REPORT OF SCHOOL BOARD

The progress in school work during the past year has been marked by the customary success and there are few changes to be reported.

We were fortunate in securing the services of F. W. Dudley, a former principal of the High School, for the same position again.

Rhetoricals have been introduced and an effort is being made to raise the standard of the School. A class of eight was graduated in June. Through the efforts of the members and alumni a piano was obtained for the High Schoolroom in the early fall.

More than the usual amount has been expended for repairs, but only work that was imperatively needed has been done. Several of the Blackboards at No. 1 have been completely rebuilt.

The schoolhouse at Patches Corner has been improved by shingling, rebuilding of piazza and painting, and Districts 4, 8 and 10 are still having union sessions there.

It was thought best in the fall to reopen school in No. 6 and also at No. 3, the scholars from No. 11 being accommodated at No. 3. We intend that the outlying schools shall have the same number of weeks as the village primary, so that pupils of the same grades may have the same amount of schooling per year.

We are glad to note that interest in the schools seems to be awakening and confidently expect further advancement in the future.
