SCHOOL REPORT

—OF—

**LEMPSTER
NEW HAMPSHIRE**

1929-1930

REPORT OF THE
SUPERINTENDENT OF SCHOOLS

To the Lempster School Board:

I herewith submit my first annual report as superintendent of schools.

I began work as superintendent in Union No. Five on August First and found that Superintendent Gilmore and the Lempster School Board had everything ready to begin school, except a few repairs which were being made.

The most important parts of a school system are the pupils, next the teachers, then those necessities, houses, heat, books, and scholars' supplies, and after these many important helps of which we should have as many as we can afford. We must, however, be careful not to neglect the foundation to build a too artistic exterior.

Pupils are not alike, some are quiet, others are full of energy; some remember an object or fact by associations, others by direct eye or ear images; some do better if left to work things out by themselves, others need help and guidance. While I believe in tests, it is my opinion that we do not need an elaborate card system showing all the backgrounds of the children in our small schools as much as we need common sense teachers who will visit the homes and stand ready to help with kindness the individual pupil.

At the East Lempster School where the greatest skill is required we were fortunate to hold Miss Viola Davis from last year's force. Miss Anne Eaton, an experienced teacher, began work at the Street School last fall, and Miss Priscilla Fay, a three year Keene Normal graduate, at the Cragin School. Your teachers are well prepared, enthusiastic, and are using good methods of teaching. Music has been taught interestingly by Keene cadets.

The schoolhouses are light and comfortable. Parents and teachers should impress upon the children the necessity to keep all property clean and without scars. This makes an excellent lesson in citizenship. Books are in good shape except that there should be more supplementary readers and new geographies.

Sickness kept several out of school at the opening of the fall term. A few absences at the Cragin School, I feel, were unnecessary, but in the main attendance has been good. Mrs. Hasham, your school nurse, has done efficient work.

There are several improvements that would be helps to pupils and teachers. It is well for us to consider these even if it is not possible to make any of them this year. Some of them are, electric lights, radios, running water, more playground apparatus, and a larger playground at the Cragin School.

I wish to thank the Lempster School Board for their help and patience and the teachers for their cooperation.

Respectfully submitted,

WALTER L. MASON.
