THE STATE OF NEW HAMPSHIRE.

(L. S.)

*To the Inhabitants of the Town of Pittsfield in the County of
Merrimack in said State, qualified to vote in Town Affairs:*

You are hereby notified to meet at the Town Hall in said Pittsfield on Tuesday, the eleventh day of March next, at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary town officers for the year ensuing and two delegates to the Constitutional Convention.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year, and make appropriation for the same.
3. To raise such sums of money as are recommended by the State Highway Department in order to receive state aid on highways.
4. To raise the sum of \$500 as the town share for building a state bridge over Lily Lake brook on Gilmanton Road, so called.
5. To raise the sum of \$500 for the rebuilding of Bridge Street.
6. To raise the sum of \$50 for the care of town hall and tower clock.
7. To raise the sum of \$100 for the proper observance of Memorial Day.
8. To raise the sum of \$200 for band concerts.
9. To raise the sum of \$200 for town forest.
10. To raise the sum of \$200 for the care of shade trees.
11. To see if the town will vote to authorize the selectmen to incur debts for temporary loans in anticipation of taxes.

12. To see if the town will ratify the action taken by the selectmen in the following leases, town of Pittsfield to Adams Bros., Adams Bros. to town of Pittsfield; town of Pittsfield to J. B. Logan Shoe Co.

13. To raise the sum of \$500 to make standard all the threads on Fire Department equipment.

14. To see if the town will vote to build a sidewalk from the Barnstead bridge, so called, along the Barnstead Road to Floral Park Cemetery, also to raise and appropriate money for same. (By petition.)

15. To see if the town will vote to construct a concrete sidewalk on the east side of Main Street, starting at a point near the Christian Advent Church and extending to Broadway and Main Street junction; a concrete walk from the town house steps, north side, to the said sidewalk. (By petition.)

16. To see if the town will raise a sum not to exceed \$250 for the purpose of advertising the town and that the said fund be turned over to the Chamber of Commerce for its use, as deemed best for that purpose. (By petition.)

17. To see if the town will vote to accept a 10-acre tract of land for a town forest, as a gift from Frank P. Green.

18. To see if the town will vote to accept the following trust funds:

Grace D. Berry, care of lot,	\$200.00
Winifred E. Warren, care of lot,	100.00
John S. Rand, care of lot,	300.00
Flora M. Page, care of lot,	200.00
Clarence Ferrin, care of lot,	200.00
Frank Hobbs and Newman Durell, care of lot,	150.00
Calvin Joy, care of lot,	100.00
Anthony K. and Frank T. Lane, care of lot,	100.00
Elizabeth D. C. Prescott, care of lot	80.00
Stephen P. Perkins, care of lot,	150.00
Mary Newell, care of lot,	100.00

19. To transact any other business that may legally come before said meeting.

Given under our hands and seal, this twenty-first day of February, in the year of our Lord, nineteen hundred and thirty.

FRANK P. GREEN,
BERNARD A. LOUGEE,
HARLAN W. JACOBS,
Selectmen of Pittsfield.

A true copy of warrant. Attest:

FRANK P. GREEN,
BERNARD A. LOUGEE,
HARLAN W. JACOBS,
Selectmen of Pittsfield.

Balance on hand,	\$18.54
------------------	---------

† HERBERT A. COLEMAN,
Overseer of Poor.

† Appointed July 6, 1929.

REPORT OF LIBRARY TRUSTEES.

This report is the twenty-ninth one since the establishment of the library in the new building presented to the town by Josiah Carpenter, Esq., of Manchester, N. H., as a testimonial of his interest and regard for the educational welfare of this community.

The building was erected early in the year 1901. The library was installed therein and opened for the circulation of books on October 10, 1901. From that date a new era dawned in the place regarding library affairs. There was a wide and growing interest in all the privileges from the general public.

Such interest has continued unabated to the present, and it has come to be recognized as one of the leading institutions of the town in promoting the uplift and welfare of the community. The circulation of books has grown year by year until the maximum number, 22,000 volumes, is loaned in a single year. Such a distribution of books in a town of some 2,000 inhabitants tells the story of its usefulness. To the pupils of the schools, especially the high school, its use has become indispensable.

Regarding the ordinary work and operation of the library, there is nothing of special interest to mention.

An inspection of the treasurer's report will show that \$522 was expended in the purchase of books. For this sum nearly five hundred volumes were bought, a large number of which were to replace books that were worn out, both for adult and little readers.

In the selection of books care was taken that only the very best both of fiction and non-fiction should be selected. It is a matter of satisfaction to know that a great many of the outstanding late books have been added to the library.

Several patrons of the library have presented books, and to them the warm thanks of the officials are extended.

The exhibition of pictures continued through the year by the kindly interest of Dr. Walter Scott, who pays the yearly fee, permitting the local institution to be a member of the Medford, Mass., Library Art Club.

Among the privileges at the library are some that would not be had were it not for Mrs. Georgia B. Carpenter of Manchester, who yearly manifests her abiding interest in

the institution by contributing the sum of \$300. The cordial and hearty thanks of the officials and patrons are hereby extended to her.

REPORT OF LIBRARY TREASURER.

RECEIPTS.

of Elwood Thompson. Slight damage.
- Dec. 26. Still alarm. Chimney fire. No damage.
- Dec. 28. Box 35, at 6.30 p. m. Chimney fire at residence
of George Ashley. No damage.
- Dec. 29. Box 35, at 12.05 p. m. Chimney fire at residence
of Mrs. Mary Elkins. No damage.

HARRY C. GREEN,
Clerk.

REPORT OF THE TREE WARDEN FOR THE YEAR 1929.

At the 1929 town meeting \$200 was appropriated for the purpose of improving the condition of Pittsfield shade trees.

This work presumedly was turned over to the undersigned by the selectmen because of his appointment to the position of tree warden of the town.

While pursuing this work in 1929, the undersigned has taken counsel with the state forester and has ever been willing to accept any suggestion from the town that he thought was for its best interest, as far as the funds appropriated would allow.

The abutters have co-operated well with the writer in the work as they did in the years of 1927-1928. The writer cannot say how this may be from a financial point, as the selectmen requested that this be turned over to them by the undersigned, which was done.

ACCOMPLISHMENTS.

In pursuing this work the writer was very fortunate in getting men in 1927 and 1928 who had made this work a study, and also had some experience.

In 1929 the writer could not find an experienced man at a satisfactory price, but he did find a local young man that has broken in well, and he likes the work, and the writer thinks that there has been more accomplished in the year 1929 for the money appropriated than in either of the preceding years.

A large amount of dead wood was removed from the trees.

There was a large number of overhanging large limbs removed that were a menace to the public.

There was a lot of pruning done to allow the street lights to show up better, also for the benefit of the trees.

There has been a number of trees removed that were a menace to the public, on account of age and not being taken care of.

There were some trees among those on which we worked which it was possible to keep intact by bracing together certain limbs, which work was done as we came to it.

PLANTING.

Thirty-five trees—maple—were set in places where it was desirable to have shade trees growing.

At this time the writer cannot say how many survived the dry season, but think that the most of them did.

Of the forty-one set in 1927, thirty-nine are living.

Of the thirty-seven that were set in 1928, thirty-six are living, although one of these has been run over by an automobile, and will have to be replaced.

RECOMMENDATIONS.

It was, of course, impossible to complete the work of improving Pittsfield's shade trees, and setting new ones, on the sum made available. They have been greatly improved in the three years that they have been worked on. There is still a lot to be done. Namely: There is still a lot of dead wood to be removed. There are a lot of stubs that should be taken out where the ice storm broke the limbs off. There should be a lot of limbs removed for the good of the trees, and for the protection of the public, to allow the street lights to show up, and to improve the looks of Pittsfield.

Many new shade trees should be planted, some to take the place of the trees which will soon die, some to fill in where trees have died, some to fill in where there have not been any trees.

There are still a lot of trees that should be removed, for the protection of the public, and new ones set in their place.

I believe the work of improving Pittsfield's shade trees should be continued on a plan somewhat similar to that of 1927-1928 and 1929.

Respectfully submitted,

FRANK T. GARLAND,

Tree Warden.

REPORT OF THE TOWN FORESTRY COMMITTEE FOR THE YEAR 1929.

To the citizens of Pittsfield:

Your Town Committee respectfully submits the following report of its activities:

The town of Pittsfield owns three separate tracts of land. Two of these tracts were given to the town, namely, the Dr. F. H. Sargent tract and the Dustin and Barker tract. The third is the Pest House tract (so-called), owned by the town for perhaps twenty-five years or more.

In 1925 there were about 2,700 three-year-old white pine transplants set out on the Sargent tract. About two-thirds of these trees are living and growing well. Many of the trees set, also some that were growing on the tract, have become infected with white pine blister rust; some have died and some are dying. There are many more trees infected than in 1928 on this tract. In 1928 there were 1,200 four-year-old white pine transplants set on this lot.

In 1925 there were also approximately 800 three-year-old white pine transplants set on the Pest House tract; in 1928 there were 125 four-year-old white pine transplants set on this tract; some of these have died. There was quite a lot of white pine blister rust infection found on this tract in 1929.

The trees set on both of these tracts in 1925 were furnished by the Pittsfield Woman's Club. The labor setting the trees was donated by a number of Pittsfield men. Dinner was also furnished by the Woman's Club.

The Woman's Club has also given \$15 towards the care of the Sargent tract since.

In 1926 there were 5,000 three-year-old white pine transplants set on the land deeded to the town by Dustin and Barker. In 1927 there were 13,000 four-year-old white pine transplants set out on this tract; in 1928 there were 3,775 set to fill in where trees had died out.

There was a large number of trees infected on this tract in 1928 and 1929 with the white pine blister rust.

At the 1929 town meeting \$200 was appropriated for the purpose of purchasing and setting white pines, and improving the condition of these tracts of land. There has been but \$52.06 of this appropriation used for this purpose.

There were about 5,000 four-year-old white pine transplants set in 1929 where some had died, and to fill in some other places; 120 were set on the Pest House tract to fill in where trees had died; 480 were set on the Sargent tract to fill in where trees had died out; about 4,000 were set on the Dustin and Barker tract, some to fill in where trees had died and some to fill in other places.

There has been quite a lot of pruning done, and some thinning out of pines. There has been quite a lot of limbs removed that were infected with the white pine blister rust, to see if it would save the tree.

We recommend that the control of the white pine blister rust be continued.

HERBERT B. FISCHER,
IRA H. WHITE,
FRANK T. GARLAND,
Town Forestry Committee.

VICTOR E. TRACE,
ERALSEY C. FERGUSON,
FRANK H. SARGENT,
School Board.

PITTSFIELD, N. H.
January 30, 1930.

Fellow Citizens:

Your School Board thinks it appropriate to call to your mind at this time the privilege which the munificence of one of our former citizens has given us to enjoy.

While the increasing use we are making of Drake Field is evidence of the value we place upon it for the making of future citizens and for the pleasure and enjoyment of the older generations, we should bear in mind the generosity and far-seeing benevolence of Mrs. Josiah Carpenter, without which we should not have been blessed with such a recreation field as we have today. Few of us realize the many thousands of dollars of investment which Drake Field actually represents. Still fewer of us know how much Mrs. Carpenter annually pays out for its maintenance and improvement. What we do know is that we have one of the best laid out, equipped, and maintained athletic fields in this country.

We want Mrs. Carpenter to know that we appreciate the value of this gift to us and to our boys and girls. We shall try to express our appreciation by making the fullest use of it along the lines best suited to develop the highest type of citizenship.

Very truly yours,
 VICTOR E. TRACE,
 ERALSEY C. FERGUSON,
 FRANK H. SARGENT.

School Board.

REPORT OF THE SUPERINTENDENT OF SCHOOLS.

To the Citizens of Pittsfield:

This, my seventh annual report as superintendent of schools, is presented to you with the idea that there are two questions uppermost in your minds regarding Pittsfield schools: first, "How does the training Pittsfield pupils is receiving compare with that being received by other children elsewhere?" and second, "What do Pittsfield schools cost as compared with the cost of schools elsewhere?"

INSTRUCTION.

In studying the first question, that regarding the efficiency of the schools from the point of view of instruction, let us consider two important pieces of evidence: (1) the results of standard tests in the elementary grades, and (2) the success obtained by recent graduates of the high school when they have entered normal school or college.

In the report for last year it was mentioned that a thorough testing program had been carried on during the fall of 1928. The results of the tests given were tabulated and compared with the results reported from all parts of the United States. Nearly one million individual tests were given throughout the country at about the same time. A comparison of the results in this supervisory union with those for the country as a whole is significant. This union did much better than the nation as a whole in Arithmetic Computation, Spelling, and Nature Study, and slightly better in Geography; it did as well as or better than other villages and rural sections in Reading, Arithmetic Reasoning, and Language Usage, and as well as the eastern states in Health. In only two subjects, Grammar and History, did this union fail to come up to at least one of these groups, and in those subjects they fell short only slightly. Taking all subjects together our third and fourth grades greatly exceeded the rest of the country; grades five and eight slightly exceeded, and grades six and seven fell somewhat below. In all grades and all subjects Union No. 49 scored a total of 1,661 points as compared with 1,641 for the whole United States. These results show that the pupils in the elementary schools of this supervisory union are learning fully as well as children elsewhere in this country.

As regards the graduates of our high school it is significant that, in average standing for the past six years of the twenty-five high schools in the state with enrollments from 60 to 100, Pittsfield High School is second. This rating is determined by the State Board of Education from the ranks received by the graduates of the respective high schools who

are in their first year at normal schools and colleges. It is evident from this that the graduates of Pittsfield High School are exceptionally well prepared.

SCHOOL COSTS.

Now let us see about the cost of education in Pittsfield. There are three facts that I wish to bring to your attention.

One important fact is that for the year 1928-29 the per pupil cost of operating Pittsfield High School was \$118.50 as compared with the state average of \$136.10, or \$17.60 less per pupil than what the state as a whole spent for high school education, a saving of about \$1,500 on the eighty-five pupils enrolled.

Another fact of interest is that in 1928-29 the per pupil cost of operating the elementary schools of Pittsfield was \$68.05 as compared with the state average of \$83.35, a saving of \$15.30 per pupil, or over \$4,000 on the two hundred and seventy-seven pupils enrolled.

The third fact I wish to present is regarding Pittsfield's ability to pay for the support of its schools. For each \$1,000 of taxable property in the separate towns in the state \$9.88 was spent in 1928-29 for public education, and in Pittsfield \$10.06 was spent, or \$522 on its \$2,899,976 equalized valuation above the state average. We can see then that Pittsfield is raising a reasonable amount for its schools, and that its school tax is neither conservatively low nor radically high.

STATISTICS.

The remainder of this report is devoted largely to statistical facts and brief comments on them.

TEACHERS.

No changes in the teaching force last year occurred after the report went to press and none have been necessary so far this year. The following is a list of the teachers and their respective positions for the present year:

<i>Teacher.</i>	<i>Position.</i>
Bruce E. Russell	Headmaster of High School
Peter C. Gaskill	Submaster and Science
Claire A. Phetteplace	Dean of Girls, English, History
Ruth C. Wattie	French and History
Edward S. Watson	Latin
Ethelyn G. Edwards	Supervisor of Music
Georgia M. Davis	Principal of Memorial School
Edna V. Ballard	English and Geography
Dora E. Page	Principal of Grammar School
Edna C. Tucker	Grade VI
Vera A. Bouchard	Grade V
Grace E. Marden	Grade IV
Ida M. Fowler	Grade III
Mildred H. Timmons	Grade II
Edith M. Shedd	Upper City
Kathryn T. Reynolds	South Pittsfield

PROMOTIONS.

During the year three hundred and forty-six pupils were promoted to the next grade, and eighteen only, or 4.9 per cent, failed of promotion. This is somewhat higher than last year, but is well below the standard of 7 per cent, and shows that the cost to Pittsfield for retarded and repeating pupils is exceptionally low.

The following seventeen pupils were graduated from the high school last June: Olive Ames, Clarence Bachelder, Wilma Dahm, Mary Daroska, Olive Elkins, William Ely, Richard Green, Elsie Hill, Nathalie Jones, Carl Lindberg, Wilfred Osborne, William Osgood, Mabel Read, Harriet Richardson, Ruth Ross, Paul Smith, and Ronald Whitney.

ROLL OF HONOR.

The following named twenty pupils were neither absent nor tardy during the school year ending June 30, 1929: Thelma Barton, William Ely, *Robert French, June Hall, Maurice Heath, Lauretta Hillsgrove, Helen Lawton,

Theda Leavitt, *Glendel Nichols, Leo O'Bertin, Alphonse Riel, Arthur Riel, Edgar Riel, Maurice Riel, Hazel Robinson, Kenneth Robinson, Sidney Robinson, *Louise Schnaudt *Robert Warren, Robert Zanes.

Pupils whose names are starred (*) have had perfect attendance for two consecutive years.

CENSUS.

Number of resident children 5 to 16 in local schools, September 30, 1929,	317
Number 5 to 16 in high schools or academies outside the district,	0
Number 5 to 16 in elementary schools outside the district,	3
<hr/>	
Total number of children 5 to 16 in some school,	320
Number 5 to 8 not in school,	31
Number 8 to 14 not in school,	0
Number 14 to 16 not in school,	4
<hr/>	
Total number of children 5 to 16 not in some school,	35
<hr/>	

Total number of resident children 5 to 16, 355

This total is thirteen greater than the total for any year during the preceding ten years, the totals for those years ranging from 308 to 342.

STATISTICS FOR THE YEAR ENDING JUNE 30, 1929.

	<i>Elementary</i>	<i>High</i>	<i>Total</i>
Number of pupils registered,	301	93	394
Half days schools were in session (average)	352	366
Average membership,	277.38	85.68	363.06
Average attendance,	261.75	81.56	343.31
Per cent of attendance (average),	94.37	95.19	94.56
Average number half days each pupil was in school,	332.18	348.40

Pupils not absent nor tardy,	17	3	20
Cases of tardiness,	330	143	473
Average number of tardinesses per pupil	1.4	1.7	1.5
Non-resident pupils,	14	40	54
Pupils transported at district expense,	12	0	12
Visits by superintendent,	153	73	226
Visits by citizens,	313	40	353
Meetings of the school board,			13

The per cent of attendance throughout the state was 94.58.

EMPLOYMENT CERTIFICATES.

Seven employment certificates were issued to children between the ages of 14 and 16 during the school year: four to girls and three to boys. Of these one was for vacation only and eight were regular certificates. None of these children left school to go to work.

SCHOOL SAVINGS.

Our school savings system has now been in operation a year and its success has been exceptionally good. Nearly two million pupils throughout the United States are enrolled in the same system. About 65 per cent of all of these children deposit each week, whereas in the Pittsfield system about 81 per cent deposit, and in one school, the Memorial School, every child present has deposited every week since the system was started. Of the eight systems operating in New Hampshire only one has a better record than Pittsfield, and that only slightly better. The total *net* amount on deposit February 5, 1930, was \$2,459.73. This amount does not include the withdrawals children have made to meet their needs at graduation, Christmas, etc. Pittsfield children are learning to be thrifty.

SPECIAL REPORTS.

I wish to commend to you the accompanying special reports as deserving of serious consideration.

Respectfully submitted,

LESTER B. BADGER,
Superintendent of Schools,
Supervisory Union No. 49.

Pittsfield, N. H.,
 February 6, 1930.

Instruction in first aid was given to a class of sixth-grade boys and to a class of sixth-grade girls.

HIGH SCHOOL REPORT.

Pittsfield, N. H.,
February 1, 1930.

MR. L. B. BADGER,
Superintendent of Schools,
Pittsfield, N. H.

Dear Sir:

School opened in September with an enrollment of ninety-seven pupils, a slight increase over previous enrollments, which would indicate a trend that is likely to continue another year making supplements necessary to our present equipment. During the summer a new steam heating plant was installed which has proved entirely satisfactory. For the first time we have been able to make use of the entire building regardless of weather. I wish to thank those who were instrumental in its installation for the comfort they have given the school.

The teaching personnel is composed of Mr. Peter Gaskill, Submaster, Miss Claire Phetteplace, Miss Ruth Wattie and Mr. Edward Watson, assistants. I have found them to be very co-operative and particularly interested in giving of their time to extra-classroom activities. Again this year the girls have had more opportunities for social and recreational activities that are very much needed.

A new loose-leaf system of keeping the permanent records of the school has been put into use this year. A new form of report card was adopted to correspond with it, differing from the former practice in that reports are for six-week periods with the year divided into two semesters. A new filing cabinet would enable us to keep these records in a systematic manner.

The only change in the course of studies has been the addition of an elective course in the history and appreciation of music in charge of the music supervisor, Miss Edwards. A new victrola was purchased for this course from funds earned by the operetta given by the music department last year. Much credit is due Miss Edwards for this achievement.

It has been necessary to replace and supplement many

text books this year due to increased enrollment and the necessity of keeping modern our teaching materials. With a dynamic society it is necessary to keep abreast of changes by means of constant replacement of equipment. This expenditure will, of course, be necessary annually if we wish to maintain a superior school. It would seem wise to do this as we receive a considerable return annually by tuition from adjoining towns. The larger the school in numbers the more we can offer and still keep down the per pupil cost. There is still much to be done in the purchase of reference books such as encyclopedias and single volume source material.

I am glad to say that the standard of work attained has been as high as or higher than the average of the state or country as determined by standardized tests. The school has received approval by the New England College Certificate Board in addition to that by the State Board of Education. In an investigation of our standing conducted last fall our school records are accepted by many prominent colleges. In order that we may maintain this standard we ask the co-operation of the parents in regular attendance and regular study habits for the pupils.

Respectfully submitted,

BRUCE E. RUSSELL.

REPORT OF MUSIC SUPERVISOR.

Pittsfield, N. H.,
January 31, 1930.

MR. L. B. BADGER,
Superintendent of Schools,
Pittsfield, N. H.

Dear Sir:

In my report of last year I gave a detailed account of the music courses as they were organized at the beginning of that year. This year I have continued this program throughout the system without any radical changes, for I felt that the best results would materialize from so doing. Therefore, in this report I shall not go

into the details of this program, but will endeavor to bring before you the results of our consistent efforts.

GRAMMAR SCHOOL.

I feel that the work as it is carried on in this building is producing fine results. The time is devoted to music, reading, rhythm drill, song singing and elementary work in history and appreciation. The children like their music, all phases of it, and are enthusiastic. This enthusiasm is a vital factor, for without it the child fails to have that interest which is conducive to a complete understanding and appreciation of music itself.

A very evident illustration of this enthusiasm was shown by the splendid spirit with which the children did their part to make the recent operetta, "The Stolen Flower Queen," the success which it was. In spite of the fact that the costuming was elaborate and expensive, we have realized the sum of \$135, which will be divided equally among the first eight grades and expended for equipment for their music work.

MEMORIAL SCHOOL.

The two classes in this building are doing very fine work and here, too, the program is the same as last year. In the eighth grade they are singing well in three parts—soprano, second soprano and alto. Beginning next term these parts will be changed, and the boys will be introduced to the bass clef and the bass part. In the seventh grade the change has already been made, as there are a large number of boys in the class whose voices are changing. This work is proving interesting to them, and will build for them a good foundation for their high school chorus work.

These people, too, are enthusiastic, and I feel are building for their future better than they know. They are getting a true appreciation of music, which they are carrying with them from their school to their homes and which will bring to them in later life much enjoyment and satisfaction.

HIGH SCHOOL.

Last spring the high school music class presented the operetta, "The China Shop." This proved to be a success in all respects, and from this we realized \$100, which was used to partly pay for the new orthophonic victrola which was purchased for the High School.

A class in Music History and Appreciation, which is elective for juniors and seniors, was organized. This class meets for a forty-minute period three days a week, and one-half credit towards graduation will be given to those who satisfactorily complete the work.

RURAL SCHOOLS.

I am especially well pleased with the progress which is being made in both rural schools. I visit each school once a week, and the teachers continue the work outlined for the week. It is certainly a credit to them that these pupils are progressing so rapidly. In the South Pittsfield school the children are singing two-part music, something they did not do last year. In the Upper City school they are perfecting their skill in two-part work and, through the efforts of their teacher, have organized a rhythmic orchestra.

In closing I wish to express my sincere appreciation of the hearty co-operation which I am receiving from the superintendent, the school board, the teachers, the pupils and the townspeople. Especially do I appreciate to the fullest extent the co-operation of the teachers in making the operettas so successful.

Respectfully submitted,

ETHELYN G. EDWARDS,

Music Instructor.

REPORT OF PLAYGROUND DIRECTOR.

Littleton, Mass.,

December 1, 1929.

Mr. L. B. BADGER,

Superintendent of Schools,

Pittsfield, N. H.

Dear Sir:

July 1st marked the opening of the playground, Miss Emma Adams and I returning as assistant and director, respectively.

By July 5th all the apparatus was set out. The equipment is in very good condition, but needs to be painted soon. As was suggested last year, a three-seat baby swing has been purchased and will be available next summer.

Baseball, basketball, volley ball, peggy ball, football, tether ball, swimming and tennis were enjoyed by both the boys and girls.

Due to the interest shown in peggy ball, a tournament was held which was enjoyed by both the competitors and spectators.

In spite of the fact that the swimming classes were handicapped by the extremely low water in the river, much interest was shown and a large number profited by the instruction given. Classes varied from twelve to sixty, depending upon the weather conditions. A life line placed at the Big Pine swimming hole proved a decided asset.

Tennis seems to be the outstanding sport of both the boys and girls. The courts are in very good condition, but need salting early in the spring to prevent the growth of weeds. I would suggest that three new tennis rackets be purchased for next year.

In order to hold the interest of the previous cup winners, Miss Emma Adams has presented the playground two loving cups. To gain permanent possession of these cups they must be won three times by the same individuals. A tennis tournament was held for both the boys and girls, and cups were presented to the boy and girl champion.

In July the children participated in a masquerade, which again proved to be a successful project.

The girls' classes in sewing and basketry were well attended by both the younger and older girls. The many splendid results were exhibited at Mr. Trace's store.

The last project of the season was the annual field day. A large number attended and competition was keen in all events.

In closing I wish to thank the people of Pittsfield for their interest and co-operation in the events held at the playground.

Very truly yours,
CARLETON D. SKILLINGS,
Playground Director.

VITAL STATISTICS.

TO THE SELECTMEN OF PITTSFIELD: In compliance with an act of the Legislature passed at the June session, 1877, requiring "clerks of towns and cities to furnish a transcript of the records of births, marriages and deaths to the municipal officers for publication in the annual reports," I hereby submit the following:
