## TOWN WARRANT

---

### THE STATE OF NEW HAMPSHIRE

*To the Inhabitants of the Town of Allenstown in the  
County of Merrimack in said State, qualified to vote in  
Town Affairs:*

[L. s.]

You are hereby notified to meet at the new fire station in said town on Tuesday, the 11th day of March next, at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary town officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriation of the same.
3. To choose delegates to the Constitutional convention.
4. To see if the town will raise and appropriate the sum of one hundred dollars for the purpose of securing the services of the Suncook Union Cornet Band for a series of free band concerts.
5. To see if the town will vote to raise and appropriate the necessary sum of money to secure state aid for the permanent improvement of main highways in town.
6. To see if the town will raise and appropriate the sum of fifty dollars for the observance of Memorial day.
7. To see if the town will raise and appropriate the sum of four hundred dollars for the control of the white pine blister rust in town.

8. To see if the town will raise and appropriate the sum of one hundred dollars for the extension of the sidewalk on Granite Street.

9. (By petition) To see if the town will vote to lay a sewer on Granite Street as lined out by the special committee appointed to investigate, and raise and appropriate twenty-five hundred dollars for same.

10. To see if the town will vote to raise and appropriate the sum of one thousand dollars for trunk line maintenance of highways.

11. To see if the town will vote to raise and appropriate the sum of three thousand six hundred dollars for state aid maintenance of highways.

12. (By petition) To see if the town will vote to extend the sewer from Cross street to Paul Girard's place on High Street, and appropriate one hundred fifty dollars for the same.

13. To see if the town will vote to raise and appropriate the sum of five hundred dollars towards the Library Building Fund.

14. To see if the town will raise and appropriate the sum of three hundred dollars for the purchase of hose for the Fire Department.

15. (By petition) To see if the town will vote to install a hydrant on River road midway between Bailey Lumber Co's office and Leavitt's Corner, so-called.

16. (By petition) To see if the town will vote to install a catch basin on the southeast corner of the Ober Lace Factory, and another catch basin on the opposite side of the highway and raise and appropriate two hundred dollars therefor.

17. (By petition) To see if the town will vote to elect a fire chief by popular vote.

18. To see if the town will vote to raise and appropriate the sum of three hundred dollars for repairing and oiling Whitten Street.

19. To see if the town will vote to maintain one electric street light in China near tenement No. 46.

20. To see if the town will recommend the selectmen to take such action as necessary to aid in establishing free mail delivery in the Suncook Post-Office District.

21. To hear the reports of auditors, agents, committees, or officers heretofore chosen and pass any vote relating thereto.

22. To transact any other business that may legally come before said meeting.

Given under our hands and seal, this 22nd day of February, in the year of our Lord nineteen hundred and thirty.

GEORGE H. DESROCHE,  
JOHN N. LETENDRE,  
HECTOR P. STOKES,  
*Selectmen of Allenstown.*

*Selectmen.*

**AUDITORS' REPORT**

---

Allenstown, N. H., Feb. 15, 1930.

We have carefully examined the books of the Selectmen of Allenstown for the year ended January '31, 1930 and they were correctly cast and properly vouched, and that the indebtedness of the town is \$17,150.00. Amount due from former Town Clerk Albert G. Raymond is \$371.69. We recommend that the taxes appearing on the town books assessed in 1920, 1921, 1922 and 1923, and being carried as unpaid be cancelled as collection is impossible.

JOHN G. MARSTON,  
EUGENE N. FONTAINE,  
*Auditors.*

## REPORT OF SUPERINTENDENT OF SCHOOLS

---

*To the School Board and Citizens:*

I herewith submit my seventeenth annual report of the schools of Allenstown for the year ending June 30, 1929.

There were maintained during the year four schools for a school year of 36 weeks with no change in the teaching force.

The total school enrollment was 100, (56 boys and 44 girls) with a daily average attendance of 3.94 per cent.

The schools were in session on an average 354 half days, a gain of 6 half days over last year.

### SCHOOL ACTIVITIES

Of the four teachers employed all are graduates of a normal school.

The teacher arrives at the school in the morning in time to have the school house doors opened fifteen minutes before the schedule time for opening the school.

The activities of the pupils during noon and recess periods are supervised by the teachers, who have learned that a well supervised play ground not only makes discipline pleasanter, but aids in the improvement of scholarship and in character-building.

The teachers have done their work faithfully and efficiently.

The school board is annually improving the sanitary condition of the school building and is providing ample scholar-supplies and text books.

The health of the child, in a large measure, determines his regularity of attendance, his behavior, his ability to perform successfully his work, and his chance of becoming an efficient citizen. Supervision and instruction in mat-

ters of health should have an important place in the school organization.

The health work in our schools aims to develop the good health and happiness of the pupil and the well being of the community.

Good work is being done by our school nurse, who is working faithfully and efficiently in checking epidemics and in correcting deformities and maladies. The teachers are teaching the benefits of good health habits and physical exercise for the well being of the pupil and the home, with special emphasis upon the prevention of accidents and disease.

Drill in the fundamentals of arithmetic, and examinations by standardized tests, were given during the year and showed a marked improvement over previous years.

#### ATTENDANCE

The problem of school attendance is one of the most important problems in school management. Regularity of attendance is absolutely necessary in order that the school may perform its special work of training children for the duties of citizenship. Non-attendance causes an economic loss to the tax-payer; it causes a very large per cent. of the failures of promotion; it retards the work of the entire class, and to a less extent, the work of the whole school. Parents who desire their children to be promoted should see that their attendance at school is regular.

I am glad to report that the cases of truancy in our schools are growing less.

The changing social and economic conditions of modern life are seriously affecting rural life. What to do with small rural schools, in order that they may meet the new conditions in American life, is more perplexing than what to do with urban schools. Whether to merge the one-room rural school with other schools in the community and thus establish a consolidated school, or whether to retain the

one-room school and improve the sanitary and hygienic condition of the buildings, build up the teaching force by paying a sufficiently large salary to retain the teacher, are problems that should receive serious consideration. Investigations made of the rural schools throughout the country lead to the belief that the interests of the children are best served in the larger schools.

Parents and citizens are invited to visit the schools frequently.

In conclusion, I express my appreciation for the co-operation and assistance given to me by the teachers, the school board, and the citizens.

Respectfully submitted,

HENRY S. ROBERTS,  
*Superintendent of Schools.*

## REPORT OF TEACHER OF DOMESTIC SCIENCE

---

*Henry Roberts, Superintendent:*

Domestic Science in school should link very closely to the home life of the girls if much benefit is to be derived from it. Theory without practical work is like a person who visions great things but never carries his dreams to the point of reality.

The tendency for women to leave home and enter the business world is increasing. Home, then, doesn't mean to the girls today what it did to the past generation. It seems rather, to be a place to sally forth from. If we are to have homes in the future these girls will be found in them and they should be taught to keep the home what it always has been, the basic unit of society.

Effort should be made to show that the happiest homes are those that are made comfortable to live in. Cooking as cooking, and sewing as sewing is not the ultimate goal of training for homemaking. It is the business of some one to see that the family is well fed, comfortably dressed, interested and happy and that lot falls to the mother. This can only be done by educating the girls for appreciation as well as for skill. Real home making is an honorable, dignified occupation. To instill these facts in the minds of the girls, lessons have been planned to train them to be able to assume responsibility in the family group, to select adequate food, to plan, prepare and serve simple inexpensive meals. Also, to plan and make simple garments and to learn something of the art of buying food stuffs and clothing materials.

Through these lessons we have tried to raise the ideals of home life and instill into the minds of the girls in Domestic Science a greater love of home.

Through the help of the mothers the task has been made much easier to accomplish. These I thank as also I do the Superintendent and School Board.

Respectfully submitted,

EDNA BENWARE,  
*Teacher of Domestic Science.*

## REPORT OF MUSIC TEACHER

---

*Mr. Henry S. Roberts, Superintendent of Allenstown  
Schools:*

DEAR SIR:

The National Education Association has announced seven objectives for public school attainment. These are: (1) Health, (2) Command of the Fundamental Processes, (3) Attainment of Worthy Home Membership, (4) Preparation for a Vacation, (5) Worthy Use of Leisure, (6) Civic Education, (7) Ethical Character.

Does the study of music measure up to these standards in Allenstown? Our answers follow:

(1) By correct posture whether sitting or standing, we endeavor in our singing lessons to contribute to the health of the students.

(2) Dr. Charles Eliot, the sage of Cambridge said: "Music is one of the best mind trainers on the list"; and in the judgment of Gladstone, "Music is one of the most forcible instruments for training, for arousing and governing the mind and spirit of man."

Sight reading and development of the senses of tune, tempo and rhythm co-ordinate eyes, ears, nerves and muscles (in instrumental music) as no other subject can. In studying great compositions, the student gains essential facts regarding history, geography and language.

(3) One of the social problems of today is the preservation of the home. Music furnishes home entertainment, and musical instruments are almost as necessary as dishes and brooms. Some one has said that a fine form of insurance against moral bankruptcy is a musical instrument. The finest artists of the world sing to us and play for us. And homes are places of joy to millions of radio audiences

every evening. Our schools are accelerating progress of this generation toward an appreciation of what is fine and best in music.

(4) Music has achieved third place among the professions and the apprentices for the practice of music are taught in our schools. As yet, Allenstown is not doing anything in the way of instrumental instruction in classes.

(5) "Nothing to do" has proven the pitfall of many who are in our prisons today. The shortened labor week is affording more and more leisure and the schools must face the problem of solving how this leisure time shall be employed. The problem is largely solved when one knows how to play an instrument, and playing in band and orchestra is protecting many of our youths from a wasted life. I wish that more parents in Allenstown would realize what a fine annuity they are purchasing for their children when they give them an instrument and have them learn to play it. Class instruction is the vogue and lessons are therefore cheaper than is the case with private instruction.

(6) Cooperation in chorus singing, in band and orchestra playing is as basic as in civil training. A national holiday never passes, but our girls and boys sing their devotion to their country.

(7) Music makes its greatest contribution to a life of rich significance not through training the intellect but through refining the soul, and in order to do this, the soul must frequently come under the spell of the beautiful in music. Many schools have radios, and more and more will the education of the future be brought through the air. Some of our children hurry home on Fridays to hear the last of the educational program that Mr. Walter Damrosch is broadcasting for the schools of America. Beginning in February, a wealth of material for the making of richer lives will be sent through the air on Tuesdays and Thursdays for the children of the land. I wish it could be possible for the boys and girls of Allenstown to receive this

instruction in Americanization. The entire school is enjoying new books this year, particularly the books of the Music Hour series. A few phonograph records have been added that our students may become acquainted with some of the music which Mr. Damrosch is broadcasting for them.

My grateful appreciation of the help and support of teachers, superintendent and school board is at this time acknowledged.

Respectfully submitted,

MARTHA F. GALE.
