REPORT OF SUPERINTENDENT OF SCHOOLS

To the Troy School Board:

I herewith submit to you my third annual report as Superintendent of Schools. The total enrollment of pupils of 325 as against 288 for the first term last year and 280 two years ago, shows that our schools are filled very nearly to the limit of the seating capacity.

The large seventh grade coming into the high school building made more room absolutely necessary, and during the summer a new room was finished off which has helped greatly to relieve the congestion in that building. This new room is well lighted, and until a new high school building is possible seemed to be the most economical way of taking care of the junior and senior high school.

There has been but one change in the teaching force in the high school building. Miss Dorothy E. Hall was elected to succeed Miss Atwood, who accepted a position in Massachusetts.

The senior high school is still small, enrolling but 13 pupils for the two years. Some good work has been done in all the classes in this building, but the discipline and spirit of the school is not yet as good as it should be.

In the primary building the principal, Miss Olsen, and Mrs. Brown have continued their excellent work. Miss Susie

H. Yeaton succeeded Miss Dorothy Platts who accepted a position in Massachusetts. Miss Velma A. Blake succeeds Miss Colley in the third grade, and Miss Kate A. Brooks has taken the second grade, succeeding Miss Agnew.

The enrollment of all the grades in the primary building is larger than it should be to obtain the results desired, but after going over the situation very carefully last spring we found there was absolutely no more room available. These rooms have an enrollment of from 37 to 56. If we could have one room for each of the six grades it would make possible better work in the fourth, fifth and sixth grades.

The work done in all the grades in the primary building has, however, been exceptionally good, and the building is well organized.

The school at West Hill is again in charge of Mrs. Howe with practically the same enrollment as last year. New blackboards were installed in this school last summer and other changes were made.

Mrs. Whitecomb has been retained to supervise the music in the village schools. I believe the parents generally appreciate the advantage of having a specially trained teacher to plan and look after this important side of the school work.

In making the contracts for the present school year the school board were prompt to meet the situation regarding the shortage of teachers, and made substantial increases. Even with the increases offered four of our teachers accepted better paying positions in Massachusetts. To fill these positions we secured two teachers from Maine, one from Massachusetts and one from New Hampshire, all well trained, and all but one having had experience.

Even with the large increases granted for the present year salaries are none too high, but as new teachers are secured we should endeavor to arrange a schedule whereby our teachers of training and experience should receive considerably more than the beginners, and the new teachers, who make satisfactory progress should be rewarded by substantial increases from year to year.

The school conditions at the present time are good and the outlook encouraging. Many problems appear from time to time for solution, but with the co-operation of teachers, school board and parents they will, I believe, be satisfactorily solved.

Thanking you for your help and support at all times during the past year, I am

Very truly yours,

LEWIS S. RECORD,

Superintendent of Schools.

East Jaffrey, N. H., January 31, 1921.
