## TOWN WARRANT

### *The State of New Hampshire*

To the Inhabitants of the Town of Hollis in the County of Hillsboro in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at Lower Town Hall in said Hollis on Tuesday, the Twelveth day of March, next, at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.
3. To hear the reports of the Selectmen and other Town Officers and Committees.
4. To see if the town will vote to authorize the Treasurer under orders of the Selectmen to borrow money in anticipation of taxes.
5. To see if the Town will vote to accept State Aid for the construction of Class V roads and appropriate the sum of \$851.38.
6. To see if the Town will vote to allow 2% discount on taxes paid before August 1, 1946 and assess fines of twenty cents on all Poll taxes not paid by Sept. 1, 1946.
7. To see if the Town will raise and appropriate the sum of \$1,200.00 for the purpose of erecting a Memorial and sponsoring a Welcome Home Day for the Veterans of World War II.
8. To see if the Town will raise and appropriate \$200.00 to get figures on a Town water system.
9. To see what action the Town will take in regard to the right of way leading into Flints Pond.

10. To transact any other business that may legally come before this meeting.

Given under our hands and seal, this 13th day of February, in the year of our Lord nineteen hundred and forty-six.

EDWARD LIEVENS  
MILTON D. WRIGHT  
CLARENCE L. HOWE

Selectmen of Hollis

## SCHOOL WARRANT

---

### THE STATE OF NEW HAMPSHIRE

---

*To the Inhabitants of the School district in the town of Hollis, New Hampshire qualified to vote in district affairs:*

You are hereby notified to meet at the Lower Town Hall in said district on the Eleventh day of March 1946, at eight o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors and Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see if the district will vote to make any alterations in the amount of money required to be assessed for the ensuing year for the support of public schools and the payment of the statutory obligations of the district, as determined by the school board in its annual report.
9. To see how much the district will appropriate for Insurance, New Equipment, and Special Repairs.
10. To see if the district will authorize the School Board to award three year contracts for transportation, if found to be for the best interests of the District.

11. To see if the district will authorize a committee to purchase a home for the use of school personnel, will raise and appropriate money for the same, and pass any other vote relating thereto.

12. To transact any other business that may legally come before said meeting.

Given under our hands at said Hollis this 14th day of Feb. 1946.

ARTHUR G. DAVIS  
 DANIEL BROCKLEBANK

## A COMPARISON OF SCHOOL EXPENSES

---

The increased expenses of our schools over the past ten year period deserve the careful consideration of the voters of the School District. Therefore the Board asks for a comparison of the budget for 1935-36 with that of 1945-46 and with the proposed budget for 1946-47. Please consider the following facts in doing so.

### Teacher's Salaries

This is of course our largest expense and here occurs our largest percentage increase. We know our Superintendent has great difficulty in hiring teachers at the salaries our budget permits. We are told that he can not compete for teachers with salaries and other advantages offered by other districts. In the 1943 Town Report page 47 the Superintendent reports the Per Pupil Instruction Costs of High Schools as follows:

State Average	\$ 89.00
Hollis	99.00
Amherst	75.00
Milford	76.00
Wilton	89.00
Marlboro	81.00
Jaffrey	88.00
Peterborough	119.00

In the 1941 Town Report page 51 the Superintendent reports the Total per Pupil Costs of High School as follows:

State Average	\$109.94
Hollis	127.47
Amherst	93.61
Milford	77.46
Marlboro	88.25
Jaffrey	110.42
Wilton	117.59
Peterborough	122.45

In the 1941 Town Report page 51 we find the Elementary Per Pupil Costs of Public Education as follows:

State Average	\$ 84.61
Hollis	72.31
Amherst	84.33
Brookline	52.62
Milford	67.05
Mount Vernon	22.79

In the 1941 Report page 51 we find also, the Total Cost of Public Education per \$1,000. of equalized valuation as State Average \$12.82, Hollis \$12.36, Amherst \$11.40, Milford \$10.90, Mount Vernon \$8.09, Brookline \$13.26. Mount Vernon and Milford receive no State Aid to reduce the net cost. The others do.

Do these figures indicate that our salaries are too high, that our total instruction costs are too high, or that we are offering too much to too few? Should we consider any readjustment of courses offered? This year we have tried an experiment (forced upon us by the limitation of our budget) of eliminating one High School teacher. This may not be advisable to continue. It did enable us to save enough on salaries to pay the necessary increased costs of transportation and keep within the budget.

#### Salaries

	1934-35	1944-45	1945-46
Teacher Grade 1 and 2	\$ 900.	\$1,200.	\$1,250.
Teacher Grade 3 and 4	900.	1,200.	1,300.
Teacher Grade 5 and 6	900.	1,250.	1,300.
Teacher Grade 7 and 8	900.	1,300.	1,600.
Teacher Home Economics		1,250.	1,400.
Teacher Agriculture	1,550.	2,050.	
Teacher Music	275.	330.	350.
Headmaster	1,710.	2,000.	2,800.
High School Teacher	1,150.	1,600.	1,650.
School Board Members each	45.	50.	50.
School Board Secretary		50.	50.
School Board Treasurer and Clerk	60.	50.	50.

## Other Expenses of Instruction

Special education of Physically Handicapped Children is required by Chap. 134, Section 40 to 48 of N. H. Laws.

### Janitor Service

The Janitor is now hired on a twelve month basis and he cares for the lawn, cleans the school house during the summer vacation and makes minor repairs.

### Fuel

This expense should be decreasing due to the insulation and storm windows. It is impossible to say how much at present, due to buying coal in car load lots and the difficulty of estimating what is in the bin.

### Minor Repairs

Not enough has been spent to keep the interior well painted and varnished. Lighting should be improved. Water should be eliminated from furnace pit.

### Transportation

We exceeded our appropriation this year. Next year's estimate is based on this year's experience but there is no assurance it will not cost more.

### Other Special Activities

This includes the appropriation for Athletics and other school activities. It is payable to the school organization known as the A. C. E. if and when the School Board knows the money has been expended.

### District Debt

This is the final payment on debt incurred in insulating and placing Storm windows on the school house.

### Other Obligations

An increase of \$30. to pay costs of graduation exercises which have been borne by the High School A. C. E.

We are not paying our full share of the expenses of the Superintendent's office. The Supervisory Union pays as follows:

Milford \$862.50 (72 per cent); Amherst \$230.00 (19 per cent); Mount Vernon \$57.50 (5 per cent); Hollis \$50.00 (4 per cent); Brookline and Hollis do not have their financial records kept in his office. However the shares of the Superintendent's salary are met as follows; Milford 56 per cent (27 teachers) Amherst 17 per cent (7 teachers); Hollis 14 per cent (7 teachers); Brookline 8 per cent (3 teachers); Mount Vernon 5 per cent (1 teacher).

### Retirement Fund

Under Revised Laws 1945 Chap. 136 we are obliged to pay to the State Retirement Board a yearly assessment based on a percentage of the salaries paid to our teachers who have enrolled. From the Annuity Fund established they may draw pensions on retirement.

### Specials

Items under this heading vary from year to year. They are voted separately by the district and may or may not be recommended by the School Board. The Board has covered the School Buildings with Fire Insurance and Liability policies totalling \$31,000. The payments are now so arranged that they become due in three equal yearly payments.

The painting of the outside of the buildings has been postponed too long. The fire escapes are in great need of scraping and painting. An appropriation should be voted this year. Our heating system may cause trouble at any time and we should be prepared. The boilers have been welded more than once.

### Estimated Income

Dog damage has reduced the balance we get from this source. Income from Trust Funds has been reduced in the past ten years. We receive less Federal Aid toward our Agricultural Instructors salary as he devotes less time to agriculture, only \$938. last year and less will be received this current year. The total State and Federal aid dropped from the \$2,800. estimate for 1945-46 to \$2,671 actually received and we estimate only \$2,100. for the coming year.

## Comparisons — School Expenses

	1925-26	1935-36	1945-46	Est. 1946-47
Town Valuation	\$ 1,270,655	984,691

## REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Hollis, New Hampshire:

I herewith present my seventh annual report, the twenty-seventh in the series.

### TEACHER CHANGES

As a list of teachers for the present year is included elsewhere, I will discuss only the changes since the last report. Six changes have occurred. The first involved Mr. Comerford. He became a part-time teacher of Agriculture rather than a full-time teacher of Agriculture and Science. That caused a shifting of subjects on the part of other teachers in the school. At the close of the year Mr. McCormack accepted another position in Antrim and is now Superintendent of Schools in that area. Mr. Comerford could not continue in high school work. Agricultural teachers being very scarce, no one was hired to take Mr. Comerford's place but Mr. Leroy Guptill of Groveland, Mass., was secured to be Headmaster, teacher of Science, Math, and Agriculture. Other teachers had to take on more subjects as a result. Mrs. Bachelder resigned to be with her husband and Mrs. Lull refused a contract. Mrs. Doris deGagne Bishop of Manchester was employed to teach Home Economics and Biology and Miss Pauline Roby of Marlboro for the Junior High classes. The last change came recently with the marriage of Mrs. Bishop and her subsequent resignation. To date no one has been found to fill that vacancy although Mrs. Ruth Wheeler has very kindly consented to substitute as long as she is needed. Mrs. Wheeler has unselfishly given up personal plans so that these classes may continue but wishes relief just as soon as the right candidate appears.

So many changes over a short period of time do not make for efficiency. I trust that the occasion for so many changes again is remote.

### YOU AND YOUTH

We are told that juvenile delinquency is on the increase.

We hear of trouble here and there which concerns boys and girls. We adults are in the midst of trying times; likewise so are the youth. We are fortunate to live in a section not particularly hit by this delinquency. Therefore, lest we be affected, we need "take stock" and examine our problems.

I have worked with and for youth for a good many years. Naturally I believe in them and have confidence in them. I therefore feel competent to offer a few suggestions.

Youth needs guidance and not all of that should come from the school or church. They need the genuine interest of their parents. Some send their children to school, others bring them. The latter are there with their young people and know what their problems are and help to solve them. Naturally the results are going to be more satisfactory. Young people need something to do and let it be largely within their interests. Parents may need to give up a movie or card party themselves in order to plan activities which would keep their youth doing something worthwhile. Without doubt the best any parent can do for his child is to set the right example. Since youth are growing up and emulate some pattern of adulthood, right example refers to interest shown by parents and others in worthwhile pursuits, to setting a good behavior pattern and to influencing good morals. The greatest obstacle to a successful youth training program today is the lack of appreciation on the part of elders that the power of example is still a very potent force.

In order to make a good school better, I urge every parent and friend of youth to consider and act upon these suggestions. Youth is not all bad, not all "going to the dogs". All I urge is an intelligent analysis of their problems and a wise parent's interest in their successes.

#### TEACHERS' SALARIES

I have had so much to do with this problem of finding teachers for the past five years or more that I find myself spending the majority of my time in that phase of the work. Other

duties of importance have to be neglected as teachers must be provided. I am concerned with the progress of each and every pupil. I should give some time to market conditions for the purchase of school materials. I would like to know the new things that come into our profession. But, alas, I find much has to be set aside in favor of locating a new teacher or a substitute. I know the situation is not peculiar to this Union for my colleagues are doing the same. Naturally one turns to salaries as a reason.

I trust the majority of you have read the article about Teachers' Salaries which was printed in the October 1945 issue of the Readers' Digest. It called the salaries paid teachers a National Disgrace. You should read the comparisons set forth in the article. I tried to follow it up and found the following comparisons from other sources: In 1943—latest figures available—the average annual earnings of full-time employees in private industry were \$2026 while the earnings of public school teachers, principals and supervisors averaged \$1599. Average annual earnings in Agriculture, Forestry and Fisheries \$836, in Mining \$2161, in Contract Construction \$2505, in Manufacturing \$2349, in wholesale and retail trade \$1802, in Finance, Insurance and Real Estate \$2065, in Transportation \$2489, in Communications and Public Utilities \$2074, in Services \$1355. All of this last group of figures are included in the average of \$2026 mentioned above. While teachers are better educated and have more responsibilities, their average salary is about \$500 less than the average salary paid in private industry.

At the same time that we make these comparisons, I want to call your attention to the fact that the vast majority of teachers stuck to their jobs all during the war. At a time when their graduates were going out and earning more money than their teachers and when the temptation was great to take a war job, these teachers stood fast and kept their posts so that the children might not suffer. My tribute goes to them as they deserve it equally with those who served in other capacities.

My plea is that you pay the teachers just as much as you

possibly can. I hope that the pay will be attractive enough so that more of your own young people will want to train for a teaching career. You cannot expect to equip your schools with good teachers unless some local young people train for teaching. While your son or daughter may not be employed here, he is successful in some other community and a resident of that town succèeds here.

### RECOMMENDATIONS

For repairs, I suggest painting the school building. If you cannot do the whole structure, plan on one-half this year and one-half next year.

### TRIBUTE

I appreciate the helpful attitude of the School Board, the faithful work of friendly teachers, and the good will of your citizenry.

Very respectfully,

HAROLD C. BOWLEY

Superintendent of Schools

February 9, 1946

### GENERAL STATISTICS FOR SCHOOL YEAR 1944-45

Number of different pupils enrolled		
Boys 92	Girls 73	Total 165
Average Elementary Membership		104.08
Average High School Membership		40.27
Per Cent of Attendance for year		94.19
Number days schools were in session		176
Number cases of tardiness		235
Number not absent nor tardy		9
Visits by School Board Members		19
Visits by Superintendent		152

Visits by Citizens	234
Number School Board meetings held	11

Return of School Census — Sept. 1945

Number enumerated 5 to 16 years of age	
Boys 84	Girls 70
	154
Number of children 5 to 16 in local schools	145
Number of children 5 to 8 not in school	8
Number of children 8 to 14 not in school	1
Number of children 5 to 16 attending schools outside	0
Number of children over 16 attending school	23

REPORT OF HEADMASTER

Mr. Harold C. Bowley  
 Superintendent of Schools  
 Milford, N. H.

In submitting my first report as Headmaster of Hollis High School I shall deal more with the activities of the School from the opening of school in September to the last of January. Before going into that I present the following statistics as shown by our records.

Our records show that those having perfect attendance records for the school years 1944-45 are as follows:

ELEMENTARY — Arthur Durant, Arnold Wright, Frances Wright.

JUNIOR HIGH — Alberta Cave, Juanita Nartoff, Phyllis Simonds.

HIGH SCHOOL — Betty Simonds, Robert Nartoff, Thelma Glover.

The above named pupils and parents should be commended in the maintenance of such a record.

The following graduated from Hollis High School in 1945.

Of twelve graduates, seven are attending some type of post secondary school, two are in the Navy, and one in the Army. This is a record that any class, either past or future will find hard to equal.

Pauline Buckley, Emily Dudley, Charles Fenimore, Robert Hanson, Catherine Lewis, Lynwood Lund, Arthur Parkhurst, Barbara Pineo, Dorothy Small, Carolyn Spaulding, Almira Walker, Chester Whittemore.

The following courses are being offered this year with the September enrollment:

Agr. 9-12—16	European Hist.—12
Algebra I—13	Economics—15
Algebra II—9	English 9-10—31
Biology—30	English 11-12—31
Foods—9	French I—8
History of Civilization—23	English VII—18
Home—7	English VIII—15
Latin II—3	History VII—18
Arithmetic VII—18	History VIII—15
Arithmetic VIII—15	Science VIII—15
Geography VII—18	Home Econ. VII-VIII—19

It was necessary in arranging the schedule for the year to double up on some classes so that those wishing to take specific subjects would have the privilege of doing so. French I and Latin II are combined in the same period as well as Algebra I and Algebra II. This is not at all desirable either from a pupil or teacher standpoint. A certain amount of work has to be covered each year and this means that the pupil will not get the individual attention he or she needs, as well as limits of the teacher on explanation and discussions of problems which continually arise.

An activity period was arranged so that Clubs, Organizations, Classes etc. could have regular scheduled group meetings. Each club has a definite day for monthly meeting and several

opportunities to arrange meetings as the need arises. Other than the various classes the other school organizations are The Home Economics Club, Future Farmers of America and the A. C. E. (Athletics, Clubs, Education) Association.

Of the above organizations the A. C. E. deals with the majority of individuals in the school. Briefly the structure and operation is as follows: Every high school student is eligible to be a member. Officers are elected by members. Routine business conducted by an executive board, consisting of the officers of the Association, and a member of each class and the headmaster. All bills are paid through the treasurer, and checks have to be signed both by the treasurer and headmaster. The treasurer's books are audited twice yearly by a member of the student body and one of the teachers other than the headmaster), both auditors being elected by the members of the Association.

So far the A. C. E. has sponsored a one-act play, the returns to be used for basketball or to defray other expenses connected with the Association. It has aided, with the Athletic Council, in arranging the basketball schedule, transportation, etc. that have been necessary to carry on our athletic program. It is now contemplating carrying on a baseball and softball program, provided there is enough interest exhibited by both boys and girls.

Other activities for the year included a Halloween party given to the freshmen by the sophomores. The Senior Play "New Fires" was given before a capacity crowd, Miss Rideout did a splendid job in coaching this play.

School lunches are again being served to all of the pupils that desire them at ten cents per meal. These will continue until about the first of May, at which time they will again be discontinued until the coming fall.

All the work in the school lunch program done by the teachers is on a volunteer basis. Mrs. Wheeler has charge of arranging the diet, Miss Rideout is the purchasing and hiring

agent, Miss Read has charge of collections and payment of bills, the headmaster has general supervision over the whole program. For the amount of work that these teachers do in connection with the school lunch, they should receive more than just words of appreciation, for it is quite a job to plan, buy and feed 120-130 individuals each day.

One period each week is devoted to music under the guidance of Miss Ethelyn G. Edwards. At present she is preparing for a group to go to the music festival to be held in early part of this Spring.

Miss Roby is donating four periods a week to homecraft work with the Junior High boys, during which time they have constructed many attractive pieces of furniture.

The following boys are taking correspondence courses to supplement their regular academic work.

Leland Wood	Mechanical Drawing
Robert Nartoff	Journalism
Charles Woods	Gas Engines
Donald Smith	Gas Engines
Donald Reed	Gas Engines

Most absences this year have been due to sickness rather than the desire of the pupil to deliberately stay out. In the majority of the tardy cases the result has been due to the bus being late because of stormy conditions.

At the close of the half year the following have perfect attendance.

ELEMENTARY — Marilyn Glover, David Wright, Arthur Durant, Robert Cudworth, Peter Roberts, Russell Dudley.

JUNIOR HIGH — Vera Dudley, Virginia Lund, Bernice Stefanowicz.

HIGH SCHOOL — Velma Carleton, Richard Coughlin, Thelma Glover, Richard Smith, Wilfred Knight.

The needs of our school are many and we realize that they cannot be satisfied at one time but must be distributed over a period of years. But there is one item which is sorely needed. This is a bottled gas unit for use in the laboratory, this would be used by Chemistry, Physics, Agriculture, Science, and Biology classes. With the present old outmoded type of alcohol burners and the limited time allotted for experiments it is likely a hit or miss proposition as to whether or not the experiment is a success.

In closing my report I wish to express my appreciation to the Teachers, the Superintendent, the School Board, and the townspeople for their aid and cooperation in carrying on our school. For after all, the fundamental principle of any school is the production of Good American Citizens. Let us hope that our School will turn out more than its share of those Good American Citizens.

Respectfully submitted,

LEROY A. GUPTILL

Headmaster

## REPORT OF THE SCHOOL NURSE

Hollis, N. H.

January 29, 1946

To the Superintendent, School Board Members and citizens of Hollis:

I herewith submit my annual report as school nurse of the school health program, from January 1945 to January 1946.

No. of pupils given physical examinations	175	Corrections
No. of pupils having dental defects	69	57
No. of pupils having defective tonsils	11	5

No. of pupils having defective vision	13	10
No. of pupils having orthopedic defects	*1	
No. of pupils having defective hearing	3	
* under treatment		

Contagious diseases as follows:

Chicken pox 24

Scarlet fever 7

Mumps 2

The audiometer test was given to all pupils from second grade through the high school pupils. Those found having a hearing loss are continued with lip reading, also one with speech training.

In January all of the pupils were given a very thorough physical examination by Dr. Porter. The doctor remarked what a good physical condition the children were in, and what few defects were left uncorrected.

The Toxoid clinic was held December 10, 1945. 138 school children and 29 pre-school children were immunized against diphtheria.

The hot lunch and milk program carried out in the school is an asset to the childrens health.

The cooperation of parents and teachers help greatly in carrying out the health program.

Respectfully submitted,

HELEN J. HOUSE, R. N.

School Nurse

## VITAL STATISTICS

---

### BIRTHS

- Date of Birth, Place of Birth, Name of Child, Name of Father,  
1945 Maiden Name of Mother
- January 1—Nashua, N. H., Natalie Rose Bean, Everett Larkin  
Bean, Elizabeth Dunster Blood.
- January 27—Nashua, N. H., Charles Edward Bell, Hartwell  
Bell, Dorothy Lois Harris.
- January 30—Nashua, N. H., Sharon Mae Howe, Clarence Lund  
Howe, Ethel Marion Lull.
- March 14—Nashua, N. H., James Benjamin Pineo, Henry Ben-  
jamin Pineo, Ruth Joycè Beers.
