January 14, 2004

To the Board of Selectmen
Town of Fitzwilliam, New Hampshire

We have audited the general purpose financial statements of the Town of Fitzwilliam, New Hampshire as of and for the year ended December 31, 2003, and have issued our report thereon dated January 14, 2004

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement.

The management of the Town of Fitzwilliam, New Hampshire is responsible for establishing and maintaining an internal control structure. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures. The objectives of an internal control structure are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of general purpose financial statements in accordance with accounting principles generally accepted in the United States of America. Because of inherent limitations in any internal control structure, errors or irregularities may nevertheless occur and not be detected. Also, projection of any evaluation of the structure to future periods is subject to the risk that procedures may become inadequate because of changes in conditions or that the effectiveness of the design and operation of policies and procedures may deteriorate.

In planning and performing our audit of the general purpose financial statements of the Town of Fitzwilliam, New Hampshire for the year ended December 31, 2003, we obtained an understanding of the internal control structure. With respect to the internal control structure, we obtained an understanding of the design of relevant policies and procedures and whether they have been placed in operation, and we assessed control risk in order to determine our auditing procedures for the purpose of expressing our opinion on the general purpose financial statements and not to provide an opinion on the internal control structure. Accordingly, we do not express such an opinion.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of one or more of the internal control structure elements does not reduce to a relatively low level the risk that errors and irregularities in amounts that would be material in relation to the general purpose financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control structure and its operation that we consider to be material weaknesses as defined above.

However, we noted certain matters involving the internal control structure and its operation that we have reported to the management of the Town of Fitzwilliam, New Hampshire in a separate letter dated January 14, 2004.

This report is intended for the information of management and the Board of Selectmen. However, this report is a matter of public record, and its distribution is not limited.

RSA 79-A:1 Declaration of Public Interest

"It is hereby declared to be in the public interest to encourage the preservation of open space, thus providing a healthful and attractive outdoor environment for work and recreation of the state's citizens, maintaining the character of the state's landscape, and conserving the land, water, forest, agricultural and wildlife resources. It is further declared to be in the public interest to prevent the loss of open space due to property taxation at values incompatible with open space usage. Open space land imposes few if any costs on local government and is therefore an economic benefit to its citizens. The means for encouraging the preservation of open space authorized by this chapter is the assessment of land value for property taxation on the basis of current use..."

2003 BOARD OF SELECTMEN'S REPORT

The Board of Selectmen submits the following report to the residents of Fitzwilliam for the calendar year ending December 31, 2003.

Fitzwilliam closed out the year in good financial shape. Due to the significant increase in the school portion of your tax bill, we decided to use \$200,000 of unexpended fund balance to lower the municipal portion. This resulted in a lower overall tax increase for this year. We were fortunate to have available unexpended funds to allow us to do this. We can't rely on town surpluses every year and we anticipate that the school portion will again rise next year.

We have diligently worked to complete the sprinkler project. Thanks to the hard work of many, especially Paula Thompson and Gene Cuomo, we will complete the project within budget.

Our wastewater treatment project is at this moment dead in the water. Although our committee has continued to look for alternate solutions, we have not been able to acquire the land necessary to proceed.

This year saw the completion and opening of the long awaited library addition. A true example of community spirit and perseverance. This addition is the result of donations, tax money and fund raising. The community should be proud of this addition to Fitzwilliam.

Fortunately our only pending legal case concerns the radio tower proposed by Sage Communications. This tower was approved by the Planning Board, but due to concerns by abutters we are in litigation. Funds to pay the police prosecutor are also included in our legal budget line. This position has increased the efficiency with which we can handle cases and frees up police time.

2004 is Fitzwilliam's year for Certification Assessment Review by the Department of Revenue Administration. We have placed an article on the warrant for a partial reevaluation and update. This will bring our assessment up to 100% and put us in an excellent position for this review.

This year we have again placed an article on the warrant to separate the combined position of Town Clerk/Tax Collector into separate positions. In addition, you will be asked to vote to change the position of Tax Collector from an elected position to an appointed position. We ask your support for these changes. We have been fortunate to have an excellent person in these positions for many years. However, as regulations increase it is important to have experience and continuity in the Tax Collector position and this is not always possible in an elected position by State Statute. The position of Town Clerk will remain an elected position. We hope you will vote to support this change.

The Police and Fire Department have been working together to develop a plan for the Public Safety Building. This plan, which will provide for the future storage and operational needs of both departments is still under discussion, so we are asking you to put money into the existing Capital Reserve. We hope to present a plan in the 2005 budget and start construction in 2005.

The Board of Selectmen would like to thank our employees, elected officials and volunteers for all their hard work during 2003. We appreciate your dedication to keeping the Town of Fitzwilliam running smoothly. We encourage all town residents to join us and actively participate in your town.

2003 REPORT OF THE HIGHWAY DEPARTMENT

In 2003 the Highway Department road projects included parts of East Lake Road, Fullam Hill Road, Royalston Road, and Templeton Turnpike Road. The bridge on Templeton Turnpike was repaired with our highway department crew working together with the State of New Hampshire DOT Bridge Crew. The total cost to the Town was only \$1,130.

The road sealing project continued with the stone sealing of Warren Hill Road and Able Road. Another road project was the redesign and construction of Richmond Road where it intersects Rt. 119 West. This project was done to help make the road safer and slow the traffic down. From the feedback I have had over the last couple of months, it appears to be working. This new section of road will be paved this summer.

Last spring and summer we received many heavy rainstorms and our roads took a beating. We applied over a thousand cubic yards of gravel and stone to repair the damage. The Town was able to apply for, and received, some Federal Disaster Aid money to off set the costs of these repairs. There was also Federal Disaster Aid money for the snowstorm in 2003 on February 17th and 18th. It seems like the State Emergency Management Department does not know that it is supposed to snow in New Hampshire – in fact some people even like it! Oh well, it must be an election year. Whether I agree or not, it was my duty to apply for this money and the Town received it. Maybe this year mud season will become a Federal Disaster!

The Highway Departments equipment continues to run well - old as some of it is. Once again this is due to the great crew I am privileged to have working with me. Richard Lawrence, William Russell, and the new kid on the block, Chris Rocheleau, all complement each other with their individual skills and together make for one awesome Highway Department.

The biggest project the Highway Department took on in 2003 was, without a doubt, the Town Hall Sprinkler Project. Construction is continuing and the project should be complete by the middle of 2004. The Highway department, along with John Holman and his crew, and a special assist from Park Construction, installed the wet well and laid over six hundred feet of water pipe. This work also included removing and then re-installing the handicap ramp on the side of the Town Hall and building the pump house. This part of the project would not have been possible without the help of Mark Brockleman. Mark works for the Highway Department part-time as needed and we really needed him for this project! Mark and Chris were the Town's in house carpenters while Billy and Richard handled the site work. In 2003, the Highway Department crew worked over five hundred man-hours on this project.

As always, I would like to thank Paula Thompson and Debbie Favreau for all their help making numerous phone calls and helping with the ever-growing amount of paper work. I would also like to thank the contractors who work for the Town and help with many projects and snow removal. Thanks Guys!

Gene Cuomo, Road Agent

2003 REPORT OF THE TRANSFER STATION

Once again, we saw some changes at the Transfer Station as we continue to follow new rules and regulations handed down from the Department of Environmental Services. We are no longer able to store our scrap metal in a pile on the ground due to the EPA Storm Water Management Regulations. Scrap metal is now collected in a rolloff container and hauled to a metal recycler. In the past, we collected scrap metal in a pile and once or twice a year had it hauled away. The town used to get a small amount of money for the scrap metal but we are now forced to pay to have it hauled away more often. The amount of income from the scrap metal does not cover the hauling cost.

The Transfer Station also saw a large increase in the amount of construction and demolition material brought in possibly due to the increase in building and remodeling going on in town. The fees charged for this material do not always cover the cost to the town to dispose of it. This year over 200 tons of C and D material were taken in and hauled away. In all 592 tons of trash and C and D were taken in at the Transfer Station and 211 tons of recyclables were collected and recycled. The revenues for recyclables remain at a low level and this trend does not look like it's going away too soon.

2003 REPORT OF THE POLICE DEPARTMENT

Last year's annual report outlined the need for an additional full time officer. Although this slot was not filled the need is still there. For financial reasons it is not being supported in 2004. This year's proposed budget is drafted to support three full time officers, three part time officers and one secretary. Again this year one of our staff resigned his position. Officer Jeremy Knowlton (part time) ended his employment with the department at the end of the year. He plans to relocate to Florida with hopes of finding better opportunities for a full time law enforcement position within the first quarter of the new year.

Turnover of personnel is very frustrating and quite costly. It always occurs just when you feel that you are "back on your feet" and can move forward with supplemental programs that can be presented to the community about safety and awareness. Losing personnel also causes a financial impact to the Town, for you now need to hire and train all over again. A small police agency is often a place where one gets their "foot in the door" and gets their start in a law enforcement career. We are lucky if we get two years from the new employee, three is a godsend. I recently looked back over the years since I became Chief (1993). A total of thirteen full or part time officers have been hired, trained, then quit or moved on during that time. Most of these personnel left for better pay, opportunities for a full time job, opportunities for advancement, or a combination of these things. I can't even begin to calculate how much money a high turnover costs us, let alone how much of a setback is created from a consistent change in personnel. I have come to realize that it will never get any better than this. A small police department is merely the gateway to start someone out in the law enforcement profession. Turnover/retention will be an ever-present battle, unless the department, supported by the Town, can be equally competitive with the wages and offerings of larger agencies.

The department was busy dealing with a wide range of criminal violations, investigations, arrests, citizen's complaints, accidents and community relations. Our 2003 statistics show 65 cases, 92 arrests, 1290 general service calls, and 67 accidents, none of which were fatalities. Burglaries were up 50% from last year, thefts were up 40%. This echoes my comments made in last year's town report in which I predicted this increase due to the expanding use of heroin in the area. Crimes at a felony level increased due to the larger number of burglaries and by monetary value of thefts or forgeries committed. In many cases the offender knew the victims of these crimes. In addition to these property crimes, there were two serious crimes committed against a person; one home invasion and one attempted robbery. Luckily, no one was harmed.

The end of this year marked a career milestone for me personally. It was my twentieth year in the police profession, ten of which as Chief of Police and nearly all of it with the Town of Fitzwilliam. I can't believe how quickly time goes by. I can still vividly recall the days at the academy where I was certified in 1983. I have worked with some great people through the years and to their credit, I have a great staff under me now. I feel that we, the police, are often under-rated and taken for granted. I would encourage our residents to lend praise to the officers that do their job to make the Town a safe place to live.

Included in the report is the list of primary offenses known. Many of these crimes were complex and required a lot of work and effort to investigate. Not all were solved and some simply are not solvable. For the first time in the history of annual police reports appears a new category; Internet crimes. A sign of the times, and of things to come.

POLICE REPORT - Continued

As we enter another year, the police department will continue to provide services to the community using the tools, training, and technology affordably available to us. We will deal with the issues that are pertinent as well as those that seem trivial, in the same professional manner that the community is used to. Check out our web site, www.fitzwilliampolice.net and send us an email, or stop by.

2003 FIREWARDS REPORT

2003 CALLS

The Fitzwilliam Fire Department responded to 294 calls from the period December 1, 2002 to November 30, 2003. This represents the largest amount of calls in the department's history for any annual period.

Among the responses in 2003 were: six (6) structure fires, nine (9) chimney fires, forty-two (42) motor vehicle accidents, two (2) brush fires, and twenty-five (25) mutual aid fire related responses to nearby communities including, Troy, Rindge, Jaffrey, Winchendon, MA, Richmond, Swanzey, and Royalston, MA. There were four (4) car fires, nine (13) automatic fire alarms, eighteen (18) downed trees and wires, and thirteen (13) miscellaneous calls. The department also responded to one hundred twenty-four (124) medical emergencies, and thirty-four (34) mutual aid medical calls to nearby communities including, Troy, Rindge, Richmond, Winchendon, MA, and Jaffrey. There were 8 public assists/lifeline calls. January 2003 was the busiest month with 45 calls.

PERSONNEL, TRAINING, AND EDUCATION

The department currently has thirty active members, 3 of whom are new to the Fire/EMS service. The department has nine (9) members who serve as fire personnel and four (4) as EMS personnel. Seventeen (17) members are both fire and EMS certified. There are 14 New Hampshire certified fire fighters, six (6) members are certified at Level I, one (1) at Career Level and seven (7) at Level II.

There are 13 members who are certified at various levels of Emergency Medical Services. Three (3) members are Nationally Registered First Responders, six (6) are EMT-B (basic) and four (4) are at the EMT-I (intermediate). There are 29 members who are certified in CPR for the healthcare provider.

In 2003 four (4) members completed the 120-hour EMT-Basic course, two (2) members completed First Responders recertification and six (6) completed EMT B- recertification.

The department continues to offer monthly training for both fire and EMS personnel. Frequently throughout the year personnel participate in training with our mutual aid response area as well as their training with our members here.

In addition, personnel participated in several courses at Meadowood Training Center, and at the Keene Fire Dept, Richmond, and Swanzey Fire Departments. Courses included Firefighter I and II, Self Contained Breathing Apparatus and Protective Equipment, Basic Pumps and advanced pumps, Basic Rescue, Arson investigation, Advanced Self Contained Breathing Apparatus, Firefighter 101, Pediatric Education for Pre-hospital Professionals and Hazmat Operations. Personnel also participated in several courses at The Cheshire Medical Center, including medication administration, as well as participating in the Center's monthly Advanced Life Support continuing education.

VEHICLES

In May 2003 we took delivery of the 2003 Pierce Contender pumper. It is stationed in the Depot and has replaced the 1969 Mack truck as 10M3. The truck is powered by a Cummins 300HP motor and an Allison automatic transmission and a 1260 waterous pump with a 1000gal water tank and 40 gal Class A foam tank. This truck seats 6 personnel and has been designated as the first due pumper for all in town fires and as the first due truck for all motor vehicle accidents.

Our other inventory of vehicles include the 1978 Ford pumper, the 1973 Mack crew cab pumper, purchased by the Fire Department membership, the 1978 Mack Tanker, 1999 Ford Ambulance and the state supplied brush truck.

2004 BUDGET

We have presented fire and ambulance budgets we feel meet the needs of the town and the basic needs of the fire and EMS personnel. The proposed budgets are up less than 2% for the fire and ambulance. The Budget Committee and the Board of Selectmen are presently reviewing our proposals.

Townspeople can see where their money is being spent in a review of the list of calls and training activities outlined in this report. In addition, we are always open to visits from citizens at the Fire Station any Sunday morning during vehicle and equipment check. You are welcome to stop in to see what the town fire department has, and ask questions that come to mind about your fire and ambulance service.

THE FITZWILLIAM FIRE DEPARTMENT, INC.

The FFD, Inc. has 35 members some of whom are not providers of Fire and Emergency Medical Services. This organization and the members provide great assistance with support and food at fire and rescue scenes as well as with fundraising activities that help purchase and maintain equipment, which in turns benefits the town.

In 2003 the FFD, Inc. sponsored an EMT-B class at the Depot Station. There were students from Chesterfield, Spofford, Swanzey, Troy, and Fitzwilliam in this class. These students are now able to help out their community with EMS services. The FFD, Inc. was also able to provide CPR and First Aid classes to over 100 individuals this year. The FFD, Inc. ended the year with a free First Aid and CPR with training in the use of Automatic External Defibrulators for town employees. A total of 7 town employees took advantage of this training, 2 employees from each of the Town Hall, Library, and Recreation Department and 1 employee from the Highway Department.

Although paid by the town for responding to fire, rescue and medical emergencies, the members of the FFD, Inc. have put in over 1200 hours of volunteer work in 2003. These hours may have included work details, fundraising activities, service to the community, attending certified training courses including travel to and from courses, attending meetings and other activities.

We thank the individuals and businesses that support the Fitzwilliam Community Calendar Project by advertising in the calendar, which is in its 13th year, as well as those who support our community events such as Annual Fun Fair, our Holiday events and Christmas Tree Sales.

FIREWARDS - Continued

The Fitzwilliam Fire Department currently has openings for fire and EMS personnel. We are accepting applications for employment. People interested in joining the fire department must be 18 years old, in good health and willing to obtain the needed training to perform as a firefighter and or EMS provider.

The Fitzwilliam Fire Department, Inc. always welcomes members of the town that would like to join the organization. People need only to be interested in assisting the department at major incidences as well as serving the community.

REPORT OF THE LIBRARIAN 2003

This was the year our dream became a reality. There were times during the five hectic years of planning, meetings and fund raising when it had seemed the dream was just out of our grasp. But in October of 2003, the 2,400 square foot addition to our historic 1804 building was completed and the results have been well worth it.

I can honestly report that all who were involved in the project did a superlative job; from site work to final painting. Special recognition goes to American Construction who oversaw every detail of the job and brought the project in both under budget and under schedule.

A lift to the second floor was added midway through the project as further research had indicated that it would be both less expensive than originally estimated and less costly if incorporated into the present project rather than waiting until a future date. Additional fund-raising helped raise the necessary money including our Give Us A Lift Raffle which raffled off several wonderful items including a week's stay in Key West courtesy of Rich Rettig and Kerry Whitworth.

As we now have access to the upstairs, we are busy cleaning out accumulated stuff, moving and adding shelving and planning for future usage; presently envisioned as reading and small meeting areas, historical book stacks and storage. The landscaping around the porch will be done in the spring. And then with all aspects of the project complete, the official dedication is planned for Sunday, June 27th.

Another mid-project change involved the donation from Tommila Brothers of beautiful milled maple trim, which thanks to the skilled carpenters at American Construction, was added to the windows and has proved to be a very striking addition to the interior. Many thanks to John Tommila for his generosity.

Thanks also go to our intrepid volunteers, Dave White, Charlie Massin and Bonnie Jones, who, in two intensive weeks, painted the interior of the existing building and to the Friends Board who helped move our entire collection; thanks to Brandy Handy, Amy Safran, Jennifer Skelton, Susan Rolke and Jennifer Berg-Gill. Thank you to John Fitzwilliam for the donation of the beautiful copper wall clock over the circulation desk. And thanks to Lorraine and Dave White who donated the funds for a state-of-the-art Gateway computer complete with a flat screen monitor for the new children's area.

To cut down on wiring costs in the new building we changed over to a wireless computer network that will also allow for the future possibility of offering wireless online access to patrons with a laptop. Presently there are four computers for public use and two for staff use.

Usage statistics remained consistent in 2003. The total circulation of materials was 19,159, an increase over last year despite our three week closing. Computer usage was 685 with 154 new cards issued and 427 books, 65 audios and 52 videos added to the collection. Staff answered 728 reference questions and borrowed a total of 308 books and 100 large print books while loaning out 265 to other libraries.

Despite our ongoing construction we managed to offer another season of popular family programming with 61 programs offered and 1,102 in attendance. These included a night of Magic, Fire, Fantasy and Flight with magician Jason Purdy, a six week Out of Africa story and craft program, Reading Rocks the Granite State, the Summer Reading Program which enrolled 71 children who read a combined 700 books over the course of the seven weeks. Free ice cream coupons from the Fitzwilliam Depot Store were presented to the thirty-four children who read at least 5 books. Thanks to Norman and Kristen Berube for their generosity.

LIBRARIAN REPORT - Continued

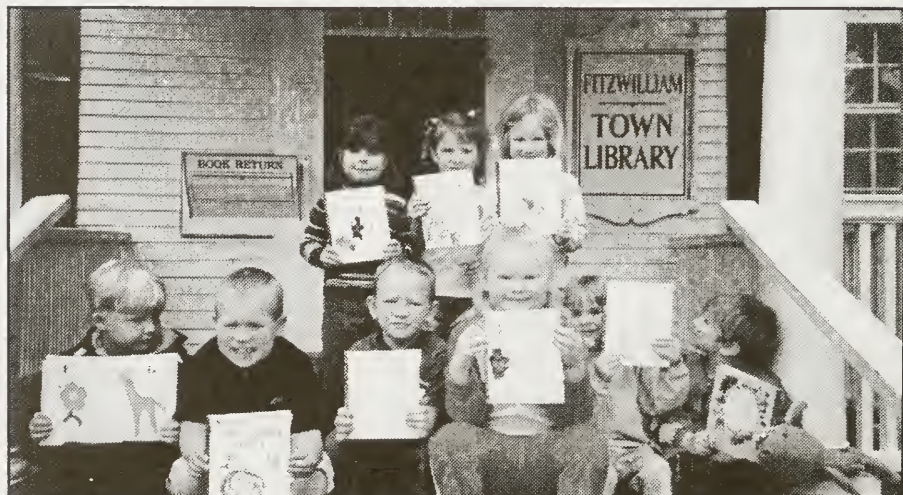

Regular programming, such as the weekly story time for three to five year olds and the monthly book discussion group, continued unabated. After a five-month hiatus due to construction, the Book Discussion Group reconvened in November in the new meeting room and received a grant for a New Hampshire Humanities Council discussion series in 2004. The Saturday Morning Knitters have also started up again and are presently meeting on a biweekly basis. All groups are enjoying using the new meeting room!

Once again the Friends of the Library Board were a constant supportive presence. The Friends underwrote the costs, volunteered and baked for the winter and summer programs, craft programs and open house in October, cosponsored the Jason Purdy magic show for National Library Week and added puppets to the circulating puppet collection. They also funded a flex pass for free admissions to the Museum of Fine Arts in Boston. These will be available again in 2004 so be sure to take advantage of them when planning a visit to Boston.

In December, Kate Thomas and I were pleased to welcome new assistant Amy Safran to the library in the evenings. Due to her position on the Friends Board she is already familiar with the Library and will be a great asset to patrons.

Thanks to our regular volunteers, Daniel Codispoti, who helps us out each week on whatever needs doing and Gretchen Wittenborg and Lorraine White for covering the desk when we are short-handed. Thanks to the selectmen and to Paula Thompson, Town Administrator, for all their support during the project. And thanks to all the trustees who have really put in their volunteer hours this year; Robin Marra, Carolyn Edwards, Joanne Kesses, Rita Nirenberg, Paula Baldwin and especially E.B. Quick, who has planned, implemented and gotten in the trenches with every aspect of the project and continues still on a daily basis.

2003 REPORT OF THE RECREATION DEPARTMENT

2003 was a year to maintain the programs that were already in place. We currently offer an exercise class that combines kickboxing, strength training, pilates and stretching exercises. This is one of the self-supporting classes that we run through our recreation revolving account, not depending on taxpayer dollars. This class is taught by Veronika Patty, who is certified to teach aerobics, kickboxing, pilates, and is a certified personal fitness trainer. Taialofa Petrini, our yoga instructor, has taken a year off to study yoga in India, and we haven't been able to find anyone to take her place. She does plan to return to classes here in Fitzwilliam later in 2004.

Our 13th annual Charlie Wallace 5K road race was held on Saturday, June 21, 2003, with 99 adult runners participating in the 5K, and 14 children running the 1K Children's Fun Run. This race is run in the memory of Charlie Wallace, long time owner of the Fitzwilliam Inn and resident of Fitzwilliam. Last year, we borrowed a printing timer from a neighboring town, and implemented a new timing system. At the end of 2002, we purchased our own printing timer. We used the same timing system as last year, and the results were posted before the last runners and walkers arrived at the post race festivities! This is another one of our self-supporting programs that is run through the recreation revolving account.

The 2003 Summer Recreation Program enrollment was up this year with 71 children taking part. For the second year in a row, Laidlaw Transportation gave us a reduced rate for trips to Otter Brook and Surry Recreation areas so that the children could have the opportunity to swim. We had 12 full day trips planned, but adverse weather conditions only allowed us to take nine trips to Otter Brook and Surry. Some days it seemed like it was never going to stop raining! The children took part in daily activities like kickball, four square, camouflage, knockout, circle games, quiet games, arts and crafts and much more! We are fortunate to have such a strong summer staff that keeps coming back year after year!

We didn't have a ski program for the 2002/03 season because we could not find a ski coach. Well, if you can't find a coach, what could be better than creating one! In March of 2003, we sent Veronika Patty, our aerobics, kickboxing, and pilates instructor to Craftsbury, Vermont for a three day on snow training session. This course was presented by NENSA, the New England Nordic Ski Association, and now Veronika is a level one NENSA certified cross country ski coach!

The Soccer Program participation was just under 100 children ages 5-11 years old taking part in the K-1 program, junior and senior levels. This program was a success due to the tremendous volunteer efforts by our coaches and a group of dedicated parents who put in countless hours coaching, getting donations, running a concession stand and helping out with the many other little things that need to be done to run a soccer program. Many thanks to all of you!

Finally, there is a need to replace the roof and gutters at the pole barn at the recreation area adjacent to the tennis courts. We hold our summer program at the pole barn, and it's getting increasingly difficult to stay dry when it rains! You can probably imagine us all trying to dodge the rain under the leaky roof with all of the rain we had this summer! We can use the multipurpose room at Emerson, but all of the staff and children find it to be a much better (and much cooler) location right at the pole barn.

2003 REPORT OF THE TOWN CLERK

The Town Clerk's Office has been busy as usual during this year.

The amount of registrations processed during the year was slightly more than last year, 3,444 as compared to 3,292 in 2002.

January 1, 2004 the 15 year Title Law is in effect. All vehicles 1990 and newer must be titled. Also the law that began Jan 1, 2001 requiring all vehicles 1989 and older to have a bill of sale, and in addition, any one of the following three documents:

- A copy of the previous owners registration
- V.I.N. inspection (Form 19A)
- Previous title

Please check with our office before coming in to register your older vehicle.

Late renewals may be processed (both town and state) in our office. If they are renewed later than 3 months, then the state portion must be completed at the state MV Office in Keene. We suggest registering all vehicles, trailers and motorcycles during the registrant's date of birth. Vehicles with four or less digits cannot be processed for the state amount later than 30 days after the renewal date.

We are still in the process of getting the old records (100 years or more) filed in the vital Records Room. I wish to thank Arian Schuster, Archivist, who is helping with records preservation and management. I have requested money in the budget this year to restore some of the older bound vital records books.

I would especially like to thank my Deputy Town Clerk, Joan McLaughlin, for all her efforts in keeping the office running smoothly. And also to my Deputy Tax Collector, Terry Sillanpaa.

This year I have requested money in my budget for the EREG (Electronic Registration) that I hope to have online shortly after April 1st. This would require the applicant to go online and with just the plate number, type of plate and date of birth of registrant, be able to find out how much it will cost to register the vehicle. Send the checks to the Clerk's office and the registration will be returned to you via a SASE.

The Clerk's hours are listed in the Town Report and can also be obtained by calling 585-7791 even when the office is closed. Be sure to check the newsletter for special events and when the office will be closed for any holidays.

Thanks to everyone for your cooperation and patience with us.

2003 REPORT OF THE CEMETERY SEXTON

This was a busy year for the Cemetery Commission and Cemetery Department. The snow came early this year hindering the fall clean up of all the leaves and brush.

We only had two men working for the department this year but they were able to do a good job of keeping up with the mowing and raking of leaves. Continued maintenance of the cemetery grounds was completed.

This year we purchased a new lawn mower and generator. The generator will be used to provide power at the shed. This will enable us to complete our own repairs on machinery and equipment that will save the department on the cost of these repairs.

2003 REPORT OF THE PLANNING BOARD

The Planning Board's regulatory duties include the review and approval of all subdivisions, lot line adjustments and site plan review applications.

The Planning Board continued to work on its non-review functions during the course of the year and is recommending five amendments to various ordinances within the Land Use Code for the voters' consideration at the polls on Town Meeting Day, March 9, 2004. The Planning Board is also recommending adopting a Table of Accessory Uses, which would be put in the back of the Land Use Regulations behind the Table of Principal Uses. The Planning Board held several extra work meetings in 2003 to work on various regulations that are in need of being updated, and to work on the Master Plan Update.

Updating the Master Plan was the Board's biggest project in 2003 and will be completed very soon. The Board contracted with the Southwest Regional Planning Commission for this update. The following sections of the plan were updated: Population & Housing Demographics, Existing Land Use Data, Property Line Base Map with Zoning and the Future Land Use Plan. In July, a Photo Exercise was conducted where 20 participants consisting of residents, students, and members of the Board of Selectmen and Planning Board took photographs of various things in town that depicted things that they like and would not want to see changed, things that they dislike and would like to see changed, and things that they felt were at risk in town. The Photo Exercise and public workshop that followed it were very successful and provided some good information for the update. The Planning Board would once again like to thank all of the participants for their assistance.

In 2003 the Planning Board approved three subdivisions, six minor site plan reviews and one major site plan review, one lot line adjustment, three wetlands applications, one voluntary merger and one minor excavation. The Planning Board held twenty-one preliminary conceptual consultations, made numerous referrals to the Zoning Board of Adjustment and approved fourteen new businesses in town with the majority of those being Home Businesses. 2003 was a very busy year!

In 2004 the Planning Board hopes to finalize amendments to various regulations that they have been working on for quite some time. The Planning Board also hopes to complete a Capital Improvements Plan with the assistance of the Board of Selectmen. Once this is done the Board can look at adopting an Impact Fee ordinance that we wrote about in last year's report. This ordinance would allow the Town to collect fees for off-site improvements such as upgrading of infrastructure, which are necessary due to the individual project.

The Board welcomed Selectman Joan Knight as their new ex-officio member in 2003. Board member Carlotta Lilback Pini continues to write monthly articles for the Fitzwilliam Newsletter. Many of the articles in 2003 dealt with the Master Plan.

The Planning Board meets on the first and third Tuesdays of the month at 7:00pm in the Town Hall. All meetings are open to the public and we encourage your attendance and participation.

2003 REPORT OF THE ZONING BOARD OF ADJUSTMENT

The Zoning Board of Adjustment is a Board whose function is to hear appeal applications from property owners who apply for relief from the terms of the Fitzwilliam Zoning Ordinance. The Board is empowered to grant relief, in accordance with State statute and local law as specified in the Land Usage Ordinance.

The Board considers applications for Variances, Special Exceptions, Appeals from an Administrative Decision and Equitable Waivers of Dimensional Requirements. During the course of the year 2003 the Board considered appeals which included ten Special Exceptions, with nine being granted and one being denied, and one Variance application which was approved. Two Variance applications were withdrawn and the last application filed in 2003 was for a Variance which was carried into 2004 and denied in January. Additionally, two applications for a Special Exception were continued by the applicant this past September, and are still pending. There were no applications for an Equitable Waiver of Dimensional Requirements, or Appeals from an Administrative Decision in 2003.

Board member Kerry Gagne resigned as a member this past summer and alternate member Coni Porter was appointed as a regular member to fill this vacancy. The Zoning Board of Adjustment continues to be in need of alternate members.

Interestingly this past year, the majority of cases heard were not for relief from setbacks, but were for certain uses that require a Special Exception as designated in the Zoning Ordinance, or non-permitted uses in which a Variance would permit the use in a particular land use district.

This past fall the Board voted to change their meeting night from the third Monday of the month to the second Tuesday of the month. The Zoning Board of Adjustment meets in the lower hall of the Town Hall when they have an application before them. The Board invites and encourages all interested parties to attend hearings and meetings as noticed.

2003 REPORT OF THE HISTORIC DISTRICT COMMISSION

The Historic District Commission reviews all exterior construction located within the Historic District of Fitzwilliam. They are also responsible for the update, amendments and adoption of the regulations in accordance with State statutes.

The Board reviewed several proposals this year which included:

- 4 exterior paint jobs
- 3 business signs
- Town Hall pump house
- A fire escape
- 4 replacement shed/barns
- An addition to the Historic Society's building
- An addition
- 1 replacement window
- 2 repairs/renovations
- 1 sidewalk/driveway change

All residents are reminded that all exterior changes within the Historic District must come before the commission for consideration and discussion. The commission meets on the second Thursday of each month at 4:00 PM in the Town Hall. All meetings are open to the public and we encourage your participation from all those interested.

REPORT OF THE CONSERVATION COMMISSION

In 2003, the Conservation Commission hired a part time secretary and set up a new filing system in the Town Office. We also conducted a drive for new members and now have a full board plus two alternates. The Commission meets the fourth Monday of every month at 7:30 p.m. in the Town Hall.

This year we held two special meetings and conducted 10 site inspections, making several recommendations aimed at avoiding negative impact to wetlands and other environmentally sensitive areas. We also have addressed several questions and referred reports of wetlands violations to the proper authorities.

Current projects include creating a handout to be distributed in the Fitzwilliam Newsletter and included in the packet given to newcomers in our town, listing contact information and procedures for landowners to follow before embarking upon projects that could adversely affect our environment. The Commission also has drafted and ordered signs to post at our town forests and conservation lands and purchased aerial photos of our town's wetlands. We continue work on our 10-year Conservation Plan and have instituted a new follow-up procedure for site inspections. We have been working with Southwest Regional Planning Commission on a drinking water protection plan and are involved in a project to map hiking trails open to the public. Other projects include updating our portion of the Capital Improvements Plan.

Commission members represented our town at the Cheshire County Conservation District annual meeting, the Garden Club's annual picnic at Rhododendron State Park, and have attended at least three educational workshops. We have representation at regular Planning Board meetings and participated in the picture-taking project to assist that board in revising the town Master Plan. In addition, we have viewed and distributed CD's on smart growth, exotic weeds, and invasive species, and continue to run an informative monthly column in the Newsletter. This year we gratefully acknowledge the Castles conservation easement on Rhododendron Road.

Finally, we have proposed Warrant Article of this Town Report, requesting that the Commission's share of the Land Use Change Tax (fees collected when land is removed from Current Use) be increased from 25% to 50%. The funds will be used to purchase and maintain conservation land for our town. We hope you will support our efforts to preserve open space, sustain diversity in our plant and animal communities, and encourage clean air and water by supporting this article.

2003 REPORT OF THE CODE ENFORCEMENT OFFICE

The Code Enforcement office enforces regulations of the Fitzwilliam Land Use Codes, issues permits for construction and occupancy permits for new home occupation after completion of construction.

Upon receipt of a written complaint, the Code Enforcement Officer performs an investigation, ensures compliance of construction permits to applicable zoning requirements, dedicates Emergency 911 numbers; and reviews all construction permit applications and plans. This review ensures safety from fire, flood and establishes that all other public requirements are met.

If you should have any questions with regard to permitting for construction please contact the Board of Selectmen's Office to obtain a copy of the Construction Permit regulations. Please remember that all construction, renovation, demolition and changes to buildings require a permit. It is always best to check with our office prior to construction to determine if a permit is required. When applying for a permit, please remember to allow yourself enough time for the paperwork to be processed prior to the start date of construction.

In 2003, 105 construction permits were issued. The total dollar amount, according to owner estimates, was \$3,064,090.00. Of the 105 permits issued 15 were for new single-family dwellings. If you should have any questions with regard to building issues, please feel free to contact the Selectmen's Office at 585-7723.

2003 REPORT OF THE TOWN COMMON COMMITTEE

The Town Common Committee continued its stewardship of the Fitzwilliam Common in 2003. Our Common, as the focal point of Fitzwilliam, witnessed several events, including a wedding.

Thanks to Gus Hoyland the fountain received a fresh coat of epoxy paint and was put into operation in time for the annual Antique Show. Landscaping maintenance saw the removal of dying shrubs at the southern tip of the Common. The replacement Christmas tree flourished during the year and had its crowning glory in early December, when close to one hundred people attended a carol sing along and tree lighting ceremony, capped by a visit from Santa (thank you, Gary Taylor) arriving by horse-drawn wagon. Future plans include illumination of the flagpole.

We encourage all those interested to attend our meetings that are held on the second Thursday of the month at 7pm in the Town Hall.

2003 REPORT OF TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

Your local Forest Fire Wardens, Fire Department, and the State of New Hampshire Division of Forest and Lands cooperate and coordinate to reduce the risk of wildland fires in New Hampshire by suppression, prevention, and law enforcement. To help us assist you, contact your local Warden or Fire Department to find out if a permit is required before doing ALL outside burning. Fire permits are mandatory for all outside burning unless the ground where the burning is to be done (and surrounding areas) is completely covered with snow. Violations of RSA 227-L:17, the fire permit law and the other burning laws of the State of New Hampshire are misdemeanors punishable by fines of up to \$2,000 and/or a year in jail, plus suppression cost.

A new law effective January 1, 2003 prohibits residential trash burning (RSA 125-N). Contact New Hampshire Department of Environmental Services at (800) 498-6868 or www.des.state.nh.us for more information.

Help us to protect you and our forest resources. Most New Hampshire wildfires are human caused. Homeowners can help protect their homes by maintaining adequate green space around the house and make sure that the house number is correct and visible. Contact your local Fire Department or the New Hampshire Division of Forest and Lands website at www.nhdfi.com, or call 271-2217 for wildland safety information.

Please contact your local fire department before doing ANY outside burning.

Total Unduplicated Residents Served: 96

Prenatal and well child care, hospice services and regularly scheduled health promotion clinic are also available to residents.

FINANCIAL REPORT

The actual cost of all services provided in 2003 with all funding sources is projected to be \$192,960.00.

In 2003, the cost of services not covered by Medicare, Medicaid, insurances or patient fees was defrayed by the town's membership fee of \$2,040.00 for home care, and \$609.00 for meals-on-wheels.

For 2004, we request a total appropriation of \$3,150.00 - \$2,040 to continue home care at the current level and \$1,110.00 for the Meals-On-Wheels program.

Thank you for your consideration.

2003 REPORT OF THE MONADNOCK ADVISORY COMMISSION

The Monadnock Advisory Commission was created by State Statute and is charged to advise and guide the Department of Resources and Economic Development on the management of State lands and leased lands on Monadnock, Gap and Little Monadnock mountains. The business of the Commission this year was to conclude the Monadnock Master Plan. At our earliest meetings of the year, we finalized the Plan in readiness for publication. A period of public comment was held between April 1st and May 16th, the plan having been made available on a State website and at public libraries in the five Monadnock Commission towns. On Saturday May 3rd a public information session was held at Monadnock State Park. Staffed by informed State personnel and Commission members, the public was invited to view the charts and maps, discuss the Master Plan, and record their comments.

At our July 9th meeting the Monadnock Advisory Commission unanimously approved the Monadnock Master Plan as printed and amended. In support of their plan \$980,000 for Monadnock State Park improvements has been approved and is in the State Capital Budget. The plan's phase I improvements will take place at the Gilson Pond Area, with the Department of Environmental Services replacing the over 100 year old dam. The Dam Bureau will contribute approximately \$125,000 toward this project. Completion of the dam and construction of a family campground should be completed by late Fall 2004. Representative H. Charles Royce negotiated the funding of the capital budget and cost sharing with the Dam Bureau.

ARTICLE 9. Voted to raise and appropriate the sum of \$155,000 to repair and maintain roads (including but not limited to preparation and paving), and to use up to \$5,000 of this amount to repair the bridge on Templeton Turnpike over Priest Bridge. Gene Cuomo moved passage of the article and it was seconded. Article passed as written.

ARTICLE 10. Voted to raise and appropriate the sum of \$24,000 to purchase and equip a police patrol vehicle, said appropriation to be funded by authorizing the withdrawal of \$11,000 from the Capital Reserve Fund created by ARTICLE #15 of the 1995 Annual Town Meeting, and \$13,000 to be raised by current year's taxation. Chief Newton voted the passage of the article and it was seconded. Article passed.

ARTICLE 11. Voted to raise and appropriate the sum of \$15,000 to replace the roof on the Highway Barn. Gene Cuomo moved passage of the article and it was seconded. Article passed

ARTICLE 12. Voted to raise and appropriate the sum of \$8,500 to replace the existing fire and burglar alarm system in the Town Hall and Village Fire Station in order to accommodate the new sprinkler system in the buildings. Selectman Andrew Clukey moved passage of the article and it was seconded. Article passed.

ARTICLE 13. Voted to raise and appropriate the sum of \$30,000 to be added to the \$115,000 that was raised and appropriated by ARTICLE #13 of the 2002 Annual Town Meeting for site preparation, construction and installation of a sprinkler system, to include a pump house, water supply to the Town Hall, Village Fire Station, Fitzwilliam Library, and fire hydrant and installing sprinklers in the Town Hall and Village Fire Station. Selectman Joan Knight moved the passage of the article and it was seconded. Article passed.

ARTICLE 14. Voted to raise and appropriate the sum of \$4500 to paint the Town Hall upper hall. Selectman Susan Silverman moved passage of the article and it was seconded. Article passed.

ARTICLE 15. Voted to raise and appropriate the sum of \$10,000 to create an Expendable Trust Fund under the provisions of RSA 31:19-a, for the purpose of painting the town hall including the steeple, tower and clock, and to further name the Board of Selectmen as agents to expend from said fund in the best interest of the town. Selectman Susan Silverman moved the passage of the article and it was seconded. Article passed.

ARTICLE 16. Voted to raise and appropriate the sum of \$10,500 to be added to the Cemetery Expendable Trust Fund created by ARTICLE #19 at the 2002 Annual Town Meeting. Michael Grab moved the passage of the article and it was seconded. Article passed.

ARTICLE #35 at the 1994 Annual Meeting. Michael Grab moved the passage of the article and it was seconded. Article passed.

ARTICLE 18. Voted to raise and appropriate the sum of \$6,700 to purchase and repair, if necessary, a truck, trailer and related equipment for the Cemetery Department. Michael Grab moved passage of the article and it was seconded. Article passed.

ARTICLE 19. Voted to raise and appropriate the sum of \$5,000 to be added to the Recreational Ballfield Expendable Trust Fund created by ARTICLE #13 of the 2000 Annual Meeting, and further authorize the Board of Selectmen to apply for and use grant money available as an offset against said appropriation. Brian Gill moved the passage of the article and it was seconded. Article passed.

ARTICLE 20. Voted to raise and appropriate the sum of \$19,100 to purchase a mobile generator with trailer and further authorize the Board of Selectmen to use grant money available, up to the amount of the appropriation, as an offset against said appropriation. Winston Wright, Emergency Management Director, moved the passage of the article and it was seconded. Mr Wright explained that the actual amount that the Town will expend is \$4,500.00, and the rest will come from a grant from the State Emergency Management. Article Passed.

ARTICLE 21. To see if the town will vote to raise and appropriate the sum of \$25,000 to update the Town Master Plan. This appropriation shall be non-lapsing and may be encumbered by the selectmen for up to 3 years. Terry Silverman amended this article to raise and appropriate the sum of \$4,500.00. This article passed as amended.

ARTICLE 22. Voted to raise and appropriate the sum of \$5,000 to be added to the Capital Reserve Fund created by ARTICLE #18 of the 1998 Annual Meeting for construction of a garage at the Public Safety Building. Chief Newton moved the passage of the article and it was seconded. Wayne Kassotis amended this article to read: To see if the Town will raise and appropriate the sum of \$42,000; \$21,000. to come from tax revenue, \$21,000. to come from capital reserve. This amendment was ruled out of order by the Moderator, as this article is not an expendable fund and the Town has to be properly warned for this vote. Article passed as written.

ARTICLE 23. Voted to raise and appropriate the sum of \$10,000 to be added to the Capital Reserve Fund created by ARTICLE #21 of the 1998 Annual Meeting for the purchase and equipping of an ambulance. Edwin Mattson, Jr moved the passage of the article and it was seconded. Article passed.

ARTICLE 24. Voted to raise and appropriate the sum of \$20,000 to be added to the Capital Reserve Fund created by ARTICLE XVIII of the 1986 Annual Meeting for the purchase of equipment for the Highway Department. Gene Cuomo moved the passage of the article and it was seconded. Article passed as written.

ARTICLE 25. To see if the town will vote to authorize the Selectmen to accept from Peter W. Tarlton et al, a deed of real property in Fitzwilliam NH containing approximately 2.0 acres (more or less) and being more particularly shown on Fitzwilliam Tax Map as Map 32 Lot 01. Selectman Joan Knight moved the passage of the article and it was seconded. Article passed as written.

2003 ANNUAL MEETING MINUTES - Continued

ARTICLE 26. Voted to discontinue approximately 1200 feet of that portion of "old Rte. 119 west" located on the south side of NH Rte. 119 West abutting land owned by Carl Fitz (Tax Map 10 Lot 16-02, Map 10 Lot 16-03 and Map 10 Lot 15-03) and Wayne Maclean (Tax Map 10 Lot 15-04), which has been rendered unnecessary for highway use due to the relocation of the road, and to authorize the Board of Selectmen to issue any deeds required in relation thereto. Selectman Joan Knight moved the passage of the article and it was seconded. Article passed as written.

ARTICLE 27. (By Petition) To see if the town will vote the following resolution:
Whereas, New Hampshire residents pay the 12th highest cost of insurance in the country; and
Whereas, the cost of health insurance premiums for families has increased by 45% over the past three years; and
Whereas, 100,000 New Hampshire residents have no health coverage and 77% of them have a full-time worker at home; and
Whereas, due to these rising costs almost half of New Hampshire's small business cannot afford health coverage for their employees, therefore be it resolved

That we the citizens of Fitzwilliam, New Hampshire, call on our elected officials from all levels of government, and those seeking office, to work with consumers, businesses, and health care providers to ensure that:

- Everyone, including the self-employed, unemployed, un – and underinsured, and small business owners has access to an affordable basic health plan similar to what federal employees receive;
- Everyone, including employers, consumers, and the state, local and federal government makes a responsible and fair contribution to finance the health care system;
- Everyone receives high quality care that is cost efficient and medically effective; and
- That these efforts help control the skyrocketing cost of health care.

Robert Newcomb made a motion to indefinitely postpone this article and it was seconded.

The meeting adjourned at 9:24pm.

Respectfully submitted.

Getting ready to begin demolition of the barn.

Demolition begins....

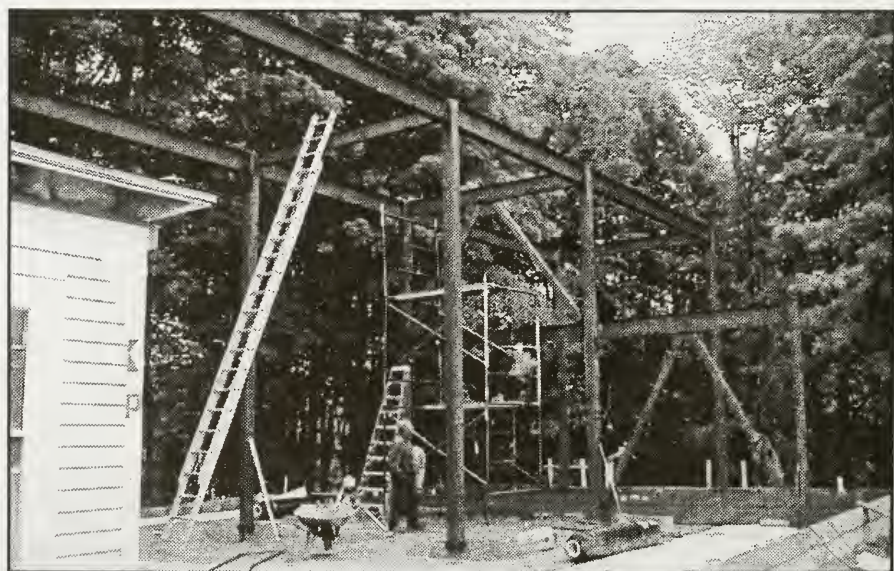

Demolition continues!

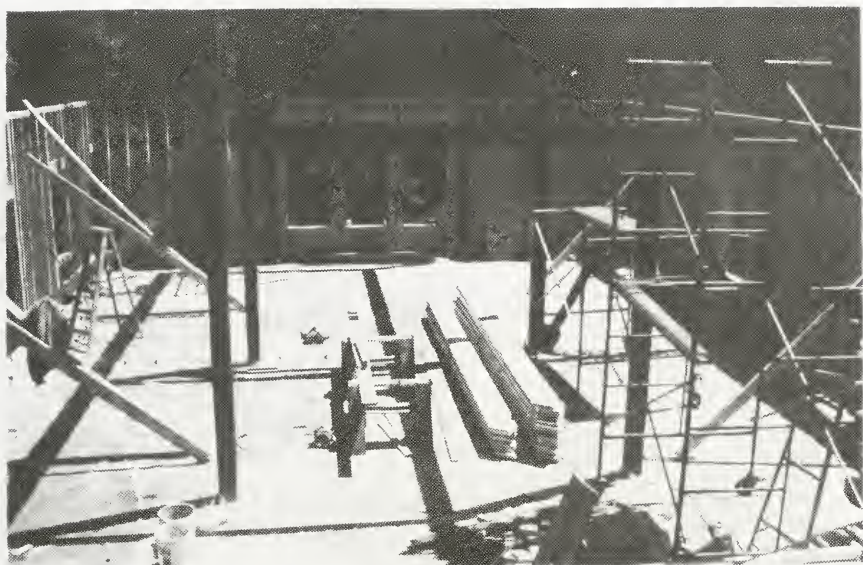

The barn is gone!

Making sure everyone is "on the same page".

The steel beams are put in place.

Concrete has been poured and framing begins.

Roof trusses are almost all in place.

The porch is up and the roofing almost complete.
Work on the cupola has started.

Our completed library!
