SOME STATEMENTS ABOUT THE CURRENT SCHOOL YEAR, 1928—1929.

Schools opened Tuesday, September 4, with enrollment as follows, by grades: grade 1, 14; 2, 17; 3, 29; 4, 22; 5, 24; 6, 7; 7, 19; 8, 15. And 25 enrolled in Plymouth High School. These made a total of 147 in the elementary schools and 172 in all schools.

The schools have the same teachers as last year except Mrs. Minnie R. Church of Bradford, Vt., who takes the place of Mrs. Etta Pero and Miss Lena French of Rumney who takes the place of Miss Bernice Boswell.

The money appropriated in March, 1928, for improvements at the Lake School has been expended and the results are worthy of much commendation. The committee in charge of the work was made up of the School Board and Messrs E. H. Kendall and W. J. Hall. The committee accepted for the school district from Mr. H. A. Seveigne of Nashua, a lot of land directly opposite the site where the school house did stand. Mr. Seveigne deeded the land to the school district as long as it may be needed for school purposes. Much appreciation should be felt toward the donor. The school house was moved during the summer and school opened in September on the new site. After the building was ready for occupancy Mr. George C. Frolic of Newton Highlands, Mass., offered to give the committee paint to cover the outside. The offer was accepted and the paint was delivered to be put on in 1929. Again much appreciation is due. The yard around the school-house is to be graded some and a fence placed around it, matters that should receive attention this coming summer.

Storm windows have been placed on the windward side of the Quincy school house.

The painting of the inside of the Depot building was completed during the summer of 1928.

The health work in the schools has been much more efficient this year. At the time of the diphtheria epidemic the school nurse was very helpful. The first half of the year, the nurse, Mrs. Edna J. Gilbert, R. N., made examinations, weighed, measured, tested the eyes and ears of the pupils and recorded results. The last half of the year much effort will be placed on corrective work. The greatest need for corrective work seems to be defective teeth and an attempt will be made to arrange for a dental clinic later in the year after the roads are settled again. There are also some bad conditions of tonsils and adenoids and a few bad cases of defective eyes.

The work of the Parent-Teacher Associations has been very pleasing. The Village Association has continued its second year with officers as follows; president Mrs. Clifton Watts; vice-president, Mrs. Arlene Schaffner; secretary, Mrs. Ruth Russell; and treasurer, Mrs. Laura Ford. A new association has been organized at the Depot School and has been working hard under the following officers: president, Mr. Asa P. Colby; vice-president, Mr. Lloyd French; secretary, Mrs. Emilie B. Barney and treasurer, Mrs. Ella McGinnis.

The village association has piped water to the school building which is a very much wothwhile project. The Depot association has put electric lights in the school building and piped water to the building.

Any others of the school communities may have assistance in organizing Parent-Teacher Associations and by co-operation may do equally as good projects

for the welfare of the schools as those associations already organized.

The co-operation of the citizens in the Quincy School community should not be overlooked in helping the school to earn money for new pictures and toward a fund for a new victrola. A victrola has also been placed in the Village and Depot buildings by the efforts of the teachers and pupils.

Respectfully submitted,

MRS. FRANCES EASTMAN,

MRS. EMILIE B. BARNEY,

L. N. BRYAR,

School Board.
