ANNUAL REPORT
FOR THE
TOWN OF BRISTOL,
NEW HAMPSHIRE

FISCAL YEAR ENDING
DECEMBER 31, 2011

POPULATION: 3,054 (2010 Census)
NET TAXABLE VALUATION: \$ 469,514,569
TOWN: \$6.88 per thousand
SCHOOL DISTRICT: \$9.36 per thousand
STATE EDUCATION: \$2.38
COUNTY: \$1.55 per thousand
TAX RATE TOTAL: \$20.17 per thousand

DEDICATION OF THE ANNUAL REPORT

BRISTOL'S BURT WILLIAMS

When you think of Burt Williams, you think of someone you can trust, someone whose opinion counts and someone who has the best interest of the community in mind when dealing with a critical issue of the time. Burt, really is a man of the times. He has been here in Bristol for as long as many of Bristol's citizens can remember. Although he was born in Somerville, Massachusetts, his parents immigrated from Nova Scotia, coming to Bristol to set up a lumber company. It is impossible to think of Bristol and not think of Burt Williams. He has been a long time mover and shaker in the community. During his days as a Bristol Selectman, Burt developed an unabiding interest in the water/sewer segment of the Town government and is still an active volunteer in that capacity today. In a large way Bristol's current water/sewer system is due to Burt Williams and his ability to get a job done.

Burt has served the Town, and the area, as a member of the New Hampshire Legislature, finally retiring from that position in 2011. Somewhere in those years of public service to the Town and State, Burt earned a living with his father, brother Bob, and family at R.P. Williams & Sons. The business and the man worked the same way with the community as he had when serving the people as a Selectman. The business supported the community and the community has supported the business mainly due to the positive attitude of Burt and his family. Burt's list of accomplishments are too numerous to name. His range of friends is woven into the fabric of the community. Whether he was helping his old friend Randy Robinson, or dealing with the design of a new bridge, Burt just took it in stride.

If you know Burt, and a good many folks do, with his quiet and friendly manner you might be surprised to know that he is an M.I.T. graduate. As an example of the uniqueness of this is that fact that while serving in the New Hampshire Legislature, there were only two members with that same alma mater. Burt is a civil engineer who has turned that degree into a community resource. He has lived here and brought his experience and knowledge with him. Roads, bridges, a water/sewer system and most recently a pumping station that has his name on it are few of the tangible items that Burt has been involved in here in Bristol. According to his wife, Ruth, he is a wonderful caring dad who is always ready to help his children and grandchildren in any way he can. He continues to work at something from the time his feet hit the floor in the morning to the time his head hits the pillow at night. Today, you can find him building a garage, visiting a sick friend, meeting with the Town Administrator, or stopping for a cup of coffee and the news at a local restaurant. If you are really lucky, you are among those who can count on him as friend. The Town of Bristol has been indeed fortunate to have Burt Williams among its residents and recognizes that with a simple "thank you", because that is all that he would take for those many years of service.

EXECUTIVE SUMMARY

2011 BOARD OF SELECTMEN REPORT

In 2011, the Bristol Board of Selectmen worked to keep a balance between providing a high level of service to residents, taxpayers and visitors to the Town of Bristol, while keeping operating expenses down. During budget season, we worked with Departments and the Budget Committee to provide a budget for consideration at Town Meeting that would not increase the Town portion of the tax rate. We were successful in meeting that objective as the 2011 Town portion of the tax rate decreased when adjusted for the re-valuation.

Speaking of the revaluation, as always, there are many questions raised during the process. We encourage anyone who has questions to contact the Assessing Assistant or the Town Administrator. They would be happy to explain the process and provide you with any information you require.

In 2011, there were two ongoing projects brought to completion. In the summer, the pedestrian safety improvements around the Middle School, which were funded through the Federal Safe Routes to School Program, were constructed. These improvements provide for much safer access to the Middle School for students with the construction of a new sidewalk from North Main Street down to the Middle School and the construction of safety areas for pedestrians near the drop-off areas in the school parking lot. The Smith River Bank Stabilization project, which was funded through a FEMA hazard mitigation grant, was completed in the fall. This project was designed to protect a section of river-bank that was eroding to the extent that it was threatening Smith River Road.

Work continues on other projects that collectively will bring many improvements to the Downtown. Design work has been completed for the Transportation Enhancement project. The project will be put out to bid this spring and we anticipate that work will be completed by the fall. We also plan to complete the downtown Water and Sewer improvements should the proposal pass at Town Meeting. The State has some drainage work they would like to complete as well. Our goal is to incorporate all three projects into one bid to minimize the cost and any disruption due to construction by working on all three projects simultaneously.

EXECUTIVE SUMMARY

2011 BOARD OF SELECTMEN REPORT (*CONTINUED*)

Another project we have been working on is to develop a trail that will run from the old Water Street access, just below the Mica Building, along the Newfound and Pemigewasett Rivers down to Profile Falls. Our initial plan has been reviewed by the Army Corps of Engineers, one of our partners in this project. They have requested some additional information with regard to our plan. We hope to provide this information to them shortly and continue our planning for the project in 2012. If approved and constructed, this trail will open up a very scenic pathway along the two rivers that will attract many visitors to our Downtown.

At a Special Town Meeting, held on July 20, 2011, residents voted to acquire the old millstream parcel on Route 3A just north of the Town Offices. Our highway crew has already made some improvements to the parcel to provide better access. In addition the Bristol Rotary made a generous donation of some picnic tables for the property. We hope to continue to improve the parcel so that it will provide a nice area for all to use.

This fall, the Town, the Newfound Lake Region Association and the New Hampshire Department of Environmental Services began work on a “bioswale” filtration project at Cummings Beach designed to treat some of the water running off West Shore Road and into Newfound Lake. The balance of the work that will tie all of the drainage elements together will be completed in the spring of 2012. In addition to the “bioswale” work, the south end of Cummings Beach was dredged this fall and the adjacent area regraded in an effort to restore more of the beachfront. Final grading will take place in the spring after the remaining drainage elements have been installed. With all of this work completed, we hope to have more usable beachfront available and improve the quality of the water runoff into the Lake.

The Board has continued to pursue options to find funding sources for the “Sewer to the Lake” project. At the beginning of 2011, the Board, acting in the role as Water and Sewer Commissioners, entered into an agreement with the Virginia based firm of Alcalde and Fay in an effort to try to have the project accepted into a Federal program designed to provide funding for large Water and Sewer projects. Given the current climate in Washington, no action was taken on this program and recently, the Board voted to end the agreement with Alcalde and Fay. The Board will continue to explore options for this project.

EXECUTIVE SUMMARY

2011 BOARD OF SELECTMEN REPORT (*CONTINUED*)

Work also continues on trying to expand the commercial base here in Bristol. In addition to some of the infrastructure improvements previously mentioned, we have been working with the Grafton County Economic Development Council as well as other State and Federal agencies to provide support to local businesses. Our goal is to make certain that local businesses are aware of all of the resources available to them and to work with them to the extent we can to improve the business climate in Bristol.

We cannot close out this report without thanking all of the employees and volunteers who work so hard during the year day in and day out to continue to provide a high level of service to our community. They strive every day to do more with less and we would like to thank them for their dedication to the Town of Bristol. We encourage everyone to become involved and help out in any way they can.

Respectfully submitted,
Bristol Board of Selectmen

(Left to right) Phil Dion, Don Milbrand, Jeff Shackett, Rick Alpers, Joe Denning

EXECUTIVE SUMMARY

TOWN ADMINISTRATOR'S REPORT

When I wrote my first report in 2010, I had only been in town for a few months. Another year has passed and I can say without hesitation that my appreciation for the spirit of the taxpayers in this community and the efforts of the employees and volunteers to meet their needs continues to grow each day. I grow more confident every day, that we can find the balance we need to meet any challenges ahead through education, cooperation and participation.

Every day at the Town Office we strive to provide the highest level of service we can to the public, while keeping operating expenses to a minimum. One of the ways we accomplish this is to cross train to the extent possible so that all Town Office employees can offer assistance to anyone who comes in with a question or concern. This is an area we have worked on in 2011 and will continue to work on in 2012. We want to be certain that anyone who comes into the Town Office can have their questions answered or get any information they require.

Another way to meet the growing demand for services while saving you a trip to the Town Office is to provide “virtual access” to information. Presently, we accomplish this through our website www.townofbristolnh.org. On the website you will find information for the various departments, boards and committees in town. There are meeting schedules and meeting minutes available. Video recordings are posted for Selectmen and Budget Committee meetings that can be viewed from your computer at your convenience or from the cable channel as posted. Planning, Zoning and Assessing forms are available on-line as well as listings for building and sign permits. Property assessments are available by owner name or map and lot number. Having this information available on-line affords anyone the opportunity to access what they need when they need it, saving them time and trips to the Town Office.

In 2012 we plan to expand our offerings to include access to property tax cards as well as on-line mapping. This information will be available in a format that will allow you to access and print what you need when you need it. We hope to continue to incorporate more “virtual” features into Town Office operations.

Another area we plan to focus on this year that is less visible, but equally important, to the public is in the area of financial analysis, reporting and planning. One of our objectives is to eliminate borrowing to fund operations. This can be accomplished over time by managing cash flow, improving collections, controlling spending and increasing revenue. While we did improve our overall cash position this year we need to continue the trend.

We also plan to focus on putting additional internal controls in place with regard to fixed asset reporting. This will satisfy a recommendation from our Auditors that we establish and maintain such a system.

EXECUTIVE SUMMARY

TOWN ADMINISTRATOR'S REPORT (*CONTINUED*)

Our focus is, as always, to provide a high level of service to taxpayers and visitors alike, to keep them safe and be available to assist them in any way we can. This cannot be accomplished without the dedication and hard work of our Town employees and the many volunteers who serve on the various Boards and Committees in town throughout this and every year. We are all well served by them.

As always, if you have a question or concern, please do not hesitate to contact the Administrator's office by phone at 744-3354 X 14, or by email at townadmin@townofbristolnh.org. If you happen to be in the Town Office feel free to stop in and say hello.

Respectfully Submitted
Michael Capone
Bristol Town Administrator

2011 TOWN MEETING MINUTES

March 8, 2011

Moderator, Edward "Ned" Gordon opened the meeting at 9:02 AM. Ned asked Burt Williams to lead the Pledge of Alliance, and Pastor Wayne Toutaint to do the invocation.

Rick Alpers introduced the Board of Selectmen: himself as Chairman, Joe Denning, Don Milbrand and Phil Dion. Selectman Shackett was out of State and sent his regrets. Town Administrator, Michael Capone introduced Highway Superintendent Mark Bucklin, Police Chief Michael Lewis, Fire Chief Steve Yanuzzi, and Librarian Sharon Warga.

Shaun Lagueux, Chairman of the Budget Committee, introduced Committee members Mark Chevalier, Tom Keegan, Paul Simard, Dan Arseneau, Ron Preble, Ashley Dolloff, Barbara Greenwood, Wendy Costigan, Jon Thouin, Dorcas Gordon and David Carr.

Ned introduced Raymah Simpson, Town Clerk/Tax Collector.

Ned stated that the meeting will follow parliamentary procedure. He would like anyone that wants to speak to come to the microphone. Only registered voters can vote. Only residents and Town Employees can speak. Non-residents may speak if the legislative body allows it. Any amendments need to be in writing and given to the Moderator.

At this point Joe Denning introduced George & Shirley Corrette, to whom the 2010 Town Report had been dedicated.

Ned mentioned that 478 people voted in Tuesday election, with 30 of those being Absentee votes. All of the Zoning Articles passed.

Article 8: To see if the Town will vote to raise and appropriate the sum of one million three hundred thousand dollars (\$1,300,000) to build an addition to the Minot-Sleeper Library and renovate the existing Library, and to authorize the issuance of not more than the amount of one million three hundred thousand dollars (\$1,300,000) of bonds and notes in accordance with the Municipal Finance Act (RSA33) and to authorize the Board of Selectmen to issue and negotiate such bonds or notes and to determine the rate of interest thereon; furthermore to authorize the acceptance of any other grant or aid, which might be available for this project. The first bond payment will be included in the 2012 budget. **2/3 Ballot Vote Required to Pass.**

The Budget Committee recommends this article 10-1

The Board of Selectmen recommends this article 5-0

Rick Alpers moved the article, Shaun Lagueux seconded it. George Corrette spoke on the Article. Since last year when the library was defeated, the Library Trustees have met with several people to refine the design. The use of the adjacent lot allows the library to be built out of the floodplain. The new design incorporates 1200 feet of existing library space by using the first floor for meeting space and the basement for housing the heating plant and utilities. The new addition would add 3800 square feet to the library and be all on one floor. This project would cost \$400,000 less than last year. Also there is no elevator in this building. George presented a power point to show what the library would look like. He stated that there are more people with library cards now than ever. There has been a large growth in library usage in Bristol in the past ten years.

The addition would be handicap accessible and include a children's section and a young adult section. It would also allow space for new books and include an expanded area for computers, which are used constantly.

The new 3800 square foot addition would accommodate most of the library functions. The building would help upgrade the downtown area. The Library Trustees have collected some funds over the years and used them to partner with the Town to buy the property next to the library to allow for the addition.

2011 TOWN MEETING MINUTES—(CONTINUED)

Rick Alpers stated that there are at least three options for financing this project. One would be the New Hampshire Municipal Bond Bank (NHMBB), where we would get a bond, but would not have the option of paying the debt off early if additional funds were contributed to the project. A second would be Rural Development, where we could get low interest rates, but would give up some control over how the project is done. A third option would be a local bank. A construction loan through a bank would have a small amount of interest in 2012. Interest and principal payments would not begin until 2013. There would be no penalty for paying the loan off early if additional funds became available. The Board would like an aggressive payment plan, but not one that would hurt the taxpayer. The Library Trustees and the Board of Selectmen would work together to try to use local contractors.

There were many pros and cons from the audience. Some didn't like the project and hoped it would be rejected. Others expressed concern that there were no figures presented with respect to ongoing operating costs. There was a question about whether or not the 1.3 million included furnishings. The Trustees said that the 1.3 million would be for construction. Donated funds would pay for the furnishings. It was noted that the goal was to build an energy efficient building with a very tiny energy footprint. It may be possible that the new building would use less energy. It was stated also that this is a great project and that Bristol needs this for the children as the library is open and children learn to interact with people of all ages at the library.

At this time, Fire Chief Steve Yannuzzi stated that he and the State Fire Marshall had recently inspected the existing library. Although there was no need to close the Library, there are issues that need to be addressed. New exit signs are needed. The boiler room needs a one hour fire wall. The building is on the historic register so he can exempt the stairs into the basement from having to be replaced.

There was a question about how much of the 1.3 million would be spent to update the old building. It was noted that \$150,000.00 would be spent to rewire the building and install a sprinkler system.

Les Dion, Director of Recreation, spoke about how closely the Library and Tapply Thompson Community Center work together. She sees kids reading books all of the time. "Reading is a gift we give our kids".

Deb Thouin, Assistant Librarian, read a letter from a service man, thanking the library for all of the programs that they have for children, and how it has helped his children.

It was mentioned that this is the time for this project to go through. The library is very cramped. The Library Trustees are looking toward the future with this building. If this isn't done, it will cripple the community. Some felt that this should be done to invest in the children of Bristol. It was also mentioned that the library might bring more people in to the downtown area and be an attraction for Bristol. The library was a gift to the Town in 1884 and it is hoped that we honor the men that gave this gift to Bristol. It was mentioned that having a free public Library means that there is democracy. The library is a learning center and there is comfort in going to a library. It was also mentioned that this would be an anchor for kids in Bristol and that it is a good project.

Some people felt that this should just be a children's library. Others felt that this is a want not a need for Bristol and that the financing will impact the tax rate. Also the issue is not the books, but the cost over the years. Some support the library, but not the cost.

At this time Walter Waring asked to move the vote, Andrew Connolly 2nd. All in favor.

A ballot vote will be taken after discussion on Article 9.

2011 TOWN MEETING MINUTES—(CONTINUED)

Article 9: To see if the Town will vote to raise and appropriate up to two hundred fifty thousand dollars (\$250,000) to cover engineering expenses for the Water and Sewer Improvements, known as the Central Square Water and Sewer Replacement Project, and to authorize the issuance of not more than the amount of two hundred fifty thousand dollars (\$250,000) of bonds and note in accordance with the provisions of the Municipal Finance Act (RSA 33) and to authorize the Board of Selectmen to issue and negotiate such bonds or notes and to determine the rate of interest thereon; furthermore to authorize the acceptance of grant monies from all Rural Development, State Revolving Loan Fund (SRF) RSA 486:14 established for this purpose, and/or any other grant or aid, which might be available for this project. Without impairing the nature of these bonds as general obligations of the Town, it is expected and intended that the debt service on the bonds will be paid from user fees. **2/3 Ballot Vote Required to Pass**

The Budget Committee recommends this article 10-1

The Board of Selectmen recommends this article 5-0

Joe Denning moved the Article, 2nd by Rick Alpers. Joe asked Burt Williams to speak on the Article. Burt stated that Bristol has a great Water/Sewer system, but the lines in the downtown area date back to the 1800's. The newest pipes down there were installed in 1951. We would like to do the work to replace the pipes at the same time we do the Transportation Enhancement project. The \$250,000 is just for engineering. This would be done before the downtown project starts in 2012. If grant money is available for the Town, we will apply for it.

It was mentioned that we have a lobbyist trying to get money for the Sewer to the Lake Project so why don't we use him for this project. Burt answered that the lobbyist is working on obtaining funds for both projects. It was also mentioned that the people need to be reassured that the water is fine, since there had been a problem earlier in the year. It was mentioned that payment of the debt should come from all taxpayers, not just user fees.

Burt made a motion, to close the discussion, Ron Preble seconded the motion. Ned explained that there are four people at the microphone and after those four people speak the discussion would be closed and we would vote.

It was felt that the taxpayers should pay for this because it benefits everyone. Some felt that the \$250,000 was only the beginning, and that water/sewer fees are not low now. Also, that this is a debt for the Town now, and that no one knows what will happen in the future.

The polls opened at 11:17 AM for voting on Article 8 & 9. Ned explained that the orange ballot was for Article 8 and the green ballot was for Article 9. He asked everyone to circle either yes or no and to place the ballot in the ballot box. The polls would be open for one (1) hour.

Article 10: Shall the Town vote to establish a revolving fund pursuant to RSA 31:95-h, for the purpose of Police special detail wages, benefits, supplies and equipment to raise and appropriate the sum of five thousand dollars (\$5,000) to be deposited into the fund. Further, all revenues received for police special details will be deposited into the fund, and the money in the fund shall be allowed to accumulate from year to year, and shall not be considered part of the town's general fund unreserved fund balance. The Town Treasurer shall have custody of all monies in the fund, and shall pay out the same only upon order of the Board of Selectmen and no further approval is required by the legislative body to expend. The balance in the fund shall be included in the Town Report each year.

The Budget Committee recommends this article 8-3

The Board of Selectmen recommends this article 5-0

2011 TOWN MEETING MINUTES—(CONTINUED)

Don Milbrand moved the article, Joe Denning seconded. Don explained that it is impossible to predict special detail costs. In the past \$10,000 has been budgeted and up to \$28,000 spent. The extra money to cover the expense has to come from somewhere else in the budget which impacts Department operations. If the revolving fund were set up it would take the guess work out of budgeting for that line. The extra money in the fund would be spent on Police expenses lowering the amount of money spent by the Department. The treasurer would have the money and it couldn't be spent without the Board of Selectmen approval.

It was felt that we should know what the revenue is, and that another fund is not needed. What was the advantage of the revolving fund? Rick explained that the excess money in the fund would pay Police expenses and take some of the burden off of the taxpayer.

It was mentioned that the Board of Selectmen would have control over this fund. Phil Dion stated that nothing is hidden from anyone. Everyone would know what is in it. This balance would be available to everyone.

It was mentioned that if funds like this did not work, the legislature would not have allowed for them in the law. Joe Denning stated that this is a way to get someone else to pay your bills. It would not affect the tax rate at all.

Don Milbrand made a motion to close the discussion, Phil Dion seconded. A voice vote was taken on this article that was too close to call. A show of hands showed more against. The article was defeated.

Article 11: To see if the Town will vote to raise and appropriate the sum of five million one hundred sixty two thousand seven hundred and eighty dollars, (\$5,162,780) for general municipal operations.

The Budget Committee recommends 13-0

The Board of Selectmen recommends this article 5-0

Shaun Lagueux moved the article, seconded by Rick Alpers.

Shaun explained that in July he had met with the Town Administrator Michael Capone to begin discussion of the Budget process. He explained that the Department Heads had met with the Budget Committee to present their initial requests. The Board of Selectmen also reviewed the Department requests and submitted a budget that would lower the Town portion of the tax rate. Then the Budget Committee lowered the Selectmen's Budget slightly. The proposed budget is an 8.5% reduction from last year. This represents a potential four (4) cent reduction in the Town portion of the tax rate. Shaun also mentioned that Police Chief Lewis found other means for dispatch and lowered the amount by \$38,000. The Board of Selectmen had asked for the employees to receive a 1½ % increase in wages, and the Budget Committee voted for a 1% increase. The Town is paying 10% more for retirement than two (2) years ago.

Eric Rottenecker made an amendment to rescind the 1% pay increase for Town employees, seconded by Dan Arseneau. This would decrease the budget by about \$20,000. It was stated that this amendment should be defeated. The budget has already been decreased by 8.5%. A voice vote was taken on the amendment, the amendment was defeated.

Mike Bannan made an amendment to decrease the budget by \$200,000, seconded by Paul Simard. Mike feels that there is no reduction in the budget, and that the revenue has not come in. A voice vote was taken, that was too close to call. A show of hands was Yes-75 to No-84 and the amendment was defeated.

The Moderator read the results from the two (2) ballot votes. He noted that there were 274 votes cast for each question. A two thirds majority of 183 yes votes would be needed for an article to pass.

2011 TOWN MEETING MINUTES—(CONTINUED)

The vote total for Article 8 was Yes-167, No-107. The Article failed.

The vote total for Article 9 was Yes-176, No-97, one (1) blank ballot. The Article failed.

The Moderator then asked those present if they wished to move to restrict reconsideration of Article 8 and 9. The meeting voted in favor of restricting reconsideration by a voice vote.

Rick Alpers made an amendment to place \$30,000 in the Police Detail operating budget. Phil Dion seconded. A voice vote was taken, the amendment passed

A voice vote was taken on the Amended Article 11 to increase the budget by \$30,000 to \$5,192,780. The amended Article passed.

Article 12: Pursuant to RSA 41:11-a to see if the Town will vote to authorize the Board of Selectmen to enter into a lease for an initial term of five years with the right to nine five year renewal terms with Maxton Technology Inc., a Massachusetts business corporation. The leased premises consisting of an area approximately 100 feet contained in lot 115-26 on Chestnut Street Extension. The leased area will contain a wireless communications facility, including tower structures, equipment shelters, meter boards and related improvements and structures and uses incidental thereto.

Rick Alpers moved the article, Don Milbrand seconded. Rick stated that work on this project has been going on for at least a year. This tower would help public safety as well as communications. The tower on Hemphill isn't large enough and can't carry what is needed for public safety needs.

There is Town owned property on Chestnut Street, on which the tower can be constructed. Maxton would pay \$10,200/year in rent on the property. We also would receive the rent for each cell tower carrier, plus taxes on the facility. First and foremost it takes care of public safety.

Some people felt that the Board of Selectmen didn't let people know about this soon enough and are against this. It was stated that the town will not get any better cell service from this tower. It was stated that Zoning had already given exceptions to where cell towers could be placed. Some people are for the tower, but not in their back yard.

A question was asked about the existing agreement. Rick Alpers answered that there are options for either party to nullify the contract.

Some wondered about the health effects this could have on people living nearby. It seems that no one has been able to answer that question.

Dan Paradis, Chairman of the Zoning Board wanted to inform everyone that the tower has not yet been approved by the Planning Board.

Fred Eichman made a motion to close the discussion, seconded by Archie Auger.

The article was defeated after a voice vote.

Article 13: By Petition: To see if the Town will vote to have all funding for the waste water to Newfound Lake Project be paid for by the user fees and not taxation.

Not addressed

2011 TOWN MEETING MINUTES—(CONTINUED)

Article 14: By Petition: To see if the Town will vote to limit the size of the police department to 2 full-time officers, per 1000 full time residents.

Charles Carpenter moved the article, seconded by Paul Simard. Charles stated that a smaller Police Department would save taxpayer money. He would like to reduce the Police Department because of the way the economy is. He feels that this is a retirement community and we need to become proactive to save money. He would like six (6) full time officers instead of nine (9).

Phil Dion mentioned that the Board of Selectmen determine how many officers the Town employs, and that this Article, if passed, would not be legally binding.

Police Chief Mike Lewis stated that he would support whatever the legislative body says. In a report back in 1997 it was stated that Bristol should have 16 officers. If this Article goes through, the Police Department would not be able to give the service that they give now.

The Chief was asked about the number of calls that were answered that were not in Bristol. He noted that of the 15,830 calls received, they responded to about 50 that were not in Bristol.

The legal opinion would be that this article would not be binding.

A voice vote was taken that was too close to call. Ten (10) people stood and asked for a ballot vote. The result of the ballot vote was Yes-46, No-82. The article was defeated.

Article 15: By Petition: To see if the Town will vote to return to an on-call volunteer fire department.

Ian Schaffer made a motion to table Article 15. The motion was seconded by Mark Chevalier. The Moderator explained that this motion is not debatable.

A voice vote was taken, the motion passed.

Article 16: To transact any other business which may legally come before this meeting.

Rick Alpers moved the article, seconded by Joe Denning, the article passed with a voice vote.

At 2:50 pm a motion to adjourn was made by Boake Morrison, seconded by Rick Alpers.

The motion was approved by a voice vote.

Respectfully submitted,

Raymah W. Simpson
Town Clerk

SPECIAL TOWN MEETING MINUTES

July 20, 2011

Moderator Ned Gordon called the meeting to order at 7:00PM. JP Morrison and Archie Auger led those present in reciting our Pledge of Allegiance. Mr. Gordon introduced Raymah Simpson, Town Clerk. Rick Alpers, Chairman of the Board of Selectmen introduced the Members of the Board and the Town Administrator. Shaun Lagueux, Chairman of the Budget Committee and the Budget Committee members introduced themselves.

The Moderator explained the meeting rules to those in attendance. All questions and comments should be directed to the Moderator. Only registered voters will be allowed to speak. Anyone else who wishes to speak will need permission from the voters present. No one will be allowed to speak a second time until everyone who wants to speak has been heard once. Any amendments need to be in writing and presented to the Moderator. Anyone who wishes to speak should come to the microphone.

The Moderator read Article 1:

To see if the Town will vote to raise and appropriate the sum of sixty five thousand dollars (\$65,000) for the purchase of a 1.1 acre parcel of land located at 496 Lake Street (Route 3A) shown on the Town of Bristol Tax map as lot 224/53. The money for the purchase will come from the Fund Balance and no funds will be raised through taxation.

The Budget Committee recommends this article 8-3

The Board of Selectmen recommends this article 5-0

Chairman Alpers made a motion to accept the article. There was a second from Vice-Chairman Shackett. Chairman Alpers explained some of the history of the Board's efforts to secure the property previously. The Board felt that it would be a great parcel for the Town to own given the history of its use and its proximity to the River. Chairman Alpers noted that funds from the Unreserved Fund Balance or "surplus" would be used to purchase the property. There would be no additional funds raised through taxation. Presently, there are no plans to place the property in a conservation easement. The property would be cleaned up by the Highway department and would be used as a riverside park with a one way entrance and exit. The Board has approached the Rotary Club to see if they would donate some picnic tables and the Town is looking into securing a grant for some playground equipment.

The Moderator asked if anyone else would like to speak.

SPECIAL TOWN MEETING MINUTES (*CONTINUED*)

July 20, 2011

David Hill asked if the property extended to the River. Chairman Alpers responded that it runs to the high water mark.

Mr. Hill also asked about liability. Chairman Alpers read an excerpt from a report received from the New Hampshire Municipal Association, our insurance provider, who had recently visited the property at the request of the Town Administrator. The report explained what should be posted for signage at the property.

Michael Bannan spoke against the purchase. He felt that we should not spend Town funds on this property and that we should use the six acres we already have on the other side of the river. He also suggested some other parcels to consider and expressed his disappointment with the Board for not pursuing these other parcels.

Don Martin spoke in favor of the purchase. He owns the property on the other side of the road and noted that many people use the area. He felt it made good economic sense to purchase the property.

Leslie Dion spoke in favor of the purchase. She felt that it is a beautiful area that many people use. She mentioned that the Rotary would donate an initial amount of one thousand dollars to purchase items for the park.

Nancy Gavalis asked if the parcel could be built on. Chairman Alpers answered yes. She also asked if it was in the floodplain. Selectman Alpers answered yes. She asked who owns the small turnout area further up route 3A. Chairman Alpers answered that it is most likely part of the State right of way.

Boake Morrison spoke against the purchase. He did not think it could be built on. He also felt we had other areas to use along the river and there were too many restrictions on the property.

Dorcas Gordon spoke in favor of the purchase. She felt it would be a good addition to many of the recreational paths from the Lake extending toward downtown. It would help make Bristol the type of Town people want to live in. She feels it would be a good return for the funds used to purchase it.

Ruth Whittier spoke against the purchase. She did not want to take a commercial property off the market nor spend the money for lawyers to pursue the Special Meeting.

SPECIAL TOWN MEETING MINUTES (*CONTINUED*)

July 20, 2011

Paul Simard spoke against the purchase. He mentioned that the Budget Committee vote was not unanimous. He was concerned that there might be hazardous waste on the site. He also felt we should not take a commercial property off the market. He felt that the Board had not done it's homework on the purchase. He had concerns with the liability should someone fall in the river. He felt that the Town was wasting money on this purchase.

Chairman Alpers mentioned again that liability was not an issue as the parcel had been visited by our insurance provider.

JP Morrison spoke against the purchase. He felt that the money could be better spent on other items such as two police cruisers or the door off a ladder truck. He felt that the property was not going anywhere and there was no reason to purchase it now.

Chairman Alpers made a motion to close debate on the question. Mark Chevalier seconded the motion. The motion passed by a voice vote.

JP Morrison asked for a ballot vote. The Moderator asked for a show of hands from those who wished to have a ballot vote. A sufficient number of those present raised their hands so a ballot vote was conducted.

Those present that were eligible to vote were verified by the Supervisors of the Check list and given a paper ballot. After those present had voted the ballots were tallied. There were 103 vote cast. Seventy six voted in favor of the Article, twenty seven voted against the Article. The Moderator declared the Article passed.

With no further business to come before the meeting, Chairman Alpers made a motion to dissolve the meeting. The motion was seconded by Barbara Greenwood and passed by a voice vote.

Respectfully Submitted:

Raymah Simpson
Town Clerk/Tax Collector

**2012
ANNUAL
TOWN
MEETING
WARRANT**

TOWN WARRANT INFORMATION

TOWN OF BRISTOL
ANNUAL TOWN MEETING
WARRANT
2012

BRISTOL, NEW HAMPSHIRE

GRAFTON COUNTY

To the Inhabitants of the Town of Bristol in the County of Grafton and the State of New Hampshire qualified to vote in Town affairs. You are hereby notified to meet at the Old Town Hall on Summer Street in said Bristol on Tuesday, the 13th day of March, next, at 8:00 o'clock in the morning at which time the polls shall be opened for balloting on Article 1 through Article 9, and shall close not earlier than 7:00 o'clock in the evening; and you are further hereby notified to meet at the Auditorium at Newfound Regional High School in said Bristol on Saturday, the 17th day of March, next, at 9:00 o'clock in the morning at which time action will be taken upon the remaining articles in this warrant.

Article 1: To choose by written ballot all necessary Town Officers

- 1 Selectmen for 3 years
- 1 Moderator for 2 years
- 1 Trustee of Trust Funds for 3 years
- 1 Cemetery Trustee for 3 years
- 4 Budget Committee members for 3 years
- 3 Library Trustees for 3 years
- 1 Library Trustee for 2 years

Copies of the complete text of the proposed zoning amendments are now available in the Town Office, and will also be available for inspection on the day of voting.

Article 2: Are you in favor of the adoption of Amendment No. 1 as proposed by the planning board for the town zoning ordinance as follows:

Amendment No. 1, if adopted, will replace the current height restriction on cell towers based on average tree canopy height with a standard based on the minimum height which the planning board determines will provide adequate telecommunications coverage in conjunction with other locations. It will also set the absolute height limit to be 180 feet above the ground elevation.

Yes No

Article 3: Are you in favor of the adoption of Amendment No. 2 as proposed by the planning board for the town zoning ordinance as follows:

Amendment No. 2, if adopted, will allow the planning board to modify the driveway standards for a cell tower facility based on the site conditions.

Yes No

Article 4: Are you in favor of the adoption of Amendment No. 3 as proposed by the planning board for the town zoning ordinance as follows:

Amendment No. 3, if adopted, will raise from \$500 to \$2,000 the minimum cost of a project requiring a building permit. It will also require a building permit for the replacement of a roof if the materials are changed.

Yes No

TOWN WARRANT INFORMATION

Article 5: Are you in favor of the adoption of Amendment No. 4 as proposed by the planning board for the town zoning ordinance as follows:

Amendment No. 4, if adopted, will, for all new development requiring site plan review, set lighting standards designed to minimize glare and light pollution, prohibit light trespass on abutting properties and eliminate unneeded lighting.

Yes No

Article 6: Are you in favor of the adoption of Amendment No. 5 as proposed by the planning board for the town zoning ordinance as follows:

Amendment No. 5, if adopted, will extend the controls on erosion and sediment during construction currently required in the Pemi Overlay to all districts in the Town. The standard on which these controls are based is updated to a current publication of the New Hampshire Department of Environmental Services.

Yes No

Article 7: Are you in favor of the adoption of Amendment No. 6 as proposed by the planning board for the town zoning ordinance as follows:

Amendment No. 6, if adopted will, for any non-residential use undergoing site plan review, allow the planning board to reduce the parking requirement by up to 25% if the applicant can demonstrate that the smaller number of spaces is adequate and sufficient.

Yes No

Article 8: Are you in favor of the adoption of Amendment No. 7 as proposed by the planning board for the town zoning ordinance as follows:

Amendment No. 7, if adopted will, for any commercial development invoking the steep slope provisions of the zoning ordinance, add the area of any required parking lot to that of the building when determining the “building envelope” (the area within which construction is allowed). It will also explicitly authorize the planning board to regulate the layout of buildings and parking lots in such developments so as to minimize disturbances to topography and vegetation.

Yes No

Article 9: Are you in favor of the adoption of Amendment No. 8 as proposed by the planning board for the town zoning ordinance as follows:

Amendment No. 8, if adopted will, in the Pemi Overlay provisions, replace the term “Comprehensive Shoreland Protection Act” with “Shoreland Water Quality Protection Act” to reflect the change in the name of RSA 483-B.

Yes No

TOWN WARRANT INFORMATION

Article 10: To see if the town will vote to raise and appropriate the sum of eight hundred eighty-eight thousand dollars (\$888,000) to build an addition to the Minot-Sleeper Library and renovate the existing library building, and to authorize the issuance of not more than the amount of eight hundred eighty-eight thousand dollars (\$888,000) of bonds or notes in accordance with the provisions of the Municipal finance act (RSA 33) and to authorize the Board of Selectmen to issue and negotiate such bonds or notes and to determine the rate of interest thereon. The first bond payment will be included in the 2013 budget.

2/3 Ballot Vote Required to Pass

The Budget Committee recommends this article 10-2

The Board of Selectmen recommends this article 4-0

Article 11: To see if the Town will vote to raise and appropriate the sum of eight hundred and fifteen thousand dollars (\$815,000) to pay for Water and Sewer Improvements in Central Square, and to authorize the issuance of not more than the amount of eight hundred and fifteen thousand dollars (\$815,000) of bonds and notes in accordance with the provisions of the Municipal Finance Act (RSA 33) and to authorize the Board of Selectmen to issue and negotiate such bonds or notes and to determine the rate of interest thereon; furthermore to authorize the acceptance of grant monies from all Rural Development, State Revolving Loan Fund (SRF) RSA 486.14 established for this purpose, and/or any other grant or aid, which might be available for this project. The first bond payment will be included in the 2013 budget. Without impairing the nature of the bonds as general obligations of the Town, it is expected and intended that Ten percent (10%) of the debt service on the bonds will be paid from general taxation and ninety percent (90%) of the debt service on the bonds will be paid from user fees.

2/3 Ballot Vote Required to Pass

The Budget Committee recommends this article 11-1

The Board of Selectmen recommends this article 4-0

Article 12: To see if the Town will vote to raise and appropriate the sum of five million, three hundred three thousand, five hundred and forty one dollars, (\$5,303,541) for general municipal operations.

The Budget Committee recommends this article 9-3

The Board of Selectmen recommends this article 4-0

Article 13: To see if the Town will vote to raise and appropriate one hundred fifty five thousand dollars (\$155,000.00) for the purchase of an ambulance and to further authorize the withdrawal of sixty four thousand dollars (\$64,000.00) from the Fire Department Equipment Capital Reserve Fund and sixteen thousand dollars (\$16,000.00) from the Ambulance Replacement Capital Reserve Fund. The balance of seventy five thousand dollars (\$75,000.00) to be raised through general taxation.

The Budget Committee recommends this article 8-4

The Board of Selectmen recommends this article 4-0

TOWN WARRANT INFORMATION

Article 14: Pursuant to RSA 41:11-a , to see if the Town will vote to authorize the Board of Selectmen to lease the upper level of the old fire station located at 15 High Street to the Bristol Historical Society for a period of five years at one dollar per year.

Article 15: By Petition:

“Shall we adopt the provisions of RSA 32:5-b and implement a tax cap whereby the governing body (or budget committee) shall not submit a recommended budget that increases the amount to be raised by local taxes, based on the prior year’s actual amount of local taxes raised by more than one dollar?”

3/5 Ballot Vote Required to Pass

Article 16: By Petition:

To see if the Town will vote to limit the size of the Police Department to two (2) full time officers per one thousand (1000) full time residents.

Article 17: By Petition:

To see if the Town will vote to separate fire rescues from ambulance.

The ambulance service is a contractual commitment by the fire department to user towns and, while revenue generating, the true cost of ownership is buried in the landlord functions of the fire department.

Article 18: By Petition:

To see if the Town will vote to have the town elections and town meeting changed to May. We feel that some people cannot vote due to the fact that they are away for the winter. We also think the spring is a better time for the elderly to get out. In May there is no need to worry about snow, slush, mud or even cold.

Article 19:

To transact any other business which may legally come before this meeting.

Given under our hands and seal this 23rd day of February in the year of our lord two thousand twelve.
A true copy of the Warrant – Attest:

BRISTOL BOARD OF SELECTMEN

Rick Alpers, Chairman
Jeff Shackett, Vice-Chairman
Joe Denning, Selectman
Don Milbrand, Selectman
Phil Dion, Selectman

INDEPENDENT AUDITORS' REPORT

To the Board of Selectmen
Town of Bristol, New Hampshire

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Bristol, New Hampshire, as of and for the year ended December 31, 2010, which collectively comprise the Town's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Town of Bristol's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

As discussed in Note 2 to the financial statements, management has not recorded certain capital assets in its governmental activities and, accordingly, has not recorded depreciation expense on those assets. Accounting principles general accepted in the United States of America require that those capital assets be capitalized and depreciated, which would increase the assets, net assets and expenses of the governmental activities. The amount by which this departure would affect the assets, net assets and expenses of the governmental activities is not reasonably determined.

In our opinion, because of the effects of the matter discussed in the preceding paragraph, the financial statements referred to above do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the

Additional Offices:

Auditor's Report

financial position of the governmental activities of the Town of Bristol, as of December 31, 2010, and the changes in financial position, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The management's discussion and analysis, appearing on the following pages, is not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

In addition, in our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Bristol, as of December 31, 2010, and the respective changes in financial position and cash flows, where applicable, thereof and the respective budgetary comparison for the General Fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued a report dated September 14, 2011 on our consideration of the Town's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

McLanson, Heath + Company P.C.

Department
Reports**

GENERAL GOVERNMENT

Assessing Department

In 2011, the Assessing firm, Commerford Nieder and Perkins (CNP) completed the last year of the revaluation process. It has been a lengthy process covering a 5-year period of data collection and culminating at the beginning of December when new assessments were computed and the fall tax bills were mailed. Exactly what was the revaluation process for 2011? It involved CNP completing a physical inspection of the exterior of each property noting building dimensions and characteristics and where possible an interior inspection to help assure accuracy. In cases where CNP was not able to complete interior inspections, the Assessor for CNP would estimate information for that property based upon what has been gathered from similar properties of equal size, age, etc that he has viewed. For instance, in condominium associations, the Assessor may not view Unit A but has viewed the other units. He will then use the information from the other units to assess Unit A. Also during this time the Assessor studies sales, which allows comparisons to be made so parameters can be established to estimate the value of property that has not been sold. He reviews this collected data and applies the factors of the sales analysis to come up with a value on each property.

In November, toward end of this process, CNP mailed letters to all property owners stating the preliminary value for each of their properties. Property owners were afforded the opportunity to meet with the Assessor to review this preliminary assessment. These hearings were offered as a courtesy by CNP. During the hearing process, the property owner could voice concerns, discuss inaccuracies or discrepancies with a qualified Assessor, who will review the property card and explain the value. Once the hearings were completed and, if necessary, adjustments made to preliminary values, CNP submitted the final values to the Board of Selectmen.

Overall, the total assessed valuation of property in Bristol went down. Many people assume that if the overall assessed valuation of properties goes down then their individual tax bill will also go down, but that is not always the case. Your individual assessment will vary with respect to the overall average level of assessed value. Depending on where your own property value is with respect to the overall average will determine if your property tax bill increases, decreases or stays the same.

While the Town's portion of the tax rate is only about thirty-four percent (34%) of the total tax rate, we also collect taxes for the school and county operations. For 2011, the Town worked hard to keep the budget as close to level funding as possible. This budget was presented at the Town Meeting and was approved by the

GENERAL GOVERNMENT *Assessing Department (Continued)*

voters. The budget did not increase for 2011, but the overall assessed values did decrease and therefore, increased the Town portion of the tax rate.

Although, most properties changed value with the revaluation, there is always the possibility that a property may still contain errors, or that a value is still not considered to be correct. Property owners/taxpayers have the right to appeal that value through the abatement process. Abatement applications can be picked up at the Town Office, mailed upon request, or downloaded from the Town's website (www.townofbristolnh.org). The applications must be postmarked by March 1st of the year following the final tax bill in question. For example, if a property owner is requesting an abatement application due to a physical error on the property for 2011, the application would need to be received by March 1, 2012. Once the application is received, the Assessor reviews it and submits a recommendation to the Board of Selectmen to either grant or deny. The Town has from March 1st until July 1st to review and respond to the applicant. If the application is granted, then the difference in taxes is calculated and refunded with 6% interest back to the date the final bill was paid. If the application is denied, then the applicant may appeal through either the Board of Tax and Land Appeals (BTLA) or the Court system. An applicant can only appeal to one or the other, but not both. Applications to the BTLA are required prior to September 1st.

At this time, I also want to remind taxpayers of certain discounts offered to Bristol residents. Each of these items requires that Bristol be your primary residence and each item has additional requirements for qualification listed below. Credits are amounts applied to the tax as a discount and Exemptions are amounts applied to the value before the tax is determined to give a discount. If you, as a taxpayer/resident, feel you would qualify for any of these items, then please contact the Assessing Department for an application and submit it prior to April 15th of the year in question. Once an applicant is approved, there is no need to reapply each year, although updated information can be requested periodically.

Veteran's Credit-Standard (\$500)/Disabled (\$1700): Applicants must fill out a Permanent Application for Property Tax Credit/Exemption and supply the appropriate supporting documentation, must have served not less than 90 days of active service, must have earned honorable discharge, must have served in a qualifying time period or if applicable earned a qualifying medal and must have been a NH resident for one (1) year preceding April 1st of the application date. (See RSA 72:28 for more information)

GENERAL GOVERNMENT *Assessing Department (Continued)*

Deaf Exemption-\$30,000: Applicants must fill out a Permanent Application for Property Tax Credit/Exemption, must fill out a qualifications worksheet and supply the appropriate supporting documentation, must have a severe hearing impairment of 71Db average hearing loss or greater, must have been a NH resident for five (5) years preceding April 1st of the application date, and must meet income and asset limits as set by the Town of Bristol. *Income: \$25,000 single/\$45,000 married, Assets: \$40,000 single/married.* (See RSA 72:38-b for more information)

Blind Exemption-\$30,000: Applicants must fill out a Permanent Application for Property Tax Credit/Exemption, must be determined legally blind by the Blind Services Program, Bureau of Vocational Rehabilitation, Department of Education and must supply the appropriate supporting documentation. (See RSA 72:37 for more information)

Disabled Exemption-\$30,000: Applicants must fill out a Permanent Application for Property Tax Credit/Exemption, must be determined as eligible under Title II or Title XVI of the Federal Social Security Act, must fill out a qualifications worksheet and supply the appropriate supporting documentation, must have been a NH resident for five (5) years preceding April 1st of the application date, and must meet income and asset limits as set by the Town of Bristol. *Income: \$25,000 single/\$45,000 married, Assets: \$40,000 single/married.* (See RSA 72:37-b for more information)

Elderly Exemption: Applicants must fill out a Permanent Application for Property Tax Credit/Exemption, must be 65 years of age prior to April 1st of the application year, must fill out a qualifications worksheet and supply the appropriate supporting documentation, must have been a NH resident for three (3) years preceding April 1st of the application date, and must meet income and asset limits as set by the Town of Bristol. *Income: \$25,000 single/\$45,000 married, Assets: \$40,000 single/married.* (See RSA 72:39-a for more information). The discounts are currently broken into three age categories set by the Town as follows: *Age 65-74: \$25,000, Age 75-79: \$30,000, Age 80+: \$45,000*

In addition, to completing the revaluation, the Town purchased and installed new Assessing software from Avitar. This new software is much more efficient and user friendly. Previously, any changes to properties would need to be entered into two systems. With the Avitar system, there is functionality for both Assessing and Tax in one system, thus making the process less redundant. The software was installed for the spring billing, with data entry and verification of entries processed by CNP and Avitar personnel.

GENERAL GOVERNMENT *Assessing Department (Continued)*

As many of you know, Phil Bodwell from CNP, is the contracted supervising Assessor for the Town of Bristol. He is currently scheduled bi-weekly on Thursdays and all appointments must be scheduled through the Assessing Assistant, Christina McClay. I am also available to answer any questions or concerns and if I do not know the answer then I will get it for you or make an appointment with Phil. It is important that property owners/taxpayers understand their property, how it is assessed and therefore taxed. Property cards can be picked up or requested from the Assessing Office. If the property is your own, there is no charge for the card, but any additional property cards are a \$1.00 per card. The Assessing Office is open Monday-Friday, from 8:00am to 4:00pm. Please feel free to stop by, call (744-3354 option #4) or email (cmclay@townofbristolnh.org) or check out the Town's website (www.townofbristolnh.org) as additional information is added all the time for your review.

Respectfully submitted,

Christina McClay
Assessing Assistant

GENERAL GOVERNMENT

Budget Committee

The Bristol Budget Committee is comprised of 12 elected members and one appointed member representing the Selectmen. The Budget Committee is authorized under New Hampshire RSA: 32 of being charged with the oversight of Town expenditures.

This last year has been an extraordinary one, coming at what we hope will be the end of a prolonged recession. Citizens have lost wealth in retirement funds, the stock market, and most of all real estate. This year has seen the results of a Town wide re-evaluation applied to property. Town spending has remained level, on the whole, but inflationary pressures have caused certain costs, such as medical insurance, fuel and welfare to increase. School district and county portions of your tax bill have also risen and are reflected in your tax bill. So even if your appraisal has stayed the same or gone down you may see an increase in what government needs to operate and supply the services needed by our citizens.

The Budget Committee meets only once a month throughout the summer months but after September it's pretty much every Monday night. We meet at 7:00PM in the Town Office with every Town Department for updates and finally their own requests for funding. The Selectmen present their budget to the Committee in December, after receiving the Selectmen's recommendations the Committee starts their final deliberation. These meetings are open to the public and we welcome your attendance.

The Budget Committee serves without compensation and often without thanks. The term of office is three years, and every year we elect three new members. If you would like to serve on the Committee you must be a registered voter and meet the Town residency requirement.

This year we have faced many challenges; foremost is the erosion of State and National economies and the pressures felt by residents and taxpayers. Our goal has been to balance the interests of the taxpayer with the demands of funding the operations of the Town of Bristol. The outcome of our labors will have far reaching consequences for all our citizens.

We are presenting a budget, for your ratification, that is the product of many hours of deliberation and study. It is our sincere hope that the end result will satisfy the taxpayer and allow the Town of Bristol to provide the essentials of good government.

Sincerely,

Shaun Lagueux, Chair

GENERAL GOVERNMENT

Capital Improvements Program

The Capital Improvement Program Committee (CIP), a subcommittee of the Planning Board, once again conducted its annual interviews with the Town Departments and their managers to update information and explanations about current and future capital needs. Data for the new purchase or replacement of the various capital items was reviewed and prioritized. A funding method was determined and scheduled to minimize tax impact. The CIP Committee's annual report was unanimously accepted by the Planning Board in September 2011. The CIP Committee's report was subsequently presented to the Budget Committee and the Selectmen for their consideration in formulating the Town budget to be decided by the Bristol citizens at the forthcoming Town Meeting.

The CIP Committee has three primary tools to use to accomplish its objective of stabilizing the tax impact of capital expenditures: 1) Scheduling the year in which each capital item is purchased; 2) Establishing capital reserve accounts in advance of an item's purchase date in order to spread its cost over a longer time period, (thereby controlling tax impact); and 3) Delaying purchase by using lease purchase agreements or bonding. In addition, the availability of grants, as well as other revenue are also investigated and sought. The CIP Committee's decisions are difficult as there have been many capital item deferrals over the years, and now we are in a weak economy. Nevertheless, we are most pleased to have had many of our recommendations for 2011 accepted and placed in the 2011 budget. We believe these were prudent, timely decisions that insure the continued efficiency of services that Bristol residents expect, services that provide for their continued health and safety in accordance with the master plan. Such is in keeping with the goals and objectives of the CIP.

Because major capital repairs and replacements are continually required, it's imperative that the Town keep current with these requirements and not let deferrals pile-up, deferrals that only result in greater future costs. Some of the known future needs will include the replacement of ambulance 1, continuing road and sidewalk paving, re-arrangement of the Transfer Station to include a new sand and salt shed, replacement of 100 year old water and sewerage pipes, replacing one six wheel dump truck, repair of the Old Town Hall, and expansion of the Library.

We are ever mindful of the state of the national economy as we work to spread the costs in order to defray major hikes in the tax rate. The primary goal of the continuing annual CIP Program is to see to the accomplishment of Bristol's capital requirements in a timely and cost effective manner. We hope we can enlist and count on the support of our citizens as we move forward.

Respectfully submitted,

R. Murray Campbell, Jr.

GENERAL GOVERNMENT *Community Events Committee*

In 2011, the Community Events Committee continued to provide events for the Town of Bristol and its visitors to enjoy. The Tapply Thompson Community Center (TTCC) took over chairing the Committee and spearheading the work. Even with this accomplishment the Committee is always looking for new members and volunteers to help out. If you are interested in getting involved please take a moment to email bristolevents@townofbristolnh.org or contact the staff at the TTCC at (603) 744-2713 for more information.

In February, the Committee was excited to be involved with the 1st Annual Winterfest, which was held at the Slim Baker Area on New Chester Mountain Road. This event was co-sponsored by the Newfound Lake Region Association; Slim Baker Area; TTCC; and the Bristol Lion's Club. It was a great day filled with winter activities that included snowshoe hikes, a snow sculpture contest, kid's games, snow testing, Granite State Zoo presentation & much, much more.

In July, we kicked off the 2011 Summer Concert Series on July 7th with *Lisa Young & Company* followed over the next six weeks by *The NOTEable DECADES, Plus Johnny, Rainy Tuesday Band, Kid Jazz, Ben Rudnick & Friends and the Tammy Jackson Duo*. The Series was held on Thursday nights at Kelley Park from 6:30pm – 8:00pm. Between entertainment and food vendors, the series was a popular event with a great number of people in attendance. *Greg Gorski and the Bristol Shop N Save* once again continued their generous sponsorship of the series and for that the Committee would like to extend a huge THANK YOU.

In August, the Committee's summer activity schedule was culminated by the Old Home Day Event on August 27th. The festivities included tethered hot air balloon rides offered by ReMax, Antique Car Parade, Craft Fair, Horseshoe & Softball tournaments, a Silent Auction to assist a local family, inflatable games/rides for the kids, music and the TTCC Lobster & Chicken Supper. If you have never attended the Old Home Day event, you should set aside time to come visit us in 2012.

In October, the Committee promoted the annual Halloween event. The kids enjoyed the parade of costumes from Dedication Park down to Central Square where the Bristol and New Hampton Fire Departments had lit up the Square. The community spirit was a wonderful thing to see as many businesses opened for the evening festivities. Events included, but were not limited to, the Bristol Fire Department handing out glow-in-the dark necklaces, Bristol Police Department and explorers assisting in maintaining traffic, Bristol Lion's Club providing hot chocolate and goodies, Bristol Masonic Lodge offering their annual haunted house, and TTCC with its annual haunted hallway. Well over 500 ghouls, goblins, and assorted characters attended this event.

This is just a sampling of the activities that are offered in our community. The Bristol Lion's Club sponsors the Memorial Day Parade in May, the 4th of July Parade and fireworks in July and the Christmas Tree Lighting Ceremony at the end of November.

GENERAL GOVERNMENT

Community Events Committee (Continued)

Many of our local non-profits sponsor numerous other great events throughout the year. We are fortunate to live in a community that has so much to offer its residents and so many amazing volunteers that make these events happen. We are grateful to the volunteers, businesses, organizations and taxpayers that make this such a great place to live! You are appreciated!!

Respectfully submitted:

Leslie Dion, Barbara Greenwood, Joe Denning, Marjorie Gorman, Ray Courchaine, Gylene Salmon, Steve Yannuzzi, Christina McClay – Bristol Community Events Committee Members

GENERAL GOVERNMENT

Emergency Management

It has been a very active year for Emergency Management. In August 2011, the Town of Bristol Emergency Operations Center (EOC) was opened for Hurricane Irene. The EOC was staffed for 36 hours to deal with storm related issues. Emergency Management staff also collected and submitted information for reimbursement to FEMA for storm related costs. The cooperation that was shown by all Town Departments in dealing with and handling calls for service was outstanding.

The Town Departments handled 51 calls for service during the storm. Most of these calls were related to trees and wires down in the community. The EOC utilized the web-based statewide system to request equipment and supplies from the State. An emergency shelter was opened at the Newfound Regional High School and was prepared to handle anyone that needed sheltering.

Also in 2011, the telephone system in the emergency operations center was upgraded. The old system required all telephones to have its own source of power. The new system is powered at a single source. A need was also identified for better radio communications equipment in the EOC. A request has been placed in the 2012 budget to address this need.

The Town has also received the grant for an emergency generator for the Fire Station/Emergency Operations Center. The generator should be installed in January or February of 2012.

Emergency Management encompasses more than the initial response to a disaster. It consists of the response phase, mitigation phase, and recovery phase of the incident. We will continue to remain active and properly trained to fulfill these responsibilities.

I can be reached at 744-2632 or via e-mail at syannuzzi@townofbristolnh.org if there are any questions or concerns about the Town of Bristol Emergency Management.

Respectfully submitted,

Steven J. Yannuzzi
Emergency Management Director

GENERAL GOVERNMENT

Energy Committee

The Bristol Energy Committee was formed in 2009 with a dual mandate to reduce carbon emissions and advocate energy conservation and efficiency. The Committee also serves in an advisory role to the Board of Selectmen on energy-related issues for the Town.

The committee awarded the 2011 Town of Bristol Heroes of Energy Conservation Award to the Parkhurst Company Store. The award is given out to citizens and organizations that have demonstrated an exceptional commitment to energy conservation. The inaugural award was presented in 2010 to Bristol Highway Superintendent Mark Bucklin for his work in dramatically lowering the Transfer Station's carbon footprint.

The committee meets the first Monday of every month at the Bristol Town Offices and all meetings are open to the public.

2011 Bristol Energy Committee members:

Nathan Haselbauer

Lucille Keegan

George Corrette

Donald Martin

Respectfully submitted,

Nathan Haselbauer

GENERAL GOVERNMENT

Fire Department

The Bristol Fire Department has had a busy year. The Department responded to 900 calls for service in the calendar year 2011. This is a 4.5% increase from calendar year 2010. We have worked hard on managing the budget and operating the Department as efficiently as possible while still providing the level of service the community has become accustomed to having from the Department.

I practice an “open door policy” both internally in the Department and externally with the public. I invite all personnel to bring any concerns about the Fire Department to me and I will address them with straight forward answers. I encourage the citizens of Bristol to contact me if they have a question about the Fire Department. I can be reached at 744-2632 or via e-mail at syannuzzi@townofbristolnh.org.

The Department started the year off by purchasing an extraction washing machine for cleaning firefighting gear. With 95% of the cost for this project funded by a Federal grant received by the Department. I would like to thank Capt. Ben LaRoche for managing this project. The Department has also been awarded a 50% grant from Homeland Security for the purchase of a 25 KW emergency backup generator for the Fire Station. The generator has been ordered and should be installed in early part of 2012. The Department has received over \$130,000 in grants in the past three years. We continue to look for alternative funding in the form of grants for Department projects. The Department has also upgraded two of the Fire Station overhead doors with safety door stop sensors. The remaining doors will be upgraded in 2012. The Department has generated \$302,165 in revenues this year.

The Department conducted a promotional process in March. As a result, Firefighter Aaron Heath was promoted to Captain. Along with the promotion a vacancy in the Department was created. We welcomed a new employee, George Clayman. Firefighter Clayman is currently enrolled in Paramedic School and upon his completion in 2012, the Department will be able to provide paramedic level EMS coverage on each shift.

The Department currently provides advanced life support level of care on all first calls within the community. This is a great and valuable service and we appreciate the community’s continuing support of education and training so that we are able to maintain this level of service.

There were some training milestones achieved this year. I completed the four year Executive Fire Officer Program at the National Fire Academy in Emmitsburg, Maryland and will obtain my Executive Fire Officer Designation in early 2012. Captains Ben LaRoche and Aaron Heath achieved Fire Instructor 1 certification. Firefighter Marissa Woolsey achieved Emergency Medical Technician Basic certification.

As a reminder the Fire Department is staffed 24 hours a day 365 days a year with two personnel. The Department has a full-time staff compliment of six shift firefighters and a Fire Chief. There are 25 on-call firefighters that round out the Department. In case of an emergency always call 911. I would like to remind everyone to check your smoke detectors. An operating smoke detector is the most cost effective piece of fire protection that you can have in your home.

In closing, I would like to thank the Board of Selectmen, Town Office Staff, Police Department, Public Works and, most of all, the members of the Bristol Fire Department for their support and dedication to the Fire Department in helping us accomplish our mission and service to the community.

Respectfully submitted,

Steven J. Yannuzzi
Fire Chief

GENERAL GOVERNMENT

Health Officer

For the past three years I have served as the Deputy Health Officer for the Town of Bristol. The duties of the Health Officer include investigating health complaints, inspecting schools and daycares for State licensing programs, working with property owners on various issues and performing health inspections on homes applying for general assistance from the Town. Investigating health complaints requires a lot of time and research. Visiting the site initially requires researching the property. Contact is made with the property owner and under most circumstances a plan of action is developed to resolve the problem. Often many cases are quite involved and may require working with other local and State agencies.

Health inspections are required per Town ordinance for any applicant for rental assistance. Once the applicant has submitted an application for rental assistance, they will contact the Health Officer for an inspection. Along with the Fire Chief, the property will be inspected for Health & Fire Codes. This ensures that the home being assisted meets Health and Fire codes and the tenants are not living in hazardous conditions. This past year, we saw a large increase in the number of applications for assistance. Due to the struggling economy, that number continues to rise, resulting in more inspections. Another important outcome of the inspection process is that it allows both the Health Officer and the Fire Department to develop a better working relationship with many landlords while ensuring the health and safety of residents.

Attendance at State conferences and membership in the New Hampshire Health Officer Association (NHHOA), affords the opportunity to keep updated on any changes to Health Codes. In addition, there are a number of free or low cost training programs available to both this office and the public to increase knowledge and awareness with regard to health issues.

Respectfully Submitted,

Kelly Lacasse

GENERAL GOVERNMENT

Highway Department

The Highway Department worked on a number of projects this past year. These included the reconstruction of Danforth Brook Road which had been put off for a number of years now. We reclaimed the old pavement into base material, re-graded and added gravel where it was needed and resurfaced the entire length of the road. Other roads that were worked on included Hemphill Road, and Batten Road which both received an overlay. Smith River Road was given a chip seal. In addition, the Smith River Road Bank Stabilization Project was completed. Most of the funding came from a Hazard Mitigation Grant.

We also worked with the Department of Environmental Services (DES) and Newfound Lake Region Association (NLRA) to install a treatment swale at Cummings Beach. We dredged the south end of the beach to remove debris from an old boat house that had been coming to the surface. All of the major work is done but we have some finish work to complete in the spring: patching the parking lot, adding some curbing to prevent any further erosion at the south end of the beach and doing some seeding. There is also the need to complete some adjustments to the flow of run off through the treatment swale.

Projects for the next year include: Green Street, Hillside Avenue and Jenness Hill Lane.

Respectfully Submitted,

Mark Bucklin
Highway Superintendent

GENERAL GOVERNMENT

Historic District Commission

The Bristol Historic District Commission met on a monthly basis in 2011 to conduct public hearings for preliminary conceptual consultations, Certificates of Approval, and compliance.

The Commission also continued to implement goals set in 2008:

- Submission of the application to make Bristol a Certified Local Government (to allow the Town to access federal funding for historic planning and preservation)—by January of 2012, Bristol should become New Hampshire’s eighteenth Certified Local Government;
- Updating of design standards to aid the Town’s Land Use Enforcement and Health Officer in reviewing some types of minor changes in the Historic District without requiring a public hearing;
- Continuation of the long-term project of updating the inventory of historic properties in the Town’s Master Plan, through a database kept on the HDC website; and
- Further work on and expansion of the HDC website so that it becomes a primary resource for historic preservation planning and illustrates how historic preservation contributes to Bristol’s quality of life.

[Bristol’s Central Square has been listed since 1983 in the US Department of the Interior’s National Register of Historic Places. It is one of the few open squares among New Hampshire’s business districts and contains a number of buildings of architectural merit. Although some of the buildings in and around Central Square date to the 1790s, most were constructed in the second half of the 1800s. Even today, the district retains to a large extent its late nineteenth-century appearance. The creation of an Historic District had long been recommended in Bristol’s Master Plan, but until 2005 no formal effort had been made to preserve these buildings. According to the Master Plan, “considered collectively, these buildings project an image of the town,” and preservation of these structures is of paramount importance to the town’s economic vitality. When the Town of Bristol revised its Master Plan in 2003, it reaffirmed creation of an Historic District as a way of preserving Bristol’s historic structures and historic character. (New Hampshire RSA 674:46 authorizes towns to designate historic districts.) From a 2007 community opinion survey of Bristol residents almost three-quarters of respondents supported town involvement to “encourage/preserve historic buildings.”]

Respectfully submitted,

Clay Dingman, Chairman

GENERAL GOVERNMENT *Human Services Department*

The Human Services/Welfare Department continues to see increasing funds being expended. The number of clients has increased in need of assistance for rent, food, heat, and lights. For the most part, it is the state of the economy that has affected our population. Many are unemployed, under-employed, disabled, and attempting to make ends meet. With the high cost of living at this time, increases in heating fuel prices, food, electric rates, and consequently rents, it is a difficult time for many people.

In the year 2011, 215 clients were assisted, an increase of 20% from the year 2010. Also, a total of 175 children were part of these households. Of those clients, the breakdown is as follows: rent – 64 (increased 12%); fuel – 33 (increased 15%); medical - 4 (increased 33%); food – 4 (decreased 37%); electric – 27 (decreased 7%); and miscellaneous (car gasoline, diapers, prescriptions, etc.) – 24 (decreased 48%). It is the rental assistance and fuel assistance that comprise our largest expenditures.

I have continued to refer individuals to the Community Action Program, have encouraged them to make payment plans for electric, and to minimize other expenses in the home. In August 2011, the Board of Selectmen approved limits on specific types of assistance based on figures from the surrounding areas comparable to Bristol. The information was obtained from the New Hampshire Housing Authority. These limits have proven to contain costs. (You can see the complete list on the Town of Bristol website, Welfare guidelines.) Other resources available are Bristol Community Services, the Salvation Army, and the local churches.

I would like to thank Town Administrator Michael Capone and the Board of Selectmen for their continued support during this difficult year. I would also like to extend a huge thank you to Barbara Greenwood who unselfishly has donated items of food, paper supplies, toiletries, and so much more to this Department. It is people like her who make such a difference in many lives.

I will continue to work with the clients, community members, agencies, and the elected officials of the Town of Bristol. Bristol continues to be a caring and wonderful community and I am grateful to be a part of it.

Respectfully submitted,

Marilyn Ford
Human Services/Welfare Director

GENERAL GOVERNMENT

Kelley Park Committee

The Kelley Park Committee & Tapply-Thompson Community Center (TTCC) would like to report a very busy and successful year on our Park. 2011 Projects at the Park included:

- Replacement of the 'well worn' tractor with a new John Deere
- Installation of a new garage door on the concession building
- Cages for the electrical outlets in the pavilion
- Purchase of a Tot Swing set to be installed in the spring
- Purchase of a security system to reduce vandalism

Some of the activities during the year were:

- Summer Concerts
- Old Home Day
- TTCC Summer Day Camp Programs
- Newfound Memorial Middle School Baseball, Softball, Soccer and Field Hockey
- TTCC T-ball, Softball and Babe Ruth Baseball
- Horseshoe Tournament
- NH Marathon Finish Line
- 5K Road Race Finish Line
- Bristol Elementary School Recess
- Lights on Afterschool event
- And many more...

In 2012, we hope to resurface the tennis court, add benches and tables and to continue our rigorous maintenance plan to keep Kelley Park the local treasure that it is!

In closing we would like to thank **Derek Farrell** and the **Bristol Highway Department** for their dedication in keeping the park looking great, and the **Town of Bristol taxpayers** for their support of our park.

GENERAL GOVERNMENT

Land Use Enforcement

The Land Use/Code Enforcement Office is charged with the responsibility of monitoring building activity and compliance with the Town Zoning Ordinance. In addition, we assist the various land use boards with research and review as required.

Land use activity is monitored by the issuance of permits for new construction, exterior additions, accessory structures and interior renovations. Permits are also issued for signs, demolition of existing structures and the operation of junkyards.

As of December 31, 2011, the following permit totals were issued through the Land Use Office for a total income to the Town of \$6,024.22:

- 56 land use permits
- 9 sign permits
- 6 demolition permits
- 1 junkyard permit

Building permits are required for most if not all construction projects in the Town per the Zoning Ordinance, Article VI, Section 6.4. If an applicant is required to go to the Planning or Zoning Board in relation to a construction project and receives approval, this does not constitute an automatic Building Permit approval. Applicants must still apply through the Building Permit process. Applications can be picked up at the Town Office, mailed to you or downloaded from online at the Town's website, www.townofbristolnh.org.

“6.4 BUILDING PERMITS No person shall, within the Town of Bristol, commence the construction, reconstruction, demolition, alteration, enlargement, any other renovation and/or relocation with a cost of \$500.00 or more, to or in the Town of Bristol of any structure without a building permit. Ordinary repairs to structures may be made without a permit. Such repairs are limited to painting, siding, reroofing, window replacement and repair of accidental damage that does not involve structural modification. Building permits are not required for the construction of entry steps, landscaping and residential paving. The Permit Coordinator/Code Enforcement Officer shall issue all building permits required in accordance with Town of Bristol Regulations. No permit shall be issued for the erection of any structure or for the use of land unless the proposal complies with the provisions of the Ordinance”

In addition, a Sign Permit is required for installation as well as replacement of signs in the Town per Zoning Ordinance, Article IV, Section 4.11. Please review the ordinance for exemptions and requirements. Planning or Zoning Board approval of a project also does not constitute an automatic Sign Permit approval. Applicants must still apply through the Sign Permit process. Applications can be picked up at the Town Office, mailed to you or downloaded from online at the Town's website, www.townofbristolnh.org.

GENERAL GOVERNMENT

Land Use Enforcement

Our Code Enforcement role is to monitor land use to be certain that it complies with the Zoning Ordinance. Every effort is made to educate and inform property owners of their responsibilities to meet the requirements of the Ordinance. In cases where there are violations, we try to work cooperatively with property owners to bring them into compliance.

Finally, it is with sadness that we note the passing of our former Code Enforcement Officer, Michelle Bonsteel. Michelle served our community for three years prior to leaving in February of 2011. Her hard work and dedication to the Town are much appreciated and our deepest sympathies go out to her family.

Respectfully submitted,

Christina McClay
Assessing and Land Use

GENERAL GOVERNMENT *Minot– Sleeper Library*

The Minot-Sleeper Library has been serving the community since 1885, acting as a cultural center and meeting place for patrons and the community. The Library is free to all patrons in the Newfound area, and offers a wide range of resources including books, magazines, DVDs, internet accessible computers, Wi-Fi connectivity, downloadable audio and eBooks, adult and children's programming and so much more.

In 2011, the Library recorded 23,523 patron visits, an 8% increase over the previous year. We also offered 204 free adult and children's programs to the community, with a total attendance of 1,492 adults and 2,026 children. If it were not for the graciousness of both the Masonic Association and the Tapply-Thompson Community Center, we would not be able to offer many of our programs due to the Library's limited space. We wish to publicly thank them for allowing us to continue to use their buildings for our programs.

This year, we also saw an increase in circulation, for yet another year, ending 2011 with a total of 42,705 items circulated, a 13.5% increase over 2010. The library added 1,219 items to the collection in 2011, and weeded 517 items. We currently have 16,772 items cataloged in our automation system.

Items circulated by category:

Adult Fiction. 9,784	Junior Non-Fiction. 1,548
Adult Non-Fiction. 1,855	Audio Books (CDs). 1,610
Easy Fiction (Children). 7,380	Junior Fiction. 3,605
Inter-Library Loan. 1,231	Movies. 11,925
Magazines. 2567	Paperbacks. 204

In 2011, we were pleased to announce Amazon Kindle compatibility with our Overdrive eBook collection. This edition to the Library's eBook service allows most existing eBooks in the Library's eBook collection to be read on all Kindle devices or by using free Kindle apps for the iPhone, iPad, Android and other mobile devices.

This year, patrons checked out a total of 992 audio and eBooks from our collection in the following formats:

OverDrive WMA Audiobook	584
OverDrive MP3 Audiobook	202
Adobe EPUB eBook	137
Kindle Book	69

GENERAL GOVERNMENT

Minot– Sleeper Library (Continued)

In 2011, we offered three weekly programs for children, First Pages Lapsit on Thursday mornings at 10 a.m., designed specifically for children ages 0-3, Bouncy Bookworms Preschool Story Time on Friday mornings at 10 a.m. and, our newest program, After-school Chapter Chatter, for children in grades 1-3, on Wednesdays afternoons at 3 p.m. For adults, we offered a monthly book club, New Hampshire Humanities Council Programs, and new in 2011, from September thru November, our Fall Author Luncheon Series where patrons had the opportunity to hear authors Eric Pinder, Willem Lange and Helen Brody talk about their work while enjoying a free lunch.

During the summer months, our daily patron visits almost doubled with the arrival of summer residents in the area. In 2011, 113 children signed up for our “One World, Many Stories” Summer Reading Program, and a record 235 children and adults attended our kickoff program with the Granite State Zoo at the Tapply-Thompson Community Center.

Ever present at all of our programs in 2011, were the Friends of the Minot-Sleeper Library, a wonderful group of people who tirelessly offer their time volunteering and fundraising for the library. In 2011, the Friends sponsored all of our summer reading program materials, NH Humanities Council programs, held multiple book and bake sales, the Brown Bag Auction, the Cookie Buffet and much more.

For more information regarding the Library and its programs, you can log on to our website www.minotsleeperlibrary.org. Once there, you can subscribe to our monthly email newsletter to keep you apprised of book/dvd new releases, upcoming programs and the most recent happenings at the Library, as well as access our downloadable audio and eBooks.

The Library Board of Trustees meets at the Library on the second Tuesday of the month at 4 PM. Meetings are open to the general public.

Respectfully Submitted,
Sharon L. Warga
Library Director

GENERAL GOVERNMENT

Newfound Regional Public Access

Hello Bristol!

Bristol's Website

It has been an exciting year for the Town's Website. There were over 40,000 visitors to the Town's Website in 2011. We also started to post schedules of meetings, community event information, etc., on Facebook. There are now over 150 "friends" on Facebook.

New pictures have been added to the homepage of the Website. There were over 31,000 hits to the videos on the Town's Website. Town community events on video are scheduled for 2012 on the Community Events page.

Newfound Region Public Access (Channel 24)

New programs in 2011 included the Town of Alexandria's Selectmen meetings, two new church services (Hebron Union Congregational Church and Holy Trinity Catholic Parish), and new programming for Seniors. Granite State Outdoors has also made a new video a month available to the station.

Bristol Town Crier

The Bristol Town Crier has continued to be a great source of information on the goings on in the Newfound Lake area. The Crier places about 500 issues around the area with over 450 being picked up and read. The article on Newfound lake written by Charles Greenwood has been a popular read.

Can't wait to see what 2012 brings!

Ray Courchaine

GENERAL GOVERNMENT

Planning Board

The effects of the recession continued to be reflected in this year's statistics, which included the review of only three new site plans (2 full, 1 minor) but no new subdivision activity. Nevertheless, numerous continued hearings, compliance hearings and a total of 18 preliminary conceptual consultations kept the Board busy at its business meetings. A good deal of time and effort went into the cell tower application which was eventually withdrawn when the Town Meeting voted down the lease of Town land to the developers. Our experience with that application led us to do a complete review of our cell tower check list. With Denice Destefano's help in organizing the proposals and revising the forms, we came up with what we believe to be a much clearer and more complete check list.

At no cost to the Town, we received input from two professional planners with regard to certain Zoning provisions. Working under funding provided by a watershed grant, Dave Jeffers of the Lakes Region Planning Commission (LRPC) provided the Board with a comparison of the protections in the Lake District vs. those in the Pemi Overlay. He pointed out that the Pemi Overlay includes some protections not included around Newfound Lake, in particular with respect to erosion and sediment control during construction. We were also encouraged to review these regulations by Steve Whitman of Jeffrey H. Taylor & Associates, who is working for the Newfound Lake Region Association. These suggestions led to a zoning proposal which would extend the erosion and sediment controls currently in effect in the Pemi Overlay to the entire town. This would also address indirectly the concerns regarding construction in areas of highly erodible soils expressed by Mr. Whitman.

Another topic addressed at our workshop meetings is the need to revise the Master Plan. Bristol's current plan, published in 2003, is due for revision if the 5 to 10 year revision schedule recommended in RSA 674:3 is to be followed. The Planning Board feels some professional help will be needed, but that it may be possible to enlist help from volunteers as was done the last time. Some interest was expressed in creating a new section dealing with Town facilities. The Board also concluded that each section should include a list of action items to be used to measure progress toward achieving the plan's objectives. Further planning awaits a determination of what kind of budget will be available for this project.

The Board is expecting to propose eight Zoning amendments on the March ballot. These include "dark skies" lighting rules for new commercial buildings, changes in the cell tower ordinance and a change which would give the Planning Board greater flexibility with regard to parking requirements.

I would be remiss to conclude this report without recognizing the support the Planning Board has received from our secretary, Jan Laferriere and from Town Administrator Michael Capone, who has attended virtually all of our meetings.

Respectfully Submitted,
Daniel Paradis, Chairman

GENERAL GOVERNMENT

Police Department

Mission Statement

"It is the mission of the Bristol Police Department to provide services with integrity and dedication, to preserve life, to enforce the law, and to work in partnership with the New-found Lake Community to enhance the quality of life in the Town of Bristol."

The Bristol Police Department continues to employ traditional enforcement methods along with the concepts of Community Policing to reduce crime in Bristol. This year has been a very busy year for the Bristol Police Department. We handled 15,213 calls over the course of the year. With the unfortunate decline in the economy the demand on the Police Department was high throughout the year.

The Police Department's Support Service Division and Patrol Division have seen a spike in crimes involving theft and burglaries. As a result the Police Department has created a Neighborhood Watch Program. This program is focused on having areas of the community join together with the Police Department to curb crime. I am pleased to say the program has been a success and continues to grow each month. Another great addition to the Police Department proactive approach is the implementation of the D.A.R.E. program in our school system. The D.A.R.E. program is a great way to educate our youths of the dangers of drug and alcohol abuse.

Felony level cases continue to increase year after year. This increase of serious criminal behavior has caused more demand for Detectives and Patrol Officers. Arrests have increase from 341 in 2010 to 477 in 2011.

The Department received \$7,200.00 in grants from the N.H. Highway Safety Agency to assist us in additional traffic enforcement. The Police Department had a DWI Patrol every weekend over our summer months, Speed Enforcement Patrols throughout the year and Seatbelt Enforcement around our schools. It is efforts like this that minimize the potential for serious motor vehicle accidents and our statistics show that our proactive enforcement is working.

The Bristol Police Departments Records Division received \$69,345.54 in revenues from parking tickets, pistol permits, police reports, outside details, fines and other accounts, all of which has been turned back to the Town of Bristol.

This was a tough budget year with the economy. The Department was faced with some challenging decisions. Two major cuts were made within the 2011 budget from the previous year. These included a reduction of \$54,000.00 within the dispatch line item, and a reduction of \$2,600.00 within in the SOU (SWAT TEAM) line item. It is our goal to provide the Town of Bristol with professional, dedicated service that the community deserves at the lowest price possible.

As always, we are most appreciative of the support of our community partners, the citizens of Bristol, the business community, Bristol Police Explorer Post and Neighborhood Associations.

It is my distinct honor and privilege to serve the community as the Chief of Police. The accomplishments and service to the community could not have been met without the extraordinary contributions of the Police Officers and civilian staff of the Bristol Police Department. I am very proud of the dedication and compassionate work that they perform in such a professional manner.

Respectfully Submitted,

Michael F. Lewis
Chief of Police

GENERAL GOVERNMENT

Public Works—Water & Sewer Department

The Water and Sewer Department consists of Superintendent Jeff Chartier, Office Manager Juanita Gilman, Wastewater Treatment Facility Chief Operator Jesse Lamos, Water Distribution and Sewage Collection Chief Operator, Kenneth Pelletier, Assistant Wastewater Treatment Operator, Joel Furmanick and Shared Laborer, Joe Walenda.

The Water Department's current customer base exceeds 3375 individuals supplied by over 1,360 service connections. There were nine new water service units during 2011. The Department supplies water to residential, commercial and 190 seasonal customers as well as schools, campgrounds, industry and 157 fire hydrants throughout the Town. During 2011, the Department pumped roughly 114,744,000 gallons of water otherwise 314,367 average gallons per day had been pumped from the wells.

The Department's sewer system services greater than 1900 individuals supplied by over 755 connections into the collection system. There were six new sewer service units added during 2011. This sewerage is conveyed through gravity feed sewers, pump stations, and forced mains to the Wastewater Treatment Facility. At the Wastewater Treatment Facility sewage is processed by means of extended aeration allowing bacteria to grow and feed on sludge producing settling of solids in the clarifier to be pumped out for dewatering of the sludge. The clear effluent is then sent through chlorine contact pipes for disinfection prior to dechlorination allowing to discharge into the Pemi River. During 2011 the Department treated 75,827,000 gallons of wastewater otherwise 207,745 gallons on average had been treated per day at the facility.

The Water Department has completed the upgrades to the Storm Center/Danforth Well and the newly built Hillside Booster Station that was dedicated to Burton W. Williams honoring him for his many years of service to the Departments and the Town.

The public is welcome and encouraged to set up a tour of Bristol's water and sewer system and to view the recent upgrades, please contact our office at 744-8411 to schedule a time.

Bristol's water bill is based on cubic feet of water used in increments of 100 cubic feet. As water flows through the water meter it turns a disk within the measuring chamber, this intern rotates a magnet that actuates the register on top of the meter. The register can be read manually or by a remote reader with a handheld touch pad. Meters are read quarterly during the last weeks of March, June, September and December and bills are sent out the beginning of the following months.

Once the customer receives the bill they will notice a prior read and a current read as well as usage in units. These units are cubic feet of water used during the quarter. You can find this amount in the cu.ft.used column located on the Water and Sewer 2011 Rate Table to see how the bill is calculated.

GENERAL GOVERNMENT
Public Works—Water & Sewer Department (Continued)

In Bristol, the water customer after paying the \$20.00 minimum charge for service per quarter (500 cubic feet or 3,740 gallons of water allowance) can receive 748 gallons of water for \$1.80. That would be about four gallons of water for a penny.

Bristol will treat the residential sewer customer's wastewater after paying the \$26.55 minimum charge for service per quarter (500 cubic feet or 3,700 gallons of wastewater allowance) for \$4.79 per 748 gallons. That converts to about one and a half gallons treated for a penny.

As we move into the year 2012 we are budgeting to replace the 6-inch water line that was laid across the Newfound River in 1892 from Pleasant Street to Beech Street.

The Department is looking at replacement, along with many needed improvements, to the Water and Sewer infrastructure within Central Square as the Town moves forward with the Downtown Improvement Project. Central Square contains 1951 and older cast iron water mains that are undersized for adequate fire protection. The Department experienced 3 major main breaks and 2 service line failures during 2011 within the proposed project area. The Sewer Department is also looking to replace the undersized sewer main needed for additional flows when the future Sewer to the Lake project ties in.

Respectfully submitted,

Jeffrey Chartier
Water and Sewer Superintendent

GENERAL GOVERNMENT

Town Clerk/ Tax Collector

We want to thank you for another good year in the Town Clerk/Tax Collectors office; we enjoy our customers and look forward to seeing you when you come in to register vehicles, pay taxes, dump stickers, beach stickers, etc.

If you have not registered your dog, please remember to do that before April 30th. All dogs need to be registered by then, or a fine will be imposed after June 1st. The cost for Senior Citizens is \$2.00 for the first dog and \$6.50 to \$9.00 to register any other dogs, puppies are \$6.50 and all dogs need current rabies certificate. Every year the Lions Club sponsor a rabies clinic, their goal is to have it in April, you can always call the office and we can let you know the exact date.

When coming in to renew your vehicle, please remember to bring in your old registration, otherwise there is an additional charge this is pursuant to RSA 261:148. The surcharge that the State imposed last year as now been omitted.

When requesting a dump sticker or a beach sticker you need to bring in your current registration so that we can issue the stickers. Beach stickers are ready after the first of the year.

In 2012 there will be four elections the first was in January for the Presidential Primary. The second is in March for the Town Elections and Town Meeting then in September for the State Primary and in November there is the General Election. I hope everyone votes in all of these elections, they are all very important from the Town Elections up through and including the Federal elections. If you have not registered to vote, but sure to watch for the dates that the Supervisors will be in session so that you can become a registered voter. You can also register the day of the elections at the Old Town Hall and then vote.

In May of 2011 we started using a new software system for taxes, the company is Avitar and the system is much easier to use and can do a lot more than the previous software. In December we went with Avitar for the Town Clerk portion of the software, and in the near future we hope to be able to do motor vehicle through Avitar as well. With the new software we will be able to start using credit cards as well as debit cards. Another nice service is that you will be able to go on line and look at your tax bills to know what you paid this year. On your computer go to nh.taxkiosk.com and fill in Bristol, and then type in your name and you will be able to see what you paid in taxes. In the future we will be able to use this to pay taxes on line.

If you have any questions or comments that this office can help you with, please give us a call and we will do the best we can to assist you.

Mary Richardson, my assistant has done another great job and I look forward to working with her for many years ahead.

Respectfully submitted,

Raymah Simpson, Town Clerk/Tax Collector

GENERAL GOVERNMENT
Town Clerk/ Tax Collector

GENERAL GOVERNMENT *Transfer Station/ Recycling*

The Town of Bristol operates a single stream recycling facility at the Transfer Station. The single stream method allows us to collect paper, cardboard, aluminum cans, plastics and glass all in one container at the Transfer Station eliminating the need and expense for separating those items. It makes recycling easy and convenient.

Single stream recycling also helps to lower operating costs at the Transfer Station. In 2011 we recycled almost 240 tons of material that otherwise would have gone into our regular trash. This number is slightly lower than last year. However, due to the increase in the cost/ton to dispose of trash, we once again saved close to \$16,000 dollars in additional disposal fees. We can increase this savings by recycling more. For every ton of material we keep out of the trash compactor we save the Town \$66.80. We encourage all residents to take the time to recycle and help keep disposal costs down.

This year, we processed more than 430,000 pounds of electronics, scrap metal construction and demolition debris at the Transfer Station. This was also down from last year. The revenue we receive for the disposal of this material helps to offset some of the disposal cost as do the fees we collect. The bigger savings is that this material is disposed of in a safe and environmentally friendly way.

We received more than \$2,800 in revenue from recycling items through the Bristol Boutique. This is an increase more than 27% from last year. Not only does this save on disposal costs, it also keeps additional material out of the waste stream.

The Concord Regional Solid Waste Cooperative, of which we are a member, has plans to build a single stream recycling facility in the coming years. As a member community, we may have an opportunity to save even more through our recycling efforts. We all need to begin to recycle more now.

As always, we would like to thank all of the residents and taxpayers who help us to keep disposal costs down by recycling and properly disposing of materials at the Transfer Station. We would also like to thank you for the courtesy and respect shown to Transfer Station employees and wish you all the best in 2012.

The Transfer Station Staff

Communities for Alcohol Drug-Free Youth -CADY

On behalf of Communities for Alcohol- and Drug-free Youth, I would like to express our deep appreciation to the citizens of Bristol for your 2011 appropriation to substance abuse prevention.

Since 1999, CADY has been turning problems into solutions by shattering myths around illicit substances with science-based facts, evidence-based programming, trainings, community education and outreach, collaboration, and several important youth initiatives.

If you are a mom, dad, grandparent, aunt or uncle, or someone who works with or cares about kids, then you have cause for concern. Earlier this year, the National Center on Addiction and Substance Abuse declared **“teen smoking, drinking, misusing prescription drugs and using illegal drugs a public health problem of epidemic proportions.”** Clearly, our country is facing some grave times—and so is our state: New Hampshire ranks third highest in underage drinking and second lowest in funding for substance abuse prevention. Youth, drugs, and alcohol just don’t mix for many reasons, including: health and safety risks; teen brains and bodies are still developing; academic problems; injury; unsafe sex; drunk driving; juvenile crime and arrest; assault and victimization; addiction; suicide attempts; and in some tragic situations, even death. Unfortunately, we are trending in the wrong direction on the local level as well: in the last year, juvenile petitions to Plymouth District Court and Family Division have doubled; referrals to our Restorative Justice Court Diversion program have increased by 40%.

The current situation is compelling and urgent. During these challenging economic times, there is real cause for concern. This June the State of New Hampshire eliminated all funding for direct-service prevention programming, including court diversion. With this devastating loss of state funding threatening the continued existence of our services, we turned to our towns for help and you responded—thank you! To sustain vital services we need comprehensive local solutions—today more than ever, it takes a community to prevent youth substance use and juvenile delinquency.

In the face of these challenges we remain strong and undaunted; this year we have mobilized smarter more creative solutions and together with our community partners, staff, and volunteers have accomplished some amazing outcomes:

- we worked with local partners to narrow funding gaps by holding four fundraisers—one sponsored by employees of Freudenberg-NOK that raised \$830 for CADY Youth Programs;
- sponsored leadership conferences for over 200 youth from Newfound and Pemi-Baker regions;
- provided 25 youth the opportunity to build pre-employment skills and earn their first paycheck as part of the year-round LAUNCH Youth Entrepreneurship Program;
- reclaimed the futures of 28 youth through the CADY Restorative Justice Court Diversion program;
- sponsored two youth suicide prevention trainings for over 60 local caregivers and community-based providers;
- empowered many local parents with the knowledge and tools they need to help prevent substance use and provided needed support to help guide good choices;
- continued our media campaign along with several other important initiatives.

Thank you Bristol for your ongoing commitment and investment in children and youth—your contribution will inform, educate, engage and empower positive choices. CADY’s top priority is the health and safety of our youth and that begins with protecting them from the harms of underage drinking and illegal substances. We cannot continue making important change without community partnership— together we will make a powerful difference and create a legacy of promise for our most vulnerable children and youth.

Sincerely,

Debra A. Naro

The Governor and Council have had a busy year since being sworn in to office on January 6, 2011. We meet approximately every two weeks to dispose of official business brought to us from the Governor's Office and the Departments of NH State Government.

The Governors Advisory Commission in Intermodal Transportation (GACIT) submitted our recommendations for the 10 year transportation plans for air, rail, highway and other public transportation to Governor Lynch on December 15, 2011. The Governor will review it and submit his recommendations to the NH House and Senate by January 15, 2012. It is now up to the NH House and Senate Committees to come to conclusions by July 12, 2012 on what our roads, bridges, airports, rail systems, and public transportation will be for the next ten years. Find your local state Senator and Representative by going to <http://www.gencourt.state.nh.us/house/members/wml.aspx>. Another valuable resource is your local library and town/city clerks. Speak up and let them know what you believe should be done to maintain and improve our public transportation!

Hurricane Irene caused millions of dollars worth of damage to not only town and state road systems, but also caused major river/stream bank erosion. One of the best sources for FEMA and related matters is

Chris Pope, Emergency Manager Director, at NH Dept. of Safety. His direct line is 545-5842. NH DOT and NH Environmental Services, Depts. of Safety and local town/city agencies coupled with private construction companies deserve lots of credit for putting back together roads and bridges for safe and timely travel.

A very important function and duty of the Governor and Executive Council is to find citizens to volunteer on the dozens of State Boards and Commissions. If you are interested please send your letter of interest and resume to Jennifer Kuzma, Governor's office 107 North Main Street, Concord, NH 03301 tel 603-271-212.

2012 is an election year. The NH Secretary of State has a very valuable political calendar with all appropriate dates for filing for office, financial reports, and election dates plus much more. Call NH Secretary of State at 271-3242 or my office for a copy or go to: <http://www.sos.nh.gov/polcal2012-13forweb.pdf>.

District Health Councils offer a lively forum to discuss health issues- federal, state and local. If you would like to serve on one of the three District Health Councils in Council District One please send me your name and contact information.

My office has NH Constitutions, official tourist maps, and other information. I always enjoy speaking and participating in local events.

I am at the service of this District. It is an honor to hear from you!

Ray Burton

Genesis Behavioral Health

To the Residents of Bristol:

Thank you for supporting Genesis Behavioral Health and contributing to the health and wellness of our community!

The appropriation we received from the Town of Bristol's 2011 budget helped us support the cost of providing emergency mental health care to the residents of your town.

During Fiscal Year 2011 (July 1, 2010 to June 30, 2011), a total of **106 Bristol residents** came to Genesis Behavioral Health seeking behavioral health care. The age breakdown is as follows:

Age Range	Number of Patients
Ages 1 – 17	31
Ages 18 – 59	69
Age 60 and over	6

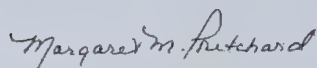

We provided Emergency Services to **18 Bristol residents** in Fiscal Year 2011.

The mission of Genesis Behavioral Health is to provide direct services that enhance the emotional and mental health of our communities. We work with children, families, adults and older adults to help them recover from mental illness. Improving one's mental health benefits the individual as well as the community in which they live.

Genesis Behavioral Health provides a variety of medically necessary services that help people with mental illness increase their participation in the community. Mental health treatment helps people foster fulfilling, strong relationships, maintain stable employment and contribute to the good of the community. We work with your police and fire departments, as well as local hospitals, to provide Emergency Services 24 hours a day, 7 days a week, to **any resident of Bristol** experiencing a mental health crisis, regardless of their ability to pay.

Community matters in community mental health. Support from the Town of Bristol is an essential component of our funding and is critical to the sustainability of the Emergency Services program. Genesis Behavioral Health improved the health and quality of life for 3,270 individuals in our region in Fiscal Year 2011. On behalf of all of them, we thank you.

Sincerely,

Margaret M. Pritchard
Executive Director

Behavioral Health

SUPPORTED OUTSIDE AGENCIES

Grafton County Senior Citizens Council, Inc.

Grafton County Senior Citizens Council, Inc. is a private nonprofit organization that provides programs and services to support the health and well being of our communities' older citizens. The Council's programs enable elderly individuals to remain independent in their own homes and communities for as long as possible.

GCSCC operates eight senior centers in Plymouth, Littleton, Canaan, Lebanon, Bristol, Orford, Haverhill and Lincoln; operates adult in-home care from offices in Lebanon and Haverhill; and sponsors RSVP and the Volunteer Center (RSVP) and the Grafton County ServiceLink Resource Center. Through the centers, ServiceLink and RSVP, older adults and their families take part in a range of community-based long-term services including home delivered meals, community dining programs, transportation, counseling, elder care, chore/home repair services, recreational and educational programs, and volunteer opportunities.

During 2011, 217 older residents of Bristol were served by one or more of the Council's programs offered through the Plymouth Regional Senior Center or Newfound Area Senior Services; sixty Bristol residents received services through ServiceLink:

- Older adults from Bristol enjoyed 1,685 balanced meals in the company of friends in the senior dining rooms.
- They received 2,916 hot, nourishing meals delivered to their homes by caring volunteers.
- Bristol residents were transported to health care providers or other community resources on 1,912 occasions by our lift-equipped bus or caring volunteer drivers.
- They received assistance with problems or issues of long-term care through 218 visits with a trained outreach worker and 164 contacts with ServiceLink.
- Bristol's citizens also volunteered to put their talents and skills to work for a better community through 2,181 hours of volunteer service.

The cost to provide Council services for Bristol residents in 2010-11 was \$66,167.14.

Such services can be critical to elderly individuals who want to remain in their own homes and out of institutional care in spite of chronic health problems and increasing physical frailty, saving tax dollars that would otherwise be expended for nursing home care. They also contribute to a higher quality of life for older friends and neighbors. As our population grows older, supportive services such as those offered by the Council become even more critical.

GCSCC very much appreciates Bristol's support for our programs that enhance the independence and dignity of older citizens and enable them to meet the challenges of aging in the security and comfort of their own communities and homes.

Historical Society

The Bristol Historical Society collection at the Old Fire House was available for viewing on Tuesday evenings throughout the summer months. On exhibit were photos, advertising media, school memorabilia, clothing, military material and many relics related to the Bristol area. There is a nice collection of books and photos relating to Newfound Lake, and a large collection of Bristol Enterprises are available for research purposes.

The Society joined the Friends of the Minot Sleeper Library to sponsor three NH Humanities Council programs. These programs were all held in the Old Town Hall and were well attended. Historically, the Old Town Hall hosted frequent lectures, dances and meetings for the citizens of Bristol.

The 10-year lease of the upper level of the Old Fire House expired in October and was renewed for one year. We are very thankful for the use of this space.

Membership dues were raised to \$10.

We now have copies of each of Musgrove's 1904 History of Bristol and Genealogy for sale at \$20 each. The 2011 calendars were a big hit and 2012's are available for \$10.

Inquiries for the Historical Society should be addressed to: Lucille Keegan, 744-2751.

Lakes Region Planning Commission

The Lakes Region continues to grow and evolve. As our economy and world change, so does the work we are engaged in. The Lakes Region Planning Commission (LRPC) is an organization established according to state law to provide area communities and the region with the capacity to respond to and shape the pressures of change in a purposeful way. With a service area covering over 1,200 square miles in Belknap, Carroll, Grafton and Merrimack Counties, the LRPC provides a wide range of planning services to member municipalities. The Commission offers direct and support services including technical assistance, geographic information systems, transportation planning, land use, environmental planning, hazard planning and economic development. Local, state, and federal resources primarily fund the LRPC. We also maintain a regular dialogue with state agencies as a resource for the entire Lakes Region. Our overall goal is to provide support, knowledge, and leadership to the governments, businesses, and citizens of the Lakes Region.

Some of the services provided in the past fiscal year are as follows:

LOCAL SERVICES:

- Conducted mapping and ordinance research in response to a request from the Planning Board regarding erosion, sedimentation, and wetlands.
- Completed Phase I and Phase II Environmental Site Assessments (ESA) for the Mica building in downtown Bristol. This work was completed at part of the Lakes Region Brownfields program. Supported the town's successful application for a clean-up to restore the site occupied by the Mica Building.
- Attended an elementary school site visit at student departure time to assess pedestrian and traffic patterns and safety concerns related to the town's application for the Safe Routes to School (SRTS) Grant Round 5 application.
- Met with the town to assess energy planning needs and initiate a building inventory process. Successfully enrolled the town in the Energy Insight Municipal Facility Energy Inventory Tool, available to the town through the Energy Technical Assistance and Planning (ETAP) program. The town now has full access to this online resource.
- Continue to work with town officials to host a site for the Annual Household Hazardous Waste Collection.
- Provided historic traffic count information to town officials.
- Responded daily to requests for land use, transportation, environmental, and other information and guidance.
- Prepared master plans, hazard mitigation plans, capital improvement programs, local emergency operations plans, zoning ordinances, subdivision regulations, and related services for several communities.
- Maintained circuit rider planning services for municipalities interested in assistance with development proposals.
- Provided copies of the NH Planning and Land Use Regulations to the town at considerable savings.

SUPPORTED OUTSIDE AGENCIES

Lakes Region Planning Commission (Continued)

EDUCATION

- Organized and hosted three public Municipal Law Lectures, in cooperation with the NH Local Government Center: 1) Cell Towers: Managing the Approval Process to Protect Municipal Interests and Comply with Federal Law; 2) Conflict of Interest, Disqualification and the Local Land Use Board Decision-Making Process; 3) Administrative Decisions in Planning and Zoning: How They're Made, How They're Appealed.
- Hosted a Housing Diversity Workshop on May 5 in Laconia that addressed the value of locally diverse housing stock and complemented the findings published in the *Lakes Region Housing Needs Assessment: June 2010*.
- Attended 2011 Telecommunications Summit and the NH Best Management Practices planning meeting to begin formulating next steps and working with Regional Stakeholder Groups.
- Represented the region at the Local Energy Solutions Conference, hosted by Clean Air-Cool Planet and the Local Energy Committee Working Group, in Concord. The energy Technical Assistance Program (ETAP) was officially launched at the conference.

REGIONAL SERVICES

- Contributed to the preparation of the award winning Innovative Land Use (ILU) Guidance resource document and ILU Mapper.
- Released the 2011 Development Trends Report, which shows residential, commercial, and industrial permit activity on an annual basis.
- LRPC received the 2011 Planning Project of the Year Award from the NH Planners Association for the development and launch of the Winnepesaukee Gateway (WinniGateway). WinniGateway is the culmination of efforts that led to the successful completion of the first phase of the Lake Winnepesaukee Watershed Management Plan, which continues with the Center Harbor Bay subwatershed management plan.
- Prepared testimony on behalf of the NH Association of Regional Commissions (NHARC) in support of effective criteria in the Comprehensive Shoreland Protection Act (CSPA).
- Met with the New Economy Subcommittee to strategize potential options to enhance local broadband opportunities. Completed a satellite dish survey throughout the Lakes Region.
- Provided a summary of the U.S. Department of Agriculture (USDA) Community Facilities Grant program available to eligible communities in the Lakes Region.
- Modified and improved Community Facility maps for the regional towns and posted them to LRPC's website.
- Hosted a statewide meeting of the Regional Planning Commission (RPC)/Homeland Security and Emergency Management (HSEM) staff to discuss the process for Hazard Mitigation Plan (HMP) updates, Local Emergency Operations Plan (LEOP) updates, and other project issues.
- Hosted an Annual Meeting that featured Mary Collins, Author of *American Idle: A Journey Through Our Sedentary Culture*. Awarded local personages and organizations for their contributions to the Lakes Region.
- Convened six Commission meetings and facilitated discussion on: The NH Legislature's Groundwater Commission: The Role of Municipalities in Regulating Groundwater Withdrawals; Public Exchange on Ground Water; Brownfields and How the Lakes Region Brownfields Program can Facilitate Community Redevelopment in the Lakes Region; The Federal Perspective; NH State Brownfields Program; The Lakes Region Brownfields Program; Draft Region 3 Coordinated Transit Plan; The Northern Pass; The Energy Technical Assistance and Planning (ETAP) Program;

SUPPORTED OUTSIDE AGENCIES

Lakes Region Planning Commission (Continued)

Helping NH Communities Save Energy and Money; Economic Outlook for the U.S., New Hampshire and the Region; Current Regional Development Challenges and Opportunities; Everything You Need to Know About State and Federal Highway Aid Programs; Lakes Region 2011 Transportation Improvement Program (TIP).

- Collaborated with the eight other regional planning commissions to finalize an application to the U.S. Department of Housing and Urban Development on a proposed NH Sustainable Communities Initiative.
- Represented the region on the NH Association of Regional Planning Commissions.
- Maintain and host LRPC's website, www.lakesrpc.org, which features extensive information for local officials and the general public.
- An online survey developed by the NH Division of Historical Resources (DHR) was distributed to LRPC Commissioners as part of a statewide effort to assess needed services.

HOUSEHOLD HAZARDOUS WASTE

- Continue to represent the region at meetings of the Lakes Region Household Hazardous Product Facility to explore the ways and means the facility may encourage other communities to participate.
- Continue to organize and coordinate two annual Household Hazardous Waste (HHW) collections a year, involving 24 member communities. Requested proposals from vendors for collection, hauling, and disposal services.
- Received funding from the NH Department of Environmental Services (DES) to publish copies of the Alternative to Household Hazardous Waste brochure.

ECONOMIC DEVELOPMENT

- Continue to coordinate with area economic development groups including Belknap County Economic Development Council (BCEDC), Grafton County Economic Development Council (BCEDC), Franklin Business and Industrial Development Corporation (FBDIC), and the Wentworth Economic Development Council (WEDCO) in pursuit of workforce development and wealth creation opportunities for the region.
- Submitted a proposal to the U.S. Economic Development Administration to update the Lakes Region Comprehensive Economic Development Strategy (CEDS) and to explore the level of regional interest to create an economic development district.
- Worked with regional energy leaders to facilitate a meeting of the Lakes Region Energy Alliance to build capacity to identify economic development opportunities related to energy.
- Convened meetings of the Lakes Region Comprehensive Economic Development Strategy (CEDS) Committee regarding broadband, workforce development, and entrepreneurship.
- Completed an expanded service area map for the Lakes Region United Way training activities and website posting showing communities served.
- Continue to oversee the Lakes Region Brownfield's Program, which has identified and prioritized several sites in the region that need environmental assessments as a condition of redevelopment opportunities. Hired an environmental consulting firm to conduct several Phase 1 and Phase 2 assessments, some of which have led to community inspired clean-up grants from the U.S. Environmental Protection Agency (EPA). Submitted an application to EPA for additional assessment funding to aid local economic development and revitalization efforts.
- Continue to provide program management and guidance for the Lakes Region Brownfields program.

SUPPORTED OUTSIDE AGENCIES

Lakes Region Planning Commission (Continued)

TRANSPORTATION

- Convened several meetings of the LRPC Transportation Technical Advisory Committee (TAC) to enhance local involvement in the regional transportation planning and project development
- Submitted the Lakes Region Transportation Improvement Program to the NH Department of Transportation (NHDOT) for consideration in the state's Ten Year Plan. Projects were developed through the Lakes Region TAC and approved by the LRPC Commissioners.
- Conducted over 150 traffic and turning movement counts around the region.
- Submitted an application to the New Hampshire Department of Transportation (NHDOT) to develop a Scenic Byway around Lake Winnepesaukee.
- Initiated the development of a Bicycle and Pedestrian Plan for the Region.
- Supported efforts of the Carroll County Regional Coordinating Council (RCC) to provide transportation services for those most in need, including encouraging expansion of the services being provided by the Community Action Program's Blue Loon.
- Reviewed and commented on the Mid-State RCC grant application to the NH Department of Transportation (NHDOT) to support the expanded volunteer driver programs for match support submitted to the United Way programs. Provided letters of support to continue to provide assistance to the Mid-State RCC and Transport Central.

SUPPORTED OUTSIDE AGENCIES

Newfound Area Nursing Association

Mission Statement: To promote and provide both health and therapeutic services to individuals and families in our community. Our services and programs are individualized to maximize clinical and social outcomes to enhance the quality of life throughout the communities we service.

2011 Summary of Services for the Town of Bristol

Skilled Nursing	1467
Physical Therapy	297
Occupational Therapy	199
Home Health Aide	513
Homemaker	566
Senior Companion	76
Maternal Child Health	<u>11</u>
	3,129

Organization Outreach Programs:

Flu Vaccine Administration: NANA immunized more than 143 clients and residents in the towns we serve. Our thanks go to the citizens of our member municipalities, with their support NANA was able to continue to provide services to our frail and elder population.

Well Child Clinics: Monthly clinics were provided for physicals, immunizations, and nutrition and health education.

Hypertension (Blood Pressure) Screenings: 124 Clients

Foot Care Clinics: 202 Clients

Walk In Blood Tests: 134 Clients

NANA provided a total of 5,892 visits during the past year plus 177 Senior Companion visits.

All Hazards Planning: NANA is a participating member of the Bristol-Franklin Emergency Management System working with state and town officials to prepare and execute pandemic immunization plans and other public health awareness programs. NANA's knowledge of special populations throughout the Newfound region is vital to planning for catastrophic events.

Federal and State Programs: NANA, along with other health and human services providers in the industry, continues to be challenged by economic impacts of County, State and Federal budget issues. Our reimbursement rates continue to decline while

SUPPORTED OUTSIDE AGENCIES

Newfound Area Nursing Association (Continued)

patient acuity rises as more and more care is delivered in the home setting. In January 2008, 2009 and again in January 2010, Medicare reduced reimbursement for 60 day episodes by 2.75% each year. An additional 3.79% reduction in reimbursement is scheduled for January 2011. As of January 2012 Medicare reimbursement will be decreased by another 0.9%. Overall reduction in Medicare reimbursement rates will total 12.94% since 2008. As one of the smallest certified home care agencies in New Hampshire, we are challenged to be more efficient and effective in our service delivery programs. In an effort to reduce operating costs in 2010, indirect staff was cut by 2.1 FTE (full time equivalents). This reflected a 41.2% decrease in non-revenue generating support staff. Also, changes have been made to the staffing ratio of direct care benefited staff to per diem (non-benefited staff).

The percentage of reimbursement for home care visits by payer: Medicare 77.4%, Medicaid 10.4%, Private Insurances 9.2%, and other sources 3.0 %.

NANA provided 127 non-billable visits to Bristol residents: (Nursing 108, Physical Therapy 9, Occupational Therapy 1, Home Health Aide 6, and Homemaker 3) **totaling \$19,760.** These visits were completed to meet the regulatory requirements under the conditions of participation in the Medicare/Medicaid Certified Program and patient needs.

Nursing and Therapist shortages are compounded by our rural location. Salaries must be competitive with larger home care agencies and hospitals to attract and retain qualified staff. Increased gasoline prices also impact a professional's decision to choose home care versus institutional employment.

Provider of Quality Patient Care: Sponsored by the Center for Medicare and Medicaid Services (CMS) through their Home Health Quality Improvement (HHQI) National Campaign for 2010-2011, NANA was awarded the Premier Campaign Participant Certificate of Excellence.

NANA Professional Memberships:

- VNAA – Visiting Nurse Associations of America
- HCANH – Home Care Association of New Hampshire

Education: NANA produces a quarterly newsletter that is distributed to NANA clients and throughout the community.

RACE Team (Reduce Acute Care Episodes) which provides patients in three major disease categories specialized and intensive education and services surrounding their disease process. These include diabetes, congestive heart failure and chronic obstructive pulmonary disease.

Social Services: Medical Social Worker Services for counseling, nursing home placement assistance, and assistance with accessing available community resources. Senior Companion Program is available to seniors in the community.

Community Representation/Collaboration: Our expanding collaboration with community partners gives us the opportunity to participate in groups that are instrumental in addressing the obstacles that make service delivery challenging to our elderly population and children. We are proud to have a voice for the community residents in the Newfound Area in such groups as:

- Southern Grafton County Elder Wrap
- Newfound Area Senior Services Advisory Council
- Grafton County ServiceLink Advisory Board
- Rural Home Care Network

SUPPORTED OUTSIDE AGENCIES

Newfound Area Nursing Association (Continued)

- Grafton County Area Committee On Aging
- Franklin-Bristol All Health Hazards Region Emergency Preparedness and Response Team
- Caring Community Network of the Twin Rivers
- Transitions in Caregiving Advisory Committee
- Transitions in Caregiving Flex Funds Committee
- Central New Hampshire Health Care Partnership
- Newfound Children's Team
- Bridges to Prevention
- Weinberg/Caregiver Connections

Additionally: On average, compared to most home care agencies, NANA's clients are 4 years older than the national average. Our clients are fiercely independent. NANA's goal is to provide innovative programs promoting independence. Through your support our clients can continue to be contributors to versus dependents of the town.

We will celebrate our 52st anniversary in 2012 and look forward to continuing to serve the Newfound area for many years to come. We are most thankful for your support both financially and with your presence volunteering in the many areas that help us to provide services to our clients.

Newfound Area Nursing Association is pleased to offer quality home care and supportive services to area residents. The staff, volunteers, and Board of Directors work very hard to meet the health care needs of those in our community. We are looking forward to a healthy and prosperous 2012.

Respectfully Submitted,

Patricia A. Wentworth
Executive Director

SUPPORTED OUTSIDE AGENCIES

Newfound Lake Region Association (NLRA)

In 2011, the Newfound Lake Region Association (NLRA) continued our work with watershed towns, businesses, summer camps, and permanent and seasonal residents to steward Newfound's priceless resources. We are making progress toward our common goals of preserving our clean water, healthy forests and rural character.

Highlights for 2011 include:

- Implementing *Every Acre Counts: The Newfound Watershed Management Plan*. Federal funding for this project allows the NLRA to bring professional planners to local Planning Boards; to provide customized land-use maps; and to act as a technical reference for Towns to protect their natural and economic resources. Alexandria and Hebron have already adopted *Every Acre Counts*.
- Reducing stormwater pollution at Bristol's Cummings Beach with grading and drainage improvements, and stormwater treatment using vegetated swales. This work was made possible with \$11,000 in *Every Acre Counts* funding, roughly 200 hours of NLRA donated labor, and substantial contributions from the Town of Bristol, KVPartners engineering, Simple By Nature Landscaping, VenturePrint, Unltd., and the Newfound Regional High School (NRHS).
- Performing our 26th consecutive year of water quality sampling and analysis in Newfound Lake, and extending our network of sub-watershed tributary sampling to 40 locations in the surrounding uplands. With critical support from Bob Craycraft (UNH), water quality data and trends were assessed for signs of degradation and potential pollution sources. People far and wide often ask us about Newfound's legendary quality, and we are able to reply that it remains extremely good.
- Coordinating the Lake Host program to prevent exotic milfoil and other invasive species from entering Newfound Lake via the Wellington boat ramp. In 2011 we provided an average of 82 hours / week of paid and volunteer personnel; inspected 3,281 boats; educated over 3,000 boaters; and covered ten sanctioned fishing tournaments. Lake Hosts made one confirmed "save" of exotic milfoil in June and delivered numerous specimens to the State Limnology laboratory for genetic testing and identification.
- Sponsoring public educational events such as February's WinterFest at the Slim Baker Lodge and the Naturally Newfound Fair at Wellington State Park in June. Hundreds of people attended these education-oriented activities in wonderful local settings. We were greatly assisted by partners such as the Tapply Thompson Community Center, municipal personnel, NRHS students, State agencies, local businesses, NLRA members and many others.

SUPPORTED OUTSIDE AGENCIES

Newfound Lake Region Association (NLRA) (Continued)

- Building conservation partnerships with the Society for Protection of NH Forests and the Lakes Region Conservation Trust to protect critical lands through public education and conservation easements. Strategic land conservation protects water resources, critical habitat, rural character and the economic stability of the Newfound watershed.
- Hosting our third Mega-Raffle, with over \$13,000 in prizes donated by 71 local businesses and over 100 winners. In addition to helping the NLRA provide important resources to the surrounding communities, the Mega-Raffle is a showcase of all the region has to offer in lodging, food, activities, health and more. We really enjoy calling our friends and members to tell them they have won a prize!

For 2012 we will continue to seek the best means to achieve our mission of preserving the Newfound watershed's priceless resources. Becoming a Water Watchdog is a new initiative that provides everyone with practical and fun ways to be part of the solution to storm-water pollution. Watch for more on this topic as the year unfolds, and please contact us at info@NewfoundLake.org or 744-8689 if you have any questions or want to help out.

Thanks to all our supporters – see you around the Watershed!

Northeast Resource Recovery Association (NRRA)

"Partnering to make recycling strong through economic and environmentally sound solutions"

Northeast Resource Recovery Association, 2101 Dover Road, Epsom, NH 03234
 Telephone: (603) 736-4401 or 1-800-223-0150 Fax: (603) 736-4402
 E-mail: info@nrna.net Web Site: www.nrra.net

As a member of Northeast Resource Recovery Association (NRRA), your community has access to all the services of this first in the nation, 31-year old recycling cooperative. Your member-driven organization provides you with:

- Up-to-date **Technical Assistance** in waste reduction and recycling;
- Cooperative Marketing** to maximize pricing and **Cooperative Purchasing** to minimize costs;
- Current **Market Conditions** and Latest **Recycling Trends, both regionally and nationwide;**
- Innovative Programs** (i.e. Dual Stream, Consolidation and Single Stream);
- Educational and Networking Opportunities** through our Annual Recycling Conference, our new Bi-weekly "Full of Scrap" email news, monthly Marketing meetings, website, and Fall Facility Tours;
- School Recycling Club** - a program to assist schools to promote or advance their recycling efforts;
- NH DES Continuing Ed Credits;**
- NH the Beautiful Signs, Grants, Bins and Recyclemobiles.**

The membership has grown to include more than 400 municipalities, businesses and individuals in New Hampshire, Vermont, Massachusetts, Connecticut and Maine. NRRA, as a non-profit organization, is unique in that we do not charge a "brokerage fee" or work to maximize profit gains, but rather has a minimal "Co-op" Fee" which is re-invested into programs to further your recycling programs and solid waste reduction efforts in schools and municipalities.

Through your continued support and dedication, NRRA has assisted our members to recycle over 73,648 tons in fiscal year 2010-2011!

Town of Bristol, NH

Congratulations for being such active recyclers!

Recyclable Material	Amount Recycled In 2011	Environmental Impact!
Scrap Metal	40 tons	Here is <u>only one</u> benefit of using this recycled material rather than natural resources (raw materials) to manufacture new products. Conserved 39,732 pounds of coal!

SUPPORTED OUTSIDE AGENCIES

Pasquaney Garden Club

In 2011, the Pasquaney Garden Club planned, planted, and with help from business owners and residents, maintained flowering containers and gardens throughout the town. The colorful plantings range from the in ground gardens at Newfound Lake, and on through Town at such places as the Town Hall, the Library, TTCC, Kelley Park, and on out to Wells Field and the Welcome to Bristol signs at the Town lines. The beautiful planters found throughout the downtown area and recreational path are also the handiwork of Pasquaney Garden Club. The Town constantly receives favorable comments on these many plantings.

The Butterfly Garden behind the Library is another Town resource maintained by the club. The Butterfly Garden, one of the few downtown public accesses to the Newfound River, has several benches and offers a lovely spot to sit and watch the river. This beautiful little garden is a unique respite available to all. Members of the Pasquaney Garden Club, aided by the Boy Scouts, made extensive renovations and replenished plantings in the Butterfly Garden in 2011.

In addition to the club's beautification programs, we sponsor conservation oriented programs in the Elementary schools, offer a scholarship annually to a graduating senior and provide the floral arrangements at the High School graduation exercises. The Pasquaney Garden Club supports these efforts with monies earned by our annual Plant and Bake sale held in the spring.

Pasquaney Garden Club does not leave the scene when summer ends. At Christmas, Fran Parkhurst generously donated the wreaths; The Pasquaney Garden Club made the bows, and distributed the wreaths to the Town buildings.

The members of the Pasquaney Garden Club would like to thank all those business owners and townspeople who helped water and care for the plantings, as well as the school children, the UNH Cooperative Extension Master Gardeners, and the Boy Scouts for all their assistance. We would also like to give a special recognition to our generous donors, Fran Parkhurst, J.P. Morrison, and as always, for the invaluable assistance of the Bristol Highway Department.

Sincerely,
Paula Denning
Shirley Yorks

SUPPORTED OUTSIDE AGENCIES

Pemi River Local Advisory Committee

2011 saw many changes in the way the New Hampshire has chosen to manage the water resources of the state. Both lakes and rivers are affected. Some background; sixty percent of the water quality impairments in NH are caused by storm water runoff which brings with it pathogens, pesticides, algae producing nutrients. In 2008, revisions to the Comprehensive Shoreland Protection Act RSA 483B, which were designed to mitigate these threats, were approved by the legislature. These changes were the result of a year-long effort by a Water Quality Study Commission whose membership represented a wide range of interests. The commission reviewed the threats to water quality and received extensive input from its members as well as specific recommendations by the scientific community.

Unfortunately key elements of the revised CSPA (renamed the Shoreland Water Quality Protection Act or SWQPA) were significantly weakened in the 2011 session of the legislature. The minimum requirements for shoreland buffers, which are the last, best filter of runoff before it reaches our lakes and rivers, have been reduced by 50%. CSPA has been further weakened by redefinition of what is considered “unaltered” vegetation and major concessions have been made on how much of our shoreland can be made impervious. These changes will in time show up in deteriorating water quality. In addition, two key positions were lost in the NH Department of Environmental Services. Those two positions kept hundreds of volunteers like us supplied, motivated, and actively engaged in NH’s water resource protection. We have yet to determine how these changes will impact what we do. All lake associations and advisory committees such as PRLAC will be looking at ways we can maintain the effectiveness of our volunteer effort.

The Lakes Region Planning Commission continues to provide critical administrative and technical assistance to PRLAC. LRPC also assists in managing our funds. Our mission is to do those things necessary to maintain the Pemi’s Class B water quality status and preserve those characteristics identified as critical to the resource. Our ongoing tasks continue to include water quality testing at nine sites from April to mid-September – on site permit application reviews – and outreach programs where appropriate.

The major project for 2012 is to complete an update of our 2001 Management Plan. A public opinion survey has already been completed and some preliminary work has been done on the revision. The update will outline changes to regulations and identify threats to water quality over the next decade, and offer possible solutions. The project is funded by a 604(b) Water Quality Planning grant. You can use our website <http://www.lakesrpc.org/PRLAC/> to follow our progress and stay up to date on PRLAC’s activities.

PRLAC continues to enjoy financial support from 90% of the Pemi Corridor towns – Thornton to Hill that we work with. Thank you for your continued support.

Max Stamp, PRLAC Chair

Tapply-Thompson Community Center

2011 Report to the Town of Bristol

The TTCC staff would like to wish everyone a Happy & Healthy 2012.

We are grateful to all of the volunteers, sponsors, coaches and donors that helped to make 2011 an amazing success. With your help we were able to offer some exciting programs and fundraisers. Here are just a few of the highlights:

- SOAR (Save Our Ailing Roof) Campaign: The TTCC building is in desperate need of a new roof. We kicked off this campaign in the late summer and have been astounded by the outpouring of support from supporters far and wide. The projects estimated cost was \$85,000. At this writing we have raised over \$65,000 and received a large number of in-kind donations. The roof will be completed during the winter and spring.
- Shape Up Newfound (formerly Biggest Loser): This program continues to make a difference in the health of our community. We are grateful to Donna Evans & Bonnie Tisdale for leading this successful program in the new year.
- Office Redesign: During the Christmas break we were able to partially complete our long awaited office 'redesign'. We had a counter installed and reorganized the office space to allow for a more customer friendly environment. In 2012 our hope is to look at the entire office space and come up with a plan that allows for the most efficient use of this space.
- Tee it Up for the Kids Golf Tournament: New this year we held a golf tournament at Den Brae Golf Course in June. The weather was perfect, food was yummy, and we raised over \$3,500 our first time out! Thanks to everyone that participated in making it such a great day!
- 5K Shingle Jingle: In December with the help of a dedicated group of 'Peeps' we held this run to raise funds for the roof. It was an incredible turn-out and over \$3,000 towards the roof project.

We have had some staffing changes this year with Wayne Evans joining us as our Custodian and Judy Mackey as Office Staff. We are happy to have them join the team!

We would like to express our continued gratitude to the **Bristol United Church of Christ** for the use of the TTCC building. Their support of our program is priceless! We are extremely grateful to **the Newfound Area School District** for opening their buildings and playing fields to our many programs. Thanks to the **Bristol Rotary Club**, **Bristol Community Services** and the **Bristol United Church of Christ** for scholarship funding for our summer camp participants. **The Slim Baker Foundation** continues to support our summer program with donations of funds for activities and through the use of their facility. We also want to thank the **NH Marathon Committee**, which donated **\$5,000** from the proceeds of the marathon in 2011 and the **WLNH Children's Auction** that donated \$7,500 for our programs. Finally, a huge thank you to all of the **2011 Annual Fund donors**. You gave **over \$45,000** in 2011 and we are humbled by your generosity!

In closing we want to thank the residents of the Newfound Towns for your support of the TTCC. Come & recreate with us in 2012. **The Benefits are Endless...**

SUPPORTED OUTSIDE AGENCIES

Town Cemeteries

The Trustees have been able to provide basic maintenance to the six cemeteries in our community, which consisted of debris removal, raking and mowing each site at least once during the season. We did not do any major repair to the stonewalls but did reposition some wall stones at various cemeteries. The American Legion placed flags on all known veterans' burial sites prior to Memorial Day. All flags were removed in the late fall and disposed of in the proper way.

Unfortunately someone(s) vandalized the gate at the Sleeper Cemetery near Round Top. The gate was partially dismantled and parts thrown in/or near the cemetery. The gate and as many parts that could be found have been removed and taken to the "Good Earth" to be repaired. We will install the repaired gate in the spring.

Our financial status is sound (see trust fund report on other pages) and remains static. Interest rates are low and therefore provide only minimal growth. We have stayed within the budget only because of volunteer labor and support of Town employees.

Plans for 2012 include customary maintenance and service as described above and a continuation of improvement to the Worthen Cemetery. This past fall the Trustees embarked on an extensive clean up of the cemetery which included tree removal, brush removal, mowing and leaf removal and repositioning some stones of the wall. There are a number of headstones that have broken and /or have come detached from their mounting bases. In addition, many of the headstones need to be cleaned because of growth or discoloration. Preliminary investigation with professional repair and cleaning companies suggests that to repair the mounting base, repair broken or cracked headstones, reposition them on the base and cleaning indicates a cost in the neighborhood of \$150 per site. (one headstone). The Trustees plan to use money that has accumulated in the trust funds to do a "trial run" this coming spring/summer. If the results are deemed satisfactory we ask the Town to consider funding a long range plan to repair broken stones in all of the Town cemeteries.

Respectfully,

Archie Auger, Chair
Ron Preble
Tom Keegan

Tri-County Community Action Program is a private, non-profit agency that is requesting \$6,880.00 in funding to be voted on at your 2012 Town Meeting to help support its Community Contact Division located in Ashland.

The following is a report of services provided in fiscal year 2010-2011:

Services Provided:	# of HH	Dollar Amount
Fuel Assistance (Includes 24 Emergencies)	172 (446 people)	\$139,720.83
Weatherization	3	\$28,077.00
State-Wide Electric Asst. Program	119	\$46,566.00
USDA distributions to Bristol Food Pantries via CAP		\$8,395.00

**THROUGH THE EFFORTS OF TRI-COUNTY COMMUNITY ACTION, THE
CITIZENS OF BRISTOL HAVE RECEIVED A TOTAL OF \$222,758.00
BETWEEN JULY 1, 2010 AND JUNE 30, 2011. THIS REPRESENTS AN
INCREASE OF \$12,932.00 IN FUNDS FROM THE PREVIOUS YEAR.**

Community Contact provides these and other necessary services for the less fortunate citizens in your town and surrounding vicinities. We are depending upon funding from your town and others county-wide to enable us to continue our services. We sincerely appreciate the Town of Bristol's past support and look forward to your continuing partnership to provide essential services to your residents.

APPENDICES

APPENDICES

Appendix A

CHAPTER 32 SECTIONS OF THE MUNICIPAL BUDGET LAW

Section 32:1

32:1 Statement of Purpose. – The purpose of this chapter is to clarify the law as it existed under former RSA 32. A town or district may establish a municipal budget committee to assist its voters in the prudent appropriation of public funds. The budget committee, in those municipalities which establish one, is intended to have budgetary authority analogous to that of a legislative appropriations committee. It is the legislature's further purpose to establish uniformity in the manner of appropriating and spending public funds in all municipal subdivisions to which this chapter applies, including those towns, school districts and village districts which do not operate with budget committees, and have not before had much statutory guidance.

Section 32:5

32:5 Budget Preparation. –

I. The governing body, or the budget committee if there is one, shall hold at least one public hearing on each budget, not later than 25 days before each annual or special meeting, public notice of which shall be given at least 7 days in advance, and after the conclusion of public testimony shall finalize the budget to be submitted to the legislative body. Public hearings on bonds and notes in excess of \$100,000 shall be held in accordance with RSA 33:8-a, I. Days shall be counted in accordance with RSA 21:35.

II. All purposes and amounts of appropriations to be included in the budget or special warrant articles shall be disclosed or discussed at the final hearing. The governing body or budget committee shall not thereafter insert, in any budget column or special warrant article, an additional amount or purpose of appropriation which was not disclosed or discussed at that hearing, without first holding one or more public hearings on supplemental budget requests for town or district

APPENDICES

expenditures.

III. All appropriations recommended shall be stipulated on a "gross" basis, showing anticipated revenues from all sources, including grants, gifts, bequests, and bond issues, which shall be shown as offsetting revenues to appropriations affected. The budget shall be prepared according to rules adopted by the commissioner of revenue administration under RSA 541-A, relative to the required forms and information to be submitted for recommended appropriations and anticipated revenues for each town or district.

IV. Budget forms for the annual meeting shall include, in the section showing recommended appropriations, comparative columns indicating at least the following information:

(a) Appropriations voted by the previous annual meeting.

(b) Actual expenditures made pursuant to those appropriations, or in those towns and districts which hold annual meetings prior to the close of the current fiscal year, actual expenditures for the most recently completed fiscal year.

(c) All appropriations, including appropriations contained in special warrant articles, recommended by the governing body.

(d) If there is a budget committee, all the appropriations, including appropriations contained in special warrant articles, recommended by the budget committee.

V. When any purpose of appropriation, submitted by a governing body or by petition, appears in the warrant as part of a special warrant article:

(a) The article shall contain a notation of whether or not that appropriation is recommended by the governing body, and, if there is a budget committee, a notation of whether or not it is recommended by the budget committee;

(b) If the article is amended at the first session of the meeting in an official ballot referendum municipality, the governing body and the budget committee, if one exists, may revise its recommendation on the amended version of the special warrant article and the revised recommendation shall appear on the ballot for the second session of the meeting provided, however, that the 10 percent limitation on expenditures provided for in RSA 32:18 shall be calculated based upon the initial recommendations of the budget committee;

APPENDICES

(c) Defects or deficiencies in these notations shall not affect the legal validity of any appropriation otherwise lawfully made; and

(d) All appropriations made under special warrant articles shall be subject to the hearing requirements of paragraphs I and II of this section.

V-a. Any town may vote to require that all votes by an advisory budget committee, a town budget committee, and the governing body or, in towns without a budget committee, all votes of the governing body relative to budget items or warrant articles shall be recorded votes and the numerical tally of any such vote shall be printed in the town warrant next to the affected warrant article.

VI. Upon completion of the budgets, an original of each budget and of each recommendation upon special warrant articles, signed by a quorum of the governing body, or of the budget committee, if any, shall be placed on file with the town or district clerk. A certified copy shall be forwarded by the chair of the budget committee, if any, or otherwise by the chair of the governing body, to the commissioner of revenue administration pursuant to RSA 21-J:34.

VII. (a) The governing body shall post certified copies of the budget with the warrant for the meeting. The operating budget warrant article shall contain the amount as recommended by the budget committee if there is one. In the case of towns, the budget shall also be printed in the town report made available to the legislative body at least one week before the date of the annual meeting. A school district or village district may vote, under an article inserted in the warrant, to require the district to print its budget in an annual report made available to the district's voters at least one week before the date of the annual meeting. Such district report may be separate or may be combined with the annual report of the town or towns within which the district is located.

(b) The governing body in official ballot referenda jurisdictions operating under RSA 40:13 shall post certified copies of the default budget form or any amended default budget form with the proposed operating budget and the warrant.

VIII. The procedural requirements of this section shall apply to any special meeting called to raise or appropriate funds, or to reduce or rescind any appropriation previously made, provided, however, that any budget form used may be prepared locally. Such a form or the

APPENDICES

applicable warrant article shall, at a minimum, show the request by the governing body or petitioners, the recommendation of the budget committee, if any, and the sources of anticipated offsetting revenue, other than taxes, if any.

IX. If the budget committee fails to deliver a budget prepared in accordance with this section, the governing body shall post its proposed budget with a notarized statement indicating that the budget is being posted pursuant to this paragraph in lieu of the budget committee's proposed budget. This alternative budget shall then be the basis for the application of the provisions of this chapter.

Section 32:16

32:16 Duties and Authority of the Budget Committee. – In any town which has adopted the provisions of this subdivision, the budget committee shall have the following duties and responsibilities:

I. To prepare the budget as provided in RSA 32:5, and if authorized under RSA 40:14-b, a default budget under RSA 40:13, IX(b) for submission to each annual or special meeting of the voters of the municipality, and, if the municipality is a town, the budgets of any school district or village district wholly within the town, unless the warrant for such meeting does not propose any appropriation.

II. To confer with the governing body or bodies and with other officers, department heads and other officials, relative to estimated costs, revenues anticipated, and services performed to the extent deemed necessary by the budget committee. It shall be the duty of all such officers and other persons to furnish such pertinent information to the budget committee.

III. To conduct the public hearings required under RSA 32:5, I.

IV. To forward copies of the final budgets to the clerk or clerks, as required by RSA 32:5, VI, and, in addition, to deliver 2 copies of such budgets and recommendations upon special warrant articles to the respective governing body or bodies at least 20 days before the date set for the annual or special meeting, to be posted with the warrant.

APPENDICES

Section 32:17

32:17 Duties of Governing Body and Other Officials. – The governing bodies of municipalities adopting this subdivision, or of districts which are wholly within towns adopting this subdivision, shall review the statements submitted to them under RSA 32:4 and shall submit their own recommendations to the budget committee, together with all information necessary for the preparation of the annual budget, including each purpose for which an appropriation is sought and each item of anticipated revenue, at such time as the budget committee shall fix. In the case of a special meeting calling for the appropriation of money, the governing body shall submit such information not later than 5 days prior to the required public hearing. Department heads and other officers shall submit their departmental statements of estimated expenditures and receipts to the budget committee, if requested.

Appendix B

CHAPTER 37

TOWN OR VILLAGE DISTRICT MANAGERS

Section 37:5

37:5 General Authority. – The town manager shall be the administrative head of all departments of the town and be responsible for the efficient administration thereof, except as herein otherwise provided. He shall have general supervision of the property and business affairs of the town and of the expenditure of moneys appropriated by it for town purposes, but his authority shall not extend to warning town meetings, making bylaws, borrowing money, assessing or collecting taxes, except as otherwise provided in RSA 37:16, granting licenses, laying out highways, assessing damages, or any other functions of a judicial character vested by law in the selectmen or other town officers, nor to supervision of the offices of town clerk and town treasurer.

Source. 1929, 69:5. RL 55:5. 1947, 236:1, eff. June 26, 1947.

APPENDICES

Section 37:6

37:6 Powers and Duties in Particular. – The town manager shall have the power and it shall be his duty:

I. To organize, continue, or discontinue, from time to time, such departments as the selectmen may from time to time determine.

II. To appoint, upon merit and fitness alone, and to remove, all subordinate officers and employees under his control, and to fix their compensation.

III. To attend such regular or special meetings of the selectmen as they shall require.

IV. To keep full and complete records of the doings of his office, and to render to the selectmen an itemized monthly report in writing, showing in detail the receipts and disbursements for the preceding month; and annually, or oftener at the request of the selectmen, to make a synopsis of all reports for publication.

V. To keep the selectmen fully advised as to the needs of the town, within the scope of his duties, and to furnish them on or before the thirty-first day of January of each year a careful, detailed estimate in writing of the probable expenditures of the town government for the ensuing fiscal year, stating the amount required to meet the interest on maturing bonds and notes or other outstanding indebtedness of the town, and showing specifically the amount necessary to be provided for each fund and department; and to submit at the same time an estimate in writing of the amount of income from all sources of revenue, exclusive of taxes upon property, and of the probable amount required to be levied and raised by taxation to defray all expenses and liabilities of the town. For the purpose of enabling the town manager to make up the annual estimate of expenditures, all boards, officers, and committees of the town shall, upon his written request, furnish all information in their possession and submit to him in writing a detailed estimate of the appropriations required for the efficient and proper conduct of their respective departments during the fiscal year.

APPENDICES

VI. To examine or cause to be examined, with or without notice, the affairs of any department under his control, or the conduct of any officer or employee thereof; and for that purpose he shall have access to all town books and papers, for the information necessary for the proper performance of his duties.

VII. To have charge, control, and supervision, subject to the direction of the selectmen and to the bylaws of the town, if any, of the following matters:

(a) The management of municipal water works, lighting, and power systems.

(b) The construction, maintenance, and repairing of all town buildings and of all town roads, highways, sidewalks, and bridges, except as otherwise specially voted by the town.

(c) The purchase of all supplies for the town.

(d) The police and fire departments of the town, if any.

(e) The system of sewers and drainage, if any.

(f) The lighting of streets, highways, and bridges.

(g) The sprinkling of streets and highways, the laying of dust, and the removal of snow.

(h) The maintenance of parks, commons, and playgrounds.

(i) The care of cemeteries when the town has adopted the provisions of RSA 289:6, II.

(j) The letting, making, and performance of all contracts for work done for the town.

In municipalities adopting the provisions hereof, the town manager shall supersede any board of commissioners or other supervisory officer or officers previously established, elected, or appointed to have superintendence of any of the matters specified in the foregoing paragraphs (a) to (j) inclusive; except that he shall not supersede, nor shall adoption of this chapter in any way impair the authority and duties of, fire engineers, the commissioner of transportation and his assistants, or any police commission created by act of the legislature.

VIII. To administer the poor relief of the town, either directly or through a person or persons appointed by him, and under the supervision of the selectmen.

IX. To perform such other duties, consistent with his office, as may be required of him by vote of the selectmen.

CHAPTER 40

GOVERNMENT OF TOWN MEETING

Optional Form of Meeting--Official Ballot Referenda

Section 40:12

40:12 Definition. – In this subdivision "local political subdivision" means any local political subdivision of the state whose legislative body raises and appropriates funds through an annual meeting.

Source. 1995, 164:1, eff. July 31, 1995.

Section 40:13

40:13 Use of Official Ballot. –

I. Notwithstanding RSA 39:3-d, RSA 40:4-e, or any other provision of law, any local political subdivision as defined in RSA 40:12 which has adopted this subdivision shall utilize the official ballot for voting on all issues before the voters.

II. The warrant for any annual meeting shall prescribe the place, day and hour for each of 2 separate sessions of the meeting, and notice shall be given as otherwise provided in this section. Final budgets and ballot questions shall be printed in the annual report made available to the legislative body at least one week before the date of the second session of the annual meeting.

II-a. Notwithstanding any other provision of law, all local political subdivisions which adopt this subdivision, who have not adopted an April or May election date under RSA 40:14, X, shall comply with the following schedule pertaining to notice, petitioned articles, hearings, and warrants for the annual meeting:

(a) The final date for posting notice of budget hearings under RSA 32:5 and RSA 195:12 and hearings under RSA 33:8-a shall be the second Tuesday in January.

(b) The "budget submission date" as defined in RSA 273-A:1, III and the final date for submission of petitioned articles under RSA 39:3 and RSA 197:6 shall be the second Tuesday in January.

APPENDICES

(c) Budget hearings under RSA 32:5 and RSA 195:12 and hearings under RSA 33:8-a and RSA 675:3 shall be held on or before the third Tuesday in January.

(d) Warrants under RSA 39:5 and RSA 197:7 and budgets shall be posted and copies available to the general public on or before the last Monday in January.

II-b. Notwithstanding any other provision of law, all political subdivisions which hold their annual meetings in April shall comply with the following schedule pertaining to notice, petitioned articles, hearings, and warrants for the annual meeting.

(a) The final date for posting notice of budget hearings under RSA 32:5 and RSA 195:12 and hearings under RSA 33:8-a shall be the second Tuesday in February.

(b) The ""budget submission date" as defined in RSA 273-A:1, III and the final date for submission of petitioned articles under RSA 39:3 and RSA 197:6 shall be the second Tuesday in February.

(c) Budget hearings under RSA 32:5 and RSA 195:12 and hearings under RSA 33:8-a and RSA 675:3 shall be held on or before the third Tuesday in February.

(d) Warrants under RSA 39:5 and RSA 197:7 and budgets shall be posted and copies available to the general public on or before the last Monday in February.

II-c. Notwithstanding any other provision of law, all political subdivisions which hold their annual meetings in May shall comply with the following schedule pertaining to notice, petitioned articles, hearings, and warrants for the annual meeting:

(a) The final date for posting notice of budget hearings under RSA 32:5 and RSA 195:12 and hearings under RSA 33:8-a shall be the second Tuesday in March.

(b) The ""budget submission date" as defined in RSA 273-A:1, III and the final date for submission of petitioned articles under RSA 39:3 and RSA 197:6 shall be the second Tuesday in March.

(c) Budget hearings under RSA 32:5 and RSA 195:12 and hearings under RSA 33:8-a and RSA 675:3 shall be held on or before the third Tuesday in March.

(d) Warrants under RSA 39:5 and RSA 197:7 and budgets shall be posted and copies available to the general public on or before the last

APPENDICES

Monday in March.

II-d. The voter checklist shall be updated in accordance with RSA 669:5 for each session of the annual meeting.

III. The first session of the annual meeting, which shall be for the transaction of all business other than voting by official ballot, shall be held between the first and second Saturdays following the last Monday in January, inclusive of those Saturdays; between the first and second Saturdays following the last Monday in February, inclusive of those Saturdays; or between the first and second Saturdays following the last Monday in March, inclusive of those Saturdays at a time prescribed by the local political subdivision's governing body.

IV. The first session of the meeting, governed by the provisions of RSA 40:4, 40:4-a, 40:4-b, 40:4-f, and 40:6-40:10, shall consist of explanation, discussion, and debate of each warrant article. A vote to restrict reconsideration shall be deemed to prohibit any further action on the restricted article until the second session, and RSA 40:10, II shall not apply. Warrant articles may be amended at the first session, subject to the following limitations:

(a) Warrant articles whose wording is prescribed by law shall not be amended.

(b) Warrant articles that are amended shall be placed on the official ballot for a final vote on the main motion, as amended.

V. [Repealed.]

V-a. Any town may vote to require that all votes by an advisory budget committee, a town budget committee, and the governing body or, in towns without a budget committee, all votes of the governing body relative to budget items or warrant articles shall be recorded votes and the numerical tally of any such vote shall be printed in the town warrant next to the affected warrant article.

VI. All warrant articles shall be placed on the official ballot for a final vote, including warrant articles as amended by the first session. All special warrant articles shall be accompanied on the ballot by recommendations as required by RSA 32:5, V, concerning any appropriation or appropriation as amended.

VII. The second session of the annual meeting, to elect officers of the local political subdivision by official ballot, to vote on questions

APPENDICES

required by law to be inserted on said official ballot, and to vote on all warrant articles from the first session on official ballot, shall be held on the second Tuesday in March, the second Tuesday in April, or the second Tuesday in May, as applicable. Notwithstanding RSA 669:1, 670:1, or 671:2, the second session shall be deemed the annual election date for purposes of all applicable election statutes including, but not limited to, RSA 669:5, 669:19, 669:30, 670:3, 670:4, 670:11, 671:15, 671:19, and 671:30 through 32; and votes on zoning ordinances, historic district ordinances, and building codes under RSA 675.

VIII. The clerk of the local political subdivision shall prepare an official ballot, which may be separate from the official ballot used to elect officers, for all warrant articles. Wording shall be substantively the same as the main motion, as it was made or amended at the first session, with only such minor textual changes as may be required to cast the motion in the form of a question to the voters.

IX. (a) ""Operating budget" as used in this subdivision means ""budget," as defined in RSA 32:3, III, exclusive of ""special warrant articles," as defined in RSA 32:3, VI, and exclusive of other appropriations voted separately.

(b) ""Default budget" as used in this subdivision means the amount of the same appropriations as contained in the operating budget authorized for the previous year, reduced and increased, as the case may be, by debt service, contracts, and other obligations previously incurred or mandated by law, and reduced by one-time expenditures contained in the operating budget. For the purposes of this paragraph, one-time expenditures shall be appropriations not likely to recur in the succeeding budget, as determined by the governing body, unless the provisions of RSA 40:14-b are adopted, of the local political subdivision.

X. If no operating budget article is adopted, the local political subdivision either shall be deemed to have approved the default budget or the governing body may hold a special meeting pursuant to paragraph XVI to take up the issue of a revised operating budget only; provided that RSA 31:5 and RSA 197:3 shall not apply to such a special meeting. If no operating budget article is adopted the estimated revenues shall nevertheless be deemed to have been approved.

XI. (a) The default budget shall be disclosed at the first budget

APPENDICES

hearing held pursuant to RSA 32:5 or RSA 197:6. The governing body, unless the provisions of RSA 40:14-b are adopted, shall complete a default budget form created by the department of revenue administration to demonstrate how the default budget amount was calculated. The form and associated calculations shall, at a minimum, include the following:

- (1) Appropriations contained in the previous year's operating budget;
- (2) Reductions and increases to the previous year's operating budget; and
- (3) One-time expenditures as defined under subparagraph IX(b).

(b) This amount shall not be amended by the legislative body. However, this amount may be adjusted by the governing body, unless the provisions of RSA 40:14-b are adopted, acting on relevant new information at any time before the ballots are printed, provided the governing body, unless the provisions of RSA 40:14-b are adopted, completes an amended default budget form.

(c) The wording of the second session ballot question concerning the operating budget shall be as follows:

""Shall the (local political subdivision) raise and appropriate as an operating budget, not including appropriations by special warrant articles and other appropriations voted separately, the amounts set forth on the budget posted with the warrant or as amended by vote of the first session, for the purposes set forth therein, totaling \$_____? Should this article be defeated, the default budget shall be \$_____, which is the same as last year, with certain adjustments required by previous action of the (local political subdivision) or by law; or the governing body may hold one special meeting, in accordance with RSA 40:13, X and XVI, to take up the issue of a revised operating budget only."

XII. Voting at the second session shall conform to the procedures for the nonpartisan ballot system as set forth in RSA 669:19-29, RSA 670:5-7 and RSA 671:20-30, including all requirements pertaining to absentee voting, polling place, and polling hours.

XIII. Approval of all warrant articles shall be by simple majority except for questions which require a 2/3 vote by law, contract, or written agreement.

APPENDICES

XIV. Votes taken at the second session shall be subject to recount under RSA 669:30-33 and RSA 40:4-c.

XV. Votes taken at the second session shall not be reconsidered.

XVI. The warrant for any special meeting shall prescribe the date, place and hour for both a first and second session. The second session shall be warned for a date not fewer than 28 days nor more than 60 days following the first session. The first and second sessions shall conform to the provisions of this subdivision pertaining to the first and second sessions of annual meetings. Special meetings shall be subject to RSA 31:5, 39:3, 195:13, 197:2, and 197:3, provided that no more than one special meeting may be held to raise and appropriate money for the same question or issue in any one calendar year or fiscal year, whichever applies, and further provided that any special meeting held pursuant to paragraphs X and XI shall not be subject to RSA 31:5 and RSA 197:3 and shall not be counted toward the number of special meetings which may be held in a given calendar or fiscal year.

4	All repairs require Selectmen approval. Maintenance fund to be replaced annually by minimum appropriation equal to that spent the previous year.
5	replaces 1946 forestry vehicle
6	pending Army Corps approvals

APPENDICES

Appendix E: Lot Merger

TOWN OF BRISTOL
230 Lake Street, Bristol, NH 03222

PUBLIC NOTICE

Pursuant to RSA 674:39-aa (see attached) lots or parcels that were involuntarily merged prior to September 18, 2010 by a city, town county, village district or any other municipality, shall at the request of the owner, be restored to their premerger status and all zoning and tax maps shall be updated to identify the premerger boundaries of said lots or parcels as recorded at the appropriate registry of deeds, provided:

(a) The request is submitted to the governing body prior to December 31, 2016.

(b) No owner in the chain of title voluntarily merged his or her lot. If any owner in the chain of title voluntarily merged his or her lots, then all subsequent owners shall be estopped from requesting restoration. The municipality shall have the burden of proof to show that any previous owner voluntarily merged his or her lots.
