SELECTMEN'S REPORT

REPORT TO THE PEOPLE OF WALPOLE

1994 ended a lot quieter than it began. The tape recorders at the Thursday night Selectmen's meeting have disappeared and the audience is smaller, quieter and helpful. Since the last March Town Meeting the Selectmen have faithfully met without one Selectman absent. Our recording secretary, Linda Edkins, has also been very faithful, not only in attendance, but in issuing the minutes of our Thursday night meetings.

The Facility Needs Committee, proposed by the Town last March, organized early and spent a lot of time addressing the space needs of our Town Offices. Harold Putnam was Chairman and his report deserves your attention. Articles 11, 12, 13, and 14 are the result of the Facility Needs Committee work. Please study them and attend the business portion of the Town Meeting on Saturday, March 18.

The Selectmen hope to announce the appointment of a full time Police Chief soon. A lot of time was used to find candidates for the position, study resumes, conduct interviews, wait for background checks and develop an offer of employment. An Advisory Committee of retired Police Chiefs and State Police, and a State Police Officer provided the guidance the Selectmen needed in order to select the best candidate and tender an offer of employment. Walpole should have a new Police Chief, full time, by Town Meeting day. Meanwhile, our five member part time police department has functioned very well and have been busy. You may have noticed them when attending the Band Concerts sponsored by the Savings Bank of Walpole on the town common. Articles 12 and 14 of the Town Warrant emphasize the need for a Police Station.

The Highway Department was very busy with Joe's Tar Fund this summer, re-paving River Road (South), Maple Grove Road, Ramsay Hill Road and did a wonderful job straightening out, re-grading and re-paving Alstead Center Road. The Road Agents report can supply more information.

The rebuilding of Westminster Street could not be accomplished this year due to lack of funds. Article 16 of this years warrant suggests trying to do this in 1995 with a realistic appropriation.

Marilyn Yandoh and friends were very helpful in supervising the surplus food distributions in 1994 at the Town Hall. Unfortunately the Federal Government has cut back this program and it will not be offered in 1995.

Vernie James and Paul Barnes found an air conditioner they were not using and donated its service to the Selectmen's Office. It really helped this last summer and air conditioning is going to be a must for the Town Office computer system. Article 17 to continue upgrading the computer networking system is important as our municipal software provider will not be able to support us after 1995 with our present system. Our annual contract with BMSI includes providing us with upgraded software at no extra cost.

Mrs. Elaine Wheeler, Secretary for the Selectmen and Collector of Sewer and Water fees has worked diligently organizing and typing our Town Report. Mrs. Sheila Turner, Bookkeeper for the Selectmen has arranged and explained to them where all the numbers go as the Town Budget was developed. They have served us well and the Town is the beneficiary.

I have enjoyed serving as a Selectman with my two colleagues this last year. Chick Miller spearheaded the search for the new Police Chief among other things and Jim Hogan has spent a lot of time making friends with the Board of Tax and Land Appeals plus reviewing property assessments.

Please attend your Town Meeting his March. It may provide more excitement than you TV set and is a one time annual event. Election of Town Officials occurs Tuesday, March 14 and the business meeting is scheduled for Saturday, March 18. Prior to the Town Meeting the Town Moderator will be conducting the traditional Walpole Budget Committee Meeting, Wednesday March 8 at 7:30 PM at the Town Hall. Bring your new 1994 Town Report to the meeting.

James M. Freeman

James M. Freeman Chairman - Board of Selectmen

STATE OF NEW HAMPSHIRE

TOWN OF WALPOLE, NEW HAMPSHIRE TOWN WARRANT 1995

To the inhabitants of the Town Of Walpole qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said Town on Tuesday the 14th day of March next, at 8:00 O'Clock in the forenoon to act on Articles 1 through 21. Polls will remain open until 7:00 PM. Following the counting of ballots, the meeting will be recessed until the 18th day of March next at 9:30 in the forenoon, at which time the balance of the Articles will be acted on.

ARTICLE 1: To choose the necessary town officers for their respective terms.

ARTICLE 2: To see if the Town will vote to raise and appropriate the sum of \$2,298,655 for the support of town poor, for Town Libraries, to build and repair bridges and highways and for such other expenses as may accrue.

ARTICLE 3: To see if the Town will vote to authorize indefinitely, until specific rescission of such authority, the Board Of Selectmen to accept on behalf of the Town, gifts, legacies, and devises made to the Town in trust for any public purpose, as permitted in RSA 31:19.

ARTICLE 4: To see if the Town will vote to authorize indefinitely, until specific rescission of such authority, the Board Of Selectmen to accept gifts of personal property (other than money) which may be offered to the Town for any public purpose, pursuant to RSA 31:95-e. The selectmen must hold a public hearing before accepting such gift, and the acceptance shall not bind the Town to raise, appropriate, or expend any public funds for the operation, maintenance, repair or replacement of any such personal property.

ARTICLE 5: To see if the Town will vote to raise and appropriate \$50,000 to be held in the Capital Reserve Fund - Heavy Highway Equipment. (The Board Of Selectmen RECOMMEND this appropriation)

ARTICLE 6: To see if the Town will vote to grant a protective easement to Southwestern Community Services, Inc. for the Drewsville Cemetery which lies within the protective well radius for the proposed well on what is commonly known as the Drewsville Mansion property.

Easement detail may be viewed at the Town Clerk's Office or the Selectmen's Office during regular business hours.

ARTICLE 7: To see if the Town will vote to completely discontinue per RSA 231:43 the Class VI road/lane connecting North Road and Reservoir Road through land owned by Stewart A. Satter (formerly owned by Richard Coast Murphy) on North Road and land owned by Randall P. Daniels on Reservoir Road. After 5 years of not being maintained by the Town the lane became a Class VI road several years ago.

ARTICLE 8: To see if the Town will vote to extend the Class V portion of Leclair road 400 feet to permit access to property tax parcel (Map 0011 Lot 0014-0000) per RSA 231:22-a, IV. This portion of Leclair Road is now a Class VI Road, is not maintained by the Town, and will require that the 400 feet of road be improved to satisfy road specifications of the Town per RSA 231:28 thru 33 before acceptance as a Class V road. A public hearing per RSA 231:28 shall be held within 90 days of the Town vote and notice of the hearing shall be posted 14 days prior to the hearing. The expense of the road improvement will be borne by the property owner abutting the road.

A surveyors plat showing the requested 400 feet extension of Leclair Road is available for inspection by the public at the Town Clerk's Office and at the Selectmen's Office.

ARTICLE 9: To see if the Town will vote to raise and appropriate \$450 this year to increase the annual salary of each of the three Supervisors Of The Checklist from \$150 to \$300.

ARTICLE 10: To see if the Town will vote to establish a Capital Reserve Fund - Recycling Center/Transfer Station Equipment to purchase future equipment and to raise and appropriate the sum of \$8000 to be deposited in it. Warrant articles 22, 24 and 25 from 1994 for the Recycling Center deposited \$8000 into the unreserved fund balance of the General Fund when they lapsed at the end of the year. (The Board Of Selectmen DO NOT RECOMEND this appropriation)

ARTICLE 11: To see if the Town will vote to raise and appropriate the sum of \$200,000 to remove the old highway garage on School Street and replace it with a new Town Office Administrative Building as proposed by the Facility Needs Committee appointed by the Selectmen as instructed at the 1994 Town Meeting (see 1994 Town Meeting Minutes - Article 33). This appropriation shall be non-lapsing for one year and

shall be administered by the Board Of Selectmen with the assistance of the present Facility Needs Committee.

(The Board Of Selectmen RECOMMEND this appropriation)

ARTICLE 12: To see if the Town will vote to raise and appropriate the sum of \$50,000 to build a permanent Police Station on land adjacent to the North Walpole Village Hall (Fire Station). The land is to be given to the Town by vote of the North Walpole Village Precinct. This appropriation shall be non-lapsing for one year and administered by the Board Of Selectmen with the assistance of the Police Department, the present Facility Needs Committee and the North Walpole Village Precinct Commissioners. (The Board Of Selectmen RECOMMEND this appropriation)

ARTICLE 13: To see if the Town will vote to raise and appropriate the sum of \$5000 to allow the Board Of Selectmen to hire an engineer to provide engineering/architectural specifications and plans for modifying the Town Hall to satisfy ADA requirements as mandated by the Federal Government for handicapped access to a uni-sex restroom and both floors of the Town Hall used by the public. This appropriation shall be non-lapsing for one year and shall be administered by the Board Of Selectmen with the assistance of the present Facility Needs Committee. This article shall also provide the cost information for the Town to appropriate the necessary funds at the 1996 Town Meeting for modifying the Town Hall as mandated.

(The Board Of Selectmen RECOMMEND this appropriation)

ARTICLE 14: To see if the Town will raise and appropriate the sum of \$4500 to modify the Selectmen's Office and part of the Town Clerk/Tax Collector's Office to be used as offices for the Police Department if the Selectmen and Town Clerk/Tax Collector are moved to another location (see previous Article 11). The remainder of the Town Clerk/Tax Collector's office could be used to provide enough space for a handi-capped accessible uni-sex restroom (see Article 13). A new external access door to the Selectmen's Office shall be provided for Police use only and a pedestrian ramp constructed along the south end of the Town Hall to serve this door. This appropriation is non-lapsing for one year and shall be administered by the Board Of Selectmen with the assistance of the present Facility Needs Committee and the Walpole Police Department. (The Board Of Selectmen RECOMMEND this appropriation)

ARTICLE 15: To see if the Town will vote to authorize the withdrawal of the sum of \$100,000 from the Capital Reserve Fund - Heavy Highway Equipment and appropriate this sum for the purchase of a three yard bucket loader equipped with a quick coupling hitch, allowing removal of the bucket, to attach a snow plow in its place. The present

loader, purchased in 1987, has 12000 hours of operation and can be used as a trade in for the new bucket loader.

(The Board Of Selectmen RECOMMEND this appropriation)

ARTICLE 16: To see if the Town will vote to raise and appropriate the sum of \$175,000 to rebuild 1100 feet of Westminster Street including new pavement, sidewalks, and street drains. New sewer and water mains with connecting services shall also be installed and funded from the water and sewer funds. This appropriation is non-lapsing for one year and shall be administered by the Board Of Selectmen. This article is a continuation of Article 13 of the 1994 Town Warrant and specified an appropriation of \$125,000 approved by the Town. \$5,000 was expended for engineering plans and specifications which provided a cost estimate greater than the approved appropriation. The appropriation lapsed and \$120,000 was returned to the unreserved fund balance of the General Fund.

(The Board Of Selectmen RECOMMEND this appropriation)

ARTICLE 17: To see if the Town will vote to raise and appropriate the sum of \$3500 to upgrade the present net-worked computer system in the Selectmen's Office. The upgrade will consist of a dedicated file server and upgraded networking software with technical support to accommodate upgrades in our business software. (The Board Of Selectmen RECOMMEND this appropriation)

ARTICLE 18: To see if the Town will vote to raise and appropriate the sum of \$10,000 to be held in the Capital Reserve Fund - Police Vehicle. (The Board Of Selectmen RECOMMEND this appropriation)

ARTICLE 19: To see if the Town will vote to raise and appropriate the sum of \$13,500 to match reimbursing funds distributed by the State to encourage energy conservation. The funds will be used to insulate the Town Hall and Library to include walls, ceilings, weatherstripping of doors and a new furnace to heat the second floor of the Town Hall. The estimated payback for energy savings is expected to be 6 years. The State has already paid for the technical assistance reports at no expense to the Town in order to qualify for the matching funds.

(The Board Of Selectmen RECOMMEND this appropriation)

ARTICLE 20: To see if the Town will vote to raise and appropriate the sum of \$35,000 to fund the Educational Program of the Hooper Institute. This appropriation will not be necessary if the funds are available from the George L. Hooper Trusts.

BY PETITION

(The Board Of Selectmen DO NOT RECOMMEND this appropriation)

ARTICLE 21: To transact any other business that may legally come before the meeting.

Given under our hand and seal, this __/'/ * day of February in the year of our Lord Nineteen Hundred and Ninety-Five.

Marie II Maller - ine 1 12 Gogor

Selectmen of Walpole

A true copy of warrant - - Attest:

Charles 1. Miller

Selectmen of Walpole

INDEFINITE DELEGATION OF AUTHORITY BY THE TOWN TO THE BOARD OF SELECTMEN

A number of articles appearing on the Town Warrant repeat themselves every year in order to delegate specific powers to the Board Of Selectmen. These articles are quite often referred to as boilerplate articles. Walpole usually includes six (6) boilerplate articles in the Town Warrant and four (4) of them using the words: "authorizing indefinitely, until specific rescission of such authority" are listed for your reference:

- 1. TAX ANTICIPATION NOTES: Shall the town accept the provision of RSA 33:7 providing that any town at an annual meeting may adopt an article *authorizing indefinitely, until specific rescission of such authority,* the Selectmen to issue tax anticipation notes?
- 2. ACCEPTANCE OF GRANTS: Shall the Town accept the provisions of RSA 31:95-b providing that any Town at an annual meeting may adopt an article *authorizing indefinitely, until specific rescission of such authority,* the selectmen to apply for, accept and expend, without further action by the town meeting, unanticipated money from a state, federal, or other governmental unit or a private source which becomes available during the fiscal year.
- 3. ACCEPTANCE OF GRANTS BY LIBRARIES: Shall the Town accept the provisions of RSA 202-A:4-c providing that any Town at an annual meeting may adopt an article *authorizing indefinitely*, *until specific rescission of such authority*, the public library trustees to apply for, accept and expend, without further action by the Town Meeting, unanticipated money from a state, federal or other governmental unit or a private source which becomes available during the fiscal year.
- 4. TRANSFER OF TAX LIENS AND SALE OF TAX DEED PROPERTY: To see if the Town will vote to *authorize indefinitely, until specific rescission of such authority*, the Board Of Selectmen to convey any real estate acquired by the Town by tax collector's deed. Such conveyance shall be by deed following a public auction, or the property may be sold by advertised sealed bids, or may be otherwise disposed of as justice may require, pursuant to RSA 80:80 (or RSA 80:42 if the Town has not adopted the tax lien procedure).

NOTE: Articles 3 and 4 in this years Town Warrant were not included with the four articles above because they did not include the words: *authorizing indefinitely, until specific rescission of such authority,* in the previous year.

14	1/2 Net Liability	For Year		78,239.82

CALCULATION OF ANNUAL SEWER DEBT CHARGES

Net liability for the year is shared equally by the town property owners and the sewer system users:

- 50% of the annual liability is applied to the town budget as and appropriation.
- 50% of the annual liability is billed to the sewer system users equally on an individual basis in January.

Therefore for the calendar year 1994:

- 1. Number of sewer users = 534
- 2. Annual Sewer Debt billed each user = 1/2 N

= 1/2 Net Liability for the Year Number of Sewer Users

= <u>78,239.82</u> 534

= \$146.52

Certified Public Accountants

45 Market Street Manchester, New Hampshire 03101 (603) 622-7070

Board of Selectmen
Town of Walpole, New Hampshire

We have audited the general purpose financial statements of the Town of Walpole, New Hampshire as of and for the year ended December 31, 1994, and have issued our report thereon dated January 19, 1995.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement.

In planning and performing our audit of the general purpose financial statements of the Town of Walpole, New Hampshire for the year ended December 31, 1994, we considered its internal control structure in order to determine our auditing procedures for the purpose of expressing our opinion on the general purpose financial statements and not to provide assurance on the internal control structure.

The management of the Town of Walpole, New Hampshire is responsible for establishing and maintaining an internal control structure. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures. The objectives of an internal control structure are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles. Because of inherent limitations in any internal control structure, errors or irregularities may nevertheless occur and not be detected. Also, projection of any evaluation of the structure to future periods is subject to the risk that procedures may become inadequate because of changes in conditions or that the effectiveness of the design and operation of policies and procedures may deteriorate.

For the purpose of this report, we have classified the significant internal control structure policies and procedures in the following categories:

ACCOUNTING APPLICATIONS

Budget
Cash and investments
Revenue and receivables
Expenditures for goods and services
and accounts payable
Payroll and related liabilities
Debt and debt service requirements

For all of the internal control structure categories listed above, we obtained an understanding of the design of relevant policies and procedures and whether they have been placed in operation, and we assessed control risk.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a reportable condition in which the design or operation of one or more of the internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the general purpose financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control structure and its operation that we consider to be material weaknesses as defined above.

However, we noted certain matters involving the internal control structure and its operation that we have reported to the management of the Town of Walpole, New Hampshire in a separate letter dated January 19, 1995.

This report is intended for the information of management and the Board of Selectmen. However, this report is a matter of public record and its distribution is not limited.

WALPOLE SEWER PROJECT

As reported in the 1993 Annual Town Report construction on the Town Sewer Project was completed in 1993. The final check was drawn December 03, 1993.

On December 31, 1993 there remained two accounts in the name of the Walpole Sewer Project, one in the Savings Bank of Walpole in the amount of \$85,224.36 and the other in CFX in the amount of \$95,870.98 a total of \$181,095.34.

In August the CFX account was closed and the funds put into the account at the Savings Bank of Walpole. Since the final disposition of these funds had not been determined they were put to work. A United States Treasury Bill coming due March 02, 1995 in the amount of \$185,000 was purchased and the balance was left in the savings account. As of December 31, 1994 the project had the U.S. Treasury Bill valued on December 30, 1994 at \$183,296 and \$3,709.17 in account #1034690 in the Savings Bank of Walpole; a total of \$187,005.17.

When the funds from the U.S. Bill are received they will be deposited into account #1034690 and together with all the records and files of the project turned over to the Town Selectmen. This will be the final act of the project's Authorized Agent whose resignation will be submitted to the Selectmen at that time.

In closing, I would like to again thank all of the people of Walpole, the State officials and in particular our Treasurer, Helen Ladd, and the Selectmen for giving the project and myself their whole hearted support and helpful suggestions.

January 17, 1995

Repsectfully,

Holmes H. Whitmore Authorized Agent

WALPOLE WATER DEPARTMENT 1994

We have had a very quiet year with the Walpole Town water system. We have not had the usual complaints of rusty water. I'm sure that running the river pump 3 times a week in the middle of the night has helped improve the quality of water and helped some in cutting down on the rusty water. We are still injecting a minimal amount of chlorine in the water daily to improve the quality but the amount is so small that most people cannot smell or taste it. There is little that can be done to improve anything without spending big dollars to clean and reline 3 year old water mains and the Selectmen are still working on this type of a job.

Respectfully submitted,

William E. Houghton Supt. Walpole Water Dept.

TOWN OF WALPOLE SEWER DEPARTMENT - 1994

We have had a very quiet year. We have only had to snake one sewer on Walpole Common. When we have the money we will be doing more work on School Street and Main Street on the old sewer lines and I'm sure in the near future something will be done with both the water and sewer lines on Westminster Street as the Road Agent and Selectmen continue to work on rebuilding that street. Please feel free to call me on any matter that might arise.

Respectfully submitted

William E. Houghton Supt. of Walpole Sewer Dept.

REPORT OF THE ROAD AGENT 1994 HIGHWAY DEPARTMENT

Our Walpole Highway Department received two new one (1) Ton trucks in July, approved at the 1994 Town Meeting. It has saved lots of repairs on our fleet of trucks.

We were able to rebuild almost 2 miles of road this year.

1 mile of Alstead Center Road

.04 miles of Ramsay Hill

1/2 mile of River Road South

The Alstead Center Road was very bad so we completed the entire road. We put 6,000 yards of material, cut 400 trees and stumps before we could begin paving on this road.

County Road/Old Walpole Road was not completely paved to the Surry line due to the fact we did not have enough material to finish the project.

We did finish paving Maple Grove Road and the lower end of the River Road North.

The following are proposed 1995 Projects

Fix water problem on East end of North Street, North Walpole Starting repairing Cold River Road Repair a section of Wentworth Road Do work on part of Maplewood Park Work on a bridge on March Hill Plans to finish paving County Road to Surry Line Paving on Watkins Hill, Ramsey Hill and North Road

We removed a lot of stumps and dirt at the landfill in January. The garbage was covered with a foot of sand.

I think we saved the town several thousands of dollars closing the Landfill before the closure plan of 1996.

Each year the price of gravel goes up. This year if gravel is taxed the price will jump up, meaning the Highway Department will be doing less work as I want to keep the same budget as 1994.

Respectfully,

Sofert Smith

Robert (Joe) Smith

Highway Department

WALPOLE POLICE DEPARTMENT REPORT

On February 12, 1994 the Town of Walpole, the Selectmen, and the Police Department suffered a great tragedy in the deaths of Selectman Roger Santaw and Part-Time Police Chief Carl Baird. Since this tragedy the Police Department and the Selectmen's Office have pulled together and effected many positive changes. The Police Department would like to thank the townspeople for their show of support during the last town meeting. This has enabled us to move forward in a positive manner.

Since March, when I assumed responsibility for the police Department the following improvements have been implemented:

The hiring of Officer William Callahan of North Walpole, which aids in cutting response time to the North end of town.

The hiring of Officer Duane Mattson who offers better coverage in the Drewsville section.

The hiring of these new officers has brought our department to a full compliment of five officers which has lightened the work load on the remaining officers. This has reduced the turnover of officers, which has been a problem in the past.

In cooperation with the Selectmen's Office the Department was able to provide the officers with updated equipment. This included body armor and portable radios. The Police Department and the Selectmen's Office designed a new patch which will be used on all uniforms. The new patch replaced the generic patch used in previous years. All of our officers participated in training and certification courses. This gives us 5 fully-trained part-time officers. These, in addition to official picture ID's brings the Department up to a professional standard.

Over the past year the Department has received over 550 calls for services. There has been a notable increase in domestic violence and crimes against property.

In the coming year we are looking forward to having a full-time Police Chief which will provide for a more professional department, reduce response time to emergency calls and allow cases to be followed through to a conclusion. We are also looking forward to having a permanent police station. For the last several years officers have worked our of their respective homes and out of the Selectmen's Office in the Town Hall. This has been a difficult situation for everyone concerned due to limited space.

Walpole Police Department would like to thank the townspeople and the Board of Selectmen for their support during this difficult but forward-moving year. Special thanks goes to Sheila Turner and Elaine Wheeler for their assistance over the past year.

Respectfully submitted, Sgt. David C. Hewes

REPORT OF CEMETERY 1994

Walpole has three cemeteries to preserve and maintain. The cemetery on Turnpike Street consists of the new and old sections and is the largest of the three. The Drewsville cemetery, a very old cemetery, may be found at the end of a short lane off the south end of the Drewsville common and is adjacent to the Drewsville Mansion. The Carpenter Hill cemetery is located off Carpenter Hill Road and a Class VI road.

Charlie Philbrook and his fellow workers have done an excellent job in grooming all three of these cemeteries. Loam has been added to bring the ground up to grade, cemetery markers have been repaired, brush trimmed, and trees and stumps removed where necessary.

The responsibility for the cemeteries in 1995 will be assumed by an elected Board of Cemetery Trustees consisting of three members. The Selectmen's Office will continue to provide basic services to this new Board and everyone can anticipate better record keeping.

Sincerely, for Charlie Philbrook

James M. Freeman

James M Treeman

WALPOLE CONSERVATION COMMISSION 1994 ANNUAL REPORT

In the Spring of 1994 work on the Cranberry Meadow Nature Sanctuary was completed, using Hubbard Farms employees and equipment to install additional riprap crushed rock), improve the exit channel and erect a short fence at the dam, and to construct benches made from old chestnut logs found in the old dam during excavation. This project has been a real success and those individuals and organizations that have contributed so generously to it will be glad to know that we have been awarded a commendation plaque by the Cheshire County Conservation District for establishing the Sanctuary. Some of our contributors have questioned the intrusion of bulrushes into a significant area of the pond during the summer, and this problem has been discussed independently with two professionals in this field. Both expressed the opinion that this is a temporary situation caused by prolonged draining of the pond during construction of the dam, and that the offending plants will be flooded out naturally within a few years. If this does not occur, the only alternative may be chemical eradication which involves State permitting and the hiring of a licensed Applicator. In the meantime the bulrushes, while discouraging ice skating, are valuable as food and shelter in attracting wildlife to the area.

This year we continued our trail work in the Mason Forest and reconstructed an old trail along the north side of the upper Mill Pond to connect the causeway to the access road. Once again we contracted with the New Hampshire Conservation Corps to do this work, with very satisfactory results. On Earthworks Day a Commission member led a group of volunteers in removing a large quantity of trash from an old dump site uncovered during rebuilding of the Mill Pond trail.

During 1994 surveys were completed for the Cranberry Meadow Sanctuary and for the Merriam and Trombley Town Forests. This was part of a continuing program of surveying and registering all Town-owned conservation lands.

Three gifts of land for conservation purposes were received by the Town and registered this year. The total of 4.57 acres donated by John Stevens and Ann Hocking and the 6.3 acres donated by Andres and Ursula Paap are welcome additions to our conservation lands.

Miscellaneous activities during the year included inspections of projects requiring State Wetlands Board approval for site work, inspections of progress of approve site work, advising others regarding conservation rules and regulations, and pressuring the N.H. Department of Fish and Game for action on their proposed Connecticut River boat launch facility on the Hubbard Farms grant.

At the end of 1994 we began preliminary work on a State-mandated inventory of natural resources of the Town. This project will begin in 1995 with the mapping of wetlands and will require the services of one professional person aided by a number of volunteers.

Again we would like to thank the Selectmen and their office staff,

other Town employees, private individuals, groups and corporations who have made our accomplishments possible. Your help is sincerely appreciated.

Respectfully submitted,

Walpole Conservation Commission

Allan Perkins

REPORT OF THE HOOPER INSTITUTE

The Hooper Institute continued to serve the youth of Walpole through its educational programs in 1994. In accordance with the will of George L. Hooper, lessons in agriculture, forestry, botany and soils were taught. Studies of the natural environment, an active school recycling program and water quality monitoring reflected more contemporary concerns.

Hooper Institute personnel visited each classroom at the Walpole School on a weekly basis. We also led field trips to local sites and welcomed school classes at the Farm and Forest Museum located in Hooper Hall. Here is a summary of school programs.

The Farm and Forest Project highlighted agricultural livelihoods and hobbies in Walpole today. Groups of fourth graders visited hosts in the community. In 1994, they learned about apples and cider making, poultry, Christmas trees, sheep and weaving with wool, sugaring, the sawmill and woodturning business, a dairy farm, cheesemaking operation, greenhouse and beekeeper. A slide show for parents documented all the visits. Other grades learned about Colonial farm life, Native American agriculture, the garden harvest, indoor planting, insects and insect pests.

Forestry was highlighted in the sixth grade with a study of tree anatomy, identification, measurements, forest types, management and economic considerations. A study of the Connecticut Valley expanded on the theme of forestry by looking at watersheds and studying topographic maps. There were discussions of the historic and economic development of the valley as it related to agriculture, forestry, wildlife and industry. A look at log-driving days is one example. Students embarked on a two day canoe trip as the culmination of this unit.

Forestry topics in other grades looked at the tropical rainforest, evergreens and conifers, the lifecycle of trees. Habitats were also discussed and an ecological look at the New England woodlands.

Botanical topics included plant adaptations to winter, wildflower identification, grasses as food, pollination and seed development. Fifth graders studied soils both indoors and out. They learned about soil formation, composition and conservation. Younger grades watched worm composting in the classroom as part of their recycling basics.

Wetlands are studied for their value to plant and animal life. We visited the Mill and Hooper Ponds. Wildlife was the focus of several lessons: animal tracking, owls, wild turkeys, birdwatching and feeding, migration, hibernation and endangered species.

Field trips moved from the school grounds to the Hooper Shelter, Mill Pond and Hooper Institute. Children hiked by foot and snowshoe. Trailbuilders, a group of seventh and eighth grade volunteers maintained town trails and monitored wood duck nesting boxes.

More than sixty children participated in the Summer Program for grades 1-6. Based at the Hooper Institute, they explored many sites in Walpole and enjoyed many encounters with nature. A small group of older children completed individual woodworking projects at the Hooper Institute shop.

There were several programs for adults and families on weekends in the winter and spring. We also held a plant swap for the first time, which was a success.

The Farm and Forest Museum at the Hooper Institute attracted 507 visitors from nine towns including Walpole. Six Hundred Eighty Four Dollars (\$684.00) in profits were returned to the Hooper Trust Funds. There were no qualified applicants for the annual scholarship in 1994.

Thanks to the many people who have supported the Hooper Institute with donations of time and expertise, and to those who have offered encouragement.

Respectfully submitted,

Eloise Clark Director On February 17, Ellen Miffitt began as the head librarian of the Walpole Town Library. Previously, Ellen was Children's Librarian of the Tolland, Connecticut library. Ellen presented many children's programs at the Bridge Memorial Library this year. She held five children's craft programs, two P.J. Storytimes, a Brownies crafts program and The Summer Reading Program. One hundred and seventeen children took part in these programs.

Ellen applied for and the library received several grants. The Walpole Town Library received an \$850.00 Service and Construction Act Title II Project Access Grant for a computer system. The Friends of the Bridge Memorial Library provided matching funds of \$850.00 for the computer. The computer will access the New Hampshire Automated Information System which includes Galaxy OPAC, ILL, cataloging, C.D. Databases, Internet, E-Mail, and Community Information.

The Library also received a Library Services and Construction Act Title I Drug Abuse Prevention grant for the amount of \$1,500.00. This grant will provide materials (books, videos and pamphlets) to enhance and support the seventeen week D.A.R.E. program that the Walpole School's 5th and 6th grader participate in during the 1994-1995 school year.

The Walpole Town Library also received a "What's New Hampshire Reading" grant from the New Hampshire Humanities Council. During April a book discussion program will be held on the novel Black Ice, and in May the novel Kinship will be discussed.

The Walpole Town Library was selected by the New Hampshire State Library to participate in "Read to Me". Ten parent/guardians are needed for a three class program that will introduce them to the art of reading to their children. The library and each parent will receive ten free books. A training session was attended by Ellen Miffitt and she will hold the programs in March, 1995. Parents, grandparents or guardians are encouraged to sign up for the program at the library.

Tony Gleason, library clerk at the Bridge Memorial Library, resigned to take a full-time job and Fran Moses was hired for the position. Fran works on Tuesday and Friday, and she continues as the library's permanent part-time substitute.

An energy survey of the library was conducted by Granite State Electric Company and new ballasts and lights were installed in several rooms. The library has seen a significant reduction in electric costs.

Brenda Forrest held a Summer Reading Program at the North Walpole Library, once a week from June 30th through August 4th. Twelve children registered and they read 120 books. The program ended with Ice Cream Sundae Party. Brenda plans to offer the program again in

1995, so please watch for dates and hours in your local paper.

The Friends of the Bridge Memorial Library celebrated their 25th anniversary this year. The "Friends" is a non-profit organization, whose purpose is to provide enrichment for the library and its patrons through their annual membership and fund raisers. In April, Bill Bopp spoke at the library on "Toys and Parlor Games". In May, Dr. Richard Lederer, author, teacher and speaker brought "An Evening of Language and Laughter" to a large audience at the Town Hall. In August, the annual book sale at the Market on The Common was most successful because of the donations from residents. Mr. Art Grant, internationally known faceter and cutter of gemstones, presented an interesting program at the Town Hall in November, followed by an auction of donated gemstones to benefit the "Friends". The "Friends" also provides free passes to the Currier Gallery of Art in Manchester, N.H. and the Boston Museum of Fine Arts.

Anyone wishing to join the Friends or interested in helping with fund raisers can contact the librarians for further information.

Because of the population growth in Walpole, to continue as an associate library of the New Hampshire State wide Library system, the Walpole Town Library must increase its hours in 1995.

The hours in 1995 at the Bridge Memorial Library will be:

Monday through Friday	1:30	pm - 5:00	pm
Monday	7:00	pm - 9:00	pm
Wednesday	10:00	am- 12:00	noon
Saturday	8:30	am - 1:00	pm

The North Walpole Library's hours will remain the same.

Respectfully submitted,

Joan Horskins, Chairperson Board of Trustees

TOWN FACILITIES NEEDS COMMITTEE ANNUAL REPORT

By the time you read this report nearly all of the work this committee has done and its' findings and recommendations will have been printed in the local press as well as discussed at public hearings.

A resolution was adopted at the Town Meeting held in March 1994 empowering the Selectmen to appoint a committee to find ways to relieve the crowded working conditions at the Town Office located in the Town Hall. The Selectmen asked for volunteers, citizens who would be willing to devote time, talents and energy to solving the space needs of the Selectmens Office, Town Clerk and Tax Collector and locate space for the Police Department. The Selectmen named this committee, "The Facilities Needs Committee," and made the appointments of all who volunteered in early April.

The Committee first met on April 26th. Including the April 26th meeting we have met twenty-five times. In addition we held three public hearings. Countless hours were devoted to drawing plans, seeking answers to problems and from local professionals and visiting prospective sites . We were determined to look at every available option.

We reviewed two plans with price proposals that add space to the Town Hall. Neither of these plans could be pursued due to the unavailability of needed land. We looked at available rental spaces. These were discounted due too high continuing costs. We investigated purchasing land north of the Village. Here again added costs would be a major factor to consider.

Other than the Walpole Common there were only two vacant lots that are Town owned in or near the Village. One is the playground on Westminster Street, the other is located between the School and Hubbard Farms office. Investigation of the deeds disclosed that both of these properties were protected by covenants that prohibited change of use.

We had looked at the "Old Town Garage" on School Street several times. We had more than one set of plans drawn for a new building at this location. We have a floor plan that we feel will serve the town office needs, exclusive of the Police Department for the next forty to fifty years. If more space be needed there is room on the site for expansion.

The Facilities Needs Committee passed a motion January 11, 1995 to ask for \$200,000 to tear down the old town garage and build a new one story Town Office Building on School Street.

Other work that is required at the Town Hall such as a handicap accessible bathroom facility and lift access to the second floor is dependant upon the outcome of a warrant article asking for the money to build a new town office structure. We have addressed the issue of full handicap access at the Town Hall. We needed money for an engineering survey. We had no budget. We also need to know where the

Town Offices will be.

The Police Department has a temporary facility in North Walpole. the Facility Needs Committee feels that if the Selectmens Office is relocated then it would be quite simple and inexpensive to construct a side entrance at the South end of the Town Hall into the present Selectmens Office.

This has been a lengthy report of our activity over the last several months. There is a lot of money involved in providing adequate and efficient space for our Town Officers and office workers. The Facilities Needs Committee feels they have done the best job they are capable of doing to solve the problem of critically needed office space.

We urge you all to study this report, study the warrant articles that will raise funds to solve our town space problem and we respectfully ask for your support of these warrant articles.

REPORT OF THE RECREATION COMMITTEE

The 1994 season at the Frank W. Whitcomb Recreational Park was a successful one. There was a reorganization of the Committee with the appointment of three new members and the establishment of terms for all five members.

68 Family Resident Memberships were sold along with 19 individual memberships and swim lessons for 110 children. Non-resident memberships were sold to 19 families and 8 individuals with 40 children having swim lessons. Daily attendance averaged 109.

During July and August the pool was open until 8:00 pm with most of the attendance occurring prior to 7:30 pm. The season was extended through Labor Day as requested by many users with little success due to the weather. Additional revenues were generated by daily fees, pool rentals, soda sales and the sale of the ever popular "Pop Ice".

As reported last year maintenance was needed. A new pool cover was purchased and installed. The small unsafe diving board was removed. Vandalism was, and still is, a problem and several light fixtures had to be repaired.

Plans for the 1995 season include replacing the original pool pump and motor which after being rebuilt and much repaired have worn out. A change and updating the lighting system is also planned as well as a security system to discourage vandalism.

The Committee would like to thank the staff of the 1994 season, Deb Halberg, Hillary Woodward, Sarah Fuleihan, Taialofa Russell, Betty Jones nad Seth Baldasaro for their dedication and the Selectmen and the Highway Department for all their help. We would also like to thank the residents of Walpole for their patronage and support.

Respectfully submitted,

Diane Johnson, Chairperson

Committee Members
Jay Clace

REPORT OF THE RECYCLING ACTION PROJECT - 1994

The studies of 1993 on the user-pay system of solid waste disposal were intensified in 1994. Preliminary recommendations for a user-pay system were discussed with Selectmen in June and authorization given to hold a public hearing. Handouts explaining the proposal in some detail were given out at the Recycling Center and Landfill on July 30th and August 6th. The proposal was discussed with North Walpole Commissioners on two occasions. A public hearing was held in August. As a result of ideas generated, a revised proposal including regulations and administrative procedures was submitted to Selectmen in October and after considerable discussion was approved in December with the implementation date to be fixed later.

In preparation for Landfill closure and with two years of operating experience at the Recycling Center, its site plan was re-examined and steps taken to start modifications necessary to accommodate a transfer station including handling of white goods and such other materials now received at the Landfill. Needed roadway permits were obtained and some regrading was done by the Town crew.

Throughout the year improvements were made at the Recycling Center to make better products, to reduce the time of processing and to provide more space. Tighter bales of plastic bottles and aluminum cans were produced by inserting a false front on its ram and increasing the pressure at which the small baler operates. The glass crusher was mounted on a traveling frame allowing it to move over the barrels which receive the clear, brown or green glass. The crusher hopper was modified appropriately. Dollies were obtained for the glass barrels to make them easier to move. A table saw was modified to cut cardboard into the right size to be baled. Used pallet racks were found to increase storage space. The trailer, authorized by warrant article, was purchased to provide storage for some baled cardboard and to reduce shipping costs. The dock for the trailer was built. Through the efforts of concerned citizens, equipment in two warrant articles, the fork lift and pallet scale, was given the Town so the voted money was not spent. Modifications were made and more are planned maximize their utility. To the equipment donors and to the special volunteer teams who helped make the equipment improvements thanks are again given.

Volunteers continued in 1994 to be the backbone of recycling in Walpole. Students at the Walpole School contributed to recycling with their own program. For part of the year on Tuesday and Thursday the Landfill attendant helped at the Center, and on part of one day each week so did a person from New Hope - New Horizon. But day in and day out it was the Volunteers who carried the workload. They deserve the thanks of the Town.

David Durling replaced long time member, Robie Speed, on the Committee and James Hogan replaced Charles Miller as Selectmen's' representative.

Respectfully submitted,

George Watkins, Chairman

William Beer

Richard Cooper, Recycling Coordinator

REPORT OF TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

In calendar year 1994, our three(3) leading causes of fires were No Permit, Children and Rekindles of fires where the fire was not properly extinguished.

Violations of RSA 224:27-11 and other burning laws of the State of N.H. are misdemeanors and punishable by fines of up to \$2000 and/or a year in jail. Violators are also liable for all fire suppression costs.

If you have any questions regarding N.H.F.F. laws, please contact your local Forest Fire Warden or the State Forest Ranger or Division of Forest & Lands in Concord to find out if a permit is required. This does help to prevent unnecessary response to a controlled burn.

The Walpole Forest Fire Deputy Wardens are: Walpole Fire Chief, Peter Smith, Deputy Chief, Harry Boynton, Captain, Richard Hurlburt, Captain, Mark Houghton, Commissioner, George Hurlburt, Jr., Firefighter, Bernard Sherwin and retired Deputy Chief, Charles Wright, Captain, Edward Hasselmann and retired Chief William Callahan.

Fire Statistic	<u>s</u> 1995	Average 1990-1993				
Number of Fires Reported State for Cost Share Pay Acres Burned		443 246				
Suppression cost = \$90,0	Suppression cost = \$90,000+					
Fires Reported by Lookout Towers 1994) 588 Fires Reported by Detection Aircraft 89 Assists to Other Towers 363						
Visitors to Towers	21,3	309				

Local communities and the State share the cost of suppression on a 50/50 basis. The State of New Hampshire operates 15 fire towers and 3 contract aircraft patrols. This early detection and reports from citizens aid the quick response from the local fire departments.

We want to thank all the people in Walpole and North Walpole for their excellent cooperation in obtaining permits and using good judgment on when or when not to burn. "Remember...Only you can prevent forest fires"

WALPOLE FIRE DISTRICT

In 1994 the Walpole Fire District voters approved many housekeeping articles at our Annual Meeting. These improvements to buildings and grounds have helped immensely in bringing the Fire Station up to the standards of the neighborhood we share with our voters.

We painted the outside of the building, added cement aprons, granite curbs and paved the driveway and parking area. We also finished the sprinkler system inside the building.

We have signed a purchase agreement for a new tank truck with delivery around May 1995.

The Women of Walpole are to be applauded for their continued work on the grounds of the Fire Station. Thank you.

We also owe a thank you to Mrs. Theresa Ross for her concern. One morning at 2:00 am she observed water coming from under the bay doors. While this water problem did force us to make some repairs, the damage was minimal compared to what could have happened.

We would like to thank Fire Chief Peter Smith and the officers and members of the Walpole Fire Department for their hard work and dedication during 1994. We look forward to another productive year.

Respectfully submitted,

Board of Commissioners

1995 WARRANT OF THE WALPOLE FIRE DISTRICT

To the inhabitants of the Walpole Fire District qualified to vote: You are hereby notified to meet at the Fire Station in Walpole on Thursday, March 16, 1994, at 8:00 in the evening to act on the following articles: Please bring this report with you.

Article 1:

To choose a moderator for the ensuing year.

Article 2:

To choose a Clerk, a Treasurer, and two Auditors for a term of one year, and also one Commissioner for a term of three years.

Article 3:

To hear the reports of the Chief, the Commissioners and any others having reports to make.

Article 4:

To hear the report of the Treasurer.

Article 5:

To see what amounts the District will raise and appropriate for the Fire Department for the ensuing year.

Article 6:

To see if the District will vote to authorize its Commissioners to borrow money on notes in anticipation of taxes.

Article 7:

To see if the District will vote to raise and appropriate the sum of \$35,000.00 to be held in the Heavy Equipment Truck Replacement Capital Reserve Fund. (The Commissioners recommend this article)

Article 8:

To see if the District will vote to accept such funds and bequests as have been left to it during the year.

Article 9:

To see if the District will vote to return the \$750.00 realized on the sale of "Engine 2" to the Heavy Equipment Truck Replacement Capital Reserve Fund. (The Commissioners recommend this article)

Article 10:

To see if the District will vote to return the funds left in the Building Account to the General Fund to help reduce taxes. (The Commissioners recommend this article)

To transact any other business that may legally come before the meeting.

Commissioners: George Hurlburt, Jr., Peter Graves, & John Hodgkins

REPORT OF THE FIRE CHIEF

The Walpole Fire Department responded to 78 calls in 1994. They consisted of the following:

- 24 Mutual Aid Calls
- 11 Accidents
- 06 Chimney Fires
- 15 Alarms
- 01 Wire Down
- 10 Ambulance Assist
- 02 Odor Investigations
- 01 Flooded Oil Burner
- 01 Motor Smoking
- 01 Brush Fire
- 02 Burnt Food
- 01 Transformer Fire
- 03 Car Fires

I would like to Thank the Officers, Members, and Commissioners for their continued support.

We have had a lot of in-house training with new equipment and keeping up on mandates. This coming year I would like to have more extensive individualized training.

The parking lot and drive look great and will help with keeping the station clean.

We are all waiting anxiously for the delivery of the new tank truck.

Respectfully submitted,

Peter Smith Fire Chief

WALPOLE VOLUNTEER AMBULANCE CORPS

Dear Friends and Neighbors,

100% Volunteer, 100% Free Emergency Service, 100% Non-Profit and 0% Tax Dollars that explains your Walpole Volunteer Ambulance Corps.

Those facts are why it is so <u>very</u> important that we meet our yearly budget figures by your very generous contributions.

We are setting up a budget of \$23,000 for our operation from September 1994 to September 1995. The cost of a few things has gone up since last year — medical supplies that we use on each call continue to rise in price, our insurance costs (Workman's Comp., Vehicle, Malpractice and 100% Property) will rise again this year. The good news is that our vehicle remains in good condition with replacement scheduled for about 1997/98. The members continue to be highly trained and to advance themselves in skill levels with training. (A course to become an EMT initially now costs about \$400, with a charge of about \$100 every two years to re-certify.)

The Corps members give of themselves in training and time in order that we may give Drewsville, N. Walpole and Walpole the best of our abilities in service and equipment. In order for us to do this we need your continuing generous support to make our budget work.

Thank you, Patricia H. Harris Chairman of the Board

TOWN OF WALPOLE, NEW HAMPSHIRE

TOWN MEETING MARCH 08, 1994

The annual Town Meeting of the Town of Walpole was called to order at 10:00 AM by the Moderator, Dr. I. Tucker Burr. He read the warrant Articles One, Two and Three and declared the polls open for voting for the Town Officers and Article Two and Three. Following the counting of ballots, the meeting will be recessed until the 12th day of March at 9:30 am at which time the balance of the Articles will be acted on.

Article 1: To choose the necessary Town Officers for their respective terms.

Moderator for Two Years * I. Tucker Burr	DECLARED ELECTED 639*
Selectman for Three Years James Hogan John Pratt	340* 240
Town Clerk for One Year Sandra Smith	642*
Treasurer for One Year Helen Ladd	629*
Tax Collector - Walpole for One Year Sandra J. Smith	640*
Tax Collector - North Walpole for One Year Kathleen Foster	577*
Supervisor of Check Lists - For Six Years Natalie Nelson	625*
Trustee of Trust Funds - For Three Years Marshall E. Putnam	613*
Planning Board for Three Years Jeffrey Miller David A. Westover	558* 571*
Planning Board for Two Years Frank S. Brown, Jr	565*
Zoning Board of Adjustment for Three Years Van B. Garrison Ernest Vose	537* 573*
Zoning Board of Adjustment for Two Years William "Bill" Sudsbury	585*
Library Trustee for Three Years	

Paula Southard-Stevens Mervin E. Stevens Susan Sudsbury 574* 578* 574*

Article 2: Are you in favor of the adoption of the Historic District Ordinance, as proposed by the Planning Board?

Yes 157

No 337

Article 3: "Do you favor adoption of the Town Manager plan as
provided in Chapter 37 of the Revised Statutes Annotated?"
 (By Petition)

Yes 278

No 376

Article 3: Failed

Dr. I. Tucker Burr, Moderator reconvened the Town Meeting at 9:30 a.m. on Saturday, March 12, 1994, at the Walpole Town Hall.

Dr. Burr, introduced the Town Officers and our newly elected Selectman, James B. Hogan.

The Moderator called for a moment of silence for Roger Santaw.

Article 4: To see if the Town will vote to raise and appropriate the sum of \$2,172,409 for support of town poor, for town libraries, to build and repair bridges and highways and for such other expenses as may accrue.

James M. Freeman read the budget. After a short discussion we had a hand vote

Article 4: Passed with a hand vote, unanimously.

Article 5: Shall the Town accept the provisions of RSA 33:7
providing that any Town at an annual meeting may adopt an article
authorizing indefinitely, until specific rescission of such authority,
the Selectmen to issue tax anticipation notes?

Article 5: Passed with a voice vote.

<u>Article 6:</u> To see if the Town will vote to authorize the Board of Selectmen to accept on behalf of the town, gifts, legacies, and devises made to the town in trust for any public purpose, as permitted by RSA 31:19.

Article 6: Passed with a voice vote.

Article 7: Shall the Town accept the provisions of RSA 31:95-b providing that any town annual meeting may adopt an article authorizing indefinitely, until specific rescission of such authority, the selectmen to apply for, accept and expend, without further action by the town meeting, unanticipated money from a state, federal, or other governmental unit or a private source which becomes available during the fiscal year?

Article 7: Passed with a voice vote.

Article 8: To see if the Town will vote to authorize the Board of Selectmen to accept gifts of personal property which may be offered to the town for any public purpose, pursuant to RSA 31:95-e. The Selectmen must hold a public hearing before accepting such gift, and the acceptance shall not bind the town to raise, appropriate or expend any public funds for the operation, maintenance, repair, or replacement of any such personal property.

Article 8: Passed with a voice vote.

Article 9: "Shall the Town accept the provisions of RSA 202-A:4-c providing that any town at an annual meeting may adopt an article authorizing indefinitely, until specific rescission of such authority, the public library trustees to apply for, accept and expend, without further action by the town meeting, unanticipated money from a state, federal or other governmental unit or a private source which becomes available during the fiscal year?"

Article 9: Passed with a voice vote.

Article 10: To see if the Town will vote to authorize, indefinitely, until rescinded, the Board of Selectmen to convey any real estate acquired by the town by tax collector's deed. Such conveyance shall be by deed following a public auction, or the property may be sold by advertised sealed bids, or may be otherwise disposed of as justice may require, pursuant to RSA 80:80 (or 80:42 if the town has not adopted the tax lien procedure).

Article 10: Passed with a voice vote.

Article 11: To see if the Town will vote to authorize the withdrawal of the sum of \$63,700 from the Capital Reserve Fund - Heavy Highway Equipment and appropriate this sum to purchase two (2) 1994 - One Ton trucks. One is to have a dump body equipped with a Hydraulic operated Sander and Plow and the other will have a standard 8 foot body. These trucks will replace two old F350 one ton trucks (1985 and 1986). The Board of Selectmen RECOMMENDS this article.

Article 11: Passed with a voice vote.

Article 12: To see if the Town will vote to raise and appropriate the sum of \$30,000 to be held in the Capital Reserve Fund - Heavy Highway Equipment.

(The Board of Selectman RECOMMENDS this article)

Article 13. To see if the Town will vote to raise and appropriate the sum of \$125,000 to rebuild 1100 feet of Westminster Street and sidewalks.

(The Board of Selectmen RECOMMENDS this article)

Article 13: Passed with a voice vote.

<u>Article 14.</u> To see if the Town will vote to raise and appropriate \$15,000 for the purpose of hiring a full time police chief and to authorized the selectmen to fill this position, with the position being evaluated on a yearly basis.

(The Board of Selectmen RECOMMENDS this article.)

During discussion, it was brought out that the \$15,000 is based on six months employment. Yearly salary would be approximately \$25,000 and with benefits would be approximately \$37,000 yearly. The chief would be on call five days a week and part - time police would be used weekends. No other full time job would be allowed. He would operate from the Town Hall and his home and the Selectmens office. NHMA is available to help towns in their search. Grants might be available to help with wages for the first year or two.

Yes 123 No 47

After discussion, Article 14 Passed with a hand vote.

Article 15: To see if the Town will vote to raise and appropriate the sum of Forty Thousand Dollars (\$40,000.00) for the purpose of hiring a Town Manager as provided in New Hampshire RSA Chapter 37 on the condition that a majority of the legal voters of the Town present and voting at the Annual Town Meeting vote in favor of the adoption of the town manager plan.

(By Petition)

(The Board of Selectmen does not recommend this article)

A motion was mad and seconded to pass over this article.

Article 15: was passed over by a voice vote.

<u>Article 16:</u> To see if the Town will vote to establish a Capital Reserve Fund - Police Vehicle, under the provisions of RSA 35:1, for the purpose of the future purchase of a police cruiser and to raise and appropriate the sum of \$5,000 to be placed in this fund. (The Board of Selectmen recommends this article.)

Article 16: Passed with a voice vote.

Article 17: To see if the Town will vote to rescind the remaining balance of the authorization given the Selectmen, by passage of Article 10 at the 1985 Annual Town Meeting and increased by passage of Article 2 of the 1988 Annual Town Meeting, to issue Serial Bonds or Notes not to exceed \$7,000,000 for the purpose of constructing sewerage and sewer treatment facilities. \$742,446 of this Authorization has not been exercised nor will it be in the future.

Article 17: Passed with a voice vote.

Article 18: To see if the Town will vote to authorize the Selectmen to establish a Capital Reserve Fund - Sewer Improvements to be used solely by the Walpole Sewer Department as a depository of funds for capital repairs, improvements or extension of the existing sewer. (The Board of Selectmen RECOMMENDS this article)

Article 18: Passed with a voice vote.

Article 19: To see if the Town will vote to authorize the Selectmen to deposit into the Capital Reserve Fund- Sewer Improvements the funds remaining in the accounts of the Walpole Sewer Project. As of December 31, 1993, the funds available totaled \$181,095.34, and the check in the amount of \$43,781.93 that the town will receive from the NH Municipal Bond Bank. This check is the favorite result of refinancing our sewer debt.

The Board of Selectmen RECOMMENDS this article)

Shane O'Keefe presented an amendment to Article 19: Proposed Amendment to Article 19: To see if the Town will vote to authorize the Selectmen to deposit in to the Capital Reserve Fund - Sewer Improvements 1/2 the funds, the rest of the article would remain the same.

Voice vote on the amendment was indecisive. Hand vote on amendment - amendment failed.

Hand Vote on Article 19. Article 19: Passed.

Yes 95 No 51

Article 20: To see if the Town will vote to raise and appropriate the sum of \$20,000 to replace approximately 1100 feet of sewer line on Westminster Street and to authorize the withdrawal of the funds required from the Capital Reserve Fund - Sewer Improvements. (The Board of Selectmen RECOMMENDS this article)

Article 20: Passed

The Moderator, Dr. I. Tucker Burr recessed at noon for lunch and the meeting will reconvene at $1:15\ p.m.$

Article 21: To see if the Town will vote to raise and appropriate the sum of \$2,000 for the purchase of a new computer for the Selectmen's Secretary. A new computer for the secretary will enable her to network efficiently with the bookkeeper's new computer and software programs purchased in 1993.

(This Board of Selectmen RECOMMENDS this article)

A motion was made to pass over this article.
This motion failed.

Article 21: Passed with a voice vote.

Article 22: To see if the Town will vote to raise and appropriate the sum of \$2,000 to purchase a used fork truck from State or Federal surplus or from private sources to maximize existing storage capacity at the Recycling Center and to permit loading closed box trailers. (The board of Selectmen DO NOT RECOMMEND this article)

Article 22: Passed with a hand vote.

Article 23: To see if the Town will vote to raise and appropriate the sum of \$4,000 to purchase a used road-worthy box trailer and to build a loading dock for the trailer to increase Recycling Center storage capacity. (The Board of Selectmen DO NOT RECOMMEND this article)

Article 23: Passed with a voice vote.

Article 24: To see if the Town will vote to raise and appropriate the sum of \$3,000 to purchase a low profile pallet scale, including installation and calibration, so that recycling operations can be put on a weight basis. (The Board of Selectmen DO NOT RECOMMEND this article)

Article 24: Passed with a voice vote.

Article 25: To see if the Town will vote to raise and appropriate the sum of \$3,000 to purchase a tin and aluminum separator so that the town can guarantee 100% aluminum product in each bale thus significantly increasing the price the town receives for the product. (The Board of Selectmen DO NOT RECOMMEND this article)

Article 25: Passed with a voice vote.

Article 26: (By Ballot) Shall we adopt the provisions of RSA 72:29-a,II to increase the surviving spouse tax credit for surviving spouses of veterans who died while on active duty in certain conflicts from \$700 to \$1,400? (The Board o Selectmen RECOMMENDS this article)

Yes 82 No 20

Article 26: Passed - Ballot vote

Article 27: (By Ballot) Shall we adopt the provisions of RSA 72:35, IV for an optional tax credit on the taxes due on residential property for a service - connected total disability? The optional disability exemption is \$1,400 rather than \$700. (The Board of Selectmen RECOMMENDS this article)

Yes 78 No 24

Article 27: Passed - Ballot vote

Article 28: (By Ballot) Shall we adopt the provision of RSA 72:28 V and VI for an optional veteran's tax credit and an expanded qualifying war service for veterans seeking the tax credit? The optional veterans' tax credit id \$100, rather than \$50. (The Board of Selectmen RECOMMENDS this article)

Yes 83 No 18

Article 28: Passed - Ballot vote

Article 29: (By Ballot) Shall we adopt optional adjusted elderly exemptions from property tax? The optional exemptions, based on assessed value, for qualified taxpayers shall be as follows: for a person 65 years of age up to 75 years, \$20,000; for a person 75 years of age up to 80 years, \$30,000; for a person 80 years of age or older, \$40,000. To qualify, the person must have been a New Hampshire resident for at least 5 years; own the real estate individually or jointly, or if the real estate is owned by his spouse, they must have been married for at least 5 years. In addition, the taxpayer must have a net income of not more than \$10,000, or, if married, a combined net income of less than \$12,000; and own net assets not in excess of \$50,000 excluding the value of the person's residence. (The Board of Selectmen RECOMMENDS this article)

Yes 90 No 09

Article 29: Passed with a ballot vote

Polls were open for Articles 26-29 from 2:05 p.m. to 2:25 p.m.

Article 30: To see if the Town will vote to designate as a nature Sanctuary the Cranberry Meadow Pond and abutting land owned by the town, (not to include the Hooper Land), to encourage its' use as a wildlife refuge an natural area for the propagation of wild animals, birds and aquatic life, to prohibit hunting, shooting or trapping in the protected area, and to authorize the Conservation Commission to manage the property for the above purposes and to restrict its use to passive recreation and educational purposed such as hiking, bird watching, photography, boating (no motors), fishing, skating and nature study.

Article 30: Passed with a voice vote.

Article 31: To see if the Town will vote to have the Selectmen as authorized by NH RSA 658:10 provide an additional polling place to be located in the Village Hall of North Walpole (also known as the North Walpole fire Station). The boundaries of the voting district for the North Walpole polling place shall be the Cold River and the town line North of the Cold River.

Yes 65 No 22

Article 31: Passed with a hand vote.

Article 32: To see if the Town will vote to instruct the Selectmen to evaluate an develop a plan to bring the Town Hall up to standards mandated by the Federal Americans with Disabilities Act. (PL 101-336). This Federal law, in effect July 26, 1990, requires that all government programs and services must be fully accessible to all citizens by January 26, 1992, and that all government buildings must be fully accessible no later than January 26, 1995. (By Petition)

Article 32: Passed with a voice vote.

Article 33: To transact any other business that may legally come before the meeting.

Moderator, Dr. I. Tucker Burr, swore in James B. Hogan, our new Selectman.

James Aldrich made a motion to disband the Historic Committee, a public hearing may be needed to discontinue the committee. He then made a motion to the Board of Selectmen to disband the Historic Committee.

John Pratt gave a vote of Thanks to all the Clergy and to the Board of Selectmen for the manner in which they rallied together and brought the healing process to the people of Walpole, after the death of Roger Santaw.

James M. Freeman said that Roger Santaw would have been very pleased and proud of this Town Meeting. $\,$

David Westover made a motion: That the Selectmen appoint a committee to study the municipal facility needs required to support municipal employment in Walpole and that this committee present their report to the Selectmen no later than January 1, 1995.

This motion passed with a voice vote.

Mr. Arly Stigers, a former Selectmen, praised Mr. Holmes H. Whitmore for his dedication to the sewer project. Without Holmes, this project would not have gone so smoothly and would have cost much more. Holmes donated his time for several years to this project and saw it completed. Walpole was very fortunate to have Mr. Whitmore and his expertise.

Holmes received a round of applause.

There being no other business, motion was made to adjourn at 3 p.m. --- Meeting adjourned.

Respectfully submitted,

Sandra J. Smith Town Clerk

REPORT OF THE BUSINESS VISITATION COMMITTEE

In 1994 Walpole volunteers gathered data for the purpose of initiating a Business Visitation Program in order to retain and expand businesses. The volunteers listed below were assisted by the New Hampshire Department of Resources and Economic Development.

The survey was completed in July. Some of the findings are:

- the average age of a Walpole company is 30 years.
- about 40 percent of business is done locally, the rest is throughout New Hampshire and elsewhere.
- the companies surveyed range from a one person to 75 person operation. There are several larger ones that were not part of the survey.
- over the past five years there has been a decrease in full time employment.
 - in all overall evaluation the companies gave the community a good rating as a place to do business.

Copies of the report are available at the Selectmens Office.

The Business Visitation Program is an on-going effort to expand and increase businesses and jobs, identify problems and create solutions and connect businesses with the resources they need to grow and thrive.

The Committee was able to help several companies identify and resolve business problems.

The Committee welcomes inquiries from those interested in retaining and expanding business.

REPORT OF THE SENIOR CITIZENS OF WALPOLE - 1993

President - Neal Perkins Vice President - Ruth Nelson Secretary - Phyllis Ives Treasurer - Miona Hall

Directors:

1 Year - Dorothy Waysville 2 Year - Stacia Waysville

2 Year - Helen Barrett replaced by Juanita Dolloff

3rd year of a 3 years - Howard Ives

3 Years - Alice Howe 3 Years - Robert Dudley

Every third Monday the Senior citizens meet at the first Congregational Church at 12:30 PM for a pot luck luncheon. Each brings either a salad, casserole or dessert, followed by a business meeting and program.

Some of the programs in 1994 were a few skits by the RSVP group of Vermont. Our Walpole Volunteer Ambulance Corps sent a representative to explain in detail how it works. Burdick Chocolates told us how the chocolates are made. Several slide shows on heather, Grand Canyon and Alaska were enjoyed. A member of the N.H. Fish & Game Department told us about the beginnings of the wild turkeys in Walpole. We've had an accordion player and a Sing-a-long. A Grange Member told us about signing of the deaf. We enjoyed an interesting program on the Rain Forest on the Galapagos Islands.

During the year we also take bus trips. This year we went on a trip to Rockingham Racetrack in Salem, NH. New London Barn Playhouse is a favorite in New London, NH. A Boston Harbor cruise was taken aboard the "Spirit of Boston". Our foliage tour was to the Balsams at Dixville Notch, NH.

We always have a good time and encourage all residents of Drewsville, North Walpole and Walpole 50 years of age or over to join us.

Our next meeting will be March 20, 1995.

Respectfully submitted.

Phyliss B. Ives Secretary

BELLOWS FALLS AREA SENIOR CENTER

Dear Voters:

Time flies! Many hours of effort and work kept the Seniors busy this year. Two successful bazaars, with lovely handmade crafts, ceramics, foods and baked goods. Center members also baked for the Chamber of Commerce food sale.

The Center Director worked throughout the year with several organizations. The Council on Aging Adult Day program, at Canal House, with committee members from Visiting Nurses, McGirrs, Westminster Cares, Access, and Vermont Housing. Center Director worked at the Health Fair, attended two White House Conferences on Aging. One in Montpelier and the other at Tufts University in Boston. Attended a lovely luncheon at the Middle School, one at the group home - Two Griswold Drive and twelve pot luck luncheons at the Westminster Senior Club. (Great cooks!) Attended Senior Center Directors meetings, Council on Aging meetings, spoke on senior centers at the Saxtons River church Work Day of Prayer, worked with state officers on senior concerns, Home delivered Meals and put out the monthly Tattler. Worked with many many people this year on a one to one basis helping with social security, budgets insurance, illness, equipment needs, family problems, personal problems, loneliness, and families checking on loved ones.

The Center held a State Legislative Luncheon, a recognition dinner for our ninety seven volunteers at the American Legion, held July Fourth, Halloween, Valentine and Christmas parties. We served ninety six people for our Thanksgiving dinner, and sixty three for our Christmas dinner. We picked a Senior of the Year. Held 15 weeks of Reminiscence classes, enjoyed the Brattleboro Singers, the Green Mt. Cloggers, and Elana Dodd as the Young Mrs. Roosevelt. Green Thumbs annual meeting was held here. Section Eight Housing and Visiting Nurses also met here. We enjoyed twelve visits from McGirrs. We went shopping at Buffums, Food Warehouse and Ames Plaza plus once a month to Keene and a special Christmas trip to West Lebanon. We had Twelve dinners and breakfasts out, exercised twice a week, went line dancing, attended bingo, ceramics, went to the pool and also went bowling.

We are working on a lift for the Center for 1995. Thanks to three charities, O'Calhain, Michael Dees and the Polish American Club our fund is off to a good start.

If you wish to join us call the Senior Center at 1-802-463-3907.

Pearl Spafford Director
