## 2023 TOWN REPORT COVER

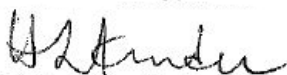

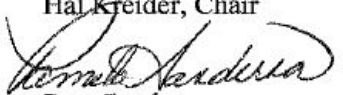

Congratulations to Makenna Tatum! Her color digital photo *Immortality* was selected for the cover of this year's report. Her photo reminds us of Northwood being named for the "North Woods of Nottingham" when our town was separated from Nottingham 250 years ago. Makenna is a senior at Coe Brown Northwood Academy, Class of 2024. She resides in Northwood. Makenna's interests in her own words:

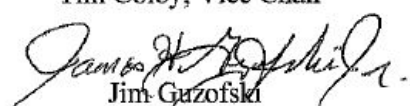

*"I've never been a big artist until the past year or two I have drawn closer to it. I love designing things of my own. I helped my mom design her house and I've always decorated my dad's house. I started to be like this when I was 7. I like to take photos too. I take photos of anything that catches my eye and with friends all the time. My photography this year made me realize I have some hidden interest in not only designing but art overall. I am going to UNH to study Studio Design and Business to own my own house design business in the future. I never thought I'd be studying art in college but I am very excited! I will continue my own photography and take art and design more seriously in the next four years of my life!"*

We wish her much success in the future!

For many years, the Town of Northwood and Coe-Brown Northwood Academy have worked together to provide a forum for students to showcase their art in the annual report. The student art is presented throughout this year's report, and we hope you enjoy the beautiful drawings and photos submitted by the students. We personally thank each student who contributed their time and talent by submitting a work for consideration this year.

The Northwood Select Board, on behalf of the citizens of Northwood,  
proudly dedicates the 2023 Annual Report to

*Joann Weeks Bailey*

Town Historian and author of Northwood history, Joann Weeks Bailey will herself be remembered as an integral part of Northwood's history for those of us who knew her, and for future generations to come. A shining example of the "Greatest Generation", her life overflowed with community service, love of family, and a passion for learning. Her youth was spent on family farms and lakeside cottages in NH. After graduating from Plymouth Teachers College and spending a year teaching, she met and married the love of her life, Bob. Together they spent 68 years together at the family homestead in the Narrows, raising five children and operating a business.

With all there was to do at home, Joann made time to serve her community on many boards and committees: Trustee of Trust Funds, School Board, Cemetery Trustees, Planning Board, and Facilities Committee. As President of the Northwood Historical Society, she led preservation efforts for the Bryant Library, Shoe Shop, Community Center, Narrows Post Office, and the Brookside School. She was also instrumental in the State of NH installing a sign to commemorate First New Hampshire Turnpike that stands at the intersection at School Street and Rt. 4.

Joann shared her knowledge of Northwood history through her books – *A Guide to the History and Old Dwelling Places of Northwood* –the original first published in 1973, and a second edition in 1992, filled with updated information. Joann was an amazing public speaker on both National Public Radio, and locally as a member of the Harvey Lake Women's Club, Daughters of the American Revolution, and substitute teacher at Northwood schools. A phone call to Joann with a question about local history was always followed up with an answer, often informing the caller of additional interesting details on the subject at hand. Joann loved historical research and left a wealth of information that Northwood will long treasure. As Northwood celebrates our 250<sup>th</sup> Anniversary, we celebrate Joann's life and legacy in Northwood.

**250th Anniversary Steering Committee**

The 2023 Northwood 250<sup>th</sup> anniversary celebration came together with a unique and talented group of citizens that included planners, organizers and doers from both town and private organizations.

The Northwood 250<sup>th</sup> Steering Committee was formed in the fall of 2021 to start planning a celebration that started on February 6, 1773, when Governor John Wentworth incorporated our town by separating a large area of land known as the “North Woods” from the Town of Nottingham. Imagine the governor’s reaction to our town today if he was touring First New Hampshire Turnpike. The 250<sup>th</sup> anniversary activities gave the group of dedicated volunteers a way to work together to celebrate our Town, our friends, and our neighbors.

The last event of the 250<sup>th</sup> Anniversary was Trivia Night on October 25, 2023. Attendees formed teams with each team choosing a nickname. Our great master of ceremony, Pam Sanderson, read the questions from a Power Point presentation regarding the history of Northwood and the State of New Hampshire. Using answer sheets, teams turned in their answers for each round. Each member of the team with the most correct answers was awarded a prize. The evening was a great way to end the 250<sup>th</sup> celebration with a fun and informative night for all.

Thank you to Mark Lord for designing and building a beautiful wooden, Shaker style lap desk to be used as a time capsule for this celebration and milestone celebrations in the future. The capsule is constructed using several types of wood, decorated with a 250<sup>th</sup> coin and a plaque stating it is to be unlocked in 25 years at the 275<sup>th</sup> celebration. The committee selected items from past and current Northwood history including the activities of the

250<sup>th</sup> celebration. The capsule was presented to the Board of Selectmen and will be kept on display at the Town Hall.

The members of the Northwood 250<sup>th</sup> Steering Committee appreciate everyone's support and hope all enjoyed the many events and activities. We also express our appreciation to the Board of Selectmen, the Northwood Police Department, and the Northwood Fire-Rescue Department for their assistance. Thank you to the volunteers for the time and effort they gave to our committee to make this town community celebration a safe and memorable way to celebrate the 250<sup>th</sup> anniversary of the Town of Northwood.

## 250<sup>th</sup> ANNIVERSARY STEERING COMMITTEE

### ANNIVERSARY CELEBRATION

July 28 & 29 were filled with fun events to commemorate our 250<sup>th</sup>

Anniversary. Friday night the beans were prepared and covered and the Open Mic Talent & Show began. The upper athletic fields were busy all day on Saturday with vendors, displays, tables representing, organizations in town, raffles, fairy house building, children's field day, square dancing and so much more. It was a great chance to stop and chat with your friends, neighbors, and elected officials, and enjoy the best baked beans - the way they only make them in Northwood. The evening ended with spectacular fireworks display at the Coe-Brown fields.

Left: Nik Bassett & Conan Kenyon keep a watchful eye on the beans. Mike Smith served beans to a hungry crowd. Diners enjoyed their meal under the tent on a beautiful summer day.

Children of all ages filled the pavilion to enjoy a fun-filled time with Lindsay and her puppets.

Above: Mark Lord and Jo Chase present the time capsule. The beautiful wooden box in the style of a Shaker lap desk was crafted by Mark Lord. Below: Pam Sanderson served as Master of Ceremonies for a very lively trivia night which tested the participants knowledge of Northwood and New Hampshire history

Northwood reached two significant financial milestones in 2023. Foremost is that strict adherence to our Fund Balance Management Plan has resulted in us cumulatively returning over \$2.2 million dollars to the taxpayer. Over the past 3 years, the Select Board recommended and supported using \$0.8 million of the Fund Balance to reduce the costs of Warrant Articles. We also ‘bought down the tax rate’ by \$1.4 million. In addition, after many years of playing catch-up on our road plan, we are now seeing the benefits of bringing all our roads up to standard. Annual rebuilding and repaving costs are now approximately half of what they were in previous years. And that includes the costs of all the prep work – tree cutting and culvert repairs – which were separate cost considerations in the past. The net result of these accomplishments and our attention to costs in all our town operations is that we enjoy one of the lowest municipal tax rates in the area. The municipal portion of our tax bill is now just 14% of our total bill.

The Select Board continued to put a high emphasis on the health, safety, and welfare of the community. We supported the acquisition of new fire apparatus and the funding of major equipment purchases for both the police and the fire departments. The Select Board also supported the considerable efforts of the Safety Facilities Evaluation Committee. We used ARPA funds to fund an emergency generator at the school thus giving the town the ability to provide emergency shelter to our community. ARPA funds were also used to replace the handicap lift at our Chesley Library. We continued to make improvements at our upper rec fields and we ordered new voting booths and a new voting machine.

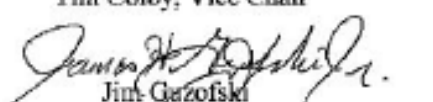

In mid-2023 we made a very successful transition to a new town administrator. After 2 ¾ years of helping us to ‘turn the ship around’, Walter Johnson left Northwood for a well-deserved retirement. We appreciate all the efforts Walter made on behalf of the town and will miss his wisdom and insight. High on Walter’s list of accomplishments was the help and guidance he provided in our search for a new town administrator. Neil Irvine joined us in August. He has a skill set that is well-suited for continuing to move the town forward. All the success we have enjoyed this year would not have been possible without the hard work of our employees, our committee members, and our volunteers. We sincerely thank everyone for their support and their dedication to the town.

Sincerely, Your Select Board

Town Administrator Neil Irvine

2023 was a year of transitions for Northwood with TA Johnson’s retirement announcement mid-year. After a robust search for his replacement, I was honored to accept the position of Town Administrator, joining the Team in August. Unfortunately, my arrival coincided with the loss of yet another Building Inspector, Will Dinsmore, to full-time employment in another town and the news that Linda Smith (Land Use) was transitioning out of her leadership role in the Land Use Department. It quickly became apparent that Northwood is served by an extremely dedicated and professional staff and the changes in staffing would not lessen their commitment to the community. We are pleased to welcome Devin Haley to the Building Inspector role, and Colleen O’Connell to Land Use Administrative Assistant to start 2024 right!

Accomplishments in 2023 were focused on completing projects that were already underway, including awarding the contract for a standby generator for the school and removal of the Center School building that allowed for retaining its historic value. Within the Town Office we completed the IT upgrade and continued work on making the meetings of Boards and Commissions more accessible through livestreaming by having a technician run the broadcasts. We look forward to developing this initiative in the coming year to make your municipal government even more transparent. Another milestone in 2023 was the conclusion of the work undertaken by the Safety Facilities Evaluation Committee, I would urge you to read their report and visit the Town website to fully understand their recommendations to address the critical need to address the Police and Fire infrastructure.

I would like to extend my gratitude to the many residents that I have met over the past 4 months that have welcomed me so warmly to town, to the Selectboard for its trust and confidence and the staff, volunteers and elected officials that work tirelessly in service of our community.

Town Administrator

Assessor Jeff Earls

The systematic inspection of a portion of the town's 2,995 properties is entering the 4th quarter. In 2024 we will do call back appointments for those properties that entry was not gained during the 4-year cycle. An update of values due every five years will be done in 2025.

If any taxpayer feels that they are being incorrectly assessed for tax year 2023, they may request an abatement. Abatement applications are available at the town offices and can also be found on the town's website at <http://www.northwoodnh.org>, under the main menu on the left side of the screen. Remember, all abatement requests for tax year 2023 must be submitted, or postmarked, by March 1<sup>st</sup>, 2024.

The deadline to request a statutory exemption or credit is April 15, for the 2024 tax year. Exemptions for qualified individuals are available for the **elderly, veterans, the blind, the handicapped, improvements made to assist the handicapped, solar, wood heat, and wind power**. Qualification requirements and applications are available from the Town or can be found on the State's web site. Eligible property owners wishing to enroll their land in the current use program beginning in 2024 must submit their application by April 15.

If you have any questions regarding qualification for exemptions, current use, or any issue regarding the assessment of your property please call the assessor's office at **(603) 942-5586 Ext. 2006**. Your call will be returned as quickly as possible. An assessing agent is normally available each Thursday 9-1 at the Town Hall.

In 2023 the Northwood Conservation Commission approved the Forestry Management Plan with our Town Forester Bryan Comeau, of Dalton Mountain Forestry, LLC. Plans are being prepared to conduct a timber harvest on the School Lot Town Forest Map 244 Lot 42 during the winter of 2024. Jake Bronnenberg of Bronnenberg Forestry Services will conduct the timber harvest.

Franklin Associates, LLC., completed a survey of the north boundary of the School Lot as part of the timber harvest project This survey will also fulfill some of the work needed to place conservation easements on the four Town Forests, including the School Lot, Deslaurier Lot, Giles Lot and Parsonage Lot.

We welcomed Michael Romano to the commission to fill one of two positions opened when Susan Romano and Priscilla Merrill stepped down as full members. Both Susan and Priscilla remain as alternates for the commission.

The Romanos sponsored the Conservation Lands display at Northwood's 250<sup>th</sup> celebration in August.

The commission funded transaction costs for placing 126 acres into a Bear-Paw Regional Greenways conservation easement. The land is known as Jake's Purchase in the Village of Northwood Ridge Water District located in the Acorn Ponds Conservation Overlay District. The project was completed in November 2023.

A Trails Day hike was sponsored by the commission on November 19 to view eastward (Portsmouth and Kittery) from the recently timbered lot adjacent to the Hill Loop trail in the Guptill Lamprey Pasture Conservation Area

## CONSERVATION COMMISSION

Coe-Brown Northwood Academy 's Much-To-Do FFA chapter members continued to clear the conservation land known as the Johnson Field Restoration Project in Northwood Narrows.

Members developed the Lamprey Brook Trail on the Coe-Brown Academy Mead Lot that abuts the Guptill Lamprey Pasture Conservation Area and enhances the trail system between town land and Northwood Meadows State Park. The map on the town website is being revised.

Under direction of President Tim Mallard, members of the local chapter of the New England Mountain Bike Association (NEMBA) with input from conservation commission members designed and cut a new trailhead on the discontinued section of Old Mountain Road. A new trail section and wooden bridge were installed on the Parsonage Lot Trail on Saddleback Mountain. The old trailhead was closed due to the dangerous log stream crossing and the difficult crossing of a beaver dam on the trail. The map on the town website is being revised.

Two easements held by the town were monitored. These included the Hannaford Bros., and the DeMeritt Easement on Upper Deerfield Rd.

Members continued to mark conservation lands with yellow blazing and Town of Northwood yellow plastic placards.

Special Exception Reviews and comments were sent to the zoning board of adjustment for the following projects:

1. Sirois, 8 Lufkin Drive
2. Ledgewood /Millstone Realty Trust, 1090 First NH Turnpike
3. LSF, Inc, 268 Jenness Pond Rd
4. Jeffrey Cole Builders, LLC 721n First NH Turnpike
5. Cowan, Kramas Lane

## EMERGENCY MANAGEMENT & JOINT LOSS

### Emergency Management Director Report

With the retirement of Bob Young, I was appointed as the Emergency Management Director for the Town of Northwood in June. I would like to take this opportunity to thank Bob for his decades of dedication, professionalism, and willingness to help the town in any way he could for all these years. As the Police Chief, I could always count on Bob to pick up the phone when I needed something or to reach out to the department to see if we needed anything. Bob was always on scene, no matter the hour, to offer any assistance he could during any emergency. On behalf of the Town, I want to send a sincere **Thank You** to Bob for his service to the Town of Northwood and wish him nothing but the best in his retirement.

Respectfully submitted,

Chief of Police Glendon Drolet  
Emergency Management Director

### JOINT LOSS MANAGEMENT COMMITTEE

The Joint Loss Management Committee met periodically to address accidents involving town employees and safety related issues that could be a liability to the town. The committee met several times throughout 2023 and will continue to do so throughout 2024. The committee currently includes the following people:

- Chief Glendon Drolet, Chairman
- Neil Irvine, Town Administrator
- Donna Bunker, Library
- Will Dinsmore, Building Inspector
- Chief Mark Tetreault, Northwood Fire
- Chris Brown, Public Works Foreman
- Stephen Bailey, Facilities Committee

## “Neighbors, Forever Ready”

This year has brought several challenges to the Fire Department. We had one of our career staff on long-term workers compensation. Although our call volume decreased slightly this year, we have established a new benchmark of approximately 770 9-1-1 emergency calls.

As you may know all fire department apparatus purchases are funded through the ambulance revenue account. As with our call volume our revenue was down slightly this year. However, we have established a new benchmark of approximately \$180,000 annual revenue from ambulance fees.

With the continued supply chain issues, we have struggled to complete our capital projects this year. The ambulance remount was delayed significantly due to the availability of a chassis. We were finally able to secure a chassis. The chassis was shipped from Texas and was likely one of the few chassis available in the country. We were able to complete the behind the scenes work for the conversion of the old ambulance 1 chassis into a forestry. Obtaining pricing and equipment to outfit the vehicle. Ambulance 1 is now at the remount facility and upon the return of the old chassis work will begin in earnest on the forestry truck. Also, our old obsolete 1970’s jeep has been out of service for some time. Due to the extensive list of necessary repairs and the lack of safety equipment the 1970’s jeep has been retired and returned to the State Forestry.

### Alternative Funding:

This year we were awarded the Volunteer Assistance Forestry grant. This is a 50/50 match grant. Unfortunately, we were not successful and our application to the Assistance to Firefighters Grant was not funded. We will continue to seek alternative funding to minimize the tax impact to our taxpayers.

### Apparatus:

This year has been a good year for vehicle maintenance. We are now beginning to see the benefits of modernizing our fleet. All our fire pumps passed their annual pump service testing, and everything passed state inspections with only minor issues. In 2024 we will be asking to replace our 1996 Spartan pumper. Engine 3 was built right here in NH by Valley Fire Equipment. Engine 3 has served the community well and has far exceeded its life expectancy. Lately Engine 3 has been showing its age, with increasing maintenance costs.

### Training:

Obviously, training is a big part of what we do. Training is necessary to keep our skills sharp and learn new methods, techniques, tactics, and procedures. This year we had a live burn at a structure donated by Camp Yavneh.

**Explorers:** Exploring is a program for young adults aged 14-21. Exploring introduces members to career opportunities in fire and emergency medical services. Special thank you to Firefighter Kayla Cherry who has assumed a leadership role for the post. Northwood Firefighters were instrumental in the reboot of the NH Emergency Services Explorer Training Academy.

## CAPITAL AREA MUTUAL AID FIRE COMPACT

The 2023 annual report is prepared for the Board of Directors of the Capital Area Mutual Aid Fire Compact as a summary of general activities and events occurring through December 31, 2023. It is also provided to the Town offices of the Compact's member communities for information and distribution as desired.

The Compact serves 24 communities in 4 counties. The Compact's operational area is 852 square miles with a resident population of 148,491. The Equalized Property Valuation in the area we protect is over 25.5 billion dollars. We also conduct mutual aid responses with communities beyond our member area.

The Compact provides 24/7 emergency dispatch service to member communities. This service is contracted with the City of Concord Fire Department's Communications Center.

On October 31, 2023, we went live with our new Computer Aided Dispatch software (CAD). This was our 3<sup>rd</sup> attempt at implementing a new CAD system as the first two companies we contracted with failed to deliver a usable product. This project required a massive amount of work to gather updated information for entry into the new system. The dispatch staff did a great job with data entry. We continue to work out details and address small problems, but the new CAD is operating successfully.

The 2023 Compact operating budget was \$ 1,610,710. Funding for all Compact operations is provided by the member communities. We continue to apply for State and Federal Grant Funds when possible. During 2023 we began investigating the future replacement of our aging radio system. We hired a consultant to evaluate our existing system and make recommendations for improvements. We sent representatives of our Communications Committee to Washington DC to meet with the NH Congressional Delegation to seek assistance with funding options for this costly undertaking. We will work to secure funding during 2024.

The Compact and Hazmat Team have received over 3.9 million dollars in grant funding since 1999. These funds have been used for communications improvements, training, and equipment. The direct benefit that your community has realized from these grants is made possible by your participation in the regional service that we provide.

During 2023 an order was placed to secure the Class B foam response unit and a supply of Class B foam for all Compact fire agencies that was funded by a 2022 Homeland SHSP program grant. This grant will improve our ability to respond to flammable liquid fires. It will replace the legacy Class B foam that many agencies had. That foam has been determined to be an environmental and health hazard. We received a partial shipment of the foam during 2023 and expect the rest of the foam and the equipment to arrive during 2024.

During 2023 the Compact created a Deputy Chief Coordinator position. This part-time position was filled mid-year by Guy Newbery. Deputy Chief Newbery has proven to be an excellent addition and has been implementing additional training opportunities and working on several projects on your behalf.

The Chief & Deputy Coordinators responded to 642 incidents. In addition to responding to provide command post assistance at those mutual aid incidents, we also aid all departments with response

## CAPITAL AREA MUTUAL AID FIRE COMPACT

planning, updating addressing information, and we represent the Compact with several organizations related to public safety.

Compact officers serving during 2023 were:

President, Chief Jim Morse, Henniker  
Vice President, Deputy Chief Ed Raymond, Warner  
Secretary, Deputy Chief Guy Newbery, Canterbury  
Treasurer Chief Jeff Yale, Hopkinton

The Central New Hampshire Hazmat Team represents 59 Capital Area and Lakes Region communities and is ready to assist or respond to hazardous materials incidents in our combined areas. The Team responded to 23 hazmat incidents during 2023, a significant increase over 2022.

Please visit the Compact website at <https://www.capareafire.org/> for incident photos, news, scheduled events, training info, SOGs and department profiles.

All departments are encouraged to send a representative to all Compact meetings. Your input is needed. The Compact was created for the mutual benefit of member communities and active participation is a necessity to ensure the needs of all are being met.

A detailed activity report by town/agency is attached. I invite anyone with questions or comments to contact me. I thank all departments for their cooperation.

## FOREST FIRE WARDEN

This past year we observed wet weather in late spring and throughout the summer. This led to reduced wildfire activity throughout the state and allowed many of our state firefighting resources to respond to Nova Scotia and Quebec to assist our Canadian neighbors with their record wildfire season. We were also able team up with local fire departments and provide many wildfire trainings throughout the state.

This time of year, we see fires caused by the careless disposal of woodstove ashes. Before dumping your woodstove ashes, you should place them in a covered metal container until they are out cold. Many homes in New Hampshire are located in the wildland urban interface, which is the area where homes and flammable wildland fuels intermix. Every year New Hampshire sees fires which threaten or destroy structures, a constant reminder that wildfires burn more than just trees. Even with the lower wildfire threat in New Hampshire in 2023, properties within the Wildland Urban Interface were still impacted, with 8 structures threatened and 3 destroyed by wildfires. Homeowners should take measures to prevent a wildfire from spreading to their home. Precautions include keeping your roof and gutters clear of leaves and pine needles and maintaining adequate green space around your home free of flammable materials. Additional information and homeowner recommendations are available at [www.firewise.org](http://www.firewise.org). Please help Smokey Bear, your local fire department, and the state’s Forest Rangers by being fire wise and fire safe! We ask everyone to remember Smokey’s message about personal responsibility and follow his ABC’s: **Always Be Careful with fire.** If you start a fire, put it out when you are done. **“Remember, Only You Can Prevent Wildfires!”**

As we prepare for the 2024 fire season, please remember to contact your local Forest Fire Warden or Fire Department to determine if a fire permit is required before doing ANY outside burning. Under State law (RSA 227-L:17) a fire permit is required for all outside burning unless the ground is completely covered with snow. Fire permits are also available online in most towns and may be obtained by visiting [www.NHfirepermit.com](http://www.NHfirepermit.com). The burning of household waste is prohibited by the Air Resources Division of the Department of Environmental Services. You are encouraged to contact the local fire department for more information. Safe open burning requires your diligence and responsibility. Thank you for helping us to protect New Hampshire’s forest resources. For more information, please contact the Division of Forests & Lands at (603) 271-2214, or online at [www.nh.gov/nhdf/](http://www.nh.gov/nhdf/). Road washouts and flooding caused by days of heavy rain were a common occurrence in many areas of town at the end of 2023.

The highway department had an unusual year with lot of small snow events accompanied with a lot of ice during the winter, and three very tough storms causing washouts all over town. We were able to have everything fixed and open within 72 hours.

We were very lucky with all plowing contractors returning for another year along with our part time winter laborers Ian Stimmell and Bob Wharem.

In the summertime we were able to perform 3100 feet of ditching and six culvert replacements to go along with our paving and road resurfacing projects. R&D Paving won the contract for paving, and we completed the paving of all five roads: Church Street, Priest Road, Harmony Road, Jenness Pond Road, and Gulf Road for a total of 3600 tons of asphalt and 400 tons of shoulder gravel. The highway department, working with Arborcare Tree Service, performed five days of tree work with a crane at three cemeteries and four roads removing 60 plus hazard trees.

The transfer station as usual ran very smoothly, without major issues. The addition of the new cardboard and plastic compactor made for a well needed upgrade to the transfer station facility. The transfer station brought in \$78,917 in recycling revenue in 2023, which will be used for further upgrades to the facility,

## The Northwood Lake Watershed Association

P.O. Box 152 • Northwood, NH 03261-0152

Website: [www.northwoodlake.org](http://www.northwoodlake.org)

The Northwood Lake Watershed Association (NLWA) was founded in 1992. The (NLWA) works in partnership with the New Hampshire Department of Environmental Services (NHDES) and NH Lakes to deploy programs to reduce the Aquatic Invasive Species (AIS) in Northwood Lake. The AIS found in Northwood Lake is variable milfoil and phragmites. These programs have included Diver Assisted Suction Harvesting and Herbicide treatments for AIS control, the Lake Host program where boats are inspected both leaving and entering the lake, and a water quality program that samples over 20 locations in and around Northwood Lake for key indicators of the health of the lake.

The towns of Northwood, Deerfield and Epsom, along with business partners and local residents provide financial support for the efforts of the NLWA. State reimbursement grants are provided by NHDES. MacCallum's Boathouse in Epsom has been a long-time key supporter of the effort as well as other local businesses.

The 2023 **Aquatic Invasive Species** (AIS) program continued to show great results. A limited number of days of free diving was required with only 19 gallons of milfoil harvested. The herbicide treatment in 2021 has yielded great results. The 2023 year-end survey of Northwood Lake showed minimal milfoil.

Year	Number of Dive Days	Volume of Milfoil removed
2016	15	1,289 Gallons
2016	<b>Herbicide Treatment - pellet</b>	<b>29.1 Acres Treated</b>
2017	20	2,283 Gallons
2018	25	3,424 Gallons
2019	10	3,455 Gallons
2020	24	14,780 Gallons
2021	<b>Herbicide Treatment - liquid</b>	<b>57.1 Acres Treated</b>
2021	4	80 Gallons
2022	3	15 Gallons
2023	2	19 Gallons
2016 the Herbicide treatment was 2,4-D pellets, a solid, resulting in NO SWIMMING for several days		
2021 the Herbicide treatment was Procellacor, a liquid, resulting in NO SWIMMING for 6 hours		

The NLWA stepped up the **Lake Host Program** in 2023. 1,339 watercrafts were inspected either entering or exiting Northwood Lake. The volunteer inspections were conducted Friday through Monday, with a total of 807 hours of inspections by the NLWA Lake Hosts.

## The Northwood Lake Watershed Association

Northwood Lake, like many lakes in New Hampshire, experienced Cyanobacteria blooms in 2023. Our first bloom was in June, with the fourth and last bloom occurring in September. Cyanobacteria is a significant problem in lakes across New Hampshire. The NH Legislature has passed several bills to address the Cyanobacteria issue. The NLWA is working with NHDES to generate a Watershed Management Plan (WMP), at a cost of \$75,000, to identify root causes and generate corrective and preventive actions to mitigate Cyanobacteria. Having the WMP in place will also allow residents to apply for grants and low interest loans to implement required improvements to their property in the watershed.

To recognize and celebrate the efforts of the NLWA we had a cookout with live music on the grounds of MacCallum's Boathouse on July 15<sup>th</sup>, 2023. A good time was had by all, and the event was completely funded by ticket sales and event sponsors.

In addition to the 30<sup>th</sup> celebration, the NLWA had two other social events this past year.

Light Up Northwood Lake is becoming a favorite and was held Saturday June 24<sup>th</sup>. Flares are lit all at the same time and make for quite a sight around the lake. This event is reviewed and approved by the town fire departments.

The Boat Parade was held August 27<sup>th</sup>. Boats were decorated with a variety of lights and themes. This event is reviewed and approved by NH Marine Patrol.

We would like to thank the residents and the town warrant articles for their continued support of our important work. This year warrant articles are being amended to allow funds to be used for Cyanobacteria, other bacteria, and education as well as their original intent of managing Aquatic Invasive Species. Please vote in support of these amended warrant articles.

Back row L-R: Member Dave Copeland, Alternate Bob Strobel and Selectmen Representative Hal Kreider.

There was no down time in 2023. With the severe housing shortage in New Hampshire there is a real push to build affordable housing. While we worked on 23 applications, many approved, one denied and one withdrawn there were three housing seminars that staff and several members attended.

Along with reviewing and acting on applications staff and members remained very focused on the Master Plan. Our current Master Plan is now officially 20 years old. We are nearing completion on four more chapters of the new edition. And have two more to go. Thank you so much for your support on surveys, focus groups and financial approval.

There are two initiatives that we will be continuing in 2024. Consistency in applying the Zoning Ordinances, Subdivision Regulations and Site Plan Regulations equally to all applications is very important to us. In addition, working through our dedicated Land Use staff, we have really improved the working relationship and communication between the Conservation Commission, Zoning Board of Adjustment and Planning Board. It is not unusual for an applicant to go before two or even all three entities. I cannot say enough in appreciation to our staff for this improvement.

New members include Karen Robinson (elected) and both Don Manter and Dave Copeland who were appointed from alternates to full members. Will Dinsmore was sworn in as an alternate. We have, I am pleased to say, a full and excellent Planning Board.

Your support means a lot.  
Respectfully submitted,

Timothy K. Jandebaur  
Chairman

Planning Board members and alternates attended numerous work sessions and public hearings in addition to their regular meetings.

The Northwood Police Commission held regular monthly meetings on the third Tuesday of the month at 5:00 pm at the town hall. During the year, the commission reviewed policies and procedures, held budget reviews, approved purchase orders, and was kept advised of department activity through the monthly Chief's report.

All meetings are open to the public. Anyone who would like to be on the agenda to speak directly to the commission regarding a particular matter may request in advance by contacting Linda Smith at [lsmith@northwoodnh.org](mailto:lsmith@northwoodnh.org)

L-R: Commissioner John Schlang, Attorney John McGee, Chairman Scott Bryer, Vice-Chairman Justin Miller, and Police Chief Glendon Drolet.

While we have made strides to fill our open positions, we still have one full-time opening for an officer. Northwood along with police departments across the country continue to struggle to find qualified candidates for open positions. This is a national problem which creates a challenging effort for our town. John Schlang was reelected as a commissioner for another three-year term in March.

The police commission expressed their thanks and best wishes to Attorney John McGee on his retirement at year end. Attorney McGee has served as the commission's attorney since 1987.

We extend our sincere thanks to Chief Drolet and the entire department for their ongoing efforts to serve and protect the citizens of Northwood. We would also like to thank the Northwood Board of Selectmen for keeping the lines of communication open, and a cooperative spirit in working together on matters of mutual interest or concern.

The commission, consisting of Justin Miller, John Schlang and myself, would like to thank all the townspeople for their continued support of the police commission.

Respectfully submitted,

Scott R. Bryer, Chairman  
Commissioner Justin Miller  
Commissioner John Schlang

## POLICE DEPARTMENT

For the year 2023 the Northwood Police Department handled 3,222 calls for service. Officers made 182 arrests for the year and multiple felony indictments were handled through the Rockingham County Attorney’s Office. Officers conducted 1,522 motor vehicle stops in 2023. One of our major focuses continues to be roadway safety and we strive to keep the number of collisions as low as possible. Motor vehicle crashes remained the same from 2022 with 108 crashes handled.

Officers took part in the VFW Memorial Day Parade, Northwood’s 250<sup>th</sup> Anniversary, Northwood Recreation’s Trunk or Treat and Icy Inferno just to name a few. If you have an event you would like to have us participate in or a group you would like us to speak to, please feel free to reach out to myself or Sgt. Zobel to set something up.

Officer Nicholas Kane and Officer Collin Smith joined the department in 2023 and graduated from the New Hampshire Police Standards and Training Academy in September. As many of you know Officer Joseph Dyrkacz was severely injured during the Memorial Day Parade by a motorcyclist that was fleeing from another police department. Ofc. Dyrkacz continues to heal, and we look forward to his return to full duty. We thank Ofc. Dyrkacz for his selfless act to protect the attendees of the parade. We also thank the hundreds of well-wishers who reached out to offer their support to Ofc. Dyrkacz and the department during that time.

The members of the Northwood Police Department would like to express their sincere appreciation for the support of the residents and once again ask for your support in keeping Northwood a safe community to live and work in. Please contact us anytime to report anything suspicious or out of place. We also encourage everyone to like our Facebook page, [www.facebook.com/NorthwoodPolice](http://www.facebook.com/NorthwoodPolice), to keep up to date with what is occurring in Northwood.

Northwood Parks & Recreation department had a fantastic year in 2023. Participation in youth soccer has returned to pre pandemic levels with 135+ players enrolled in both the fall and spring seasons. Special thanks to all the volunteer coaches that provided a positive and educational experience. Additional programs that offered strong participation include youth basketball & Archery lessons for all ages. Each year, Northwood Recreation is proud to welcome 100+ volunteers that lead or assist programs such as youth sports, Trunk or Treat, Easter egg hunt, fishing derby's, letters to Santa, serving on volunteer boards, community clean-ups and other behind the scenes opportunities that makes Northwood a wonderful place to raise a family. The Northwood Athletic Fields are the home for these activities and continue to develop into the pride and joy of the community. Roadside mowing and brush hogging was completed to reduce the over growth and power was to install to the upper area.

Fun programs for 2023 included Fort Building camp held in the woods around the athletic fields. This program allowed kids to get their hands dirty and create a fort of their design using the materials that nature has granted us. 22 boys & girls joined the fun and it proved to be a successful program. Lindsay & her puppet pals was offered at the Northwood 250<sup>th</sup> celebration, Pumpkin carving at the Fall Foliage Craft Fair, Letters to Santa and the Icy Inferno were all new additions to the scope of the recreation department. Major events for 2023 included the Food Truck Festival which attracted a crowd of 1,000+ for the food, music and vendors! Our goal as the recreation department is to develop community and improve the quality of life for everyone in Northwood. We do that by bringing people of all ages together to laugh, learn, share, love, and care. We are very fortunate to have such beautiful resources in town. We have beautiful town beaches/lakes enjoyed by many in the summer months, wonderful athletic fields that are developing into something very special, indoor space like the community center, but most importantly are the people all working together to make this possible and to maintain and improve these resources for generations to enjoy. Thank you for continuing to support recreation and all its benefits.

# TOWN HISTORIAN

This year 2023 was Northwood’s 250<sup>th</sup> year of incorporation. The town celebrated with the many events put on or sponsored by the 250<sup>th</sup> committee throughout the year. One of the main events was the Bean Hole Bash, brought back after being closed down for the Covid pandemic.

The Historical Society had its first meeting in April since 2019.

The weather this year was wet! Lots of snow, but the rain kept washing it away. Snowfall Season total was 141”. This year’s January through April 2023 total was 120”. The ice never “came in” totally and was never “safe” all winter. Spring “ice out” was April 6 this year.

In March, the barn at Enoch B. Caswell’s burned on First NH Turnpike at the Center. The house, a cape, was saved.

In April, John Harvey’s barn at the Center on First NH Turnpike was torn down and a large garage was built to replace it.

In May, ground was broken and building commenced on the 60+ housing at Johnson’s Fields on Canterbury Rd. in the Narrows.

In August, John Bartlett’s barn was dismantled on Catamount Rd. and removed to Moultonboro. Also, the Center School on the Parade, was dismantled and will be rebuilt at a later date by the new owner.

The bridge on High St. in the Narrows remains closed. On December 18<sup>th</sup> many throughout the state and Northwood lost power due to high winds and heavy rains. There was massive flooding and a lot of damage. Most of the ponds and lakes had a skimming of ice by mid-December, but the last week of the year brought more rain and warm weather. By New Year’s Eve the ice was done and the New Year is here.

Dan Schroth volunteered to construct a base for the new sign in front of the Town Hall foundation and completed it by fall.

Respectfully submitted,

Stephen Bailey, Town Historian

The Northwood Board of Adjustment continued to stay very busy in 2023 with a total of 25 Cases, up from 22 in 2022 and 8 cases in 2021. The applications in 2023 included 42 separate requests for variances, special exceptions, or appeal from an administrative decision. Several of the cases included multiple variances based on the development of small lots that were located on private roads with road frontage less than the 150' needed. The zoning board received comments from the conservation commission on many special exception cases, which also went to the planning board for their review and approval. The three boards are seeing more cases that require action by 2 or 3 land use boards which has resulted in better communication and a cooperative effort to process applications.

The zoning board hears all requests for relief from the Northwood Development Ordinance, including variances and special exceptions, appeals to administrative decisions, equitable waiver of dimensional requirements, and appeals to RSA 674:41 II. Each case is reviewed in open session, with notification provided to the public and abutting property owners. Each decision of the board is based on the unique characteristics and specific merits of the individual cases.

The board of adjustment meets monthly on the third Thursday at 6:30 p.m. at the town hall, on an as needed basis, dependent on new or continued applications. Please contact the land use supervisor if you need information on the application process or if you have been denied an application to build, or if you wish to appeal the decision. The Land Use Supervisor is available on Monday-Thursday at the town hall from 9 am to 4 pm. Messages may be left at 942-5586 ext. 2004, or she may be reached by e-mail at [lweaver@northwoodnh.org](mailto:lweaver@northwoodnh.org). A ZBA guide and application forms for the zoning board are available on the town's website under documents and forms.

All zoning board meetings are open to the public. The zoning board welcomes your attendance whether you would like to comment on an application or to view how the board conducts business.

We welcomed new member Maryellen Brown in 2023. Ted Wilkinson stepped down to alternate position and we are pleased to retain his knowledge and expertise as a board member.

# The Center School Has a New Home

Town Hall Northwood Parade

*At the first town meeting, March 23, 1773, seven pounds and four shilling were raised for the support of schools. In the early days, each district in town had its own school committee, hiring teachers and paying bills with money raised by the town. The nine districts eventually established were: East Northwood, the Ridge, the Mountain, the Center (known as the Parade School), Blake's Hill, Knowles District, the Narrow, Jenness Pond, and the Union District..... In the very early days the school year was short, in the early summer and in the fall, when little heat was needed. But, as more settlers came, the school year was longer. No child had to walk more than a mile to school.....a major change was made in 1906, when the Seminary building was taken over by the town as an elementary school. The Narrows school and the Mountain school were continued. All others were closed. \**

The Center School, formerly called the Parade School, has sat on the hill next to the town hall for almost 200 years. It was the fourth of 9 one room schoolhouses located in different areas of Northwood. Children had to walk to school as horses were the only form of transportation. Students from primary to eighth grade shared the same room and the same teacher. Older students often assisted the teacher with the younger pupils.

The Center School was sold to the American Legion after the first World War and became their meeting place. Years later, young learners once again filled the large classroom. The Northwood Parent Cooperative Preschool was established in 1976 and remained open through 2014. The town accepted the school back as a public building from the American Legion in June 2017.

## The Center School Has a New Home

Spring 2023

Northwood voters chose to raze the historic Center School with the approval of a 2023 warrant article, over the option in a separate article to fund the “repair and restoration of the former Center School located at 818 First NH Turnpike...including abating all hazardous materials.” As Northwood began its 250<sup>th</sup> Anniversary year the project to remove the historic building became a much debated topic for both the selectmen and the citizenry. After bids were received to remove the structure, it seemed apparent it had met its fate. The contractor who was awarded the bid prepared for demolition. Efforts made to raise funds or change the direction were going nowhere. Gary Tasker, Jamie Lynn Cavarretta, and her daughter Karelyn attended a selectboard meeting and made a strong case for saving the historic school. The selectboard was convinced to consider the idea of dismantling the school and allowing it be taken off site. After legal review of the language in the warrant article, it was agreed to re-bid the project. The first contractor was no longer interested and the Center School bid was awarded to Jamie Cavarretta. In her own words, Jamie describes how the community came together to “Save the School”:

*During the summer of 2023, I had the extraordinary privilege to work with the town and many dedicated community members to coordinate the salvaging of the Center School building. In the last moments of the 11th hour- Gary Tasker, my daughter Karelyn Cavarretta-Smith and I compelled the town to cancel the demolition and put the building up for sale so I could buy it. I won the bid and purchased the building, along with the responsibility to fund and orchestrate its removal. I am forever grateful to everyone who came together to make it happen as quickly and cost effectively as possible. Instrumental in the process was Gary Tasker and his crew (Jim Douglas, Tim Zanis and Jackson Conway), who had their hands on every phase of the demolition project. Oliver Fifield, Sue Hardt and Steve Fifield, who came in and orchestrated taking down the frame. Chris Brown and his crew, who- amidst their very busy schedule- came in and stripped the roof off for us. My brother Richard Cavarretta, who assisted with gutting out the interior of the building. Wade Sauls, who helped with planning and storing the disassembled building. My crew at Cavarretta Gardens (Whitney Smith, Lynne Michaud, Jamie Gellman and Sophie Arroyo), who kept the business running in my absence and helped coordinate the paperwork and logistics of the school project. My nail-pullers- Don Carlson, Tom Johnson, Donna Holland, Steve Bachmann, Jamie Gellman, Whitney Smith, Paul Cavarretta Smith, and Lynne Michaud. Bill Timbas, for helping pull all the interior trim. My Dad Paul Cavarretta, for all the background help. And many other community members who have supplied their time, efforts, resources, and support to this project. Together, we labeled and deconstructed the school, board for board. Almost all of the original building was salvaged and is stored at Cavarretta Gardens farm for our up-and-coming plan to rebuild and restore it.*

## TRUSTEE OF TRUST FUNDS

The Trustee of Trust Funds consists of three elected individuals serving three-year staggered terms. The authority to administer the Northwood Trust Funds is vested solely with the Trustees. The Trustees are responsible for the collection, management, and investment of trust funds and capital reserve funds for the town, school, and districts.

Current funds in trust fall into the following categories:

- Cemetery Common Funds – for the perpetual care of town cemeteries.
- Cemetery Other Funds – for maintenance of town cemeteries.
- Library Trust Funds – for purchasing library materials for the town Library.
- Expendable Trust Funds – for specific improvements or maintenance as designated by town, or district warrants.
- Miscellaneous Trust Funds – for specific purposes designated by the donor.
- Capital Reserve Funds – for capital improvements as voted on during annual town, or district elections.
- School Capital Reserve Funds – for school purposes as voted on during annual school elections.

The trustees meet as needed, but at least quarterly to review investment earnings in relation with income needs of the trusts, invest, and disburse funds in accordance with town warrants, and discuss other topics as necessary for the management of the trusts in accordance with each trust’s stipulations. The annual report summarizes the current activities of the various trusts entrusted to the Trustee of Trust Funds.

Our quarterly financial reports and meeting minutes are posted on the Town of Northwood website under the Trustee of Trust Funds section. The Trustee of Trust Funds Annual State MS9 and MS10 Reports are filed with the NH Charitable Trust Division of the Department of Justice, State of NH.

Respectfully submitted,

**Marisa Russo**  
Town Clerk/Tax Collector

**Melissa "Missy" Rowe**  
Deputy Town Clerk/Tax Collector

**Welcome** 😊

**The office in the past year...**

First, hello Northwood residents, this is your Town Clerk/Tax Collector Marisa here and welcome. My term does expire 3/2024 (but I will be running for another 3yrs). Missy is still here with me, your full time Deputy Town Clerk/Tax Collector, she has been here since 2020-YEAH

There were a few changes within my office, I stopped all NIGHT hours and added 2 Saturdays a month "1st 7 3rd week of each month!" That has been going quite well. I have added credit/debit cards online too. You can also now pay your taxes online (very convenient). But we still like seeing you in person.

Our dog pictures sent in were great and in 2024 I have started the contest and accepting pictures again. We now have local businesses also sponsoring/donating prizes. We have a comment/suggestion box in our lobby next to our window as well.

We also will have NEW Polling Booths to use - goodbye to the tan canvas booths and we will also have a NEW ballot counter (hopefully for the September 2024 election!)

## NEW Polling Booth for Elections!

To the Members of the Board of Selectmen  
Town of Northwood  
818 First New Hampshire Turnpike  
Northwood, NH 03261

Dear Members of the Board of Selectmen:

We have audited the financial statements of the governmental activities, major governmental and proprietary fund, and aggregate remaining fund information of the Town of Northwood for the year ended December 31, 2022 and have issued our report thereon dated August 7, 2023. Professional standards require that we communicate to you the following information related to our audit.

### ***Our Responsibility in Relation to the Financial Statement Audit***

As communicated in our engagement letter dated September 22, 2021, our responsibility, as described by professional standards, is to form and express an opinion(s) about whether the financial statements that have been prepared by management with your oversight are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America. Our audit of the financial statements does not relieve you or management of your respective responsibilities.

Our responsibility, as prescribed by professional standards, is to plan and perform our audit to obtain reasonable, rather than absolute, assurance about whether the financial statements are free of material misstatement. An audit of financial statements includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control over financial reporting. Accordingly, as part of our audit, we considered the internal control of the Town of Northwood solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

We are also responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures for the purpose of identifying other matters to communicate to you.

### ***Planned Scope and Timing of the Audit***

We conducted our audit consistent with the planned scope and timing we previously communicated to you in our engagement letter dated September 22, 2021

### ***Compliance With All Ethics Requirements Regarding Independence***

The engagement team, others in our Firm, as appropriate and our Firm, have complied with all relevant ethical requirements regarding independence.

We follow the AICPA Ethics Standard Rule 201 and in conjunction with the Firm's Quality Control Document, we annually review with all engagement staff potential conflicts and obtain an independence certification. In addition, we inquire on each engagement about potential conflicts with staff. We have not identified any relationships or other matters that in the auditor's judgment may be reasonably thought to bear on independence.

### ***Significant Risks Identified***

We have identified the following significant risks through our risk assessment procedures. These risks are identified universally in New Hampshire governmental entity audits performed by our firm. As a result of these risks the engagement team developed an audit approach that specifically addresses these significant risks:

- Management override of controls; and
- Improper revenue recognition

### ***Qualitative Aspects of the Entity's Significant Accounting Practices***

#### *Significant Accounting Policies*

Management has the responsibility to select and use appropriate accounting policies. A summary of the significant accounting policies adopted by the Town of Northwood is included in Note 1 to the financial statements. As described in Note 2-C to the financial statements, the Town of Northwood changed accounting principles to change the way the Town reports leases, by adopting Governmental Accounting Standards Board (GASB) Statement No. 87, *Leases*, in the fiscal year 2022. No matters have come to our attention that would require us, under professional standards, to inform you about (1) the methods used to account for significant unusual transactions and (2) the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.

#### *Significant Accounting Estimates*

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's current judgments. Those judgments are normally based on knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ markedly from management's current judgments.

The most sensitive accounting estimates affecting the financial statements are:

Management's estimate of the capital asset useful lives is based on historical information and industry guidance. We evaluated the key factors and assumptions used to develop the capital asset useful lives in determining that it is reasonable in relation to the financial statements taken as a whole.

Management's estimate of the allowance for uncollectible property taxes are based on historical data and information known concerning the assessment appeals. We evaluated the key factors and assumptions used to develop the uncollectible property taxes in determining that it is reasonable in relation to the financial statements taken as a whole.

Management's estimate of the uncollectible ambulance receivables is based on knowledge of past collection rates. We evaluated the key factors and assumptions used to develop the uncollectible ambulance receivables in determining that it is reasonable in relation to the financial statements taken as a whole.

Management's estimate of the net pension liability, deferred outflows and inflows of resources related to pensions are based on assumptions of future events, such as employment, mortality and estimates of value of reported amounts. We evaluated the key factors and assumptions used to develop the net pension liability, deferred outflows and inflows of resources related to pensions in determining that they are reasonable in relation to the financial statements taken as a whole.

Management's estimate of the other postemployment benefit liability, deferred outflows and inflows of resources are based on the assumption of future events, such as employment, mortality, and healthcare cost trend, as well as estimates of the value of reported amounts. We evaluated key factors and assumptions used to develop the other postemployment benefits liability, deferred outflows and inflows of resources related to the other postemployment benefits in determining that they are reasonable in relation to the financial statements taken as a whole.

***Financial Statement Disclosures***

The financial statement disclosures are neutral, consistent, and clear.

***Significant Unusual Transactions***

There are no significant or unusual transactions identified during our audit.

***Significant Difficulties Encountered During the Audit***

We encountered no significant difficulties in dealing with management relating to the performance of the audit.

***Corrected and Uncorrected Misstatements***

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. Uncorrected misstatements or matters underlying those uncorrected misstatements could potentially cause future period financial statements to be materially misstated, even though the uncorrected misstatements are immaterial to the financial statements currently under audit.

Adjustments proposed and approved were primarily of a routine nature which management expects the independent auditors to record as part of their year-end procedures. A list of these adjustments for all funds are attached to this letter.

***Disagreements With Management***

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

***Management Representations***

We have requested certain representations from management that are included in the management representation letter dated August 7, 2023.

***Management Consultations With Other Independent Accountants***

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Town of Northwood's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

***Key Audit Matters***

We have determined that there are no key audit matters to communicate.

***Other Audit Matters, Findings, or Issues***

In the normal course of our professional association with the Town of Northwood, we generally discuss a variety of matters, including the application of accounting principles and auditing standards, significant events or transactions that occurred during the year, operating and regulatory conditions affecting the Town, and operational plans and strategies that may affect the risks of material misstatement. None of the matters discussed resulted in a condition to our retention as the Town of Northwood's auditors.

***Reconciliation of the Budget***

We noted during reconciliation of the client's budget that they are not updating revenues for when the MS-434R is updated. In addition, there was a difference in function when comparing the budget to the MS-232R. Per best practice, when implementing the budget, we recommend that the budget is also compared to the State forms to ensure accuracy in the event of any updates by the State.

### **Investment Policy**

We noted that the investment policy is from 2021; per NH RSA 41:9 *Financial Duties*, “The selectmen shall annually review and adopt an investment policy for the invest of public funds in conformance with applicable statutes and shall advise the treasurer of such policies.” We recommend that going forward the Town should review its investment policy with the Board of Selectmen each calendar year.

### **Transfer Station Deposits**

We noted daily receipt forms/deposits are not being signed off on by the transfer station supervisor. Per best practice, it is recommended that each form is signed off on to show that they are aware of it being deposited, and that the amount being deposited is accurate. We recommend that going forward all daily deposit slips are signed off by the transfer station supervisor.

### **Other Matters**

#### **Implementation of New GASB Pronouncements**

The Governmental Accounting Standards Board (GASB) has issued several pronouncements that have effective dates that may impact future financial presentations. Management has not currently determined what, if any, impact implementation of the following statements may have on the financial statements.

**GASB Statement No. 91, *Conduit Debt Obligations***, issued in May 2019, will be effective for the Town with its fiscal year ending December 31, 2023. This Statement will provide a single method of reporting conduit debt obligations and eliminate differences in practice.

**GASB Statement No. 92, *Omnibus 2020***, issued in January 2020, will be effective for the Town with its fiscal year ended December 31, 2023. The objectives of this Statement are to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing practice issues that have been identified during implementation and application of certain GASB Statements.

**GASB Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements***, issued in March 2020, will be effective for the Town with its fiscal year ended December 31, 2023. The objectives of this Statement are to improve financial reporting by addressing issues related to public-private and public-public partnership arrangements (PPPs).

**GASB Statement No. 96, *Subscription-Based Information Technology Arrangements***, issued in May 2020, will be effective for the Town with its fiscal year ended December 31, 2023. The objectives of this Statement are to provide guidance on accounting and financial reporting for subscription-based information technology arrangements for government end users.

**GASB Statement No. 99, *Omnibus 2021***, issued in April 2022, will be effective for the Town with its fiscal year ended December 31, 2023. The objectives of this Statement are to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing (1) practice issues that have been identified during implementation and application of certain GASB Statements and (2) accounting and financial reporting for financial guarantees.

**GASB Statement No. 100, *Accounting Changes and Error Corrections—an Amendment of GASB Statement No. 62***, issued in June 2022, will be effective for the Town with its fiscal year ended December 31, 2024. The primary objective of this Statement is to enhance accounting and financial reporting requirements for accounting changes and error corrections to provide more understandable, reliable, relevant, consistent, and comparable information for making decisions or assessing accountability.

**GASB Statement No. 101, *Compensated Absences***, issued in June 2022, will be effective for the Town with its fiscal year ended December 31, 2024. The objective of this Statement is to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences.

We applied certain limited procedures to the following, which are required supplementary information (RSI) that supplements the basic financial statements:

- Schedule of the Town's Proportionate Share of Net Pension Liability,
- Schedule of Town Contributions – Pensions,
- Schedule of the Town's Proportionate Share of the Net Other Postemployment Benefits Liability,
- Schedule of Town Contributions – Other Postemployment Benefits,
- Schedule of Changes in the Town's Total Other Postemployment Benefits Liability and Related Ratios, and
- Notes to the Required Supplementary Information

Our procedures consisted of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We did not audit the RSI and do not express an opinion or provide any assurance on the RSI.

We were engaged to report on the combining and individual fund schedules, which accompany the financial statements but are not RSI. With respect to this supplementary information, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with accounting principles generally accepted in the United States of America, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

Restriction on Use

This information is intended solely for the information and use of the members of the Board of Selectmen, and management of the Town of Northwood and is not intended to be, and should not be, used by anyone other than these specified parties.

Respectfully,

PLODZIK & SANDERSON

### **PRINCIPAL'S REPORT**

To the Residents of Northwood:

The 22-23 school year was a busy and productive one! Northwood School officially became a Pre-K through eighth grade school as the pre-school transitioned from an SAU program to being fully integrated into the school. We began the year with seventeen new staff members joining our learning community and also welcomed several others who had previously been SAU 44 employees to our staff. A canine staff member joined our team as well as we welcomed Nova, a certified therapy dog, to our school. At the end of the year, we bid a fond farewell to eleven staff members.

Over the course of the year, we continued to work towards goals that we established through the accreditation process. Areas of focus included ensuring curriculum documents are in a common and consistent format, refining systems that support students both academically and socially, and developing a Vision of the Graduate, a document that captures the school community's core values, beliefs about learning, and aspirations for our students. We were proud to share the completed Vision of the Graduate with the community in the spring.

As always, our school benefitted from the tireless work of our faculty and staff to continually improve and augment teaching and learning. Teachers collaborated during planning time, regular data meetings, monthly professional learning community meetings, and after school faculty and team meetings. During these meetings, teachers explored and discussed effective instructional practices and evidence of student learning. Teachers regularly reviewed both classroom level and grade level assessment results to inform instruction, place students in appropriate instructional groups, and identify effective interventions and supports. Teachers worked in committees after school to address topics such as school safety, wellness, literacy, behavior supports, and curriculum development. Local educational consultant Mike Anderson

*The mission of Northwood School is to inspire students to be lifelong learners. As a community we are committed to providing a safe, challenging environment that encourages all students to aspire to excellence.*

### PRINCIPAL'S REPORT

continued his work with our faculty to provide professional development on increasing student engagement.

Student activities included athletics, concerts, clubs, field trips, and a variety of summer programs. We were able to reestablish many beloved traditions, including the fall Open House and barbeque, concerts and art shows throughout the year, middle school dances, book buddies, the Kindergarten nursery rhyme show, and the spring book fair. Sixth grade returned to its annual tradition of visiting Camp Merrowvista for three days in the spring. Eighth graders finished their year with an overnight trip to Boston where they enjoyed walking a portion of the Freedom Trail, visiting the New England Aquarium, the Museum of Science, and many other activities. All grade levels enjoyed a week-long experience with local artist Kim Bernard, who served as the Artist in Residence and guided students in the creation of a piece of artwork made out of recycled plastic that is installed on the lower playground fence. Northwood School students in grades K-5 enjoyed an author's visit with Marty Kelly, a local author of children's books.

Our girls' soccer team had a very successful season and were named the Southeast League Champions. Northwood School students enjoyed watching their classmates compete in the spelling bee in January. Our sense of community was strengthened through fun activities including the annual Northwood School Olympics in February, the staff versus eighth grade basketball game in April, and the school-wide field day in June.

As we look ahead to the 2023-2024 school year, we will continue to work to refine and revise our curriculum, instruction, and assessment practices to ensure rigor, personalization, and continued social and academic growth for students. Our staff members are honored to have the opportunity to educate the students of Northwood and look forward to another successful year of learning and growing.

Respectfully submitted,

## SUPERINTENDENT OF SCHOOLS REPORT 2022-2023

The 2022-2023 school year was a very busy and productive one for the Northwood School District. The Northwood School District continued to make progress on its 5-year strategic plan and continued to work on the recommendations it received from NEASC (New England Accreditation for Schools and Colleges).

The Northwood School District's 5-year strategic plan has 8 goals:

- Increase student engagement and empowerment
- Create an academic system that guarantees a path to success for every student
- Ensure ongoing improvements in curriculum and instruction
- Ensure the diverse social and emotional needs of all students are met
- Attract and retain high quality teachers, administrators, and staff
- Create a culture and climate that values all members of the school community
- Increase community support for, trust in, interest in, and pride in Northwood School
- Implement a system of academic and non-academic performance measures that effectively communicate progress and facilitate improvement

The NEASC Standards and the Accreditation cycle guide the school and its community toward a clear and comprehensive school improvement/growth model, this year's focused on developing the vision of graduate.

The remarkable academic growth observed among our students can be attributed to the synergistic efforts of our dedicated teachers and administrators, strategic planning, and the collaborative work undertaken in alignment with the NEASC standards. Our educators, committed to fostering a dynamic and engaging learning environment, have employed innovative teaching methodologies and personalized approaches that cater to our students' needs. Additionally, our strategic plan has played a pivotal role in identifying areas for improvement, implementing targeted interventions, and aligning curriculum to meet rigorous academic standards. The school's proactive engagement with NEASC has not only ensured compliance with accreditation requirements but has also facilitated a continuous process of self-reflection and improvement. The collective impact of these elements has created a thriving educational ecosystem, enabling our students to meet academic expectations, showcasing tangible evidence of their academic growth and social emotional development.

The 2022-2023 school year was the first year that the Northwood School District operated as a single district under School Administrative Unit #44. The SAU provides the following services to the local school districts:

- Personnel support
- Finance development and oversight
- Communication/community relations
- Student services
- Maintenance/capital improvement support
- Curriculum, Instruction, and Assessment support
- Short and long-range planning for the district

# SUPERINTENDENT OF SCHOOLS REPORT 2022-2023

- Governance for student achievement
- Policy research, implementation, and review
- Leadership on educational issues

The 2022-2023 school year experienced its first year in many years without administrative personnel changes at SAU #44. Mr. Nate Byrne continued in the position of Superintendent of Schools, Mrs. Jill La Vallee continued in the position of the Student Services Director, and Ms. Christine Blouin continued in the position of the Business Administrator and Human Resources Manager. Additionally, the SAU support staff also went unchanged. Mrs. Mary Bulger continued in the position of Administrative Assistant, Mrs. Janice Coffill continued in the position of Payroll & AP Bookkeeper, Mr. Aaron Stanley continued in the position of Technology Coordinator. The return of all these individuals offered continuity the SAU has not had in many years.

In closing, on behalf of myself, and the staff of SAU #44, we continue looking forward to the future and serving the Northwood School District in the years to come.

Respectfully submitted,

Nate Byrne  
Superintendent of Schools

## 2022-23 Student Reading Levels

CBNA believes strongly that reading is the key to success for students. The Academy utilizes several methods to assess student reading levels, including the SAT, the Scholastic Reading Inventory, and individualized testing and assessment via a reading specialist.

## Spring 2023 Testing

CBNA participates in state-wide mandated assessments. For the 2022-23 academic year, the State of NH implemented the Statewide Assessment System (SAS) including a Science test as well as the SAT for English Language Arts (ELA) and Math for eleventh grade students. Students at Coe-Brown Northwood Academy scored as follows:

**100%** of CBNA teaching faculty are licensed educators by the Department of Education in the State of New Hampshire.

*\*Note: Licensed educators include staff with Experienced Educator Licenses, Beginning Educator Licenses, and NH DOE Statements of Eligibility.*

In addition, Coe-Brown Northwood Academy appreciates a low turnover with a dedicated and loyal staff.

## EDUCATIONAL PROGRAMS

The Academy has maintained a reasonably steady population in recent years, with a slight decline as sending schools have experienced smaller total populations. Our total enrollment has allowed CBNA to develop new programs and educational opportunities to best meet the needs of diverse learners. High standards of work ethic, behavior, and personal responsibility have been established and upheld by the administration, faculty and staff. The Academy offers multiple strategies to assist students in making successful transitions to the next stage, including a Post-High School Planning Fair. CBNA continues to promote colleges, trades, military, and work force opportunities for all students.

Positive feedback from students who have attended post-secondary institutions, as well as their high academic performances at such places, informs the Academy that they have felt well-prepared for the challenges of college. This reflects the academic rigor of their coursework at Coe-Brown Northwood Academy and the support from involved parents, school boards, and community.

The Academy administered the statewide examination, the SAT, assessing reading and math, and NH Science test assessing science, for juniors in the spring of 2023. Performance on those exams is demonstrated in the charts above and the Academy will continue to develop curriculum and teaching techniques for meeting New Hampshire State Standards and to best prepare students for state-wide assessments. Students at Coe-Brown continue to score in the upper percentiles of the AP examinations, NH state testing, and excel in many areas outside of academia as well. In addition, students, faculty, and staff have been thrilled to have so many members of the community come to the Academy to enjoy talented student performances within the athletic, music, arts, and drama programs.

The Education Committee of the Board of Trustees, which has voting representatives from Northwood, Nottingham, and Strafford, annually reviews course offerings to ensure that they are appropriate to meeting students' needs and are in keeping with the high academic standards set by the Board and administration. For the 2022-2023 academic year, the Academy continued to offer concurrent enrollment courses to allow students to receive both high school and college credit in the same class, for a greatly reduced college tuition rate. The courses are optional and allow students to get a head start on meeting their college requirements. Currently, the Academy has agreements with Southern New Hampshire University, Project Running Start through Great Bay Community College, NHTI, Manchester community College, and the University of Iowa.

As the field of education continues to be complex, challenging, and ever-changing, those representatives from the Northwood, Nottingham, and Strafford School Boards who serve on the Education Committee

have become even more important in providing a vital link between the Academy and the sending schools. These representatives influence student discipline, assist in the hiring of faculty, and facilitate the coordination of educational programs. This joint participation is unique among schools that hold tuition contracts with other school districts. The Board of Trustees encourages active participation by the Northwood, Nottingham, and Strafford representatives.

Individual faculty members, both at Coe-Brown as well as from sending schools, have participated in a board-supported program called “*Bridges*.” Faculty members met both in-person and virtually throughout the 2022-2023 year in different department groups with the goal of continuing to bridge any gap in the transition from elementary to high school and to coordinate and support each other in their academic work. Their efforts have been positive and effective in improving the educational experience for the communities’ students.

## CO-CURRICULAR

The Academy strives to provide opportunities for students to become well-rounded adults through an intensive co-curricular program. Dozens of clubs are available for student membership, including some of the most recently created: Know & Tell Peer to Peer, Students Demand Action, Health Occupation Student Association, Cribbage Club, as well as some clubs that have been in existence for most of Coe-Brown’s history such as FFA, Band, Chorus, National Honor Society, Science & Robotics Club and many more. Students are encouraged to become as involved in school life as much as possible. Each of these activities is monitored and evaluated to ensure a worthwhile experience that meets the Academy’s mission.

Athletic offerings at the Academy continue to evolve with Coe-Brown’s student-athletes. The athletic programs provide opportunities for students to practice self-discipline, time management, the importance of teamwork and good sportsmanship. The 2022-23 academic year had 204 fall athletes, 152 winter athletes, and 255 spring athletes, showing the tremendous amount of participation in athletics by CBNA students.

As with all programs, the Board of Trustees strives to provide the best possible athletic facilities and to make them available, as appropriate and possible, to local citizens. This is in keeping with the Board’s commitment to make the Academy a part of the local communities.

## PHYSICAL PLANT

The Board of Trustees has worked to develop and implement a multi-year master plan to enhance the Academy’s education services. This includes a review of current classrooms, pedestrian and vehicular circulation patterns, safety concerns, new facility needs and possible locations for these facilities. The Academy’s ability to construct new facilities is based on very limited available funds that can be used for such endeavors.

Because the Academy does not receive any state funding, all new capital construction must be funded through investments and the capital charge to sending schools based on the current valuation of the property. This fiscal constraint does limit the Academy’s ability to construct new facilities. For that reason, each construction project is considered carefully and has been deemed necessary and vital for continued growth of the Academy.

The most recent major construction project, begun in 2019, is the new Wiggin Hall building which has been completed on the first-floor level only and is currently in Phase II of construction, adding a stairway and elevator tower. The original building was razed with a two-story new building erected in its place. It currently houses art, music, specialized and general education classrooms. The next phase of the Wiggin Hall project, once Phase II is completed in the fall of 2023, will be the completion of the second story interior. In addition, security measures on campus are constantly evaluated, for greater student and staff safety. Installation of deadbolt locks, quickly and easily engaged, was completed for all classroom areas. Emergency blue strobe lights on the exterior of buildings to indicate a building in distress has been installed. Additional phones were installed in classrooms without communication capability and unique 911 ID capability has been arranged for all phone extensions on campus. Campus surveillance continues to be enhanced with additions of cameras and upgrades of software. Continued smaller projects will serve to revitalize and repurpose areas of the Academy in the future, ensuring a modern, student-focused campus.

## THE BOARD OF TRUSTEES

The Board of Trustees and its committees (Administration, Athletics, Development, Education, & Fiscal) continue to work to enhance the educational opportunities for the students. The Education Committee, with representatives from Northwood, Nottingham, and Strafford, continues work on long-range planning goals that better address curriculum and educational needs of the students. Faculty selection is a critical part of the process to ensure exceptional staff who are not only highly qualified, but are dedicated to the educational process. The input from Northwood, Nottingham, and Strafford representatives plays a critical part of the process.

The Board of Trustees Athletic Committee supports enhanced opportunities for students to participate in team and club sports. A wide variety of year-round programs and camps are also available to students. The Academy staff is working to enhance cooperation and participation with the elementary schools in both the athletic and arts areas. Parental support of these programs is important and the committee is working on this issue in conjunction with administration. The Board of Trustees Development Committee is actively working on programs that support and enhance alumni and community relations. The publication of the *VISIONS* magazine, *Connections* flyer, and fundraising drives are vital steps in continuing to reach out to alumni and prospective students in the process of maintaining a long-range plan. The generosity of many people has resulted in enhancements to the physical plant, educational opportunities for students and faculty and a higher level of recognition of the quality of education offered by the Academy to local students.

## THE FUTURE

The Board of Trustees thanks the towns in this community for the cooperative spirit and joined efforts to best serve the high school students in the area. Continued constructive and productive relationships with local SAUs, school boards, and administrations of sending schools help ensure the best preparation for the future challenges students will face as adults. The Board of Trustees and administration of CBNA remain appreciative of a continued long-term relationship with local citizens in working toward achieving continued educational excellence.
