In the above amount of receipts, the Selectmen have included the sum of \$88,04 being the Town's proportion of the avails of the Public Lands, agreeably to the Resolution of June 23, 1848—which sum is required to be expended in the same manner as the Literary Fund is required to be expended.

It may deserve the consideration of the Town, what directions they will give the Selectmen, respecting the disposition of said sum.

The amount received by the Overseers of the Poor, on account of the Town Farm, and of the Paupers, (exclusive of \$593,04 received of the County for the support of County paupers, April, 1848) is 412 55

There appears, by the report of the Selectmen, to be due from the County for the support of County paupers to March 13, 1849, 570 45

Deduct excess of inventory of Feb. 24, 1849,	62 19
	<hr/>
	172 68

It thus appears that for the past year, the Farm has failed to support the paupers by the above sum of \$172,68.

The Auditors have found the foregoing accounts of the Selectmen well vouched and correctly cast.

They recommend to the Town to raise the sum of \$800 for the current expenses of the ensuing year.
