SCHOOL DISTRICT OFFICERS

Moderator, Isham E. Aldrich.
Clerk, William A. Preston.
Treasurer, Clarence E. White.
School Board, Jennie G. Patterson, Mabel M. Aldrich, Harry H. Chandler.
TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of New Ipswich in the County of Hillsborough in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town House in said New Ipswich on Tuesday, the tenth day of March next, at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriation for the same.

3. To see if the Town will vote to raise and appropriate the sum of $3200.00 for State Aid Maintenance.

4. To see if the Town will vote to raise and appropriate the sum of $1623.00 for State Aid Construction; or in case House Joint Resolution No. 75 passes favorably, to see if the Town will vote to raise and appropriate $5,000.00, said amount with $10000.00 from the State, to be used in accordance with Chapter 84 of the Public Statutes, toward completing the State road near Davis Village to the Sharon line, toward Peterborough, or take any action thereon.

5. To see if the Town will vote to raise and appropriate $3000.00 toward building two new concrete bridges to take the place of the two wooden bridges on the road between New Ipswich and High Bridge; the State to give dollar for dollar toward the cost price up to $6000.00.

6. To see if the Town will vote to borrow money in anticipation of taxes.

7. To choose one member of the Electric Light Commission for three years.
8. To choose one member of the Trust Fund Committee for three years and this same Committee to serve as the Spaulding School Fund Committee.

9. To see if the Town will vote to raise and appropriate $150.00 for Memorial Day and choose a Committee for the same.

10. To see if the Town will vote to raise and appropriate $400.00 which, with the $800.00 now on hand, will make $1200.00 for a resident Physician.

11. To see if the Town will vote to authorize the Board of Engineers to purchase three hundred feet of fire hose and raise and appropriate two hundred and seventy dollars for the same.

12. To see if the Town will vote to raise and appropriate $300 for the White Pine Blister Rust.

13. To see if the Town will vote to raise and appropriate $500.00 for gravel and repairs on the Poor Farm road, commencing from Smith Village onward to Alfred Fox's place.

14. To see if the Town will vote to compel the Selectmen to see that the Town equipment is always in repair and ready for use when necessary.

15. To see if the Town will vote to break all roads open to the taxpayers in the winter for automobile use.

16. To see if the Town will vote to raise and appropriate such sums of money as is necessary to pay the expense of buying the Town a new tractor equipped with a snow plow.

17. To see if the Town will vote to accept the care of the new road leading from the Old Poor Farm to the newly built house of Matti Lampi, or otherwise known as Matti Humalampi.

18. To see if the Town will vote to raise and appropriate some sum of money to be expended on Page Hill, so-called, to fill in a low place near the house of John Heinonen, widen the road just beyond the house of John P. Nelson, toward the house of John Siltanen, and fill in a low place beyond the house of William Hakkinen near the Mass. State line.

19. To see if the Town will vote to change the location of the road passing through Ilmer E. Aho's yard toward Wilmore D. Ashley's residence, to eliminate the blind corner and dangerous curve.
Ilmer E. Aho will aid in supplying part of rough filling for construction of road. He will also deed new proposed roadway west of his barn to take place of present one, which would be in return deeded back to him, and to raise and appropriate money for the same.

20. To see if the Town will vote to extend its electric light line from some point near the residence of Lars John Somero, up the road to Temple, N. H., to supply the buildings of Victor North with electricity and raise and appropriate such sums of money as may be necessary to carry out this project. If the Town shall vote to carry out this project, the said Victor North will dig all necessary holes for poles and guys and will furnish the labor of one man to aid in all the construction work needed to carry out the above described project.

21. To see if the Town will vote to extend the electric light line from the residence of Charles Nelson to the following residences, John Luoma and John Kangas, and raise and appropriate money for the same. If said line is built each of the above named persons agrees to give six days’ work and also Warren P. Wheeler will give six days’ work.

22. To see if the Town will vote to raise and appropriate such sum of money as is required to defray the expenses of extending the electric light line from the Poor Farm to the place owned by Matti Humalalampi, said Matti Humalalampi to give free work in helping to build this line.

23. To see if the Town will vote to extend its electric light line from some point near the house of Victor Leightonen to supply electric service to the house occupied by the late Vielho Nykanen and raise and appropriate such sum of money as may be necessary to carry out the above extension. If the Town approves of this project, John Nykanen hereby agrees to pay the cost of digging all pole and guy holes needed; the cost of the labor needed to put in the holes and guys, and the cost of the labor needed to remove any trees and brush that are in the path of the above described extension.

24. To see if the Town will vote to purchase and install an adequate fire alarm or alarms; and provide money for the same.

25. To see what action the Town will take toward reducing the price of electric light current.
26. To see if the Town will vote to complete the road from where they left off last year beyond Gardner G. Davis’ place, to the Ashby line, and raise and appropriate money for the same. The material for the same for grading to be taken off the hill, so as to widen the road around the bend. Also to appoint the following committee to complete the same: Wallace O. Tenney, Willis F. Mansfield and Leander J. Davis.

27. To choose a committee of three for the base-ball field committee.

28. To see if the Town will vote to buy three hundred feet of snow fence and raise and appropriate money for the same.

Given under our hands and seal, this eighteenth day of February, in the year of our Lord nineteen hundred and thirty-one.

Report of the Commissioners of the Electric Light Department

Your Board of Commissioners has had a number of interesting matters before it in the past year. The so-called sliding scale of charges for current has been on trial. Your Commissioners think the METHOD is a proper one to continue. As to whether the present charges are reasonable is a matter open to question. The Town of New Ipswich has gone into the business of supplying its citizens with electric service. At the present time less than 20 houses in the whole Township are outside the limits of your lines. As every citizen knows, the first installation of lines was made from a tax levy on all property of the Town. Extensions to the original installation have been made under various plans, which included assistance from those served, tax levies and sometimes from the funds in the treasury of the Electric Light Commission. Often all three plans have been combined. Your Commission believes that two things are most certain. First, the citizens would never want to go back to kerosene to light their houses. Second, the citizens would never enjoy another tax levy on their property to care for replacements. These replacements are coming now occasionally and in the near future will of course increase as the lines grow older. For your information your
Commission offers the following accounts of the extensions made to your lines in 1928, 1929 and 1930.

Total assistance $839.00

In the figures given above the cost of the Paananen extension is estimated. This line was built on an old existing line of the Telephone Company with the addition of two new poles. Your Commission understands that it will have to pay the Telephone Company about $30.00 for the use of these old poles. Your Commission will receive something from the Telephone Company for the two new poles it set on this extension. If the Telephone Company pays your Commission for a joint interest in the 1930 extensions on the same basis as it paid on the 1929 extensions, the figure of $539.00 is close to what the Commission will eventually get.

**SUMMARY OF ABOVE**

Amount taken from the Elec. Light Treasury:

</tr>
</tbody>
</table>

Taken from the Electric Light Treasury in above 3 years $6,944.90

Another matter of interest to all citizens during the past year has been requests to your Commission for a reduction in rates charged for current. These requests have come from big, little and medium consumers. In this matter your Commission have put much time and thought. Conditions in the Electric Light department of New Ipswich are different from any town known.

The question of lighting the STREETS is an important one for every citizen to consider. For about five years the Town raised annually from $1000 to $1500 for street lights. On March 13th, 1928, at the Annual Town Meeting under Art. VIII, "To see if the Town will vote to raise and appropriate the sum of one thousand dollars for Street Lighting," it was voted not to raise that sum but to take $1000 from the treasury of the Electric Light department for that purpose. Your Commission understood that vote to mean that the Town wanted the streets lighted, but the cost of the same must come from the rates charged for service. The street
light service which the Town now has would cost from $1200 to $1500 per year if it had to purchase that service from some Public Utility Company. Your Commission believes that the street light service of the past three years has been satisfactory and the Town will never want it discontinued.

On its extensions to the original the Town has gone on the basis of making them in return for a gift of labor worth about $21.50 per customer on the extension made. The labor cost of reading meters on the extensions is greater per customer than on the original plant. The Town has at present 43 transformers on the extensions to date and 29 transformers on the original installation. All these facts have to be considered in any question of rate making.

During the past year your Commission was asked to supply Mr. A. Field of Ashby, Mass., with electric service. Your Commission informed Mr. Field that it could not go out of town to render service. Mr. Field then offered to build a line to the meter board of his brother (Mr. Chas. Suominen), whom we were already serving at the so-called Jaquith place. Your Commission believed this a reasonable offer, so another meter was installed to furnish service for Mr. Field. Mr. Field had service for three months in 1930.

The electric light service of the Town of New Ipswich has developed into a real business. During 1930 there were 257 different accounts on the customers' book. Some customers paid on two and three meters and some meters had two and three customers on each meter during the year.

Your Commission always is glad to give any and all citizens an opportunity to air grievances or offer constructive criticism. The plant is owned by the Town of New Ipswich and as such every customer and citizen has a vital interest in it.

Your Commission offers for your consideration an account of the amounts charged during the year of 1930 to the accounts of the customers for the current used during 1930. This is divided as nearly as possible into accounts of the original installation and of each extension to the same. This does not include any report of revenue from the so called Ashley extension or the Hurlbut extension, or cost of the same, with the exception that these appear in the Summary.

Extension No. 1. From Smithville up the Binney Hill road and on over the so-called Poor Farm Hill, etc. Gross revenue $491.16. Number of customers 23. Average
revenue per customer $21.35. Net cost to the Electric Light department, $3,991.41. Per cent of revenue to cost, 12.3.

Extension No. 2. From the Centre Village up the Turnpike and out to the foot of Kidder Mountain. Gross revenue, $215.20. Number of customers 7. Average revenue per customer $30.74. Net cost $1,364.37. Per cent of revenue to cost, 15.7.

Extension No. 3. From beyond the Walker Plant through Gibson Four Corners and up to houses on the Mansfield road. Gross revenue $227.64. Number of customers 10. Average revenue per customer $22.76. Net cost $1,555.20. Per cent of revenue to cost, 14.6.

Extension No. 4. Off the Turnpike up to Davis Village and on to house of John Kurtti. Gross revenue $220.96. Number of customers 10. Average revenue per customer $22.09. Net cost $1,437.24. Per cent of revenue to cost 15.3.

Extension No. 5. Over Knights Hill to Nyman's, etc. Gross revenue $94.28. No of customers 4. Average revenue per customer $23.57. Net cost $818.30. Per cent of revenue to cost, 11.5.

Extension No. 7. From Centre Village to L. R. Willard's house. Gross revenue $44.80. Number of customers 1. Average revenue per customer $44.80. Net cost $427.23. Per cent of revenue to cost, 10.4.

Extension No. 10. From Davis Village up Turnpike to so called "Peppermint." Gross revenue $109.36. Number of customers 5. Average revenue per customer $21.87. Net cost $961.08. Per cent of revenue to cost, 11.3.
Original Installation. Gross revenue $5,221.64. Number of customers 147. Average revenue per customer $35.52. Net cost $20,171.93. Per cent of revenue to cost, 25.8.

(On Extension No. 6 to the Jaquith place one customer (Aate Field) had service for only 3 months.)

SUMMARY

10 extensions to the Original Installation. Gross revenue $1,739.34. Number of customers 73. Average revenue per customer $23.88. Net cost $13,530.62. Per cent of revenue to cost, 12.8.

(A tax of .005 on the equalized valuation is necessary to qualify for state aid, which is $5,794.15.)
SUPERINTENDENT’S REPORT

TO THE SCHOOL BOARD AND CITIZENS OF NEW IPSWICH:

I submit my eighth annual report as Superintendent of Schools.

SCHOOL ORGANIZATION

The opening of schools last September found us with but one change in the regular teaching staff. Miss Cora E. Stacy who had taught the Smithville School for the preceding three years, left us to be married and we have secured for this school Miss Edna G. Martinson of Manchester, a graduate of Keene Normal School last June. We have also returned to the former practice of engaging a music teacher in common with the other five towns in the Supervisory Union and secured Miss Anna G. Smith of Keene for this position. She is a graduate of the three-year music supervisory course at Keene Normal School.

The statistical tables following this report show no marked change in school enrollment, but we are pleased to note a good gain in regularity of attendance.
SUPERVISION

The testing program described in my last annual reports has been conducted along the same lines. In addition to this the teachers are using standard tests and informal tests as checks upon their own work to an increasing extent. These teachers' tests serve two purposes. They give the teacher definite data with which to check her own record of daily work on which to base the periodical reports of each pupil's standing to the parents. They also indicate to the teacher those items of her teaching which need further emphasis or re-teaching.

PROGRAM OF STUDIES

The program of studies for Grades One to Six in the elementary schools was revised during the year 1930 by committees of Superintendents and teachers in the state and edited by the staff of the State Board of Education. This was a very complete revision and makes up a book of nearly five hundred pages covering all of the subjects taught these grades in considerable detail. A chapter is devoted to each subject stating the objectives, describing teaching processes, and outlining the subject matter in minute detail for the guidance of the teachers.

The most extensive revision was in the subject of arithmetic and conforms to the conclusions of common practice and of research in the teaching of arithmetic. The chief departure from the former program is in making first grade arithmetic incidental rather than formal, that is, no definite attempt is to be made in the first grade to teach the combinations in either addition or multiplication.

The chapter on reading has been enlarged and extended with very definite and helpful suggestions for the teaching of silent reading throughout grades four, five and six. The chapters on drawing and music have been made very concrete and definite. The same is true of the chapters devoted to health and physical education. There are also two chapters on the special problems of the rural school.

APPLETON ACADEMY

We note with great satisfaction the improved facilities and increasing opportunities offered for our pupils who choose to continue their education beyond the elementary schools at Appleton Academy. We are pleased with the response our pupils have shown by taking advantage of these oppor-
tunities in increasing numbers. Two years ago there were nine
ten pupils in the Academy, last year seventeen, and this year the number has increased to twenty-seven.

We hope that the plans under consideration by the trustees for the further improvement of the building, and for the addition of a Mechanic Arts Course will be found possible of accomplishment this coming year. This will provide just as complete opportunities for our pupils to secure a high school education adapted to their needs as is provided in any New Hampshire towns of similar size, and in fact equal to the opportunities in many towns much larger.

THE JUNIOR HIGH SCHOOL

The large size of the classes in the Junior High School this year, and the prospect that we shall have equally large classes next year, prompts me to suggest that we take advantage of our opportunity to increase the efficiency of this school. I believe it will be possible to arrange with the Academy Trustees for more teaching time so that the seventh and eighth grades may be taught separately in practically all of their classes, instead of being combined and having much of the work given only in alternate years. This would also enable us to provide manual training for the boys and a limited amount of domestic arts work for the girls, which we have not been able to provide in the past two years and never to an adequate extent. This would increase our teaching cost by approximately $500.

MEDICAL INSPECTION

The usual medical inspection was conducted by Dr. Cayward and Mrs. Gilbert early in the fall term, with the following results:

The vision examinations have not yet been completed. Three clinics have been attended, with pupils from Numbers Five and Six, and the Junior High School. Eleven pupils attended for eye examinations, seven of whom were given necessary corrections. Similar work will be provided for the pupils who need it in the other schools.

**BUDGET FOR 1931-1932**

In addition to the increased amount allowed for teachers' salaries, already mentioned in connection with the Junior High School, there is an increase in the amount required for high school tuitions. There are two reasons for this: namely, first, the increase in tuition rate at the Academy, from $70 per year to $90; second, the large expected increase in the number of New Ipswich pupils to attend the Academy next year. There is but one New Ipswich pupil in this year's graduating class, but we expect that at least fifteen of the present eighth grade will enter the Academy next fall. This will make a probable total of thirty-nine, requiring $3500 for tuition payment.

**CONCLUSION**

I find the work of the New Ipswich schools very satisfactory, and I attribute this fact not only to the earnest and efficient efforts of the teachers and the interest of the pupils, but also to the loyalty and cooperation of parents and citizens and the support of the School Board and Parent-Teacher Association. This year is proving to be one of the most satisfactory in my experience.

Respectfully submitted,

Vernon S. Ames
Superintendent of Schools

**STATISTICS FOR SCHOOL YEAR ENDING JUNE 30, 1930**

Census: Boys (5-16) 109; girls 105; Total 214.
Attending School in New Ipswich: Boys 83; girls 74; total 157.
Attending Appleton Academy: Boys 6; girls 11; total 17.
Attending Greenville Parochial School: Boys 23; girls 17; total 40.
Elsewhere: Boys 2; girls 2; total 4.

REPORT OF SCHOOL BOARD

TO THE CITIZENS OF NEW IPSWICH:

At the last annual Town Meeting it was voted to appoint a Consolidation Committee, to be composed of three members chosen respectively by the Selectmen, the Parent-Teacher Association and the School Board. Its duty was to consider the question of consolidating some of the rural schools and to report at the next annual Town Meeting. The members of this committee are David A. Beattie, David Roger, Anne F. Thayer and Arthur L. Currier. The recommendation of this committee that the project be postponed on account of the unemployment situation was accepted by the School Board.

Owing, however, to the unusually small number of children scheduled for the year 1931-1932 in schools Number Five and Six, the School Board feels it would be wise to consolidate these two schools using only the building at Smithville. By carrying out this plan, a saving of nearly $900 will be effected. Transportation will be provided for the children living beyond the legal limit.

The School Board, in making this decision, has also been influenced by the conditions which have prevailed for years at Number Six, its inaccessibility and the difficulty of finding a boarding place in its vicinity for the teacher. A larger group of pupils in one building offers a more attractive field for a teacher, furnishes the competition necessary for increased effort on the part of the children, and provides opportunities for more social contacts.

The larger sum to be raised by taxation is due to the increase in the number of our children who are taking advantage of the course of study offered by Appleton Academy and also to the increase in the cost of tuition which the Trustees have decided is necessary in order to continue and broaden the work. The proposed appointment of a Mechanic
Arts teacher whose salary and time are to be divided between the Academy and the Junior High contributes to the necessary increase.

Through the efforts of the School Nurse, every child needing glasses has been supplied. We acknowledge our indebtedness to the Parent-Teacher Association for its splendid co-operation along that line and for its prompt response to various other calls for financial aid.

The Primary room at Number One school has been furnished with some much needed equipment, especially the new desks thereby assuring the better health and comfort of our little ones.

Respectfully submitted,

JENNIE G. PATTERSON

School Board of New Ipswich

July 8, 1930.

This is to certify that I have examined the above accounts, found them correct and with vouchers therefor, and in agreement with treasurer's report.

**David Roger**
Auditor
THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the Town of New Ipswich, N. H., qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the tenth day of March, 1931, at two o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agents of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see if the district will vote to make any alteration in the amount of money required to be assessed for the ensuing year for the support of public schools and the payment of the statutory obligations of the district, as determined by the school board in its annual report.

Given under our hands at said New Ipswich, this sixth day of February, 1931.
