**BOARD OF SELECTMEN'S 1997 ANNUAL
REPORT**

The Board of Selectmen extend a sincere thank you to all who have served the town in 1997 on various boards and committees. Your involvement and participation provides us with needed citizen input and contributes to a greater sense of community. We also extend our thanks to all our town department heads, employees and volunteers for doing an excellent job providing the town with the services we have all come to expect.

Due to a lack of participation, we did not hold any Memorial Day events this past year. We have had an offer from the Little Monadnock V.F.W. Post 10289 to take charge of the Memorial Day exercises and we have placed this request on the 1998 Warrant for you to vote on.

Fitzwilliam ended 1997 in very good shape with no long term debt and a healthy surplus. The Board of Selectmen chose to use enough of this surplus to reflect the rather small 2.5% increase in the town portion of your 1997 tax bill. The total tax base in Fitzwilliam is now \$119,826,250 , with 1900 parcels and 12960 acres in current use. Our equalization ration percentage remains at 119%. The amount raised by taxes this past year was \$3,269,223. Tax rates for 1997 and recent years are broken down as follows:

	<u>1997</u>	<u>1996</u>	<u>1995</u>
TOWN	\$ 6.63	\$ 6.49	\$ 5.97
COUNTY	2.07	2.05	2.23
SCHOOL	<u>18.79</u>	<u>18.30</u>	<u>17.23</u>
TOTAL	27.49	26.84	25.43

Several projects were brought to completion this year. They include the exhaust extraction system at the Public Safety Building, the new ADA access to the town library (partially funded with grant money) and the purchase of a new police cruiser. This year we finalized the purchase of property behind the fire station from the Roman Catholic Church. This land will be very

SELECTMEN'S REPORT 1997 (cont.)

important for the future growth of our emergency services departments.

Unfortunately we were unable to complete the painting of the town hall due to our contractor defaulting on the project. We have carried this money forward and will need to add to it in order to complete the project in 1998 and return the town hall to its original beauty. The town decided not to purchase and develop a beach property, but did form a study committee that has been hard at work researching an appropriate site for a town beach. Efforts to have the State of New Hampshire take over and maintain the boat landing on Laurel Lake have so far been unsuccessful. According to their engineer, the State would take this on but want off road parking. We are still waiting for a decision.

The Board of Selectmen would like to address some chronic problems with the town hall this year and will be asking for your support to repair the second story windows. Many are losing their panes of glass simply because they are so far gone. In addition, since we all like to use the town hall for annual meeting, elections and school functions, we are recommending that we install a platform lift to make the second floor more accessible for anyone who has trouble with the stairs. The "chair" is really not an adequate solution and does not meet with the federal guidelines for accessibility.

We are pleased to report that the town did prevail on the C.R. Bard tax assessment case and the lawsuit with Troy and the Monadnock Regional School District over the funding formula. This issue has been petitioned to be on the school warrant again this year with a 50%-50% split that would be even more devastating for Fitzwilliam taxpayers than the previous formula that was defeated. It is vital that everyone turn out to vote down this article.

The town still faces two legal cases that remain unresolved. First, the suit brought by Woodbrook Condominiums demanding the town pay condo fees on the lots taken by tax deed. Second, the suit brought by the Broken Stone Corp. involving the development of the Olsen-Seppala quarry land. The land was returned to the owners in September under a decision by the State

SELECTMEN'S REPORT 1997 (cont.)

Supreme Court negating the tax deed the town had taken in 1993. The Board of Selectmen were in the process of negotiating a settlement when negotiations were broken off by the Olson estate late in the fall of 1997.

After two years and many hundreds of hours of work, the House Numbering Committee completed the enormous task of renumbering the Town. We had a number of scheduled dates for residents to pick up their numbers and they are available in our office during normal business hours. We will have additional pick-ups this summer for our seasonal residents.

The Board of Selectmen has worked with the Planning Board to do some long range planning for Fitzwilliam. The Five Year Capital Improvements Program is in draft form and when finished will become a useful tool for long term budgeting of Capital projects and purchases. In addition, we have worked with the Road Agent to establish a comprehensive plan for road maintenance and repair for all the roads in Fitzwilliam, based in part on a road survey done by U.N.H. This will become an important planning tool to make sure we do a comprehensive job of maintaining the roads we have repaired and getting around to those we haven't.

In a continuing effort to keep residents better informed, we have placed copies of our meeting minutes at the Fitzwilliam library and have a regular column in the Fitzwilliam newsletter every month. We would like to thank the newsletter staff for printing our updates on town business.

We encourage you all to become active in your community in some way this year. Thank you for the opportunity to serve Fitzwilliam.

Respectfully submitted,
Susan S. Silverman, Chairman
Joan Knight
Thomas F. Parker

January 14, 1998

To the Board of Selectmen
Town of Fitzwilliam, New Hampshire

We have audited the general purpose financial statements of the Town of Fitzwilliam, New Hampshire as of and for the year ended December 31, 1997, and have issued our report thereon dated January 14, 1998.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement.

The management of the Town of Fitzwilliam, New Hampshire is responsible for establishing and maintaining an internal control structure. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures. The objectives of an internal control structure are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of general purpose financial statements in accordance with generally accepted accounting principles. Because of inherent limitations in any internal control structure, errors or irregularities may nevertheless occur and not be detected. Also, projection of any evaluation of the structure to future periods is subject to the risk that procedures may become inadequate because of changes in conditions or that the effectiveness of the design and operation of policies and procedures may deteriorate.

In planning and performing our audit of the general purpose financial statements of the Town of Fitzwilliam, New Hampshire for the year ended December 31, 1997, we obtained an understanding of the internal control structure. With respect to the internal control structure, we obtained an understanding of the design of relevant policies and procedures and whether they have been placed in operation, and we assessed control risk in order to determine our auditing procedures for the purpose of expressing our opinion on the general purpose financial statements and not to provide an opinion on the internal control structure. Accordingly, we do not express such an opinion.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of one or more of the internal control structure elements does not reduce to a relatively low level the risk that errors and irregularities in amounts that would be material in relation to the general purpose financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters

involving the internal control structure and its operation that we consider to be material weaknesses as defined above.

However, we noted certain matters involving the internal control structure and its operation that we have reported to the management of the Town of Fitzwilliam, New Hampshire in a separate letter dated January 14, 1998.

This report is intended for the information of management and the Board of Selectmen. However, this report is a matter of public record, and its distribution is not limited.

POLICE DEPARTMENT ANNUAL REPORT 1997

How quickly a year goes by! Reviewing last years annual report of the Police Department, it mentions staff changes as one of the hurdles to overcome. This year, there was that same experience all over again. In August, Officer Raymond Anair left our Department for a patrol position on the Winchendon, MA police force. This left a gap in our full-time personnel and because of some unforeseen additional budget expenses, we weren't able to fill the vacancy right away. The Department has, however, re-hired for that position and we are now up to strength.

I would like to take this opportunity to thank the members of the police department, both uniform and civilian, for the great job they did this year giving their attention to the community by answering numerous general service calls.

The Police Department is sporting a new look and many of you have expressed your opinion over the graphic design change on our newest cruiser. The image change is in sync with the Department's changing motto, "The Fitzwilliam Police Department is a proactive department." A goal here is to progressively deliver to the community a police department that places attention to the future needs of the Town. A plan to enhance community relations from a law enforcement prospective is being outlined. We hope to increase our presence through community policing, a concept that the Department has always used, but will now attempt to improve upon.

Additionally, the Department, through its Crime Prevention Officer, is focusing on ways to improve the security of our community. This past year, we hosted crime prevention and security presentations at the Police Station. These sessions were very informative and I urge that more of you attend. Watch for the notices to appear in the newsletter.

1997 brought improved working relations within the Elementary School. Ms. Libby Corindia and I coordinated programs with the Police Department to present to the students. These programs, Officer Phil (a puppet and magic show with safety themes) seatbelt

safety for all grades (K-6) and Harvest Night, all connected the police with the children and helped to better explain what the role of the police is in the community. The D.A.R.E. Program will be returning to Emerson as well, thanks to the New Hampshire State Police.

The training achievement for the year was the attendance by the Chief at Babson College in Wellesley, MA of a week long seminar on Police Management. In addition, I also completed a one week training course and am now a certified firearms instructor for the Department. Officer DiSalvo completed courses in cannabis education, advanced police interview techniques, and domestic violence. Officers Cavanaugh and Hackler attended cannabis eradication and domestic violence courses. Officer Hall attended the mandatory part time Officer's Training.

We are now connected to cyberspace! Officer Dan Hackler, our computer guru, has created a Fitzwilliam Police Department web page. For those of you who enjoy surfing the web, visit us and e-mail your comments to Dan (danhackler@hotmail.com). However, please do not log on with any complaints or calls for service. This page is not monitored daily.

In closing, I'd like to thank the Board of Selectmen, the Townspeople, and the members of other town agencies for their support this year.

Respectfully submitted,
Bruce L. Newton
Chief of Police

ANIMAL CONTROL REPORT 1997

1997 was another busy year in Fitzwilliam. There were 250 calls for assistance, which ranged from snakes in the house, to ducks, geese and horses loose on the Town Common.

This year we had three moose and eleven deer involved in car collisions. Unfortunately, there were also four dogs killed on our town roads. Again, please keep your dogs tied, not only for their safety but because it is the law.

I would also like to thank all the townspeople for their help this year.

The 1997 statistics are as follows:

- 496 dogs registered in town
- 250 calls for assistance
- 147 dog calls with 12 going to the Humane Society (all but one was returned or adopted)
- 3 dog bites
- 4 cat attacks
- 11 cases of possible animal abuse were investigated

FIREWARDS REPORT 1997

1997 CALLS

The Fitzwilliam Fire Department responded to 210 calls for the period from December 1, 1996 through November 30, 1997. This represents an increase from the 1996 total calls of 178.

Among the responses in 1997 were 5 structure fires, 8 chimney fires, 20 motor vehicle accidents, 3 brush fires and 14 Mutual Aid fire related responses to Winchendon, Troy, Rindge, Richmond, Royalston, and Jaffrey. There were also various other responses to car fires, dumpster fires, dog through the ice, smoke investigation, electrical problems, automatic fire alarm activations, gas leaks, tree fires, carbon monoxide detectors, public assists, oil burner problems and missing persons.

The Department also responded to 107 medical emergencies, two off road rescues, and eighteen Mutual Aid medical calls to Jaffrey, Troy and Richmond.

PERSONNEL, TRAINING, AND EDUCATION

The Department now has 36 active members, four of whom are new to the Fire/EMS service. The Department has ten members that serve as fire personnel and eight that serve as EMS/rescue members. However, eighteen of our members are both firefighters and EMS certified. There are nineteen New Hampshire certified firefighters, three of whom have completed the Career Level certification at the Keene Fire Station in 1997. One member completed the Firefighter Level II at the Fire Academy. There are twenty five members who are certified to provide various levels of medical care. Eight of the personnel are certified as emergency responders, 14 are EMT-B (basic), and three who are at the EMT-I (intermediate) level. Twenty members have completed certification or recertification on the defibrillation machine, and thirty-one are certified in CPR-Health Care Provider Basic Life Support.

In 1997, three members completed the EMT-B course at Cheshire Medical Center, six completed recertification as EMT-B's and one as an EMT-I. One member completed the Emergency Response course while three completed their recertification in emergency response.

FIREWARDS REPORT (cont.)

Personnel participated in several courses at Meadowood County Area Fire Department Fire School such as self contained breathing apparatus, protective clothing, basic water rescue, overhaul and salvage, forcible entry, arson awareness, and arson investigation. Personnel also participated in courses held at Cheshire Medical Center such as Mass Causality Incidents, Medication module and Advanced Life Support Continuing Education.

The Department continues to offer monthly training for both fire and EMS personnel. Some of the training this year included a defensive driving course specific to truck driving, taught by New Hampshire Property and Liability Trust. Combined operations training took place at Meadowood training grounds and ice rescue training, held with Meadowood and the Meadowood Dive Team, was conducted this past year.

The Department offers fire prevention education and demonstration at the Fire Station and at Emerson School. CPR and first aid courses are also offered for the public and businesses in the community.

As with the last two years, there were no changes in the inventory of vehicles. This inventory includes the 1973 Mack Pumper and the 1978 Mack Tanker. These vehicles continue to give the town excellent service. Due to the ages of all these vehicles they are monitored closely for potential problems. In 1997, the 1978 Mack Tanker had some replumbing of it's pump done and at the present time is having the roof and doors replaced. The 1973 Mack also had some minor body work completed in 1997.

In 1997, the ambulance had body work completed on it as well as minor repairs. Although it is in good condition and serves the Town well, we are projecting the consideration of replacing the vehicle in 1999.

1998 BUDGET

We feel that one of the best investments the Town can make with respect to a department that offers fire and EMS services is in the field of training and education. As you can see from our report concerning personnel, a substantial number of individuals devote volunteer time to maintain high professional standards to

FIREWARDS REPORT (cont.)

serve the community as well as stay up-to-date on the latest technologies and techniques in both fields. We certainly hope that this spirit of volunteerism and commitment continues for the foreseeable future, and we appreciate the support the Town has provided in giving us funds to carry out various training courses.

The 1998 budget is comparable to immediately preceding years in regard to ongoing operational costs, payroll, and training. This year, at the request of the Board of Selectmen, we were asked to separate the fire and ambulance budgets. Because of the support of the Town we have been able to make great strides in updating and maintaining protective equipment and paging devices. All equipment is inventoried on an annual basis, if not more often, to assure that members are taking care of their issued gear and equipment and that all equipment is kept at peak performance. We feel that with the budgeted amounts that we have had over the past few years we are as up -to-date as ever with regard to providing our members with what they need to do their jobs safely and we are able to respond to the equipment needs of new members as they come aboard. Although there are always items that are needed, great strides have been made in creating a well equipped, well trained Department to better serve the Town.

ASSOCIATION MEMBERS

As some townspeople may be aware, there are members of the Fitzwilliam Fire Department, Inc. who are not providers of fire and emergency medical services. They provide great assistance with support and food at fire and rescue scenes and with fundraising activities for the purchasing and maintenance of equipment, which in turn, benefits the Town.

FIREWARDS REPORT (cont.)

We thank the businesses that support the Fitzwilliam Community Calendar project by advertising in the calendar - which is in it's seventh year. We would also like to thank those businesses that support our children's programs such as Halloween, Christmas, and the Annual Fun Fair. We certainly extend our thanks to those individuals who provide so much assistance to us and to the Town.

EMERGENCY MANAGEMENT REPORT 1997

The Fitzwilliam Emergency Management office completed the Fitzwilliam Hazardous Material Plan in June of 1997. The plan was submitted to the State Emergency Office and was approved in October of 1997. Through the efforts of many people, the plan was presented to a group of business people, fire/rescue, police, and the Local Emergency Planning Committee. This plan was developed by Nancy Carney as a graduate master degree thesis. A State funded grant allowed for the plan to be designed and written for approval by the local director, the Fire Department, and the Police Department.

The Town now has a completed an Emergency Management Plan for natural disasters, hazardous material incidents, and evacuation of areas of need from small areas up to the entire town. This plan is still in the process of designing a complete evacuation of the Town, but with the State of N. H. Emergency Management help, we can safely evacuate the Town. Notification of any evacuation would be done by use of the local radio stations, WMUR-TV, Police Department, the Fire Department, and door-to-door notification of such an incident.

A copy of the entire plan may be viewed at the Selectmen's Office during open hours, at the Fitzwilliam Library, or by contacting the Emergency Management Director. The Town would welcome suggestions for revision of either part of the plan.

The Emergency Management Office will be working towards training of personnel in the use of the plan this coming year. It is hoped to practice the use of the plan with a "hands on drill" in Fall of 1998. Personnel will be trained in the use of radiological monitoring equipment in the Spring of 1998. This drill will depend on the funding of the Emergency Management budget.

HOUSE NUMBERING COMMITTEE 1997

This year we saw the light at the end of the tunnel with our renumbering project. After two years, many hundreds of man-hours of work and thanks to the dedication of numerous individuals, letters were sent to all residents informing them of their new house numbers.

Volunteers on our committee staffed five organized "number pick-up" days during December 1997 and January 1998. We will have additional days scheduled this summer for seasonal residents. Exact dates will be announced in the Fitzwilliam newsletter in May and June. As always, residents can continue to pick-up house numbers in the selectmen's office during normal business hours.

We still have a few more tasks to complete before all our work is done. We would like to thank all those who volunteered their time and talents in this enormous project and you, the residents, for cooperating in this effort.

Respectively submitted,
The House Numbering Committee

ROAD AGENT'S REPORT 1997

This year we continued our resurfacing program which included finishing the Upper Troy Road and one more section of Fullam Hill Road.

The Department hopes to be able to finish the last section of Fullam Hill Road in 1998. The other resurfacing project will be the Jaffrey Road and the area and side streets by the Public Safety building in the Depot.

All major projects were completed. In addition, we also assisted the State of New Hampshire on the Rhododendron Road project. We had hoped to get asphalt grindings off NH Route 12 this year to finish the project that we started on Old Turnpike Road. The State did not do any major grinding on the road as they have done in the past.

The beavers have been active again this year. We spend a lot of man hours unplugging culverts and checking the active dams every week.

I have asked for money in the 1998 budget to buy 1000 ton of gravel for our gravel roads. I have also submitted a plan to the Board of Selectmen to start a program in 1999 to replace gravel on all of our gravel roads. I have also asked for money to buy a used chipper.

I would like thank all Department Heads, Selectpersons and Townspeople for their assistance and support throughout the 1997 year.

TRANSFER STATION RECYCLING REPORT

1997

For the first 11 months of the year we recycled 179 tons of material. We disposed of 30 tons of metal, 14 tons of furniture and mattresses, recycled 45 gallons of anti-freeze and gave the Town of Dublin 400 gallons of used oil to be used in their waste oil furnace. We had to pay to dispose of 200 gallons of paint at a price of \$1850.00.

The market for recycled materials has increased a small amount. We are hoping that it will continue to go up.

A reminder to everyone that we cannot accept any hazardous materials in the winter months. We ask that you stop and check out our compost pile. It is free for the asking. I would like to thank the staff at the transfer station and you, the townspeople, for making our transfer station a success.

BEACH COMMITTEE 1997

The Fitzwilliam Board of Selectmen formed a committee to investigate the possibility of a public beach in Fitzwilliam as authorized by the voters at the 1997 Town Meeting. The first meeting was on June 30th and was followed by ten more meetings. Members from the Board of Selectmen, Planning Board, Recreation Commission, and town members at large attended.

This committee made site visits and walked and/or canoed various bodies of water in town both as a group and individually. The first task was to determine which water sites had potential for a public beach. Concerns included water quality, impact on surrounding property, acquisition and development costs, and long term potential. We initially considered seven bodies of water, which was then reduced to five, and finally three for the final selection process. The proposal of constructing a pool was also discussed but tabled due to initial and reoccurring operating costs that would be incurred.

Stone Pond was considered and two potential locations were investigated. However, when water tests were conducted and the state tester made a site visit, the pond was removed from further consideration due to water quality concerns and condition of the pond.

Sip Pond currently has two beaches and water quality is acceptable, but there was not suitable property available for development. The town property that was seized as part of the tax situation at Woodbrook does not have direct access to the lake and cannot be developed as a beach. Scott Pond also did not have any available property and development of a town recreation facility would be very limited. Bowkerville Pond is surrounded by wetlands and conversion into public beach area would be difficult, and there are concerns about the suitability of the water for swimming.

Rockwood Pond was visited several times and although there are several sites well suited for a beach, these properties are not on the real estate market. The Troy Mills dam site is currently used as an informal beach by numerous people, but the company could prohibit use of the property at any time. The abandoned

BEACH COMMITTEE (cont.)

railbed is used as part of the Rails-to Trails program and could offer additional access to a recreation site.

Currently, about half of the shoreline is undeveloped. Rockwood Pond has good water quality and would be a good location for a beach if suitable property becomes available.

Collins Pond was explored in detail by the committee as a potential site. Water and bottom testing was conducted by a laboratory with satisfactory results. The southern side of the pond is bordered by the old railroad bed which is used as a trail for hikers, bikers, cross-country skiers and snowmobilers. A large beach could be constructed using part of the railbed adjacent to the water and still allow access of the trail by the various current users. The entire pond is very shallow and has a grassy bottom. Dredging would be required to create a swimming area and the committee has contacted a dredging contractor for further information and preliminary estimate of cost and feasibility of the project. State permits would be required, just as they would for any beach development within the state, but initial research has not revealed any major obstacles to the tentative plan. ADA access could be provided from Collins Pond Road and parking can be developed near the town garage for swimmers. Collins Pond would provide a scenic and quiet beach with a small swimming area, causing minimal impact on the surrounding property owners. If all permits were approved and permission was obtained to use part of the railbed and other State land, cost to the Town would be very reasonable when compared to the high initial cost plus development costs of other lakefront property.

Laurel Lake is probably the best known and most visited lake in Town, but real estate suitable for a public beach is scarce. Most of the properties on the waterfront are narrow and small in size, which would present difficulty in building a properly sized beach and providing parking for swimmers. Water quality is good and the lake currently has numerous private beaches and a boat access ramp. The group visited the Martin property on Laurel Lake which was offered for sale. This

BEACH COMMITTEE (cont.)

plot is very narrow, but deep. A narrow beach could be constructed and some parking could be accommodated, but plot size restricts future development.

The committee walked and canoed the Treat property which is still on the market. The water frontage can be developed into a medium size beach area with minimal work and water depth very gradually increases from shore, making it very suitable for small children. Deeper water can be accessed further from shore. Access to the beach area is via a narrow road through a wetlands area. The building on this property has little value to the town if the site was acquired and conversion to a recreation center or other facility would be expensive due to condition and design. The Treat property is one of the largest plots on the lake with potential for a town beach, and the additional space could be used at some future date for other recreation facilities, including changing and rest rooms. The cost of this property remains high.

Although not well received at the last Town Meeting, the Treat property, or a similar size property on Laurel Lake or Rockwood Pond, offers the best option for a Town recreation facility.

Any development work within wetlands or adjacent to a body of water requires careful design and state permits, but our initial research indicates that properly prepared proposals do have a reasonable expectation of approval. We welcome any input from Town residents and hope to hear feedback concerning this report.

**FITZWILLIAM CONSERVATION COMMISSION
1997**

1998 will be the year for hiking! Since the railroad beds and the new trails are being marked at the Town forest, there will be lots of opportunity for entire families to enjoy the great outdoors. The new trails will connect with the Metacomet Trail and loop back around to Widow Gage Road.

Earth Day has been an increasingly popular occasion. Thanks to the organization of Jeanne Prevett and Carey Bluhm, the Common was alive with music and celebration. We hope to see it carry on.

The Adopt-A-Road is still going strong. The Town roads look great as a result of the efforts made. We would like to take this opportunity to thank all who participate and once again to Carey Bluhm for the time he donates to this project.

MONADNOCK ADVISORY COMMISSION
1997

The Monadnock Advisory Commission is charged by the State of New Hampshire under RSA 258:1 to advise and guide the Department of Resources and Economic Development (DRED) on the management of their lands and leased lands of the Society for the Protection of New Hampshire Forests and the Town of Jaffrey. The lands are located on Mt. Monadnock, Gap Mt., and Little Monadnock Mt.

On Saturday June 25, 1997 the commission met at the State Park in Jaffrey. Business attended to:

Bill Elliott was elected Chairperson and Betsy Harris Vice-Chair.

A new parking lot on Old Troy Road in Dublin, to fit 40 cars, will be proposed by DRED. This lot will be on property owned by SPNHF and will replace one that accommodates 15 autos.

A proposal to improve signage and parking at the Gap Mt. Trailhead was discussed. Concerns of the neighbors were addressed.

There is a problem with parking on Rt. 124 near the Jaffrey/Troy Town line. Because the Royce Trail crosses the highway, more and more day hikers are using this area to park for the day. The Commission asked that "No Parking" signs be placed on either side of the road. The State was in agreement.

The public is encouraged to contact their commission members with suggestions and comments.

Members of the Monadnock Advisory Commission are:

Jaffrey	Ann Royce, Bill Elliott
Dublin	Betsy Harris, Tom Wright
Marlborough	James Everard, Ernie Linders
Troy	David Adams, Ira Gavrin
Fitzwilliam	Daniel Leary, Thomas Parker

PLANNING BOARD 1997

The Planning Board's regulatory duties include but are not limited to, reviewing subdivision applications, site plan reviews, and authorizing excavation permits. The Board's non-regulatory duties include Master Planning and compiling the Capital Improvement Plan.

In 1997, the Planning Board reviewed and approved eight subdivisions with one receiving conditional approval. The Board also reviewed and approved one site plan review.

The Planning Board is completing an update of the Capital Improvement Plan. The Capital Improvement Plan will cover the next six years. The Board expects to have this project completed in early 1998 to aid in the budgeting process.

The Planning Board meets the first and third Tuesday of each month at 7:00pm at the Town Hall. All meetings are open to the public and we encourage your attendance and participation.

HISTORIC DISTRICT COMMISSION 1997

The Historic District Commission reviews applications for building permits for properties located within the Historic District. All applicants seeking to obtain a building permit within the Historic District must adhere to the guidelines set forth in the Historic District Regulations.

In 1997, the Commission heard 12 cases. These cases included three requests to construct a single family dwelling, two requests to construct a porch, one request to build a deck, one request to construct a garage, one request to erect a sign and two requests for renovations. All requests were approved, some with stipulations. The Historic District Commission also reviewed the Library ADA project and the Emerson School Addition.

The Historic District Commission meets the first Tuesday of each month at 4:00pm at the Town Hall or whenever there are one or more completed applications to be considered. All meetings are open to the public and we encourage your attendance and participation.

ZONING BOARD OF ADJUSTMENT

The Zoning Board of Adjustment hears appeals and administers special provisions in the Town Ordinances dealing with variances, special exceptions and administrative decisions in order to provide for satisfactory resolution on many of these situations without burdening the courts.

In 1996 the Board heard nine cases, six were requests for variances, five were approved, and one was denied. There were three special exceptions which were approved.

The Board meets at the Town Hall on the third Monday of the month at 7:30 p.m. whenever there are one or more completed applications to be considered. Hearing notices must be posted in Town and advertised in the newspaper. Individual notices are mailed to abutters. The meetings are open to the public and we encourage your participation.

CODE ENFORCEMENT OFFICER'S REPORT
1997

Construction permits almost doubled in 1997 over previous years. In 1997 there were 98 building permits issued which was an 88% increase over 1996. This included six new homes and one summer home that was a total replacement which represents a 250% increase from last year. We had a 20% increase in manufactured homes with six being installed. Six new garages this year was a 500% increase over last year. Additions were up 25% this year with 20 permits issued. Porches and decks were 130% more than last year's with 23 permits issued. Barns and sheds more than doubled last years with 25 permits issued this year. There was an addition to one commercial property and a total replacement on another exceeding half a million dollars.

Owner estimates for construction in 1997 totaled \$2,085,204. This is more than double the total construction estimates from 1996.

Property owners should remember that a building permit is required for all construction unless you receive other direction from the Land Use Office. Please feel free to call this office anytime during office hours regarding construction requirements.

TOWN HALL AGENT'S REPORT 1997

The Town Hall was used many times this year by different organizations for a number of functions. Some of these included:

- Emerson School
- Fitzwilliam Fire Department
- Meadowood Fire Department
- New Hampshire Fish & Game
- Elliot Institute
- Monadnock Regional School District
- Fitzwilliam Historical Society

This year shelves were constructed in the back room for storage purposes. Repairs to the striker on the Town Clock were also performed and we hope to be able to raise more funds to do the additional work necessary on the clock.

We are presently obtaining proposals to paint the outside of the Town Hall this summer. Also, we are obtaining proposals to improve the windows in order to save on energy costs.

FITZWILLIAM RECREATION COMMISSION
1997

Another year has come and gone and the Recreation Commission continues to realize great success with the programs that we sponsor . As the year comes to a close we are pleased to announce the addition of Carey Bluhm to the Recreation Commission. Carey brings with him an enthusiasm that will help us continue with the success of our current programs and target new areas of interest.

The 1997 Fall soccer season was a continued success. Our numbers were again around 200 and we provided programs for children from Kindergarten to grade eight. At this time it is anticipated that we will be offering a Spring program for 7th and 8th graders. The success of our soccer program is substantiated by the number of our children that are going on to play soccer on some of the areas premier teams and the number of players on the school teams that have graduated from our program is increasing. Thanks to the Common Marketplace for their continued support of our program.

The Summer Recreation Program was an enormous success and flourished with record numbers of children this year under the enthusiastic direction of Dawn Hansen. There were many new activities offered this year as well as the regular trips to Gap Mountain, miniature golf, and of course the annual trip to Whalom Park. We would also like to thank the Fitzwilliam Inn for their continued support of our programs.

Other activities that were sponsored this year include the Charles Wallace Road Race which continues to attract a wide spectrum of participants. The cross country ski program should really flourish this year with the early snow. Flag Football was introduced and was well received and promises to be another great addition to our program. The annual Town wide tag and yard sale showed much growth from previous years. A new information line has been installed for the Recreation Commission. The number is 585-7270; call this number to get information and important dates on all of our programs.

RECREATION COMMISSION (Continued)

This coming year we are looking to provide a skateboard area to address the continued interest in this sport. We are looking at installing an area that will address the needs of this sport and we are requesting funds for a portion of this project through a Warrant Article on this year's Town Warrant. There are many individuals that have offered assistance with this project that will help to keep the costs down. If you have any interests or ideas for additional activities for the Recreation Commission, please forward them to a commission member or attend one of our meetings.

Thank you to all the many volunteers, businesses and residents that help to make all the programs we offer a success. It is our goal to provide a variety of programs that will target every resident of the Town of Fitzwilliam.

Respectfully submitted,
Fitzwilliam Recreation Commission

LIBRARIAN'S REPORT 1997

1997 saw the culmination of several projects at the Library. Our long - planned, long - awaited, accessible entrance was nearly completed. A path of brick pavers now leads from the Town Hall parking lot to the side of the building where a sunny new entryway with a slate floor provides an alternate entrance. In the Spring, thanks to a bequest from Isabelle Bosworth, we will add extensive landscaping.

Our ongoing automation project also neared completion with the conversion of the card catalog and the addition of another computer to the library network. A public terminal for Internet access, informational databases and application software are installed as well.

Our commitment to providing the best in informational and recreational materials continued unabated. Circulation of materials increased in 1997 with 19,677 materials loaned. We added 426 books to the collection as well as 46 audio books, 39 videos, and 34 periodical subscriptions. In addition, over 500 reference transactions were completed.

Our computer linkup to the New Hampshire Automated Information System enabled us to borrow 383 books for our patrons and lend out 211 items to other libraries.

In 1997 we offered 56 programs with an audience of 1112. Highlights of the year included a spectacular magic program with Jason Purdy, which drew a record attendance, a talk by author John Morressey, Halloween Storytelling, crafts for all ages and our monthly book discussion program which completed its second full year and is still going strong with 20 members.

Our Summer Reading Club, Take Us To Your Leaders!, registered 67 readers who combined read 40,653 pages. Activities included intergalactic crafts, paper airplanes, Watermelon Tales and the Little Red Wagon.

The Friends of the Library were a strong presence at the Library this year. In addition to sponsoring the Summer Reading Club and programming throughout the year, the Friends purchased the public access computer, audio books, the Encyclopedia Britannica on CD-ROM

LIBRARIAN'S REPORT (cont.)

and a fax machine. In their spare time they published a quarterly newsletter!

Through dues, the Book Sale and ongoing fundraising, the Friends Board members; Kate Thomas, Shelley Earley, Dancy Bluhm, Coni Porter and Bonnie Jones, continued a history of strong support for the Library.

Congratulations go to Assistant Librarian Deborah Chipman who completed the Library Certification this Fall.

Thanks go this year to our remarkable volunteers and supporters among them: Judy Hancock, Bonnie Jines, Kristen Joslin, Kate Thomas, Lorraine White, Harriet Underwood, Joan Knight, Dancy Bluhm, Robin Marra, Martha DeBlieu and Susan Wheeler.

Ahead in 1998, we are preparing for the addition of circulation to our library network, the registration of all our users and extensive planning to further utilize our limited space.

REPORT OF PLANTE MEMORIAL PARK 1997

This year we worked on filling in some of the holes with loam and then reseeded them. We put in a bush this year that was given to us.

We would like to add two more trees next year. One tree was removed due to work being done on an adjoining property.

We would like to see curbing placed around the common and new walkways put in.

We will be straightening the flagpole in the near future.

Once again, we would like to thank the Fire Department for putting new lights on the Christmas tree this year. It looked great.

REPORT OF CEMETERY DEPARTMENT 1997

Another year has gone by rather quickly. All of the signs at the Pine Grove Cemetery have been replaced. We will put up the new signs at the Village Cemetery in the spring.

It was a busy year, what with mowing and trimming around the grave stones and the stone wall.

We did a lot of work filling in areas with loam and seeded a lot of the grave sites. There are many more to do in the upcoming year.

The roads and trees in the Village Cemetery are in need of a lot of work.

Work is ongoing on the village tool house and we will continue to work on it until it is complete.

At Pine Grove Cemetery we had three full burials and six cremations. At the Village Cemetery we had five cremations.

HOME HEALTH CARE AND COMMUNITY SERVICES REPORT TO FITZWILLIAM - 1997

In 1997, Home Healthcare, Hospice and Community Services (HCS) continued to provide home health care and community services to the residents of Fitzwilliam. The following information represents a projection of HCS's activities in your community in 1997. The projection is based on actual services provided from January through September 1997 and an estimate of usage during October, November and December.

SERVICE REPORT

<u>Services Offered</u>	<u>Services Provided</u>	<u>Services Supported Partially or Totally By the Town</u>

Meals-On-Wheels	2,609 Meals	2,609 Meals
Total Unduplicated Residents Served: 113		

Regularly scheduled wellness clinics, child health clinics, prenatal and hospice care are also available to residents. Town funding partially supports these services.

FINANCIAL REPORT

The actual cost of all services provided in 1997 with all funding sources is projected to be \$268,582.00.

The total costs of services provided for a partial fee, or at no charge to residents in 1997 is projected to be \$2,015.00 for home care and \$1,918.00 for Meals-On-Wheels.

For 1998, we recommend a total appropriation of \$4,435.00; \$3,000.00 to be available for Home Care Services, and \$1,435.00 for the Meals-On-Wheels Program.

Thank you for your consideration.

AMERICAN'S WITH DISABILITY ACT (ADA) 1997 ANNUAL REPORT

The American's with Disability Act (ADA) was established by Congress in 1990. The intent is to increase accessibility, employment opportunities, and service to the millions of Americans who are disabled.

A grant through Southwest Region Planning Commission, which started in 1995, finally developed and allowed the accessible entrance to the library project to begin. The project has been completed except for the painting of the addition and the landscaping. These will be completed in the Spring of 1998.

There were several key players in the development and implementation of this project for the library. Susan Massin, the Library Board of Trustees, the Board of Selectmen and Paula Thompson all deserve credit for their perseverance during the project.

The other two major projects, replacing the stair chair, or improving the access, to the Upper Hall in the Town Hall and the Public Safety Building rest rooms were projects that were put on the front burner. In 1997 the town voted to begin work on the rest rooms in the Public Safety Building.

The Public Safety Building bathroom proposal was put out to bid for the design and actual renovations to the bathrooms. Only one proposal came in by the deadline. The Board of Selectmen voted not to accept the bid and carried the money for this project into 1998.

The Board of Selectmen, along with the ADA Coordinator, have been working to come up with a solution for the access to the Upper Hall in the Town Hall. There have been plans and recommendations made for a platform lift from the first floor to the Upper Hall. The Board of Selectmen will be asking for the monies to install the lift in 1998.

The Board of Selectmen have continued to be supportive of the work toward compliance with the ADA. Their support has been greatly appreciated.

ADA ANNUAL REPORT (cont.)

Any individual who may need special accommodations for any town function or town service should notify the Selectmen's Office in advance to ensure that accommodations may be met in a timely manner.

FITZWILLIAM EDUCATION COMMITTEE

1997

This has been a busy year for all of us involved in the educational issues in Town. There seems to be a steady stream of projects that have come our way.

The Selectmen have appointed another member to the committee. We are happy to welcome John Tommila to our team.

The building project for Emerson has been moving right along. The final decisions are being made on funding options as the architects are finishing up with the drawings. The full plan should be together for the 1998 warrant. It's exciting for us all and the kids are hopeful. We'll need all your support when it's time to cast your vote.

The petition to add members to the School Board for the towns of Fitzwilliam and Swanzey is being rewritten by a lawyer for the committee. After being turned down by the School Board last year, we decided to have a lawyer look it over and give a recommendation. We will need approximately 800 signatures for it to be placed on the warrant and we are looking for support from all the towns in the district.

TOWN CLERK'S REPORT 1997

The Clerk's office continues to register over 3,000 vehicles per year for Town residents. There were quite a few new vehicles registered. This happens about every three years as vehicles get older and are replaced.

At the State level, the Motor Vehicle Department plans to have all the Towns in the State on computer and able to access the vehicle information directly. A specific time has not been set for this.

The new plates for motor vehicles are expected to take place after July of 1998. This means that all vehicles will have the new plates by the end of 1999. The plates now cost \$5.00/set, and this cost will be in effect when the new plates become available. The total cost will be the charge for the vehicle depending on the gross weight plus the \$5.00 for a set of plates.

This is the third year that we have been using the computer software for motor vehicles and dog licensing and everything seems to be running smoothly. In fact, at times, it would be nice to have a second server for motor vehicles, especially during the dog licensing months.

Vital Records have had a few changes during the year. The Vision 2000 Program is starting to move forward and by that year every Town Clerk in the State will have a computer for Vital Records and will be able to access all the vital records in the State. A law was passed in August that marriage licenses can now be obtained from any city or Town Clerk in the State regardless of where the applicants reside, and the marriage can take place in any city or town within the State. The three day waiting period has been waived, however the applicants will be told that the license will not be valid until three days have passed.

TOWN CLERK'S REPORT (cont.)

The Town Clerk's hours are listed in this report with other hours for Town Officials, and can also be obtained by calling 585-7791 even when the office is closed. Be sure to check the newsletter for other important dates, and when the office will be closed for the holidays.

I would like to thank everyone for their cooperation and patience with us.

Respectfully submitted,
Jane Wright
