## THE STATE OF NEW HAMPSHIRE

---

To the Inhabitants of the School district in the town of Rumney qualified to vote in district affairs:

You are hereby notified to meet at Rumney Town Hall in said District on the eleventh day of March 1933, at two o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agents of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see if the district will vote to make any alteration in the amount of money required to be assessed for the ensuing year for the support of public schools and the payment of the statutory obligations of the district, as determined by the school board in its annual report.

Given under our hands at said Rumney this 18th day of February 1933.

LEON N. BRYAR,  
FRANCES H. EASTMAN,  
MYRTLE B. CRAIG,

School Board.

A true copy of Warrant—Attest:

LEON N. BRYAR,  
FRANCES H. EASTMAN,  
MYRTLE B. CRAIG,

School Board.

## REPORT OF SUPERINTENDENT OF SCHOOLS

---

To the School Board and Citizens of the Rumney School District:

I hereby present my third annual report as Superintendent of the public schools of Rumney.

### Instruction

The teaching staff of the district is the same with the exception that Stewart Thompson of Stewartstown was appointed teacher at the Depot grammar school. He is a graduate of the Keene Normal School with a splendid record. His prestige with the pupils is excellent and results of his work good. The achievements in Latin and Algebra started last year at the Village warranted their continuation this year and the prospects are that much more will be accomplished this year.

For sometime there has been a keen desire for more music in the schools. Although music may be considered a fad by some, nevertheless, it cannot be denied that it functions in adult life as much as many subjects loosely classified under the "3 Rs". The Board in conjunction with the supervisory union a few years ago investigated the possibility of a music supervisor, but the financial depression ended the project. At present it seems that no feasible way can be worked out with the Plymouth Normal School.

Accordingly early this fall a committee of teachers composed of Elinor Jones, Beatrice Putney and Mary Russell made a survey of this problem and brought in a plan and recommendations for the music of the district. Valuable discussion followed and a somewhat uniform course adopted. Miss Jones, chairman of the committee is assisting weekly in the music at the Depot school and Mr. Thompson gives a course in general science in the Village school at the same time. The pupils of the district are getting instruc-

tion in the theory of music and seem to thoroughly enjoy singing.

The fundamentals in Arithmetic are tested by the Superintendent from time to time and remedial work prescribed.

### **Attendance and Health**

The percentage of attendance for the district was 62% below the percentage of the state at large. Three schools exceeded the state average and four fell below. It is hoped that this year all may reach the state average. Excluding the very few willful violators of school attendance in nearly every community, the attendance of schools will vary generally with the health of its pupils. The entire matter seems to be one of common sense. Children should be sent to school when physically able and kept at home when there is possibility they are coming down with contagious diseases. Even during the present depression necessary dental and medical attention should not be deferred too long and defects incurred that can never be corrected.

### **Property**

Since the last report the Village school has been painted on the outside. It should be painted on the inside at once. At Stinson Lake the porch has been enclosed and hooks installed for hanging up outer clothing. A well was driven by means of funds furnished largely by summer people. The water was started in January and was found to be good by a test of the State Board of Health. One side of the Quincy school has been shingled.

Since the last report Judge Kimball of Plymouth gave a flag pole to the Depot Parent Teachers' Association which organization painted, equipped and raised with appropriate ceremony. The same association gave \$10.00 for baseball equipment and \$10.00 toward purchase of tools for Manual Training under the supervision of the 4-H Club. It has also been voted to have a pupil fitted for glasses and to frame a picture of Washington in the Depot primary room.

All of these projects at the Lake and Depot show a splendid interest in the young people and are gratefully acknowledged.

### Conclusion

During the year fire drills have been organized and conducted frequently throughout the district and the building thoroughly inspected for fire hazard. I regard this as highly important from a view point of safety of lives of children and protection of property. During the year the records of the district have been carefully sorted and are kept in a fireproof safe in the office of the school board in the town house.

The graduation in June was unique in that it broke away from traditional exercises and was built up around the bicentennial of the birth of Washington. Great credit is due the teachers and pupils for the preparation and presentation of the entire graduation.

Respectfully submitted,  
ALLAN M. McCURDY.
