TOWN WARRANT.

STATE OF NEW HAMPSHIRE.

To the Inhabitants of the Town of Hillsborough, County of Hillsborough, in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at Child's opera house in said town on Tuesday, the tenth day of March next, at nine of the clock in the forenoon to act on the following subjects:

ARTICLE 1. To choose three selectmen, town treasurer, tax collector, highway agent, town clerk and chief of police for the ensuing year, trustee of the Fuller public library for the two ensuing years, and all other necessary town officers or agents for the ensuing year.

ART. 2. To hear the reports of the selectmen, town clerk, town treasurer, tax collector, and highway agent to the town auditors, the reports of the auditors, agents, committees or other town officers heretofore chosen or appointed and to pass any vote relating thereto.

ART. 3. To raise such sums of money as may be necessary to meet the current expenses of the town and apply upon the principal and interest of the town debt, or pass any vote relating thereto.

ART. 4. To see what sum of money the town will vote to raise for the building and repairing of highways, bridges and culverts.

ART. 5. To see if the town will vote to raise a sum of money, not to exceed seventy-five dollars (\$75.00), for Senator Grimes post, G. A. R., to be used Memorial Day.

ART. 6. To see if the town will vote to continue the present laws in force prohibiting cattle and horses from running at large in the highways.

ART. 7. To see if the town will vote to raise any money for the support of the Fuller public library, or pass any vote relating thereto.

ART. 8. To see if the town will vote to raise and appropriate the amount of money necessary to secure state aid for the permanent improvement of highways.

ART. 9. To see if the town will vote to raise the sum of four hundred dollars (\$400.00) for the suppression of the Gypsy and Brown-Tail Moths.

ART. 10. To see if the town will vote to raise and appropriate a sum of money, not to exceed two hundred dollars (\$200.00), for the support of band concerts the coming season, or pass any vote relating thereto.

ART. 11. To see if the town will vote to purchase the steam road roller now rented by the town, raise money for the same, or pass any vote relating thereto.

ART. 12. To see what action the town will take in regard to completing the Town History or pass any vote relating thereto.

ART. 13. To see if the town will vote to increase the salary of the highway agent, or pass any vote relating thereto.

ART. 14. To transact any other business that may legally come before said meeting.

Given under our hands this twenty-first day of February, in the year of our Lord nineteen hundred and fourteen.

CHAS. S. FLANDERS,
FRED B. MONROE,
EUGENE C. RUMRILL,

Selectmen of Hillsborough.

REPORT OF THE SELECTMEN.

(For the year ending February 15, 1914.)

To the Citizens of Hillsborough:

The present board of selectmen in making its ninth annual report are able to show a balance accumulated in the treasury, which has been used in reducing the town debt. With the exception of the year in which the macadamized road was built through the village, a similar showing has ~~not~~ been made for a decade, and during this period the floating debt has been reduced \$15,828.94.

It has seemed important that Depot street, which has been in bad condition for years, should be improved by using the money raised two years ago in macadamizing the same. It has been found impossible to hire a steam-roller from another town, and one was secured from the manufacturers. A contract was made to the effect that the money paid for rental and also the money paid for freight should go towards paying for the roller in case the town votes to purchase. The price of the roller in Buffalo was \$3000. The year's rental was \$500, and the freight was \$67.39. In other words, \$567.39 has been paid on the roller if the town wishes to make the purchase.

The loss of a horse necessitated the purchase of a team. The horse that died was about twenty years old, and the mate was sold for \$100. As an excellent pair of young horses was purchased for \$525 the loss for the year, on town teams, has not been heavy. The road agent and the selectmen discussed the expediency of securing younger horses for the town last spring, and if an opportunity had presented itself of exchanging the old horses for the new team by paying \$400, the offer would probably have been accepted.

ANNUAL REPORT OF THE TOWN OF HILLSBOROUGH.

(From February 15, 1913, to February 15, 1914.)

VALUATION OF THE TOWN APRIL 1, 1913.

Auditors.

REPORT OF THE BOARD OF HEALTH.

Throughout the year the sanitary condition of the town has been good. Of the contagious diseases there have been several cases of measles and two cases of diphtheria reported.

The high school building, where most of our pupils congregate, has been fumigated several times, not on account of epidemic diseases but to prevent them. The shores of Loon lake, our village water supply, have been supervised, and recommendations by the board have been cheerfully complied with. Repeated examinations of the water at the State Laboratory of Hygiene show it to be good and free from pollution. During the year there have been issued twenty-nine permits for connection with the sewer, and we hope soon to have every dwelling within the Precinct so connected.

W. P. GRIMES,
LEON E. ANNIS,
Board of Health.

February 14, 1914.

PRECINCT WARRANT.

STATE OF NEW HAMPSHIRE.

To the Inhabitants of the Hillsborough Bridge Village Fire Precinct in the Town of Hillsborough qualified to vote in Precinct Affairs:

You are hereby notified to meet in Precinct hall in said Precinct on Monday, the sixteenth day of March, 1914, at seven of the clock in the afternoon, to act upon the following subjects:

1. To choose a moderator for the ensuing year.
2. To choose one or more water commissioners to serve five years.
3. To choose one fire commissioner to serve three years.
4. To choose treasurer, clerk, auditors, and other necessary Precinct officers for the ensuing year.
5. To hear the reports of the fire commissioners, water commissioners, treasurer, clerk, auditors, and other officers and committees heretofore chosen, and to pass any vote relating thereto.
6. To see if the Precinct will vote to raise and appropriate the sum of four hundred dollars (\$400) necessary to run the sprinkling cart for a period of twenty weeks or more.
7. To raise such sums of money as may be necessary for paying the current expenses of the Precinct, the debt of the Precinct, and any other charges arising within said Precinct.
8. To transact any other business that may legally come before the meeting.

Given under our hands this twenty-first day of February in the year of our Lord, nineteen hundred and fourteen.

JOHN B. TASKER,
FRANK E. MERRILL,
DANIEL W. COLE,
Board of Fire Commissioners.

REPORT OF THE FIRE COMMISSIONERS.

(For the Year Ending February 15, 1914.)

The board of fire commissioners submit the following report:

There has been eight bell alarms and twenty-one still alarms the past year, with only a loss of about \$550, well covered by insurance. Chemicals doing good service.

About 100 feet of sewer pipe has been taken up and re-laid.

The fire equipment is in excellent condition.

We are pleased to report that all the public buildings requiring by law fire escapes have been equipped with same, or are under construction. The new one on the opera house block is exceptionally safe and up-to-date. Also both mills have installed escapes.

TOWN DISTRICT WARRANT.

STATE OF NEW HAMPSHIRE.

To the Inhabitants of the Town School District of the Town of Hillsborough, qualified to vote in district affairs:

You are hereby notified to meet at the schoolhouse at the lower village in said district on the twelfth day of March, 1914, at two o'clock in the afternoon to act upon the following subjects:

1. To choose a moderator for the ensuing year.
2. To choose a clerk for the ensuing year.
3. To choose a member of the school board for the ensuing three years.
4. To choose a treasurer for the ensuing year.
5. To hear the reports of agents, auditors, committees or officers heretofore chosen and pass any vote relating thereto.
6. To choose agents, auditors and committees in relation to any subject embraced in the warrant.
7. To determine the salaries of school board, truant officer, treasurer or any other officers.
8. To see if the district will vote to raise any money in addition to that required by law for school purposes and repair of schoolhouses and, if so, how much.
9. To see if the district will authorize the school board to contract with some high school to furnish instruction to its pupils.
10. To see if the district will authorize the school board to have medical inspection in its schools, and if so, vote to raise money for the same.
11. To transact any other business that may legally come before said meeting.

Given under our hands at said Hillsborough this fourteenth day of February, nineteen hundred and fourteen.

ELBERTON E. FARRAR,
JAMES M. RAY,
DEBORAH M. BROWN,

School Board.

REPORT OF SCHOOL BOARD.

To the Citizens of Hillsborough:

The school board of the town school district respectfully submits its annual report, together with that of the treasurer and superintendent of schools.

The school year of 1912-13 the town district maintained seven schools during the fall term, five during the winter term, and six during the spring term. Last term it was deemed advisable to hold school again in the Flat division, so many young children were living in that part of the town.

We consider our schools in good condition and making as rapid progress as can be expected. The increasing number of pupils who attend the high school testifies to the efficiency of the schools.

A few repairs have been made during the year. The floor of the Upper Village schoolroom has been painted, and the woodshed partitioned off from the entry, making a warmer room and a neater entrance. The building has been shingled and the grounds graded.

The grounds about the Lower Village school have also been graded.

The district needs for the coming year for

High school tuition.....	\$500.00
Flags and appurtenances	10.00
Books and supplies	75.00
Total	\$585.00

REPORT OF THE SUPERINTENDENT OF SCHOOLS.

Members of the School Board:

I respectfully submit the following report concerning the schools of the Hillsborough Town District for the year ending February 15, 1914.

There were no changes of teachers in four of the schools during the school year that ended last June. The schools referred to are the Lower Village, the Upper Village, the Goodell, and the Center. Miss Annie Golden gave up her position as teacher of the Bear Hill school a year ago on account of her health. Her predecessor, Miss Rose Chase, returned and finished out the year. Miss Leolyn Annis also returned to the Concord End school when it was reopened in the spring. Early in the summer the following teachers decided not to come back in September: Miss Genevieve F. Murphy, Miss Hazel McClintock, Miss Charlotte S. Murphy, Miss Rose Chase, and Miss Gertrude E. Clark, the supervisor of music. The teachers engaged to fill these vacancies were Miss Eva W. Brown, a graduate of Hillsborough high school and of Wheaton Seminary, for the Lower Village; Miss Elizabeth Thompson, a graduate of the Hillsborough high school, for the Goodell school; Miss Grace M. Lovejoy, a graduate of the Newport high school, for the Center; and Miss Viola Hemphill, a graduate of the Henniker high school, for the school at Bear hill. Mrs. Gladys H. Murdo accepted an offer of the Flat school, which was opened in September, and has had an enrollment of ten or twelve pupils for most of the time during the fall and winter terms. Miss Gertrude Van Dommele succeeded

Miss Clark as supervisor of music in September, and has made regular visits to five of the schools since that time. At the close of the fall term Miss Leolyn Annis resigned as teacher at the Concord End school and Miss Ruth A. Peasley of Washington became her successor. Finally, at the time of the holiday recess Miss Eva W. Brown's resignation went into effect, and Miss Marie L. Johnson, who had taken a part course at Simmons college, succeeded her at the Lower Village.

In my last report I suggested that it might be well to attempt again something along the line of school gardens. Accordingly partial arrangements were made to connect our schools with a garden club, under the direction of the Keene Normal school. A number of pupils secured seeds and did some work, but the late and early frosts played such havoc with the gardens that no exhibit was attempted. It is possible that something may be done in the future under the guidance and direction of a representative of the State college. It is perfectly obvious that whatever can be done to assist in determining what can be raised to advantage in this locality, and in arousing the interest of the pupils in such work is worthy of encouragement.

It may be of interest to mention that the eye test conducted by your superintendent revealed the fact that at least seven of the sixty-two pupils examined needed to have expert attention given to their eyes. Some of the cases were so serious that it is difficult to understand how the pupils could do any work without severe and painful eye strain. This leads me to suggest that it might be well to take advantage of an act passed by the last legislature which authorizes school districts that so vote to employ a school physician whose duties shall be, in brief, to examine pupils, teachers, and schoolhouses to see whether there are any conditions existing that would be prejudicial to health and progress in school work, and report concerning the same to the school board, who shall then take such action as they deem wise.

My observation of the work that is being done in the schools, together with the reading of the reports sent in, leaves me to believe that conscientious efforts are being made by the teachers to fulfil the requirements of the positions they hold. Mention should be made of some work done by the pupils of the Lower Village school on Friday afternoons. This consisted of sewing by the girls and carpentry by the boys—a bird-house being one of the results of the efforts of the latter.

The teachers during the winter term, their schools, and the last schools that they attended, appear below in tabular form.

FREDERICK L. KENDALL,
Superintendent of Schools.

Name	School	Education
Marie L. Johnson	Lower Village	Simmons College

**ANNUAL REPORT OF THE SPECIAL
SCHOOL DISTRICT OF HILLS-
BOROUGH, N. H.**

For the Fiscal Year Ending February 15, 1914, and the
School Year Ending July 15, 1913.

OFFICERS:

MODERATOR,

STILLMAN H. BAKER.

CLERK,

DANIEL W. COLE.

BOARD OF EDUCATION,

LEON E. ANNIS,

GUS. W. HASLET,

JOSEPH W. CHADWICK.

AUDITORS,

CHARLES A. JONES,

ALFRED L. MANSFIELD,

CHARLES S. PERRY.

SUPERINTENDENT OF SCHOOLS,

FREDERICK L. KENDALL.

SPECIAL SCHOOL DISTRICT WARRANT.

STATE OF NEW HAMPSHIRE.

To the Inhabitants of the Special School District in the Town of Hillsborough qualified to vote in district Affairs:

You are hereby notified to meet in the schoolhouse in said district on Monday, the twenty-third day of March, 1914, at seven of the clock in the afternoon, to act on the following subjects:

1. To choose a moderator for the ensuing year.
2. To choose a clerk for the ensuing year.
3. To choose a member of the board of education for three years.
4. To hear the reports of the Board of Education, treasurer, auditors and other officers and committees heretofore chosen and pass any vote relating thereto.
5. To raise such sums of money as may be necessary in addition to the amount required by law for the support of schools, repairs on buildings, and any other necessary charges arising within said district.
6. To see if the district will vote to install a fire escape on the new part of the school building, so called, and appropriate money for the same or pass any vote relating thereto.
7. To choose auditors, agents or committees in relation to any subject embraced in this warrant.
8. To transact any other business that may legally come before said meeting.

Given under our hands this twenty-third day of February, in the year of our Lord nineteen hundred and fourteen.

GEORGE W. HASLET,
LEON E. ANNIS,
JOSEPH W. CHADWICK

Board of Education.

REPORT OF THE BOARD OF EDUCATION.

Following are the reports of the superintendent, principal and supervisors of the various departments. These we recommend to your careful consideration.

During the latter part of the fall term Principal G. H. McGaw suffered a nervous breakdown and was granted a leave of absence until such a time as his health would allow him to return to the work. Mr. G. H. Sanderson of Boston was secured as acting principal and is still serving in that capacity. Mrs. Scruton was also granted a leave of absence for a year on account of illness at home.

Under Article 6 of the warrant, the voters are asked to consider the question of adding another fire escape to the building on the new part, so called, and this is a question for your most careful consideration.

The graduating class for the coming June will be a banner one and a credit to the school. The high school is constantly on the increase, and the work done received very flattering commendation from the state superintendent of schools in his report.

The amount necessary for text books and supplies for the coming year will be \$500.

REPORT OF THE SUPERINTENDENT OF SCHOOLS.

Members of the School Board:

I respectfully submit my fifth report concerning the schools of the Special School district, which is the eighth in the series written by a district superintendent of schools.

It seems worth while to note the fact that there were no changes in the teaching force during the school year ending in June, 1911, nor during the year ending in June, 1913. Since the latter date, however, four teachers have left our schools permanently, and two temporarily. The list of the former includes the names of Miss Ruby M. Parsons of the high school, Miss Belle Duncan of the grammar school, and Miss Gertrude E. Clark, supervisor of music, who did not return in September; also, Miss Charlotte M. Bennett, whose resignation went into effect at the time of the holiday recess in December.

The positions thus left vacant were filled as mentioned below. Miss Irene A. Graves of St. Albans, Vermont, a graduate of Middlebury college, accepted an offer of the high school position; Mrs. L. M. Goddard was transferred to the grammar room; Miss Eva B. Ash, a graduate of the Hillsborough high school and also of the Keene Normal school, took the position held last year by Mrs. Goddard; Miss Gertrude Van Dommele, a graduate of the Hillsborough high school and of the music department at Cornell university, accepted the appointment as supervisor of music; and Miss Eva W. Brown, a Hillsborough high school and Wheaton seminary graduate, succeeded Miss Bennett in the second and third-grade room.

Those temporarily away from school work are Mrs. Cora L. Scruton and Mr. G. H. McGaw. Miss Mary L. Ennis, a graduate of the Somerville high school, with three years of teaching experience in the Somerville schools, is substituting in the primary room; and Mr. George H. Sanderson of Moosup, Connecticut, a graduate and post-graduate of Yale, with two years of experience as a teacher, is for the present the acting principal.

Notwithstanding these changes the work of the school has moved along quite smoothly during the year covered by this report. No small measure of the credit for this is due to the foresight, watchfulness, and strict attention to the work in hand on the part of both principal and teachers, who have the immediate responsibility.

An exhibit of the work done by the pupils was held on the day before Fast Day, to which the patrons of the school and their friends were especially invited. Specimens of written work and drawings made by the pupils were so arranged that they might be inspected easily. The programs of recitations for the afternoon were planned in such a way that the classes to recite would be those in which the visitors would be most interested. A goodly number took advantage of this opportunity to visit the different rooms and see what work was being done. The interest manifested was certainly gratifying. The musical exhibition held in the opera house near the close of the school year under the direction of the supervisor of music, Miss Gertrude E. Clark, attracted a good audience. Each room, beginning with the primary, rendered several selections. The program showed quite clearly the progress made by pupils as they passed up through the grades. The selections given by the high school chorus were rendered the best of any that have been given in recent years.

The spelling contest between the grammar schools of Antrim, Peterborough, and Hillsborough, resulted in favor of the Hillsborough school, which now has possession of the banner awarded to the winner.

As was expected, the enrollment in the high school is larger this year than ever before. It does not seem likely, however, that any more will be enrolled next year than this, for a large class will be graduated in June, and the entering class will just about offset the loss thus occasioned. Therefore, it looks as though there would be no serious difficulty for the present, at least, in providing necessary accommodations.

An act of the last legislature to which I wish to call your attention provides that any school district that so votes may employ a school physician, whose duties shall be, in brief, to examine pupils, teachers, employees, and buildings, to see whether there are any conditions existing that would be injurious to health, and to report concerning the same to the school board, who shall then take such action as they think wise. I would recommend a careful consideration of this matter by the voters of the school district.

The work done by the painters during the summer vacation greatly improved the appearance of the building. The completion of the plans begun at that time will add much in the way of making the rooms more pleasant and attractive.

Respectfully submitted,

FREDERICK L. KENDALL,

Superintendent of Schools.

TEACHERS, FEBRUARY, 1914.

Elsie M. S. Woll	Man. Arts.	Mass. Normal Art

REPORT OF THE PRINCIPAL.

To the Superintendent of Schools:

The following topics are suggestive of the activity of the high school, outside of the normal daily routine.

The government of the school is based on the idea that independence is essential to freedom—the object of education. True discipline is manifest where each pupil voluntarily and intelligently performs his duties, without interference with his fellows. Each duty has its assigned hour, and its performance on time is rigidly required. The school offers great opportunities to all who respect its demands; it has but little for those who refuse to conform to its requirements.

In the 1913 "Report of Work Done," issued by the State Department, this school has commendable notice in several studies. A constant effort is made in the work of instruction to link the classroom and the daily life experiences of the pupils.

Vigorous combat against tardiness was waged last year. During the first quarter of the present year only two cases of lateness occurred, each occasioned by absence from town. Eighty-four pupils have been registered this year, and not a few days have shown perfect attendance.

A Columbia grafonola was purchased last fall. Payment has been made without drawing upon the public funds by proceeds from former musical exhibitions and by voluntary contributions from members of the school. Several records, donated by a citizen of the village, are much appreciated.

A brief column of items of interest to parents is published in the local weekly newspaper. This is intended to unite school and home more effectively.

The principal is always glad to confer with parents and to receive any aid or suggestion that will help to make the school the best servant to the community.

G. H. McGAW.

Principal of High School.

REPORT OF THE SUPERVISOR OF MUSIC.

MR. FREDERICK L. KENDALL,

Superintendent of Schools.

A report of the music work in the Hillsborough schools is as follows:

The work has been as far as possible a continuation of that of previous years, and follows the course outlined in the state program of studies. Special attention is being given to the quality of tone in the several grades and the idea is presented to the children to strive for good quality rather than large quantity.

Excellent work is being done in the first grade. The ability to think tone and sense rhythm is well started and the tone quality is especially good. The children have learned as many as nineteen rote songs, and have begun to do sight reading from the blackboard. They are also able to write simple groups of tones which they hear, and can distinguish between two and three-part rhythms when listening to simple melodies.

The second grade has studied the time value of different notes, and can read simple exercises from the blackboard in two, three or four-part measure. They have learned as many as fourteen rote songs. The third grade sings the songs with the second grade and is also singing from books containing exercises and little songs with more difficult intervals.

The fourth and fifth grades have been singing together and doing two-part work with very good tone quality and expression. Recently the class has been divided with the intention of preparing the fifth grade for the work of next year.

Another division of the fifth grade and the sixth grade sing together and are doing more advanced two-part singing, and are ready for the introduction of three-part work. They also are able to write the major scale and the three forms of the minor scale and have had some training in written dictation.

The seventh and eighth grades are singing three-part music. They have learned to write the three forms of the minor scale and can do work in written dictation including chromatic tones and have studied the bass clef. A little work in melody writing has also been done.

The high school work consists of chorus singing and a course in music appreciation, which is a new feature beginning this year. The chorus work is improving a great deal and new interest aroused by the use of a new and attractive chorus book. Very good results are obtained considering that instruction is received only once a week for a short period. The course in appreciation is the same as that studied in the high schools of Wilton and Marlboro, and in Keene Normal school, and is illustrated by selections on the grafonola. The course of study is divided in four sections, each of the four towns buying a set of ten records to illustrate a certain section. At a fixed date each school passes their records along to the next town and in this way we have the use of forty records during the year. The subjects studied are "Different Kinds of Voices and Song Forms," "The Suite and Dance Forms," "The Instruments of the Orchestra, the Sonata and Symphony," and "Opera and Oratorio." The students are required to keep notebooks about the subjects and in this way become familiar with composers, forms and music that they might not otherwise hear. The use of phonograph records is becoming very popular in the larger schools of the country and especially in cities. Several of the high school students play different instruments and a small orchestra has been formed, which probably will be heard in public concert later in the year.

Five district schools are visited once in two weeks and the work is carried on there as nearly as possible like that in the graded school. Very good work is being done in all the schools.

All of the teachers have been very helpful and I sincerely appreciate their coöperation.

Respectfully submitted,
 GERTRUDE VAN DOMMELE,
Supervisor of Music.

REPORT OF THE SUPERVISOR OF DRAWING.

To the Superintendent of Schools:

The following report of the department of drawing in the Center school of Hillsborough is respectfully submitted.

Instruction in drawing in the grades has been given primarily to develop in pupils the power to express ideas in graphic form, think constructively, work accurately and neatly and train the mind in the appreciation of beauty in all its phases. The course includes instruction in the following subjects: Nature drawing, paper and cardboard construction, object drawing, illustrative drawing, design, color and picture study.

For better results in the high school classes in drawing and sewing it will be necessary to devote more than the allotted one period a week for one half year to each of the different classes.

The hearty coöperation of the teachers and the interest of the pupils has made my work in Hillsborough very pleasant.

ELSIE M. S. WOLL,
Supervisor of Drawing.

REPORT OF TREASURER.

(For year ending February 15, 1914.)
