Report of Superintendent of Schools

Milan, N. H.,
February 1, 1939

To the Milan School Board:

I, herewith, submit the annual report of the Superintendent of Schools, this being the nineteenth in the series of such reports.

During the last complete school year ending June, 1938, seven schools were maintained in town for the required 36 weeks with an enrollment of 137 pupils (unrepeated registration).

Due to resignations, the present school year opened with several changes in the teaching corps.

At the Milan Village School, Miss Kate Fuller, a graduate of Plymouth Normal School, now has charge of the Upper Grades and Miss Alice Zolner, also from Plymouth Normal, is in the first four grades. Both are teachers with previous experience.

The Hamlin, Jewett, Milan Hill, and Hodgdon Hill schools are now under the direction of Misses Margaret Fogg, May Fuller, Barbara Tracy, and Geneva Smith—all new teachers to the town and recent graduates of Normal School—the first three of Plymouth Normal School and Miss Smith from Keene Normal.

This is the greatest turnover in teachers for several years, but the entire group without exception have shown much interest and loyalty to their work and have carried on in a very acceptable manner.

The schools have all been regularly visited by your Superintendent. The work of the different classes and pupils has been inspected and examined. The outline of work has been in accordance with the State Program and pupils are accomplishing an amount of work commensurate with their ability.

In June last, eighteen pupils were graduated from the Eighth Grade—one of the largest classes that has ever graduated. With the exception of three or four, these pupils are now continuing their school work in Berlin High School.

The average attendance for all schools for the last complete school year was 94.16%. The best record was at Milan Hill with a percentage of 98.6%.

Health

The Health Supervision is being conducted this year by Mrs. Clarke, a registered nurse from Gorham.

Mrs. Clarke has been approved for this work by the State Supervisor of School Health. Notices will be sent to parents concerning any physical defects found in the children and some follow-up work will be done.

With the large number of children who are obliged to remain through the noon hour at Milan Village School, it would be greatly beneficial to have running water furnished throughout the entire school year.
