SPECIAL TOWN MEETING, July 16th, 1923

Under Art. 1, the Moderator read the following letter:

To the citizens of the town of Jaffrey:—

With the growth of our town in recent years the need of a new Town Hall has been increasingly apparent to everyone. Our present halls cannot comfortably accommodate the attendance at any occasions of general interest, such as Town Meetings, Graduations, and the like.

The fire of May 28th, last, unfortunate though it was in many respects, has made avail-

able for some new building a location which in the opinion of many would be admirable for a Town Hall site.

Therefore, as a token of our interest in, and goodwill toward the Town of Jaffrey, we hereby offer as a gift, for the purpose of a public building to include a Town Hall, the tract on the north side of Main Street in East Jaffrey Village, formerly occupied by the Granite State Hotel Block, so called. We deem it wise in order that there never may be misunderstanding, to make the following simple restrictions in connection with the gift:—

(1) That the tract thus given, if accepted by the Town never shall be used for commercial purposes, except as incidental to its use as a Town Hall.

(2) That since it may be sometime before a new building can be erected, the present ruins shall be razed to the ground as soon as possible.

Hoping that the town will see fit to accept this gift in the spirit of Community co-operation in which it is offered, wishing that the project may be carried to completion within a reasonable time, and looking forward to the day when a substantial building on this tract may be an ornament to our already beautiful town, we are

Yours sincerely,

Julius E. Prescott

Ada L. (Pierce) Prescott

East Jaffrey, N. H., June 28th, 1923.

Voted that we accept the gift, as offered, by Mr. and Mrs. Prescott, with sincere appreciation.

Voted to adopt the following resolution:

Resolved, That it is the sense of the voters of Jaffrey, in Town meeting assembled this sixteenth day of July, 1923, that in view of the generous gift of the so-called Granite State Hotel property to the town for public purposes by the owner, Julius E. Prescott, and also in view of the small income received by him therefrom during the current tax year, the Selectmen should abate all taxes assessed against Mr. Prescott on account of said property for the taxable year.

Voted to adopt the following resolution:—

Whereas, the town has this day received as a gift from Julius E. Prescott and Ada L. Prescott, his wife, a very desirable tract of land in East Jaffrey Village for the purposes of a public building to include a Town Hall, be it

Resolved, That we, the voters of Jaffrey, in Town Meeting assembled, hereby express our hearty appreciation for this generous gift, and of the community spirit which prompted it, and be it further

Resolved, that these Resolutions be spread upon the records of the town, published in the Monadnock Breeze, and a suitable engrossed copy be presented to Mr. and Mrs. Prescott.

Voted to adjourn.

Respectfully submitted,

JOHN G. TOWNSEND, Town Clerk.

REPORT OF THE FIRE ENGINEER

For the Year Ending Feb. 1, 1924

The past year has been the most disastrous in respect to fires that the town has ever known, the total loss running well over \$200,000. As a result, the expenses of the department have been excessive, far outrunning the appropriation without any expenditure for the repairs to department property which it was hoped could be made.

However, the efficient work of the firemen, assisted by volunteers in some cases, and the splendid water supply, served to keep within reasonable control all the fires which have occurred. At the Bean & Symonds fire, nine streams of water were in use for a considerable time, with an ample pressure at each nozzle. With the completion of the storage tank at Jaffrey Centre, that section of the town is now as well served as other parts.

Particular credit should be given the firemen for their work at the fire in Riverside Block, when, with the alarm sounded at 12.30 A. M., with the fire at an inaccessible point in the middle of the building, it was so far under control that the water was turned off at 12.50 A. M. Also at the fire in Coburn's Block, with the temperature below zero, flames were confined within the building.

The engineers wish to extend the thanks of the community to White Brothers, Bean & Symonds Company, and the United Shoe Machinery Corporation for the use of equipment at the Bean & Symonds and Granite State Hotel Block fires, also to all those not members of the department who have assisted at any fires.

The severe strain placed upon the equipment by the work of the past year necessitates replacement especially of hose; and while it might be possible to make this from the regular appropriation, it seems wise to request a special appropriation of \$400.00 for this purpose; although it is hoped that normal demands may make it unnecessary to expend the whole.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board of Jaffrey:

I herewith submit to you my sixth annual report, this being the fifteenth under district supervision.

The number of pupils enrolled in the Jaffrey schools this year is 471 as against 494 during the first term last year. The average membership, however, does not vary greatly, being 463 as compared with 466 last year. The enrollment of the high school is slightly smaller than last year, and the average membership 68.8 as compared with 69.86 for the last school year.

Last June, Mr. E. B. Marriner, who served as Head Master most successfully during the two previous years, declined re-election in order to enter business. Mr. Henry E. Winston of Lynn, Mass., was chosen as his successor. Mr. Winston has had four years' experience in secondary school work, and has shown himself well equipped for the position of Head Master of Conant High School.

The only change in high school assistants was that Miss Simenoe declined re-election and her place was filled by Miss Alice W. Place, a graduate of Framingham Normal School.

Miss Farrar, teacher of grades five and six was released to accept a position in Massachusetts, and she was succeeded by Miss Helen R. Winship, who taught last year in Fitzwilliam.

Miss Sturtevant, who taught grade five for two years was released in April to accept a position in Lexington, Mass. Her place was filled the rest of the school year by Miss Jean, who, however, gave up school work in June, and for the present year Miss Charlotte R. Woodbury of Troy, a graduate of Keene Normal School, was secured.

In the primary school the only change was in the third and fourth grade room in Union Hall, where Miss Martin gave up the school in order to complete her normal school course. For this position Miss Emily J. Gove, who taught last year in Dist. No. 4, was transferred, and Miss Gove was succeeded in the rural school by Miss Carolyn B. Greenleaf of Boothbay Harbor, Maine.

The evening school opened in October with an enrollment of twenty-three. Of these only eight are required by law to attend. If the young people in this town realized the splendid opportunities offered in our evening school I am sure it would be attended by more who are not required to attend. Any subject, either elementary or high school, that is called for will be offered.

Young ladies pay to join clubs to be taught cooking and sewing, and yet for five years, from October to April, our high school building, with its well equipped Domestic Science department, has offered the women of this town any instruction they desire in cooking and sewing, absolutely free, and not a single person has ever called for this course.

The commercial department has been made use of, but not to the extent that it should be. We have a commercial department of which a good sized city might well be proud. These courses are open to any one who is willing to carry on the work, and the young people of this town are making a mistake in not taking advantage of this opportunity.

We sometimes forget the quiet but efficient work carried on by our school nurse month after month, but I believe the great majority of parents do appreciate the important service Miss Hiller is rendering in caring for the health of our children.

At the opening of the school year, the school board, after discussing the matter carefully with the parents in District No. 9, decided to close that school and transport the pupils to the village. It seemed certain that the school, if kept open, would be very small, and conditions in that school have not been altogether satisfactory for a long time.

Few repairs were called for during the summer, but quite an expense was made necessary by the failure of the drainage system in Union Hall to work properly after the fall rains.

The matter of installing lights in the primary building has been discussed from time to time, and it was finally decided that this matter should be attended to without further delay, and the wiring and fixtures will be installed within a short time.

At the time of writing my last report the question of the amount of State Aid was uncertain, but before the School Meeting was held in March we were informed by the State Commissioner that we should probably not receive any this year. As the Tax Commission increased the equalization valuation of Jaffrey from \$2,511,408 to \$4,241,238 it increased the amount required to be raised in order to qualify for State Aid more than \$8,000 over the previous year.

The school meeting, however, met the situation squarely, and raised \$36,162 for the school year 1923-24, and \$1,000 to cover the deficit for last year.

Up to Feb. 1st, 1924, \$19,029.32 of the \$36,162 had been expended, leaving \$17,132.68 of last year's appropriation due the school district to complete the year ending June 30, 1924. This amount should be sufficient to take care of all necessary expenses.

For the school year 1924-25 the appropriations should not vary greatly from those of the present year. For salaries of teachers there must be some increase allowed if we are to retain trained and experienced teachers who are doing highly satisfactory work.

Through the Parent-Teacher Association a request has been made that the question of installing a manual training department in the high school be considered, and a committee has been appointed to confer with the school board regarding the matter.

Doubtless some recommendation will be made before the school meeting. The only question seems to be the matter of expense. If this department is to be installed provision should be made for the amount needed in the appropriations.

I believe the work of the Parent-Teacher Association during the past year in making playground supervision during the summer possible, is an achievement that should not pass unnoticed. Already a considerable amount has been earned for this work the coming summer.

The general condition of our schools has shown a steady improvement during the past two years. In the high school this has been particularly noticeable in the matter of scholarship. At the close of the first eighteen weeks nineteen pupils had maintained a rank of over 85% as a general average, and twelve a rank of over 90%.

I wish that more parents would feel free to visit our schools and see the work that their children are doing.

In closing I desire to thank all citizens who have so loyally supported our schools during the past year.

Very truly yours,

LEWIS S. RECORD,
Superintendent of Schools.
