REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board of the town of Wilmot:

I submit, herewith, my first report as superintendent of schools.

The report is largely of a statistical nature due to the fact that I did not begin my duties until July 1st and that I have only the attendance and financial records of the year 1928-29.

I have changed somewhat the form of arrangement in the printing of the financial report. This change is not revolutionary and need cause no alarm.

The four columns of figures give the voters a chance to compare the expenditures, item by item, of last year's business with current year, and also shows how much has been expended to January 15th, 1930. The fourth column is the amount of money the school board would like to spend during 1929-30, not necessarily the sum to be raised. The statement of the financial standing of the school district on January 15, 1930, gives an idea of the solvency of the district on that date. I have added a column of figures to show how the Wilmot School dollar was spent in 1928-29,

Note: Figures for Langley school not available.

The year opened Tuesday, September 3, 1929. Two changes were made in the teaching force. Miss Fay E. Dexter of Lisbon, a teacher of long and successful experience, was elected to fill the vacancy in the Flat School. Miss Edna Gallant, of Warren, N. H., and a graduate of Plymouth Normal School, class of 1929, was

placed in the North Road School. Mrs. Atwood and Miss Sebra returned to their respective schools. At the present time the schools are running very smoothly. I am in hopes that the services of the entire force may be secured for another year.

High School Attendance, 1929-30

Fourteen Wilmot boys and girls are attending secondary schools. This is a good showing and a willingness on the part of Wilmot parents to keep their children in school.

Below is the list of pupils attending high school for the current year.

			\$ 1,465.74

As near as I can tell at this time about \$2,053 should be raised at the coming school meeting to pay high school tuition for the year 1930-31.

Recommendations

Some change should be made at the Langley School in the toilets. An amount has been put into the budget to defray the cost of any work done there.

It would seem nice to employ a full time school nurse. The State allows approximately one dollar and a half per pupil towards the salary of a full time nurse. A school nurse usually averages a visit a month to each school. From the standpoint of economy this would be a wise step to take.

I wish to thank the board for its co-operation and for making my first year as superintendent a pleasant one.

Feb. 6, 1930.

EARLE P. FREESE,
Superintendent of Schools.
