YOUR library—and you certainly are making it more YOURS each year, is still growing. We have added books this past year which are a help and a credit to any town. Our shelves are filling up and our children are becoming more and more interested in good reading. We hope that through this town institution, our citizens will find means for improving their leisure moments and our children be

made better citizens. If there are books which you would like to see on the shelves, let us know.

The trustees would appreciate any suggestions which might help to broaden the choice of books. We want your friendly interest in this branch of your town work. It is decidedly worth while.

Perhaps no one knows better the value of good reading than our friend Dr. Berle to whom we owe a word of thanks for his donation of \$10 for books for the children.

BESSIE M. LITTLE,
ADELBERT H. CROSS,
ETHEL H. COLBY,

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens:

For several years, no Budget has been printed as a part of the School Report. This year the School Board's Estimates for the coming year is printed, and also, for purposes of comparison, the current budget for 1935-36. It is felt that citizens can vote more intelligently if the budget is before them.

At last year's annual meeting a cut of \$500 was made on the School Board's budget presented there, possibly because it was not fully understood that the Board had already deducted \$885 from their final figures because of a cash balance estimated as likely to be on hand at the close of the year, June 30, 1935. The Board's estimates had been very carefully made and the cut of \$500 leaves the Board short of money to complete the school year. The raising of \$500 for this purpose at the coming district meeting is called for under "Special Appropriation Proposed."

In general any enterprise is better conducted without too frequent changes of its personnel. After a period when few changes have been made, we have this year been sorry to lose Mrs. Fifield as School Nurse, Mrs. Anderson as teacher at Putney Hill, and Miss Currier as teacher of music. We believe, however, that their successors will carry on in a creditable manner.

Mrs. Fifield's report for last year is as follows: "A dental clinic was held in November 1934. Dr. Baldwin was here two days and saw nearly all the pupils of both schools. 93 fillings, 25 extractions and 13 cleanings were done. Five pupils were taken to the oculist by the nurse. Five trips were made for special dental treatment and x-ray. Visits were made to all the homes and the pupils'

condition discussed with the parents. The teachers have encouraged the pupils to form daily health habits and in the Putney Hill School the daily check up on dental care resulted in marked improvement in the cleanliness of the teeth."

The statistical table shows a satisfactory drop in cases of tardiness, mentioned as excessive in last year's report. We understand that more pupils will be attending high school next year.

Respectfully

GEORGE W. SUMNER.
