SCHOOL REPORT.

In making the annual report of the schools for the past year we will say that with the exception of one or two cases they have been fully up to the standard of past years. Our inability to secure teachers of experience has been a source of great inconvenience to us. We think it would be vastly better to consolidate the small districts into not more than two or three schools and conveying the pupils to them, perhaps sending more pupils to Hillsboro as we think it cheaper, and the pupil gets more weeks of schooling and as a general thing better teachers.

We hope the parents will try hard to have their children at school every day, and will also try to help the teacher in all ways possible. We thankfully remember all favors received in the discharge of our duties.

Respectfully submitted,

EDITH M. GOODALL,
 GEORGE F. ELLSWORTH,
 DENNIS R. CHASE,

School Board of Deering.

The School Board of Deering think it but fair and right, to say a few words at this time in memory of the late Mary A. Crosby. We have known her ever since she first came to town. We knew her as a pupil attending the district school, later as a pupil at Francestown Academy where she graduated with high honors, and later still as a teacher, always winning the love and confidence of those entrusted to her care.

She taught many terms, not only in this town, but in other and larger towns. She taught at Hillsboro, Washington and Keene. Since leaving Keene, she has taught in several of the schools of this town and always with the best of success. We always knew what to expect, and we were never disappointed in her work. We wish there were more of the same kind. Truly the Town has met with a great loss.
