SCHOOL SUPERINTENDENT'S REPORT

To the School Board of Litchfield,

Greeting :

I am pleased to submit herewith my ninth annual report as superintendent of your schools, and to it I have attached a report from your school nurse.

Membership.

At present the membership of your school is 25 in the primary room and 19 in the grammar room, total 44, which is the same number as the average membership of last year. The prospects are that these figures will not decrease.

Teachers.

After two years of service in this school district, Miss Louise DeNeis resigned late in the summer. Miss Chrystine Lindgren, a Keene Normal graduate was engaged to take her place, and she is meeting with good success. We were fortunate in retaining Miss Esty for this year.

Noon Lunch.

Perhaps as noteworthy as any undertaking in the administration of your school is the establishing of a noon lunch for the children.

Those of you who have had the experience of eating cold lunches daily for a period of years appreciate the strain of so doing on the physical system. This is likely to be the

more harmful to the growing child who hurriedly and improperly eats his cold lunch at the mid-session or noon recess or at both. A lunch counter is usually found in our larger schools, but much of the food served often consists of cold sandwiches, ices, and candies. Such an arrangement serves only as a little convenience for the housekeeper who prepares the lunch and does not lessen the deleterious effect of these cold lunches.

The menus served in your school for the five days of one week in last January, which is a fair sample of the various weeks, is given below.

Monday — Italian Spaghetti, Tomato Sauce and Cocoa.

Tuesday — Clam Chowder and Crackers.

Wednesday — Mashed Potatoes and "Hot Dogs"

Thursday — Salmon Wiggle and Crackers.

Friday — Corn Chowder and Crackers.

These are served to each child in generous portions and are healthful,* nutritious, and satisfying. It is rather a revelation to those unfamiliar with the practises in modern schools to see these children at the noon recess being served and supervised while seated at the tables enjoying these lunches. I predict that it will be a long time before the custom is abandoned in Litchfield.

There is one matter not so pleasing of which I wish to speak. There exists among some of our young people a lack of that respect for public property which is a mark of good citizenship. This may in part be attributed to carelessness, but in some instances it has the appearance of vandalism. It is to be regretted that the glass in the windows has been a target for projectiles of various kinds and that the building has been ruthlessly defaced in other respects. This is the more noticeable in that the building is so new and appropriate that it could be made as attractive as any home in the town.

I believe that if we can inspire our pupils with a proper regard for the sanctity of public property and train them to a careful use of it while in school and after they have left it we have taught them a valuable lesson in citizenship and one that may carry beyond physical properties.

Report Cards.

I wish to call your attention again to the fact that the sole purpose of the report card is to notify the parent of the teacher's estimate of the actual achievement being made by the pupil from period to period. In order that the marks may carry a real message to the parent, the five point scale, which has been found by administrators of school systems to be the most indicative and convenient, has been adopted. In this system A & B practically denote the work of the first third of the average class, C the middle third, E & F the lowest third. A denotes the work of the exceptional child and F that of the one who probably will have to repeat. All this is indicated on the cards, yet complaints are frequent, from parents who are grieved because their children whom they rate as only average students, do not have a majority of A's and B's on their cards. Our teachers are instructed and warned that they must tell the truth in these marks, and the truth will invariably bring complaints just so long as nature endows the parent with prejudice for her own. I am pleased to report that it is my conviction that our teachers are scrupulously careful in this matter.

SCHOOL NURSE'S REPORT

To the Members of the School Board and Citizens:

I tender my report for the past year as school nurse.

The number of children having defect of teeth and tonsils have decreased and the number showing improvement have increased. As yet we have to large a number with defects, but, I certainly feel that with the support of the parents we will in time have a school very nearly free from physical defects.

I am glad the children are having the benefit of the hot lunch at the noon recess and I am sure in a short time, both, teachers and parents will see an improvement in the children. I have only one suggestion to make and that is that the tables in the lunch room be covered with white oil cloth. I do not believe this would cost over (\$5.00) five dollars and it would be so much easier to keep clean and also improve the looks of the lunch room.

With the exception of a few cases of whooping-cough in the Spring, school has been very free from contagious diseases the past year.

It is gratifying to note that paper towels are being supplied for the use of school children. I wish to thank the members of the School Board and Citizens for there cooperation in health work in the school.

Below is a list of defects found and treatment secured or improvement shown since last examination.

<i>Defects Found</i>		<i>Treatment secured or Improvement shown</i>

REPORT OF SCHOOL BOARD

To the Citizens of the Town of Litchfield:

We here again present our annual Report. The School Board re-elected both Miss Estey and Miss DeNies as teachers for the present school year, but in August, we were asked by Miss DeNies to release her from the contract. While we regretted very much to do so, we felt it would be unfair to her, not to comply with her wish, so we were left at a late date without a teacher for the primary room, but through the help of Mr. Record we obtained Miss Chrystine Lindgren, and feel that she is doing good work.

The class rooms were freshened by a coat of paint on walls and ceilings which adds much to the attractiveness of the rooms and hope to have the hall done over an other year. Hot lunches for the children at the noon hour were started December 13th, with Mrs. Gladys Locke in charge and will continue till Easter vacation at least, and the Board wishes to thank the Teachers and Parents for their co-operation and help with same.

Respectfully submitted,

LIZZIE D. SHEPHERD,

DOROTHY B. REID,

HERBERT C. LEACH,

School Board of Litchfield.
