109th ANNUAL REPORT FOR THE YEAR ENDING DECEMBER 31, 1964

City Of Dover, New Hampshire, Annual Report

GENERAL GOVERNMENT

Report of City Manager

Honorable Mayor, members of the City Council and citizens of Dover, New Hampshire:
In order that you may become better acquainted with some of the activities and achievements of your local government during the past year, it is my privilege and pleasure to present to you the Annual City Report for the year 1964.

This report is as comprehensive as space will permit. Complete records are kept at City Hall and are available to the public. It is my hope that anyone interested will feel free to examine these records at any time.

During 1964 several programs of note were completed and several instituted including:

Completion of the tax revaluation with Dover being the first city in the State to use 100% of 1963 market value. A full-time Economic Department was established and an Economic Director retained.

A complete Fire Underwriters survey was completed. The Finance Director reported a surplus of over \$100,000 as compared to a deficit of over \$78,000 four years ago.

All tax anticipation notes were repaid by December 31st for the second year which was the first year in several that this requirement had been met.

A full-time Building Inspector was retained and a program instituted to demolish dilapidated buildings unless they were repaired. A program to remove junk cars that were being accumulated at many locations throughout the city was initiated.

Dover was certified for Federal Urban Renewal funds for the first time since 1961.

The completely revised Zoning Ordinance was passed as well as the Housing Code. It is hoped that Housing Code will retard and correct some of the blight that has been developing in the city.

The new Juvenile Officer program has very quietly and efficiently been working with the youth problem. The new walkie-talkie radios for foot patrolmen in the Police Department will not only make the work more effective but will reduce costs.

A program to establish a new improved mechanized water billing system was completed and a shut-off policy on delinquent accounts was adopted by the Water Board.

Parking was improved by the contract for the Chestnut Street lot and the widening of Henry Law Avenue as well as the proposed new off street lot at the Belknap Church site.

The remodeled Police Station provided a much needed improvement and was well received by nearly 5,000 visitors at open house.

Plans continued on the new Children's Room at the Library and completion should occur in 1965.

The Dunaway Charitable Trust offered the city up to \$100,000 toward an estimated \$200,000 indoor swimming pool attached to the Recreation Center. Whether or not the community will respond to this offer is still in doubt but the committee deserves a lot of thanks for the work it has done.

Economic Development, educational facilities, downtown improvement and positive program within reasonable tax income are the challenges faced by Dover in 1965 and the immediate years ahead.

I wish to thank the City Council, Department Heads, Boards and Commissions and all city employees for their help and dedicated service to the City of Dover in 1964. Without their cooperation this progress would not have been possible.

Respectfully submitted,
Donald E. Chick,
City Manager.

Report of City Clerk And Purchasing Agent

I herewith submit the report of the City Clerk and Purchasing Agent for the year 1964, divided into five intra-departmental agencies, namely: Elections, Administration and Revenues, Vital Statistics and Purchasing.

ADMINISTRATION AND REVENUES

The operation of the City Clerk's office during the year 1964 entailed the customary check of all records, issuance of a large number of certificates, recording Uniform Commercial Code Statements and all Vital Statistics.

The following is a computation and summary of money collected for licenses, permits, certificates and various legal documents.

Dog Licenses	350.00	
Taxi Licenses	346.12	
Plumbing Licenses	555.00	
Marriage Licenses	70.00	
Pinball Licenses	70.00	
Pool & Billiard	1,590.00	
Auditorium Rental	4,338.00	
U.C.C. Fees	79.50	
Discharges	90.00	
Bowling Alley Permits	325.00	
Birth Certificates	122.00	
Marriage Certificates	413.00	
Death Certificates	94.72	
Miscellaneous	3.50	
Voting Certificates		\$13,099.34
Total	1964	1963

VITAL STATICS

Births	629	609
Marriages	213	227
Deaths	288	268

PURCHASING

The Purchasing Department conducts centralized purchasing for common supplies and processes and reviews specifications, requisitions and bids. The practice of competitive bidding and centralized purchasing results in great savings to the City.

CITY COUNCIL ACTIVITIES

During the year 1964 the City Council participated in the following legislative sessions:

- Twenty three Regular Meetings.
 - Six Special Meetings.
 - Four Public Hearings.
- Total — Thirty Three Meetings.

One of the many functions of the Council is to introduce, amend, pass or repeal ordinances and adopt resolutions. This year seventy-eight resolutions were adopted, six ordinances passed and many petitions and communications handled.

In addition to the duties listed in this report it should be mentioned that the council gives freely of their time and effort. They are available to their constituents by phone or personal contact to listen to their suggestions and complaints. They attend various meetings and public functions and serve on various Boards and Commissions.

It is hoped that this report will serve to point out the fact that your City Council is a very important part of City Government and is comprised of hard-working, civic-minded men.

Report of District Court

Herewith is my report as Clerk of Dover District Court for the year 1964.

A total of 1329 cases were disposed of during the year by the court. This represents an increase of 325 cases from the previous year during which 1004 cases were handled.

Motor Vehicle violations totaling 960 accounted for the major portion of cases heard in court. This represents an increase of 267 cases from the previous year.

A total of \$26,391 was received during the year for all fines collected, an increase of \$7,674. Of this amount Motor Vehicle Department received \$11,514.06; Fish and Game received \$48.00; Employment Security \$12.00 and \$14,574.74 was retained by the city.

1964 was the first full year of the new formula concerning fines, where the city share was the first \$10.00 plus 20% of the remainder, accounting for the sizeable increase in revenue to the city.

On July 1, 1964 the name of the court was changed from Dover Municipal Court to Dover District Court as called for by a passage of the District Court bill in the 1963 session of the legislature.

The towns of Barrington and Madbury come under the jurisdiction of Dover District Court. They pay no expenses of the court, nor do they receive any of the income from fines.

66 Small Claims were processed during the year. Juvenile cases numbered 50 a drop of 22 from the previous year.

Report of City Attorney

As far as the office of criminal prosecutor in the Dover District Court is concerned reference is made to the records of the Dover Police Department and the Dover District Court.

As corporation counsel the City Attorney provided advice to the City Council and to all department heads, committees and boards when requested.

The tax abatement cases brought against the City of Dover by Franklin Square Corp. were settled as was the case of Baxter vs The City of Dover. The action of the Dover Housing Board vs William Colbath has been transferred to the Supreme Court of New Hampshire. The case entitled Hermer vs City of Dover is awaiting hearing before the New Hampshire Supreme Court.

The usual number of ordinances and resolutions were drafted for action by the City Council along with a number of leases, deeds and agreements. All contracts to which the City was a party were examined and approved prior to execution.

Report of Cemetery Dept.

ANNUAL REPORT

1964

This department had 130 interments and 7 entombments during the year 1964.

Number of lots sold were as follows: Ten Single graves, 18 Two Grave lots, 1 Three grave lot, Four 4 grave lots, 1 six grave lot and 1 Eight grave lot.

Avenues receiving asphalt seal coat were: Walnut, Cypress, Oak, Linden, Willow, Maple, Catalpa, South, North and around the chapel. Avenue E. was graded and penetrated with asphalt.

Foundations for 31 monuments were poured and markers set.

Foundations for 49 grave markers were poured and markers set.

Much extra work was added due to vandalism. Extensive damage was done to the chapel windows, well houses and monuments.

The Waldron and Roberts Cemetery were mowed and cared for as needed however, the Roberts Cemetery is not as it should be due to an accident which tore down half the fence and repairs have not been completed as yet.

The Waldron Cemetery had a bronze tablet removed from its premises but has now been located and will be returned to the cemetery.

In closing, I wish to thank the Trustees of Pine Hill Cemetery for their efforts to improve Pine Hill Cemetery.

Report of Health Dept.

Donald Chick, City Manager,
and Dover City Council
Gentlemen:

The Dover Health Department has been active in promoting sanitation in the best interest of its citizens in the community.

The most important, was to place special emphasis on the distribution of food and its cleanliness, especially in restaurants and grocery stores. Inspections were made periodically during the year, and recommendations were made pertaining to sanitation and public health. In restaurants, special attention was given to the kitchens and to its equipment for the storage of food. Lavatories also came under a strict rigid inspection to insure cleanliness to all patrons.

At the beginning of the school year, all schools were inspected. This included all public and parochial. Lavatories were especially inspected, some recommendations were made to the janitors, and these were taken care of at once. Schools that serve food also came under this inspection, and all schools were in very good order.

Milk samples were taken and sent to Concord for testing of bacteria, and water samples were taken every month in different places, also included were water samples of all schools for the same test.

ANNUAL ACTIVITY REPORT FOR 1964
MARCH 28, 1965

I. GENERAL:

1. Surplus vehicles acquired as follows: (a.) 1,500 gal. tank truck for Fire Dept. (Reo-Studebaker). (b.) Stake Body Truck 2 1/2 ton for P.W. Dept. (Chev.). (c.) Tractor for County Farm (Oliver). (d.) 2,500 gal. tank trailer for P.W. Dept. (e.) 5,000 gal. tank trailer for Fire Dept. (f.) Pick up truck for 1 1/2 ton (Ford) for P.W. Dept. (g.) Chevrolet Sedan (1957) for P.W. Dept.

2. The Stafford County Farm (Riverside Rest Home) was placed under the Dover Plan by State C.D. Hq. as an Emergency Refugee Center. This enabled the Riverside Rest Home to obtain surplus equipment.

3. The Dover Plan was approved by Region for the fiscal year '64-'65 on June 23rd.

4. Surplus equipment was obtained for all Dept's. also radio equipment under the Matching Funds Program.

5. National C.D. control was placed under the Army from the Defense Dept.

6. E.B.S replaced Conelrad as National Warning System.

7. Dover Civil Defense was honored at a Chamber Breakfast meeting. Talks were given at the American Legion Auxiliary on our Shelter Program. A film entitled "About Fallout" was shown. In February at Somersworth "About Fallout" was shown. In February at Somersworth for the forming of a new C.D. Organization there also at a follow up meeting in March. In July and August on the WTSN about the Water Shortage in the area and the Dover Plan, with Mr. Chick and Mr. Alfred Morin participating.

II. RESCUE:

1. A highlight for the year was the Rescue Squad winning second place in a National Contest sponsored by the Blackhawk Industries in the best use of their tools for the year 1963. A Blackhawk Power Tool was used to extricate trapped victims of an auto accident in Dover during 1963.

2. The limited Disaster Test of May 19 at the St. Thomas Aquinas High School proved one of the best yet,

this was a simulated aircraft crash. Another held on Nov. 18 at the New National Guard Armory was very good, this was a simulated School Bus crash.

3. Many fire and accident calls were answered throughout the year including help to a relay case from Brunswick, Maine, to Ft. Edwards, N.Y.

4. The Squad participated in the Great Day program, the Peewee League games.

5. Special life saving courses were attended as well as first aid refresher courses under the direction of Mr. Russell Newell, Jr., Rescue Chief.

III. RADEF:

1. New Shelters were stocked as follows: The St. Thomas Aquinas High School; Union block; St. Anne Home for the Aged; and the Woodman Park School; two facilities were upgraded, these were the Wentworth-Douglass Hospital and the Post Office, under the direction of our Shelter Coordinator, Mr. William Ramsden.

2. Monthly meetings were held by the RADEF Monitor group under the direction of our Monitor Officer, Mrs. June Story.

IV. RACES:

1. The highlight for the year of this group was the conversion of the old coal bin in the basement of the Municipal Building into an Emergency Operating Center. Communication Nets were set with County (2 Meter) and State (6 Meter). The State Headquarters added a 6 Meter Radio with an emergency generator in event of a major power failure. Dover purchased a 2 Meter radio for County Net.

2. The E.O.C. was dedicated the "Capt. McConnell Control Center" on August 22nd. City Manager Donald Chick and Councilman Donald O'Kane participated in the ceremony.

3. The antennas were installed by Mr. Frank Swain and Mr. Russell Newell, Jr., for the E.O.C.

4. Tuesday nights were manned by the RACES group under the direction of the Communications Officer, Mr. Alfred Shevenell.

V. CB MOBILE

1. The highlight for the year of this group was the installation of CB Radios in the Dover Police Station and the Wentworth-Douglass Hospital, it was planned to have these on monitor 24 hours per day.

2. A CB Muster was held in July at the home of Mr. Leonard Daum with many units reporting. Mr. Donald Chick, City Manager, and Police Chief Richard Flynn participated in the program.

3. Civic participations were the following: (a.) Patroling roads during bad snowstorms and helping motorists. (b.) Christmas Day Parade. These activities were under the direction of Mr. Leonard Daum, CB Radio Officer, and Mr. Robert Elliott, Ass't. CB Radio Officer.

Respectfully submitted,
Gilbert V. Dolloff, Director.

Fire Department

During the year 1964 the Dover Fire Department was involved in the protection of life and limb of the citizens of the Community both in actual firefighting and in prevention measures.

The Fire Dept. was staffed by the Fire Chief and 14 permanent men, as of July 1st, when 4 new men were added to the force, making a total of 18 permanent men and the Chief. The hours were changed at this time, from 72 hours per week to 56.

All of the equipment of the Dept. is housed in the Broadway fire station and includes three pumping engines, an Aerial ladder, 1 Tank truck, a panel truck, chief's car, 500 G.P.M. trailer pump and a boat and trailer.

New equipment purchased during the year includes two SurvivAir emergency breathing apparatus, one salvage unit for removing water from the floor's of buildings, 1—800 gallon water tank for the international tank truck, 1 Hot water heater (oil fired) for the station, 1000 ft. 1 1/2 inch fire hose and 500 ft. 2 1/2 inch double jacket fire hose, a ceiling in one of the bedrooms had to be replaced, one 2 1/2 in. hydrant gate, three new hand lights, coats boots and helmets for the call firemen were replenished.

"A new record," total fire alarms for the year reached 612, of these 538 were telephone calls or still alarms, 63 Box alarms and 11 Engineers calls. One life was lost by fire during the year, but only minor injuries were suffered by firefighters.

Inspections of public buildings and shop's were conducted on a routine schedule, and schools were checked monthly.

Fire permits were issued for outside burning and totaled 2105, 173 permits were issued for the installation of power oil burners.

During the year there were building valued at \$581,000.00 involved in fires, claim's were made to the insurance companys for \$107,617.03 all of the claims were paid in full.

The State board of fire underwriters surveyed the city and made recommendations, some of the minor ones have been complied with.

Training for the callmen and permanent fireman was held regularly during the good weather, training film was used during the winter months.

Efficiency and preparedness is the prime factor involved within this department. All personnel are required to receive periodic training in the use of the equipment. They must also keep informed regarding new hazards and proficient in the modern achievements relative to their profession.

RECREATION EDUCATION AND School Department

The Honorable Walworth Johnson, City Manager Donald Chick, Members of the City Council, Members of the School Committee, and Citizens of Dover: I respectfully submit my annual report of the activities in the Public Schools of the City of Dover.

SCHOOL ENROLLMENT
The Dover Public Schools had an attendance of 3822 students on the first day of school in September 1964. This represents an increase of 120 over last year's figures of 3702. Of the additional 120 students, 39 are elementary and 81 are secondary pupils.

Our school enrollment figures on opening day for the past five years is as follows:

	1960	1961	1962	1963	1964
Dover High School	1002	1026	1041	1166	1247
Woodman Park School	953	976	1007	863	896
Horne Street School	615	630	627	679	647
Sawyer School	206	235	216	232	246
Pierce School	138	117	111	138	136
Ida B. Hanson School	134	118	108		
Hanson Extension at City Hall	27	24			
Hale School			105	102	113
Armory			16		
Garrison School				522	537
	3075	3126	3231	3702	3832

The Hale School was again pressed into service, and we are again appreciative of the cooperation of Reverend Francis Hogan of St. Joseph's Parish, for the use of the school building.

HEALTH SERVICES
The Dover School Department has a health service program comprised of two full time nurses and a half time nurse. This staff with the cooperation of the Dover Medical and Dental Societies give health appraisals to all pupils in grades one, four, seven and ten in all public and parochial schools - 1431 students.
As a result of the constant health vigil maintained by our nurses, 485 pupils were seen or treated by the family physician and 151 students were treated as a result of medical examinations by the Dover Medical Society Clinics. The Dover Dental Society treated 58 children as a result of examinations at the clinics.

SPECIAL EDUCATION
The Dover School Department subscribes to the philosophy of the inalienable right of every youngster, the exceptional as well as the gifted, to an education. There are two classes of special education involving educable pupils in operation at this time. These classes appear at the elementary level and have been effectively operated to the betterment of the individuals as well as the entire school system. Such classes should be instituted at the secondary level in the very near future.

ADVANCED STUDY PROGRAM
More than 100 college bound Dover High School students are being prepared in a way for their future education by having them meet once a week with University of New Hampshire professors in English and Physics. This is an effort to give more attention to these students who show superior ability in certain areas.

SUMMER SCHOOL
Over 240 enrolled in the Summer School this year, an increase of six classes over the previous summer. These students came from all the Dover schools and the cities and towns of Portsmouth, Rochester, Somersworth, Berwick, Rollinsford, Barrington and Farmington. Out of state students vacationing in this area came from Ohio, Connecticut, New York and Massachusetts.
The curriculum was designed to meet the needs of the children at all grade levels for enrichment as well as remedial purposes. The program included the "core" subjects, such as, math, reading, English and the social sciences, supplemented by enrichment courses in creative writing, personal typing and developmental reading added to the student curriculum.
Classes met at Dover High School Monday through Friday for a period of five weeks with each class 1½ hours in length between the hours of 8:30 and 11:30 a.m.

ADULT EDUCATION
The Adult Education Program, in its 18th year of operation, continues to meet the needs of the citizens of Dover. Some 14 classes with a total enrollment of 188 adults meet two hours each week for a period of ten weeks under the supervision of Mr. George Kay, Business Administrator. Courses are offered in the following fields of interest:
Bookkeeping for Beginners
Dressmaking for Beginners
Conversational French
Dressmaking, Intermediate
Dressmaking, Advanced
Fine Arts and
Arts and Crafts
Furniture Repair
High School Equivalency
Home Cake Decorating
Personal Typing
Rugmaking and Braiding, for Beginners
Rugmaking and Braiding, Advanced
Rugmaking and Hooking

Two federally subsidized special adult programs Machine Design and Apprentice Carpentry are being supervised by Mr. Joseph Herlihy at the Davis Vocational School. Machine Design is a National Defense Education project and has been in operation five years.
During this period of time, over \$50,000 worth of equipment has been received by the Dover School Department for use during the day as well.

MR. GEORGE J. KAY, BUSINESS ADMINISTRATOR
The Dover School Department was proud to announce the appointment of Mr. George J. Kay to the newly created position of Business Manager for the School Department.
Mr. Kay, a native of Dover, was for many years a teacher at the Davis Vocational School before his appointment as Assistant Principal at Dover High School. Provisions were made by the State Department of Education for five school business administrators and it was with this in mind that Dover applied and was granted permission to hire Mr. Kay as New Hampshire's first School Business Administrator.

TRANSPORTATION
Of the more than five thousand school children attending all Dover Schools, 2197 are being transported daily to and from school in sixteen city owned and operated buses. Of the total number of students transported, 1594 are elementary and 603 are secondary students. This entire operation involves 735 miles per day for 180 school days or 140,400 miles per school year.

efficient manner and can be proud of its progressive record. The School Lunch Program is mainly concerned with the health of the children. All requirements of the United States Department of Agriculture for a type "A" meal are included daily. The Federal Government donates many food products which enables this department to operate as well as it does.
State Department figures released recently placed Dover as the sixth largest school lunch operation in the State.

BUILDING IMPROVEMENT - MAINTENANCE

The School Department is responsible for maintaining nine school buildings. These buildings involve spaces comprising classrooms, corridors, special rooms, gymnasiums, lavatories and storage rooms that require not only daily cleaning, but weekly "field days" as well as the regular summer cleaning, painting and repair operation. The custodial staff is to be commended for the part they play in our educational system by providing a clean and healthy atmosphere in which our students and teachers work.

GOVERNMENT SURPLUS
For approximately twenty-three years the Federal Government has been donating surplus materials to the public schools of this country.
The Dover School Department has participated in this program since it was instituted twenty-three years ago. Since 1955, 1479 different items worth \$132,626 have been obtained, ranging from four tons of paper to automatic equipment, tools, cafeteria equipment, office furniture and files, machines for use in various sub-departments in the School Department.

APPRECIATION
The School Department appreciated the efforts and kindnesses of the various City Departments on its behalf.
The news media agencies of Dover are more than appreciated for their excellent coverage of school activities and events, and Foster's Daily Democrat, Manchester Union-Leader, WTSN, Dover, and WNNH of Rochester, all have made sizeable contributions in enabling us to present the educational endeavor of this department to the community.

MAJOR IMPROVEMENTS
Development of a complete Recreation Center at a cost to the City of less than \$6,000.00 dollars.
Construction of a Day-Camp, at no cost to the City other than labor.
Resurfaced and erected new nets at the Woodman Park courts.
Completed fencing-in the Horne Street Courts.
Rebuilt ten Horseshoe Courts in Henry Law Park.
Planted a grass infield at Woodman Park.
Constructed a Baseball Field at St. Thomas Aquinas High School.

RECREATION DEPT. REPORT

PARK DEPARTMENT
Completion of a 20 year Park and Recreation Plan. Established a sound administrative hand to guide the Department.
Improved operation of the Garrison Ski Area, which has subsequently increased city revenue.
The following capacities:
The Recreation Director also serves his community in Board of Directors - Camp Fire Girls, Dover Gridiron Club.
Safety Services Director - Strafford County, American Red Cross.
Member - National Recreation Association, Institute of Park Executives, New Hampshire Recreation Society.
Secretary - New Hampshire State Soccer Commission.
Under the direction of Dennis E. Fecteau, Dover's Park and Recreation Department has organized, directed, administered, or assisted in the following projects:
The renovation of the National Guard Armory into one of the best equipped Municipal Recreation Centers in New Hampshire.

A complete Recreation Program within the Recreation Center offering the following activities:
A Junior Basketball League for the fourth, fifth and sixth grade levels.
A Junior High Basketball League for the seventh and eighth grade levels.
A Senior High Basketball League for high school boys.
An adult Men's Basketball League.
A physical education program for boys and girls of all age groups.
A Judo Club with free instructions for all age groups.
A ladies physical education evening at which all Recreation Center facilities are made available exclusively to women for that evening.
A men's night at which adult men can participate in leisure physical education activities.
Indoor Archery Range classes for both boys and girls.
The home practice area for the Profile Bowmen's Club.
A Horse Shoe League at Dover's indoor Horse Shoe courts.
Indoor Tennis and Badminton for men and women.
Olympic Wrestling and Tumbling classes for all ages.
Dog Obedience classes.
Young Models Course which teaches young ladies personal grooming, poise and social etiquette.

The Junior Recreation Society through which hundreds of seventh and eighth grade students are exposed to many diversified social activities in which they themselves take part in planning.
Ping Pong equipment and small table games are readily available to all ages.
A cafeteria in which youngsters may meet and enjoy themselves.
A Golf Driving Range where adults may practice hitting the fairway during the winter months.
A Pocket Billiards Club supplying excellent Pocket Billiards facilities at a nominal cost of \$2.00 per year.
Free movie service through which movies are shown to all age groups free of charge and by which organizations may procure the movie of their choice of subject by requesting it from this department.

The following clubs or organizations use the Recreation Center as their headquarters for meetings: Boy Scouts, Girl Scouts, Cub Scouts, Brownies, Camp Fire Girls, Horizon Club Girls, Bluebirds, 4-H, Barber Shop Quartets, Women's Chorus, Dover Swimming Pool Committee, Swift Water Council, Sherwood Tennis Club, Garrison Ski Club, Junior Recreation Society, Municipal Employees Union, South Side Little League, Dover Minor League, Babe Ruth League and Profile Bowmen's Club.
The Recreation Department sponsors Public Information classes which include: Real Estate, Gardening, Insurance, Home Decoration, etc.

The following special activities take place each year in the Recreation Center:
A Halloween Celebration which was attended by 1400 youngsters in 1964.
A Ski Show which presented new lines of ski equipment and offered the services of Penny Pitau and Egon Zimmerman.
New Hampshire State Recreation Basketball Tournament.
Enclosed you will find a copy of the 1964 - 1965 Recreation Center Program of which attached is the program for the Junior Recreation Society.
The Outdoor Winter Activities of the Recreation Department consist of the following:
Garrison Hill Ski Area which offers night skiing, professional lessons from the Penny Pitau Ski School, free skiing lessons to some 250 Dover children all at reasonable skiing rates. It should be noted that under the present administration Garrison Hill has increased its income figure by some \$800.00 in two years.
Ice Skating - The Recreation Department maintains three Municipal Skating Rinks in the City of Dover. Although the geographic location of Dover is not conducive to good natural ice making, Dover has been fortunate in supplying skating whenever conditions make it possible.
Spring and Summer bring them many diversified outdoor recreation activities which include either direct administration or assistance in the following activities:
Dover Minor League, North and South Side Little League, Babe Ruth League, American Junior Legion Baseball, Adult Softball League, Junior tennis Instruction Program, Professional tennis Lessons for Adults.

SUMMER PLAYGROUND PROGRAM

Dover's Summer Program has been recognized as one of New England's finest. Investigation of the attached program will clearly show why.

SPECIAL SUMMER EVENTS
The Independence Day Celebration has been an overwhelming success for the last three years. Thousands of children and adults have participated in this Community Day, and through their participation, Dover has been enviously noticed, by many N.H. Communities.
The overnight camp-out was instituted last year, and proved to be a tremendous success. Every child in the city was given the opportunity to sleep outside, enjoy a traditional campfire ceremony, and eat an open-fire breakfast.
The Summer outing to Canobie Lake Park, where some 350 children attended the park for the day, at no taxpayer expense.

The Fall Recreation Department Programs are as follows:
Junior Soccer League.
Pee-wee Football League.
Men's Soccer Team which entered into the State Soccer League and became State Champions in their first year.
Recreation Center is open, and a full schedule of programs are underway.
Special Fall Days.
Halloween Program, in which over 1400 youngsters are taken on a tour of the Recreation Center "Fun House" and then treated to cider, apples and doughnuts.

PARK DEPARTMENT

PARK IMPROVEMENTS:
Grass infield at Woodman Park.
Regraded Parking Lot and Infield at Guppy Park.
Improved Stark Avenue Island.
Lower Square Island beautification.
Recreation Center grounds improved.
Park tree clearing program.
Loam bank stockpile developed.
Mount Pleasant Little League Field to be completed this fall.
New ski trail at Garrison Hill.
Overall improved conditions at Garrison Hill Skiing Area.
Establishment of a park maintenance program to give continued attention to the city's parks.
Park Department crews did most of the redevelopment of the Recreation Center.
Construction of our Day-Camp was done by the Park crew.

PURCHASES AND CHANGES:
Eight new park settees, purchased by this department at the request of our senior citizens.
Cub Cadet Tractor - This piece of equipment is used to cut grass, brush sidewalks, pile leaves, etc. This tractor replaced three large power mowers and one riding power mower at an appreciable savings to the city.
Acquisition of a 1959 pick-up truck from Pease AFB at a department cost of \$25.00.
Reorganization of the Park Department staff, moving the workshops, garages, etc. from unheated outdoor buildings into the Recreation Center. From these improved working conditions a more productive organization was established.

ANNUAL PROGRAM ATTENDANCE FIGURES

SUMMER PROGRAM		
Playgrounds and Day-Camp		12,000
Independence Day		14,000
Canobie Lake Trip	350	
Camp Out	100	
Junior Tennis Program	1,200	
WINTER PROGRAM		
Recreation Center	26,600	
Garrison Hill Children's Ski Lessons, 5 wks.	1,000	
The national average for recreation expense in a community is \$3.00 per capita - Dover's cost is \$1.68 per capita. I am certain that we get our dollar value in recreation.		

PATIENT SERVICES
The Hospital exists to serve patients. Our statistics shown elsewhere in this report, indicate the tremendous growth that continues each year. The high occupancy of our medical and surgical inpatient facilities throughout the year has necessitated the postponement of elective cases at times. This, of course, led to frequent inconveniences to the patient, to the staff, and to the personnel. Only further building expansions will alleviate this situation and until this is accomplished, the patience and understanding of all concerned is deeply appreciated.

AN AREA OF CONCERN -

Four days after discharge from the Hospital, during the month of January, April, July and October, 1964, each patient was sent a questionnaire dealing with his stay in the Hospital. Approximately 32 percent of patients returned these questionnaires.
One of the questions asked: "Were you very pleased, just satisfied, or disappointed with the service you received?" This question attempts to obtain some overall evaluation from the patient regarding his feelings about the medical care, nursing care, the food, the physical accommodations, the charges he had to pay, parking, and other subjects relative to his stay.
Last year, about 350 patients returned questionnaires, and of these, 84 percent were very pleased. However, 15 percent were just satisfied, and 1 percent were disappointed.

THE MEDICAL STAFF
Progress can be measured in many ways. The casual visitor, new buildings and facilities signify progress, while the businessman sees progress as good management and sound fiscal policy.
To the Hospital employee, tangible appreciation for his contribution to the institution is progress; the auditor applauds orderliness and fiscal honesty; but, for the patient and his equally sick at heart family, progress is measured only by the success or failure of the professional staff in meeting the intensely personal threat to continued well being posed by disease.
We, in the Dover area, are indeed fortunate to have a most competent, active, and interested Medical Staff. While the quality of medical care and its progress cannot be rightfully judged by laymen, the results shown in the rate of patient cure, improvement and satisfaction, indicate that standards were maintained at a high level.

HOSPITAL COSTS

Hospital costs continued to increase all across the country, and ours were no exception. We are ever alert to automation and labor-saving procedures; which are put to better use whenever they will contribute, first, to better patient care, and second, to lowering costs. . . . Bu, no matter how concerned we may be with the cost of Hospital care, cost must be of secondary importance when life and health are involved.
Hospital costs continue to increase at the rate of 6 percent annually in the United States. Last year our costs were \$29.96 per patient day. This is about a 1 percent increase over the previous year's costs and reflects as one of the lowest costs in the State.

The principal reasons for higher Hospital costs are:
1. Increased number of personnel required by the advances in medicines.
2. Higher costs of supplies and equipment.
3. More adequate salaries.
Hospital costs have increased and are expected to continue to increase. However, it is important to point out that the American public is not spending an undue proportion of its national income for hospitalization. Six billion dollars a year is spent for Hospital care. We spend the same amount for personal care, that is; beauty shops, barber shops, perfume, hair tonic, etc. We spend more for tobacco and almost twice as much for alcoholic beverages; and three times as much for recreation.

ACCREDITATION

In July we were examined by the Joint Commission on Accreditation of Hospitals. We were highly commended and approved for full accreditation for three years. We can proudly say that we have been continuously accredited since this program began in 1918. Very simply put, accreditation means that all minimum standards have been met by your Hospital, and that your welfare and every patient's welfare is entrusted to competent, dedicated hands.

PLANNING AND DEVELOPMENT

Through the combined efforts of our Women's Service Council, special donations and moneys available from our Depreciation Fund, we were able to either add or replace the following major pieces of equipment during the year.

1 Cyclomatic Bed	1 Foot Stool
1 Mimeograph Machine	1 Stryker Frame
1 Respiator	3 Vacuum Cleaners
2 Typewriters	Hypothermia Machine
22 Bed Side Rails	1 Photocopy Machine
1 Resuscitator	2 Wheel Chairs
4 Dictaphones	1 Ironer for Laundry
1 Utility Table	6 Stretchers
1 Ice Cart	3 Refrigerators
1 Desk	2 Oxygen Tents
1 Chair	

The above purchases amounted to more than \$20,000.
The laundry was completely repainted, inside and out; the high pressure valves on the boilers were replaced; the parking area adjacent to the Nurses' Home continued, and a fourth doctor's suite was completed. The entire basement floor of the 1952 building was retiled and the maternity wing completely repainted. Close attention is being given to the maintenance of all buildings and physical properties now in existence, and equipment is being replaced as needed.
During the past year, the Board of Trustees authorized Ritchie Associates of Boston, Massachusetts to conduct a Survey Report and Long-Range Plan for alterations and additions to the present Hospital. A Building Committee will receive these recommendations early in 1965 and the results of these studies will undoubtedly determine the future course the Wentworth-Douglass Hospital will take.

THE PEOPLE

The success or failure of the Administrator is wholly dependent on the cooperation received from the Hospital family in total. My job as Administrator has been made pleasant and smooth because of the whole-hearted assistance and cooperation, which I have had from the Hospital Trustees, the members of the Medical Staff, the Volunteers, the devoted Employees, and many, many more. To all, I extend a sincere, thank you.

Respectfully submitted,
Vincent J. DeNobile
Director

Wentworth-Douglass City Hospital

REPORT OF THE HOSPITAL DIRECTOR

The Director's report, as the Wentworth-Douglass Hospital completed its 59th year, is made in behalf of our entire organization. The many efforts of our Medical Staff, Trustees, Auxiliaries, and employees; make possible our service to the Dover area and its surrounding communities and it is my privilege to comment on the highlights of the years activities.

Police Department

City Manager Donald Chick and the Members of the Dover City Council:

I have the honor of submitting herewith, the Annual Report of the Police Department of the City of Dover for the year 1964.

The effectiveness of police service is a direct reflection of the performance of the individual officer. Procedures under which he operates, or the equipment he uses are of little value unless he has training. During the year 1964 we have provided training sessions and several officers have attended special courses. Sergeants Harrison Mackey and Anthony George attended sessions at Boston University on procedures in the cases of untimely death and accidents. Lt. Inspector George J. Hester, Jr., and Juvenile Officer Joseph McCarthy participated in a seminar, also at Boston University, on "Sexual Deviates and Law Enforcement." Officer McCarthy also attended a full semester course at St. Anselms, on "Juvenile Crime Prevention." Officers Arthur Lezette and Franklin Grover attended the police training school conducted by the New Hampshire State Police for two weeks at the University of New Hampshire. In conjunction with the Federal Bureau of Investigation, a series of classes was held here in Dover on the procedures for "Search and Seizures." Area police officers were also invited to attend these classes. A course in the use of tear gas was conducted here in Dover, and actual demonstrations were carried out.

Respect for the police is a necessary pre-requisite for law and order in the community. By cooperating closely with residents and local business people, the police officer has a better knowledge which helps enable him to detect any incidents which may appear unnatural or suspicious in the day to day pattern of living and working, and the officer can keep a close check and surveillance in their efforts for crime prevention. Local residents and business people will find the department ever ready to assist at all times and in every circumstance.

During the year 1964 the department handled 14,611 calls for information and assistance. Checks of all establishments on both the foot and cruiser beats are made several times each night, and in 1964 a total of 783,000 checks was made, with the cruisers travelling approximately 176,589 miles.

Arrests in 1964 totaled 1666, 1486 males and 180 females, an increase of 337 arrests over the previous year. In Juvenile Court, 75 boys and 18 girls, for a total of 93, were brought in on various complaints. This is an increase of 8 over the 1963 total.

The appointment of Joseph McCarthy as Juvenile Officer, has enabled the department to keep in closer contact with our young people, and situations which may be causing increased juvenile delinquency in our teenagers. Officer McCarthy checks out each juvenile complaint, talks to the parents, and tries to handle the problem with tact and understanding, and to provide counsel and guidance for the best interests of the boys and girls.

STATISTICS FOR THE YEAR 1964

Arrests on Motor Vehicle Violations	994
Arrests other than Motor Vehicle	672
Number of calls received and investigated	14,611
Doors and windows found unlocked and reported to owners	2,138
Street lights reported out to Public Service Company	326
Lodgers cared for	116
Animals taken care of	222

REVENUES FOR THE YEAR 1964

Parking Meter Fines	\$4,301.75
Revenue from Copy Machine	493.00
Pistol Permits	130.00
Beano Licenses	280.00
Dance Licenses	66.00
Junk Licenses	50.00
First Street Parking Lot	2,594.00
Third Street Parking Lot	186.00
Bicycle Licenses	222.25
License to sell firearms	8.00
Refund to telephone	5.66
Refund to signs	30.00
Refund to Equipment Costs	448.25
Refund to Outside Services	218.48
Refund to Parking Meters	210.50

Total revenue turned over to City Treasurer \$9,243.89

During the year 1964 the total value of merchandise stolen by larceny, breaking and entering, robbery, shoplifting, etc., and reported to this department amounted to \$31,744.50. The value of merchandise recovered by the department revealed a total of \$28,271.00.

Motor vehicle accidents reported to the department during the year totaled 440, with personal injuries to 187, plus injuries to 25 pedestrians, and the City of Dover had no fatalities during 1964. Drivers between the ages of 16 and 20 were involved in the greatest number of accidents. This has been the case for several years. Following is a breakdown of the ages of drivers involved in accidents during the year:

16	21	26	31	36	41	46	51	56	61	66	71	and over
191	138	66	61	55	69	43	39	42	20	23	15	

Radio facilities for the department have been expanded with a new radio tower and antenna, enabling the department to have more distant coverage. Three mobile units were also added, thus providing faster service to men in the field, and on foot patrol. These units will replace the call boxes, and will give the officer on-the-spot contact with the desk at the station and with each other.

Probably one of the biggest events during the year 1964 was the renovation of police headquarters. The department has been completely changed, with a new larger main office, an office for interrogation, one for the Lt. Inspector, and an office for the handling of juveniles. Modern lighting has been installed throughout. A recreation room has been set up for the use of the men, equipped with easy chairs, stove, refrigerator, etc. New shower facilities have also been installed.

An "Open House" for the department was held in September and upwards of 5000 of our citizenry attended the event and were conducted on a tour of the entire department. It was most gratifying to find the entire community interested in inspecting the remodeled quarters.

Newly renovated quarters provide a pleasant place in which to work, and reflect the department's efficiency. Citizens no longer feel uncomfortable at police headquarters, for now it does not appear to be a place in which only criminals have business.

Classes from school, several service organizations and groups of individuals have visited the department during the year and have inspected the different facilities. Several members of the department have addressed groups and clubs on pertinent subjects, have talked to school groups and at assemblies, and have encouraged youth groups to visit the police department.

During the year Chief Flynn attended the Convention of the International Association of Chiefs of Police which was

held at Louisville, Kentucky; he also attended the meeting of the New Hampshire Police Chiefs Association where he was elected Vice President of the New Hampshire Association. At the New England Police Chiefs Association Chief Flynn was elected second Vice President.

Lt. Inspector George J. Hester, Jr. was re-appointed by Governor John King to a three year term on the New Hampshire Police Retirement Board.

The Parking Meter Department and the Sign Department function under the jurisdiction of the Police Department, and with the promotion of Harrison Mackey to the rank of Sergeant, Officer Edward Dame took over the motorcycle patrol which checks parking meters and violators. The task of installing street signs has been practically completed and the traffic signs are now being replaced and repaired.

At this time I would like to express my appreciation to the men on the department for their cooperation and support; and I would also like to extend my thanks to all those who have assisted the department in any way during the past year, and we hope for continued efforts toward still further improvements and achievements in the years ahead. Our motto might well be "Help your police help you".

ARRESTS — 1964	
Accessory to Breaking, entering and larceny	3
Accessory to forgery	1
Accessory to larceny by check	3
Allowing unlicensed person to operate motor vehicle	9
All Night Parking	108
Assault	24
Adultery	1

Using obscene language	3
Urinating in public street	5
Vagrancy	6
Violation of parole	1
Violation of probation	2
Yellow line violation	32
TOTAL	1666

Report Board of Assessors

Under the New Hampshire state statutes, it is the duty of the assessing department to make the assessment on all real estate and also on all personal property which is subject to taxes under the New Hampshire statutes. In passing, it is well to point out that under New Hampshire statutes, all real estate is taxable unless it is specifically exempted under state statute, whereas personal property is taxable only if specifically spelled out in the state statutes.

It is also the duty of the assessing department to assess head and poll taxes and to administer the War Service Exemption which is granted to War Service Veterans under conditions which are also dictated by New Hampshire statutes.

There is maintained in the Assessor's Office, a separate card for each piece of property. Each card has a description of the property, size and location of lot and a description and sketch of the building, if any.

The City Assessor welcomes all tax payers and will be glad to go over their assessments with them at their convenience, pointing out the detailed method of computing the assessment. If any errors in dimensions of lot, topography of land, description of dimensions of buildings are discovered, the same will be promptly adjusted.

The assessor's report for the year ending December 31, 1964, is as follows:

ASSESSMENT	
Property Assessments	\$73,304,110
Stock-in-Trade	12,458,284
Live Stock	25,600
Boats	59,725
Trailers	404,390
School Tax	403,350
Total Assessment	\$86,192,384
Veteran's Exemption	1,493,610
Total Net Taxable	\$84,698,774
TAX	
Real Estate and Live Stock	\$1,976,055.75
Stock-in-Trade	342,602.96
Boats	1,642.63
Trailers	10,577.51
School Tax	5,461.34
Bank Stock	2,632.60
Timber Tax	186.05
Total Tax	\$2,339,158.84

The 1964 assessments for tax purposes, were computed on the basis of a formula, established at the time of the last complete reappraisal by the Cole-Layer-Trumble Co., in 1964, and was based on 1963 replacement costs corrected by depreciation.

Report of Planning Board

BOARD MEMBERS:

The 1964 Planning Board consisted of the following members:

- Wallace I. Akerman, Chairman
- Hugh C. Tuttle, Vice-Chairman
- Robert W. LaPointe, Secretary
- Raymond H. Bardwell
- Albert O. Bernard
- Donald E. Chick
- Arthur J. DuBois
- Raymond Ouellette
- Robert Sheldon

Mr. Bardwell replaced Mr. Robert Gillis on the Board upon the retirement of the latter as Water Superintendent.

STAFF:

Regular Board staff consisted of Henry Neil, Director and Caroline Marcotte, Secretary.

Robert J. LaPointe was appointed Community Renewal Program Assistant Planner on March 16, 1964. His salary was drawn from a federal grant to the city.

MASTER PLAN:

Various sections of the Master Plan were revised or refined with particular attention given to transportation and capital improvements.

ZONING:

A completely revised Zoning Ordinance and Map prepared by the Board was adopted by the City Council on May 27, 1964.

SUBDIVISION:

Revised Subdivision Regulations were adopted by the Board on March 23, 1964.

COMMUNITY RENEWAL:

On February 28, 1964, the Housing and Home Finance Agency approved a grant to the City of Dover in the amount of \$28,000 to enable the City to study the nature and location of blight within its bounds and to develop remedies for this blight.

Work on this program continued throughout the year with the first result the proposal of an extensive Downtown Redevelopment Project.

SERVICES RENDERED:

The Board lent the services of its staff to the City Council for Public Hearings on the proposed Zoning Ordinance and to the Citizens Advisory Committee for their work on the proposed Downtown Project.

In addition the Board consented to the appointment of their Director to the Dover Housing Board.

SERVICES RECEIVED:

The Board expresses its thanks to all City Departments who assisted the Board in the performance of its work.

Housing Board Report

Creation: The Dover Housing Cod was adopted on December 26, 1963.

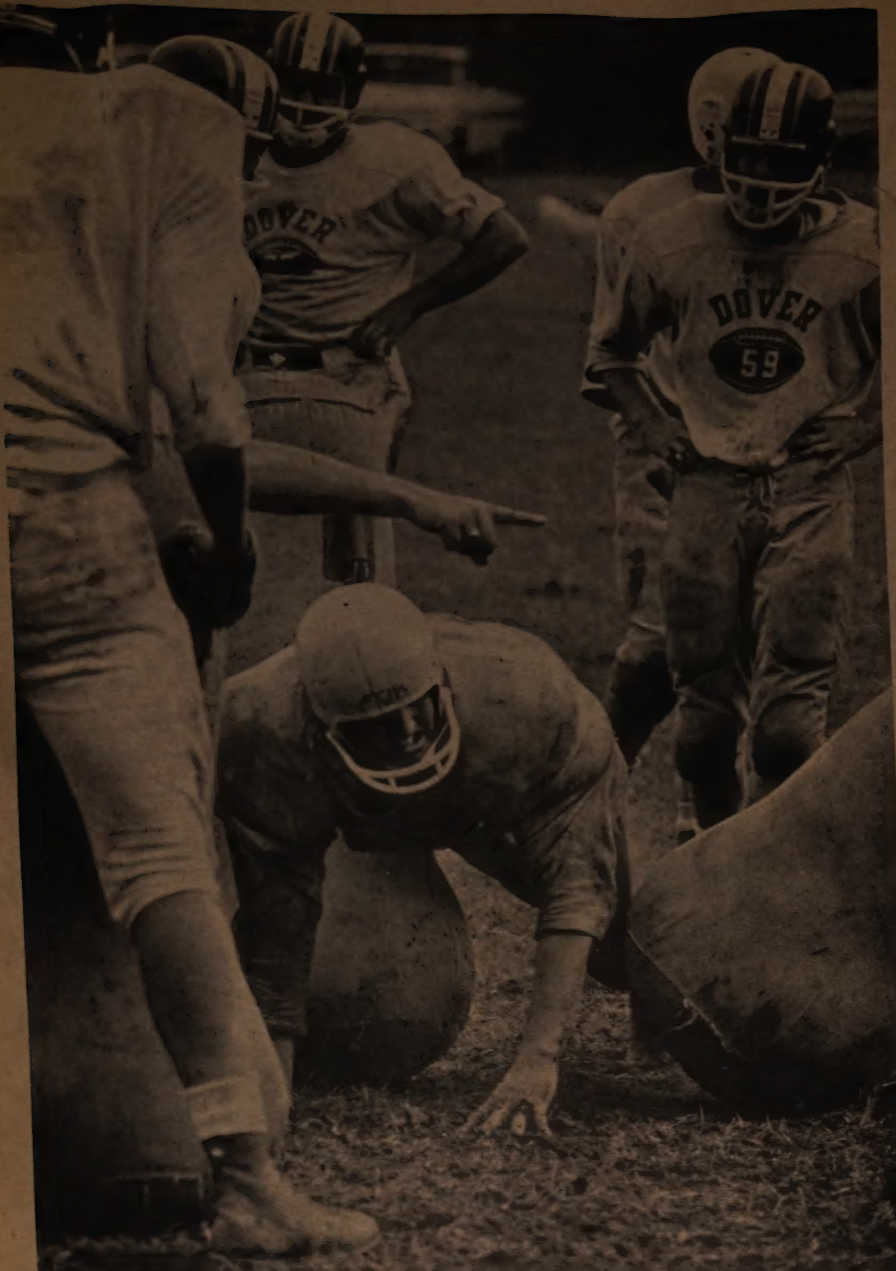

Enforcement: Appointed to the Board were: Henry Neil, Chairman; Max Winer, Health Inspector; Fred Gilpatrick, Fire Chief. Appointed in the capacity of Inspector to the Board was: E. Vincent McDonald.

Cases Considered: During 1964 thirteen (13) cases were considered by the Board. Seven (7) of these cases have been declared closed following compliance with the Board's orders, the owners of three (3) more are in the process of complying and the remaining three (3) were referred to the City Solicitor in early 1965 with instructions to take all necessary legal actions to secure compliance.

Acknowledgement: The members of the Board and Mr. McDonald wish to thank the people of Dover for the cooperation which has permitted the Housing Board to perform the function assigned to it and to assure the people of their continued efforts to ensure minimum decent living standards within the community and to prevent the spread of blight.

Dover High Grid Team Preps For Opener Sat.

BLOCKING ASSIGNMENTS — Learning how to block an opponent is Wilfred Cunningham as the Green Wave football team preps for their season's opener against Nashua Saturday.

TRI-CAPTAINS — Dover High football captains receive some advice from head coach Dale Hanson. Left to right: Dave George, Roland Chenard, Bob Cavannah and coach Dale Hanson.

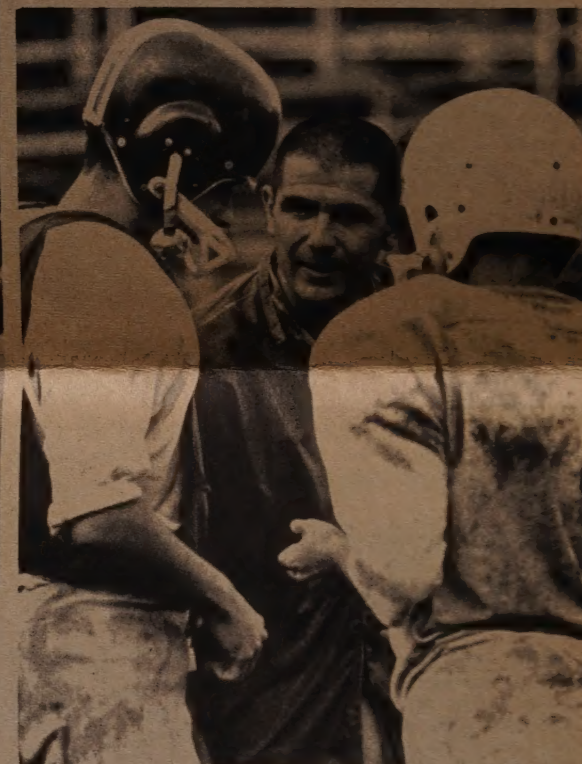

PRACTICE KICK — Kicking specialist Bobby Cavannah gets off a practice boot in getting in shape for the DHS grid opener, Saturday at Bellamy Park.

PROPER STANCE — Head coach Dale Hanson shows Paul Burrows how to charge an opponent during a Green Wave practice drill this week at Bellamy Park.

SHOWS PLAYS — Assistant coach Jack Barron shows the Dover High football players a play assignment during a practice session at Bellamy Park in drills for Nashua Saturday.

NO EXCUSES — Backfield coach Greg (Tiger) Kageleiry listens to two Green Wave players after a series of plays during a DHS workout when things didn't shape up to expectations.

**Staff Photos

 By Bill Murphy**

PITCHOUT — DOUG MURPHY PITCHES out to Jon Wilson during a practice session at one of the Green Wave workouts at Bellamy Park this week.

HANDS OFF — Doug Murphy operating out of the quarterback slot gets set to hand off to halfback Phyllides during a practice session of the Dover High School Green Wave football team.

Dover Speedway Closes For Season

DOVER — Last week's show at the Dover Speedway closed the 1965 season at the local track and everyone will be looking forward to next year when another season will bring a possible change in racing hereabouts.

The Dover Speedway had exciting shows and probably this was due to the smallness and compactness of the Speedway. Spectators like to see close-up racing, not something a half-mile away. They are spoiled to be sure, but stock car races are best enjoyed from a close-up seating arrangement. The Dover Speedway expected to lengthen its season but unless plenty of good cars are available, one can run the game to the ground. Another item worth considering is that too many tracks are competing rather than cooperating and with an almost year-round racing program, the fans will soon get sick and tired of the sport as has been the case in horse racing where the owners are doing some heavy worrying about too-long a season.

Owners of speedways are not getting rich by no stretch of the imagination and only a few who are willing to pay the boys a just purse will survive.

Probably no year in its long history produced so many thrills as this year at the Dover Speedway and it's time to put the sport away in mothballs until next spring. Sports in season is the way the management put in and this is football season.

The management wishes to thank all of the fans who patronized the track this year and looks forward to another great year in 1966.

B.U.

BOSTON (AP) — Boston University's sophomore-studded football team was due for its first test today in a scrimmage with Yale at New Haven, Conn.

Coach Warren Schmakel planned to start nine sophomores on his offensive and defensive units, but he also wanted to get a good look at newcomer Nick Stipanovich, a 6-foot-4 jumping sensation who is pressing Jim Fischer for the starting tight end job.

Senior fullback Pete Hayes was given a medical ok after nursing a shoulder injury, but Schmakel decided against risking his power runner against Yale. Sophomore Roger Rosinski of Claremont, N.H., was named to replace Hayes.

PLAYING FOOTBALL UNDER Coach Andy Mooradian at the University of New Hampshire this fall is sophomore tackle Jack Murphy of Durham. A graduate of Oyster River High, where he could not play high school football, Murphy is developing rapidly at offensive tackle, and will see limited duty this fall. Also a member of the freshman lacrosse team, Murphy is majoring in history and plans a career in Business. He resides at 14 Newmarket Road, Durham.

Sox Struggle To Hold Ninth

BOSTON (AP) — It appears that the Boston Red Sox struggle to hang on to ninth place in the American League standings is going right down to the wire.

The Red Sox blew another fine comeback in the late innings and dropped an 8-4 decision to the Cleveland Indians Wednesday night before the smallest Fenway Park crowd of the season—1,800 paid.

Fighting to ward off the challenge of the first place Kansas City Athletics, the Red Sox exploded for four runs in the fifth inning to take a 4-2 lead.

However, the Indians bounced back with one run in the sixth and another in the seventh on former Boston outfielder Lu Clinton's second homer of the season.

Then they exploded against starter Dennis Bennett with a decisive four-run rally in the eighth inning. Chuck Hinton capped the uprising with his 17th homer, a springing drive which cleared the left field screen with ease.

The blast handed Bennett his fourth defeat. The veteran

southpaw, striving to work out soreness in his shoulder, has won five games.

Cleveland scored single runs in the first and second innings. With one out in the Boston fifth, Bennett singled and Jim Gosger was safe on an error in which the runners reached third and second, respectively.

Dalton Jones then singled, scoring Bennett and Gosger. A walk to Carl Yastrzemski, a balk and Tony Conigliaro's single accounted for two more runs.

The Red Sox and Indians were scheduled to wind up their series today. Boston named Dave Morehead, owner of a 9-16 record, to oppose the Indians' Luis Tiant, who held an 11-10 mark.

Change Date For Field Hockey Meet

DOVER — The field hockey meeting scheduled for Durham this week has been postponed until Sept. 19. A spokesman for the field hockey club has announced today that the UNH facilities will be busy on the scheduled date forcing a new date for the meeting.

R.I.

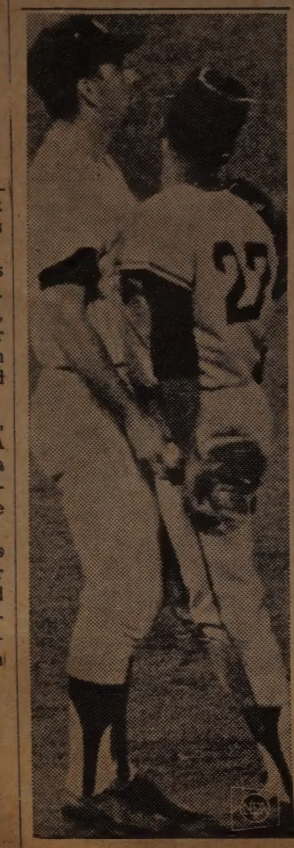

KINGSTON, R.I. (AP) — Paul Briccocoli, an unheralded senior quarterback, may be the answer to many of Rhode Island's football problems.

Briccocoli passed for two touchdowns and scored once himself Wednesday night as the Rhode Island regulars upset Harvard's reserves 28-6. Briccocoli's scoring shots were 34 yards to Frank Geiselman in the second period and 15 yards to Jim McMahon in the third.

Norwich

NORTHFIELD, Vt. (AP) — The Norwich University football squad was down to 47 players today with the loss of junior halfback Bernie Coffin of Nantucket, Mass.

Coach Joe Sabol said Wednesday that Coffin was forced to quit because of a nerve ailment. Sabol also received an additional problem as sophomore quarterback Bob Potter of Poulney was declared lost for Saturday's opener against Colby at Waterville. Potter has a wrenched knee.

WALTZING MATILDA—Clete Boyer of the Yankees and outfielder Jose Cardenal appear ready for a dance but actually Clete tagged the speedy Cardenal on a force play at third base.

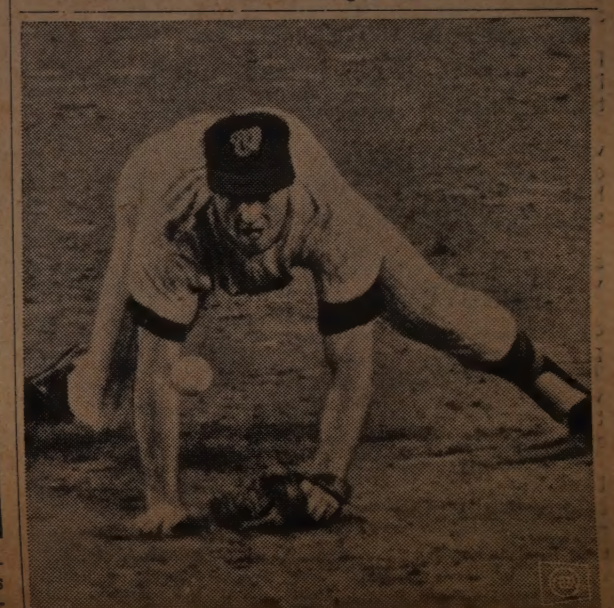

Member-Guest Tourney At Cochecho Golf Course

DOVER — The Cochecho Country club's Member-Guest Day this Sunday already has produced a total of 74 golfers who will play an 18-hole tournament of 3/4 handicap best ball play.

Dinner will be served after the completion of the matches and it is expected that about a 100 or more golfers will sign up prior to the deadline this Saturday. Pro Don Westhus, who is operating the tournament which is an annual affair, has high hopes of this being the best under his years of supervision. There will be the usual imports of top players from other clubs not only from this state but from neighboring Maine and Massachusetts to team up with members of the Cochecho course for top prizes.

The Baxter Fall Trophy play and the Charles Cutter Trophy play are two tournaments which will start this weekend and which will draw good fields for both trophies. The annual Red and Blue Banquet will be held at the local club on October 7 and this always draws well over 250 members, guests and speakers.

It Pays To Advertise In The Democrat

EYE TO EYE—Washington Senators shortstop Ed Brinkman seems to be perplexed by events at D.C. Stadium and well he might. He is in the process of dropping an outfield relay, allowing runners to move an extra base.

\$10,000 Race At Rockingham

SALEM — Billy Haughton, who has owned virtually every major driving honor in American harness racing, appears likely to add the Atlantic Seaboard title to his growing lists of triumphs, despite a difficult No. 9 post position for his New Zealand wonder horse Smoke Cloud N. in the \$10,000 feature race at Rockingham Park, Friday night.

The nation's leading money winner on several occasions, and well out in front of the pack this year, Haughton is currently the winningest driver in Atlantic Seaboard history.

In 1963 he raced the New Zealander Pa'ehwork N., but his best effort was one second. Last year he clicked three times with another pacer from Down Under called Great Credit.

Early this Spring he won an ASC here at Rockingham with Cape Horn, and since then he has guided Smoke Cloud N. to four of his six ASC wins.

Bill Savage has six ASC victories, all with Camden Adios last year; while Salem's Al Winger has five, Smokey Mountain twice this season, Angelic Hanover, Josedale Go Lucky last year, and Mountain Forbes in '63.

Testing Haughton and his precarious post in tomorrow night's Rock feature will be

Bosco Rosco (R. Valles Key); Palm Reward, an easy winner over the track last week for Joe Cardana; Meadow Marty (M. Parshall; Rex Pick (C. Abbatiello); Truant Hanover and K. D. Senator, an entry from Fred Parks barn; the Vermont pacer Sterling Hodge (J. Sprouse), and Quick Card, driven by 75-year-old Lou Drayton.

Based on previous ASC events at four tracks the Friday night classic looks like Billy Haughton and his talented invader against the field of eight other pacers. But the great horse will be starting in the second tier and most any of the eight pacers in front of him are capable of flirting with a two-minute mile. The little lady Palm Reward

Northeastern

BOSTON (AP) — Northeastern football coach Joe Zabalski plans to use halfbacks Ralph Goslin and Jim Thornton on both offense and defense in hopes of stopping C.W. Post's passing attack in the Huskies' 1965 opener Saturday.

Quarterback Tom Hespos passed for 416 yards in leading C.W. Post to a 33-10 victory over Northeastern last year. The invaders' new quarterback Jim Le Clair, is rated by his coaches as even better than Hespos.

took her two-minute mark this year, while Bosco Roscoe won at Hollywood Park in 1:59.3 as a colt; and K. D. Senator broke the magic two-minute barrier last season at Liberty Bell.

Grid Exams For Rochester Loop

ROCHESTER — Physical examinations for Midget football league players is slated for this weekend.

All players and boys on the waiting list in the Midget football league will have their physicals at 8 am this Saturday at the Spaulding high school gym.

Bowling

Women's Monday night bowling league got off to a good start with 20 girls hitting the 100 mark. Top five bowlers are:

- L. Jacques 117
 - E. Wiswell 110
 - B. Fortire 107
 - B. Talon 107
 - G. Fortier 106
- High three games:
- M. Clough 298
 - R. Huppe 298
 - Bernie Talon 293

BOAT AND TRAILER storage. Beaver Dam Boat Storage, 7000 sq. ft. Route #9, Berwick. 698-1495.

Public Forum

To the Editor:

Funny how some time you can sit back, relax and thoughts start creeping in. Take my job, just an ordinary job, been doing it for years. V.I.P.? No, I guess not, but my family think I am. Take an interest in civic affairs, sure do. Funny just had a thought, Taxes. There is something to really mull over. What is it used for?

Well let's take education. Cost City about \$300 a year to educate one student. What if you had three or four. Hate to pay that out each year myself and not pay taxes. Have good Police and Fire protection. They work nights too. Ever work nights. Sure have, not too keen on it myself, never see the family much. Rubbish collections are made here. Sure cart a lot of junk away sometimes. Never get it all in my car if I had to go to the dump. Winter plowing, hate to have to get out and drive if taxes were not available to cover this cost. Kind of rough trying to get to work, could have an accident, might run into many bills.

Upkeep of equipment must run high, wages too. Can't buy parts or new equipment these days very cheap. City equipment just like the family car, soon wears out.

Never really stop to think, buildings get old, streets get broken up, plows break down, City lights burn out. Cost of living goes up, increased wages.

City recreation, takes a load of equipment for this. All kind of recreation for young and old alike. New center seems to be filling the need. Must take a run down and see for myself.

Taxes certainly have a lot to take care of. Certain amount goes to the State too.

Car broke down once, bill was high, seems everything costs more, well it's like the man said "Mister, if you want service, you have to pay for it." The more you want, the more it costs. Yep, that's right, nothing free these days.

How does your tax bill compare, we seem to be getting more now than ever before?

VFW MEETS

The Hanson-Kelcher Post 6804 VFW held the first meeting of the fall season last Wednesday evening at Mechanics hall. The business meeting was conducted by Dr. Waldron Haley, commander. Four new members were welcomed and were Philip Guptil, John Richardson, John Regan and William J. McKinstry.

The refreshment committee named for the October meeting will be Dr. Haley and Harold Henderson.

Following the routine business meeting refreshments were served by past commander John Tuttle and a social hour was enjoyed.

LOCALS

Callers last Saturday evening at the home of Mr. and Mrs. Harold Henderson were Mr. and Mrs. Reuben Levitt of Pittsfield.

With the increase in enrollment at the Barrington Grade school another bus has been added. This makes five school buses at the present time. The new bus, which started on Monday, is one that holds 24 passengers. At the present time the driver is Harold Brown, who will continue to drive until a permanent driver can be obtained. Mr. Brown and Harold Taylor will act as substitute drivers during the year.

Sunday, September 19, the Sunday School classes at the Congregational church will be resumed after the summer vacation. Sunday school teachers are still needed. Anyone willing to become a Sunday school teacher should contact Warren Boyle, superintendent.

Mrs. Katherine Henderson, who has been acting as assistant Post Master for some time, has now retired as of last Friday.

Choral Society Plans Rehearsals

EXETER - The Rockingham Choral society will hold its first rehearsal of this season Sept. 20, 7:30 pm at the Lamont Gallery of the Phillips Exeter Academy. Under the direction of A.

mer greatness. Other tests of voter approval, such as the caliber of the candidates, seemingly were swept aside in this tense preoccupation with the cause of unity.

But how to achieve unity in a circumstance that is fraught with potential conflict? Simple! Just remove the most troublesome ingredients of conflict. And that is precisely what the Republicans talked about doing by means of having all would-be candidates - real, rumored or imagined - reconcile their personal differences in favor of an "endorsed slate."

Ordinarily such a slate would be comprised of those aspirants presumed to have the best chances of carrying the party to victory. That, in fact, is the whole advantage of a "compatible" primary. But it's unlikely to happen in the present case, simply because of the depth and nature of the differences involved.

Does anybody think, for instance, that former Gov. Wesley Powell would impart unity to an "endorsed slate" that did not include him as a candidate? Although Powell reportedly has his heart set on further political rewards, there are strong misgivings within the Republican party about his popular appeal. But when the showdown came, it would be a question of either accepting Powell or sacrificing unity, because Powell responds to the unity theme only so long as it benefits him. Endorsement of somebody else thus would put the party back where it was.

Powell perhaps ranks as the biggest problem the Republicans face in seeking to consolidate their strength, but he is not the only one. It's hard to imagine any combination of candidates, in fact, who could form a hand-picked slate formidable enough to overcome basic objections to how they were chosen. Remember ex-Gov. Powell's damning cries against the "Concord Gang" back in the days when the party ruled supreme but was crumbling and didn't know it? Well, the present attempt at organized preselection of candidates smacks of the same thing, and worse.

The Republicans haven't yet come to terms on an "endorsed slate," and it's highly questionable that they ever will. If success should crown their efforts, however, theirs may not be the enduring choice. In the final reckoning, the voters must also be heard from.

Irving Forbes, the society begins work at that time in preparation for its eighth annual Christmas Concert.

The society is an association of singers throughout the area who enjoy singing in a large choral group. Its purpose is to provide the members with an opportunity to sing great choral music, and to present concerts of the finest quality to the community. Membership includes people from all walks of life who in common enjoy group singing of challenging music.

Persons desiring to join may do so by coming to the first rehearsal or rehearsals during the early part of the fall season and registering.

RETURNS TO THANK

LISBON (AP) - A South African vacationer is seeking a Mozambican miner who saved his life.

Juan Eder of Johannesburg was on vacation at Xai-Xai Beach. As he and his wife were walking, he saw an automobile kill a large snake. Eder, barefoot, was photographing the ser-

pent, when a second one came out of the brushwood and bit his foot. It was a green mamba, deadly.

At that moment a young native came by. He put a tourniquet on Eder's foot and sucked out of the brushwood and bit his foot. It was a green mamba, deadly.

Doctors told Eder that he would have been dead within half an hour if the youth had not given him first aid.

appeared, without leaving his name.

Doctors told Eder that he would have been dead within half an hour if the youth had not given him first aid.

REALTY COURSE

First Lecture Free, Women's City Club, Portsmouth, Wed., Sept. 22, 8 P.M.

Are you looking for a change from a dull-routine or "get-by-the-way" type of job? Would you like to earn up to \$5000 extra per year? Real Estate is the perfect, part-time, no pressure business for you. Keep your present job and supplement your income by working weekends or evenings as a Real Estate Broker, from your home. Age or previous experience is no barrier to your success in Real Estate. Pass your exam on the first try or repeat the course free. Attend a FREE DEMONSTRATION LECTURE on Wednesday, September 22 at 8:00 P.M. Presented by Leo Institute, the largest real estate school in New England, at the Women's City Club, 375 Middle St., Portsmouth. No obligation. You will receive a FREE copy of "How To Choose Your Home," a 280-page easy-to-follow guide for purchasing a home which includes 104 color pictures. The entire course will be given in Portsmouth. For brochure or more information, call collect any time. Leo Institute, 310 Harvard St., Brookline. Tel. 617-734-3211.

WHAT OTHER PAPERS SAY

That 'Smoke-Filled Room' Again
Republicans who have been hoping or threatening to run for major office in the next biennial state election met recently in what was described as a "harmony" session. Whether harmony actually prevailed seems a matter of varying opinion, but that was the object of the meeting as agreement was sought on a predetermined choice of candidates to represent the party.

What the Republicans want to avoid is another bitter primary in which the party is torn apart by warring elements within its own camp. And in order to accomplish this there appears to be some willingness to overlook a few important principles of democratic selection. For the kind of decisions being contemplated here are strictly of the "smoke-filled-room" variety.

Republican leaders, so-called, who were summoned to last weekend's quietly arranged "brain-trust" meeting apparently are bemused with the idea that a display of political brotherhood is all that's required to restore their party to its former greatness.

Your Birthday By Stella

THURSDAY, SEPTEMBER 16 — Born today, you have innate good taste, whether in food, clothes, companions, or whatever. Take care, however, that you do not carry good taste to such extremes that you ultimately miss a great deal in life merely because you find so many things "inferior." In other words, don't allow good taste to disintegrate into snobbery on all levels.

One of those who will go out of his way to avoid argument, since you quite naturally consider arguments in bad taste, you must be on guard against compromising your principles or giving in without standing up for your rights. Remember that the principle you compromise may be of more value than the argument you avoid, and the rights you refuse to defend may be more important than the "poor taste" a fight might demonstrate.

Affectionate by nature, and one who needs the affection of others to be happy, you are nevertheless more likely to have many close friends than one near and dear husband or wife. If so, this, too, will be the result of your emphasis upon "taste" and the finer things of life, for you are destined to spend a long time looking for perfection in a prospective mate.

To find what is in store for you tomorrow, select your birthday and read the corresponding paragraph. Let your birthday star be your daily guide.

Friday, September 17
VIRGO (Aug. 24-Sept. 23) — You should be able to achieve your goal today — if it involves social success. An excellent day for meeting people.

LIBRA (Sept. 24-Oct. 23) — Keep alert and know when to act. A day when the Libra who lags behind may not be able to catch up later.

SCORPIO (Oct. 24-Nov. 22) — Employment now, and don't rush prospects which have been intended for the future. Otherwise you may spoil things for yourself.

SAGITTARIUS (Nov. 23-Dec. 22) — Be on the alert for contradictions in business contracts. You have as much to lose as you have to gain.

CAPRICORN (Dec. 23-Jan. 20) — Improved prospects nevertheless call for care. Scrutinize any proposed action.

AQUARIUS (Jan. 21-Feb. 19) — You can better your social position through wise use of tact and humor in all your contacts. Circulate freely!

PISCES (Feb. 20-Mar. 20) — If faced with an unfamiliar set of circumstances, consult an expert before coming to any decision. Don't jump the gun!

ARIES (Mar. 21-Apr. 20) — Discuss matters in a friendly fashion with those in authority. Don't count your chickens before they're hatched.

TAURUS (Apr. 21-May 21) — Excellent prospects today for the Taurus who reads the fine print of any contract or proposal.

GEMINI (May 22-June 21) — Don't be taken in by the prospect of financial gain if the way toward such gain is against your better judgment.

CANCER (June 22-July 23) — You can avoid upset in business and domestically if you handle money affairs quietly and with discretion.

LEO (July 24-Aug. 23) — A day filled with opportunities. Take care, however to look each one over with the greatest care.

Hal Boyle: Those Cocktail Parties

By HAL BOYLE

NEW YORK (AP) — Everybody talks about cocktail parties, but nobody ever does anything about them — except to throw another one.

One of the ordeals of autumn is that it signifies the start of new cocktail party season with all its attendant perils to millions of American alimentary canals which have rested up during the summer.

Originally, the cocktail party was invented as a pleasant way of paying off small social debts en masse. But it outgrew that idea long ago. Now it is just another way to get even with folks.

One of the rituals about throwing a cocktail party is that there must be a reason for it, preferably a cute reason.

Such as:

"We're would like you to attend a little shindig in our hut next Friday honoring our dog Roscoe, who has just graduated at the head of his class in obedience school. Hours: 5 to 7. Bring your own weapons."

"Oh, no, not another cocktail party!" means each guest. But each guest shows up on the dot at the appointed hour. Everyone who attends cocktail parties says he hates them — but he wouldn't miss one for the world.

The more thoughtful guests bring gaily wrapped gifts for Roscoe, who lies in a corner snarling at all who come near. Roscoe has been to cocktail parties before. To him they are part of a dog's life he would rather dispense with.

At the start of the evening the guests, most of whom never heard of each other before and silently hope they never will again, are hard put even to exchange bare commonplaces of greeting. They stand there, shifting from one foot to the other, and pretending they are having a whale of a time munching on stummy fishballs and other gluey substances.

No one knows for sure who first started the custom of serving that kind of food at cocktail parties. No one is willing to accept the blame. Roscoe himself would starve rather than touch it.

After a couple of hours, however, the different kinds of bubbly in the glasses have evaporated the inhuman evil. The guests who had nothing to say before now can't shut up. Holding on to each others' coat lapels they are engaged in eyeball-to-eyeball shouting matches.

No one hears what another says. Why should he? After all, he has a few things he wants to get off his chest himself. Undoubtedly thousands of brilliant

Win At Bridge

Trick Takers Are Not Jacks

By JACOBY & SON
 1965 Vanderbilt Cup Winners
 Newspaper Enterprise Assn.

The basic requirement for an opening bid is high card strength. You are starting to attack and need ammunition.

The basic requirement for an overcall is playing strength. You need some high cards, otherwise your overcall is pointless, but when you base an overcall on high card points, especially at the two level, you are inviting trouble to pay you a visit.

West could hardly believe his ears when he heard South's two spade call, but his astonishment did not keep him from doubling.

South had no place to run. West took his king and ace of hearts and continued with the queen and another club. East took his ace and king of clubs and shifted to a trump which West won with the ten. West played ace and four of diamonds. East's king of diamonds became the eighth defensive trick. A third diamond lead allowed West to ruff for the ninth trick and he still was sure of one more trump trick.

South was ready with all sorts of futile talk. He remarked that he had saved a slam. He hadn't. East and West could come close to a slam, but close doesn't count.

QUICK QUIZ

Q—Does the District of Columbia have a flag?
 A—Yes, the flag consists of two horizontal red bars on a white field and three red stars in the top white space. It is said to have been adapted from George Washington's family coat of arms.

Q—Who was the first American president who had been a senator?
 A—James Monroe of Virginia.

Q—What state once levied a bachelor tax?
 A—Missouri in 1820 placed a \$1 tax "on every unmarried free white male, above the age of 21 years and under 50 years."

Faster Tempo

By CYNTHIA LOWRY
AP TV-Radio Writer

NEW YORK (AP) — The television tempo quickened Wednesday night with the addition of a couple of rip-roaring action shows, two comedies that promise to provide a occasional chuckle, and a science-fiction hour that may delight the younger audience.

The action shows are ABC's "The Big Valley" and CBS' "I Spy," and you could hardly ask for greater diversity.

"The Big Valley" is a Western, family style like "Bonanza," but in its first outing suggested that its story lines promise to be made of sterner stuff.

The Barkleys of old California consist of a widowed mother, a brave pioneer type, with three handsome sons who don't seem to like each other much except when the chips are down, and a pretty daughter who appears to be something of a problem.

"I Spy" is one of those currently popular secret agent things, set in modern Hong Kong. Costars are Robert Culp and Bill Cosby—TV's first Negro to be cast in a stellar role in a series.

About Hollywood Gilroy's Big Success

By BOB THOMAS
AP Movie-Television Writer

HOLLYWOOD (AP) — When "The Subject Was Roses" opened at the Huntington Hartford Theater this week, there was a special corps of enthusiasts: Frank Gilroy's fellow poker players.

All of them are in show business — writers, actors, directors, producers. They played poker every Wednesday night during the five years Gilroy lived here and worked in the movie and television jungle.

During that time the writer was moonlighting on a play script, turning it out in a realtor's office near his home in the Pacific Palisades. When he couldn't find backers foolishly enough to finance the play, Gilroy's poker pals contributed to the kitty.

"Most of them gave me \$1,000 without even reading the play and wrote it off as a loss," said the still astounded playwright.

The poker players had good reason to doubt their investments. "The Subject Was Roses" was Broadway's Cinderella story of the year — and perhaps any year since "Abe's Irish Rose" was an ingenue.

Gilroy's struggle to get his play produced was remarkable enough to warrant a book in itself — which indeed he wrote as "About Those Roses."

Even after the play finally opened on Broadway, it seemed destined for quick death. Only the transfusion of another \$10,000 to its \$80,000 budget and financial privations of all concerned allowed it to survive through losing weeks.

Survive it did, with glorious results. Last spring the play was sprinkled with the Drama Critics award, the Tony and the Pulitzer Prize, making it the fifth play to win the triple crown.

Gilroy, 38, is a hard worker with an admitted compulsion to write. He knows the folly of trying to do so in a household of growing youngsters. Wherever he writes — and now it's in Goshen, N.Y. — he rents a bare office which he furnishes with little more than chair, typewriter and table.

"I'm primarily a morning worker, but I write no set amount of time," he remarked. "The harder it goes, the longer I write; may family knows I've had a bad day if I arrive home late. If the work is going well, I quit early. That's so it will be easy to start the next day."

North Berwick

4-H CLUBS

The Pins and Needles and the Woodsmen 4-H clubs will hold Parents' Night Friday, Sept. 17 at 7 pm in the Fire Station hall. There will be an exhibition of the year's work, demonstrations and a program by members of the clubs. Parents and friends are cordially invited.

AMERICAN LEGION

At the last meeting of the Quint-Cheney Post 87, American Legion, a committee of four was appointed to investigate the possibility of conducting dances at the Legion hall on a weekly basis for children of pre-high school age.

They also voted to have a Wilfred Lambert Night at the Legion hall Tuesday night, Oct. 19. All post members and veterans are invited to attend.

A steak supper will be served at 6:30, followed by a social evening. Tickets and further information may be obtained from committee members John Sheen, Jr., Frank Shaw, Clifford Wilson, Jr., Albert Sesin, Lawrence Randall and Col. Alcide Desrochers.

The Boys State delegates and their parents and the High school faculty will be invited to a regular supper and meeting on Tuesday, October 5.

The Post is conducting a membership drive. Any person is eligible if he or she was a member of the Army, Navy, Marine Corps, Coast Guard or Air Force and assigned to active duty at some time during any of the following periods: April 6, 1917-November 11, 1918; Dec. 7, 1941-Jan. 2, 1945; June 25, 1950-July 27, 1953; and separated with an honorable discharge. Any eligible veteran interested may contact any Post member for further information.

Farmington

Mrs. Ruth Gordon 755-8622

HISTORICAL SOCIETY

Thirty members and guests attended the September meeting of the Farmington - New Durham Historical Society last Friday at the American Legion Hall.

Colored slides of Russia were shown by Alma Gallagher of Laconia, who with her father runs the Laconia Citizen.

Miss Gallagher traveled with 30 other newspaper people in 1964. They also entered East and West Germany.

Refreshments of cupcakes, ice cream, coffee and tonic were served by Mrs. Stella Taylor, chairman, and helpers Mesdames Gladys Reddon, Marion Newbury, Ruth Gordon, Marion Learned and Iola Sabine.

Guests were Mrs. Peterson of Lebanon, Me., Mrs. McFarland of Governors road, and Jane Martin and Virginia Meader of Rochester and Mrs. Jeannette Bolduc of Laconia.

Next month's meeting will be held at the home of Mr. and Mrs. Cecil Pike of Old Bay road, New Durham.

LOCALS

Mrs. Olin B. Tracy's aunt, Mrs. Josiah Higgins of Laconia, 86, died recently.

Mrs. Harry Kimball and daughters Cindy and Bonnie spent the weekend with his mother and husband, Mr. and Mrs. Nelson Hill of South Main street. They have been with Capt. Harry Kimball at Keeler AFB, Miss., for several months, where he has been taking a special course and will graduate Sept. 22. He will join his family in Manchester for a one-month furlough before they all go to Ramstein, Germany October 28. Capt. Kimball is a FHS graduate.

Mr. and Mrs. Rudolf Guil-

TO SPEAK AT DOVER church

— Miss Muriel Herson of East Lebanon, Maine will speak at the Dover Advent Christian Church Sept. 16 at 7:30 p.m. She is currently ministering to the deaf at the MacArthur Memorial Bible Church in Burbank, California.

mette have purchased a home at the corner of Glen and Winter streets.

Mrs. Mary Krapohl and her sister, Miss Mary Sabine, took their mother, Mrs. Fred Sabine, to visit her sister and husband, Mr. and Mrs. Forrest Gordon in Springfield, Vt., for a week. On the way they took their aunt, Mrs. Margaret Sabine, home to Lisbon after she had visited them for two weeks.

Mrs. Anthony Servetas of Orange street received a telephone call last Saturday from her husband, who is stationed on Guam. It was in honor of their tenth anniversary.

Mr. and Mrs. Frank Chase of Springfield, Mass., moved here and are living in an apartment of Mrs. Nelson Hill on South Main street. She is the sister of Mrs. Matton Towle of the Ridge road, and Ralph Holder of Lincoln street.

Newfields

RUTH WILSON 773-5189

AL AUXILIARY

The American Legion Auxiliary will hold their monthly meeting at 8 pm Sept. 15 at the home of Mrs. Heisen Merrill.

The junior girls will attend. Included in the program will be the annual report of Girls State.

4-H NEWS

The Rockingham County 4-H Round-up will be held in Exeter at the Junior High gym on Saturday, September 18. Members will meet in front of the

Newfields Town hall at 8:30 am.

Transportation will be available.

On Monday, Sept. 20, the local 4-H group will hold their achievement meeting at the Town hall after school. Pins, certificates and seals earned by the members will be presented by Miss Elizabeth Bourne, Rockingham County 4-H agent.

LOCALS

James Daley, Jr., of Piscataic road, has entered the New Hampshire Vocational Institute in Portsmouth and will major in an automotive course.

Jean Liberator, daughter of Mr. and Mrs. John Liberator of Exeter road has entered the Heule Beauty Academy in Manchester where she will be taking

a course in cosmetology. Mrs. Margorie Deming of Coventry, Conn., was a recent guest at the home of her sister, Mrs. James Daley.

To: CITIZENS OF DOVER From: CORE-DREG

On September 1, 1965, the text of the letter sent to the Secretary of State of New Hampshire specifying the objectives of Core-Dreg was given to the radio and the local newspaper for publication. These objectives were endorsed by both media of mass communication and never published.

These objectives are:

1. The circulation of a petition as required by the charter of the City of Dover, in order to obtain a minimum of 500 signatures of registered voters requesting, that a special election be held the 4th Tuesday of September next, so that the voters of said city may have the opportunity of registering their choice of:
 - Plan 1 - Amended-Mayor Plan
 - Plan 2 - City Manager Plan
2. The development of arguments in newspapers and radio, that will influence and persuade voters to choose Plan 1;
3. The formulation of a platform, that is to include suggestions for amending Plan 1, so that the citizens of Dover will have more control of their government, elected officials, policies and expenditures, so that thereby greater justice will prevail in our civic life and in our community;
4. The amending of Plan 1 shall be achieved through the exercise of HOME RULE procedure as found in the Laws of the State of New Hampshire, Chapter 275, section 49:A.8 through 49:A.11, as adopted by the voters of Dover in the special election of Nov. 1963, when a majority of the voters of Dover voted Yes to the question submitted for their approval:

Question: Shall the City of Dover adopt the Home Rule amending process provided for in RSA 49:A which will permit the City to adopt amendments to its Charter by popular referendum without the necessity of a legislative act?
5. The amending of Plan 1, whenever it is not within the purview of Home Rule, will be attempted through legislation submitted to the General Court for its approval;
6. The nomination and support of candidates for elective office in municipal and state government, in order to realize the platform of reform and amendment of the charter;
7. The collection of the necessary money to achieve the objectives of the platform.

VOTE PLAN 1 SEPTEMBER 28

Signed: Roland Heman, 10 Oak St., Dover, N.H.
