TOWN WARRANT

STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Pelham in the County of Hillsborough in said State, qualified to vote in the Town Affairs:

[L. S.]

You are hereby notified to meet at the Town Hall in said Pelham on Tuesday, the 11th day of March next, at one of the clock in the afternoon, to act upon the following subjects:

1. To choose all necessary Town officers for the year ensuing, and to elect one delegate to the Convention to Revise the Constitution.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year, and make appropriation for the same.
3. To see if the Town will vote to raise, appropriate and set apart \$2000. in addition to the amount unexpended as a fund for State Aid Maintenance as recommended by the State Highway Commissioner.
4. To see if the Town will vote to raise, appropriate and set apart the amount necessary for the construction of permanent highways under the law passed at the January Session 1905.
5. To see if the Town will vote to raise, appropriate and set apart \$3841.82 for town maintenance of highways and bridges or take any other action in relation thereto.
6. To see if the Town will vote to raise and appropriate \$200. for the control of the White Pine Blister Rust, to be used with the amount appropriated by the State.
7. To see if the Town will vote to locate and maintain three additional Street Lights, located as follows: opposite Library, near Fire House, and one on Woodbury Ave. and authorize the Selectmen carry the same into effect.

8. To see how much money the Town will vote to raise and appropriate for the Public Library in addition to the amount required by law.

9. To see how much money the Town will vote to raise and appropriate for cemeteries for the ensuing year.

10. To see how much money the Town will vote to raise and appropriate for Memorial Day.

11. To see if the Town will vote to raise and appropriate the sum of \$1000. to build an addition to the Town Hall for stage purposes and if carried in the affirmative to appoint a committee to carry the same into effect.

12. To choose two persons for three years as trustees of cemeteries.

13. To choose one person for three years as trustee of the Public Library.

14. To choose one person for three years as trustee of the Trust funds.

15. To see if the Town will vote to purchase a tractor with equipment to be used in highway work, and make appropriation therefor.

16. To see if the Town will vote to purchase a Power Water Pump and hose equipment as additional fire fighting apparatus and if voted in the affirmative to raise and appropriate the sum of \$1250. necessary to carry the same into effect, or take any other action relative thereto.

17. To see if the Town will authorize the Selectmen to distribute the inventory blanks when they make their annual appraisal in April.

18. To see if the Town will vote to allow a discount of 2 per cent on the 1930 tax list paid on or before September 1, 1930.

19. To see what action the Town will take relative to snow removal from the highways and raise sufficient money to carry the same into effect, or take any other action relative thereto.

20. To see if the Town will vote to authorize the Select-

men and Town Treasurer to borrow a sum not exceeding \$5000. in anticipation of taxes.

21. To transact any other business that may legally come before said meeting.

Given under our hands and seal, this 17th day of February, in the year of our Lord nineteen hundred and thirty.

JOHN W. SMITH,
GAGE A. FOX,
CHARLES W. HOBBS,
Selectmen of Pelham.

A true copy of Warrant—Attest:

JOHN W. SMITH,
GAGE A. FOX,
CHARLES W. HOBBS,
Selectmen of Pelham

AUDITORS' REPORT

The undersigned Auditors of the town of Pelham certify that we have examined the books of the selectmen, treasurer, tax collector, town clerk, treasurer of trust funds and treasurer of cemetery trustees. We find the selectmen have issued orders on the treasurer to the amount of \$32,487.17 and said orders were properly receipted. That the treasurer has received from various sources \$34,237.60 and has paid the above mentioned orders, leaving a balance in the treasury of \$1,750.43. The collector has \$5,564.62 of the 1929 taxes to collect. The town clerk has paid the treasurer \$1,200.51 for auto permits of which \$413.73 is for 1929 permits and \$786.78 is for 1930 permits. He has paid to the treasurer \$348.00 for 1929 dog taxes.

The treasurer of the Trust Funds has a balance on hand of \$878.52. The Treasurer of the Cemetery Trustees has a balance on hand of \$58.99.

The total amount of trust funds is \$7,642.50.

CATHERINE F. DONOVAN,
CLIFTON H. MERRIAM,
CHARLES H. JACK,
Auditors.

HEALTH OFFICER'S REPORT

There has been no epidemic in Town during the past year.

Contagious disease—1.

Samples of water have been sent to state chemist for examination.

Several dogs' heads have been sent to Hanover for examination.

I have examined 183 cows, 782 calves, 28 bulls, 46 hogs and 1 lamb that have been slaughtered.

DANIEL G. CARLETON,
Health Officer.

CHILD HEALTH CONFERENCE

July, 1929

Children examined	36
Free from defects	12
Demonstration of infant care	10
Placed under treatment	11
Defects corrected or placed under treatment since conference	9

MARY G. HURLEY,
of the Division of Maternity, Infancy and Child Hygiene.

REPORT OF SECRETARY-TREASURER P. V. F. D.

In courtesy to the Townspeople who have so liberally contributed to various benefits promoted under the direction and management of the Pelham Fire Department we beg to report that this department has now a balance on hand of \$530.41 and that the sum of \$178.82 was expended for necessary equipment this last year. And we beg to advise that at a recent meeting of this department it was voted, conditionally, to devote such portion of this fund as deemed necessary to purchase an auto chassis suitable for mounting and carrying a power water pump and hose equipment to be used as additional fire fighting apparatus for the Town, provided the town at its annual meeting Tuesday, March 11, 1930, shall vote to purchase such pump and equipment in accordance with an article presented in the town warrant.

W. S. KOEHLER,
Secretary and Treasurer.

FIRES IN CURRENT YEAR

March 10—Fineman and Metcalf	Dwelling
March 31—Polish Cemetery	1½ acres
April 2—Charles Waite	chimney
April 2—Samuel Richardson	chimney
April 3—Harold Fitzgerald	½ acre
April 5—G. Carleton (Koehler Hill)	⅛ acre
April 7—Joseph Ploude	1 acre
April 21—F. W. Lyon	chimney
April 23—B. F. Simpson	½ acre
April 23—G. W. Rediker	4 acres
April 24—C. Papurzyuske (So. Bridge)	⅛ acre

SCHOOL WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the town of Pelham qualified to vote in district affairs:

You are hereby notified to meet at the town hall in said district on the twenty-second day of March, 1930, at one-thirty o'clock in the afternoon to act upon the following subjects:

1. To choose a moderator for the coming year.
2. To choose a clerk for the ensuing year.
3. To choose a member of the school board for the ensuing two years.
4. To choose a member of the school board for the ensuing three years.
5. To choose a treasurer for the coming year.
6. To determine and appoint the salaries of the school board and truant officer and fix the compensation of any other officers or agents of the district.
7. To hear the reports of agents, auditors, committees or officers chosen and pass any votes relating thereto.
8. To choose agents, auditors and committees in relation to any subject embraced in this warrant.
9. To see if the district will vote to make any alteration in the amount of money required to be assessed for the ensuing year for the support of public schools and the payment of the statutory obligations of this district as determined by the school board in its annual report.
10. To see how much money the district will vote to raise and appropriate for the repair of its school houses and buildings.

11. To transact any other business that may legally come before said meeting.

Given under our hands at said Pelham this 10th day of February, 1930.

ERNEST G. SHERBURNE,
CLARA C. JACK,
FANNIE F. CLEMENT,
School Board.

I have this day examined the School District Treasurer's accounts and find that he has received \$15,447.96, and has paid orders issued by the School Board amounting to \$13,487.05, leaving a balance in the treasury of \$1,960.91.

FOREST E. KELLEY,
Auditor.

Pelham, N. H. July 13, 1929

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board of Pelham

GREETING:

Please accept herewith my eleventh annual report as superintendent of your schools. I have attached reports from the principal of your junior high and high school and from your school nurse, of which I ask your consideration.

MEMBERSHIP

On January 6 of this year the membership of your schools was as follows: high school, 11; junior high, 27; No. 1, 33; No. 2, 18; No. 3, 18; No. 4, 33; No. 5, 20; total 160. This is seven less than your average membership for last year, six more than for either the years of 1927 and 1928 but less than the average membership for any other year for the past decade. I do not place much significance to these figures because your geographical situation would seem to warrant no great depletion of your population in the immediate future.

SCHOOL BUILDINGS

During the past 10 years you have made many improvements beyond ordinary repairs in your school buildings. A much needed new building has been erected for the accommodations of the high and junior high pupils. This structure is fairly satisfactory and in accordance with modern demands with the exception of toilet conveniences. You have made the lighting in your five one-room buildings satisfactory, or nearly so, by building in a bank of windows in Nos. 2, 4 and 5. You have greatly improved the heating of these five buildings by installing jacketed heaters in the place of the old-styled wood stoves. This is as modern and convenient a method of heating this type of buildings as is practicable, at the present time. Through the aid of an endowment and contributions from parents and friends, you have installed a chemical toilet in No. 2 school. Thus

far the operation of this convenience has been entirely satisfactory. In this age when the luxuries of a former generation have become present necessities, I believe it is time that the ill-smelling outbuilding, reached through snow, slush, or mud, should become obsolete, whether in the home or in places of public concourse. From nearly 40 years of observation I have concluded that it is practically impossible to keep these isolated buildings in a decent condition. Exercise whatever diligence you may, the time invariably comes when traditional lack of respect on the part of the children and public for these inconveniences together with vandalism from the outside, and with a little letting up of care on the part of the school authorities, render these buildings unfit for use. At best, it is an incessant struggle to maintain decency in this inconvenience which should have passed with our generation.

I believe that the next step in the improvement of your school plants should be directed towards the toilet facilities. The chemical toilet seems to be the best solution of the problem at the present time.

MATTERS OF INSTRUCTION

The function of the public schools is to instruct the children in such knowledge, and to train them to such habits of thought and action as shall cause them to become as efficient citizens politically, economically, and socially as their natural endowments will permit. Our classification of the instruction into the various branches of mathematics, language, science, etc., with the grading resulting from our setting up of standards of achievement in these branches, frequently obscure the ultimate end sought. It is my conviction that we all too frequently miss the mark because of our slavish adherence to these arbitrary standards. While efficient citizenship should be our aim, the end is lost sight of in an endeavor to reach certain academic goals. We attempt to turn out a uniform symmetrical product. Any lack of conformity to this pattern in all respects prevents the progress of the individual in the school system. To be specific, a child failing to make the standard in mathematics is not promoted to the next grade at the end of the year. As a result, for the next 12 months he must mark time in the other subjects while he endeavors to round out in this one

respect. One failure weakens his confidence in self, making failure in other lines more probable, and in extreme cases resulting in an inferiority complex. It is a well-known fact that Edison could not master arithmetic. Had he attended a modern public school he doubtless would have been a decided misfit. Instructed by a wise mother, he has become one of the world's greatest benefactors. In order to develop rather than stunt our "Edisons" it is necessary to break down the inflexibility of our system so that children in the same phases of development may be instructed together. This can more easily be done in one-room schools than in larger school systems.

To this end the re-organization of our school system from the old 8-4 to either the 6-2-4 or the 6-3-3 plan was effected. The present drive for the substitution of the problem-project and contract methods in the place of the older types of instruction, has the same end in view.

We are endeavoring in this union to effect this change by placing in the class rooms for individual use such problem-project and contract materials as seemed adaptable and our limited means would permit, and by fostering in the teachers an interest in the study and practice of these methods.

In order to train as well as instruct the pupils in the duties of good citizenship, we are fostering an interest in pupil participation in the government of the school. We find this particularly practical in the executive and judicial functions. Wherever the teacher has tried the experiment, we have only happy experiences.

JANITORSHIP

I believe your move to secure better janitorship by paying for both the sweeping and the care of the furnaces is a step in the right direction. Though it is theoretically correct to train children to habits of neatness by having them take care of their own dirt, it has not worked out well in this town, and has been more or less a source of annoyance. I also feel that your reward offered for the keeping of the school plant in a neat and attractive condition, will result in a good lesson in neat habits and good citizenship.

ATTENDANCE

To encourage better pupil attendance, I am giving you for publication the names of the pupils who were

neither absent nor tardy during the last school year. The following are the names of the pupils: Rita Gendron, Phyllis Atwood, Dolores Ducharme, Gertrude Ducharme, and Ilda Hardy. The following is the per cent of attendance in the various schools: High, 92.6; No. 1, 92.0; Junior High, 90.8; No. 2, 89.9; No. 4, 87.2; No. 3, 86.5; No. 5, 86.2.

IN GENERAL

I believe your schools are doing good work at the present time and with very little friction with the public in any of them. This is, however, no reason why we should not attempt to improve them in many respects.

I feel that I should not close this report without paying tribute to the faithful services of the late Willis E. Pearson. At the time of his death, I had served your board for nearly ten years while he was a member of it, and for a large part of the time its chairman. Never allowing any private affairs to interfere, he gave unstintingly of his time for the service of the district. He manifested great interest in the work of the schools and was at all times conversant with all school affairs. Such public service, carrying with it practically no remuneration, is a rarity and at the same time an inspiration.

Thanking the board and the public for the many courtesies extended to me during the past year, making my service a pleasure, this report is

Respectfully submitted.

LOUIS DeWITT RECORD,
Supt. of Schools, Union No. 27.

February 1, 1930.

REPORT OF HEADMASTER

Mr. Louis D. Record, Supt. of Schools, and Pelham School Board.

Citizens of Pelham:

It gives me pleasure to submit my fourth annual report concerning the work and social events of Pelham High School for the past year.

The enrollment, although smaller than at the beginning of the school year of 1928, is the same as it was in June, 1929. The total number of pupils in September, 1929, was 12, eight of which were in the ninth grade and four in the 10th. During the fall term two left the ninth grade, but in the winter term a new member was enrolled, making at the present total of 11.

The curriculum for the two high school classes is as follows:

Year I.

English I	40 min. period—5 days per week.
Mod. Euro. Hist.	40-min. period—5 days per week.
French II	40-min. period—5 days per week.
Com. Arith.	
24 weeks	40 min. period—5 days per week.
Com. Geog. 12 weeks	40 min. period—5 days per week.
Fundamentals	20 min. period—5 days per week.

Year II.

English II	40 min. period—5 days per week.
Mod. Euro. Hist.	40 min. period—5 days per week.
French III	40 min. period—5 days per week.
Com. Arith.	
24 weeks	40 min. period—5 days per week.
Com. Geog. 12 weeks	40-min period—5 days per week.
Fundamentals	20 min. period—5 days per week.

As a whole, the class in fundamentals has been devoted to English, in addition, of course, to the regular English period. We have endeavored (under many difficulties) to

develop an appreciation for correct English among the high school pupils as well as among those of the seventh and eighth grades.

It is a very serious matter for a child to grow up and to have reached the high school and still be unable to write a complete sentence or to understand the meaning of one when read. Our aim for the last half of this school year is to stress this one thing above all others.

The attendance so far has been exceptionally good, owing to the fact, no doubt, that we have been able to keep contagious diseases from our schools. Another reason for this is the complete examination and check-up that the school nurse has given each pupil.

The outstanding improvement, which was appreciated by the state inspector as well as by teachers and pupils, was the appointing by the school board of one pupil to do all sweeping for which he receives pay. This does not take the responsibility from each individual entirely for during school and lunch hours crumbs and paper are taken care of by each child. On the other hand it gives the boy in charge of sweeping something to work for and in this way he does his work well.

Other minor improvements have been made which are no less appreciated.

In the fall the members of high school and seventh and eighth grades (aided by a few alumnae) gave a minstrel show. It was a financial success as well as a change from the usual entertainment consisting of plays.

The teachers of Pelham High School extend thanks to the superintendent, to the School Board, and to the parents and other citizens of Pelham for their support and confidence in us.

Respectfully,

RUTH L. RICHARDSON,
Headmaster.

REPORT OF SCHOOL NURSE

To the School Board and Citizens of Pelham :

Following is the report of the school nurse for five months :

At the beginning of the term about 25 per cent of the children were found to be seven per cent or more underweight. During January these children were re-weighed and were found to have gained weight with few exceptions and most of them are now nearly normal.

The general appearance of the children in all the schools has improved and evidently an earnest effort is being made to follow health and cleanliness instruction. With the cooperation of parents and securing treatment for defects we may reach the goal we aim for, a truly healthy group of children.

A special effort is being made by the teachers and pupils to keep the school rooms and surroundings neat and clean. To stimulate interest a prize has been offered to the pupils of the school presenting, throughout the year, the best appearance.

The most apparent need of the schools is better water and toilet facilities.

Number of children examined	161
7% or more underweight	46
Number having defective vision	17
Number having defective hearing	4
Number having defective teeth	111
Number having enlarged tonsils	57
Number having defect of breathing	1
Number having enlarged glands	3
Number having skin disease	2
Number having pediculosis	11
Number being unvaccinated	32

ANNE S. BIGGAR,
School Nurse.

SCHOOL BOARD'S BUDGET FOR 1930-1931

School Board's statement of amounts required to support public schools and meet other statutory obligations of the district for the fiscal year beginning July 1, 1930.

SUPPORT OF SCHOOLS

	High School	Elementary Schools
Teachers' Salaries	\$1,300.00	\$5,926.00
