SUPERINTENDENT'S REPORT

The equalized valuation of Chatham is \$345,517, the same as last year, and the amount of the \$5 tax will be \$1,727.59. Next year's per capita tax will be \$90. Unless something unforeseen occurs, this year should close with no deficit. The amount of state aid for next year will be known at the time of the March meeting. There is nothing unusual to report except that due to removals there are fewer pupils in school than last year. The schools however, are all doing good work and attendance has been excellent.

Seven pupils completed the work of the eighth grade last June and at the Eastman school interesting graduation exercises were held for a class of four.

In general the health of the pupils is excellent but the medical inspection discloses the need of dental attention in a large number of cases.
