Fire Warden's Report.

The Forest Fire Warden hereby submits the following report for year ending Feb 15, 1909:

Being informed early in May by the N H Forestry commission that the law required that I should take charge of all brush fires not under control, I have tried to do my duty.

The past season was very dry, therefore we had several fires which did more or less damage that required help to extinguish. I, on behalf of the town, wish to thank all who helped, especially the selectmen for assistance and advice, also the members of the Barnstead Parade Fire Co, who were so prompt and efficient in their work.

School Report.

Another year has passed and your humble board begs leave to submit the following report:

Schools which have been up to the average standard have been maintained in all districts in town except at the Dennett and Lock's Corner, where they were discontinued during the fall and winter as the children in those districts could be given better advantages at less expense elsewhere, as the treasurer's report shows.

Your board has been unusually fortunate in securing good teachers, a though unforeseen changes have caused some delays and extra expense.

Repairs have been made by shingling the house at Lock's Corner, and painting outside at the Centre, Parade, Dennett and Beauty Hill.

Those at the South, North, Tasker and Bickford also need painting outside as well as some repairs inside, among which we would mention blackboards first of all.

We were somewhat surprised as well as pleased this year to receive \$186 58 from the state which increased the length of the school two weeks.

If the town will raise an equal amount in addition to what was raised last year we hope the schools may be maintained thirty weeks next year.

Because we have received state aid this year is no sign that we shall next, but one thing is quite certain, we shall not unless an effort is made on our part to increase the length of the school year.

Again we urge all parents and friends to visit the schools and encourage both the teachers and pupils.

Respectfully submitted,

CORAN K. DAVIS

FRANK G. FOSS
