JOHN H. BURKE,

JAMES O. GERRY,

*Selectmen of Madison, N. H.*

We, I. W. Frost and A. H. Reynolds, auditors for the Town of Madison, N. H., for the fiscal year ending Jan. 31, 1923, hereby certify that we have carefully examined the accounts of the Selectmen and find them properly cast and well vouched.

ISAAC W. FROST,

A. H. REYNOLDS,

*Auditors.**To the Citizens of Madison:*

I herewith submit my second annual report as superintendent of schools, it being the tenth in the series of such reports.

The co-operation of the school board, teachers and citizens has made larger accomplishments possible.

## REPAIRS

The Madison Corner schoolhouse has been improved by the building of better toilet accommodations, new blackboards and paint and varnish inside. I recommend that during the coming year special attention be given to painting the buildings and providing single adjustable seats and desks.

## MEDICAL INSPECTION

The results of the fall inspection show much trouble among the pupils with defective teeth, bad tonsils and adenoids. This same condition obtained last year. We need the help of a follow-up nurse to stress the work of correction of these defects. I suggest the Madison might well co-operate with Chocorua in employing the community nurse who would have the schools under her special care.

## HIGH SCHOOL

A fine high school building has been erected and a live school of thirty-four pupils is proving the wisdom of the erection. The third and fourth years have been added to the curriculum. Headmaster E. C. Conner and his assistant, Miss L. May Quimby, are working hard for the school welfare and some fine results are being accomplished. A good standard of scholarship is being maintained. The attendance is regular. A very successful play was given last fall, netting a good income. A parliamentary English Club has been formed which holds meetings weekly and edits a school paper, the "Madisonian."

The student body is composed of a fine type of boys and girls who are destined to make a mark in the world. We expect to graduate three young ladies this spring. I am very anxious that a goodly number, as they graduate from year to year, will prepare for teaching. We must send

out candidates who will prepare to teach if we are to have successful teachers for our own schools. As far as I know, there is no one from this town who is now in normal school. We must change this. The hope of the future lies in the training of the boys and girls.

I appreciate the public spirit of the people in erecting and equipping the building. I appreciate the hard work of the building committee. I also appreciate the gifts from individuals and clubs.

The Woman's and Mothers' Clubs gave the piano.

The Woman's Club gave a clock for the main room.

The Mothers' Club gave a clock for the assistant's room.

The Mothers' Club gave a blue flame stove.

Prof. George Chase gave Encyclopedia Britannica.

John F. Chick gave books for a reference shelf.

In conclusion let me say that I appreciate the cordial spirit of the school board, teachers and citizens, and that I treasure the kindly spirit of the boys and girls.

Respectfully submitted,

F. W. JACKSON,  
*Supt. of Schools.*

February 10, 1923.
