## REPORT OF FIREWARDS

---

The fire company has been called to one fire during the year on the property of Mrs. Marion Nesbit. This was extinguished in quick time, but caused a loss of several hundred dollars. One thousand feet of hose was purchased and all old hose inspected and replaced where necessary. We urge all persons to know the location of the emergency hose houses so that the hose may be available at once, when a fire starts. Hand extinguishers are kept at the homes of the firemen for immediate use at any fire.

Respectfully submitted,

WM. H. DOONAN

## REPORT OF CEMETERY TRUSTEES

---

We herewith submit the following report:

During the past year we have made many improvements in the perpetual care lots and also in others where there are no relatives to be interested in them.

More than the usual amount of labor has been put into the care of the cemetery as a whole including the trimming and removing of the lower branches of many of the trees.

Flowers were placed upon all perpetual care lots on Memorial Day.

## REPORT OF TRUSTEES

It is very gratifying for the trustees to report there have been 9245 visitors at the library during the year and 7275 books have been loaned. We have purchased over 150 new books. We greatly appreciate the donation of several books by Mrs. Herman J. Wells, Mrs. Walter Upham, Mrs. Bronson P. Lamb, Mrs. Charles F. Blake, Mrs. Harlin P. Upham and Philip Pease.

In the death of Harlin P. Upham, the treasurer of the Library Trustees, we have sustained an irreparable loss of one who was a conscientious worker for the best interest of the library for fifteen years.

The Trustees.

## AUDITORS' REPORT

---

We have examined the accounts of the following town officers: Selectmen, Town Treasurer, Water Commissioners, Fire Wards, Cemetery Trustees, Library Trustees, Town Clerk and Tax Collector for the year ending January 31, 1932, and find them correctly cast and properly vouched.

We find that the Road Agent's bills rendered to the Selectmen correspond with the orders issued to him, and that each employee of this department signs the payroll for his wages.

## REPORT OF SCHOOL BOARD

---

To the Citizens of Greenville:

We herewith submit the following report:

Nearly all the school districts in New Hampshire are served by school nurses. It seems desirable that Greenville should employ such a nurse to do follow-up work after the medical examination and we, as a Board, together with Dr. Pease, approve of this extension of health work. The yearly cost of a school nurse would be \$300, but as the Board feels that the decision should be left with the voters, this item is covered by a separate article in the Warrant.

In making up the Budget for the coming year the Board has presented as low a figure as seems consistent with securing the best results.

Children who remain at school at noon are indebted to the Red Cross for a hot lunch served each day during the winter term. This service is much appreciated by the pupils and their parents.

The interior of the school building is in excellent condition, but it will be necessary to paint the outside in another year.

### BUDGET FOR 1932-1933

Estimated expenditures for the school year beginning July 1, 1932, and ending June 30, 1933, and recommendations of sums to be assessed for the support of schools and payment of statutory requirements.

# REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Greenville:

I submit my ninth annual report as Superintendent of Schools.

## SCHOOL ORGANIZATION

There has been no change in the organization of the schools from the plan one year ago and the only change in personnel is that Mr. Lester Batchelder is looking after the manual training work in place of Mr. George Robbins.

The statistical tables show an increased enrollment, a slight increase in the per cent of attendance and the same satisfactory record of tardiness as last year.

## SUPERVISION

In the past two years I have been able to increase the proportion of time devoted to school room supervision so that for the current year it amounts to 65% of my total time; 25% is devoted to office work which includes the tabulation and study of teachers' tests and standardized tests, and the remaining 10% is devoted to other activities including School Board meetings, conferences and visits outside the district.

The testing program is being conducted along the same lines as described in previous reports. In addition, I have this year begun a practice of making special reports to the parents as to their children's success in these standardized tests. The results of the Stanford Achievement Tests given in January are now being sent out to the parents, and the results of the reading tests in the Primary Grades will be sent out later on. These reports are intended to give to the

parents an opportunity of making the same comparison, between the standing of their children in these tests and the teacher's marks, that we have been making and using for the past three years or more. We are using standardized tests that are in general use throughout the country and have been perfected to such a degree as to furnish a very reliable measure of accomplishment in the grades for which the tests are standardized.

A general invitation is extended to parents to confer with the Superintendent and teachers, for there is much that we are able to tell in a conference that it is impossible to put into a written report.

### MEDICAL INSPECTION

The annual medical inspection was made in October by Dr. Pease assisted by the nurse, Miss Morris, and the following results have been reported:

	Public	Parochial
Number of children examined	76	177
Number of children absent	1	2
Defective vision	0	10
Nervous condition	0	1
Cardiac disease	0	1
Defective teeth	29	68
Diseased tonsils	3	7
Enlarged glands	0	1
Pediculosis	1	11
Skin disease	1	0
Unvaccinated	0	2

No record has been made of corrective work since the previous examination.

This medical inspection could be made effective and corrective work secured if the School District would see fit to provide an additional sum of money for the services of a school nurse. I hope this may be done in the near future.

## THE BUDGET

The total sum recommended by the School Board to be raised by taxation is \$9,159 as compared with \$9,868.40 last year. The reduction of approximately \$700 is due chiefly to savings in the following items: Transportation of pupils \$240, High School Tuition \$600, with slight additions in the items of scholars' supplies, other expenses of instruction, janitors' supplies and insurance.

The interest and co-operation of the School Board and citizens is as greatly appreciated as it has continually been during my period of service in this district.

Respectfully submitted,

VERNON S. AMES, *Superintendent*

Wilton, N. H., February 9, 1932
