, are as important as having a teacher in a classroom.

The services of a guidance director are equally important. Although it is an old cliché, I might say that we have no problem children but we have a great many with problems. As Mrs. Ruth B. Craig, Director of Guidance, New Hampshire State Department of Education, said at a recent P.T.A. meeting, "discipline and guidance do not go together". Some of our present teachers are doing some outstanding work in guidance, but the time element allows them to work with only a few pupils. The services of a guidance director, and as with a librarian, it might be a part-time guidance director at first, are as important as the other phases of our educational program. I am sure the parents are as cognizant of this need as the teachers are who are trying to fill the gap at the present time.

The increasing difficulty confronted by seniors trying to get into a college of their choice or into one that will give them the kind of education needed by them warrants serious thought in the near future to providing the two services.

One of the services, the librarian, is important if we are going to give our young people a full education; and the other, the guidance director, is important if we are going to help them prepare for and be ready for the demands made on them when they graduate from high school.

Respectfully submitted,

ROBERT J. LIVINGSTON, Principal

# REPORT OF SCHOOL NURSE

January 1961 — 1962

- 310 School room contacts
- 134 Home contacts by calls and telephone
- 276 Conferences, includes 44 students advised
- 354 Heights and Weights recorded, and inspections of heads, skin, teeth and for vaccination
- 179 Physical examinations by Drs. Ohler and Clark of new people in the schools and members of athletic teams
- 29 Transported to homes, hospitals and clinics
- 64 Physical defects recorded and reported to parents
- 315 Vision and hearing tests
  - 2 Re-tests
- 48 Vision defects recorded and reported to parents
  - 9 Hearing loss recorded and reported to parents
- 196 Patch tested for TB by Mrs. Sullivan, R.N.
  - 1 Positive reactor chest X-rayed at Clinic
- 128 Exclusions for communicable diseases and other illnesses
- 26 Referred to family physicians; for dental care, eye examinations and to clinics
  - 2 Class Health Talks, and much individual instruction and advice
