ANNUAL REPORT

Lisbon Town Hall

Town of Lisbon, New Hampshire

Year Ending December 31, 2010

Dedication

This year's Town Report gives recognition to the following individuals for their commitments to service to the Town of Lisbon:

Stephen Colby. *Over the years Mr. Colby has worn many official hats in our Town. Just a partial list includes; Cemetery Trustee, Planning Board Member, Trustee of Trust Funds, Selectman, Conservation Commission Member, Water Commissioner, and Treasurer. This year Steve officially retired from a career of community service spanning four decades.*

Gerald P. (GP) Houston. *Mr. Houston is a tenured member of the Lisbon Fire Department, and served as Chief from 1998 to 2010. This year GP stepped down as Chief, but remains an active member of the Fire Department.*

In Memoriam

We use this page to honor those no longer with us, whose contributions to the Town and Community were great. Who gave their time, their heart, and their energy so that others may benefit.

This year, we said goodbye to –

Harry Andross

He is probably best known for serving on the Lisbon Fire Department for some 56 years, and as its Chief for longer than most of us can remember. Harry also served in several other smaller yet instrumental capacities that helped keep the Town's buildings running smoothly. We were blessed to have his service, and he will surely be missed.

ARTICLE 19: To have the Town vote to register and make public records its objection to the construction of any portion of the 1200 Megawatt High Voltage Direct Current Transmission Line in the state of New Hampshire as presently proposed by Northeast Utilities, NStar, and Hydro-Quebec since such a huge project potentially poses negative affects to area tourism and property values, which would not be outweighed by supposed benefits. *(This article was submitted by petition.)*

ARTICLE 20: To see if the Town will vote to raise and appropriate the sum of \$2,000 [Two Thousand and 00/100 dollars] to be applied toward the funding of the planning and construction necessary to meet ADA requirements for accessibility to the Town Hall by individuals with disabilities and to further authorize the Board of Selectmen to apply for any available grant funding to support this construction. *(This article was submitted by petition. This appropriation is in addition to Warrant ARTICLE #4, the operating budget article.)* The Board of Selectmen recommends this article.

ARTICLE 21: To see if the Town will vote to raise and appropriate \$7,500.00 (Seven thousand five hundred and no/100 dollars) to support the Boys and Girls Club of the North Country. These funds are to be used to pay for the outstanding property taxes on the Club Building. *(This article was submitted by petition. This appropriation is in addition to Warrant ARTICLE #4, the operating budget article.)* The Board of Selectmen does not recommend this article.

ARTICLE 22: To transact any other business that may legally come before this Meeting.

Given under our hands and seal this 21st day of February, in the year of our Lord, Two Thousand and Eleven.

Other books, audio books, movies and magazines were donated to the Library throughout the year. Everyone's contribution is greatly appreciated.

During the Lilac Festival the Library held a trivia contest. During the Fall Arts Festival the Library hosted a "name that book" contest. For both events, successful contestants were awarded tee-shirts as prizes.

E books were added to the statewide downloadable consortium that the Lisbon Public Library is a member of. Patrons can access the downloadable audio books and E books by visiting the Library's website; lisbonpubliclibrary.org.

Books were added to the children's room in honor of babies born in Lisbon, Lyman and Landaff during 2009.

22 children participated in the summer reading program and reported that they read 203 books. Refreshments for the program were provided by members of Friends in Council.

On July 28th, thanks to a "Kids, Books and the Arts" grant, musical entertainment was provided for by the Mickey Spain Musical Jamboree.

During the winter holidays, new books for 75 children were collected and passed on to the Lions Club for distribution.

Respectfully submitted,
Karla Houston, Librarian

Professional Association/Accountants & Auditors

193 North Main Street, Concord, New Hampshire, 03301-5063, 603-225-6996, FAX-224-1380

To the Members of the Board of Selectmen
Town of Lisbon
Lisbon, New Hampshire

We have audited the accompanying financial statements of the governmental activities, each major fund and the aggregate remaining fund information of the Town of Lisbon as of and for the fiscal year ended December 31, 2009, which collectively comprise the Town's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Town of Lisbon's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

The government-wide statement of net assets does not include any of the Town's capital assets nor the accumulated depreciation on those assets, and the government-wide statement of activities does not include depreciation expense related to those assets. Accounting principles generally accepted in the United States of America require that those assets be capitalized and depreciated, which would increase the assets, net assets, and expenses of the governmental activities. The amount by which this departure would affect the assets, net assets and expenses of the governmental activities is not reasonably determinable.

As discussed in Note 14 to the financial statements, management has not disclosed a liability and all other information for other post employment benefits in governmental activities. Accounting principles generally accepted in the United States of America require that other post employment benefits be disclosed on the government-wide financial statements, which would possibly result in liabilities, reduce the net assets, and change the expenses of the governmental activities. The amount by which this departure would affect the liabilities, net assets, and expenses of the governmental activities is not reasonably determinable.

In our opinion, because of the effects of the matters discussed in the preceding paragraphs, the financial statements referred to previously do not present fairly, in

conformity with accounting principles generally accepted in the United States of America, the financial position of the governmental activities of the Town of Lisbon as of December 31, 2009, or the changes in financial position thereof for the year then ended.

In addition, in our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of each major fund and the aggregate remaining fund information of the Town of Lisbon as of December 31, 2009, and the respective changes in financial position thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The budgetary comparison information is not a required part of the basic financial statements, but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

The Town of Lisbon has not presented a management's discussion and analysis that accounting principles generally accepted in the United States of America have determined is necessary to supplement, although not required to be part of, the basic financial statements.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Lisbon's basic financial statements. The combining and individual fund schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. They have been subjected to the auditing procedures applied in the audit of the basic financial statements, and in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

LISBON POLICE DEPARTMENT 2010 ANNUAL REPORT

Members of the Lisbon Police Department welcome the community to the Lisbon 2011 Annual Meeting. Usually this time of the year we are winding down from a busy holiday season. Unfortunately we have not had this opportunity and January's calls for services surpass last year mid-March numbers. The Department has seen a drastic increase in calls for services and arrests. Several factors contribute to this increase including the present economy along with proactive officers enforcing our laws. The 2010 arrest rates have increased 40% from 133 in the year 2009 to 187 for the year 2010. Included in these numbers were increases of DWI arrest from 25 in 2009 to 34 in 2010 reflecting a 38% increase.

Outside of the Department regular patrols, we have been taking advantage of several Federal Funding Grants amounting to an additional 271 hrs of patrol which are funded through the New Hampshire Highway Safety Agency in the amount of \$10,722.00.

These additional patrols consist of:

- 90 hrs Speed Enforcement
- 126 hrs DWI Enforcement
- 55 hrs Seatbelt Enforcement

When our officers are not on the street they may be found educating our children in the areas of Halloween safety, bicycle safety, drivers educational instruction or working with several high school students with our Lisbon Police Department Mentoring Program.

I have decided to differ from the usual report and not include the Police Department activity on the follow page as we have done in the past. This year there will be a display set up on voting day to include these numbers as well as to answer the often asked question, "Why do we need four police officers?" This display will include statistics from both the area Departments and courts, budgetary numbers and number of officers with support staff. After your review, I hope you will have a better understanding of the activities we handle with our four officers. This information will be available for the public at request the week prior to Town Meeting at the Police Department.

I would encourage anyone with any questions in reference to this report or the daily operations of the Department to utilize my open door policy, to please call or stop by in order to address your concerns over a coffee.

Tanis J. Tavernier Jr.
Chief of Police

**DEPARTMENT OF PUBLIC WORKS
2010 REPORT**

Water meters were installed that were approved at last year's town meeting. With approval this year, we will work to complete the project.

Paving was done on Walker Hill to complete this stretch of road started over five years ago.

A section of wastewater line was replaced in the Dickinson Street area.

We positioned ourselves to be ready for the required change associated with our two-way radios. Our new license and repeater should be operational by early summer.

Fabric and gravel were installed on the Georgeville Road and a section of Perch Pond Road.

2011

Paving to be done on the Mt. Eustis Road from the intersection of Streeter Pond to Route 302.

I would like to take this time to thank the town's people for their continued support.

Please support our troops.

Respectfully submitted,
Kevin Clement
Superintendent of Public Works

**LISBON-LYMAN-LANDAFF
RECYCLING/TRANSFER STATION**

There has been a lot going on at the Transfer Station this year.

We have processed 700 tons of trash and 300 tons of recyclables.

Working with NCES and the Pemi-Baker district we have secured a competitive waste contract which will help keep costs down.

The scales have been up and running for a full year now and are working out well.

We would like to thank the people of Lisbon-Lyman and Landaff for their support throughout the year.

PEMI-BAKER SOLID WASTE DISTRICT

In 2010 the District continued its cooperative efforts to promote waste reduction, increase recycling, and to provide residents with a means of properly disposing of their household hazardous waste (HHW). The District's 2010 HHW collections were very successful. Two collections were held, one in Littleton and the other in Plymouth. Over 250 vehicles were tallied at the two events, an increase of over 30% from 2009. In addition to the waste brought by residents, a number of communities were able to dispose of waste that had been collected at their facilities over the past year. Total costs for the program were \$26,756. The District was awarded a grant from the State of NH for \$5,230 and received \$768 from non-residents and small businesses to cover their participation costs. This brought the net expenditure for the two collections to \$20,758 (a cost of \$.67 per resident). A table highlighting HHW collection data since 2006 is below.

In 2011, the District will once again hold collections in Littleton and Plymouth. Dates are tentatively set for Sunday, August 28th in Littleton and Saturday September 24th in Plymouth. The District takes great effort to provide these collection programs in a cost effective means, but the reality is that they are very expensive to hold (over 80% of our 2011 budget is targeted for HHW expenditures). At the same time, the State of NH's HHW grant program is under increasing funding pressure and there is no guarantee grants funds will be available in this or future years. Individual residents can help keep our disposal costs down, save themselves a few dollars, and reduce the toxicity of the environment by remembering a few of these helpful tips; Buy only what you need. If you have leftover product, properly store it so it will last. Use biological controls and organic products for pests and diseases in the garden when feasible. Apply chemical pesticides only as a last resort and be sure to follow the directions on the label. Lastly, air-dry your leftover latex paint. When completely dried, latex paint maybe disposed of in your household trash.

The District's household hazardous waste program once again allowed residents the opportunity to properly dispose of their unwanted or outdated hazardous household products. Over 200 residents came to one or more of the three collection events held this past summer. A number of recycling centers were also able to dispose of the household hazardous waste that they had accumulated in the past year. The net expenditure for the 2009 program was \$17,500. This was a reduction of nearly \$9,500 from the 2008 program. ThTe District plans to hold two collection events in 2010. They will be held in Littleton and Plymouth. Dates have not yet been set but tentative plans are to hold the collections in August and September. Check with your recycling center later in the year for the exact dates.

In 2011, the District will once again hold collections in Littleton and Plymouth. Dates are tentatively set for Sunday, August 28th in Littleton and Saturday September 24th in Plymouth. The District takes great effort to provide these collection programs in a cost effective means, but the reality is that they are very expensive to hold (over 80% of our 2011 budget is targeted for HHW expenditures). Lastly, air-dry your leftover latex paint. When completely dried, latex paint maybe disposed of in your household trash.

It cannot be stated enough how fortunate the District is to have some of the best recycling programs in the State along with some of the most knowledgeable and innovative facility operators and committee members. If at any time an individual community needs assistance in regards to their solid waste/recycling program, please contact the District at 838-6822 or by email at dwoods@ncia.net. If towns need financial assistance for making improvements to their recycling program they should contact NH the Beautiful. NH the Beautiful offers grant opportunities to NH communities to help with the purchase of recycling equipment. Grants may total up to one-half of the purchase price on such things as balers, roll-off containers, collections bins, or other equipment that will assist a town in achieving a higher diversion rate. More information on the grant program is available at www.nhthebeautiful.org.

As always, citizens interested in participating in the development of the District's programs are welcome to attend the District's meetings. Information regarding the place and time of the meetings is available at all municipal offices and recycling centers.

LISBON FIRE DEPARTMENT

2010 Annual Report

Although our run numbers remain consistent year to year (82 in 2010) we were lucky this year in that we had no major fires. This is a testament to the safety practices of our community in general but specifically individual home owners, landlords, tenants and business owners' compliance to safety standards as well as maintenance of fire and carbon dioxide detectors.

Our manpower has also remained steady with 18 active firefighters. As with most fire service organizations, we are always looking for volunteers. If you have lived in town more than one year, are physically fit, willing to dedicate the required time toward training and interested in joining the department, please contact any firefighter.

The Explorer Program has been a huge success for our Department as well as the kids involved, due largely to the efforts of Jeff Dodge. Currently six of our regular Fire Department members started out as Explorers. The program is open to students who live in Lisbon, age 14 and up enrolled in high school. It provides an excellent opportunity for youths to explore career options as well as fulfill community service requirements for graduation. Presently there are four students participating, however we have had several success stories over the past couple of years. Matt Hubbard has joined the department after having gone through the Explorer Program. Tommy Hartwell and Jeremy Dodge both graduated from the professional firefighter program at NHTI and are currently enrolled in a paramedic course. Hale Fitzgerald is attending University of Southern Maine and Riley Northrop is at NHTI; both are enrolled in professional firefighter/paramedic programs that include a work study option with Fire Departments giving them real life experience in the fire service.

At the Town Meeting this year we will ask for approval to expend \$10,000 from the previously established Fire Department building fund to be used for architectural consultation for a new fire station. To date the Department has contracted with a grant writer to research available monies, conducted a needs assessment based on the size of our community, our current equipment and staffing levels, population and coverage area. This information has helped us come up with a preliminary building plan and confirmed that the Main Street property purchased in 2003 is adequate. It is our goal, through our association with an architectural firm and grant writer, that we will be prepared at the 2012 Town Meeting to request matching funds from the Town to complete a new station. Preliminary information and plans are available at the Fire Station and we continue to meet on a monthly basis; if you are interested in working on the committee please contact George Stevens.

In closing, I would like to say a special thank you to G.P. Houston for his dedication as Chief for the last twelve years; he will continue to serve on the department but will hopefully have more time to pursue other interests. Geep led by example, fostering a strong, dedicated volunteer force whose primary mission is to serve the people of Lisbon. Thank you, Geep.

And lastly, as you know, this past year we lost our mentor, Harry Andross. We are proud of the organization that is the Lisbon Fire Department today and without Harry as our mentor it wouldn't exist. Harry was instrumental in the development of Lisbon's Fire Department as well as the Twin State Mutual Aid organization that we rely on. His devotion, dedication, leadership and vision for the future formed us as a Department and individually as men. We will miss him.

Respectfully submitted,
George Stevens, Fire Chief

LISBON LIFE SQUAD

It has been a pleasure serving the towns of Lisbon, Landaff and Lyman for the year 2010. We are proud of our past years accomplishments in serving the community. The Life Squad has been very busy with ongoing training keeping members current with their EMT skills, including hosting a State Refresher Training Program class required for members to re-certify their License for the National Registry. We currently have 3 members advancing their license levels. Tommy Hartwell and Jeremy Dodge were accepted into Paramedic School, and Lindsay Coyle currently attending EMT Intermediate class. We also have 4 potential new members active in an EMT class and will be testing with the National Registry within a couple of months. We also hope to host a local EMT Basic class in Lisbon in the new year.

Lisbon Explorer program has also been very productive this past year. The Explorer Program helps recruit young men and women to the EMS community by providing training and ride along experience to actual emergency calls. They currently have 7 active members. Explorer Jennifer Taylor is currently attending EMT Basic class and will be joining Lisbon Life Squad as a licensed EMT upon passing the National Registry. The Explorers have held fund raisers to assist in purchasing first aid equipment and personal protective equipment for each Explorer. We always welcome and provide assistance to anyone interested in becoming an Emergency Medical Technician to volunteer to support the Town.

Sadly we said goodbye to two long time members, Renee Cate and Sabra Carroll, we wish them all the best and thank them for all their past years of dedicated service.

We would like to thank the crews of Woodsville Ambulance and Ross Ambulance for their professional support and assistance this past year.

Lisbon Life Squad has responded to total of 266 Medical, Trauma, Public Assist and Fire calls this year, of those calls we responded to 210 in Lisbon, 28 in Landaff, 24 Lyman, and 4 mutual aid to Bath.

In conclusion, I would like to thank all squad members and explorers of the Lisbon Life Squad for their hard work and dedication. It is a great please to work along side such caring and skilled volunteers while serving our community.

LISBON LIONS CLUB

The Lisbon Lions Club will celebrate its 72nd anniversary this year. Our membership includes residents from Lisbon, Landaff, Lyman and Bath. Thank you to the members of our club who have put in countless hours of volunteer time to support our numerous activities. Also, thank you to the townspeople and businesses in and around our communities. Without your support and assistance we would not be as successful as we are today. This additional support and spirit enables us to provide yet again a wide range of programs to the local youth and senior citizens, and to assist others in sight and hearing in our communities. The club would also like to thank the staff and administration at Lisbon Regional School for allowing us to use their facility for fund-raisers and events.

The Lions Club Community Field and Pool continue to provide an essential function to the community and school system. The Lisbon Lions Club provides athletic programs for youths in soccer, basketball, baseball and softball, as well as swimming and skiing lessons, and an ice rink for skating. We also provide tennis and basketball courts next to New England Wire Technologies. In conjunction and with the continued support of NEWT, we have been able to maintain these facilities.

In addition to athletic programs, we hosted a spring time Senior Citizens Dinner, a Senior Citizens Holiday Dinner, Santa's Hotline, Santa's Christmas Eve visits, the Children's Christmas Party with the Lisbon Public Library, the Halloween party in conjunction with Lisbon Main Street, a bonfire for the Homecoming Soccer Game, and donated half the proceeds of our Christmas Tree Sale to local food pantries that serve Lisbon, Landaff and Lyman. We provide funds towards eyeglasses and hearing equipment for local community members who are in need and donate to a variety of local worthy causes, especially those involving children such as the Boys & Girls Club.

The Lions Club would like to have your continued support for the following fund-raisers; Annual Raffle, Christmas Tree Sale, The Tip-Off Classic (basketball tournament) and The Kick-Off Classic (soccer tournament) and, of course, our famous Sausage Concessions at Lilac Time in the spring and the Arts Festival in the fall.

We thank the Towns of Lisbon, Landaff and Lyman for their annual funding. All of this is possible with your continued support.

LISBON MAIN STREET, INC.

Annual Report for 2010

Downtown Lisbon businesses more than held their own this year despite the dreary national economic picture early in 2010. Two new businesses opened – All Good Foods Restaurant and L&L’s Laundry – both locally owned and managed, creating 6 new jobs. One business closed, Tri-State Funding Solutions, taking with it 4 jobs, for a net of 2 new jobs downtown. There was other good news on the employment front when the three major downtown manufacturers reported a total of 67 hires, some of which were new positions. New England Wire Technologies also unveiled its newest venture into the medical field with a ribbon cutting for New England Catheter.

Lisbon Main Street Promotion Committee volunteers were busy with numerous events again beginning with the Lilac Festival on Memorial Day weekend. Four summer concerts at the Shared Ministry’s White Church on South Main Street entertained tourists and other visitors from Lisbon and surrounding towns. The Farmers Market moved to Saturday mornings and welcomed some new local vendors with berries and pumpkins. The annual fall Yard Sale/Flea Market was a hit again this year and was combined with the Farmers Market for one day. Joining in the Arts Festival this year, LMS volunteers hosted a Scarecrow Decorating Contest to the delight of dozens of youngsters and their families. And the annual Pumpkin Festival was a Halloween hit again at Town Hall. A tree-lighting ceremony at Chevron Park was added to the Christmas holiday events this year.

Putting the focus on promoting Lisbon as a place to shop was another priority this year when LMS published two holiday shopping promotional pieces – one for Valentine’s Day and the other for Christmas Holiday shopping – that were widely distributed downtown.

The Lisbon Market Study report was released in late summer. The contents are being used as the basis for future Lisbon marketing plans. As part of our “marketing Lisbon” plan, Lisbon Main Street, Inc. also launched itself on Facebook in May, capturing the attention of many new connections who seem to “like” us a lot! Volunteers with Lisbon Main Street published a brand new Business Directory this year with more complete business information and a new format. The Economic Committee also began a series of one-on-one meetings with business owners throughout the downtown.

Putting our best foot forward is important, so keeping up downtown’s appearances remains a major effort of Lisbon Main Street. This year Design Committee volunteers added a new flower bed at the Farmers’ Market area with perennial plantings. The flower barrels continue to provide a welcoming sight on Main Street. They are maintained by a network of volunteers who do the planting and continuous care throughout the summer and fall.

Lisbon Main Street, Inc. continued to work toward revitalizing downtown Lisbon using the National Main Street Center’s comprehensive, multi-faceted approach, and once again can proudly claim the national accreditation they have continued to earn for the past five years.

The Board of Directors of Lisbon Main Street, Inc. is grateful for the continued assistance we receive from the Town of Lisbon taxpayers and the private contributions of residents of the community. Without your support, our work would not be possible.

NORTH COUNTRY HOME HEALTH AND HOSPICE AGENCY, INC.

North Country Home Health & Hospice Agency has been meeting the home health and hospice needs of the North Country since 1971.

North Country Home Health & Hospice Agency provides skilled services such as nurses, therapists, home health aides, medical social workers, and homemakers. Under our hospice program we also pay for medications for symptom relief, medical supplies and equipment, short term hospitalization and in-patient respite care, counseling and pastoral support. Hospice volunteers provide valuable support to those living with a life-limiting illness. Our Compassionate Care program provides limited amounts of skilled care, at no cost to those who are not eligible for traditional hospice benefits. In 2010 we traveled 221,820 miles to provide 23,315 visits to the residents in our 21-Town service area.

North Country Home Health and Hospice relies on Town support and individual donations to help underwrite the cost of providing home health and hospice care to residents who are uninsured or underinsured. The Board of Directors and Staff of North Country Home Health & Hospice are well aware of the fiscal concerns facing most North Country Towns and are most grateful for your continued support during these challenging economic times.

GRAFTON COUNTY SENIOR CITIZENS COUNCIL, INC.

Grafton County Senior Citizens Council, Inc. is a private nonprofit organization that provides programs and services to support the health and well being of our communities' older citizens. The Council's programs enable elderly individuals to remain independent in their own homes and communities for as long as possible.

The Council operates eight senior centers in Plymouth, Littleton, Canaan, Lebanon, Bristol, Orford, Haverhill and Lincoln; operates adult in-home care from offices in Lebanon and Haverhill; and sponsors the Grafton County ServiceLink Resource Center and RSVP and the Volunteer Center. Through the centers, ServiceLink and RSVP, older adults and their families take part in a range of community-based long-term services including home delivered meals, community dining programs, transportation, counseling, elder care, chore/home repair services, recreational and educational programs, and volunteer opportunities.

During 2010, 96 older residents of Lisbon were served by one or more of the Council's programs offered through the Horse Meadow or Littleton Area Senior Center and the new GCSCC adult in-home care program. Ten residents were assisted by ServiceLink:

- Older adults from Lisbon enjoyed 934 balanced meals in the company of friends in the Littleton center's dining room.
- They received 5,459 hot, nourishing meals delivered to their homes by caring volunteers.
- Lisbon residents were transported to health care providers or other community resources on 281 occasions by our lift-equipped buses.
- Lisbon residents benefited from GCSCC's new northern Grafton County adult in-home care program with 363.5 hours of care.
- They received assistance with problems, crises or issues of long-term care through 31 visits with an outreach worker and 13 contacts with ServiceLink.
- Lisbon's citizens also volunteered to put their talents and skills to work for a better community through 501 hours of volunteer service.

The cost to provide Council services for Lisbon residents in 2010 was \$61,545.62.

Such services can be critical to elderly individuals who want to remain in their own homes and out of institutional care in spite of chronic health problems and increasing physical frailty, saving tax dollars that would otherwise be expended for nursing home care. They also contribute to a higher quality of life for older friends and neighbors. As

our population grows older, supportive services such as those offered by the Council become even more critical.

Grafton County Senior Citizens Council very much appreciates Lisbon’s support for our programs that enhance the independence and dignity of older citizens and enable them to meet the challenges of aging in the security and comfort of their own communities and homes.

Direct Services and Shelter for Victims and Survivors

of Domestic and Sexual Violence and Stalking in Northern Grafton County, NH
 P0 Box 965, Littleton, NH 03561 Phone: (603) 444-0624 Fax: (603) 444-0646

The Support Center at Burch House is a private, non-profit agency that provides direct services and emergency shelter to victims of domestic and sexual violence and stalking in Northern Grafton County. We respectfully request that you place \$830 in funding the equivalent of .50 per resident, either in your 2011 budget or on the 2011 town warrant to support the essential services that we provide in your community. We are very grateful for the generous support of the voters last year, and are hopeful that Lisbon will continue to support our program.

In fiscal year 2010, the Support Center at Burch House provided services to 447 victims of violence in our catchment area, including the Town of Lisbon. Our agency also responded to 284 requests for information, referrals, food pantry items, and general assistance. All of our services are provided at no cost to the recipient.

AMMONOOSUC COMMUNITY HEALTH SERVICES, INC

Ammonoosuc Community Health Services' (ACHS) mission is to provide quality affordable healthcare to the 26 communities we serve in southern Coos and northern Grafton Counties, regardless of their ability to pay. In many instances, ACHS is the safety net that provides critically needed healthcare to those who otherwise would not have access.

As one of the largest primary healthcare networks in northern New Hampshire (and Vermont), nearly 10,000 patients chose ACHS as their Medical Home, including **835 Lisbon patients**. ACHS is a highly respected non-profit Federally Qualified Health Center (FQHC) that has been providing patient-centered affordable, quality healthcare for over 35 years regardless of one's ability to pay. Our ability to continue to provide these services depends on the generous support from the communities we serve.

We have sites in Littleton, Franconia, Warren, Whitefield, and Woodsville. Although we are extremely grateful to have received funding to expand and upgrade our Littleton and Warren care delivery sites this past year, those funds can only be used for their intended use and not for patient care. Our community fund raising continues to be an important part of operating our community health centers. We accept the uninsured, under-insured, Medicare, Medicaid and most commercial insurances. We also offer a sliding-fee-scale for payment of services for those who qualify.

ACHS has 9 Family Practice Physicians, 2 Pediatricians, 5 Advanced Practice Registered Nurses and 2 Physician Assistants. We also contract with 2 Ob/Gyn Physicians, and employ 1 NH Licensed Social Worker/Licensed Alcohol and Drug Counselor, a Clinical Psychologist and a Psychiatric Nurse Practitioner. We also employ Registered and Licensed Practical Nurses, a Nutritionist, Social Workers, Patient Navigators, and other support staff.

ACHS offers a broad spectrum of health care services including:

- Comprehensive Primary Medical Care for all ages
- Family Planning – Birth Control, STD Checks, HIV Testing and Counseling
- Pre-Natal Care – Childbirth Education, Nurse/Midwife Service and Newborn Care
- Pediatrics
- Chronic Disease Management
- Breast & Cervical Cancer Screening Program
- Behavioral Health Care – Counseling, Drug and Alcohol Treatment
- WIC/SCFP – Healthy Food and Nutrition Education
- Pregnancy & Beyond Home Visiting Program
- Partners in Health – support for Families with Children with Chronic Health Conditions
- Oral Health Referrals and Voucher Program
- Pharmacy Program

The Board of Directors, Staff and Patients of ACHS thank the Town of Lisbon and the many organizations and community members who have supported Ammonoosuc Community Health Services throughout the past year. Your generous contributions and commitments are greatly appreciated.

Respectfully submitted,
Edward D Shanshala II, MSHSA, MSED
Chief Executive Officer and
Executive Director

COURT APPOINTED SPECIAL ADVOCATES (CASA)

Please accept our sincere appreciation for generously supporting Court Appointed Special Advocates (CASA) of NH. We value your partnership and recognize that with the assistance of Towns like Lisbon we are changing the lives of children for the better.

During these difficult economic times many families are left with limited financial and emotional resources. These stressors can lead some parents to take their frustrations out on their children emotionally, physically or through severe neglect. When this happens, children's lives are impacted profoundly. Being the victim of child abuse and neglect changes lives forever. This is where CASA steps in. With the focus of the CASA volunteers directed toward the best interest of these children, we are helping to stop the cycle of violence.

IN FYE 2010, CASA of NH served 1170 children statewide; 67 of these children live in Grafton County. Many of those children and their families are part of the fabric of the Lisbon community. These children attend your schools, live in foster homes or with extended family members and utilize other community supports.

Financial support from the Town of Lisbon has provided CASA with the ability to recruit, screen and supervise Grafton County citizens to speak up on behalf of those who cannot speak for themselves. Last year, 32 citizens; your neighbors, your co-workers, your friends, traveled over 41,993 miles and expended nearly 4073 hours advocating for the most vulnerable in your community.

We respectfully request your consideration for continued funding of \$500 in your 2011 budget. Thank you for sharing our vision that every child be provided a safe, permanent home.

Sincerely,
Marcia R. Sink
President and CEO

AMERICAN RED CROSS

Please accept this letter as a request for funds in the upcoming fiscal year for the American Red Cross in the amount of \$775 (\$0.45 per capita for the 2009 Lisbon population of 1723).

The American Red Cross serves every community in New Hampshire, including Lisbon and surrounding towns. Red Cross staff and volunteers provide support and relief after a disaster; emergency preparedness training; courses in health and safety; blood drives; volunteer and youth leadership opportunities; and aid for military families. The Granite Chapter 2009 Annual Report is enclosed.

In fiscal year 2010*, the American Red Cross has been active throughout the 110 towns in the Granite Chapter area that covers central and northern New Hampshire.

- **Disaster Services:** Red Cross-trained volunteers make up the Granite Chapter Disaster Action Team, which responds to disasters in Lisbon and surrounding towns. This disaster action team is a group of volunteers who are specially trained to provide disaster relief and emotional comfort. They are available to respond at any time of day or night to disasters in their communities and surrounding towns.

Fortunately there were no home fires or other local disasters last year in Lisbon that required Red Cross assistance. Red Cross disaster volunteers throughout New Hampshire worked with **227 disaster cases**, helping a total of **674 people**; that is an average of more than four disasters a week. Most local disasters were residential fires, but the Red Cross was also there during the February 2010 snow and rain storm helping 33 people recover from that disaster. Also we provided assistance to 16 people in the Manchester area as a result of the Haiti earthquake in January.

- **Medical Careers Training:** Because of the training and/or testing through the Red Cross LNA training program in New Hampshire, **1094 Licensed Nurse Assistants** and **208 Phlebotomists** (those who draw blood) entered the healthcare field last year. 580 of those LNA's and 133 Phlebotomists were from the Granite Chapter area.
- **Service to the Armed Forces:** The Red Cross is there to help the Armed Forces personnel and their families in times of difficulty. Last year the Red Cross responded to **382 cases** for assistance to military families in New Hampshire, including **126 cases** in central and northern NH.
- **Health and Safety Classes:** The Red Cross focuses on safety and prevention through our many training courses, such as Adult, Infant, and Child CPR, AED training, First Aid, water safety, disaster training, first responder, and Babysitter's Skills. In all, we impart hope and confidence along with skill and knowledge. In the Granite Chapter area, there were **1,684 Health and Safety classes** that trained **13,029 enrollees**. Throughout the State last year, the Red Cross held **4,791 classes** and trained **36,054 participants** at Red Cross offices and in communities.
- **Biomedical Services:** Last year, there were **317 drives** in the Granite Chapter area that collected **14,275 units** of life-saving blood, with a **blood drive in the Lisbon area**. Throughout the State, there were **1,124 blood drives** where

generous donors gave a total of **52,671 units** of the “gift of life”. NH hospitals depend on the American Red Cross for their blood supplies.

Our disaster response services and military assistance are free to everyone and are not duplicated by any other agency or organization. The American Red Cross is a non-profit organization that receives no annual federal funding. We depend on generous donations of time and money from the American people to support our services. An appropriation from your Town would help the Red Cross continue to train and prepare people for emergencies, and respond swiftly and effectively at times of crisis.

Municipal contributions are one part of our diversified funding sources. We ask all towns in the State for a contribution to the humanitarian services of the Red Cross. We understand that many towns have different budget cycles. If this letter comes to you at an inconvenient time in your town’s budget process, or if you need other information, please contact:

Becky Field, Communications Director (1-800-464-6692, x209; fieldr@nhredcross.org).

Volunteers and staff look forward to serving the residents of Lisbon in the next fiscal year. Thank you for your consideration of this request to support the humanitarian work of the American Red Cross.

Should you need additional information or have any questions, please do not hesitate to contact me (603-225-6697 x 226). I or my representative would be glad to meet with you.

Sincerely,
Maria White
CEO, New Hampshire Region

NORTH COUNTRY COUNCIL, INC.

Dear Friends,

We would like to thank all of you for your support of the North Country Council this past year. We have made a number of positive changes and completed a number of projects throughout the region. Once again, we reaffirmed the Council's commitment to serve community and regional needs.

The Council continued to deliver planning and economic development services throughout the region. We have and we will continue to adjust our capacities to respond to the needs of the communities and you will see this in the programs that we will be introducing in the coming years. We have continued with our traditional programs in master planning, natural resource planning, Brownfields Assessments and transportation planning, and these will continue to be a focus of North Country Council. As many of you have seen, there is also a renewed emphasis on energy planning. We have started to provide technical assistance for energy planning and this will continue. North Country Council along with the eight other planning commissions also applied for funding from the Housing and Urban Development agency through the Sustainable Communities Initiative which will provide additional resources to help the region and communities in the development of regional and community plans.

In economic development we continue our strong relationship with the Department of Commerce and the Economic Development Administration (EDA) in bringing funding and project development to the region. Two projects in which we are very involved with the State and the local communities are the reuse of the Groveton Mill and the natural gas and methane pipeline to the Gorham paper mill. These along with other economic opportunities will continue to be a focus in the coming year.

Again, thank you for all of your support for the Council. We hope that our staff and Executive Director can continue to be of service to your community. The Council is here to serve you. It is your organization. Our staff and Board are committed to responding to community need. If there is a project or a need in your town, please call us. We are dedicated to both supporting our individual towns and promoting regional unity in the North Country.

Thank you for the privilege of allowing us to serve as your President and Executive Director.

Respectfully submitted,
Glenn English, President
Michael King, Executive Director

UNIVERSITY OF NEW HAMPSHIRE COOPERATIVE EXTENSION

University of New Hampshire Cooperative Extension's mission is to provide New Hampshire citizens with research-based education and information, to enhance their ability to make informed decisions that strengthen youth, families and communities, sustain natural resources, and improve the economy.

Four full-time Extension Educators, Deborah Maes, Consumer and Family Resources, Kathleen Jablonski, 4-H Youth Development, Heather Bryant, Agricultural Resources, and David Falkenham, Forestry and Wildlife Resources are joined by Arianne Fosdick, Volunteer Management Program Assistant and Michal Lunak, State Dairy Specialist. Lisa Ford, Nutrition Connections, is housed at Whole Village Family Resource Center in Plymouth. Our staff are supported in the office by Kristina Vaughan, Teresa Locke and Donna Lee.

Volunteers in 4-H Youth Development, Forestry Coverts and Master Gardeners programs are an important asset to our outreach work. The volunteers who serve on the Grafton County Extension Advisory Council provide support and guidance for our programs. Recent council members include David Keith from North Haverhill; Rebecca Page, Haverhill; Martha McLeod, Franconia; Frank Hagan, Bethlehem; Cheryl Taber, Littleton; Luther Kinney, Sugar Hill; Mary Ames, Bath; Pauline Corzilius, Pike; Annemarie Godston, North Haverhill; and Emilie Shipman, Enfield. They are joined by State Representative Kathleen Taylor and County Commissioners, Raymond Burton, Michael Cryans and Martha Richards.

*The Dairy and Agricultural Resources programs focus on the educational needs of dairy and commercial farmers and growers.

*A SARE grant and county funding supported a pepper variety trial on county land.

*A series of workshops targeting commercial growers included starting seedlings, small fruit production and apple pruning.

*Master Gardeners helped develop a parallel series of gardening workshops targeting youth that were offered throughout the summer. Topics included pressing flowers, fiber arts, and creating a habitat with compost.

*Dairy Farmers attended workshops focusing on developing sustainability in tough economic times.

*Food Safety classes provide education for food service workers and school food service personnel.

*A collaboration between UNHCE and Child and Family Services helped provide parenting education classes to county residents.

*The Nutrition Connections program focuses on the needs of families with limited resources.

*The County Forestry Management Plan covering the 515 acres of county owned land was completed.

*The County Woodlands Tree Farm was successfully audited, and received renewed certification.

*In collaboration with the Natural Resources Conservation Service/USDA office, cost share projects were started or facilitated on privately owned lands.

*Our youth development program provides leadership to adult leaders of 4-H clubs and training for after-school program staff.

*NPASS (New Practices in After School Science) has trained staff in three school districts. This project seeks to foster an interest in science careers.

*Over 100 leaders worked with 230+ youth to help stage 20 county events as well as assist in regular club meetings.

*An Afterschool orientation session, based on new credentialing guidelines enacted by the state legislature, was presented around the state by 4-H Youth Development staff.

All staff members contribute to a weekly column that is sent to papers county-wide. We have expanded internet presence on our county web page and on Facebook.

AMMONOOSUC RIVER LOCAL ADVISORY COMMITTEE

Dear Friends,

Let me take this opportunity to introduce you to the Ammonoosuc River Local Advisory Committee (LAC). Three years ago, the Ammonoosuc River was designated a protected river by the State Legislature under RSA 483. Each town on the river can nominate representatives to be on the Local Advisory Committee to be appointed by the Commissioner of the New Hampshire Department of Environment Services, the Rivers Management Advisory Committee (RMAC) and the municipalities, through which the Ammonoosuc River flows, on matters pertaining to the management of the river.

We have been busy the past three years meeting on a monthly basis reviewing development plans along the river, advising DES and the town's methods to protect the river, performing water quality tests in various locations along the river and listening to citizens' concerns in regards to the river.

This year the LAC, under the Volunteer River Assessment Program (VRAP), conducted water quality testing from May through September for turbidity, ph, dissolved oxygen, water temperature, and specific conductance. Additional sampling was also collected at a multitude of stations for total phosphorus, E. Coli and Chloride levels. We also partnered with the Connecticut River Joint Commissions to sponsor a fluvial geomorphic study on the river. Presentations have been made to all the towns on the results of this study and the areas that we all need to be concerned about. We are in the process of developing the river management plan for the Ammonoosuc which is expected to be completed in 2011.

The Committee would like to thank all of you and your town government for supporting us and we welcome your input. We meet monthly, usually the first Wednesday of each month. All of our meetings are open to the public and if you would like to attend, please email or call us for the exact time and location of our monthly meeting.

Sincerely,

The Ammonoosuc Local Advisory Committee

HOUSE OF REPRESENTATIVES

CONCORD

February 3, 2011

Dear Selectmen:

At last year's town meeting in Lincoln, I spoke of a growing deficit that would, by many estimates reach \$600M. It has become more apparent that the figure was an underestimation of what the actual gap would be. Thanks to the overspending (25%) over the past four years and the overly optimistic revenue estimates, we now find ourselves facing a budget deficit that is nearing the \$1 Billion mark, which represents \$700 for every man, woman and child in New Hampshire.

There is no easy fix to this problem. The economic crisis that we face affects every citizen, perhaps the impact is felt even more so here in the North Country of New Hampshire, where we rely so heavily on the tourism industry.

In the coming season, it is important that we restore the New Hampshire Advantage that we have enjoyed within the region for many years – one of less government, lower taxes, and a business-friendly environment.

Over the next two years, I intend to help put the "open for business" sign back out in the Granite State. I will continue to vote against tax and fee increases and for reducing taxes whenever possible. I intend to oppose any attempt to downshift more expenses onto our communities that would have a negative impact on our property taxes.

I have sponsored a bill that will permit certain county governments to access certified competitive retail electric supply markets. I am also sponsoring legislation that will repeal the State enforcement of OBD II requirements for motor vehicles. I am also a strong supporter of gambling as a means of not only bringing more revenue to the North Country and greatly reducing or completely eliminating the State wide property tax, while creating hundreds of jobs at the same time.

The task at hand is monumental, but I believe we are headed in the right direction in Concord, with a leadership team that is focused on reducing spending, promoting economic development, fixing the State retirement system, and focusing on making New Hampshire a great State once again.

Respectfully,
Edmond Gionet
State Representative
Grafton Country, District 3
