**REPORT OF THE SUPERINTENDENT
OF SCHOOLS**

To the School Board and Citizens of Benton:

I herewith present my first annual report as Superintendent of Schools.

In the reorganization of the supervisory unions of the State last May Benton was taken from the Haverhill Union and added to the Lisbon Union. This union, now consists of the following towns or districts: Benton, Easton, Franconia, Landaff, Lincoln, Lisbon Special, Lisbon Town, Lyman and Sugar Hill.

The total school enrollment for 1933-34 was 41. The number of non-resident pupils was three. In addition to those in the town school, the district paid tuition for four elementary and six high school pupils who attended school in other towns. The percent of attendance was 86.68, and the number of cases of tardiness 44. The present enrollment of the school is 40. It has been necessary to purchase five more desks to accommodate all these pupils. This is the largest rural school in my union and much too large for one teacher. Miss Holmes is doing a good job of teaching in a very difficult situation.

Mr. Janes decided last year to introduce the Gates-Huber system of reading in the first three grades. This is one of the best reading systems in the country and should improve the teaching of reading in your school. I have bought new histories for

the fourth and sixth grades, new geographies for the fifth grade, and a new wall clock. There are still a number of old and worn-out books which should be replaced next year. Your greatest need in the way of equipment is more blackboard space.

It is very desirable to continue to qualify for state aid. The amount received from the state this year was \$416.93. Next year's allotment should be more than this.

Respectfully submitted,

F. LESTER TRAFTON
