ANNUAL REPORT

OF THE

RECEIPTS AND EXPENDITURES

OF THE TOWN OF LYNDEBOROUGH,

For the Year ending March 1st, 1865.

ALSO, THE REPORT OF THE

SUPERINTENDING SCHOOL COMMITTEE

AND

OVERSEER OF THE POOR.

NASHUA:
WHITTEMORES' PRESS.
1865.

SCHOOL REPORT.

It again becomes a pleasant task to report the general character and condition of the Common Schools for the past year.

DISTRICT NO. 1.

Mr. Jones Clark, Prudential Committee.

Mr. C., being a judicious man and looking well to the interest of his District, again secured the services of Miss Georgia D. Giles, for both summer and winter terms. Miss G. having directed the two previous terms, had only to resume her work of usefulness among her scholars. Her modest and persuasive method of governing, filled the heart of every scholar with love for their teacher, and an earnest desire to comply with all her wishes, and after conducting both terms with great success, she left the field with much credit to herself, and profit to her pupils.

DISTRICT NO. 2.

Mr. John W. Burnham, Prudential Committee.

Miss Carrie L. Patch, Teacher of first term.

The summer term of this School was indeed a pleasant task for any Teacher, being made up of a class of well trained youth at home, and well disposed at school and by the able assistance of this experienced teacher made commendable progress. The second term was taught by Miss Martha Wilder, who stands high as a Teacher, in faithfully performing the duties devolving on her in the school room. Her amiable disposition, combined with firmness, and decision of character, being indispensable elements of management, secured to her commendable success.

DISTRICT NO. 3.

Mr. Thurston Putnam, Prudential Committee.

There were three terms of School in this District, two of which were taught by Miss Clinty Butler, who is a good governess and an experienced Teacher.

The school prospered well, under her charge. She has been a useful lady in our schools, and of late has entered the school of matrimony, where without doubt her usefulness will be continued.

The third term was taught by Miss H. D. Clark and we are happy to report her as successful in her undertaking. Decided improvement was made in reading and mental Arithmetic, and good improvement in the other studies was manifest.

DISTRICT NO. 4.

Mr. Sylvester Proctor, Prudential Committee.

Mrs. Harriette Blaney, a well known disciplinarian in our common schools, was again called to the work of teaching in this district, who made decision, accuracy and promptness, the requirements of her pupils. Although the close of the school was premature, from fear of Varioloid in the place, yet we feel justified in reporting it a good school.

The second session was directed by Miss Ellen B. Holt. This school when first visited was under excellent discipline. Miss Holt adapted herself to the wants of her scholars, with perfect ease and simplicity, and achieved good success.

DISTRICT NO. 5.

Mr. George H. Blood, Prudential Committee.

Miss E. A. Lynch, teacher of first term. This was the first attempt of Miss L. in school teaching, yet she assumed the task like one of experience. Your committee and the citizens were well pleased with her management and she closed her first term with more than ordinary success. The second term was taught by Miss Lizzie Davis, who had kept one term in this District before.—Miss Davis is an amiable lady and accomplished some good in this school. The scholars here are desirous of learning, and are sure to act their part well, only give them good teachers.

DISTRICT NO. 6.

Mr. Asa Blanchard, Prudential Committee.

Miss Joie C. Jones was employed to keep the first term who entered upon her duties with good acquirements. Her improvement in the school was satisfactory. Marked progress was apparent, so much so, that her services were again secured, for the second term, where she showed herself proficient in the art of school teaching, and met the full approbation of the district.

DISTRICT NO. 7.

Mr. Asher Curtis, Prudential Committee.

There were three terms in this District, the first two were taught by Miss Chestina Hutchinson, who secured good order in her school, was faithful with her pupils, and is deserving a good deportment.

The third term was under the care of Miss Abbie Crosby. This session required more energy in controlling it, and we found Miss C. justly adapted to her calling. Though decided in her manner of government, yet always kind and obliging to her scholars. The school made decided improvement.

DISTRICT NO. 8.

Mr. Sherebiah Manning, Prudential Committee.

Both terms of this school were taught by Miss Carrie Stearns. This was her first attempt to assume the many responsibilities of the school room. This school is not extensive in numbers but very industrious and easily governed. Miss S. aimed to be thorough in her instruction, and achieved more than ordinary success.

DISTRICT NO. 9.

Mr. Jacob Butler, Prudential Committee.

The money assigned this District was expended in one term (a judicious move in the Committee,) who employed Miss Abbie Cram for the term of twelve weeks. Miss C. was well qualified for her undertaking, of good moral deportment, gentle and suasive in her method of government, gained the respect of her scholars, and labored hard for their improvement. The school advanced well under her care, and we can safely recommend her as a faithful teacher.

DISTRICT NO. 10.

Mr. Geo. H. Stevens, Prudential Committee.

This is the only union district in town, composed of Lyndeborough and Francestown scholars. Miss Jennie Marden taught the first term. The school appeared well at its close. It seemed evident that commendable progress had been made generally and we feel justified in reporting it a good school.

The second term was taught by Miss Katie Kidder. It is sometimes thought, that teachers who once were scholars in the school, are not likely to succeed well, but this was by no means the case with Miss Kidder. The school was well managed. The parents of the scholars took a decided interest in its welfare (for which they have always been noted) which resulted in a good school.

The general progress of our schools has been good. The improvement in reading has very much exceeded that of last year. Particular attention has been given to the principles which has produced gratifying results. Mental and written Arithmetic have been made practical studies, rather than superficial. Book knowledge is of but little worth, unless it can be put in practice, and this has been our principal aim in all our schools; the result of which has been gratifying. A general interest has been manifest on the part of our people in the cause of education.

The field for improvement is yet a broad one. Let us take every advantage of the work before us. Prudential Committees should call their respective school meetings at as early a period as possible, in order that the agent, the ensuing year, can secure the best talent in the field which is always the cheapest. If our schools are worth supporting at all they are worth supporting well.

In closing this report your Committee asks leave to return his sincere thanks for the kind and hospitable treatment he has met with during his term of office.

Respectfully submitted.

W. W. CURTIS, Sup. School Com.
of Lyndeborough.

The war expenses have been somewhat increased by efforts to obtain credit for the five men who received a bounty of \$275 each, in 1863, amounting to \$1375, and for whom the Town has received no credit. As the town agent appears to have paid it with good intentions and the approval of the State Executive and Provost Marshal, we still hope that at least a part of the money may yet be obtained, but we do not report it with the available means of the Town.

I hereby certify, that I have examined the foregoing accounts and find them correctly cast, and the money borrowed by the Selectmen satisfactorily accounted for.

SAMUEL JONES, *Auditor.*

We believe that any citizen taking the trouble to examine the Report of the Selectmen, will not find the time lost, nor will the interest of the town suffer by too frequent examinations, or by such examinations being made by too many of its citizens. That many who really have, and ought to feel the most interest in the affairs of the town, take the least, is to be lamented, and is damaging to the welfare of the town. In no way can the true interest of the town be so well promoted as by every citizen feeling that he has a duty to perform and act accordingly. In conclusion we will say, that we can feel no higher wish for our successors than that the same harmony of action, the same considerate respect toward each, may be made manifest in the next board that has been constant with us.

All of which is respectfully submitted.

LUTHER CRAM,	}	<i>Selectmen of Lyndeboro'.</i>
