REPORT OF THE BOARD OF SELECTMEN

The growth of New London has been the subject of many discussions and meetings during 1987. We, the taxpayers, do not want a zero growth factor, but by the same token, we do not want a high growth rate as many of our neighboring towns are experiencing. Some have said that a growth factor of 4% to 6% is realistic in order to keep a manageable tax rate.

In the last nine months of 1987, the Selectmen issued 154 building permits; 39 for single family dwellings, 3 for commercial buildings, 2 for demolition and the remaining for additions, alterations and repairs. In the tax year ending March 31, 1987, 96 new buildings were added to the tax roll or an increase of 6.1% to the building inventory.

The faithful members of the Planning Board, who have donated many hours of work, should be commended for their diligent effort to manage the planning of Town growth. Some say they have not done enough to control growth, but where would we be if there were no Planning Board!

The tax rate has also been a subject of discussion. The Town's portion of the 1987 tax rate was \$13.78 — up \$2.63 or 23.6% over the 1986 tax rate. Most of this increase was related to the current costs of handling solid waste and the closure of the sanitary landfill. In developing the 1988 budget, the Selectmen's goal was not to increase the Town's portion of the rate more than 6%. As a result, the budget the Selectmen are recommending (which encompasses the departments and expenses they have direct control of) will raise the tax rate to \$14.57 — up .79¢ or 5.73% over the 1987 tax rate. The Sewer Commissioners are requesting \$85,400.00 in addition to the amount the Selectmen have requested and this would raise your tax rate by an additional .85¢.

One of the fastest growing expenses the Town has had to deal with is damage and legal expenses. In 1984 these expenses were budgeted at \$10,000.00. The request for 1988 is \$108,000.00. The lawsuits concerning the police department are behind us, but the Kezar Lake suit continues along with others. The Selectmen and many Town boards now find individuals wish to communicate through their lawyers, therefore, the Town is obliged to use Town Counsel at an added expense.

With the source of revenue from both the Federal and State Governments "drying up" and being replaced only with more regulations and red tape, the Town office has become a busy work center. Without an administrative assistant, your elected officials would be hard pressed to keep up with the daily problems. The Town is fortunate to have an administrative assistant to the Selectmen as capable as Fred Welch. Thank you, Fred, for a job well done.

The sanitary landfill on Mountain road has been closed and the closure plans should be completed in the early spring for submission to the State for approval. Upon approval being granted, bids will be solicited for the project and the Town will then be asked to approve the funding. The first step for the closure of the stump dump has been completed and in the near future, a final closure plan will be drafted.

The transfer station is nearing completion after countless delays and may be in operation by late winter or early spring. The tipping fees at Claremont are increasing at such a rapid rate that the Selectmen have embarked on the development of a plan which will encourage voluntary recycling. One of the first steps appears on the warrant in the form of an appropriation for a glass crusher. The recycling plan will be phased in over the next year with a goal of reducing our tonnage by 20%-25%. The League of Women Voters have pledged their support.

The revaluation of the Town is well under way with scheduled completion by August 1988. This will be reflected in the tax bill which you will receive in December 1988. The Department of Revenue Administration has determined that our sales assessment ratio for the tax year 1987 is 28%. Using this percentage, the valuation of the Town will go from approximately \$96,000,000 (current assessment) to approximately \$343,000,000 (96,000,000 divided by 28%) therefore a current individual valuation of \$50,000.00 will go to an approximate valuation of \$178,500.00 (\$50,000 divided by 28%). If this had been applied to the Town portion of the 1987 property taxes, the tax rate would have been \$3.86 instead of \$13.78 per one thousand.

The construction in the Town Hall complex is nearly completed. The Town offices on the main floor of the new addition are working out well. In the basement of the addition, the new Court quarters, the Town archives and the Conservation room are complete or nearing completion. In the basement of the Town Hall, the Police Station renovation has been completed and the Planning Board has moved into the area vacated by the Clerk of the Court. Attention now must be given to the roof of the Town Hall proper and its related problems.

The New London hospital operates a regional ambulance service using ambulances leased from the Town of New London. A replacement ambulance is now needed. Acting on a request from the hospital, the Selectmen — with the taxpayer's interest in mind — are recommending that the existing ambulances and the accumulated reserve fund be transferred to the New London Hospital.

During unusual heavy rainfall in April 1987, there were some anxious hours of concern for the Elkins dam. The result of this led to the State issuing the Town an order to repair the dam. A proposal for its repair has been completed and upon receiving State approval, plans will be made to fund the project.

The Bandstand Committee has worked hard and now has a preliminary plan, a tentative location on Sargent Green and ideas on how to raise the balance of funds to make the Bandstand a reality.

Several items of interest this past year are as follows: New London was chosen Tree City, U.S.A.; the Manchester Union Leader newspaper cited New London as New Hampshire's Best Town; and the Town recognized the New London Garden Club for years of continued effort in undertaking civic projects.

The Selectmen thank each of you who generously gave of your time and expertise in service to the Town this past year. Working together, we can make New London an even better place to live.

Respectfully submitted,
JAMES W. MORELAND
Chairman
HAROLD BUKER, JR.
R. PETER BIANCHI

NOTICE TO PROPERTY OWNERS

Effective with the year 1987 the owners of real property will **not** be required to file an Inventory of Taxable Property per a vote of the Board of Selectmen to adopt the provisions of RSA 74:4a.

NOTICE TO CURRENT USE APPLICANTS

New applicants for Current Use must fully complete a Current Use application form with a map showing clearly the land to be considered for Current Use. All applications and maps must be on file with the Board of Selectmen by April 15, 1988.

TOWN HISTORY — MIRROR TO AMERICA

The Office of the Town Clerk has available for sale, during regular business hours, copies of *Mirror to America, A History of New London, New Hampshire, 1900-1950*, for the cost of \$10.00 per copy.

TOWN MEETING — MARCH 10, 1987
BALLOTING — WHIPPLE MEMORIAL HALL

The meeting was called to order by Moderator Hilary P. Cleveland and the polls were declared open at 10:00 a.m. for consideration of Article I, Parts A., B., C. and D. At noon a motion was made, seconded and approved to recess the meeting until Wednesday evening at 7:00 a.m. in the Kearsarge Middle School Auditorium to act upon Articles 2 through 53. However, the polls remained opened until 6:00 p.m.

At 6:00 p.m. the polls were declared closed, and the results of the balloting for Town Officers, the proposed amendments to the New London Zoning Ordinance, the question of changing the term of office of the Town Clerk from one year to three years, the question of changing the term of office of the Town Treasurer from one year to three years, New London's Representative to the School Board, and Moderator for the Kearsarge Regional School District were read by the Moderator at 9:15 p.m.

Attest; Lois E. Marshall, Clerk

Results of Non-Partisan Balloting for Town Officers. Total registered voters — 2,220; 504 regular ballots cast, 23 absentee ballots cast for a total of 527 votes cast.

Amendments to the Zoning Ordinance

Are you in favor of the adoption of Amendment No. 1 as proposed by the Planning Board for the New London Zoning Ordinance?

Proposed Amendment No. 1: This is a New Section

AMENDMENT NO. 1: establishes an ordinance to be incorporated into the Zoning Ordinance to protect the three prime wetlands recommended by the conservation Commission — the Philbrick-Cricenti Bog, the Low Plain Wetland and the Goose Hole Marsh.

PROPOSED ORDINANCE

Article XIX Prime Wetlands Conservation Overlay District

A. **Purpose:** Prime wetlands are extremely important to the Town as they provide areas for floodwater storage, wildlife habitat and groundwater recharge. It is intended that this overlay district shall:

- (1) Prevent the development of structures and land uses on naturally occurring wetlands which will contribute to pollution of surface and groundwater by sewage or toxic substances;
- (2) Prevent the destruction of, or significant changes to natural wetlands which provide flood protection;
- (3) Protect unique and unusual natural areas;
- (4) Protect wildlife habitats and maintain ecological balances;
- (5) Protect potential water supplies and existing aquifers (water bearing stratum) and aquifer recharge areas;
- (6) Prevent expenditure of municipal funds for the purpose of providing and/or maintaining essential service and utilities which might be required as a result of misuse or abuse of wetlands;
- (7) Encourage those low intensity uses that can be harmoniously, appropriately and safely located in wetlands.

B. **Overlay District Boundaries:** The boundaries of the Prime Wetlands Conservation Overlay District are based on the studies conducted by the New London Conservation Commission of the Philbrick-Cricenti Bog, the Low Plain Wetland and the Goose Hole Marsh. These studies are on file at the New London Town Hall. The boundaries of this overlay district are delineated on the New London Zoning Map as documented in these studies.

C. **Overlapping Regulations:** In all cases where the Prime Wetlands Conservation Overlay District is superimposed over another zoning district in the Town of New London, that district whose regulations are more restrictive shall apply. Furthermore, where any provision of this district is in conflict with State law or other local ordinances, the more stringent provision shall apply.

D. Permitted Uses: Permitted uses are those which will not require the erection or construction of any structures or buildings; will not alter the natural surface configuration by the addition of fill or by dredging; and uses that are otherwise permitted by the Zoning Ordinance. Such uses include the following:

- (1) Forestry-tree farming using best management practices in order to protect streams from damage and prevent sedimentation;
- (2) Cultivation and harvesting of crops according to recognized soil conservation practices including the protection of the wetlands from pollution caused by fertilizers, pesticides and herbicides used in such cultivation;
- (3) Wildlife refuges;
- (4) Parks and recreation uses consistent with the purpose and intent of this ordinance;
- (5) Conservation areas and nature trails;
- (6) Open spaces as permitted or required by the subdivision regulations or the Zoning Ordinance.

E. Special Exceptions: Special Exceptions may be granted by the Zoning Board of Adjustment after proper public notice and public hearing, for undertaking the following uses in the Wetlands Conservation Overlay District when an application has been referred to the Conservation Commission, Soil Conservation Service, and New Hampshire Wetlands Board for review and comment at least thirty (30) days prior to the hearing. Special exceptions include:

- (1) Access ways with a maximum width of fifteen feet (15') and utility right-of-way easements, including power lines and pipe lines.
- (2) Water impoundments.
- (3) The undertaking of a use not otherwise permitted in the Wetland Conservation District, if it can be shown that such proposed use is not in conflict with any and all of the purposes listed in Section A of this ordinance.
- (4) The Zoning Board of Adjustment shall consider all review comments received by the date set for the hearing. The Board, shall, within thirty (30) days after the public hearing, issue a decision granting or denying approval of the application. The decision shall be in writing and state the reasons for that decision. A copy shall be given to the applicant.

F. Special Provisions:

- (1) No septic tank or leach field may be constructed or enlarged closer than one hundred feet (100') to any wetland.
- (2) Wetland area may constitute no more than 25% percent of the minimum lot size requirement.
- (3) Any fill of wetlands for erection or construction of any structure, building or sign which may be permitted following appropriate public hearing shall be offset by the builder/developer through creation of new wetlands equal in area to those sections being filled.

YES — 433 NO — 40

RATIONALE. At last year's Town Meeting no specific ordinance was submitted to protect the three prime wetlands. This proposed ordinance will correct that

omission. Detailed studies on these three prime wetlands prepared by the Conservation Commission are available from the Selectmen's Secreatry at the Town Hall.

Are you in favor of the adoption of Amendment No. 2 as proposed by the Planning Board for the New London Zoning Ordinance?

AMENDMENT NO. 2: add to Article XII a new paragraph D. to read:

D. Any and all nonconforming structures may be altered and expanded, provided, however, that such alteration or expansion does not make any existing nonconforming structure a more nonconforming structure within the terms of this Ordinance and provided that all other standards of the Ordinance are met.

YES — 414 NO — 35

RATIONALE. The Planning Board's Amendment No. 2 adds a new paragraph D. to Article XII pertaining to nonconforming structures. This change will allow an individual with a nonconforming structure to obtain a building permit to enlarge that structure provided it is not made more nonconforming with the addition.

Are you in favor of the adoption of Amendment No. 3 as proposed by the Planning Board for the New London Zoning Ordinance?

AMENDMENT NO. 3: amend the definition of "LOT" in Article III, #24, to read:

Article III, #24. Lot. A lot is a parcel of land which is a single lot of record occupied or to be occupied by only one main building and the accessory building or uses customarily incident to it. A lot shall be of sufficient size to meet minimum zoning requirements for use, coverage, and area, and to provide such yards and other open spaces as are herein required. Such lot shall have frontage on a public street, or on an approved private street.

YES — 417 NO — 51

RATIONALE. The Planning Board's Amendment No. 3 amends the definition of lot by deleting from the definition of lot anything but a complete single lot of record. Partial lots are excluded from the definition.

Are you in favor of the adoption of Amendment No. 4 as proposed by the Planning Board for the New London Zoning Ordinance?

AMENDMENT NO. 4: amends Article X — Public Buildings to read:

Public buildings shall be permitted in all districts after a public hearing before the Planning Board, which shall determine whether or not the erection of such a public building is in conformance with the terms and spirit of the site plan review regulations. This review shall be accomplished prior to the meeting authorizing the expenditure of public funds.

YES — 360 NO — 102

RATIONALE. As Article X is presently written: Public building shall be permitted in all districts after a Public Hearing before the Board of Adjustment, which shall determine that the erection of such a public building shall not be in violation of the terms and spirit of this ordinance.

The Planning Board's Amendment No. 4 amends Article X to permit public buildings in all districts. This amendment allows public buildings in all zones without Zoning Board of Adjustment review, but gives the review to the Planning Board and schedules the review early enough so a label can be printed on the warrant article indicating approval or disapproval by the Planning Board. The vote of the appropriate body (i.e., Annual Town Meeting, Annual School District Meeting, etc.) will decide the matter.

Are you in favor of the adoption of Amendment No. 5 as proposed by the Planning Board for the New London Zoning Ordinance?

AMENDMENT NO. 5: amend Article V, Paragraph C. 2. to read:

Proposed reading: On each interior lot in the R-1 and R-2 District not served by public sewer and water, sideyards shall be provided in an aggregate minimum width of 50 feet within a minimum of 20 feet from one sideyard. On each interior lot in the R-1 District served by public sewer and water, sideyards shall be provided in an aggregate minimum width of twenty-five (25) feet with a minimum of ten (10) feet from any one sideyard.

Current reading: On each interior lot, sideyards shall be provided in an aggregate minimum width of twenty-five (25) feet with a minimum of ten (10) feet from any one sideyard.

YES — 372 NO — 85

RATIONALE. The Planning Board's Amendment No. 5 amends Article V, Section C., Paragraph 2 by increasing the aggregate minimum width of sideyards in Residential Districts R-1 and R-2, not served by public sewer and water, from 25 feet to 50 feet and increasing the minimum of any one sideyard from 10 to 20 feet. For sideyards in the Residential Districts width would remain 25 feet with the minimum for any one sideyard of 10 feet. This amendment provides for a greater sideyard setback requirement in the R-1 and R-2 Districts where the minimum lot size is two acres and allows for a smaller sideyard setback when the minimum lot size is 20,000 square feet.

Are you in favor of the adoption of Amendment No. 6 as proposed by the Planning board for the New London Zoning Ordinance?

AMENDMENT NO. 6: amend Article II, Section 2. b. to read:

Proposed reading: This regulation does not apply where the excavation, removal, filling or depositing materials listed in (a). does not exceed two hundred fifty (250) cubic yards. Also, provided that such excavation, removal, filling or depositing does not significantly alter existing terrain or water courses or is not done for commercial sale of such material.

YES — 380 NO — 60

RATIONALE. The Planning Board's Amendment No. 6 amends Article II, Section 2, Paragraph b. to increase the exemption for the amount of fill or excavation from 100 cubic yards to 250 cubic yards. The Planning Board thinks this is a more practical limit. A typical dump truck carries 15 cubic yards per load.

Are you in favor of the adoption of Amendment No. 7 as proposed by the Planning Board for the New London Zoning Ordinance?

AMENDMENT NO. 7: amend Article II, Section 10 by adding a new paragraph to read:

Any sign now or hereafter existing which no longer advertises a bonafide business conducted, or product sold, shall be removed by the owner, agent or person having the beneficial use of the building or property upon which the sign may be located within fourteen days after written notification from the Selectmen or building inspector, otherwise, the same shall thereby constitute a public nuisance, and, be removed by an agent of the Town, at the owner's expense.

YES — 426 NO — 28

RATIONALE. The Planning Board's Amendment No. 7 amends Article II, Section 10 of the Sign Regulation by adding a provision for the removal of signs which no longer have a purpose. Currently there is no such provision.

Reason: There is no provision for the removal of signs which no longer have a purpose.

CONTINUATION OF TOWN MEETING — MARCH 11, 1987

KEARSARGE MIDDLE SCHOOL AT 7:00 p.m.

Moderator Hilary P. Cleveland called the meeting to order at 7:05 p.m. The Moderator recognized Harold W. Buker, Jr., Chairman of the Selectmen, who presented Certificates of Appreciation to Douglas Mathewson II, retiring Fire Chief; Bryant Hoffman, retiring Chairman of the Planning Board; and Mildred Crockett Tunis, retiring Town Archivist.

ARTICLE 2. "To see if the Town will vote to rescind the raising and appropriating the sum of \$242,500, that was granted by secret ballot through the passage of ARTICLE 2 on the Special Town Meeting Warrant June 24, 1986, for the purpose of preparing plans and specifications and constructing a transfer haul facility and recycling facility, such sum included the purchase of original equipment necessary to the operation of such facilities."

(By Petition)

The Moderator recognized Mr. Jeffrey M. Donohue, one of the Petitioners of the article, who made a motion which was seconded, to lay on the table Articles 2, 3, 4, and 5.

VOICE VOTE IN THE NEGATIVE ON THE MOTION

The Moderator proceeded to take up Article 2 which had been read and seconded.

VOTE IN THE NEGATIVE

ARTICLE 3. It was moved and seconded, "To see if the Town will vote to rescind all authorizations granted under ARTICLE 3 on the Special Town Meeting Warrant June 24, 1986, by secret ballot that: authorized the issuance of serial

bonds or notes to fund the appropriations authorized under Article 2 on the Special Town Meeting Warrant June 24, 1986, and to that end would authorize the raising and appropriation of a sum not to exceed \$242,500, such sum to be raised by the issuance of serial bonds or notes not to exceed \$242,500.00 for a period not to exceed 10 years under and in compliance with the provisions of the Municipal Finance Act (New Hampshire RSA 33:1, etc., as amended); and authorized the Board of Selectmen to apply for, contract for, accept, and expend any Federal, State or other available funds toward the project, according to the terms under which they are received, and to borrow in anticipation of the receipt of such aid or the issuance of such notes, bonds or aid as provided by the Municipal Finance Act, as amended; provided that any interest received or available may likewise be applied to the project to the maximum extent permitted by law; and authorized the Board of Selectmen to take all other action as may be necessary to carry out the project in the best interest of the Town of New London.”

(By Petition)

VOTE IN THE NEGATIVE

Mr. William Andrews was recognized by the Chair, and he made a motion which was seconded to suspend reading each article and refer to them by number since there were copies of the warrant available for the voters. This was made in the interest of saving time.

VOTE IN THE AFFIRMATIVE

ARTICLE 4. It was moved and seconded, “To see if the Town will vote to rescind the raising and appropriating the sum of \$25,000 as granted by ARTICLE 4 on the Special Town Meeting Warrant June 24, 1987, for the purpose of contracting the hauling of refuse and rubbish that would otherwise be deposited in the Town Sanitary Landfill to another lawful location upon the completion of the Town’s Transfer Haul Facility, said sum was to include the cost of tipping fees, if any.”

(By Petition)

VOTE IN THE NEGATIVE

ARTICLE 5. It was moved and seconded, “To see if the Town will vote to raise and appropriate the sum of \$95,796 for the purpose of establishing contracted weekly collection of garbage from residential premises in the Town, and its delivery to and payment of the tipping fee at the waste-to-energy incinerator in Claremont, N.H., pursuant to RSA 31:39I(f) and RSA 31:4, such sum to be raised by assessment of a utility (user) fee upon residences, all in place of and instead of the expenditure of any sum for the construction and operation of the transfer haul facility, and the Board of Selectmen are hereby authorized to create reasonable rules and regulations as granted by the provisions of this ARTICLE.”

(By Petition)

NOT RECOMMENDED BY THE BUDGET COMMITTEE

VOTE IN THE NEGATIVE

ARTICLE 6. It was moved and seconded, "To see if the Town will vote to authorize the Board of Selectmen to adopt bylaws, pursuant to RSA 149M:13, to regulate the collection of garbage from residences and to fix a utility (user) fee therefore, to regulate the collection by commercial haulers of garbage from the commercial and industrial premises, to regulate the collection of recyclable materials from residential, commercial and industrial premises, and to regulate the delivery of all garbage collected in the Town, other than recyclable materials, to the waste-to-energy incinerator in Claremont, N.H., as a member of the Sullivan County Regional Refuse Disposal District."

(By Petition)

A petition containing ten (10) signatures requesting a secret written ballot vote on this article was presented to the Moderator prior to the meeting.

Votes Cast — 502; 3 Incorrect Ballots; YES — 115; NO — 384

VOTE IN THE NEGATIVE

ARTICLE 7. It was moved and seconded, "To see if the Town will vote to close the current landfill and commence contracted weekly collection of garbage from residential premises in the Town on or before April 15, 1987."

(By Petition)

VOTE IN THE NEGATIVE

ARTICLE 8. It was moved and seconded, "To see if the Town will vote to sell at public auction, Town land purchased on July 18, 1986, located on Newport Road at Burpee Hill Road (Tax Map 56, Lot 1) at a price of no less than \$45,000."

(By Petition)

VOTE IN THE NEGATIVE

ARTICLE 9. It was moved and seconded to adopt the provisions of RSA 72:1-c which authorizes any town or city to elect not to assess, levy and collect a Resident Tax?

VOTE IN THE AFFIRMATIVE

ARTICLE 10. It was moved and seconded to see if the Town will vote to raise and appropriate the following sums for the ensuing year to defray Town Charges:

	1986	1987
Town Officers' Salaries	\$ 9,500	\$ 9,500
Town Officers' Expenses	153,556	168,963
Town Buildings	33,800	29,600
Election and Registration	3,000	1,550
Social Security and Retirement	44,500	41,300
Insurance	130,054	142,400
Planning Board/Zoning Board	10,360	14,750
Street Lighting	16,000	15,000
Local Welfare	6,000	3,000
Upper Valley-Lake Sunapee Council	2,534	2,397
State Welfare	2,000	0
	\$411,304	\$428,460
		(\$4.61 per thousand)

The Moderator recognized James Moreland who proposed an amendment to Article 10, Town Buildings to increase the appropriation by \$39,000 so that the line will read \$68,600 and the bottom line sum will read \$467,460. The added sum of \$39,000 to be taken from surplus so that there will be no increase or impact on the tax rate. The proposed amendment was moved and seconded.

VOTE IN THE AFFIRMATIVE

ARTICLE 40. It was moved and seconded to see if the Town will vote to authorize the Board of Selectmen to accept funds in the amount of \$10,000 from Robert H. Scott and Molly MacNaughton for off-site improvements to Whitney Brook Road, such improvements being a condition of subdivision approval granted by the New London Planning Board, such funds to be used for the sole purpose of improving Whitney Brook Road in accordance with Town specifications and standards and such funds may be carried forward from year to year until the improvements required are completed.

VOTE IN THE AFFIRMATIVE

ARTICLE 41. It was moved and seconded to see if the Town will vote to authorize the Board of Selectmen, subject to the approval of the New London Conservation Commission, to sell to the Pelfor Corporation of New London a small parcel of land, 50,x172' ±, at the southern end of tax map tract 83-9, which tract is owned by the town for Conservation Purposes and abuts lands of the New London Outing Club (83-10) and Knights Hill Park (83-7), in order that two tracts of land owned by Pelfor Corporation (83-8 and 84-42) may be made contiguous, in return for which Pelfor Corporation will grant a perpetual conservation or recreational easement to the Town of New London or its designate, over the parcel to be sold to Pelfor Corporation as well as track 83-8 (14.3 acres ±), which tract abuts lands of the Commission, New London Outing club and of Knights Hill Park.

VOTE IN THE AFFIRMATIVE

ARTICLE 42. It was moved and seconded to see if the Town will vote to rescind its action under Article 29 of the 1970 Annual Town Meeting, such action would subject all individuals on the Town payroll to the deduction of Social Security from issued payrolls, except police officers, who are excluded from said deductions by law.

VOTE IN THE AFFIRMATIVE

ARTICLE 43. It was moved and seconded to see if the Town will vote to adopt written welfare guidelines as proposed by the Board of Selectmen, as required

by Chapter 380 of the Laws of 1985, and to authorize the Board of Selectmen to amend such guidelines without further submissions to a Town Meeting. (Copies of the full text of the proposed guidelines are on file with the Town Clerk.)

VOTE IN THE AFFIRMATIVE

ARTICLE 44. It was moved and seconded to see if the Town will vote to authorize the Board of Selectmen to appoint five (5) alternate members of the Zoning Board of Adjustment for terms of three (3) years as provided in RSA 673:6.

VOTE IN THE AFFIRMATIVE

ARTICLE 45. It was moved and seconded to see if the Town will vote to raise and appropriate the sum of \$20,000 for the purpose of repairing the Fire Department Tank Truck. (.22¢ per thousand)

VOTE IN THE AFFIRMATIVE

ARTICLE 46. It was moved and seconded to see if the Town will vote, pursuant to RSA 35, to establish a Capital Reserve Fund of \$150,000 for the purpose of Sanitary Landfill and Stump Dump Closures. (\$1.61 per thousand)

VOTE IN THE AFFIRMATIVE

ARTICLE 47. It was moved and seconded to see if the Town will vote to raise and appropriate the sum of \$30,000 for the purchase of land (Tax Map 78, Lot 5) for the purpose of extending Scytheville Park, and to direct that an application be filed for matching Federal Funds and Grants, such appropriation to include the purchase of land and such construction as may be necessary to create a public park. (.32¢ per thousand)

VOTE IN THE AFFIRMATIVE

ARTICLE 48. It was moved and seconded to see if the Town will vote to raise and appropriate the sum of \$20,000 for the purpose of conducting Engineering Studies in preparation for the closure of the Town's Stump Dump. (.22¢ per thousand)

VOTE IN THE AFFIRMATIVE

ARTICLE 49. It was moved and seconded to see if the Town will vote to adopt the following Ordinance:

Owner Responsibility for Illegal Parking. No person shall allow, permit, or suffer a vehicle registered in his name to stop, stand or park in violation of any of the ordinances of the Town of New London or laws of the State of New Hampshire controlling the stopping, standing or parking of vehicles and the owner or person in whose name such vehicle is registered shall be held as prima facie responsible for such violation. A person violating this ordinance shall be punished by a fine as prescribed by RSA 31:39 for each offense.

VOTE IN THE AFFIRMATIVE

ARTICLE 50. It was moved and seconded to see if the Town will vote to adopt the following Ordinance:

Ordinance Regulating On-Street Parking on Newport Road: There shall be no On-Street Parking on Newport Road from the Hilltop driveway to Main Street, except for those areas where parking is authorized by the Town of New London and the State of New Hampshire and is properly marked or signed. A person violating the ordinance shall be punished by a fine as prescribed by RSA 31:39 for each offense.

VOTE IN THE AFFIRMATIVE

ARTICLE 51. It was moved and seconded to see if the Town will vote to adopt the following Ordinance:

The operator or owner of a vehicle may, within **two** (2) working days of the time when a notice of violation of a parking ordinance of the Town of New London was attached to the vehicle, pay to the Police Department the sum indicated on the violation notice as a penalty and in lieu of court proceedings. Failure by the operator or owner to make such payment within **two** (2) working days may result in the issuance of a summons to the operator or owner to appear in court to answer to charges of violating the ordinance. A person violating any parking ordinance of the Town of New London shall be punished by a fine as prescribed by RSA 31:39 for each offense.

The Moderator recognized Dr. Alf Jacobson who made a motion which was seconded to amend Article 51 by changing the word "two" to read "ten (10)" in both places.

VOTE IN THE AFFIRMATIVE ON THE AMENDMENT
VOTE IN THE AFFIRMATIVE ON AMENDED ARTICLE 51

ARTICLE 52. It was moved and seconded to see if the Town will vote to adopt the following Ordinance:

No operator or owner of a vehicle shall cause or allow it to be parked or left standing upon the travelled portion of any roadway in any district of the Town of New London. Violation of this ordinance shall be punished by a fine as prescribed by RSA 31:39 for each offense.

VOTE IN THE NEGATIVE

ARTICLE 53. It was moved and seconded to see if the Town will vote to adopt the following Ordinance:

1. All proposals for any form of sewerage disposal (except for Municipal Sewers under the Board of Sewer Commissioners) must have local Health Department approval before submission to the State of New Hampshire for a permit to construct or operate.
2. Building permits for additional bedrooms to homes served by holding tanks will not be allowed.

VOTE IN THE AFFIRMATIVE

The meeting was adjourned at 10:50 p.m.

Lois E. Marshall
Town Clerk

A True Copy Attest:

Lois E. Marshall
Town Clerk

THE STATE OF NEW HAMPSHIRE

NEW LONDON, N.H.

TOWN WARRANT

To the inhabitants of the Town of New London in the County of Merrimack, in said State, qualified to vote in Town affairs:

(L.S.)

You are hereby notified to meet at the Whipple Memorial Hall in said New London on Tuesday, the eighth day of March next at 10:00 o'clock to act upon the following subjects:

- ARTICLE 1. A. To choose all necessary Town Officers for the ensuing year.
- B. To vote by ballot on amendments to the New London Zoning Ordinance.
- C. To vote by ballot on the following question, "Shall we adopt the provisions of RSA 72:43-f for the adjusted elderly exemptions from property tax?"

Note — By law, the meeting must open before the voting starts. Therefore, the meeting and polls will open at 10 o'clock for the consideration of Article 1, Parts A, B, and C.

At 12:00 noon the Meeting will recess but the polls will remain open until 6:00 p.m. The meeting will reconvene at the Kearsarge Middle School Gymnasium on Wednesday, March 9, 1988 at 7:00 p.m., to act upon Articles 2 through 58.

ARTICLE 2. "To see if the Town will vote to raise and appropriate the sum of \$10,930.00 for the purpose of preparing engineer plans, designs, and contract bidding documents in preparation for the construction of sanitary sewers in County Road from Newport Road to the intersection of Lakeside Road plus Goosehole Road area of New London, and to see if the Town will vote to raise said sum by taxation or by the issuance of serial bonds or notes not to exceed \$10,930.00 for a period not to exceed 10 years under and in compliance with the provisions of the Municipal Finance Act (New Hampshire RSA 33:1 etc., as amended); and to authorize the Selectmen to issue and negotiate such bonds or notes and to determine the rate of interest thereon; and further to authorize the Selectmen to borrow in anticipation of the issuance of such bonds or notes, by the issuance of bonds or notes in anticipation of such bonds or notes as provided by the Municipal Finance Act, as amended; or to see if the Town will vote to raise such sum by a combination of taxation and borrowing; and to authorize the Board of Selectmen and the Board of Sewer Commissioners to take all other actions as may be necessary to carry out the project in the best interest of the Town of New London."

(11¢ per thousand)

ARTICLE 3: "To see if the Town will vote to raise and appropriate the sum of \$8,550.00 for the purpose of preparing engineer plans, designs, and contract bidding documents in preparation for the construction of sanitary sewers in the Birch and Seamans Acres areas of New London, and to see if the Town will vote to raise said sum by taxation or by the issuance of serial bonds or notes not to exceed \$8,550.00 for a period not to exceed 10 years under and in compliance with the provisions of the Municipal Finance Act (New Hampshire RSA 33:1 etc., as amended); and to authorize the Selectmen to issue and negotiate such bonds or notes and to determine the rate of interest thereon; and further to authorize the Selectmen to borrow in anticipation of the issuance of such bonds or notes, by the issuance of bonds or notes in anticipation of such bonds or notes as provided by the Municipal Finance Act, as amended; or to see if the Town will vote to raise such sum by a combination of taxation and borrowing; and to authorize the Board of Selectmen and the Board of Sewer Commissioners to take all other actions as may be necessary to carry out the project in the best interests of the Town of New London."

(09¢ per thousand)

ARTICLE 4: "To see if the Town will vote to raise and appropriate the sum of \$30,350.00 for the purpose of preparing engineer plans, designs, and contract bidding documents in preparation for the construction of sanitary sewers in the Elkins Village area of New London, and to see if the Town will vote to raise said sum by taxation or by the issuance of serial bonds or notes not to exceed \$30,350.00 for a period not to exceed 10 years under and in compliance with the provisions of the Municipal Finance Act (New Hampshire RSA 33:1 etc., as amended); and to authorize the Selectmen to issue and negotiate such bonds or notes and to determine the rate of interest thereon; and further to authorize the Selectmen to borrow in anticipation of the issuance of such bonds or notes, by the issuance of bonds or notes in anticipation of such bonds or notes as provided by the Municipal Finance Act, as amended; or to see if the Town will vote to raise such sum by a combination of taxation and borrowing; and to authorize the Board of Selectmen and the Board of Sewer Commissioners to take all other actions as may be necessary to carry out the project in the best interests of the Town of New London."

(30¢ per thousand)

ARTICLE 5: "To see if the Town will vote to raise and appropriate the sum of \$23,020.00 for the purpose of preparing engineer plans, designs, and contract bidding documents in preparation for the construction of sanitary sewers in the compact area around Old Main Street, Knights Hill and Edmunds Road area of New London, and to see if the Town will vote to raise said sum by taxation or by the issuance of serial bonds or notes not to exceed \$23,020.00 for a period not to exceed 10 years under, and in compliance with the provisions of the Municipal Finance Act (New Hampshire RSA 33:1 etc., as amended); and to authorize the Selectmen to issue and negotiate such bonds or notes and

to determine the rate of interest thereon; and further to authorize the Selectmen to borrow in anticipation of the issuance of such bonds or notes, by the issuance of bonds or notes in anticipation of such bonds or notes as provided by the Municipal Finance Act, as amended; or to see if the Town will vote to raise such sum by a combination of taxation and borrowing; and to authorize the Board of Selectmen and the Board of Sewer Commissioners to take all other actions as may be necessary to carry out the project in the best interests of the Town of New London.”

(23¢ per thousand)

NOT RECOMMENDED BY THE BUDGET COMMITTEE

ARTICLE 6: “To see if the Town will vote to raise and appropriate the sum of \$12,550.00 for the purpose of preparing engineer plans, designs and contract bidding documents in preparation for the construction of sanitary sewers in the Pleasant Lake area of New London, and to see if the Town will vote to raise said sum by taxation or by the issuance of serial bonds or notes not to exceed \$12,550.00 for a period not to exceed 10 years under and in compliance with the provisions of the Municipal Finance Act (New Hampshire RSA 33:1 etc., as amended); and to authorize the Selectmen to issue and negotiate such bonds or notes and to determine the rate of interest thereon; and further to authorize the Selectmen to borrow in anticipation of the issuance of such bonds or notes, by the issuance of bonds or notes in anticipation of such bonds or notes as provided by the Municipal Finance Act, as amended; or to see if the Town will vote to raise such sum by a combination of taxation and borrowing; and to authorize the Board of Selectmen and the Board of Sewer Commissioners to take all other actions as may be necessary to carry out the project in the best interests of the Town of New London.”

(13¢ per thousand)

NOT RECOMMENDED BY THE BUDGET COMMITTEE

ARTICLE 7: “To see if the Town will vote to raise and appropriate the sum of \$80,000.00 for the purpose of constructing sewer facilities, including pumping facilities, in the Goosehole section of New London (Goosehole Road, Goosehole Lane, and Goosehole Road extension), such sum to include all engineering work and study and the construction of a complete system of sewers, such sum to be raised by the issuance of serial bond or notes not to exceed \$80,000.00 for a period not to exceed 10 years under and in compliance with the provisions of the Municipal Finance Act (New Hampshire RSA 33:1 etc., as amended); and to authorize the Board of Selectmen to take all actions necessary to carry out the project in the best interest of the Town.”

(By Petition)

(80¢ per thousand)

NOT RECOMMENDED BY THE BOARD OF SELECTMEN

NOT RECOMMENDED BY THE BUDGET COMMITTEE

ARTICLE 8: "To see if the Town will vote to authorize the Sewer Commission to enter into an agreement to extend the sewer line along Route 11 from Country Club Lane to the Gray House Restaurant at the corner of Route 114 and Route 11; the extended line to be built to specifications approved by the Sewer Commission and the State and capable of accepting connections from the 25 potential users now located along the route of the extension; the cost of the extension to be financed at a cost to the Sewer Commission not exceeding \$25,750.00 per year over twenty years to be offset in part by the sewage use fees of the new users connecting to the line."

(By Petition)

NOT RECOMMENDED BY THE BOARD OF SELECTMEN

ARTICLE 9: "To see if the Town will vote to suspend the reading of the individual articles of the Warrant and to refer to them by number."

Principal	\$204,958
Interest	<u>78,263</u>
	\$283,221

(\$2.84 per thousand)

ARTICLE 46: "To see if the Town will vote to raise and appropriate the sum of \$1,000.00 to pay for interest on temporary loans during the year."

(01¢ per thousand)

ARTICLE 47: "To see if the Town will vote to raise and appropriate the sum of \$206,900.00 for Sewer Maintenance."

ARTICLE 48: "To see if the Town will vote to authorize the Board of Selectmen to apply for, receive and expend Federal and State grants which may become available during the course of the year, and also, to accept and expend money from any other governmental unit or private source to be used for purposes for which the Town may legally appropriate money provided:

1. that such grants and other monies do not require the expenditure of other Town funds;
2. that a public hearing shall be held by the Selectmen prior to the receipt and expenditure of such grants and money;
3. that such items shall be exempt from all provisions of RSA 32 relative to limitation and expenditure of Town monies, all as provided by RSA 31:95-b.

ARTICLE 49: "To see if the Town will vote to authorize the Board of Selectman and the Town Treasurer to incur debts from time to time during the 1988 fiscal year to an aggregate amount not exceeding the 1987 tax levy, for temporary loans in anticipation of 1988 taxes, and to issue notes of the Town therefore, and to refund same, all as provided in the Municipal Finance Act; the Selectmen and Town Treasurer to be authorized to sell such notes."

ARTICLE 50: "To see if the Town will vote to authorize the prepayment of property taxes and to authorize the Tax Collector to accept such prepayment as provided by RSA 80:52-a.

ARTICLE 51: "Shall we adopt the provisions of RSA 80:58-86 for a real estate tax lien procedure? (These statutes provide that tax sales to private individuals for non-payment of property taxes on real estate are replaced with a real estate tax lien procedure under which only a municipality or county where the property is located or the State may acquire a tax lien against land and buildings for unpaid taxes.)"

(By Petition)

ARTICLE 52: "To see if the Town will vote to authorize the Board of Selectmen to transfer tax liens and convey property acquired by the Town of New London by tax collector's deed, by public auction or advertised sealed bid or in such manner as determined by the Board of Selectmen as justice may require, in accordance with RSA 80:42."

ARTICLE 53: "To see if the Town will vote to permit and authorize the Town Clerk to make changes in registered party affiliations as provided in RSA 654:34-a."

ARTICLE 54: "To see if the Town will vote to authorize the Board of Selectmen to accept the gift of and construction of a new Town Bandstand to be placed on the 'Sargent Common.' "

ARTICLE 55: "To see if the Town will vote to authorize the Planning Board to accept on behalf of the Town, funds for off-site improvements and impact fees resulting from the approval of subdivisions, site plans, planned unit developments and other development and to authorize the Town to hold and carry forward such funds from year to year to accomplish the purpose for which the funds were obtained and to require that expenditures and retainages of such funds be reported to the town annually in the Town Report."

ARTICLE 56: "To see if the Town will vote to accept the provisions of RSA 31:105 to indemnify and save harmless from loss or damage any person employed by the Town and any member or officer of its governing board, administrative staff or agencies from personal financial loss and expenses including reasonable

legal fees and costs, if any, arising out of any claim, demand, suit, or judgement by reason of negligence or other act resulting in accidental injury to a person or accidental damage to or destruction of property if the indemnified person at the time of the accident resulting in the injury, damage, or destruction was acting in the scope of his employment or office.”

ARTICLE 57: “To see if the Town will vote to direct the Board of Selectmen to provide for the property assignment of street house numbers within the Town.”

ARTICLE 58: “To see if the Town will vote to adopt the following ordinance:

1. Upon any way no person shall stop, park or leave standing any vehicle, whether attended or unattended, upon the paved or main-travelled part of the way when it is practicable to stop, park or so leave such vehicle off such part of said way, but in every event an unobstructed width of the way opposite a standing vehicle shall be left for the free passage of other vehicles and clear view of such stopped vehicles shall be available from a distance of 200 feet in each direction upon such way.
11. This section shall not apply to the driver of any vehicle which is disabled while on the paved or main-travelled portion of a way in such manner and to such extent that it is impossible to avoid stopping and temporarily leaving such disabled vehicle in such position. Violation of this ordinance shall be punished by a fine as prescribed by RSA 31:39 for each offense.”

Given under our hands and seal this fifteenth day of February in the year of our Lord nineteen hundred and eighty-eight.

AUDITOR'S REPORT ON FINANCIAL PRESENTATION

To the Members of the Board of Selectmen
Town of New London
New London, New Hampshire

We have examined the general purpose financial statements of the Town of New London, New Hampshire, and the combining and individual fund financial statements of the Town as of and for the year ended December 31, 1986, as listed in the table of contents. Our examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

As described in Note 1B, the general purpose financial statements referred to above do not include the General Fixed Asset Group of Accounts, which should be included to conform with generally accepted accounting principles. The amount that should be recorded in the General Fixed Assets Account Group is not known.

In our opinion, except that omission of the General Fixed Asset Group of Accounts results in an incomplete presentation, as explained in the above paragraph, the general purpose financial statements referred to above present fairly the financial position of the Town of New London, New Hampshire, at December 31, 1986, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year. Also, in our opinion, the combining and individual fund financial statements referred to above present fairly the financial position of each of the funds of the Town of New London, New Hampshire, at December 31, 1986, and the results of operations of such funds for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Our examination was made for the purpose of forming an opinion on the general purpose financial statements taken as a whole and on the combining and individual fund financial statements. The accompanying financial information listed as supporting schedules in the table of contents is presented for purposes of additional analysis and is not a required part of the financial statements of the Town of New London, New Hampshire. Such information has been subjected to the auditing

procedures applied in the examination of the general purpose, combining, and individual fund financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements of each of the respective funds taken as a whole.

**AUDITOR'S REPORT ON COMPLIANCE WITH LAWS AND
REGULATIONS RELATED TO NONMAJOR FEDERAL FINANCIAL
ASSISTANCE PROGRAMS IN CIRCUMSTANCES IN WHICH
THE RECIPIENT RECEIVED NO MAJOR PROGRAM FUNDING**

To the Members of the Board of Selectmen
Town of New London
New London, New Hampshire

We have examined the general purpose financial statements of the Town of New London, New Hampshire, for the year ended December 31, 1986, and have issued our report thereon dated June 26, 1987. Our examination was made in accordance with generally accepted auditing standards; the standards for financial and compliance audits contained in the *Standards for Audit of Governmental Organizations, Programs, Activities, and Functions*, issued by the U.S. General Accounting Office; the Single Audit Act of 1984; and the provisions of OMB Circular A-128, *Audits of State and Local Governments*, and accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

The management of the Town of New London, New Hampshire, is responsible for the Town's compliance with laws and regulations. In connection with the examination referred to above, we selected and tested transactions and records from nonmajor federal financial assistance programs to determine the Town's compliance with laws and regulations, noncompliance with which we believe could

have a material effect on the allowability of program expenditures.

The results of our tests indicate that for the transactions and records tested the Town of New London, New Hampshire, complied with the laws and regulations referred to above. Our testing was more limited than would be necessary to express an opinion on whether the Town of New London, New Hampshire, administered those programs in compliance in all material respects with laws and regulations, noncompliance with which we believe could have a material effect on the allowability of program expenditures; however, with respect to the transactions that were not tested by us, nothing came to our attention to indicate that the Town of New London, New Hampshire, had violated laws and regulations.

REPORT OF THE NEW LONDON DISPATCH CENTER

Being able to move into our rebuilt dispatch center was a pleasure. We were severely restricted in space, and subject to a very distracting noise level in the old quarters. Both problems are nearly solved now. The Kearsarge Telephone Company was able to change over the phones without any loss of service, and the radio was only out of service for a few minutes. All in all, the move went very well. The frustrations of trying to work while the construction was going on were worthwhile.

You will notice from the statistics below that the activity has increased. In fact, the telephone calls are up 36% over last year. The expanding populations of the area towns, is no doubt, a major cause for the increase of dispatch activities.

	1986	1987
Total Telephone Calls Received	23,686	32,381
Burning Permits Issued	339	368
Ambulance Calls	192	291
Fire Calls	70	62

Thank you all for your continued cooperation and patience.

Respectfully submitted,

RALPH MARSHALL

Chief of Police

DEBORAH K. WHEELER

Chief Dispatcher

NEW LONDON CHAMBER OF COMMERCE REPORT

A glorious summer weather brought an unprecedented number of visitors to our Information Booth: more than 4,000 inquiries during the season, with as many as 50 telephone calls or written requests for information per month during the rest of the year. The Town's appropriation of \$3,000 was completely expended on salaries for the Information Booth attendants, maintenance of the Booth and the lighting of the Town Christmas Tree.

Highlights of the year included the naming of New London as "The Best Small Town in New Hampshire" by the Manchester Union Leader, our fall dinner meeting at which Jack Kemp, presidential candidate, was the featured speaker, and our Christmas decorations — white candles in the windows and pine wreaths on the doors, which greeted the ambiance of traditional simplicity so in keeping with New London — especially when enhanced by a most timely snowfall.

As our programs continue to grow so does our membership, reaching 150 this year.

The Chamber wishes to thank the Town of New London for its support.

Respectfully submitted,
LAURA MATHEWSON
President

REPORT OF THE TOWN HEALTH OFFICER

The primary activities of your health officer continue to be in the area of environmental health. The single most time consuming activity continues to be the observation of test pits and checking of plans for the construction of septic systems and the establishment of subdivision plans in New London. In April a fee system, payable to the town, was established for test pit inspections. This payment system has made the demands for the health officers services more efficiently utilized by designers and engineers and has made the Health Department partially self supporting.

During 1987 a total of 226 test pits were observed and recorded. This compares to a total of 182 in 1986. Of the 226 pits observed, 65 were on 36 individual house lots while 161 pits were checked on 12 subdivisions. This compares to 94 pits on 61 house lots and 10 subdivisions with 88 test pits in 1986. In addition, in 1987, there were 8 sites with 16 pits observed for replacement of systems in failure. This activity represents the possibility of up to 197 new building lots for recent and future housing units. This is a substantial building potential for the town. The fact that none of these potential housing starts are to be connected to the sewer system is disappointing as most sites are on watersheds of our several lakes and will add to the soil burden of nutrients which one day must become a threat to our water bodies.

Presently, acid precipitation continues to be the major threat to our water bodies. Results of Pleasant Lake monitoring indicate that acid degradation of local lakes continues with a present condition which would be classified as being moderately severe but about average for the State of New Hampshire.

Inspection of child care facilities for health and safety conditions constitutes another regular duty of your health officer as does checking water quality at public beaches and investigation of health and sanitation problems.

Fortunately threats to the public health in New London are essentially not of the man-made variety. Our public water supply is under regular threat of contamination with *Giardia lamblia* from resident or transient beavers. This organism, the resistant cysts of which are not killed by regular chlorination, causes a persistent intestinal disease. Because of this health threat the Water Precinct is under orders to find a ground water source or subject the present water supply to complete (filtration) treatment or a superchlorination-dechlorination treatment system. The presence of radon in individual drinking water supplies is a long term threat to many households in the New London area. It is my recommendation that houses built close to bedrock, especially new tightly sealed houses, have the air in the houses tested for the presence of radon gas and that homes being served with wells drilled into rock have their water tested for radon and if elevated, additionally for the presence of elevated levels of other alpha radiation emitting elements in the water. For self protection, householders contemplating remedial action for water problems, including

radon, should have their water tested by a certified laboratory, have more than one professionally qualified opinion on the best solution to their problem and get two or preferably three bids from reputable water treatment equipment suppliers before making a final decision to purchase any water treatment equipment. Finally, purchase only equipment that has a written money-back guarantee if it does not perform to your satisfaction, and have your own tests performed to determine if the desired remedial action is in fact taking place.

Respectfully submitted,
DONALD F. BENT, Ph.D.
Health Officer

NEW LONDON CONSERVATION COMMISSION ANNUAL REPORT

1987 was a stop and regroup year. In the past we have expanded our network of trails. This year we worked hard to maintain them and to repair many areas in need. Wet spring and heavy snows gave us much to do. Our work days are Tuesday mornings and volunteers are welcome to take part in the fun.

As usual New London's trails are well used. The Philbrick-Cricenti Bog continues to be the favorite in town. We have now completed our third year in replacing planks and soon we will accomplish a complete turnover.

The Commission lost a former member, Milt Butterworth, who died this past year. His willingness to share his views and experiences were most welcomed and enjoyed by many. The Commission has received funds in his memory and we will respond accordingly.

New Hampshire Fish and Game requested that the water level at Low Plain Natural Area be reduced. With many attempts and continual effort, the goal was reached, thus, indicating that the limit of our resources is six beavers.

Dredge and Fill applications are required for any construction, filling, or dredging that affects wetlands, lakes, ponds, streams, or brooks. The Conservation Commission investigates and reports its findings to the NH Wetlands Board. Due to the volume of applications throughout the state, there is a major delay in receiving answers to applications. If you plan to apply to the Wetlands Board, early application is highly recommended.

Our monthly meetings are open to the public and you are invited and welcomed. Normally, we meet the third Thursday of each month at 1:30 in the Town Hall.

UPPER VALLEY-LAKE SUNAPEE COUNCIL

The Upper Valley-Lake Sunpae Council is a public, nonprofit voluntary association of towns and cities in the Upper Valley and Lake Sunapee areas. Our thirty-one (31) communities are in two states and five counties.

The Council consists of a Board of Directors and a professional staff. Each town or city annually appropriates funds for the Council's operation and sends two or three representatives to participate on the Board of Directors. The Board elects officers, adopts the annual work program and budget, and develops policies and positions on issues that are important to our communities.

The Upper Valley-Lake Sunapee Council is the official organization that brings towns and cities within our region together. By bonding together and pooling their resources, local governments have a highly trained, professional staff available to them for a wide variety of services. Areas of expertise include land use planning, master planning, economic and community development, water quality management, transportation, landscape architecture, housing, capital budgeting, historic preservation, downtown revitalization, solid waste planning, recreation and fiscal and environmental impact analysis. The Council also serves as a collective voice for these towns and cities in dealings with state and federal governments, thereby protecting and furthering the needs and interests of our communities.

Your support enables the Council to undertake comprehensive regional planning and to carry out various projects and programs of regional benefit. Over the past year, we the Council:

- Prepared an updated Regional Plan;
- Updated our *Economic Profile*, the primary source of economic and demographic data for our region;
- Maintained our regional data base, including our role as a regional data center for the US Census;
- Coordinated the efforts of and provided administrative assistance to the Upper Valley Solid Waste Management District;
- Sponsored and helped organize the Upper Valley Household Hazardous Waste Collection Program;
- Initiated efforts and successfully applied for start-up funding for a computer assisted mapping program;
- Continued the regional historic preservation program;
- Sponsored informational meetings on Water Resources Management Plans mandated for inclusion in local master plans under NH Chapter 167;
- Provided an Economic Development Agent for Sullivan County to help retain and expand employment opportunities in the area;

- Testified on several bills before the legislature, on Vermont Act 250 proposals and on state highway plans, distributed summaries of new and amended legislation and sponsored the NH Municipal Law Lecture Series;
- Coordinated local municipalities, state agencies and private consultants as part of the Upper Valley Transportation Study;
- Provided technical assistance to Advance Transit and County Coach;
- Participated in a proposal to conduct a long range planning study of Route 11-103 corridor in Sullivan County;
- Helped numerous communities and Sullivan County seek state and federal grant funds by providing technical assistance, and prepared successful grant applications bringing more than \$1.1 million to the region;
- Sponsored an informational meeting on the Champlain Pipeline on behalf of our Sullivan County communities which will be affected;
- Worked closely with the Upper Valley Community Land Trust, Society for the Protection of New Hampshire Forests, and Connecticut River Watershed Council to protect open space and conservation lands.

The Council also provides specific services to cities and towns in the region. As requested by communities, the Council conducted a large number of impact studies concerning proposed developments, prepared amendments to local subdivision, zoning, site plan review, and earth excavation regulations and provided mapping, drafting and other technical assistance.

The Council also provided a number of direct services to the Town of New London in 1987. Undoubtedly the most important of these relates to the completion of the Town's Master Plan, the culmination of more than two years of work with the Planning Board and local committees. We have also continued to provide technical assistance to the Planning Board through the services of a "circuit rider" professional planner who serves as the Town's own planner one-two days per week. Council staff has assisted the Planning Board in amending their Site Plan Review Regulations and driveway regulations as well as providing assistance on zoning ordinance amendments. We have also completed a traffic impact study of the new elementary school for the Kearsarge Regional School District, prepared a series of Land Capability/Natural Resource maps for the Town and mapped existing land use in the community.

The Upper Valley-Lake Sunapee Council looks forward to serving your community during the coming year; please contact us whenever we can be of assistance.

REPORT OF THE PLANNING BOARD

The New London Planning Board held twenty-three (23) regular scheduled meetings in 1987. The Board also held twenty-seven (27) work sessions and conducted five (5) hearings. At work sessions we, the Planning Board, completed work on the Master Plan, made revisions to the subdivision regulations, developed a revised set of site plan review regulations and also, introduced a set of driveway regulations. The Master Plan was completed; printed and adopted, after a public meeting, in December.

During the past year the Board has spent a considerable amount of time reviewing the growth in New London, and its effect on Town facilities. It is the Board's goal, with the help of the Master Plan and the Capital Improvements Plan to see that the future growth can be orderly and manageable.

During the regular scheduled meetings the Board reviewed the following:

- 19 Subdivisions
- 11 Site Plans
- 1 Home Occupation
- 4 Annexations
- 3 Miscellaneous Subjects

Respectfully submitted,

ROBERT WRIGHT

Chairman

NEW LONDON FIRE DEPARTMENT

I am pleased to report that the Fire Department enters 1988 with the largest membership in history. We, also, have more State-certified fire fighters than ever before. We have trained hard and morale is high. I am proud to lead so many fine people.

The future of volunteer fire fighting in New England and, especially, in New London, faces a significant and growing challenge. Specifically, we are relying more and more on a segment of our population that is steadily decreasing.

Voluntary Fire Departments are traditionally staffed by blue collar workers and tradespeople, for the most part. These days, the price of real estate has all but eliminated the opportunity for these people to live in New London.

As you have no doubt observed, the Fire Department's budget for 1988 is significantly higher than in recent years. This reflects efforts to deal with problems that our population shift portends.

Ultimately, of course, the solution is to hire a full-time Fire Department. I hope, however, to forestall that day for at least 10 more years by making prudent changes now.

I would like to take this opportunity to thank the Community for all of its support in the past years and assure you that we will do everything in our power to provide you with the best, most competent fire protection available.

Respectfully submitted,

PETER S. STANLEY

REPORT OF DISTRICT FOREST RANGER AND FOREST FIRE WARDEN

For the past several years New London has been issuing Burning Permits via the New London Central Dispatch. This program began amidst concern and doubt as to its success, but has proven to provide both improved service to the public, and at least the same level of protection.

Every year, however, questions arise as to policy under certain circumstances. I would like to try to clarify what the policies are:

1. Burning Permits are required under all circumstances except when the ground is fully covered by snow.
2. Permits allow people to burn in "New London" between the hours of 5:00 pm to Midnight for the given day.
3. Burning Permits may be obtained earlier in the day if we are experiencing steady rain. If the rain stops before 5:00 pm, however, fires must be extinguished. In either case the permit is still required.
4. Permits will not be issued until after 4:00 pm so that the forest fire warden can more accurately assess the burning conditions for that particular day.
5. Permits are not required when the ground is **fully** covered with snow (not a patch of snow in your neighbor's yard, but your yard fully covered by snow), but a phone call to dispatch may prevent a false alarm.
6. All exceptions to the above rules must be approved by the forest fire warden or his designate.

I would like to add that it has been several years since New London has had a forest fire of any magnitude and the rules are evenly enforced for everyone's protection.

Respectfully submitted,
BRYAN C. NOWELL
District Forerst Ranger
PETER S. STANLEY
Forest Fire Warden

REPORT OF THE ROAD AGENT FOR 1987

To the Honorable members of the Board of Selectmen and the Citizens of the Town of New London

The year 1987 has been one of continued progress for the areas of responsibility included under the Road Agent. The Cemetery, Highway, and the Recycling and Disposal Divisions have worked to accomplish the goals set by the Annual Town Meeting and the Board of Selectmen.

While the Departments have attempted to accomplish all of the tasks scheduled, together with the normal maintenance tasks required, and respond to Citizen complaints, it has been difficult to meet all of the demands made on the limited manpower at the Town's disposal. To meet the needs in these areas the Departments are shifting manpower assignments to short response times. 1988 should show increased productivity while not increasing the tax impact.

Cemetery Division

The Division continued operations with seasonal staff that is shared with the Highway Division. The 1987 Budget was decreased to \$9,300 from \$12,800 the prior year and is projected to decrease again in 1988 if Budget recommendations are approved.

All of the Cemeteries were maintained on a regular scheduled basis during the year. Maintenance required included weekly mowing and trimming. The fencing at the Old Main Street Cemetery was again painted and the old Town Pound cleared of overgrowth.

Long term maintenance projects dealing with the completion of the cleaning of the Cemetery gravestones was completed with the cleaning of stones in the Old Main Street Cemetery. Utilizing in-house summer staff for this project has saved the Town \$30,000.00 over the past two years. Staff also, reroofed the maintenance building at Old Main Street in 1987.

1988 planned activities include the completion of gravestone repairs, reroofing the Elkins Cemetery maintenance building, and water line construction at Old Main Street.

Highway Division

Work continued on the goals established by the Board of Selectmen in 1986 to upgrade our existing Highway infrastructure on a Townwide basis.

January brought us the unwanted gift of 50 inches of snow. The remainder of the winter season was calm by comparison. April saw the arrival of heavy rains that caused the worst reported flooding since the 1938 hurricane. The Division spent much of May and June repairing flood damage. Major repairs and reconstruction were necessary on two sections of County Road. Several major washouts occurred on Lamson Lane, Stony Brook Road and Forest Acres Road.

Many small road and culvert repairs were required in all areas of the community. Additionally, many hours of labor were expended in sandbagging and clean-up at the Pleasant Lake Dam.

The Spring brought an unseasonable snow that resulted in an additional major clean-up effort. Despite the major work required by both the flood and the late snowfall, the Department's personnel completed the normal spring clean-up of the streets, sidewalks, parks, and beaches. Roadside mowing was, again, over a month late due to manpower demands. This is the second year in a row that the entire Town has not been mowed. This task will be completed and the entire Town mowed in 1988.

Construction work filled the remainder of the Division's year. 1,500 feet of curbing and paved sidewalk were constructed in Elkins and 1,500 feet of Elkins Road was paved. 1,500 feet of County Road from Little Sunapee road to the Hilltop entrance roadway was paved. The entire drainage system was repaired or replaced in the Everett Park area followed by the repaving of Homan Lane, Williams Road and Everett Park for a total of 2,766 feet of new pavement.

The Division installed and renewed drains on Lakeside Road and paved 1,400 feet from Everett Park to the power line. The remainder of Lakeside Road will be paved in 1988. Pressey Court was paved, as was the west end of Burpee Hill Road adding 4,031 feet of new pavement in these areas. Completing the paving program was the repaving of 1,300 feet of Gould Road and 995 feet of Blueberry Lane. Total repaving of streets in 1987 was 11,992 feet or 2.27 miles.

The Division began construction of a new sidewalk on Lakeside Road from Main Street to the New London Outing Club. Construction will be completed on this project in the spring of 1988.

Recycling and Disposal Division

The Sanitary Landfill continued to be utilized until April 14, 1987, when it was closed and temporarily capped by order of the State. A permit was issued by the State for an Emergency Transfer Haul Facility at the site of the closed landfill on Mountain Road. This facility was committed to use on April 15, 1987.

The Town's sanitary wastes are currently being hauled to the Sullivan County Facility in Claremont, New Hampshire, for incineration. The Town is currently paying \$41.00 per ton to deposit waste at the incinerator. (This cost will increase to \$48.08 per ton in 1988) and \$98.00 per load to transport wastes. The result has been to increase the annual cost of waste disposal from \$47,514.00 in 1986 to \$181,377 in 1987 with 1988 estimated to cost \$235,478.00. The impact represents an increase in taxes of \$1.87 per thousand dollars of property valuation in the 1986-1988 period.

The solution is two-fold. The Town has the option of decreasing the amount of wastes produced by homes and businesses or to remove wastes from the disposal stream by recycling. Since the Town and its residents and businesses

cannot control the waste stream at its source, the solution is to develop an effective recycling program.

Your Town Government, in conjunction with the League of Women Voters and the Sullivan County Disposal District is in the process of developing a recycling program to handle paper, magazines, cardboard, aluminum, bimetal cans and plastics. Once instituted the degree of participation will determine the amount of savings and therefore, the size of future increased costs and taxes.

Limited recycling continued for the collection of newspapers and cardboard. These materials may be deposited at the recycling building in the Highway yard on South Pleasant Street. The first Saturday of each month from 9:00 a.m. to 2:00 p.m. at the Highway Garage, a collection is held for glass, aluminum beverage cans, aluminum foil, and TV dinner plates, household batteries and newspaper. Notices on preparations of materials are posted in the Town Hall. This special collection will continue until the new recycling center opens at the Transfer Haul Facility under construction on Newport Road.

In other areas I can report that construction has started on the new transfer and recycling facility. The hydrogeologic study of the Stump Dump has been completed and filed with the State. The final construction engineering is underway to close the sanitary landfill. The Stump Dump was closed during the year and that facility will now only accept sorted metals and burnable brush.

A special thank you to the citizens of New London, their elected and appointed officials, the employees of the various departments for all your help, assistance and suggestions. With your assistance we have accomplished much. To the employees of the Department, a well done is in order for the thousands of hours they have worked during the year to ensure the delivery of necessary services to the Citizens of New London.

Respectfully submitted,
FREDERICK W. WELCH
Road Agent

ANNUAL REPORT OF THE NEW LONDON GARDEN CLUB

“In 1928 Dr. Anna Littlefield founded the New London Garden Club with the following purposes in mind; to encourage and aid in all civic beautification; to protect and perpetuate plants and birds; to promote and encourage a knowledge and love of gardening and horticulture; and to stimulate an interest in all people to work with and for nature.”

The club works toward these principles in many ways. The civic beautification committee has continued to maintain 11 areas plus other areas that need plantings and maintenance such as the plantings around the parking lot on Main Street. This year the New London Garden Club was presented, by Governor Sununu, the Community Beautification Award given by the New Hampshire Arborists Association. In December the club held their annual workshop to make 30-plus wreaths for the town buildings and churches, as well as Christmas arrangements for the shut-ins and each room at Clough Extended Care.

Programs are held throughout the year that are designed to instruct and inform memers about conservation, gardening, landscaping and flower arranging. Some of the meetings are open to the public. Members have won awards in both state and out-of-state flower shows. The club has also received first award for “The Year Book,” “Scrapbook,” and “The Pressbook.”

In July we held our annual “Antique Show and Sale.” The proceeds from the show enable us to give two scholarships to two deserving students in the Department of Plant Sciences and the two-year program in applied sciences at the University of New Hampshire. At our September meeting the club voted to rename our scholarship fund to “The Geneieve Teachout Madden Scholarship Fund,” in memory of a past member and friend to all.

In August we held a standard flower show and garden tour named “Our Town,” which included many homes, public buildings and gardens along Main Street.

In October the board of selectmen of the town of New London proclaimed October 18-24, 1987, as New London Garden Club week in the town of New London, in recognition for the club’s work in providing the environmental and pleasant asthetic surroundings throughout the town. A very special thank you indeed.

There are 125 members in the club and we are a member of the Monadnock District, New England Region, New Hampshire Federation of Garden Clubs, Inc., and the National Council of State Gardens Clubs, Inc.

Respectfully submitted,
CONSTANCE GRANGER
President 1987

TOWN HISTORY AND ARCHIVES REPORT

During 1987 the New London Archives has seen a great transformation from a cramped 10 foot by 15 foot vault-like area in the Tracy Memorial Library to a spacious 12 foot by 42 foot well lighted, carpeted room in the Town Hall. Moving day was August 5, 1987. The room has sufficient shelving, new metal map files and two tables as well as a desk!

Money was spent with an eye not only for current needs, but also for the future. As the need for more shelving becomes apparent, the room is large enough to take rearranging. Acid free folders and document boxes have been purchased to protect, to the best of our ability, the papers from the past and present for the future.

A few new additions to the archives include the large, old town vault which was located in the room under the Town Hall proper; an original face of the Town clock which is located in the First Baptist Church; VCR tapes of the Historical Society movies dating back to the Sesquicentennial in 1929, and a flowing collection of New Hampshire and a few Massachusetts Town histories, family genealogies and basic genealogical research books.

The public has become aware of oral histories within the past few years. New London for some time has had a fine collection. This year the Archives became the repository for the Barbara Block Collection of Oral Histories (tapes and transcriptions of recollections of early hotels and boarding houses in the area). We also have two small shelves of New London artifacts and a very large 1890 United States Flag.

Constance Granger has been continuing a project carried on for many years by Celena Todd and then by Lucy Woodward — that is the on-going cutting and pasting of the Town's vital statistics as they appear in the newspapers. Barbara Stearns is in charge of the oral history project as well as encasing old ledgers and account books in rare book storage boxes. Mildred Tunis has a wealth of information and is ready to help us at any time. We certainly appreciate her continued interest and help. We are all volunteer help and take great pride in your Town Archives.

Inquiries of Town interests as well as genealogical requests have been answered during the year.

This is YOUR Town Archives. Please keep it in mind when New London memorabilia, appropriate books or collections are found. Town businesses and organizations are encouraged to place their old records in the archives for safety. Much local history could be lost without proper care. The Archives are here for you to use. Come and investigate — see what has been collected over the years.

MARGARET MORELAND
Town Archivist

NEW LONDON RECREATION COMMISSION

The Recreation Commission oversees the operations of New London's two public beaches and their summer waterfront programs. Both Elkins Beach on Pleasant Lake and Bucklin Beach on Little Lake Sunapee were open for three weekends in May while the new rafts and ladders were set in. We opened for the season from Memorial Day Weekend through to Labor Day.

Our two instruction sessions, led by qualified WSI instructors, were enjoyed by the children of year-round and seasonal residents. Our advanced lifesaving course produced some enthusiastic and potential staff for the future.

In 1988 we hope to fulfill more of the needs of our community. We plan to expand some recreational activities and review our current instruction sessions. As always we welcome your input and suggestions so that we may better meet your needs.

BRUCE PARSONS

SEWER COMMISSION REPORT

During the year of 1987, the Sewer Commission has been aware of the growth in the Town of New London. This growth has caused the Sewer Commission to evaluate closely connections and improvements to the system.

We have added an accurate flow meter at the Sunapee town line to enable us to determine our actual flows, an odor control system has been installed in Georges Mills in an effort to minimize complaints in that area, and general maintenance of the gravity system plus repair of numerous manholes were the priorities this year. We also have purchased a two-way radio so that we may respond better to general emergencies with the Water and Highway Departments.

We have been informed by the town of Sunapee that in 1988 substantial improvements are going to be required at the Sunapee Treatment Plant and the cost of those improvements are reflected in our increased budget for 1988.

Respectfully submitted,

JOHN J. KIERNAN, JR.
ARTHUR J. DORLEY, Jr.

LAKE SUNAPEE HOME HEALTH CARE 1987 ANNUAL REPORT

“When it comes to health care, there’s no place like home.”

Lake Sunapee Home Health Care, Inc., is a non-profit, Medicare-certified, state-licensed home health provider, serving 17 towns in Merrimack and Sullivan Counties.

Our organization was formed July 1, 1987, by a merger of the Newport Area Home Health Agency, and the Kearsarge Visiting Nurse Association. This merger has allowed us to collectively decrease administrative operating expenses, while increasing services to area residents.

Expanded programs include social service, long-term care, respite care, parent-child program, foot-care clinics, hearing clinics, and flu clinics. Below are the services provided to your town residents in 1987:

Home Health Care Visits	Number of Visits
Skilled Nursing	769
Physical Therapy	238
Speech Therapy	53
Occupational Therapy	11
Medical Social Worker	0
Home Health Aide	1,277
Homemaker	391
Maternal Child Health Visits	Number of Visits
Skilled Nursing	47
Homemaker	0
Adult Health Clinics	
Clients Served	75
Child Health Clinics	
Clients Served	<u>16</u>
Total Visits/1987	2,877
Long Term Care	
Client Contact Hours	8,109

Please remember . . . your town appropriations serve as “insurance” that medically necessary nursing and clinical services continue uninterrupted to your loved ones and neighbors who are in need of care.

If you know someone who needs these services, please call us at **526-4077 in New London**, or **863-4088 in Newport**, for a free evaluation visit.

Thank you for your continued support, and your confidence in Lake Sunapee Home Health Care.

Cemetery Commissioners

EMERGENCY MANAGEMENT (CIVIL DEFENSE)

This year the State as well as the Federal Government passed laws that did away with the agency of Civil Defense and created a new agency. The new agency is now known as Emergency Management and the head of the agency is The Emergency Management Director. The responsibilities and powers of this agency are the same as under the old law. I believe the change may have been made to get away from the stigma that Civil Defense was for only nuclear attack and not natural disasters.

This year Emergency Management purchased a new large wall-mounted First Aid Kit for the Police Station. The new lights for the Town Hall parking lot are in place and working well.

Because of the enlargement of the Police Department the old Civil Defense Room was removed. The radios that were in the old room are going to be at the Fire Station.

Again I would be happy to hear from anyone who has any ideas as to how the Town of New London can be better prepared to handle emergencies.

Respectfully submitted,

STUART F. SIDMORE, JR.

Emergency Management Director

NEW LONDON WELFARE DEPARTMENT

1987 was a quiet year for the Welfare Department. We had but two calls for help and in both cases help was provided.

The total outlay of funds for 1987 was \$285.06.

The request for appropriation for 1988 is again \$3,000.00.

Respectfully submitted,

H. B. Harris, Jr.

Welfare Officer

REPORT OF THE NEW LONDON POLICE DEPARTMENT

This year I am writing my report in our refurbished police station. After about 4 months of living with the carpenters and their dirt and dust, they finally finished in late spring, and although the dust is still settling we really appreciate our new quarters.

For those of you who may not know, one of my officers, Craig Galluzzo, was attacked and seriously injured while on duty April 18, 1987, and left unconscious on the road. He was hit over the head several times and sustained injuries that may be permanent. As of December the two people who did this have not been apprehended.

After a long search I finally hired a fifth full-time policeman. Just for your information, when I was hired in 1969 I was the fourth full-time man.

The activities listed below show a general increase, which is relative to the growth of the town.

Criminal Activities

	1986	1987
Assaults	4	4
Burglaries	18	17
Criminal Mischief	30	53
Thefts	70	79
Miscellaneous	18	15
Total Arrests	50	78
Total Lockups	34	68

Motor Vehicle Activity

Summonses	670	638
Warnings	1,452	638
Accidents Reported	68	70
Total Injuries	25	22
Fatalities	0	0
DWI	30	26

Calls for Service

Responses To Burglar Alarms	470	587
Responses To Fires	70	62
Money Escorts	114	180
Missing Persons	5	12
Requests For House Checks	233	217
Aids	411	492
Complaints On Vehicles	188	191
Suspicious Persons	39	42

Aids To Ambulance Crew	192	187
Miscellaneous	811	1,027

Thank you all for your patience during our reconstruction period, and once again I encourage more input from the public. We cannot do it without your help and support.

Respectfully submitted,
 RALPH MARSHALL
Chief
 New London Police Department

REPORT OF THE TREE WARDEN

The year 1987 was a sad period of time for the New London tree planting program. Even though the Town had been awarded Tree City, U S A by the National Arbor Day Foundation, the Budget Committee, as well as the Selectmen, recommended the tree budget be cut to \$8,000.00.

Out of the \$8,000.00, \$6,699.20 was spent on tree and stump removal and \$966.00 was spent on tree maintenance: pruning, spraying and fertilizing. Only \$828.00 was disbursed for tree planting, and of that sum, \$496.00 was a generous gift of the Wenner Family in honor of their parents.

Respectfully submitted,
 ROBERT FRALEY
Tree Warden

ANNUAL REPORT 1987 TRACY MEMORIAL LIBRARY

Circulation of books, periodicals, pamphlets, records, and cassettes increased from 42,699 items in 1986 to 44,113 in 1987. New acquisitions numbered 1,199 for books, pamphlets, and large print materials and 177 for non-print items such as records and cassettes, for a total of 1,376.

The total of registered borrowers reached a new high of 2,653, of which 2,035 are adults and 618 are school-age children, grades K-12. This compares with 1,644 adults and 501 children a year ago. We have had 15 adult programs with a total of 510 in attendance and 155 children's programs attended by 5,148 enthusiastic young people.

Without our many volunteers, the library would be less rich in its accomplishments and esprit de corps. They provide a regular support system to the staff, doing such jobs as mending, cleaning records, processing books, and assisting in special programs.

Acting in conjunction with our volunteers, the Friends of Tracy Library provide an ongoing backbone of support. Because of the Friends' generous financial gift, we were able to purchase a computer system to enhance our daily operations and to give access to the N. H. Automated Information System, which provides information on the holdings of libraries throughout the state. Other gifts in 1987 include computer furniture, software and supplies, a portable electronic typewriter, and several cassette books. The Friends also sponsor special activities and programs for children and adults. These special services and purchases would not be possible without the help of our Friends, as our budget is not drawn up to include such items.

The delivery of library materials to house-bound New London residents through the generosity of the Alma H. Ohler Memorial Fund and library volunteers continues to be a valuable service to the community.

On November 1, 1987, after serving faithfully for seven years, Susanne Filkins retired as head librarian to assume a new position of adult and technical services librarian. She has been succeeded by Virginia Foose, former assistant librarian.

Please visit and use our library. It is for all of us.

**COMMUNITY ACTION PROGRAM
BELKNAP-MERRIMACK COUNTIES, INC.**

Over the past eleven years, the Kearsarge Valley Community Action Program has been the focal point of social service delivery in this area, providing help when needed to the income eligible and elderly, as well as to the community at large.

As perhaps you are aware, Community Action Program Belknap-Merrimack Counties, Inc. generates funds through the mobilization of available federal, state and local monies. Support for the local Area Center is derived from a combination of federal appropriations and local tax dollars. This combination allows the Kearsarge Valley Community Action Program to provide a variety of services to the residents of your community, from the development of programs which meet local needs, to outreach, referral and direct assistance.

The attached budget reflects the minimum costs of maintaining and continuing the operations of the Kearsarge Valley Area Center. I respectfully submit that an item be placed in the Town Budget in the amount of \$1,528 for the continuation of services to the residents of New London.

This figure is based on the operating costs of the Area Center, as well as on last year's local community participation level and the services provided to New London in the amount of \$19,530.02. The total dollar amount needed from the local towns to maintain and operate the Area Center is \$28,956.

I have also attached a detailed summary which provides a brief description of our programs and the number of New London residents who participated in them.

The staff of the Kearsarge Valley Area Center wish to thank you and the Town of New London for your support in the past. With your continued interest, we will be able to continue to provide needed services to the members of your community.

Sincerely,
BARBARA CHELLIS
Area Director
Kearsarge Valley Area Center

TOTAL: \$19,530.02

NEW LONDON HOSPITAL ASSOCIATION ANNUAL REPORT 1987

It has been an exciting year — exciting because we have embarked on a new adventure. The first full year of our reorganization has been one of challenge and change. It has been very rewarding to work with our new Boards as we set forth on this endeavor which will ensure, in the long term, the finest health care available to the people we serve.

This year we have had more acutely ill patients in the hospital and in the Extended Care Center. This has been brought about by changes in medical practice, with more and more procedures being done on an outpatient basis, and also by changes in payment mechanisms, particularly in the Medicare program.

Unfortunately, in a hospital like ours which sees a higher than average Medicare population, these factors can have a negative financial impact on operations, which was indeed the case this year. This came about because federal programs do not recognize full expenses and have not updated their pricing structure to keep pace with the Consumer Price Index. Because of income from other sources, however, we were able to finish the year in a positive financial position. This has not been the good fortune of other hospitals around the country.

Existing in a state which has enjoyed the lowest unemployment in the country creates a problem of finding adequate help. However, we are fortunate to have an outstanding group of employees who are dedicated to the people we serve. For the next several years, it is expected that there will be more shortages in various professional areas, in addition to nursing. We are looking toward solutions in these areas, locally and nationally, so that we can continue to provide the finest care to our patients.

It has, indeed, been an exciting year and I wish to thank all of the members of the Association family for their cooperation, dedication, and service. In particular, I would like to thank Marianne Fairall and Fran Bonardi for their many years of outstanding service to this organization. I look forward to the challenges and the opportunities that the future will bring to all of us.

HARRY M. LOWD, III
Director

**SULLIVAN COUNTY
REGIONAL REFUSE DISPOSAL DISTRICT
1987 ANNUAL REPORT OF ACTIVITIES**

Nineteen hundred and eighty-seven was a busy year for the NH/VT Solid Waste Project as Signal Environmental Systems, Inc. waste-to-energy facility came on-line in Claremont in June, numerous recycling programs were established, and construction began on the District's ash landfill site.

RECYCLING

Staff of the NH/VT Solid Waste Project have worked with many member municipalities to design local recycling programs and organize local recycling committees. In 1987, new permanent recycling centers were established in Claremont and Newport, New Hampshire, and Cavendish, Windsor and Weathersfield, Vermont, joining those already existing in New London, Sunapee and Cornish. The purchase of an Eager-Beaver Mobile Recycling Trailer by Signal Environmental Systems for use by the NH/VT Solid Waste Project has enabled additional recycling opportunities in Rockingham, Springfield, Ludlow and Westminster, Vermont, and New London, New Hampshire. Expansion of these programs as well as the creation of new programs in 1988 will offer even greater recycling services to the region in the coming year.

WASTE-TO-ENERGY

Testing of Signal Environmental System's waste-to-energy facility began in February and on June 17, 1987, they completed the required Acceptance Test to become fully operational. The Districts delivered a seven-month total of 27,171 tons of waste to the facility at a cost of \$41/ton. The Town of Meredith, New Hampshire, is a new member town, making a total of 27 municipalities in the two Districts. The plant has run in compliance of the permit conditions set by the State of New Hampshire and Vermont since its Acceptance Date and is viewed in the United States as a model system due to its effective pollution control equipment and integrated recycling programs that significantly contribute to the reduction of metals in the waste stream. A household battery return program, set up through commercial businesses that sell household batteries, has removed over 1,000 pounds of household batteries since May. The program is designed to remove sources of metal from the waste stream.

LANDFILL

Construction began in 1987 on the District's double-lined ash landfill site in Newport, New Hampshire. By Fall, 18 acres of the first phase had been cleared, roads constructed and a sedimentation pond built. Actual excavation and laying down of the liners of the first landfill stage are planned to occur in the Spring of 1988. The landfill is expected to be operational by the Fall of 1988. Until then, the 60 tons of ash generated per day at the waste-to-energy facility is buried at a certified, lined landfill site in Rockingham, Vermont, dedicated for disposal only.

With a \$7.08 increase in the tipping fee for 1988, it is likely that waste generators throughout the region will increase their efforts to reduce, reuse, and recycle. The Project encourages the implementation of such waste reduction strategies and is available to assist in instituting such efforts. Meetings of the NH/VT Solid Waste Project, Sullivan County Regional Refuse Disposal District, and Southern Windsor/Windham Counties Solid Waste Management District are open to the public and anyone with questions about or suggestions for the solid waste management system of this region is encouraged to call the Project office at (603) 543-1201.

Respectfully submitted,
CONSTANCE A. LEACH
Project Manager

Births Registered in the Town of New London for the Year Ending December 31, 1987

Date of Birth	Name of Child	Place of Birth	Sex	Name of Father	Maiden Name of Mother	Residence of Parents
January 8	Gillian Elizabeth Graham	New London	F	David William Graham	Mary Cecile Rauscher	South Suttton
January 12	Mark Anthony Flanders	New London	M	Bruce Wayne Flanders	Sheila Marie Picknell	Sunapee
January 12	Taylor Robert MacLeod	New London	M	Philip Hiroshi MacLeod	Shannon — MacMichael	Georges Mills
January 20	Nicole Elizabeth Lyons	New London	F	Roland Crane Lyons	Lauren — Arries	New London
January 24	Hannah Eliza Baade	Hanover	F	Hal Wayne Baade	Gail Harmon Gordon	New London
January 31	Mary Elizabeth Chadwick	New London	F	James Arthur Chadwick	Kathleen Marie Csutor	Sutton Mills
February 5	Rachel Louisa Ambrose	Hanover	F	Paul Kevin Ambrose	Dorothy Ellen Connors	New London
February 7	Anthony Joseph Montivirdi	New London	M	Victor Michael Montivirdi	Marie Alice Eggers	New London
February 9	Jennette Lisa Bernard	New London	F	Stephen David Bernard	Lori Ann Seale	Allenstown
February 17	Sara Alyson Hoehn	New London	F	Timothy Ronald Hoehn	Beth Marie Smedy	Newport
February 18	Cassie Lynn Glencross	New London	F	Stephen Marshall Glencross, Sr.	Josephine Mary Curley	Danbury
February 20	Brianne Rahner Steel	Concord	F	William Albert Steel	Andrea Marie Flodin	New London
February 24	Tyler Steven Gallagher	New London	M	Scott Morrison Gallagher	Jean Ellen Michaud	Elkins
March 1	Danielle Nicole Hoef	New London	F	Glenn Curtis Hoef	Stephanie Diane Zeisel	New London
March 9	Paul Hardy Mathewson	New London	M	Alan Hardy Mathewson, Jr.	Beth Adele Perreaux	New London
March 12	Jason Michael Clement	New London	M	William Daniel Clement, Jr.	Susan Cristine Leavitt	Newport

**NEW LONDON-SPRINGFIELD
WATER SYSTEM PRECINCT**

ANNUAL REPORT
for the year ending
31 DECEMBER 1987

Founded 1925

Providing water service to customers in the
Towns of New London and Springfield

New London-Springfield
Water System Precinct

Precinct Warrant

Towns of New London and Springfield, N.H.

To the inhabitants of the New London-Springfield Water System Precinct in the counties of Merrimack and Sullivan, respectively, qualified to vote in precinct affairs:

You are hereby notified to meet at the Town Hall in New London, New Hampshire, on Tuesday, March 1, 1988 at 3:00 P.M. to act on the following subjects:

(Note: By law the meeting must open before voting starts. Therefore, the meeting and polls will open at 3:00 P.M. At 3:15 P.M. the meeting will recess, but the polls will remain open until 8:00 P.M., at which time the meeting will reconvene to act on Articles 1 through 13).

Article 1: To choose all necessary officers for the coming year.

Article 2: To hear the reports of officers, committees and auditors, and pass any vote relating thereto.

Article 3: To set the salaries of all officers for the coming year.

Article 4: To see if the Precinct will vote to raise and appropriate the following sums to defray precinct charges for the ensuing year:

	Actual 1987	Budget 1988
Salaries, benefits, taxes	59,125	72,056
Maintenance	3,473	8,000
Utilities	3,053	3,800
Supplies	12,113	10,000
Insurance	11,638	15,000
Administration	2,193	4,700
Audit Expense	2,260	2,200
Legal Expense	775	3,000
Election Expense	949	700
Engineering Review	0	2,000
Equipment (Capitalized)	931	2,500
Contingency	585	1,000
Principle	51,898	27,255
Interest	3,309	2,200
Total:	152,302	154,411

- Article 5: To see if the Precinct will vote to appropriate the the sum of \$ 2,300 to be used for the purchase and installation of radio communication equipment in Precinct vehicles.
- Article 6: To see if the Precinct will vote to appropriate a sum not to exceed \$ 50,000 to complete the second phase in the installation of domestic water meters.
- Article 7 : To see if the Precinct will vote to appropriate a sum not to exceed \$ 17,500 for the completion of a grid connection from the main extension in the Reynolds subdivision to Seamans Road.
- (Explanation: This loop is necessary to provide for adequate fire flow in the Birch Acres - Seamans Road area, and the cost would be shared by the Developer.)
- Article 8: To see if the Precinct will appropriate the sum of \$50,000 to be paid into the Knights Hill Road Extension Capital Reserve Fund
- Article 9: To see if the Precinct will vote to establish a Capital Reserve Fund, as provided in RSA, Chapter 35, for the purpose of the construction of a one million gallon water storage tank.
- (Explanation: In the very near future covered water reservoirs for the storage of potable drinking water will be a federal and state requirement. Regardless of whether the Precinct chooses gravel wells, full treatment, or some other source for its drinking water supply a large capacity storage facility will be necessary).
- Article 10: To see if the Precinct will vote to appropriate the sum of \$ 50,000 to be paid into the Water Storage Tank Capital Reserve Fund.
- Article 11: (By Petition) To see if the Precinct will vote to authorize and direct the commissioners to retain, permanently, all Precinct property and water rights around and adjacent to Morgan Pond, Kidder Brook and the Reservoirs as a primary source of water or as the alternate source, and as conservation land in conjunction with Gile Forest.

Article 12: To see if the Precinct will vote to authorize the Commissioners to issue notes and incur debt in anticipation of taxes and other revenue in order to pay current maintenance and operation expenses as provided in RSA 33:7

Article 13: To transact any other business that may legally come before the meeting.

REPORT TO THE VOTERS - 1987

1987 WAS ANOTHER ACTIVE YEAR FOR YOUR WATER PRECINCT AND ITS COMMISSIONERS.

A THREE YEAR PROJECT OF INSTALLING DOMESTIC WATER METERS IN THE HOMES OF ALL CUSTOMERS WAS BEGUN. MOST COMMERCIAL ESTABLISHMENTS ARE ALREADY METERED. (WATER METER READINGS OF ACTUAL USAGE PER HOUSEHOLD SHOULD PROVIDE FOR A MORE FAIR AND EQUITABLE DIVISION OF COSTS AMONG PRECINCT CUSTOMERS).

A NEW IBM COMPUTER AND A SPECIAL SOFTWARE PROGRAM (FOR WATER DISTRICT METER READING & BILLING PROCEDURES) WERE PURCHASED THIS YEAR TO PERMIT PRECINCT PERSONNEL TIME TO LEARN TO OPERATE THIS PROGRAM BEFORE THE ENTIRE TOWN IS METERED. WE PLAN TO SWITCH INDIVIDUAL CUSTOMERS FROM THE FLAT RATE BILLING AS METERS ARE INSTALLED.

A NEW CORROSION CONTROL UNIT WAS INSTALLED, IN LINE WITH THE CHLORINATOR, AT OUR WATER TREATMENT FACILITY NEAR TWIN LAKE VILLA ROAD.

A NEW '87 3/4 TON GMC PICK-UP TRUCK WAS PURCHASED THIS YEAR, WHICH COMPLETES THE REPLACEMENT OF OUR ROLLING STOCK (ON/OFF ROAD VEHICLES - '86 1 TON GMC DUMP TRUCK ; '85 CASE 580 BACKHOE)

APPLICATIONS WERE RECEIVED FOR 19 NEW SERVICE CONNECTIONS (INCLUDING APARTMENTS). 12 CONNECTIONS WERE COMPLETED IN '87, BUT MOST OF THESE WERE FROM LAST YEAR'S APPLICATIONS.

STUDIES AND DISCUSSIONS CONTINUED THIS YEAR TO FIND THE BEST SOLUTION TO THE PROBLEM OF BRINGING OUR WATER QUALITY INTO COMPLIANCE WITH THE "SAFE DRINKING WATER ACT" WITHOUT COMPROMISING AREA RECREATIONAL RESOURCES OR PROPERTY VALUES.

THE COLBY POINT TEST WELLS WERE INSTALLED AND PUMPED. THE TESTS INDICATE THAT THE GRAVEL AQAUFER BENEATH THE POINT IS CAPABLE OF PRODUCING 600 TO 800 GALLONS PER MINUTE OF POTABLE DRINKING WATER. THIS IS EQUIVALENT TO 800,000 TO 1,000,000 GALLONS PER DAY. (THE SAFE CAPACITY OF MORGAN POND IS RATED AT 400,000 GALLONS PER DAY).

PRECINCT COMMISSIONERS PARTICIPATED, WITH THE TOWN OF NEW LONDON, IN DISCUSSIONS ON LONG RANGE GROWTH PATTERNS AND THEIR EFFECT ON OUR DOMESTIC WATER SUPPLY. IN THE PAST TWO YEARS HOUSING STARTS HAVE EXCEEDED THE PREDICTED TEN YEAR AVERAGES, AND THIS PATTERN CONTINUES.

THE AD HOC COMMITTEE STUDYING THE PRACTICABILITY OF DISSOLVING THE PRECINCT AND PETITIONING THE TOWN OF NEW LONDON TO TAKE IT OVER RECOMMENDED THAT NO ACTION BE TAKEN AT THIS TIME.

THIS YEAR, WE CHANGED LAW FIRMS, FROM LAURENCE GARDNER, JD OF HANOVER, NH TO UPTON, SANDERS & SMITH OF CONCORD, NH WHO REPRESENT THE TOWN OF NEW LONDON, ITS AGENCIES AND DEPARTMENTS. THIS ACTION WAS TAKEN TO PROVIDE A CLOSER WORKING RELATIONSHIP WITH THE TOWN.

THE WATER COMMISSIONERS MEET THE FIRST WEDNESDAY, OF THE FIRST FULL WEEK, OF EACH MONTH. PRECINCT VOTERS ARE INVITED TO ATTEND THESE MEETINGS, AND OBSERVE PROCEEDINGS.

COMMISSIONERS:

C. GEORGE GREEN, CHAIRMAN
JOHN F. CLOUGH
H. SUMNER STANLEY

RICHARD K. LAPORTE, SUPERINTENDENT
ANNA L. GREEN, TREASURER
LAURIE T. DICLERICO, CLERK
ELIZABETH B. SOPER, AUDITOR

JOHN F. BIEWENER
CERTIFIED PUBLIC ACCOUNTANT

NEW LONDON-SPRINGFIELD WATER SYSTEM PRECINCT
New London, New Hampshire

1987 AUDITOR'S REPORT

JOHN F. BIEWENER
CERTIFIED PUBLIC ACCOUNTANT
JOHNSON HILL ROAD
SOUTH SUTTON, NH 03273

TELEPHONE
603-938-2740

To the Commissioners of the
New London-Springfield Water System Precinct:

I have examined the Balance Sheet of the New London-Springfield water System Precinct as of December 31, 1987 and 1986, and the related Statements of Revenue and Expenditures and Changes in Financial Position for the years then ended. My examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and other auditing procedures as I considered necessary in the circumstances.

In my opinion, the above-mentioned financial statements present fairly the financial position of the New London-Springfield Water System Precinct as of December 31, 1987 and 1986, and the results of its operations and the changes in its financial position for the years then ended, in conformity with generally accepted accounting principles applied on a consistent basis.

Yours very truly,

John F. Biewener, CPA

South Sutton, New Hampshire
February 2, 1988

NOTES TO FINANCIAL STATEMENTS

(For the years ended on December 31, 1987 and 1986)

Note 1- Summary of Significant Accounting Policies

The income accounts of the New London-Springfield Water System Precinct are maintained on a cash basis, recording income as it is collected. The income accounts are converted to an accrual basis at year-end.

Expense accounts record items only when cash is disbursed. The expense accounts are converted to an accrual basis at year-end. The inventory of supplies is priced at cost. Based on a physical inventory taken once a year at year-end, the increase or decrease in the inventory value is charged or credited to supplies expense. The policy of the Precinct is to maintain a uniform level of supplies inventory for Precinct use in its operations. In 1986, the Precinct required certain commercial customers to install protective equipment to prevent possible contamination of the water system. As a convenience to these customers, the Precinct purchased supplies of protective equipment for re-sale to customers, to assure the most expeditious installation.

Facilities and equipment are stated at undepreciated cost. Gifts and contributions of water facilities are recorded at fair market value at the time received. Assets disposed of or abandoned are written off at cost against the appropriate asset account, and charged to the General Fund balance or the Contributions in Aid balance, depending on the original source of the assets.

Note 2- Precinct Tax

The Precinct Tax has no restrictions. However, income from this tax is used primarily to pay principal and interest on outstanding debt and to pay for facilities and equipment. The tax is reported as Other Income to avoid distortion of gain or loss from water operations.

Note 3- Contributions in Aid

Contributions in Aid are new connections paid for by property owners and contributed to the Precinct. Contributions in Aid for 1987 and 1986 were \$5,004 and \$1,920, respectively.
