JOHN L. BUSWELL.

---

 THE ELIZA SMITH FUND.

In the hands of the selectmen,	\$100.00
Interest on same,	2.00

## SCHOOL REPORT.

---

The Board of Education for the town of Loudon, respectfully submit the following report for the year ending March 1, 1891.

It is always a pleasure to give a good report. We can do so this year. Our schools have all moved on without any serious break or jar; each term has been a success. Not all have been perfect, but as much has been accomplished as we could reasonably expect. The closing exercises in several of the schools were made very interesting by recitations, declamations and dialogues. The children seemed delighted with their work and their teachers. Several of our best teachers in town still occupy their position in the schoolroom, and it is a pleasure to thus publicly express our gratitude to them for their faithful and untiring labor.

A worthy citizen of our town offered a prize for the best recitation in United States history, and although only a few entered the contest, yet several of those who did won for themselves much credit. We hope that in the future more of our scholars will acquaint themselves with the history of our country. It might be well to expend a few dollars in prizes given for the greatest improvement in penmanship, and for the best declamation, or the best recitation in analysis or any other branch of education. The occasion might be made one of pleasure and profit to the pupils of our town. Something is needed to awaken a deeper interest in education.

As there was no money raised beyond that required by the statute, we could give you only two terms of school

during the past year. We recommend that a small sum of money be raised by taxation above that required by law. With this aid and the sum there is remaining in the hands of the treasurer, there will be sufficient funds to maintain three terms of school during the year to come. It will be necessary to raise money each year for the repair of school houses. Some of the school houses have been repaired and painted and still others need it.

The report of the treasurer will show what disposition has been made of the funds at our disposal. It has been the intention of the present board to expend it economically and impartially.

The number of schools have been somewhat reduced under the present system and may be reduced still more when the school houses are properly located. If the present law is made permanent and more fully accepted then will all its advantages be realized.

In closing these brief remarks we would say that of all the privileges bequeathed us by the founders of our grand republic, none is greater than the institution of common schools. They have nurtured us in youth, and now it becomes us to sustain and cherish them.

WILLIAM W. CATE,

GEO. W. ROWELL,

A. L. OSGOOD,

School Board of Loudon.

## ROLL OF PERFECT ATTENDANCE.

### SUMMER TERM.

Frank E. Tilton,	Mary Brown,
