In accordance with the vote passed last September at a special meeting, a Model 364, Northern pumper and 1,000 feet of hose has been purchased. A room has been fitted up in the town barn where the pumper can be kept warm. The work has been done wholly by volunteer labor by a number of public spirited citizens to whom the town should be very grateful for the valuable service rendered.

A fire company has been organized with John N. Clark as chief. The need of the department is a truck for the transportation of the pumper, hose, and men fitted up with a booster tank.

Mrs. Arthur E. Childs has contributed the sum of \$25.00 towards the purchase of a truck, for which the town is very grateful. We feel that with this small beginning we can look forward with less uneasiness from forest fires as well as our homes.

With an apportionment of \$320 from the State Forestry Department five water holes have been constructed which will be of much assistance in the localities served both for forest fires and buildings.

Respectfully submitted,
BERNARD F. BEMIS,
JOHN D. GRIMES,
Selectmen of Harrisville.

The library at Chesham was discontinued early last summer. Many of the books were moved to the Chesham school house where they are available to the school children.

The interior of the Harrisville library has been newly painted and remodelled. The books have been rearranged and are being recataloged. A new charging system has been adopted.

Mrs. Helen C. R. Thayer has generously provided an hour of story telling for the children of Harrisville and Chesham each Saturday afternoon for several weeks past. This was done to interest the young people in good books.

The library trustees, feeling that this work should have their cooperation, have confined their book purchases entirely to children's books this year. The story teller will call the attention of the children to the books which they may borrow from the library. Parents who wish to read to their children at home will find books of interest to children between the ages of four and eight years.

The trustees hope that the people of Harrisville will make extensive use of their library and will offer constructive criticism which will make it's services more effective.

Respectfully submitted,
GUY W. THAYER,
LOUISE E. BERGERON,
ANNIE M. STEWART.
