The State of New Hampshire
Town of Langdon
Town Warrant
2002

To the inhabitants of the Town of Langdon, County of Sullivan, in said State, qualified to vote in Town affairs:

You are hereby notified to meet at the Town Hall in said Langdon on Tuesday, the twelfth day of March, at ten of the clock a.m. until seven p.m. Regular business meeting will commence at seven p.m.

Article 1. To choose all necessary officers for the ensuing year.

Article 2. Are you in favor of amending the Zoning Ordinance by adopting the Telecommunications Facilities Ordinance proposed by the Planning Board of the Town of Langdon under the authority of RSA 674:16&21,II, that would establish general guidelines and regulate the placement, location, construction, size, buffering, and other aspects associated with any telecommunications facilities requesting location in the Town of Langdon.

Article 3. To see if the Town will raise and appropriate \$213,215 for the following purposes:

a. Town Officers Salaries	\$16,650
b. Town Officer's Expenses	\$14,000
c. Election and Registration	\$1,100
d. Revaluation of Property	\$5,000
e. Legal Expenses	\$5,000
f. Planning and Zoning	\$1,500
g. General Government Buildings	\$16,000
h. Cemeteries	\$3,000
i. Insurance	\$14,000
j. Regional Associations	\$1,500
k. Police	\$15,000
l. School Resource Officer	\$39,465
m. Fire	\$17,800
n. Ambulance	\$3,750
o. Solid Waste	\$47,000
p. Dog Control	\$1,000
q. Health Services	\$3,000
r. Welfare	\$2,000
s. Fall Mountain Food Shelf	\$300
t. Library (Shedd-Porter)	\$1,000
u. Memorial Day	\$150
v. Interest TAN	\$5,000

The Selectmen recommend this appropriation.

Article 4. To see if the town will vote to raise and appropriate the sum of \$152,000 for the maintenance of highways and bridges. The State of New Hampshire to furnish approximately \$46,914 in State Aid. The Town will raise the balance. (Approximately \$105,086). The Selectmen recommend this article.

Article 5. To see if the town will vote to raise and appropriate the sum of \$1,200 for Fire Department Equipment.
The Selectmen recommend this article.

Article 6. To see if the town will vote to raise and appropriate the sum of \$2,000 for Police Department Equipment.
The Selectmen recommend this article.

Article 7. Shall the town accept the provisions of RSA 31:95-b providing that any town at an annual meeting may adopt an article authorizing indefinitely, until specific rescission of such authority, the Selectmen to apply for, accept and expend, without further action by the town meeting, unanticipated money from a state, federal, or other governmental unit or a private source which becomes available during the fiscal year? This authorization will remain in effect until rescinded by a vote of the town meeting.
The Selectmen recommend this article.

Article 8. To see if the town will vote to authorize the Selectmen to accept gifts of personal property, other than cash, to the town for any public purposes. This authorization in accordance with RSA 31:95-e shall remain in effect until rescinded by a vote of the town meeting.
The Selectmen recommend this article.

Article 9. To see if the town will vote to raise and appropriate the sum of \$15,000 for the Highway Equipment Capital Reserve Fund previously established.
The Selectmen recommend this article.

Article 10. To see if the town will vote to raise and appropriate the sum of \$20,000 for the Fire Equipment Capital Reserve Fund previously established.
The Selectmen recommend this article

Article 11. To see if the town will vote to raise and appropriate the sum of \$2,500 for the Cemetery Land Capital Reserve Fund previously established.
The Selectmen recommend this article.

Article 12. To see if the town will vote to raise and appropriate the sum of \$500 for the Cemetery Fence Capital Reserve Fund previously established.
The Selectmen recommend this article.

Article 13. To see if the town will vote to raise and appropriate the sum of \$50,000 for the purchase of a 2002 Ford F-550 Highway Truck and to authorize the withdrawal of \$32,000 from the capital reserve fund previously established and \$18,000 to come from taxes.

The Selectmen recommend this article.

Article 14. To see if the town will vote to raise and appropriate the sum of \$250 for the Sullivan County Hospice.

The Selectmen recommend this article.

Article 15. To see if the town will vote to authorize the creation of a Veteran's Memorial Park on the common in the center of town, at no cost to the town. (By Petition)

The Selectmen recommend this article.

Article 16. To allow the town to hear the Selectmen's plans concerning:

1. Town Buildings
2. Pay Per Throw Trash Collection

And to allow the Selectmen to hear the town's concerns on these items.

Article 17. To transact any other business that may legally come before this meeting.

Article 18. To allow accounts.

Given under our hands and seal this 18th day of February in the year of our Lord, two thousand and two.

Robert Cunniff
Fred Roentsch
Clarence Koss

A true copy of warrant-attest

Robert Cunniff
Fred Roentsch
Clarence Koss

Langdon, NH February 18, 2002

The State of New Hampshire
Town of Langdon
Town Meeting
March 13, 2001

The meeting was called to order at 7:03 PM. Moderator Donald Malcom led the townspeople in the Pledge of Allegiance. Each warrant article was read as it came up for discussion

Article 1. To choose all necessary officers for the ensuing year.

During the day, one hundred fifty seven ballots were case with the following results:

SELECTMAN FOR THREE YEARS

Clarence Koss 149

TOWN CLERK FOR THREE YEARS

Mary Knott 154

TAX COLLECTOR FOR THREE YEARS

Linda Campbell 156

TREASURER FOR THREE YEARS

Kathleen Beam 156

FIRE CHIEF FOR ONE YEAR

Gregory Chaffee 154

TRUSTEE OF THE TRUST FUND FOR THREE YEARS

Donna Jones 147

AUDITOR FOR THREE YEARS

Diana & Kevin Bascom 148

SEXTON FOR ONE YEAR

Ira H. Huntley 17

Article 2. Are you in favor of adopting Amendment #1 as proposed by the Planning Board of the Town of Langdon to amend the Building Code, Section 4 by adding: "C. All accessory buildings not used for living purposes, attached or detached must be at least twenty five (25) feet from the lot side lines and fifty (50) feet from the rear lot line."

BY BALLOT YES 78 NO 77 PASSED

Article 3. To see if the Town will appropriate and authorize the Selectman to use the revenue, estimated to be \$113,800 from:

a. Land Use Change Tax	\$2,000
b. Yield Tax	\$5,000
c. Excavation Activity Tax	\$2,400
d. Excavation Tax	\$700
e. Interest on Taxes and Penalties	\$15,000
f. Motor Vehicle Permits	\$65,000
g. Building Permits	\$200
h. Other Licenses, Permits and Fees	\$1,500
i. Income from Departments	\$1,000
j. State of NH Shared Revenue	\$6,500
k. State of NH Room and Meals	\$14,500

To defray town charges, estimated to be \$173,650. Town charges to include, but not limited to:

a. Town Officers Salaries	\$16,200
b. Town Officer's Expenses	\$13,000
c. Election and Registration	\$700
d. Legal Expenses	\$5,000
e. Planning and Zoning	\$1,500
f. General Government Buildings	\$14,000
g. Cemeteries	\$3,000
h. Insurance	\$14,000
i. Regional Associations	\$1,500
j. Police	\$14,000
k. Fire	\$17,800
l. Ambulance	\$3,500
m. Solid Waste	\$42,000
n. Dog Control	\$1,000
o. Health Services	\$3,000
p. Welfare	\$1,500
q. Alstead Food Shelf	\$300
r. Library (Shedd-Porter)	\$1,000
s. Memorial Day	\$150
t. Interest TAN	\$7,000
u. Interest on Long Term Notes	\$500
v. Payment on Long Term Note	\$13,000

The Selectmen recommend this appropriation.

ARTICLE 3 PASSED UNANIMOUSLY WITH VOICE VOTE

Article 4. To see if the town will vote to raise and appropriate the sum of \$150,000 for the maintenance of highways and bridges. The State of New Hampshire to furnish approximately \$44,000 in State Aid. The Town will raise the balance. (Approximately \$106,000). The Selectmen recommend this article.

ARTICLE 4 PASSED UNANIMOUSLY WITH VOICE VOTE

Article 5. To see if the town will vote to raise and appropriate the sum of \$1,200 for the Capital Expenses of the Fire Department.
The Selectmen recommend this article.

ARTICLE 5 PASSED UNANIMOUSLY WITH VOICE VOTE

Article 6. To see if the town will vote to raise and appropriate the sum of \$1,500 for the Capital Expenses of the Police Department.
The Selectmen recommend this article.

ARTICLE 6 PASSED UNANIMOUSLY WITH VOICE VOTE

Article 7. To see if the town will vote to raise and appropriate the sum of \$48,000 for a complete revaluation of all property and furthermore to authorize the withdrawal of \$25,000 plus interest from the capital reserve fund previously established for that purpose, with the balance to be raised by taxation. (Approximately \$28,000 to come from capital reserve fund, and approximately \$20,000 from taxes.)
The Selectmen recommend this article.

Discussion: A town wide revaluation has not been done since 1990. The Town has gotten quotes from two companies and will be purchasing software that will make updates easier in the future. The revaluation is expected to be completed by late summer of 2001. The capital reserve fund has about \$33,000 to date.

ARTICLE 7 PASSED UNANIMOUSLY WITH VOICE VOTE

Article 8. To see if the town will vote to raise and appropriate the sum of \$15,000 for the Highway Equipment Capital Reserve Fund previously established.
The Selectmen recommend this article.

ARTICLE 8 PASSED UNANIMOUSLY WITH VOICE VOTE

Article 9. To see if the town will vote to raise and appropriate the sum of \$2,500 for the Cemetery Land Capital Reserve Fund previously established.
The Selectmen recommend this article.

Discussion: The question was raised if more land was actually needed, as land has been donated adjacent to the Upper Cemetery. Eventually more land will be needed. The Capital Reserve Fund has \$7990 in it currently.

ARTICLE 9 PASSED WITH VOICE VOTE

Article 10. To see if the town will vote to raise and appropriate the sum of \$500 for the Cemetery Fence Capital Reserve Fund previously established.
The Selectmen recommend this article.

ARTICLE 10 PASSED UNANIMOUSLY WITH VOICE VOTE

Article 11. To see if the town will vote to raise and appropriate the sum of \$250 for the Sullivan County Hospice.
The Selectmen recommend this article.

ARTICLE 11 PASSED UNANIMOUSLY WITH VOICE VOTE

Article 12. To see if the town will vote to establish a conservation commission of three members.

MOTION WAS MADE AND SECONDED TO PASS OVER ARTICLE 12. VOTED YES BY VOICE VOTE.

Article 13. To transact any other business that may legally come before this meeting.

- The Selectmen noted that it has been a heavy year for plowing snow. A problem that the highway department is encountering is that snow is being left in the road as a result of the plowing of driveways across town roads. Snow frozen in the road can cause damage to plows, vehicles, or could cause accidents. It is not lawful. RSA 236:39 states "Anyone who causes any defect or insufficiency in a highway shall be liable for all damages to the highway plus any damages the town may be compelled to pay to injured or damaged travellers." Townspeople are urged to curb this practice.
- Motion (Joe Holmes/Bob Cunniff) was made "Whereas aesthetics, safety, and convenience are all important aspects of the way of life of the inhabitants of the Town of Langdon, be it known, we urge the Planning Board, ZBA, Selectmen, and other Town officials to review each of these aspects for any communication towers or systems that may come before them."

VOTED YES BY VOICE VOTE

- Donald Malcolm noted that a "pay per throw" system was being considered by the Selectboard and the Transfer Station Committee to encourage individuals to increase recycling. A reasonable number of bags would be provided without cost. Our recycling costs are \$50/month, no matter how much recyclables there are. Recycling is the chief way of reducing trash costs.

There was interest in having "Clean-up Day" in town where trash can be brought in at no charge.

Article 14. To allow accounts.

ARTICLE 14 PASSED UNANIMOUSLY WITH VOICE VOTE

Lynn Phillips won the quilt raffle.

The meeting was adjourned at 7:40 PM

Respectfully submitted,

Mary L. Knott

Town Clerk

Langdon, NH

March 22, 2001

AUDITOR'S REPORT

We are in the process of reviewing the financial and tax records of the Town of Langdon including the Selectmen, Town Clerk, Tax Collector, Treasurer, and Trustees of the Trust Funds, according to accepted accounting practices. A detailed report will be available in the Selectmen's office after March 1, 2002.

Respectfully,
Diana Bascom

Respectfully,

Mary Knott
Town Clerk

SELECTMEN'S REPORT

Again this year, we find ourselves writing this report not knowing what the cost of education will be when the tax rate is set. The Fall Mountain Regional School Board is proposing a change in the Articles of Agreement that would change the formula for apportioning school costs between the five towns of the district. At the present time we pay for the operation of our schools based on Average Daily Membership (ADM). The school budget is divided by the number of students in the district and each town pays based on the number of students residing in that town. The proposed change would be based on actual cost of operation town by town. If it passes, it will cause Langdon's share of the school budget to increase significantly. We ask all voters to become informed about this issue and vote on Town Meeting Day.

The revaluation of property was completed early this past fall and the board is generally satisfied with the results. We have corrected some errors in data collection and plan to review all Current Use values this year. The tax map will be updated to include frontage of all properties as required by the state. 911 addresses are now in effect in the town.

As you read the warrant, you will note that we are asking the town to purchase a new highway truck. This will replace the 1986 Ford. We are also continuing to put money in the Highway Capital Reserve Fund. The backhoe loader will need to be replaced before many more years. We are also starting to save to replace the 1984 Fire Truck. We hope to purchase a new pumper in five years.

The town is initiating a major program to repair and renovate the Town Hall and update town facilities. Little work has been done to the Town Hall over the past 100 years and if the building is going to be preserved as a part of the Town's history, it appears that work on the structure must be started soon. Some of the major problems requiring attention include 1) resetting of the foundation blocks to eliminate sagging, 2) replacement of rotted sills, 3) restoration of rotting/leaking windows, 4) repair of roof leaks, 5) updating the heating system, 6) updating the electrical system, and 7) providing for sanitary facilities. In addition, we must address the inadequate facilities for Town Clerk, Tax Collector, Selectmen, and Police Department. More space is needed for the adequate storage of town records. In conjunction with the Town Hall renovation, there is also a need to upgrade the Fire Department facilities.

To help finance this project, the town is proposing to register the Town Hall as a National Historic Site in order to make it possible to apply for grant money from the state, federal, and private sources. As we begin to obtain grant money, we can develop a plan for accomplishing our renovation objectives. We hope to receive input and help from the town's residents now and as this project progresses. Please note that we will be discussing this project under Article #16 at Town Meeting, and come prepared to share your thoughts.

A small town works best when those who live there are actively involved in their community. We are fortunate to have many people in town who serve the town by being firemen, EMTs, town officers, and board members. We need more people who are interested in serving on the Planning Board, or the Zoning Board of Adjustment. If you would like to be considered for one of these boards, talk to any of the Selectmen or Mary Knott.

In closing, we would like to thank Mary Knott, Town Administrator, for all she does for the town.

Respectfully,

Robert Cunniff
Fred Roentsch
Clarence Koss
Langdon Board of Selectmen

Town of Langdon
Road Plan Update
2001

We continue to make progress on implementing the Road Rebuilding Plan which was adopted in 1998. As road conditions change, priorities are necessarily revised with respect to projects being undertaken. AS in past years, we expect to allocate up to \$90,000 each year to the major projects on the schedule.

The current schedule of projects is as follows:

- 2002 Cheshire Turnpike - rebuild and pave complete
Seal Old Drewsville, Hemlock and Holden Hill Roads
Walker Hill Road - rebuild and gravel at junction with Egerton
Cold River Road - rebuild and gravel near Mack property
Comstock Road - rebuild and gravel

- 2003 Rebuild and pave approaches on
Comstock Road at junction with Old Drewsville Road
Tory Hill Road at junction with 12A
Tory Hill Road at junction with 123
Mellish Road at junction with Cheshire Turnpike
Walker Hill Road at junction with Egerton
Tory Hill Road - rebuild and gravel from Mellish Road to Porters

- 2004 Holden Hill Road - repair and pave 1.7 miles from Town Hall
Egerton Road - rebuild and gravel the hill below Walker Hill
Review paved roads for sealing
Review gravel roads for ditching, gravel, regrading, etc.

- 2005 Holden Hill Road - rebuild and install drainage near Mentons
Hemlock/Meaney Roads - rebuild and install drainage.

As money is available and working between major projects, we need culverts replaced on Hemlock, Ball Hill, Tory Hill, Russell, Meaney, and Currier Roads. Also, finish gravel on rebuilt portion of Holden Hill, Winch Hill, and Tory Hill Roads.

Additionally, there are several projects to keep in mind:

- Rebuild and gravel Mason, Currier, Greene, and Russell Roads
- Holmes Lane - rebuild corner at 12A to improve sight lines
- Winch Hill Road - rebuild lower end
- Hemlock Road - rebuild from Meaney Road to Town Line
- Cold River Road - widen and rebuild (needs State/Federal Funds)

ROAD AGENT'S REPORT

In the spring, a sharp corner on Mellish Road was widened and drainage put in place. Crushed gravel was added to Mellish Road, the upper end of Tory Hill Road, Cold River Road, Winch Hill, and Jewett Road. In the fall, drainage was placed on Cold River Road in the area of Gary Mack.

The major project for 2001, Cheshire Turnpike, was not done this summer due to a number of factors. Scheduling of power equipment, weather conditions, material preparedness, the cost of tar, and jury duty in July for Roger, all worked against the timing for this project. In its place, upper Holden Hill was rebuilt in the fall, and was done to completion with the exception of some loam that still needs to be spread on the shoulders. The Holden Hill project had been scheduled to only begin in 2001 if there were any remaining funds.

We had a voluntary DES inspection in the fall, and no major problems were found. We will be registering our floor drain holding tank in order to comply with EPA regulations. The inspectors were very pleased to see we had a solution for the handling of waste oil, as new regulations make the transporting of waste oil more difficult. A new waste oil burner was purchased and will be paid for by grants over the next couple of years thanks to Don Malcolm helping the Highway Department out with the application process.

Grader and backhoe tires were purchased with the money left over after completing the Holden Hill project. Aerial and ground brushing, and then chipping was done on Holden Hill and Russell Road. Roadside brushing with the side boom mower was done on most all remaining roads.

This year we are asking for a new truck to replace the '86 Ford which was fixed up in 1997 to buy time because of the more urgent need to replace the '90 Ford. We had to rebuild the loader bucket on the backhoe and many other structures are showing major signs of rust problems. We will need to replace the backhoe before too long.

This year we plan to take up the rebuilding of Cheshire Turnpike project left from last year - shoulder rebuilding and the repaving of the entire road. Comstock Road will be rebuilt, and gravel and drainage will be done on parts of Old Drewsville Road in preparation for repaving next year. The upper end of Walker Hill Road will be rebuilt and graveled in preparation for taring next year. The approach to Tory Hill Road, from Swain's end will have culverts replaced and be prepared for tar next year. Culverts will be replaced on Hemlock Road, Ball Hill Road, and Tory Hill Road, and crushed gravel will go on the Holden Hill job as finish topping. Cold River Road in the area of Gary Mack will be completed, by widening the corner. All projects are subject to funding and the cost of materials.

Respectfully,

Roger Pelton
Road Agent

POLICE CHIEF'S REPORT
2001

Another year has come and gone with no major problems in town other than the school still being a large part of our time with bomb threats and other problems that happen any time you place over eight hundred people in the same building.

At the start of the year, Deputy Sheriff Tom Cummings from Sullivan County, Superintendent Dan Ferreira, and myself started working on a federal grant to hire a School Resource Officer for the Fall Mountain Regional High School that would pay for three years, with the school district paying for the fourth year. The paper work was submitted and the grant was approved after the 2001-2002 school year started. The school district started to advertise the job and a committee was set up to interview applicants for the job.

The committee involved the Police Chiefs from all five district towns, the Superintendent, the Principal, the Chairman of the School Board, a teacher, a parent, a student, a School Resource Officer, and a County Sheriff. After several meetings and several interviews with applicants, the committee came to full agreement that we had the applicant that we were looking for in Rosemary Millard, who was currently working for the Rockingham County Sheriff's Department with ten years in law enforcement. Rosemary was offered the job and after an extensive background investigation, was hired. Rosemary will be working as a Langdon Officer at the school 75% of the time, and in the summer months, she will be doing patrols in Langdon and setting up programs for the kids to keep them busy in the summer, during vacations, and after school.

The accident rate is on the way back up with 28 accidents reported last year with one being fatal. One of the contributing factors in most of the accidents seems to be speed. People need to slow down on our narrow roads that are not built for speed. Also people seem to forget that it gets slippery in the winter.

I would like to thank the Fire and Highway Departments for their help this past year. It is good to see that we can all work together for the good of the town. Also, a big thanks to Mary Knott for her understanding with the COPS Grant and in the hiring of the new officer. I know that it added a lot of work for her and she already has more than enough to handle as it is.

Below are some of the incidents that were handled by the Police Department in 2001:

78	School incidents
28	Motor Vehicle accidents
141	Motor Vehicle stops
51	Motor Vehicle summons
5	Domestic disputes
18	911 hang up calls
39	Assisted other agencies

Respectfully
Raymond A. L'Abbe, Chief of Police

REPORT OF THE FIRE CHIEF
FOR THE YEAR 2001

Langdon Fire and Rescue responded to the following calls in 2001:

Rescue Calls	52	Carbon Monoxide	1
Control Burn	1	Assist Police	5
Wires Down	1	Trash Pile Fire	1
Furnace Problem	1	Bomb Threat	3
Mutual Aid	4	False Alarm	1
Broken Sprinkler Head	1	Lost Hunter	1
Chimney Fire	3	Propane Leak	1

The fire department participated in many training sessions this year. We continued with weekly drills at our own station, as well as with other departments. Some of our personnel were able to take part in classes at The Meadowood Fire School in Fitzwilliams, NH, Marlboro Rescue School in Marlboro, NH, and The National Academy in Emmitsburg, Maryland. This year we had two members become Nationally Registered EMT Certified, and three members recertified for CPR. We also have two members that are Nationally Certified First Responders. We were able to send two fire fighters to the one hundred hour Firefighter One A Class in Alstead, NH this past fall.

In the summer, we facilitated a mock drill at Fall Mountain Regional High School in cooperation with the Langdon Police Department. Police, Fire, Rescue and Ambulance Departments from all five district towns were invited to participate. The scenario of the drill included armed intruders in the building and smoke and fire showing in the shop area of the building. All five towns were represented in some way and the drill was highly successful. It proved to be a good learning experience for all involved.

We made a few new purchases this year for the department. We bought four new pieces of 5" flexible suction for 17M1 and three pieces of 3" flexible suction for the portable pump on 17R1. We also purchased one new ice auger with a through-the-ice strainer and one barrell strainer to assist us in drafting water through the ice.

Maintenance continues to be performed by the department members on the fire trucks and equipment.

Our annual fundraisers proved successful once again. We would like to thank the members of the community for generously supporting us at the Mother's Day Breakfast, and at the Covered Bridge Festival. A portion of the money raised at the Covered Bridge Festival was contributed to the September 11th Fund in New York City.

I also want to thank all of our members for giving their valuable time to our community fire department. I also want to thank the Langdon Police and Highway Departments for working so closely with us.

To report and emergency, you may dial 911 or 352-1100.

Respectfully Submitted,
Greg Chaffee
Langdon Fire Chief

LANGDON FOREST FIRE WARDEN REPORT 2001

Again this year was quiet on the forest fire front. We responded to two minor incidents - one a permit burn of a shed (too close to garage), and a small fire started from discarded ashes (discarded some days prior.)

Upon the recommendation of the Selectmen, the state has reappointed myself and Deputy Warden Greg Chaffee for another three years. Also two new Deputy Wardens - Greg Cheeney and Curtis Barnes were appointed for 3 years.

Myself and three deputies attended a state forest service class, "Wildland (Fire) Causes and Determination."

Please take the time to review the Forest Ranger Report included. As you can see, we are losing buildings because of forest fires. Please help prevent this from happening in Langdon.

Fred Roentsch
Langdon Forest Fire Warden

COMMUNITY FOREST FIRE WARDEN AND STATE FOREST RANGER REPORT

Your local Forest Fire Warden, Fire Department, and the State of New Hampshire Division of Forests and Lands cooperate and coordinate to reduce the risk of wildland fires in New Hampshire. To help us assist you, contact your local Forest Fire Warden or Fire Department to find out if a permit is required before doing ALL outside burning. Fire permits are mandatory for any open burning unless the ground where the burning is to be done (and surrounding areas) is completely covered with snow. Violations of RSA 227-L:17, the fire permit law and the other burning laws of the State of New Hampshire are misdemeanors punishable by fines up to \$2,000 and/or a year in jail. Violators are also liable for all fire suppression costs. Open burning is a privilege, **NOT** a right. Help us to protect you and our forest resource! Build small brush piles that can be quickly burned and extinguished.

New Hampshire experienced over 940 wildland fires in 2001. Most of the fires were human caused. Due to dry conditions fires spread quickly impacting more than 20 structures. Homeowners can help protect their homes by maintaining adequate green space around the house and make sure that the house number is correct and visible. **Only You Can Prevent Wildland Fires.** Contact your local Fire Department or the New Hampshire Division of Forests and Lands website at www.nhdf.com or call 271-2217 for wildland fire safety information.

1999	1301	452

BUILDING INSPECTOR'S REPORT

Again this year we had between 10 & 15 permits issued. They fall into the following categories:

Homes	1
Additions to houses	2
Garages	3
Detatched Buildings	8

I did get my ears pinned back for issuing a permit for an addition that was too close to a side line. I wasn't aware that we had passed the ordinance in March. I'll be paying closer attention in the future. Also, we will be working with the road agent in an effort to protect his interest in curb-cuts and road damage during the building process. Your failure to plan will no longer be our emergency. Don't come to me for a building permit on Wednesday hoping to be building by the weekend. Depending on what you are building, the process could take 6-8 weeks.

Respectfully submitted,

Rodney A. Campbell
Building Inspector

TRANSFER STATION REPORT
2001

The transfer station was very active during 2001, indicating a noticeable increase in recycling. We increased our recycling effort by 15 tons, from 13.3 tons in 2000 to 28.42 tons in 2001, which resulted in a savings of \$2,444. Our solid waste tonnage figures declined by about 40 tons. If we can maintain this steady growth in recycling, the cost of trash removal can be diminished appreciably over the next year.

Discussion on the PAYT (Pay As You Throw), or so-call bag program, took place at one or two of the Selectmen's meetings. It was suggested by the recycling committee that a town-wide education program be undertaken so that all users of the transfer station will be well acquainted with the purpose and mechanics of the bag program before it is presented in a warrant article at town meeting 2003.

Plans are being formulated for a facelift at the transfer station to make recycling access more convenient and the appearance at the station more attractive.

A substantial money grant from the state has enabled us to provide for a waste oil burner for the town garage. We are asking anyone who changes their own vehicle's motor oil to be sure to bring the used oil to the transfer station.

The hours at the transfer station remain the same for 2002. We are very pleased to have Judy Burroughs join our team at the station and her presence has added a woman's touch to management duties. She will work on Sundays from 1:30 to 4:30 PM, and Wednesdays 12:30 to 4:30PM, and I will continue to work on Saturdays from 9AM to 5PM.

One last thing: several useable items come into the transfer station frequently, and you are encouraged to ask about these items. You may find something valuable. Furniture, dishes, clothing, household items, appliances, games, and automotive supplies are available. Check in the recycling building.

Donald C. Malcolm
Waste Management Coordinator

PLANNING BOARD REPORT – 2001

The new year for the Planning Board began in April with the election of officers: Pat Bresland, Chairman, Everett Adams, Vice-Chair, and Bob Polcari as recording secretary. Other members include Captain Healey, who recently passed away and is missed for his wit and help, Royal Holmes who resigned this year and has been missed, and new members Larry Nevins and Byron Niles. Clarence Koss is the Ex Officio Selectman. We have no alternates at this point.

This year, like past years, we have not run out of things to do. We have done several lot line adjustments and have reviewed regulations.

The last part of our year was setting up Telecommunications Regulations for the town. We had them checked by the town's legal council, held a noticed public hearing, and voted and approved them. They are now ready to be included in this year's warrant, and voted on at Town Meeting.

We held a joint meeting with the Board of Selectmen, the ZBA and the Southwest Region Planning Commission.

I would like to thank all the members of the Board for their effort, time, and extra hours. Thanks too to Estelle Adams for her service to the Planning Board, as our secretary. We are still looking for volunteers. Please let us know if you are interested in serving on the Planning Board.

Respectfully,

John P. Bresland
Chairman, Planning Board

ZONING BOARD OF ADJUSTMENT -2001

The Zoning Board of Adjustment meets on the 2nd Tuesday of each month at 7:30 PM at the Town Hall, at the discretion of the Chairman. Meetings are open to the public and all interested parties are invited to attend.

The only formal action by the Board in 2001 was the annual application by Cold River Materials for renewal of its special exception and permit for sand and gravel excavation at its site off Cold River Road. A public hearing on the application was held on January 9, 2001 and the application was granted, subject to the same conditions as previously. These conditions are designed, in general, to minimize adverse environmental effects of the operations, prevent undue neighborhood disturbance, control traffic, and provide for public safety and for appropriate reclamation of excavated areas.

In October, members of the Board and of the Planning Board heard a presentation on basic zoning law by a representative of the Southwest Region Planning Commission.

In December the possibility arose that an application would be made by a homeowner to construct a "mother-in-law" type apartment in a garage or barn not attached to the main residence. This situation is not specifically covered in the Zoning Ordinance and Building Code. In anticipation of this application, the Board considered the circumstances under which such an apartment might be deemed to be a permissible accessory use on a residential lot, but deferred any conclusions for determination after public hearing on the application. At present no such application has been made.

The membership of the Board in 2001 was Ginger Cheeney (term expiring 2002), Carroll D. French (term expiring 2004), Russell LaCroix (term expiring 2003), Walter Royce (term expiring 2003), Fred Roentsch, the ex-officio Selectmen representative, and Michael Kmiec, as alternate (term expiring 2002).

Respectfully submitted,

Carroll D. French
Chairman, Zoning Board of Adjustment

TELECOMMUNICATIONS FACILITIES ORDINANCE

SECTION I: AUTHORITY

This Ordinance is adopted by the Town of Langdon on _____ in accordance with the authority granted by the New Hampshire Revised Statutes Annotated 674:16 and 21, II.

SECTION II: PURPOSE

These regulations have been enacted in order to establish general guidelines for the siting of towers and antennas and to enhance and fulfill the following goals:

- A. Preserve the authority of the Town of Langdon to regulate and provide for reasonable opportunity for the siting of telecommunications facilities.
- B. Enhance the ability of providers of telecommunications services to provide such services to the community effectively and efficiently.
- C. Reduce the adverse impacts such facilities may create on, including, but not limited to: migratory bird flight corridors, impacts on aesthetics, environmentally sensitive areas, historically significant locations, health and safety by injurious accidents to person and property, and diminution of property values.
- D. Preserve Langdon's unique viewsheds and scenic values, in particular those associated with the Town Hall, Village, Fall Mountain Regional High School, Lower Cemetery, Covered Bridges, Holden Hill Views, and Winch Hill Views.

SECTION III: DEFINITIONS

- A. **Antenna:** Means any exterior apparatus designed for telephonic, radio, television, personal communications service, pager network, or any other communications through the sending and/or receiving of electromagnetic waves of any frequency and bandwidth.
- B. **Average Tree Canopy Height:** Means the average height found by inventorying the height above ground level of all trees over 20 feet in height for a radius of 150 feet.
- C. **Tower:** Means any structure that is designed and constructed primarily for the purpose of supporting one or more antennas.
- D. **Telecommunications Facilities:** Means any antenna, tower, or other structure intended for use in connection with the transmission or reception of radio or television signals or any other electromagnetic transmission/receptions.
- E. **Board:** Means Langdon Planning Board.

SECTION IV: LOCATION OF TELECOMMUNICATIONS FACILITIES

Telecommunications facilities may be permitted in all districts, provided that they are camouflaged, hidden or disguised. Historic Districts are specifically exempted from this provision. In no case, however, shall such a facility be sited in a location that would impact any view to the Village, Holden Hill's view to Vermont, or Winch Hill's view to Acworth.

SECTION V: PERMITTED USES

- A. **Principal or Secondary Use:** Telecommunications facilities may be considered either principal or secondary uses. Having an existing-permitted use on site shall not preclude the addition of a facility as a Secondary Use as long as all other provisions of the Ordinance are met. A different existing use or an existing structure on the same lot shall not preclude the installation of a facility on such lot. For purposes of determining whether the installation complies with district development regulations, including but not limited to setback and lot coverage requirements, the dimensions of the entire lot shall control, even though the facility may be located on leased parcels within such lots. Facilities that are installed in accordance with the provisions of this Ordinance shall not be deemed to constitute the expansion of a nonconforming use or structure.
- B. Any alteration of the original permitted use and device configuration of the facility will require a new approval.
- C. **Amateur Radio; Receive-Only Antennas:** This Ordinance does not apply to any antenna used exclusively in the amateur radio services that is eligible under the Amateur Radio Preemption, 101 FCC 2nd 952 (1985).
- D. **Essential Services & Public Utilities:** Telecommunications facilities shall not be considered infrastructure, essential service, or public facilities, as defined or used elsewhere in the Town's ordinance and regulations. Siting for telecommunications is a use of land, and is addressed by this Section.

SECTION VI: CONSTRUCTION PERFORMANCE REQUIREMENTS

- A. **Federal Requirements:** All facilities must meet or exceed current standards and regulations of the FAA, FCC, and any other agency of the federal government with the authority to regulate such facilities. If such standards and regulations are changed, the owners of facilities governed by this Ordinance shall bring these into compliance within six months of the effective date of the changes, unless a more stringent compliance schedule is mandated by the controlling federal agency. Failure to bring facilities into compliance with any changes shall constitute grounds for the removal of the tower or antenna at the owner's expense, in accordance with Section X through the execution of the posted security.
- B. **Building Codes/Safety Standards:** To ensure the structural integrity of towers and antennas, all facilities will be inspected every year by an engineer approved by the Town,

with the cost to be paid by the owner. The engineer will submit a report to the Town. If the report concludes that a tower fails to comply with such codes and standards and constitutes a danger to persons or property, the owner will receive notice that he/she has 30 days to bring such tower into compliance with the standards. If the owner fails to comply within 30 days, such action shall constitute an abandonment and grounds for the removal, in accordance with Section X, of the tower or antenna, at the owner's expense through execution of the posted security.

C. Additional Requirements for Telecommunications Facilities: These requirements shall supersede any and all other applicable standards found elsewhere in Town Ordinances or Regulations that are less strict.

1. Height: All effort should be made to keep tower height at a minimum; in no case shall a tower exceed 20 feet above the average tree canopy height.
2. Setbacks and Separation: In addition to compliance with the minimum zoning district setback requirements for all structures, towers shall be set back a distance equal to 125% of the height of the tower from all property lines.
3. Security Fencing: Towers shall be enclosed by security fencing not less than six feet in height and shall also be equipped with an appropriate anti-climbing device.
4. Landscaping:
 - a. A buffer shall be provided that effectively screens the view of the compound from adjacent residential property. The standard buffer shall consist of a landscaped strip at least 10 feet wide outside the perimeter of the compound. Natural vegetation is preferred.
 - b. In locations where the visual impact of the compound would be minimal or non-existent, the landscaping requirement may be reduced or waived entirely.
 - c. Existing mature tree growth and natural landforms on the site shall be preserved to the maximum extent possible. In some cases, such as towers sited on large wooded lots, natural growth around the property may be deemed a sufficient buffer.
5. Camouflaging:
 - a. At the tower site, the design of the buildings and related structures shall, to the maximum extent possible, use materials, colors, textures, screening, and landscaping that will blend the tower facilities with the natural setting and built environment.

- b. If an antenna is installed on a structure other than a tower, the antenna and supporting electrical and mechanical equipment must be of a neutral color that is identical to, or closely compatible with, the color of the supporting structure so as to make the antenna and related equipment visually unobtrusive.
6. Balloon Test: The applicant shall provide 10 days advanced written notice of a date on which a balloon (or balloons) will be floated at the proposed site, and provide pictures from all locations around town and within 20 miles from which the balloon(s) is visible.

SECTION VII: CONDITIONAL USE PERMITS

- A. General: Telecommunications Facilities are permitted only after obtaining a Conditional Use Permit from the Planning Board. All such uses must comply with other applicable ordinances and regulations of the Town of Langdon, NH.
- B. Issuance of Conditional Use Permits: In granting the Conditional Use Permit, the Planning Board may impose conditions to the extent the Board concludes such conditions are necessary to minimize any adverse effect of the proposed tower on adjoining properties, and preserve the intent of the Ordinance.
 1. Procedure on Application
 - a. The Planning Board shall act upon the application in accordance with the procedural requirements of the Site Plan Review Regulations and RSA 676:4.
 - b. All towns within 20 miles of the proposed location will be notified of the public hearing, by certified mail, to be paid by the applicant. A notice will also be posted in the newspaper customarily used for legal notices by these municipalities. Such notice shall be published not less than 7 days nor more than 21 days prior to the public hearing date.
 2. Decisions: All decisions shall be rendered in writing. A denial must be based upon substantial evidence contained in the written record.
 3. Permits shall be renewable every year. When possible, this time frame shall be consistent with the timing for performance bond renewal.
- C. Plan Requirements: Each applicant requesting a Conditional Use Permit under this Ordinance shall submit a scaled plan showing or accompanied by the following information:
 1. Title block that shows the name of the development or project.

2. North arrow, date of plat, scale; name, address and seal of all persons preparing the plat.
3. Signature block for Planning Board endorsement.
4. Vicinity sketch and zoning district(s).
5. Total area of the parcel in acres and square feet.
6. Lot frontage.
7. Boundary lines with dimensions and bearings
8. Tax map and lot numbers
9. Locations and descriptions of any existing or proposed easements, deed restrictions, or covenants.
10. Physical features on the site and within 200 feet of the site.
11. Soil information based on the Sullivan County Soil Survey.
12. All natural features, such as streams, ponds, wetlands, etc.
13. Existing and proposed grades and contours, and base flood elevations.
14. Shape, size, height, location and use of existing and proposed structures on the site.
15. Existing buildings and structures within 500 feet of the site.
16. Access to the site, with location and width of existing and proposed driveways.
17. A driveway permit that has been granted from either the NH DOT or the Town of Langdon.
18. Locations, names, right-of-way and travel widths of any existing and proposed roads on the property and within 200 feet of the site.
19. Final road profiles and cross sections for any new roads.
20. Locations and sizes of all electric and telephone lines on the site.
21. Existing and propose fire hydrants and/or fire ponds.
22. Existing and proposed methods of handling stormwater runoff, and the direction of the flow indicated by arrows.

23. Sizes and locations of all stormwater drainage lines, catch basins, drywells, drainage ditches, retention basins, and culverts.
24. Location, types, and sizes of all existing and proposed landscaping and screening.
25. Location of any proposed lighting.

D. **Other Information Required:** In order to assess compliance with this Ordinance, the Planning Board shall require the applicant to submit the following prior to any approval by the Board:

1. Propagation map showing proposed radio frequency coverage.
2. Photographic documentation of the balloon test(s).
3. The applicant shall submit written proof that the proposed use facility complies with the FCC regulations on radio frequency (RF) exposure guidelines.
4. The applicant shall submit written proof that it has conducted an evaluation of any requirements of the National Environmental Policy Act (NEPA) pertaining to the proposed facility, as may be required under applicable FCC rules, and the results of any such evaluation. If the Environmental Assessment (EA) or an Environmental Impact Statement (EIS) is required under the FCC rules and or NEPA, the applicant shall submit the EA or EIS to the Board prior to the beginning of the federal 30-day comment period; the Town proceeding with respect to the proposed facility shall become part of the FCC application requirements.
5. The applicant will provide the Board with the following information:
 - a. the number of sites for telecommunication facilities each provider will require.
 - b. sites outside the Town for the particular coverage area that are being considered.
 - c. how the siting of a telecommunication facility will affect the ability to allow a competitor's antennas on the same property.
6. The applicant will provide the Board with studies of alternative sites in Town that have been considered for siting.
7. The applicant shall submit an agreement with the Town that allows for the maximum allowance of co-location upon the new structure. such statement shall, at minimum, require the applicant to supply available co-location for reasonable fees and costs to other wireless telecommunications providers. An opportunity for

co-location is not to be considered a justification for excessive height of towers. Co-location opportunities shall also not exclude the investigation of alternative sites.

8. The applicant will provide the Board with any copies of the federal license from the FCC proving that they, or their contracted client, are eligible to deploy their systems under the Federal Telecommunications Act of 1996.
9. Upon request, the applicant will provide:
 - a. detailed maps showing all of the carrier's current externally visible tower and monopole locations in the state within a 20-mile radius, both active and inactive, and
 - b. site descriptions for each of the above locations showing the antenna height and diameter, and all externally visible structures.
10. The applicant will submit an agreement to the Town to the effect that the Town will be held harmless for any extraordinary fire or safety events.

SECTION VIII: WAIVERS

- A. Any portion of these regulations may be waived or modified when, in the opinion of the Board, strict conformity would pose an unnecessary hardship to the applicant and such waiver would not be contrary to the spirit and intent of these regulations.
- B. **Conditions:** In approving waivers, the Board may impose such conditions as it deems appropriate to substantially secure the objectives of the standards or requirements of these regulations.
- C. **Procedures:** A petition for any such waiver shall be submitted in writing by the applicant for Board review. The petition shall state fully the grounds for the waiver and all of the facts relied upon by the applicant.

SECTION IX: BONDING AND SECURITY INSURANCE

- A. The applicant shall provide a bond to the Town in an amount that would be sufficient to cover the costs of removal and disposal of the facility components. The Planning Board shall set the form and amount of the security. The Planning Board shall also require the applicant to submit proof of appropriate liability insurance with respect to the proposed facilities prior to construction.
- B. The term of the bond shall be negotiated with the Planning Board and administered by the Selectmen. In addition, if the Board requires an engineering assessment in order to set the amount of the bond, the cost shall be borne by the applicant.

SECTION X: REMOVAL OF ABANDONED ANTENNAS AND TOWERS

- A. Any antenna or tower that is not operated for a continuous period of 12 months shall be considered abandoned and hazardous to the public health and safety, unless the owner of said tower provides proof of quarterly inspections. The owner shall remove the abandoned structure within 90 days of receipt of a declaration of abandonment from the Town. A declaration of abandonment shall only be issued following a public hearing, noticed per Town regulations, with notice to abutters and the last known owner/operator of the tower. If the abandoned tower is not removed within 90 days, the Town may execute the security and have the tower removed. If there are two or more users of a single tower, this provision shall not become effective until all users cease using the tower.

- B. In cases of co-location, the agreement shall make clear which owner is responsible for the removal of which facilities and pieces of equipment.

SECTION XI: ADMINISTRATION AND ENFORCEMENT

It shall be the duty of the Board of Selectmen, and they are hereby given the power and authority, to enforce the provisions of this ordinance. The Selectmen may appoint an agent to enforce this ordinance. Upon any well-founded information that this ordinance is being violated, the Selectmen shall take immediate steps to enforce the provisions of this ordinance by seeking an injunction in the Superior Court or by any other legal action.

SECTION XII: SEVERABILITY

The invalidity of any provision of this ordinance shall not affect the validity of any other provision.

SECTION XIII: APPEALS

Pursuant to RSA 676:5, any decision made under this ordinance cannot be appealed to the Board of Adjustment, but to the superior court as provided by RSA 677:15.

STOKES SCHOLARSHIP TRUST -2001

In 1987 Langdon resident, Samuel E. Stokes, Jr. set up The Stokes Scholarship Trust, and placed a sizable sum of money into that trust. The income from the investment of these funds was to be distributed at least annually "to a student or students who are residents of the Town of Langdon, NH, to assist them in their education above the secondary school level, including but not limited to a student or students who attend a school or program for nursing training." Further, "If in any year no student qualifies to receive a distribution of income hereunder, then the Trustee may distribute income to or for the benefit of one or more aged or indigent residents of the Town of Langdon, NH to assist such persons in paying medical bills or real estate taxes assessed against the homes in which they live." This Trust was activated in 1994 with the death of Samuel Stokes.

The Stokes Committee meets annually in May to process scholarship applications and make recommendations to Fleet Bank, the designated Trustee of the Stokes Scholarship Trust. The following individuals are on the committee: Jeffrey Holmes, Donald Malcolm, Kathie Beam, Fred Roentsch, J. Hayes Stagner, and Bob Cunniff.

This year a total of \$79,000 was distributed in scholarships to the following students:

1. Diedre Doran	Whitman College
2. Benjamin Bascom	UNH
3. Stacey Cheeney	Champlain College
4. Ben Chaffee	Plymouth State
5. Isobel Madigan	UNH
6. Bonnie Phillips	St. Michael's College
7. Jeremy Thompson	College of Life Long Learning
8. Matthew Beauchesne	Keene State College
9. Cristen Gallagher	Roger Williams
10. Devin Gallagher	Johnson State
11. Margaret Doran	U of Colorado
12. Allison Borchers	St. Michael's College
13. Christopher Beam	Keene State College
14. Elizabeth Wolkovich	Wellsley
15. Michael Yeatman	Keene State College
16. Amber Goodell	Keene State College
17. Ajlan LaRock	UNH
18. Michael Doran	Johnson State
19. Samuel Cheeney	University of Maine
20. Paige Gesick	UNH Thompson School
21. Rodney Campbell	Johnson & Wales
22. Heather Batchelder	Claremont Vo Tech
23. Amanda Beach	Mass. Maritime
24. Patrick Smith	Keene State College
25. Megan Bresland	Hesser College

In addition, \$696.19 was used against real estate taxes for aged or indigent residents of Langdon.

**HOME HEALTHCARE, HOSPICE & COMMUNITY SERVICES
REPORT FOR THE YEAR 2001**

In 2001, HCS – Home Healthcare, Hospice and Community Services continued to provide home care and community services to the residents of Langdon. The following information represents a projection of HCS's activities in your community in 2001. The projection is based on actual services provided from January to September 2001 and an estimate of usage during October, November and December.

SERVICES OFFERED

SERVICES PROVIDED

Nursing	40 Visits
Physical Therapy	12 Visits
Speech Pathology	0 Visits
Occupational Therapy	0 Visits
Medical Social Worker	0 Visit
Outreach	1 Visit
Homemaker	0 Hours
Home Health Aid	45 Visits
Home & Community Based Services*	7 Hours
Nutritionist	0 Visits
Health Promotion Clinics	4 Clinics

*Home and Community Based Care is a Medicaid program which offers extended home care services to individuals who are in need of nursing home level care but can be maintained at home for a lower cost.

Total Unduplicated Residents Served: 10

Prenatal Care, hospice services and regularly scheduled wellness clinics and child health clinics are also available to residents. Town funding partially supports these services.

FINANCIAL REPORT

The actual cost of all services provided in 2001 with all funding sources is projected to be \$13,409.

These services have been supported to the greatest extent possible by Medicare, Medicaid, other insurances, grants and patient fees. Services that were not covered by other funding have been supported by your town. Town support in 2001 totaled \$650.

For 2002, we request an appropriation of \$1,000 to be available to meet the home care needs of Langdon residents.

Thank you for your consideration.

SULLIVAN COUNTY STUDY COMMITTEE

As reported last year, the Sullivan County in July 2000 asked the towns to appoint representatives to a committee to review the operations of the county government, to consider what services should be eliminated, modified or expanded, and to review the formula by which the cost of county government is apportioned among the towns. The undersigned was Langdon's representative on this committee, which was chaired by Henry Rodeschin, of Newport. At the time of last year's Town Reports, the committee had not yet made its report.

At the end of March, 2001, the Sullivan County Study Report was issued, and copies were sent to the Selectmen of each town. It is hard to say what the impact of this report has been, if any. It contained over fifty recommendations, most of which were simply ideas suggested by county staff personnel or committee members, without significant study or evaluation by the committee.

While concern for rising county tax rates was frequently expressed during the course of the study, it is worth noting that many, if not most of the specific suggestions involved initially more county expenditure rather than less, although savings were of course envisioned in the long run.

There were no suggestions that any county services be eliminated, although hope was often expressed that some of the costs could be shifted elsewhere.

Respectfully submitted,

Carroll D. French

LEFEVRE AMBULANCE SERVICE REPORT

The passing of the year 2001 was a milestone for LeFevre Ambulance Service, as we completed our 20th year of service to the region. LeFevre Ambulance Service began as a small, family owned and operated service, operating out of the garage of our owners, Gerald and Ella LeFevre. We have grown to become a true regional ambulance service, providing the emergency ambulance services to 8 communities in 6 towns in Vermont and New Hampshire. Over the years we have been able to become a premier provider of emergency medical services, dedicated to the professional, competent and caring service to our residents and visitors. We are proud of this accomplishment, while recognizing the importance of the support of the towns in helping us to reach this landmark, and look forward to continuous partnership with the communities for years to come.

2001 proved to be another year of growth for LeFevre Ambulance Service. Not only in the volume of responses, but the professional growth of our staff as well. Our members continue to expand their levels of certification, resulting in a consistently higher level of care provided to those in need. We now have several of our paramedics certified at the critical care level, which allows them to function in the highest level of pre-hospital medicine possible in Vermont and New Hampshire. Already their skills and knowledge have been put to use on multiple occasions.

In recognition of their exceptional service, and the desire to broaden our professional capabilities, we have promoted two of our staff to newly created positions. James Smith, NREMT-I is now our Director of Operations, responsible for the majority of the day to day operations and fleet maintenance. Mr. Smith has been affiliated with LeFevre Ambulance Service for over 7 years, and has proven to be most worthy and beneficial in his capacity. Carl Matteson, CCEMT-P is our Clinical Coordinator, overseeing the medical operations of the service. Mr. Matteson has a lengthy and varied EMS background, having been a member of a number of EMS agencies throughout Vermont and New Hampshire. He has been a member of LeFevre Ambulance Service for a number of years, beginning as a per diem paramedic, and progressing to his current position. With the addition of the positions held by Matteson and Smith, LeFevre Ambulance Service is well prepared for the new face of emergency medical services in the 21st Century.

We are pleased to welcome back to full time status our office manager who has been out on an extended medical leave. Mary is an expert in handling any insurance or account status questions you may have and is willing to assist you in any way she can. She is available to assist you Monday through Friday from 11AM to 7PM. Accolades to the rest of our office staff for stellar job performance in her absence, and their continued excellence in their field.

The calls for service to the Town of Langdon in 2001 are broken down as follows:

Emergency	52
Non-Emergency Transfer	2
Stand-by (fires, events, etc)	33
Emergencies without Transport	5
Total	92

We are grateful for the opportunity to be the provider of ambulance service to the Town of Langdon, and we are committed to the provision of the highest quality service available.

We would be remiss if we did not also acknowledge the superior services of the Fire and Rescue Departments within the town, whose dedicated, capable members allow the system to function at its best. A tremendous thanks to all of them is due.

Respectfully submitted,

Emergency (802)463-4223

Non-Emergency (802)463-3636
463-9299

SHEDD PORTER MEMORIAL LIBRARY REPORT
FOR THE YEAR 2001

We welcomed 46 new members to the library this year with a circulation of 14,983 books, magazines and tapes.

“Octopi Your Mind -- Read” was the theme of this year’s summer reading program. Thanks to Marie King and the Friends of the Library for purchasing the supplies for the program. Thanks to Judy Ryner, Judy Bellows, Bronwen Jones, Denise Howard, Jen Couture, Alicia Wortman, and Savanna Brehio for their craft projects. Thanks to Jane Hutton, Mary Lou Huffling, Bob Cunniff, Carol Renzelman, and Lark Leonard for reading during story time. Rose Marie Burns made a special visit and read to the children from her new book “Mouse Cleaning.”

Thanks to the continuing financial help received from Lora Whitton, Catherine MacDonald, Roger Maltby, the Halls, Ward Archer, Joanne Stevens, Maxine Craig, the Alstead Conservation Commission. Carol Renzelman, Frank Caruso, Caroline Cross, the Lufkin Family, Karen Romer, and Oasis Rebekah Lodge.

Thanks to Peggy Fullam, my assistant for all her help. Thanks also to the Trustees and the people of Alstead and Langdon for their continued support.

Sincerely,

Julia Cunniff
Librarian
